

I'm A Quadrillionaire chapter 1327

Chapter 1327

David was stunned.

'How does Celeste know about what's going on in my head?

'Did she see it as well?

'How is that possible?

'What's going on?

'Who can tell me?'

David was on the verge of a mental breakdown.

He stammered and asked, "Um... Um... Celeste, h-how did you know?"

"What? You dare to do it but you're scared of others finding out?" Celeste scoffed.
"Celeste! L-Let me explain. I didn't know what happened. It was out of my control..."
Before David could finish, Celeste interrupted him.

"Alright, I don't want to listen to your nonsense. Tell me how you're taking care of this."

Celeste knew what was going on in her heart.

David encountered some miracle so that was why he had such powerful mind power as a beginner Ruler Ranker at Eternal Realm.

Celeste suspected that David already had mind power before he got into Eternal Realm.

This kid was God's favorite.

Before he got into Eternal Realm, he already had mind power that was exclusive to Sovereign Rankers at Eternal Realm.

However, because of Celeste's physique, even her mind power was super alluring.

Hence, this attracted David's powerful mind power, ultimately, causing the scene that was out of their control.

At the end of the day, it was all because of Celeste's physique.

However, Celeste would not admit this.

She could only blame David for this.

If not, what else could she do?

She still needed David's help.

If not, she would soon be devoured by the desire from her alluring body and lose her sanity.

"Celeste, what do you think we should do then?" David asked carefully.

He had no idea what to do now.

This was the first time he encountered this.

Plus, the two did not copulate physically.

They just did it in their minds.

'What does this mean? It's just a sexual fantasy. To put it bluntly, it's not against the law.'

However, David did not dare to say this out loud.

Celeste was stronger than her, and their difference was clear.

Just now, he tried it.

He could not even resist a slight burst of energy from Celeste.

If David could defeat her, judging from his personality, he would not give in so easily.

"What do I think? David, you're a man. Shouldn't you have an opinion about this?"

"Celeste, this is the first time I encountered this. So, I don't know what should I do to satisfy you."

"David, what's the meaning of this? Do you think this is not my first time? I've been living for more than 1700 years and I've never let a man touch me. Now, I've fallen victim to you. You have to give me an explanation or else, I cripple you right here!" Celeste stood up suddenly and roared.

At the same time, the energy from her body started stirring.

David felt as if he was a leaf in a tsunami. He might drown at any time.

He was startled and quickly comforted, "Don't be mad, Celeste! Don't be mad! You can tell me what you want and I'll do anything you say, okay?"

I'm A Quadrillionaire chapter 1328

Chapter 1328

Celeste was a Universe Enforcer, so she was terrifyingly powerful.

If she got mad, Earth might turn to dust.

Everyone on Earth including David would die.

While facing someone like this, David had no other choice but to obey even if he had the system.

The main thing was after the unbearable scene in his head, David would not feel hatred toward Celeste even if she killed him right now.

It was because that scene was too realistic.

It could even compare to when David was with Celia.

"You'll listen to me?" Celeste retracted her energy and asked.

"Yes, I'll listen to you. I'll listen to everything you say. I'll do whatever you want me to," David said affirmatively.

"Alright, David. You said this yourself. I didn't force you."

"Yes, I said this. I said this myself. You didn't force me. I did this of my own free will."

Even though David said this, he was thinking to himself, 'You said you'll cripple me. Wasn't that force? Women are such magnificent creatures.'

'I can't understand them at all!'

"Since that's what you said, I'm not someone unreasonable. You should go out now. I want to think about it. I'll tell you after I think of something. Don't worry, I won't make you do anything that goes against your principles."

Celeste reached her goal and directly asked David to leave.

“Alright, rest well, Celeste. You can tell me after you think of something. I’ll go out now.”

After David said that, he left the room.

He wiped the cold sweat from his forehead once he walked out of the room.

‘Celeste is such a f*cking strong woman.’

David just became a beginner Ruler Ranker at Eternal Realm but he was utterly helpless before her. ‘Sigh, what the hell is this?’

David lifted his head to the sky and sighed.

If something did happen between him and Celeste, the gorgeous middle-aged woman, then David would at least benefit from it.

However, he did not get the goodie but got himself into such a mess. 1

After shaking his head sadly, he walked toward Celia and the others.

“David, what’s wrong? Why did she ask for you?” Celia asked.

“It’s nothing. It’s about Lena. She wants me to let Lena go with her and become her disciple,” David answered.

Of course, he would not tell Celia and the others the truth.

He could not tell anyone about this, so he could only keep it within himself.

‘Whatever, I’ll just suffer a loss.’

‘But it seems like I didn’t actually suffer a loss.’

“David, what should I do?” Selena asked at this moment.

“What do you think?” David asked.

“If it’s legit, I want to go. I also want to be like you one day in the future. I want to enter Eternal Realm and be immortal. That way, you won’t be lonely with me around,” Selena said after thinking about it.

David did not know how to respond to the sudden brazen confession.

He knew Selena wanted to go.

Having an unlimited lifespan and being able to stay beautiful forever was very tempting to women, especially a gorgeous woman like Selena.

Plus, David was also in Eternal Realm.

I'm A Quadrillionaire chapter 1329

Chapter 1329

"Lena, if you really want to go, you can. Since Celeste is a Universe Enforcer and she's so strong, it should be fine."

Celia and the others turned to look at Selena enviously after David said that.

Even though they did not say it out loud, everyone could see they all wanted a chance to get into Eternal Realm.

Unfortunately, Celeste the mighty Universe Enforcer was not interested in them.

So, they could only envy Selena.

"Dave, d—do we have a chance to be Eternal in the future?" Sandy asked.

David did not know how to answer that question when he saw the women's expectant gaze.

He did not want to lie to them, but he also did not want to crush them.

"It'll be hard," David said eventually.

"How hard?" Pearl asked.

"It's so hard that it's almost impossible," David braced himself and whispered his answer.

The chances of a normal person getting into Eternal Realm were almost zero.

Even someone like Emperor Nimbus was stuck at the last step and was unable to progress.

"I see. Are you saying we can only accompany you for a few more decades?" Sandy asked sadly.

"We'll find a place to live in seclusion when we're old. I don't want David to see me with white hair and loose skin," Pearl suggested.

"I agree."

"I agree too."

Celia and Julia said.

However, one could hear the reluctance in their voices.

Who would not want to have a chance to stay with David, live forever, and stay young forever?

However, they were not as lucky as Selena.

David smiled sadly and said, "What are you doing? Even if you can't become Eternal, you have no problem living to a hundred or even a thousand if you work hard. What do you mean a few decades?"

"Even if it's a few hundred years, we'll still leave you in the end. You will surely forget us hundreds or thousands of years after we die," Sandy said with a pout.

"I won't! I won't! I promise I will never forget you all," David immediately promised.

He started to regret telling them the truth.

He should give them some hope to motivate them so that they would not be as negative.

"Selena, if we're not around in the future, you have to help us remind David not to forget us. You also have to come to visit our graves often," Sandy looked at Selena and said.

"Sandy, how are you so negative at such a young age? You should work hard too. How will you know you don't have a chance if you don't work hard? Plus, David and I will help you. Perhaps we'll have the chance to be Eternal together. That way, we won't have to be apart from each other," Selena patted Sandy's head and comforted her.

"We want to work hard too, but Dave said we have no chance," Sandy said miserably.

"No, no! Sandy, you heard me wrong. I said it's hard. I didn't say it was impossible. You have to know that humans are the most efficacious creatures in the world and we have endless potential. As long as you work hard, and in combination with help from Lena and me, you might have a chance. Of course, you can't give up," David said quickly.

However, no one would believe him anymore.

He was clearly comforting them.

The air at the scene felt suffocating for some time.

Selena glared at David.

David knew he was at fault, so he lowered his head and did not say anything.

As he was thinking of a way to make it up to them, they heard a voice.

“I scanned you all and you are pretty talented. Even if you’re not as good as Selena, you might have a chance to become Eternal.”

Everyone looked over.

Celeste had appeared behind David unbeknownst to everyone.

After David left, Celeste started to think about how she could handle the relationship between her and David

David had such powerful mind power, and he already had a 50% chance to break through Eternal Realm.

He would have a huge chance to surpass Eternal Realm to go to another higher realm in the future.

However, the Iridescent Sect did not take men. This was the rule set by the grandmasters.

I’m A Quadrillionaire chapter 1330

Chapter 1330

Hence, Celeste could not recruit David into the Iridescent Sect.

If she wanted a good relationship with David, she had to start with the people around him.

At the same time, Celeste needed David’s help to control her desire that was going out of control.

Coincidentally, she heard David’s conversation.

She could tell the women were close to David.

David was loyal, so if Celeste could recruit all of them into the Iridescent Sect, David would have an unbreakable connection with the sect.

The rest of them were indeed much worse than Selena, but they were barely passable.

Even if they were not, Celeste would still recruit them for David's sake. She would cultivate them and then strive to let all of them become Eternal.

A lot of the treasures of heaven and earth in the universe could help increase someone's talent.

However, those things were very precious, so normal people could not afford them.

Yet, for the sake of David, a very promising kid, Celeste decided to throw caution to the wind.

If she did this, David would owe the Iridescent Sect a favor no matter how strong he became in the future.

That was why she said what she said just now.

"Really? Celeste, are you serious? All of us can become Eternal in the future?" Celia asked, her eyes shining.

The others looked at Celeste with expectant gazes as well.

Clearly, what Celeste said was more effective than what David said.

"Of course! However, you can't stay in this small Milky Way. There's nothing here and it's bad for your growth. If you want a chance to be Eternal, you have to leave this place with me and join the Iridescent Sect. It all depends on you," Celeste said.

"We want to! We want to! Celeste, we will leave with you. David is Eternal now, so can he join the Iridescent Sect with us?" Sandy asked excitedly.

"No," Celeste shook her head.

It was as if a bucket of cold water had diminished all of their passions.

'If David can't go, then what's the point of us going?'

David also frowned at this moment.

He did not understand what Celeste wanted to do.

It was one thing that she had her eye on Selena, but now, she wanted to take Celia and the others with her. "Why?" Pearl asked.

“With David’s talent, it’s no exaggeration to say that he can join any force he wants. However, not the Iridescent Sect because we only recruit women. This is the rule left by the grandmasters, and no one can disobey it. However, he can join the Star Mansion. The Iridescent Sect and Star Mansion are friends, so we always have dealings with each other.”

Once Celeste said that, everyone understood.

They all turned their eyes at David.

David was the one with the final say here.

If David said no, they would listen to him no matter how much they wanted to go.

As David looked at the women’s expectant gaze, David could not crush their hopes.

Plus, he also hoped they could become Eternal and stay with him forever.

If not, it would be so lonely to be by himself in these endless times.

“You should go. All of you. I will go as well.”

Before Celia and the others could feel happy, David changed his tone and continued, “But I have to tell Celeste something.”

“Tell me. I’m listening.”

“Celeste, they are the closest people to me. I hope you’re telling the truth. If not... I will never forgive you.”

At this moment, David looked as if he was towering over the world, and it made Celeste, a Sovereign Ranker at Eternal Realm, shiver.

As expected of someone who had a 50% chance to surpass Eternal Realm the moment he became Eternal.

He did have something special.

Even if he was weak now, he was not weak in his temperament.
