

When His Eyes Opened

Chapter 2560

Chapter 2560

Layla Tate, the daughter of Sterling Group President Elliot's global marriage proposal!

Cyrus had heard of the famous Sterling Group, so when he saw Elliot's daughter applying for marriage, he clicked on the news

with anticipation and excitement, wanting to see if he met the requirements in the marriage application content.

After seeing the first request, Cyrus was very excited and heaved a sigh of relief.

He was physically fit and within the required age range. So he immediately looked to the second request. Cyrus felt a little depressed when he saw that he was studying or graduating from a TOP10 university in the world.

The school he was studying in was not top 10, but it was also a famous university. He felt that there was no big problem for him to match Layla Tate. As long as Layla Tate liked him, it didn't matter whether the university was top10 or top20. He continued to read... and quickly read all the requirements.

After reading it, he satisfied the two requirements in it.

The first was age and physical health, and the second was a history of no relationship.

Although he only met two requirements, he still confidently felt that he might be able to fall into Layla Tate's eyes.

As long as Layla Tate liked him, there would be no problem with this marriage.

When the time comes when he becomes the son-in-law of the Fu family, will his father and elder brother kneel on the ground to curry favor with him?!

Thinking of this, his face was flushed red and his blood was surging. He planned to edit and beautify his resume later, and

wanted to send it to the marriage mailbox!

"Second Young Master, do you have a fever? Your face is so red." Siena was still uneasy and wanted to send Cyrus away.

Otherwise, when Lucas saw him here later, he would definitely be furious, "I'll take you to the main building!"

Cyrus stood up from the sofa and said with a smile, "I don't have a fever, but I'm a little excited when I read a piece of news."

"Oh... Then let me go outside with you to blow some air! You look very hot." Siena walked to the door of the auxiliary building

first, and opened the door.

Cyrus also wanted to calm down, so he followed Siena out.

When the two entered the yard, Cyrus remembered something: “Siena, I heard that your mother-in-law has been ill for a year, and you borrowed money to buy medicine for her. You are such a filial and good girl.”

Siena’s cheeks were slightly hot: “Second Young Master, this is nothing to praise. My mother-in-law raised me for more than ten years, and what I did for her is far less than what she did for me.”

“You are really sensible. How much money do you owe outside?” Cyrus felt that she was very pitiful, and looked at her with pitiful eyes without concealing it.

“I still owe \$20,000 now.” Siena hurriedly said again, “Second Young Master, I can pay off the debt by myself, so you don’t have to worry.”

“Let me help you pay it back! You save some money. Don’t you still have to go to college?” Cyrus put one hand in his pocket, and the other hand pushed the courtyard door, “When you go to college, you shouldn’t work in Hogan family.”

“I haven’t thought about the future. I don’t know where I can take the exam!” Siena said, “Second Young Master, thank you very much, but I really don’t need you to help me pay off my debts.”

“This small amount of money is nothing to me.” Cyrus said with a superior look, “My monthly pocket money is more than this. If I don’t help you, you can pay the debt by yourself. It’s not easy for you to see my brother’s face every day.”

Siena: “Actually, Young Master Hogan...”
