

The Three Little Guardian Angels Chapter 2464

Chapter 2464

Colton checked through the contract. After a long while, he signed his name on it, and his lawyer also stamped it.

After they left, Colton received a call from Maisie. He answered the call and said, "Mom?"

Maisie said,

"Cole, Daisy and Nolly have returned to Yaramoor. When you have time, help me to pay a visit to the Knowles. Remember to bring gifts."

"What? They're in Yaramoor?"

"Daisy is pregnant, so of course, she has to go back to Yaramoor with Nolly. Since you're in Yaramoor, remember to pay a visit to the Knowles from time to time to promote the relationship between our families. Don't make the Knowles feel that we're slighting them. Understand?"

Colton pressed his lips thin. "Okay."

After he hung up the call, he looked outside through the window. If Daisy was pregnant, did this mean that he would also become an uncle?

For the sake of Daisy's kid, it seemed to him that he should pay a visit to the Knowles.

Suddenly, he received a text message that pulled him back to reality.

Shannon had invited her classmates to have a party at her boyfriend's house. A man was standing in front of the courtyard, waiting for them. Shannon walked up to him and wrapped her arm around his. "Darling, these are all my classmates."

The man hugged her and said, "Really? Welcome to my house. The party is over at the pool. We're about to start soon."

"Shannon, your boyfriend and you look so cute together."

"He must be very rich, right? Since he can live in such a big villa, I'm sure Shannon will have a happy life in the future."

This villa was situated in a rich district, and those who lived there were influential figures. They were all very jealous of Shannon, save for Freyja. She just stood at the side silently.

All of them came to the pool together. There was a grill, a variety of food, wine, and so on.

Shannon's boyfriend said, "Guys, please make yourselves at home."

The rest of the people said, "Alright then."

Some of them started the grill, and those who had brought their swimsuits went to change.

into them.

Suddenly, Freyja saw the man drag Shannon to the side. He was saying something to Shannon, and Shannon held his arm with a pleasing smile on her face.

The man pulled his arm out of Shannon's grip, turned around, and left.

When Shannon turned her head around, Freyja hastily averted a gaze.

Shannon walked over to her and asked, "Is your husband really not coming? He's going to miss a lot of fun."

The rest of the people looked over at them, and she continued. "Even if he's busy, he should make time for you. If he can't even do that, it means your husband doesn't really love you, does he?"

The rest of the people were also curious about Freyja's husband after listening to their conversation. After all, it was Shannon who had told them that Freyja was married.

"Huh? Is that true, Freyja? Your husband doesn't love you at all?"

"Shannon is right. No matter how busy he is, he should come here at least for a while and

show himself in front of us."

Freyja felt a headache. She rubbed her temples and said, "I told you that my husband is busy, so I hope you guys can understand. Besides, he doesn't like an occasion like this

."

Shannon frowned. "Who does your husband think he is? How can he be so busy when he just owns a small business? My boyfriend is busy as well, but he still makes time for me."

"That's right. Are you sure your husband isn't just giving excuses? As far as I know, if a husband can't make time for his wife, it means he has another woman outside." Leia was rendered speechless. She felt it was such a fortune that Colton was not here.

Chapter 2465

"What are you guys doing? I've brought you all some wine." The man came over with two bottles of wine in his hand. Another two men were standing beside him as well.

Shannon had never seen those two men before and was momentarily stunned. She walked up to her boyfriend and asked, "Are they your friends?"

The man asked, "You guys don't mind, right?"

Before Shannon could say anything, the other female students chimed in and teased, "Of course, we don't mind."

The party continued.

Freyja had been staying by the grill while the two men were having fun with those women in the pool. Those men were getting handsy on those women, and Freyja frowned. She did not know why but had a feeling that Shannon's boyfriend was up to something no good. It seemed to her that he did not care about Shannon's classmates at all. Otherwise, he wouldn't have brought two strangers with him.

Soon, Leia came up from the pool. Her face was dark, and she walked toward Freyja. "Can you come to the restroom with me?"

Freyja was momentarily stunned before nodding.

Freyja followed Leia to the restroom and waited outside the door. After Leia finished her business, she pulled a cigarette out and lit it up.

Looking at her, Freyja asked, "What's wrong?"

Leia took a drag from the cigarette and said, "I really don't know what kind of friends Shannon's boyfriend knows. While we were in the pool, those two b*stards were..."

After she finished speaking, she clicked her tongue and added, "They're so f*cking disgusting."

Freyja fell silent for a moment. "If you don't want to stay here anymore, do you want to leave with me?"

Leia froze. After a short while, she chuckled. "Shannon won't be happy if we leave now. I don't want to get into any trouble."

Freyja could see that Leia treated Shannon as her friend.

After she finished her cigarette, Leia came out with Freyja. Then, they saw there was an argument going on.

Leia walked over and asked, "What happened?"

The girl who was crying said, "He touched me."

Everyone looked toward the man, and he shrugged indifferently. "There are many people in the pool. It was just an accident. Besides, if you want to come out and have some fun, then stop putting on airs."

The girl felt humiliated and was shaking with anger.

Shannon and her boyfriend came out as well. When Shannon was about to say something, her boyfriend scoffed and said, "I thought something happened, so he just touched you."

The rest of the girls were stunned

Shannon did not want to make herself look embarrassed, so she just smiled and said, "Let's just forget about it. I'm sure he didn't mean it. Let's continue the party."

Freyja looked toward Leia. The latter kept silent, and there was disappointment in her eyes.

Shannon's boyfriend turned to Shannon and scolded, "What kind of friends did you bring, huh? We all came out to have some fun, yet she has to be a killjoy and spoil the fun. Don't you think that's annoying?"

Shannon's face turned pale. "I'm sorry, darling. I'll explain to them-"

Her boyfriend flung her hand away, "I allowed them to come here because of you. Tell them to stop being insensitive, or else get the hell out of here."

Shannon was so angry that she nearly passed out. She always told her friends that her boyfriend loved her very much, but now everyone knew that she was lying.

Her boyfriend did not love her at all. Would he do something like this to her friends if he really loved her?

Meanwhile, a few luxury cars drove into the courtyard. The crowd looked over and saw four bodyguards come out of the cars. The man that came out last was handsome and had a regal air about him that made everyone exclaim.

“Who is he?”

“Is he a friend of Shannon’s boyfriend? He’s really my type!”

Chapter 2466

Shannon was slightly taken aback. She stared at Freyja and bit her lip.

Freyja was profoundly surprised too. After all, she did not remember telling Colton about the venue.

‘How does he know that I’m here?’

Shannon’s boyfriend took a closer look at Colton. “Who are you?”

After saying that, he asked Shannon with a slightly irritated expression. “Is he your friend?”

Freyja walked toward Colton. “How did you know that I was here?”

Colton glanced at the people behind her indifferently, stretched out his arm, and embraced her. “Why didn’t you tell me you’ve come to this place?”

“Oh my God! Is he Freyja’s husband?”

“Didn’t Shannon say that Freyja’s husband is an entrepreneur who just started his own business? Those cars that came with him... Their total cost could buy anyone here a villa already, right?”

Listening to the whispers around her, Shannon clenched her hands that were hanging by her sides and forced a smile. “Freyja, how great is this now that your husband is here? We welcome him very much.”

Colton lifted his gaze. "I'm here only to pick up my wife. I couldn't care less to be part of such a meaningless occasion."

Shannon's expression turned livid as Colton talked back to her, and her boyfriend, who was standing right next to her, was not very happy with Colton's response either. "Hey, what do you mean by that?"

Colton's expression remained unchanged. "It means that I don't like your tiny house, so I don't see the need for us to stay here."

Shannon's boyfriend scoffed angrily and lifted his chin. "Does renting a few luxury cars give you all this confidence? Do *you* know who I am?"

"I don't need to know who *you* are." Colton wrapped his arm around Freyja's waist and was about to leave, but that was when Shannon's boyfriend rushed up to them. "You bastard, you stop right there!"

One of the bodyguards stepped forward to stop him. When he was about to assault the bodyguard, all the bodyguards drew their guns in an instant. The moment he saw the guns, he immediately raised his hands and dared not move another strand of muscle.

The people around were also frightened by the scene.

Even his two friends dared not come forward and voice out for him at that moment.

Colton suddenly stopped moving forward and turned to look at the rest of the guests. "You guys are my wife's coursemates, so I sincerely invite you to our villa as our honored guests. Do you want to stay here or leave with us?"

Those postgraduate students were all dumbfounded and looked at each other.

Leia was the first to walk out of the crowd. "I'll leave with you."

"Leia Shannon was astonished as she did not expect her friend to leave her.

Leia looked back at Shannon and explained calmly, "I'm very disappointed with you, Shannon. You're the one who invited us here, but you didn't even stand up for us and stop those two men when they harassed us. On the contrary, you actually sided with your boyfriend.

"Since your boyfriend doesn't even regard us as your friends, why should I diminish my own worth by staying here and getting treated like garbage?"

Leia's words also encouraged the lady who had also gotten harassed earlier. She mustered the courage to follow in Leia's footsteps. "Leia, I'll go with you."

She did not want to stay here anymore.

The other invitees were also convinced and stood behind Leia one after another.

“Let’s go

too.”

Seeing this scene, Shannon was stunned.

‘How did this happen?’

The corners of Colton’s mouth curled upward, and he wrapped his arm around Freyja’s waist. “Let’s go, darling. You’re the hostess of the night.”

Before Freyja could recover from the trance, she had already been led into the car by Colton while the others got into the other cars.

Watching the cars leaving, Shannon lowered her head and trembled with anger. She felt so wronged that she wanted to cry.

On the other side of the city, Colton’s cars drove into a villa located on the outskirts of the city without any hassle. The villa was five stories high, had a private garden and a golf course, and was surrounded by a rose garden.

Freyja looked out the window and was slightly shocked. “Where are we?”
