Chapter 2618

In the living room.

Robert walked up to his father and sat down, and confessed to him: “Dad, it’s not that I don’t want to work by your side. I want to go to my brother’s place to practice first.”

“Can’t you practice by your father’s side?” Elliot asked back.

Robert thought for a while, and replied: “I will go to my brother’s place to practice first, and then I will go back to you to practice...”

Dad, I love you very much, and I love my mother very much...”

“I know You love your mother.” What Elliot said was that I don’t know if you love me or not, “When you told your brother Hayden

behind my back that you were going to work with your brother, you thought about my feelings, is it?”

Robert: “I didn’t tell my mother either.”

Elliot: “So you don’t love us at all.”

Robert: “Dad, that’s not the case. I wanted to discuss it with my brother before I told you. In the end, brother let me learn how to

repair cars first... I finally learned how to repair cars, but my brother still refused, and he asked me to tell you first.”

Robert knew this would happen, so he might as well tell his father first.

“You don’t want to stay with us at all. You want to go out and set up your own family, far away from us, like your brother, so that we can’t control you.” Elliot never thought that his beloved little son Robert had already grown up before his wings hardened and wanted to fly away.

This really made him a little sad.

It’s better for Layla. At least Layla never thought of leaving them.

“Dad, of course I don’t want to leave you and mom! Even if I work by my brother’s side, even if I want to stay in Dream Maker forever, I will let my brother open a Dream Maker branch in Aryadelle! I definitely won’t follow my elder brother, he settled in Bridgedale.” Robert showed his sincerity, expressing that he would never leave them.

When Elliot heard this, his heart ached even more.

“You’d rather let your brother open a Dream Maker branch for you than work for Dad’s company. Is Dad’s company that bad?”

Robert didn't expect that the more he explained, the more he couldn't explain clearly. Finally understand what it's like to be unable to argue.

"Dad, since you said that, let me tell you straight!" Robert took a deep breath and planned to tell his father what he really thought.

He didn't want to work for Sterling Group because Sterling Group gave him an invisible pressure. This pressure comes from the top team of Sterling Group, as well as the deep-rooted corporate culture of Sterling Group... To put it bluntly, he is afraid.

Hayden's dream maker group was relatively younger, so Robert would not find it difficult to integrate. Before Robert could speak, Avery hurried down the stairs.

The father and son walked towards the stairs at the same time.

Avery usually takes her time, no matter whether she talks or walks.

Now her footsteps are so fast, what's wrong?

"Have you two finished talking?" Avery walked quickly to Elliot's side and asked.

Elliot: "Not yet, what's the matter?"

“Why haven’t you talked yet?” Avery said, looking at Robert, “Your father and I are planning to go back to Aryadelle today.”

Elliot: “???”

Robert: “Why? Mom, you haven’t played for a few days, so you’re going back now? Did I do something wrong and you’re angry?”

“Robert, about your work, you just have to know it in your own mind. Mom won’t get angry over such a trivial matter. You haven’t finished talking with your dad yet, so let’s talk quickly! You can take us to the airport later.” After Avery finished speaking in a hurry, she was ready to pack her luggage.
