

When His Eyes Opened

Chapter 2570

□ □ □

Chapter 2570

In the blink of an eye, a month had passed.

The snow in the yard had all melted, and the temperature was rising day by day.

Although it was still very cold, Siena's mood was very high.

Recently, the teacher praised her for making great progress in her studies, saying that if she kept on like this, as long as she

played steadily in the final exam, she should be able to be admitted to the University of Thopiavelle.

Besides, it's her birthday soon.

Eighteen years old seemed to be a dividing line, turning a person from a child into an adult.

"Young Master, after dinner tomorrow, I have to go home first." Siena began to discuss tomorrow's

itinerary with Lucas. "Then

let's meet at the cinema, okay?"

Lucas: "Why do you want to watch a movie?"

Siena froze for a moment: "Didn't I tell you that I wanted to tell you a secret on my birthday?"

Lucas didn't forget this, but he couldn't figure out why she wanted to go to the movies: "Can you only say the Secret in a movie

theater?”

Siena: “That’s not true. I’m afraid to tell you suddenly; you are scared. If you go to the movie theater, after I tell you the secret, you can watch the movie to calm your shock.”

Lucas: “Wha–” What was the secret that needed him to be shocked after hearing it?

“Young Master, it’s actually because I haven’t been to a movie theater yet.” Siena revealed her selfishness: “I want to go to a movie theater. You can watch any movie. If I go alone, I’m a little scared.”

Lucas: “What’s there to be afraid of? What time will it be tomorrow night?”

Lucas agreed to her request.

“How about 7 o’clock tomorrow night? It’s not too late after watching the movie.” Siena turned on her phone and found the

nearest movie theater to Hogan’s house, “How about we go to this movie theater? There’s a movie at exactly seven o’clock. “

Lucas took her mobile phone and took a look.

This movie was an action movie.

Lucas glanced at the title and the leading actor, and it was okay.

“Then go watch this one!” Lucas wondered when he said this: “Can’t you tell me your secret after twelve o’clock tonight? Do you have to wait until tomorrow night? What if I have something to do tomorrow? Why couldn’t you tell me earlier? I wasn’t curious at first, but what you said just now made me curious.” Lucas looked into Siena’s eyes and asked, “What kind of secret can scare me? You exaggerated on purpose to scare me, right? If you don’t scare me tomorrow, see if I don’t knock your head off.”

Siena immediately covered her head with her hand: “I don’t know if I can scare you, but it would be best if I didn’t scare you!

Anyway, I can tell you tomorrow. My mother-in-law said, and this secret can only be revealed after my eighteenth birthday. I will tell you tomorrow night, which is considered to have been told to you in advance.”

“Okay! I won’t force you. Get off work early and rest! You can come later tomorrow.” Lucas originally wanted to explain that he would give her a day off tomorrow, but thinking of giving her a day off, she also stayed in the rented house.

And Siena liked to make up lessons, so she could continue to make up lessons when she comes over tomorrow.

“Why did you come late? I’ll make you breakfast in the morning. Otherwise, what if you’re hungry?” Siena began to pack her things and prepare to leave work.

“Sleep a little longer tomorrow. I’ll order takeout when I’m hungry.” Lucas said at night, “Siena, you can come back when you have make-up classes.”

“Young Master, thank you! But no need. My biological clock is very punctual, every morning at 6 o’clock I wake up. I won’t be able to fall asleep when I wake up.” Siena had no habit of sleeping in. “Happy birthday is just another year older, no different from usual.”
