

# When His Eyes Opened

Chapter 2571

Chapter 2571

Lucas: “Whatever you want.”

“Then I’ll go first. See you tomorrow!” Picking up the bag, Siena quickly disappeared in front of his eyes.

Every time Siena

walked, she was very crisp and neat.

For some reason, Lucas felt a little lost. Probably because when his mother decided to hand Lucas over to the father, she didn’t

discuss it with Lucas in advance but called the father directly and asked the father to talk to him.

Siena trotted all the way home, sweating on her back.

After locking the door, she put down her school bag and took a shower in clean clothes.

After a busy day, she’s a little tired. If she started to review her homework like this, she would lose her concentration easily.

She would wake up a lot after a bath and be able to read more deeply.

Auxiliary building.

Lucas came out of the bathroom after taking a shower.

He seemed to hear a knock on the door. He immediately took a T-shirt and put it on, then walked out of the bedroom.

Sure enough, someone was knocking on the door. He strode to the door and opened it.

“I said, why don’t you answer the phone and don’t open the door, so you are taking a bath!” Master Hogan glanced at Lucas and then entered the auxiliary building.

“What are you doing?” Lucas stood at the door without closing it.

The chill penetrated, making him feel bitingly cold.

The reason Lucas didn’t close the door was because he didn’t want his father to stay there any longer.

“Close the door! Don’t catch a cold.” Seeing that Lucas didn’t close the door, Master Hogan immediately strode to the door and

closed it. “Piper called me just now and said that she will have a birthday party at home tomorrow and wants to invite you to go

and play. I asked her why she didn’t call you, and she said you never answered her phone. You boy, you are trying to piss me off!

I thought Piper hadn’t contacted you, but you have ignored her.”

“I won’t go.” Lucas thought of Siena’s birthday tomorrow, and he had already promised to accompany her, so it was impossible to break his promise.

“Hehe! Since I came here to tell you, there is no choice for you to say no! The Lawson family is not something we can offend! If

you don’t go, the Lawson family holds a grudge, and they can just move their fingers and step on us. Do you want our Hogan

family to die with you?” Master Hogan roared.

Lucas clenched his hands tightly and stared at his father sharply.

“It’s useless for you to stare at me! There is no room for you to refuse! You go there tomorrow with a big gift to celebrate Piper’s

birthday. I know you don’t like to please people, so you don’t have to talk when you go over, but you must not offend people by

talking nonsense, do you hear me?!”

Lucas said nothing.

“Lucas, Dad beg you,” Master Hogan said, realizing that the threat was pointless. “If the Hogan family is ruined, I will not be able

to give you good material conditions in the future. If you coax Piper and she’ll be happy, whatever you want in the future, dad will

give you whatever you want, okay?”

“I’m old, and I don’t have much ability. Just treat it as if it were me who wronged you. If you have any dissatisfaction, come to me.

You must not offend the Lawson family!” said Master Hogan.

Master Hogan saw that Lucas’s mind was loose, so he struck while the iron was hot.

A quarter of an hour later, Master Hogan came out of the auxiliary building contentedly.

Lucas was rebellious and hard to control, but his father could get him to listen if he made a good case. After all, he was now the

young master of the Hogan family. If the Hogan family finished, then his good life would also be over.
