Chapter 1356

Goldie felt even more unpleasant on the inside.

Clinton, who was very good in all aspects in her eyes, was not just a little inferior to David.

It was not just Goldie who thought so.

Every single woman who had been in contact with David felt this way, whether it was Goldie, Elsa, Luna, or Marie.

After they met David, they were not interested in the men around them at all. Moreover, they could not find any fault in David at all.

It could be said that seeing David would affect their entire life.

"You don't have to be so polite! We're all friends, let's go in together! This time I'm here mainly to catch up with my long-lost friends. I didn't come for anything else," David said with a smile.

Although he had a high status now, he did not put on air around his friends.

This was one of the reasons why David was sought after and admired by countless people.

The four entered the arranged room. The scenery here was fantastic, and one could see the bustling scene of most of Springfield.

"Mr. Lidell, please sit down."

David skipped the formalities and sat down first.

He knew that if he did not sit, the others would definitely not dare to sit.

Then the other three people sat down one after another.

"It's a great honor for you to take time out of your busy schedule to meet us," Clinton complimented as soon as he sat down.

"Yeah, Mr. Lidell, you are now the savior of Earth. You are such a great man. Anyone who meets you will be able to brag for a lifetime," Hugh also followed.

Goldie did not speak.

However, since David appeared, her eyes never left David and they were full of resentment.

David naturally found out long ago.

However, in order to avoid embarrassment, he pretended not to see them.

“Clinton, Hugh, there is no Mr. Lidell here today, only the former David. If you keep being so polite with me, I will not come again in the future.”

“Mr. Li-... David, you’re right. We can’t see the wood for the trees.” Clinton immediately

changed how he spoke.

“That’s right! Since we are friends, we have no distinction between status. How we got along in the past will be how we will get along in the future.”

Then, they started talking about various topics.

David’s purpose is to reminisce while seeing how his former friends were doing, and if there was anything he could help out with.

Now that he had the ability, David would not say no if he could help.

Now SCC had become the first organization for young people in the world.

Silva, formerly one of the three bosses, had now been kicked out, leaving only Clinton and Goldie.

The core seniors had increased to dozens.

As for T Faction in Capital City, only their name remained.

When David asked if there was anything he could help with, Clinton just said that he hoped that David’s name would stay on the SCC as the most special member.

Two hours later, David walked out of Springfield Tower with Clinton and the others.

‘Alright, you should stop here. You can contact me if you need anything. We’re all friends, so if you need help, I will do my best.’ David told the trio not to send him off anymore.

“Thank you, David. Have a safe journey,” Hugh and Clinton said humbly.

Goldie did not say anything on one side. She only looked at David a little reluctantly.

Clinton wanted to arrange a car and plane for David, but David rejected him.

Why would David still need transportation now?

David would arrive anywhere he wanted to go on Earth, a small planet, in a blink of an eye.

Chapter 1357

David left Springfield Tower and walked into a less crowded street.

There were still two or three days to the time set by Celeste.

He had already visited all of the friends that he should.

He was going to go straight back.

Celia and the others should come back one after another tomorrow.

Just as he was about to leave, he suddenly felt a familiar figure approaching.

David stopped immediately and waited for the other party.

Soon, a figure appeared in front of David, blocking his path.

It was Goldie who had just parted ways with him just now.

Now Goldie was completely like a resentful woman whom David abandoned.

She looked so aggrieved and resentful as she was looking into David's eyes.

David was confused.

'What look is this?

'She's like a woman abandoned by a scumbag.

'There seems to be no relationship between us, right?

'The most is the relationship between the wounded and the doctor.'

The two were silent for half a minute.

David could not take it anymore and ask, "Miss Rogers, can I help you?"

"David! You are so irresponsible!"

As soon as Goldie opened her mouth, David felt a headache coming.

"Miss Rogers, why did you say that?" Even if David had a bad feeling, he still asked.

"You saw my naked body and you want to leave. Are you still a man?"

'I knew it!' David thought helplessly to himself.

"I think you misunderstood. You were poisoned by the Dominic family and your heart was severely damaged. I did it to save you and I had no choice. I have no other intentions."

"I don't care! You have already seen my body, so you must be responsible for me. You are the first person to see my body. If you are not responsible, who will want me in the future?" Goldie said unreasonably.

Of course, she knew that David did it to save her.

However, she had no choice but to do so to get close to David.

This was the only excuse she could use.

Furthermore, Goldie had done her homework.

David was not the kind of person who would become ruthless and moody after he became stronger.

He was still true to himself.

Otherwise, he would not come back to see his old friends.

That was why Goldie dared to be so unreasonable in front of David.

Otherwise, with David's current status and strength, he could destroy the Rogers family with a single word. Goldie would not dare to do so even if she was given ten more courage.

Goldie decided to throw caution to the wind after seeing David this time.

If she missed this chance, it may be difficult to have another chance in the future.

“Miss Rogers! What year is it now? Why are you still so feudal? According to what you said, are you saying that in the future, no one will want those women who had boyfriends? Besides, there are so many men in the obstetrics and gynecology department in the hospital now. Are they going to not look at their patients if that’s the case?” David said with a wry smile.

He did not know if Goldie really cared about chastity like the ladies of the olden times or if she wanted to be close to him.

However, it was indeed an indisputable fact that he saw her body.

“I don’t care about the others. But I, Goldie Rogers, have never been seen or touched by men since I was a child. Only you, David. Since you did it, you must be responsible to me.” Goldie understood David’s character and began to act shamelessly.

“I... When did I touch you? I just used a silver needle on you at the time.” David felt as if he could not breathe for a moment.

David now understood.

Goldie was just looking for an excuse to approach him.

Chapter 1358

David had encountered this kind of thing more than once.

Since getting the system, David felt that he was so popular with women, and his luck with women never stopped.

Various types of beautiful women came to him one after another.

If he were a scumbag, he would have already had numerous women and enjoyed a good life.

Too bad he was not.

“Then what do you want me to do?” David said helplessly.

“I want you to be responsible, of course,” Goldie replied immediately.

“I have a girlfriend!”

“I don’t believe you!”

“I do!”

“Then I don’t care either!”

“But I care! And my girlfriend cares too!”

“How do you know she cares? You didn’t tell her. If you tell her, maybe she can accept me.” David, “...”

‘What has the f*cking world come to?’

‘Do all women think this way?’

‘I have already said that I have a girlfriend but she still wants to pounce on me so recklessly.’

Goldie was not the first to do this.

Long before her, people like Selena and Sandy also knew that he had Celia, but they were still willing to invest their time and effort in him.

David felt as if he had returned to ancient times when Somerland allowed multiple wives.

“Goldie, what you said is unrealistic! Can we change your request? For example, what does your family need? I can do my best to help you.”

“David, I like how you called me just now. Don’t call me Miss Rogers in the future, just call me Goldie! Since you said so, I don’t want to embarrass you. Let’s take a step back. I only have one request now.”

“What is it?” David breathed a sigh of relief.

“I want to meet your girlfriend. I want to see what kind of woman is worthy of you. You even rejected Lorraine back then,” Goldie said curiously.

She really wanted to see who had been so blessed to be David’s girlfriend and loved by David like this.

“I don’t think it’s necessary. My girlfriend is very ordinary, and she’s not as good as you think. However,

we have been together a long time ago, and our relationship has always been good. Furthermore, I can’t handle a woman like Lorraine that attracts so much attention,” David explained.

Goldie directly rolled her eyes at David.

With David's current strength, were there any women he could not handle?

What a joke!

As long as he said a word, Lorraine would have to crawl obediently at his feet.

"David! If you don't show me your girlfriend, it means you don't have one. You're just fooling me. If that's the case, I'll keep pestering you. At the end of the day, you saw my body so you should be responsible." David was at a loss.

He did not dare to bring Goldie to see Celia because he was worried Celia would treat Goldie like a sister again.

If that happened, it would be even messier.

David did not know what Celia was thinking.

Other women only wanted their boyfriends to like them and pamper them.

However, Celia was the opposite. She wanted David to find more sisters for her so it would be livelier.

"Do you really want to see her?"

"I have to," Goldie insisted.

"You must see her, right?"

"Yes!"

"Alright. I can take you to see her, but after that, you must stop pestering me."

I'm A Quadrillionaire chapter 1359

Chapter 1359

In the end, David had to agree to take Goldie to meet Celia.

Otherwise, he did not have any other better ways to handle Goldie's constant pestering.

He could not intimidate her like he could with the enemies.

He could not beat her or scold her, what should he do?

David actually knew his own shortcomings.

If he was slightly tougher, such a chaotic situation would never happen.

However, how could he be so ruthless to the women he was more familiar with like Selena, Sandy, and Goldie?

Especially with Selena. When Earth was attacked by the Tuffin family the second time, she even wanted to use her life to block the other party and create an escape opportunity for David.

As for the other women, David suspected they would do the same as Selena if they were in the same situation.

This made David even more unbearable to do things that hurt them.

He could not do it even if he was only a friend.

What was more, these were women who were willing to sacrifice themselves for him.

It was even more impossible for David to do it.

Moreover, to put it bluntly, David was lucky to have women who liked him and were willing to sacrifice for him.

What qualifications and reasons did he have to stop them?

Speaking from another perspective, if Selene, Pearl, and the others had their own boyfriends and were always lovey-dovey with each other, would David be happy? Could he endure it? Perhaps not!

So, David would decide as things progressed.

He would be able to accept it after he was able to get over himself.

Fortunately, their focus was now on breaking through Eternal Realm.

After they broke through Eternal Realm, they would be immortal and have an unlimited lifespan.

They still had a long time ahead of them.

“David, shall we go now? Or should you rest for a day and then go tomorrow?” Goldie asked.

“Let’s go now!” David said.

“Alright, I’ll book a flight now.”

“No need! The plane is too slow. Let me take you another way.”

After David finished speaking, he took a few steps forward, walked to Goldie’s side, and wrapped her with his mind power.

Then, he waved his big hand lightly, and a crack appeared in the space in front of the two of them.

David grabbed Goldie, and under her shocked gaze, they stepped inside.

After they left, the space crack closed as if nothing had happened.

After entering the space crack, Goldie only felt the world spinning. Hence, she quickly closed her eyes, she felt so dizzy.

Before she could recover, her eyes suddenly lit up. David had taken her to a new place.

David tore a space crack in the middle of the yard where he lived and walked out.

There was no one in the yard.

Everyone probably had not come back yet.

What surprised David was that Celeste was also gone.

She should be too bored so she walked out to clear her mind.

Goldie opened her eyes to see a foreign environment. This should be an ancient courtyard house.

Then, she started to look at the new surroundings.

“David, where are we?” After Goldie looked around, she asked curiously.

“Where I live,” David answered.

“Are we still on Earth?”

“Of course. This is Capital City.”

‘Capital City?’

Goldie narrowed her eyes.

She figured it only took less than ten seconds to cross thousands of kilometers from Springfield to come to Capital City.

'What method is this?

'Space shift?

'Spatial transformation?

'Teleportation?

'The Great Teleportation Between Heaven and Earth?'

I'm A Quadrillionaire chapter 1360

Chapter 1360

Goldie looked at David in front of her.

The man in front of her was getting more and more terrifying.

This kind of method to travel thousands of kilometers in a few seconds was really unheard of.

"Do you and your girlfriend live here together? Where is she?"

"She went back to her house. She should be back in the next two days. Not only the two of us live here, but there are other people as well."

"Others? Who?"

"You won't know them even if I tell you, so you should stop asking."

"Men or women?"

"Uh... Both men and women," David replied after thinking for a while.

There were indeed both men and women.

He was a man.

Amadi was also a man.

"David, with your identity, how could you possibly live with other people?" Goldie asked suspiciously.

“What’s wrong with that? We’re all friends! It’s more fun to live together! Otherwise, there will be no one to talk to,” David explained.

Although Goldie was still puzzled, she did not continue to ask.

Instead, she began *to* wander around the courtyard.

David called Celia and told her to come back first so he could send Goldie away.

Celia naturally would not refuse David’s request. She told him that she would come back soon.

Celia’s home was also in Capital City. It was not too far from here, so David did not go to pick her up.

Mainly because he did not know how to face Celia’s parents, Mindy and Jon.

Celia had been with him for so many years, and he still did not give her status.

They also said that they would get married after graduation.

However, it had been a few years since they graduated.

Moreover they probably already knew about Selena and the others, so David could not go even more.

Then, David and Goldie sat chatting in the yard while waiting for Celia to come back.

Soon after, David sensed something and averted his gaze to the door of the room where Celeste lives. Goldie noticed David acting strangely, and naturally followed David’s gaze.

‘There’s nothing there.’

Before Goldie looked back, she saw a crack in the space in the field of her vision.

A beautiful woman walked out gracefully from inside, carrying several large bags in her hands. At a first glance, they should be clothes.

This was the same method that David used to bring her here.

Goldie’s eyes stared blankly at the beautiful woman.

‘Who is this person?’

'She looks a bit like she is in her thirties or forties, but at the same time, she also looks like she's in her fifties.

'Her every move exudes the aura of a top-quality mature woman, which is very attractive.

'Perhaps only a few men can withstand her.'

Goldie believed that all aspects of her, including her body and face, were spectacular. If anyone could beat her, Goldie would only admit defeat to Lorraine.

However, now that she saw this beautiful woman in front of her, Goldie felt a little ashamed.

'This is definitely a woman stronger than Lorraine.'

As soon as Celeste stepped out of the space tunnel, she saw David sitting with a woman in the yard while looking straight at her.

It might be that she felt that carrying two large bags of ordinary clothes was undermining her majesty as a Universe Enforcer and Eternal Realm Sovereign Ranker, so Celeste ignored David and turned around to go into her room.

David was about to say hello, but unexpectedly, Celeste did not stop at all and turned around to enter her

room.

'What's the matter?

'Who offended her?

'After all, they both had the same dream, right?

'She didn't even say hi to me.

'How rude.'

David shook his head.

A woman's mind was indeed the hardest to guess.

They were so moody and would change faster than flipping through the pages of a book.
