

I'm A Quadrillionaire chapter 1361

Chapter 1361

"Who is she?" Goldie asked after Celeste left.

"A friend."

Goldie looked at David.

'Friend? Does he think I'm an idiot?

'What friend won't acknowledge him when she sees him?

'They're also living together!"

"David! Why does she know your method of crossing thousands of kilometers in a few seconds?"

"You're too weak. You will naturally know when you get to a certain level. You won't understand if I tell you now. This is related to space so it's pretty complicated."

"Is your friend very strong? How is she compared to you?"

"Don't compare me to her! She will kill me with a slap before I can do anything," David shrugged and said helplessly.

'What?'

Goldie was astonished.

'David is Earth's savior and the publicly known number one on Earth.

'But he said that woman just now can kill him with just a slap?

'How is this possible?'

"A—Aren't you the number one on Earth? How can there be someone stronger than you?"

"Yes, I am the strongest on Earth, but she's not from Earth so she's naturally stronger than me. This is nothing. There will always be someone better than me. I might be strong on Earth or the Milky Way. However, this is just average in other places.

'Not from Earth?

'Is she an alien?

'Is that beautiful woman from just now an alien?

'Why is David with an alien?

'Didn't those guys want to invade Earth?'

Just like other Earthlings, Goldie felt all aliens were bad people after experiencing two catastrophes.

She felt as if her brain could not process this.

As Celeste was lost in her thoughts, Celeste came out of her room.

She had put away her bags of clothes.

"David, you son of a gun. You found another woman so I can bring her back to the Iridescent Sect?" Celeste teased immediately.

David was about to explain but Goldie was a step ahead of him.

"Hello, I am David's friend. I am here to learn from you so please take good care of me in the future."

Goldie was not an idiot.

David told her how strong this woman was.

Hence, she would not miss out on the chance to worm her way into being friends with this woman.

Since the woman said that, Goldie should just continue the conversation.

If Goldie could learn from Celeste, then she would have a chance to reach David's height.

"What's your name?" Celeste looked at Goldie from head to toe.

"My name is Goldie Rogers, Ma'am."

"Goldie? Not bad! Even if you're not as good as the two with special physiques, you're stronger than the rest. You should follow me from now on."

"Thank you, Ma'am!"

“You’re welcome. My name is Celeste Red. Just call me Celeste.”

“Alright, Celeste.”

The women got along very well.

David’s eyes were wide as he watched from one side.

‘What’s going on?’

‘They came to a conclusion in just a few sentences?’

‘I haven’t even said anything!’

‘Didn’t Goldie come here to see Celia?’

‘And now, she doesn’t want to leave and is also leaving Earth with them?’

‘Um... Well... Celeste... Actually...’

David wanted to explain, but Goldie interrupted him.

“David, stop talking. Celeste and I are like old friends, so let us talk first.”

“Yeah, the women are talking. You have no right to speak,” Celeste chimed in as well.

David, “...”

The two women got together and he did not even get a chance to speak.

Chapter 1362

‘Didn’t they say three women together are the noisiest?’

“Why is it like this only with two?”

‘Fine!’

Since David could not afford to offend them, he simply stopped talking.

Not long after, the courtyard door was pushed open.

Celia was back.

After receiving David's call, she rushed back without stopping.

They were all in Capital City so it was not far.

Hence, Celia came back quickly.

"Hello, Celeste!" Celia greeted Celeste politely as soon as she entered the courtyard.

"Hello, Celia!" Celeste responded politely.

Celia's talent among these people was not that promising, and it could only be considered average.

Originally, she was not eligible to enter the Iridescent Sect.

However, she was David's girlfriend.

So, in order to gain David's favor and tie David to the Iridescent Sect, Celeste had to let Celia enter the Iridescent Sect and to Eternal Realm. Celeste must make this happen even if she had to use the treasures of heaven and earth.

"Hi!" Then Celia greeted Goldie again.

"Hi, Celia," Goldie replied.

Finally, Celia looked at David and asked, "David, why are you asking me to come back in such a hurry?"

"It's nothing. I want to introduce you to a friend, this is my good friend Goldie."

After David introduced Goldie, he turned to introduce Celia.

"Goldie, this is my girlfriend Celia!"

"Hello, Goldie."

"Hi, Celia!"

Celia and Goldie shook hands after speaking.

Next, the three women got together, and David no longer had a place there.

Both Celia and Goldie wanted to please Celeste, a super powerhouse, so that they could get more help in the future.

Meanwhile, Celeste was also trying to recruit them into the Iridescent Sect, thus also tying David to the sect since he had a high probability of surpassing Eternal Realm in the future.

Both sides had their own purpose.

Hence, they had a pleasant chat with each other.

David was completely speechless from the sidelines.

In the end, he could only go back to his room to sleep.

When Celia woke David up, it was getting dark.

Only then did David have a chance to talk to Goldie.

David could not get a word out before Goldie directly laid her cards on the table.

“David, I’ve already talked to Celeste. I’m going to leave Earth with you all to join the Iridescent Sect, try to break through the Eternal Realm, and gain an endless lifespan.”

‘Of course.’

David smiled wryly.

He knew it would end up like this.

“Have you thought about it? After we leave this time, it may be a long time before we come back, and maybe your parents will be gone by then. Are you willing to part with your family and friends?”

David was still trying to change her mind.

“I’ve made up my mind! I’m going!” Goldie said seriously.

“Are you sure you won’t regret it? It will be too late if you want to come back. The distance is too far, and the road back is full of dangers.”

“I won’t! I’m going!” Goldie remained unmoved.

“That’s fine. Since Celeste agrees to bring you, I can’t say anything! I just hope you won’t regret it.”

“Thank you, David!”

“You don’t need to thank me. Celeste also said that you are talented. You have training value, which has nothing to do with me.”

“David, then... Can you please send me back and pick me up later? I need to go back and get ready. I also have to explain to my family,” Goldie said, feeling a little embarrassed.

“Okay. It’s no trouble at all, and it won’t take much time. So, shall we go now?”

“Alright!”

Then David tore open a space crack and walked Goldie into it.

After sending Goldie home, he came straight back.

The entire process took less than a minute.

Chapter 1363

After David came back, he naturally stayed with Celia at night.

Celeste had already scolded David to oblivion over here.

She knew that nothing good would happen if the two of them were together.

‘No, I have to have a good talk with David tomorrow.

Otherwise, if they continue like this, the desire in my body may explode if I can’t endure it.

‘Then it will be really troublesome.’”

“Celia, have you told Mrs. Young and Mr. Young?” David asked softly, stroking Celia’s hair.

“Yeah, I told them everything,” Celia replied in a low voice.

“Then what did they say? Did they agree?”

“They say I’m grown up, so they respect my decision and tell me to protect myself wherever I go.”

“That’s good,” David breathed a sigh of relief.

“But David...”

Celia suddenly raised her head to look at David. Her eyes were filled with tears, and she looked like she was about to cry.

“What’s the matter? What’s wrong?” David suddenly became nervous.

“... I... I can’t bear to leave them! But I also want to reach Eternal Realm one day and stay by your side forever.”

After she said that, Celia hugged David tightly, buried her head in his chest, and continued in a choked voice, “David, I’m so scared! I’m really scared! I’m afraid that when I come back next time, my parents will not be there anymore. I am so unfilial. I can’t be with them to take care of them when they retire, but I am also afraid that I will grow old slowly. My hair will be gray, my skin will be wrinkled, and my teeth will fall out, but you will always be like this. I can’t accept this. What should I do? What should I do?”

“Don’t be scared, don’t be scared. No matter what, I will always be by your side,” David comforted Celia while patting her back.

David did not know what to do in this situation.

Although he was strong, he got it from the system.

It could not be transferred to anyone other than yourself.

“Thank you, David.”

“You dummy, I should be the one thanking you. Celia, I promise you. We will go to the Star Kingdom for twenty years. After twenty years, I will take you back to Earth. At that time, Mrs. Young and Mr. Young will still be around, and we will accompany them for the rest of their lives.”

“Really?” Celia raised her head and asked seriously.

“Really. Of course, it’s true. When have I lied to you? Celia...”

Before David finished speaking, he was immediately stopped by Celia.

After a long time, David held Celia who had fallen asleep in his arms.

He was relatively busy during this period. Since he took a look at the system two days ago and found that it was still being upgraded, David did not pay much attention to the system.

Several days passed, and David was going to see the update progress.

When he opened the system panel, David was overjoyed.

The system was no longer a black screen.

It looked like the system upgrade was finally complete.

The first thing that caught his eye was a sentence.

[The system has been upgraded and has successfully connected to the high-level civilization Star

Kingdom. All data has been refreshed and reorganized. Please use the system reasonably according to the rules.

I'm A Quadrillionaire chapter 1364

Chapter 1364

This system upgrade did not seem to have changed much, and it was also much worse than the last upgrade.

First of all, it was connected to the high-level civilization Star Kingdom.

David guessed that Star Kingdom should be the high-level civilization where Celeste was located.

Secondly, the system balance had been refreshed and reorganized. It had changed back to the original. one quadrillion, and the unit had also changed from Galaxy Dollars to Star Dollars.

Finally, all remaining lavish points were cleared.

No other rules had changed.

He needed to spend 100 million Star Dollars to get a lavish point, and then use lavish points to improve his body and mind.

In the last system upgrade and reorganization, it at least rewarded David with three top combat skills.

This time there was nothing, but David still liked the system like this.

It was simple and straightforward.

He only had to think about how to spend money and there were not so many restrictions.

The only thing to pay attention to was that as the level of civilization he entered got higher and higher, the strong would also become stronger and stronger. Hence, he still had to be careful not to attract attention.

If a powerhouse like Celeste found out that he had a system and wanted to take it for themselves, David had no power to resist at all.

So after he got to Star Kingdom, he had to continue to spend money in a low-key manner to obtain lavish points and improve his strength to protect himself.

Star Kingdom was the Milky Way.

There must be many strong ones.

With David's current strength, he still had a long way to go if he wanted to gain a foothold in Star Kingdom.

As for Star Dollars, it should be the common currency of Star Kingdom.

Just like how Earth used the Somerland Dollars, the Milky Way used Galaxy Dollars.

If David did not go to Star Kingdom, it would be impossible for him to spend trillions of Star Dollars online even if the system had been connected to the Star Kingdom network.

The system had now been refreshed and reorganized.

If he wanted to spend Star Dollars to get lavish points to improve his strength, he must go to Star Kingdom in person.

As the civilization he got in contact with became higher and higher, the strength of the people there would also become stronger and stronger.

David felt that he was getting closer and closer to the truth of the system.

He was very curious.

'What kind of person can create such a twisted thing?

'Where is the limit of the system?

"It can't keep upgrading without limit, right?

'It is only reasonable for the person who can create the system to be much stronger than the limit of the system."

David has too many doubts and puzzles for the super lavish system.

However, he admired it more.

He really had to obey the powerful functions of the system.

He only needed to think about how to spend money to become stronger.

Where else would he get such a good deal?

If David's personality was not shaped by his environment since he was young, he might not just be an Eternal.

Of course, another possibility was that he would be taken as a research subject by other powerhouses.

No matter what, David was happy with his current state.

He rather spent a little more time being careful just so he could eliminate the slightest hint of danger.
