Chapter 2583

“He’s really ignorant. It’s rare that Pepe can fall in love with him, so he doesn’t know what to do. If Pepe is interested in courtesy, I don’t know how happy I would be.” Mrs. Hogan rolled her eyes, “Which university should he go to? Is it the University of Thopiavelle?”

Master Hogan had a troubled expression on his face: “I contacted the University of Thopiavelle, and there is no way to get Lucas in. It’s just that he can get in as a special student but Lucas may not be willing. After all, special students need training, so tired!”

“You really love this little son!” Mrs. Hogan said in a sly way, “Without the Hogan family, he is nothing. What are you afraid of him? Piper is just playing with him. “

“I’m not afraid of him. He just returned to Hogan’s house, and he’s not quite used to it yet...” Master Hogan argued.

“It’s been almost half a year since he came back, and he still can’t adapt? If he has such poor adaptability, how will he go to

college in the future? How will he go to work in society after graduation? Do you think you can support him for a lifetime?” Mrs.

Hogan sneered, “How did you treat Cyrus? You have never been so careful! Before Cyrus went to boarding abroad, I asked you to call him, so you called and asked...”

“What are you talking about?” Mr. Hogan couldn’t get over his face, and his voice was a bit heavier, “HeI has been obedient

since he was a child, and I don’t worry about what happened to him at all. Can Lucas follow Cyrus?”

“Just because Lucas is disobedient, so you give him more care? Is this fair to Cyrus?” after finishing speaking, Mrs. Hogan put

down her chopsticks. “Why can’t the rest of us live in the auxiliary building? Why don’t you just buy him a villa outside for him to live in?”

“If you are willing to go to the auxiliary building, go! Who is stopping you!” Master Hogan roared.

“Mom, stop arguing.” Esteban patted his mother on the shoulder, “Lucas is my younger brother, and it is right for Dad to care

about him a little bit more. Besides, Lucas doesn’t like to study, so it really needs Dad help him to study in a good school.

Otherwise, he won't even be able to do a good job after graduation. Isn't this more worrying?"

"You are arguing with me about an issue that can be considered by courtesy!" Master Hogan was so angry that he couldn't eat

anymore, so he put down the bowl and chopsticks, and strode outside.

Auxiliary building.

Siena cleaned up the kitchen and walked to the door of Lucas's bedroom.

"Young Master, if you have nothing to say, I'll get off work first."

Lucas did not answer.

At this time, the door of the auxiliary building was opened, and Master Hogan walked in.

"Siena, get off work!"

"Okay master." Siena picked up the trash on the ground and left quickly.

After Siena left, she closed the door of the auxiliary building.

Master Hogan knocked on Lucas's door: "Lucas, I have something to discuss with you about your university."

After a while, Lucas opened the door and walked out.

"I contacted the University of Thopiavelle, if you are sure you want to go to the University of Thopiavelle..."

"I'm not going to the University of Thopiavelle." Lucas said firmly.

Seeing his son's appearance, Master Hogan seemed to have an idea, so he asked: "Then which university do you want to go to?"

You don't study well, as long as you go to a slightly better school, you have to spend money to get in."

"You owe me this." Lucas looked at his father coldly and said, "Either you leave me alone and let me fend for myself."

Master Hogan blushed: "I owe you! Hehe, I really owe you!"
