

I'm A Quadrillionaire chapter 1321

Chapter 1321

When Celeste saw how stubborn David was and how she could not get through to him no matter what, she turned her attention to Selena and said, "Selena, are you willing to do with me?"

"I'll listen to what David says," Selena answered.

Celeste choked. After thinking about it, she said, "Selena, David is already at Eternal Realm and is immortal now. He won't die unless he meets someone a lot stronger than him. On the other hand,

you can't. If you don't get into Eternal Realm, 3000 years will be your limit. Plus, as time goes by, all of your organs will start deteriorating and then you'll grow old gradually. On the contrary, David will stay young forever. Can you accept a pair of lovers becoming grandmother and grandson after one or two thousand years?"

Not only Selena did not want to face this, but Celia, Pearl, and the others also did not want this as well.

David would still be the same when they grow old in the future.

If they were together, others might think they were two or three generations apart.

"I don't care! No matter how they look, I will still stay with them until the end," David said quickly.

However, Celeste ignored him and continued, "Selena, if you're willing to come with me. I promise that you can get into Eternal Realm in a hundred years. Then, you'll have an unlimited lifespan just like David and you will stay beautiful forever. When that happens, you will be inseparable and stay together until the end of time. No one will bother you anymore."

Selena was clearly moved by that.

The charm of staying beautiful forever and staying together with the person she loved until the end of time was too great for a woman.

However, she still turned her eyes to David.

"You don't need to look at him. Even if he's doing this for your own good, you still have to make decisions for yourself sometimes. You can't be without your own opinions. He can't stop you if you nod."

Selena was very conflicted.

Just like Celeste said, she was an aloof and remote Universe Enforcer who had everything. What did Selena have that she wanted?

However, David was also considerate of her.

Celeste could see Selena's struggles.

Right now, she needed to help Selena decide.

So, she took a small step forward.

Celeste approached Selena and was about to grab her hand to take her away.

However, at this moment, David also came over quickly.

David was a little lost when Celeste suddenly took action.

He did not care if Celeste was a Universe Enforcer.

How dare she touch David's person? David would not care who Celeste was.

He exerted his mind power at full force. At the same time, he reached out to grab Celeste to try to stop her.

However, how would Celeste let David get what he wanted?

She was not only a Universe Enforcer. She was also one of the four elders of the Iridescent Sect.

The Iridescent Sect was more powerful than the Star Mansion where Amadi was in.

Plus, Celeste had a pretty high position as the elder of the Iridescent Sect.

She was a neat freak, so she had never been touched by any men after living so long.

A man from a low-level civilization like David should not even think about it.

If David touched her, Celeste would feel as if she had been violated and might even kill David.

When David was about to touch her, Celeste let out a powerful energy that was exclusive to her.

She did not want to kill David, she just wanted to teach this bold punk a lesson.

Boom!

Suddenly, a muffled sound could be heard and it made Mason and the others feel dizzy. When they came back to their senses...

I'm A Quadrillionaire chapter 1322

Chapter 1322

David had been forced to back more than 100 meters away.

Celeste was still standing next to Selena unharmed.

At this moment, Amadi came forward and stood between Celeste and David.

"Guys, guys, you should talk it out. Don't fight."

After Amadi said that, he put his hands together before Celeste and continued, "Ms. Celeste, I'm about to recruit David into the Star Mansion, so please spare him. I am apologizing to you on his behalf. After all, this is a low-level civilization and he doesn't know who you are. So please forgive him."

Then, he turned to David. "David, don't worry. I promise Ms. Celeste doesn't mean any harm. If not, with her strength, you would've already disappeared from this world."

Selena, Celia, Pearl, and the others quickly went to David.

"David, are you okay?"

"Dave, are you okay?"

The women asked worriedly at the same time.

"I'm fine," David said.

Then, he shook his dizzy head and moved his body. His entire body was hurting.

'Damn it, this woman is so strong!

'She only emitted some of her power. Even if I use my full force, I still lost to her.

'If she came at me at full force, I might not be able to block any of her blows.'

This was the second time David felt like he did not have the power to fight back.

The first time was when he met Mason.

Back then, he was only a partial God Ranker. So, of course, he was no match for Mason who was a peak God Ranker.

Now, it was the same with Celeste.

Just now, David had used his full force and he even used all of his mind power.

In the end, he still could not resist the little strength Celeste used.

If Celeste did have ill intentions, David would not be able to escape even if he had the system and an Eternal Realm immortal body.

Fire rose in David's chest as he looked at Celeste a few hundred meters away.

'Is this woman in her menopause?

'Why is she so savage?

'Damn! Just you wait!

'Give me some time and I'll crush you under my foot!'

At this moment, David's strong mind power collided with a weaker mind power and he entered a fantasy land.

'W-What's going on?'

David tried to kick the scene away, but it became clearer and clearer.

David felt as if he had been possessed.

After he said he was fine, he stood there motionlessly.

Selena and the others were horrified when they saw this.

"David? What's going on? Are you okay?"

"David, don't scare me!"

"David, snap out of it. Wake up!"

The women shook David but could not wake him up.

Then, David shuddered all over all of a sudden and he finally came back to his senses.

I'm A Quadrillionaire chapter 1323

Chapter 1323

"I'm fine! I'm fine! Don't worry, I was just thinking about something and I got too into it," David said quickly.

Celia and the others let out sighs of relief after hearing this. It was fine as long as David was alright.

Even though David had come back to his senses, the thing that happened in his head left a deep impression on him.

'What the hell was that?

'Why did that scene show up in my head?'

David knew his condition and he never thought of that kind of thing before.

Even though a beautiful woman like Celeste was very attractive to men, David could handle temptations.

He already had Selena and the other gorgeous women, and they would seduce him with different

methods every day, hence he was already immune to it.

Therefore, he would not have such dirty thoughts when he saw a beautiful woman.

If not, why did he never touch Selena and the other women until now?

David recalled what was going on with the scene in his head just now.

A huge wave was crashing against Celeste's heart.

'W-Was that mind power?

'How is that possible?

'David is from a low-level civilization and has just entered Eternal Realm. How did he get such a powerful mind power?

'How incredible!'

It was beyond Celeste's imagination.

One must know that she was at Sovereign Rank, which was the highest rank among the three ranks in Eternal Realm.

Between her and David, a Ruler Ranker, was Immortal Realm. Hence, the two were more than two realms apart.

Celeste could crush David with her strength, and she could kill him directly before he could utilize his immortality.

However, David's mind power surpassed Celeste's, and she could not even fight back.

This was beyond reason.

Hence, at that moment, Celeste did not understand what was going on in that second.

Mind power was also known as soul power.

Even though there were two names, they were the same power.

The reason why Celeste was so shocked was that someone who just got into Eternal Realm should not have mind power.

It was something that was cultivated after they reached Sovereign Rank in Eternal Realm.

Moreover, not all Sovereign Rankers at Eternal Realm would have it.

Mind power or soul power was a power needed to break through to Eternal Realm.

If one needed to break through to Eternal Realm or a realm higher, they needed mind power.

Celeste only cultivated a little and she was recognized by the old seniors of the Iridescent Sect as a genius among geniuses, a monster among monsters.

David was just a Ruler Ranker at Eternal Realm but he had such a strong mind power. How would Celeste not be shocked?

She could not describe David as a genius or a monster anymore.

He was completely abnormal.

Judging from David's mind power, if he continued to maintain this, he would surely break through Eternal Realm.

Which meant David might break through Eternal Realm and get to another realm in the future.

Celeste was utterly amazed by David's talent.

'No wonder Amadi wanted to recruit him to join the Star Mansion.

'That kid must have seen something with his Star Observation Skill.

'If not, how would that arrogant punk get along with David?

'What a huge mistake!

'I almost missed out on this lunatic who will surely break through Eternal Realm in the future!'
