Chapter 2581

Siena cleaned his room often, so she knew he didn't have the habit of locking the windows.

She went outside, braving the cold, and pushed his window open.

The cold wind blew into the room along the open window...

Lucas who was lying on the bed immediately lifted the quilt, strode to the window, and was about to lock the window.

“Young Master, I'm sorry. I shouldn't have said that you are a softie...Actually, I didn't say that, it was the Second Young Master who said it. I just didn't contradict him.” Siena stretched her hand into the window and didn't let him close the windows.

Regardless of whether this job could continue or not, she didn't want to break up with Lucas.

Even if she broke up, she must first apologize to him. After all, Lucas was the only person who treated her so well after staying in the Hogan family for so many years.

“I saw the cake you bought for me, and I took it out and ate it.” Siena said gratefully, “I knew you wouldn’t eat it, so I finished it.

The cake is delicious, thank you, Young master.”

Lucas: “...”

He remembered throwing the cake into the trash can.

Siena picked it up and ate it?

“I admit that I was a little angry in the morning, so I didn’t talk to you. You promised to celebrate my birthday with me last night,

but you didn’t come back last night. I’ve been waiting for you for a long time.” Siena’s nose was sour, and she told him her

feelings, “I called you and you didn’t answer. You couldn’t come back last night and you should have told me earlier. That way I wouldn’t be late and angry.”

“You are just a servant of our family! Even if I break my promise, I don’t need to explain to you!” Lucas said coldly, then pushed

her hand out of the window, then closed the window and locked it.

Siena looked at the closed window in a daze, and patted: “Young Master, even if you are angry, you must eat! If you don’t eat,

you will get stomach problems. You open the window, and I will bring you food in. I made your favorite pancake!”

Lucas ignored it.

Siena stood outside for a while, sneezed from the cold, and then quickly went back to the house.

Lucas had a very stubborn temper, Siena had already understood it. Now she could only wait for him to calm down, and then came out of the room.

In the afternoon, the teacher came to make up lessons for Siena.

Siena apologized and explained: “Teacher, the young master is not feeling well today, so he rested in his room.”

“Oh, it’s okay. He took the big exam just as a formality. For a rich man like him, there are many choices in college. It’s you, don’t let your guard down.”

“Teacher, I know. The more critical the moment is, the more you can’t relax.” Siena had adjusted her mood and took out her notebook from her schoolbag.

It copied some topics that she didn’t quite understand. The teacher brought her notebook over, flipped through it, and then remembered something, “By the way, I found out last night

that your class teacher is a former student of mine. I talked to him about your situation before I found out that you studied very well in the first semester of high school to high school.” “Is it such a coincidence? My class teacher is very kind to me. He didn’t criticize me when my studies declined, but always encouraged me.” Siena said gratefully.

“Your family’s situation is quite special. It’s not easy for you to be able to work part-time and study at the same time. When you are admitted to university, I’m afraid you can’t continue to do this job now. When the time comes for your university tuition, I can help you pay for it.” said the teacher, “I believe you can be admitted to the University of Thopiavelle.”

“Teacher, thank you. Thank you very much. I will figure out a way first. If I really can’t make up the tuition fee, I will ask you for help. When I graduate from university, I will definitely pay you back.”

The bedroom door on the first floor Open.

Lucas was too hungry.

So he decided to go out and find something to eat.

Only two steps out, he heard the conversation between Siena and the teacher.

Even if Siena obeyed him just to make money, what's wrong?

If he lived the life of Siena, he might not be able to live a better life than Siena.

If Siena lost her job, not only would she not be able to go to school, she would not even be able to eat.

It's so pitiful, there's nothing to get angry with her.

It's just that Lucas will no longer treat her as a special friend.
