Chapter 2591

Was it Second young master?

The second young master told her several times before that he would help her pay off the debt...

Siena's heart beat faster, and the finger that sent the message was trembling: [Who will pay it back for me? I don't even know!]

Man surnamed Seguin: [I didn't ask! As long as you pay me back, I don't care who will pay it back!]

Siena was in a hurry, and immediately walked out of the classroom with her mobile phone, calling the man surnamed Seguin.

“Uncle, please check the specific information of the person who transferred the money to you, please! Please help me to see it!”

Siena begged.

“All right, all right! Let me take a look.” The man surnamed Seguin opened the bank app, glanced at the transfer details, and then clicked his tongue, “It's from the Hogan family! Siena, I didn't expect you to be so powerful to get the Hogan family to pay you back the money!”

Siena's heart hanging in the air gradually fell down. She didn't expect it was really the Second Young Master.

She didn't know how the second young master found out that she owed money to a man surnamed Seguin. Siena's brain was running at high speed, and she asked at the same time: "Uncle, when will the money be returned to you?"

"Just yesterday." After the man surnamed Seguin finished speaking, he yawned a lot and hung up the phone.

Siena originally wanted to ask her mother-in-law about the bracelet, but the phone had already hung up and the class bell rang.

She immediately went back to the classroom and sent a message to the man surnamed Seguin to ask about the bracelet.

The second young master didn't know that the man surnamed Seguin took away her mother-in-law's bracelet, and whether the man surnamed Seguin took the initiative to return the bracelet.

The money she owed was more important than the mother-in-law's bracelet.

The man named Seguin did not reply to her messages.

She couldn't help but wonder, was it possible that the man surnamed Seguin sold her mother-in-law's bracelet?

Halfway through the class, she suddenly thought that The second young master, Cyrus Hogan may have gone to Mr. Todd to inquire.

When her mother-in-law was sick and needed medical treatment, she first borrowed money from Mr. Todd. Later, after being introduced by Mr. Todd, he found this man surnamed Seguin to borrow money.

Although the man surnamed Seguin often urged Siena to pay back the money, the man surnamed Seguin did not charge particularly high interest.

After figuring this out, Siena decided to go back and thank Cyrus.

After class in the afternoon, Siena immediately went to the fruit shop outside the school and bought some expensive fruits.

After choosing the fruit, she took a taxi on the side of the road and went to Hogan's house.

Cyrus was working in the Hogan Group now, and the time he came back every day was about the same as Lucas's time to come back from night make-up classes.

After Siena arrived at the auxiliary building, she prepared dinner as quickly as possible, and then went to guard the entrance of the main building with fruits.

At six in the evening, Cyrus drove back and saw Siena standing at the door of the main building, immediately stopped and walked down.

“Second Young Master! Thank you so much.” Siena handed the fruit in her hand to Cyrus, “You said before that you would help me pay off the debt, but I said no, I didn’t expect you to help me pay off the debt. When I have money in the future, I will return the money to you.”

Siena forced the fruit into Cyrus’s hands.

Cyrus was surprised.

Pay back?

Pay her back?

Cyrus didn’t know who she owed money at all, so how could he help her pay off the debt.

Just when Cyrus was about to explain, he saw Lucas coming back.

Lucas got out of the car, stood at the door of the auxiliary building, and looked towards them.

“Haha, Siena, our family buys fresh fruits every day. Don’t you have them in the auxiliary building? You can take the fruit back and eat it yourself! Or give it to my brother.” Cyrus delicately showed harmony with Siena. The appearance of a good relationship made Lucas angry.

“Okay! Then I’ll take it to the auxiliary building.” Siena turned her back to Lucas and didn’t see Lucas looking at them, “Second Young Master, please tell me your contact information! When I make money in the future, I will return the money to you immediately. But I may pay it later. But I will pay you interest.”
