Chapter 2553

“Who asked you to be his part?” Lucas glanced at the lunch and questioned Siena.

“Young Master, I made it according to the usual portion.” Siena said conscientiously.

“Bring the lunch to my room.” Lucas ordered to prevent Cyrus from eating there.

Siena didn’t dare not listen, and immediately took her lunch and walked to Lucas’s room.

Cyrus: “!!!”

That’s outrageous!

Lucas not only had a bad mouth, but also had a small mind. He probably had no brains, otherwise he would not dare to cause trouble everywhere.

Now that he didn’t even give himself a meal, this beam was completely settled!

Cyrus walked away in a huff.

After hearing the sound of the door opening and closing, Siena opened the door of Lucas’s room.

“Young Master, the second young master is left. Let’s go to the dining room to eat! Otherwise, your room will smell like

vegetables later.” Siena said, before Lucas could reply, she brought the food to the dining room.

The two brothers quarreled, and it was Siena who was caught in the middle.

“Don’t talk to him in the future.” Lucas said to Siena, “I hate him.”

Siena was very embarrassed but she felt that Cyrus was not a bad person.

It’s just that the two brothers wanted to save face, and both were angry with their stepmother, so the rookies pecked at each other?

“I’m talking to you, did you hear me?” Seeing her distracted, Lucas raised his voice a few degrees.

“Young Master, I heard you. I just don’t think you need to affect your mood because of him. Although he is your second elder brother, you don’t actually have any intersection with him.” Siena persuaded.

“Do you believe that he will continue to come to my place tomorrow? Lock the door from now on, and he knocks on the door, and he is not allowed to open it.” Lucas didn’t want to see anyone in the Hogan family, and even planned not to go to the New Year’s Eve dinner during the New Year.

Siena nodded, and asked: “Young Master, after the New Year, are you going to school?”

“We’ll talk about it later.” Lucas didn’t want to think about this question for the time being.

“Then we’ve agreed!” Seeing that he didn’t refuse, Siena assumed that he agreed.

.....

In the blink of an eye, it’s the Spring Festival.

On the day of family reunion, the atmosphere was particularly lively.

Except for Layla, who couldn’t lift her spirits, everyone was immersed in the joy of the festival.

“Sister, have you lost weight? Your face has turned into a small melon seed!” Robert had been back from Bridgedale for a few days, but after he came back, he was dismantling cars in the garage for fun.

Layla went to work in the company every day, and the siblings didn’t see each other much.

Since Eric officially announced his girlfriend at the concert, Layla had been hit hard and her mental state had been sluggish.

Avery tried to persuade her several times, but it was of no avail.

Layla made it clear that they should leave her alone.

When she thought about it for a while, it would be fine.

So Avery just needed to be optimistic about Elliot and not let him interfere in this matter.

Elliot had been dragged by Avery to buy new year's goods outside for the past few days, and it was only today that he had time to sit down and rest.

"I've lost at least five cattles." When Elliot said this, his heart ached.

"Sister, what's wrong with you?" Robert looked at Layla worriedly, "Although I don't like you taking care of me, I still love you very much. If you have any concerns or wishes, just tell me and I will satisfy you!"

Layla glared at Robert: "I need a boyfriend, can you satisfy me?"

Robert immediately shook his head: "You should find brother Hayden for this matter! My brother is surrounded by men!"
