### Chapter 1324

Too bad the Iridescent Sect only accepted women.

Otherwise, Celeste would recruit David into the Iridescent Sect.

However, now that she knew, she must develop a good relationship with him even if she could not recruit him into the Iridescent Sect.

A person who was almost certain to break through the Eternal Realm was invaluable.

Although Celeste was now a Sovereign Ranker at Eternal Realm, she had *no* confidence in breaking through the Eternal Realm.

However, she would put these things aside for the time being, and talk about them later.

What Celeste was thinking at the moment was that David, that punk, had just done such a nasty thing to her.

David was not the only one with those images in his head.

They appeared in Celeste's mind as well.

However, the two had different perspectives.

David was the one in charge, while Celeste was passively accepting everything.

With her mind power, she was no match for David at all if they only fought using mind power.

Even with what David did to her, Celeste could only passively endure it. She could not even resist. Although Celeste had lived for so many years, she had been chaste and had never even had physical contact with a man.

She knew her body.

It was because her master told her that if she had sex with a man with her special physique, the man she had sex with would eventually become crippled if he did not die.

So Celeste had been afraid to touch any men.

Even though countless exceptional monsters were once fascinated by her and would not hesitate to do anything for her, she would still choose to stay single.

It was because of Celeste's sexual orientation.

She also had someone she liked when she was young.

However, she could still hear her master's advice in her ears.

Celeste did not dare to overstep the slightest, and could only bury this feeling in her heart.

As time went by and she became older, she gradually dispelled this idea.

The outside world thought she was arrogant and was not interested in any man until now.

In fact, only Celeste herself knew it was because she did not want to hurt anyone.

Her body, like a mandala flower, had both fatal attraction and harm to men.

The reason why David and Celeste had this kind of spiritual interaction was mainly because of Celeste's physique.

She was a natural charmer.

She constantly exuded charm, attracting the attention of men and stimulating their desires.

As her strength became higher, her charm also got stronger.

When Celeste became a Sovereign Ranker at Eternal Realm and had mind power, she reached her peak.

Her every move, every frown, and every smile aroused the nerves of the men around her.

This charm came from her body and her soul.

Celeste could not control herself.

Just now, when David was using his mind power at full force to stop Celeste, Celeste's weaker mind power was also activated.

The mind powers of the two converged. David's powerful mind power was attracted by the charm of Celeste's weaker mind power.

This was beyond their control.

Celeste did *not* expect David to have such a powerful mind power. So, she was caught off guard and was exploited by David's mind power.

David also did not expect that Celeste's alluring power could actually attract his mind power.

The two of them then copulated via their mind power in a state of confusion.

This situation was quite rare even in this vast universe.

### Chapter 1325

David did not dare to look at Celeste.

After all, he just slept with her in his fantasy.

Even if he could not control it, he was still a man and was the one who took advantage of Celeste.

Until now, David still felt as if what happened just now was too unreal.

"David, please believe me. I, Amadi Star, can guarantee with my person that Ms. Celeste only wants a disciple. She held herself back just now, if not, you would have flown out to space."

Amadi continued when he saw the two standing there dumbfoundedly and not speaking.

He could not let the two continue fighting.

If David enraged Ms. Celeste, he would die and not know how.

"I got it. Don't worry, Amadi. I didn't expect Celeste to attack all of a sudden, so I reacted as anyone would," David answered.

He had no idea Celeste was also seeing the same scene in his head.

If not, he would be even more ashamed to look at her.

After Amadi settled David, he turned to look at Celeste.

“Ms. Celeste, look...”

After calling out a few times, Celeste was still not responding.

“Ms. Celeste? Ms. Celeste?” Amadi called out louder.

“Huh? Oh, I’m fine,” Celeste did not answer Amadi’s question.

“Ms. Celeste, what’s wrong?” Amadi asked curiously.

Just now, David was also staring into space like that.

‘What’s wrong with these two? Wasn’t it just a fight?’

“I’m fine. I was just thinking about something,” Celeste answered.

Amadi was puzzled.

‘Thinking about something?’

‘What is it?’

‘David also said he was thinking about something just now. Are they thinking about the same thing?’

‘No way! No way!’

‘They just met!’

Amadi had no idea that they were indeed thinking of the same thing, and it was an eyesore.

“Ms. Celeste, um... what should we do now?”

“Let’s find a place to rest. I’m tired. We should talk about this tomorrow.”

“Oh, alright.”

After Amadi said that, he turned to David. “David, please find a place for Ms. Celeste to rest.”

“Alright, come with me.”

After David said that, he led the way.

Selena and the others followed behind him.

Next, it was Celeste, Amadi, and his maids.

Finally, it was Mason and the other powerhouses.

David brought everyone to where he used to live.

Now, Celia and the others were living here.

This place was kept spick and span. Plus, it was spacious.

Celeste asked for a room. After she went in, she did not come out.

Amadi did not understand what was wrong with Celeste today.

'Will someone at Ms. Celeste's level get tired?

'After exposing some energy and forcing David a few hundred meters back, Ms. Celeste started acting strange.'

Amadi did not understand what happened between the two.

Celeste lay on the bed inside the room. She could not stop herself from thinking about that.

Back then, her master did not tell Celeste the entire truth.

Her charm was not only lethal to men, but it would also cause serious damage to her.

If Celeste did it once, all of the desire in her charming body would explode.

Just like a tough dam with a crack. The entire dam would crumble instantly.

### Chapter 1326

Now, Celeste's desire was pouring out in torrents.

She could not control it at all.

If she could not resolve this, Celeste would be controlled by her desires very quickly and become a woman of loose morals.

Moreover, not a lot of men could resist Celeste.

Celeste suddenly sat up in bed.

She was suppressing the desire emitting from her alluring body and was trying to stay sane.

Thankfully, before it got to the peak, Celeste controlled it temporarily with her powerful strength.

Yet, she knew she could not hold on much longer.

She knew this was because of her special physique.

If she did not think of a way to take care of this, her desires would overpower her rational mind.

Despite giving Celeste exceptional talent, her alluring body also caused her to lose the happiness a woman should have.

Right now, it might even make her lose her mind to become a wh\*re driven by her desires.

Celeste stood up and walked out of her room.

David was sitting in the courtyard talking to Celia and the others.

They had been away from each other for so long, so they had a lot to talk about.

Amadi had brought his four maids back to their room.

Celeste walked toward David and the gang.

Celia and the others looked at Celeste curiously.

David also noticed Celeste walking over, but he did not turn around to look at her.

He was doing his best to avoid Celeste right now.

“David, come here. I have something to tell you,” Celeste walked over and said.

“Celeste, you can tell me right here,” David said.

“Are you sure?” Celeste asked.

David turned around to look at her when he heard that.

Then, David seemed to spot something in Celeste’s eyes.

He was shocked.

'Did Celeste find out?'

"Well... Let's go."

After that, David said to Celia and the others, "Wait for me. I'll be back soon."

The women nodded.

"Please wait for a while, girls. I need to borrow David for a while. I'll give him back soon."

Celeste turned to leave after she said that.

David followed behind her.

The two walked to Celeste's room.

After entering the room, Celeste soundproofed the room with a barrier and then sat down in a chair.

David did not sit down. Instead, he asked directly, "What is it, Celeste?"

"David, don't you know what you've done?" Celeste asked, her face turning dark.

David was shocked. He stammered, "W-What did I do? W-Why don't I have any idea?"

"Say you don't know again."

Celeste was enraged.

Even if David was also in Eternal Realm, he was scared of the anger from a Sovereign Ranker at Eternal Realm.

"I remember! Celeste, I treat Lena as my family, so I have to be responsible for her. We don't know you that much, so how can I hand her to you? Don't you think so?"

"Do you think that's what I'm asking?"

"What are you asking then, Celeste? I have no idea!" David said with a bitter smile.

"Weren't you bold in the mind world? You dared to do that to me back then but why are you so cowardly now?"

David's brain turned blank.

'Oh no! Oh no! My reputation is going to be ruined!'
