

Chapter 91

The time in the little black house was extremely difficult, and Noila Mo didn't dare to play games with her mobile phone, because her mobile phone was running out of battery.

Looking at the dark sky with wide eyes, Senior Shen's face appeared in front of her again.

Senior Shen, how is he? You must be very happy, right? It can be seen that Liang Nuanxin loves him very much. They are very talented and beautiful. Her face suddenly itchy, as if something was crawling, Noila Mo touched it with her hand, it was wet, and then she knew she was crying.

Senior Shen... Where are you? do you know that I miss you?

On the big bed in Lin Yuyan's apartment, two figures were tangled together.

After calming down, Lin Yuyan lay in Yu Feng's arms and gently stroked his chest with her hand: "Yu Feng, I beg you."

"what's up?"

"I have a younger sister named Noila Mo, who is following Allen Chu now. She called me in the afternoon and said that she was locked up in the dungeon."

Yu Feng's eyes widened in surprise: "Noila Mo is your sister? Impossible? You have one surname Mo and one Lin!"

Lin Yuyan lit a cigarette: "She is the stepfather's daughter. I followed my mother's last name."

“Oh! That’s how it is! That night you asked me to call your sister to accompany Young Master Chu, is she?”

“Yes, it was her. Besides, she was pregnant that night!”

Yu Feng was even more surprised: “I said she was pregnant at the wrong time! It turned out that she was pregnant that night! But Shao Chu didn’t seem to know that the baby in her stomach belonged to him, and kept calling the baby a wild species!”

Lin Yuyan smiled triumphantly: “Noila Mo doesn’t know that the child is Allen Chu’s! This is just right, we can just make a profitable business!”

Lin Yuyan talked about her plans one by one, Yu Feng finished listening, and patted her thigh: “Yu Yan, you are so smart! You can even think of this idea!”

...

Noila Mo’s cell phone rang suddenly. It was Lin Yuyan’s call.

“Hello, sister? Did my dad’s operation succeed?” Noila Mo asked nervously.

“It’s very successful. They are all first-class doctors and first-class equipment. How can they be unsuccessful?” Lin Yuyan said, “Noila, I am in the Chu family mansion with Yu Feng. Yu Feng has obtained the key to the dungeon. , When the servants are going to eat at noon, we will come to pick you up!”

“Um?” Noila Mo was a little dumbfounded. She could predict how furious Allen Chu would be if she knew she had escaped.

But she can’t manage that much. Dad’s operation has been successful, and the money she saved is enough for Dad to maintain his health. Quickly making up his mind, Noila Mo said to Lin Yuyan: “Okay, I’ll be waiting for you here.”

The waiting time was extremely long. It seemed that a century had passed before Noila Mo heard the soft key knocking from the iron gate.

It's sister! Noila Mo stood up excitedly. The iron door opened, and the dazzling sunlight outside made Noila Mo abruptly closed her eyes.

Noila Mo is missing! The servant ran over in a panic and reported the news to Allen Chu.

“Bang” slammed a fist on the table, and Allen Chu's big eyes flashed with annoyed bloodthirsty light: “Go find it for me! You don't need to come back if you can't find it!”

The servants all mobilized and rummaged the Chu family mansion together, only to find a piece of fetters that had been smashed apart. When Zhang Ma put the shackles in front of Allen Chu, Allen Chu's eyes could kill people!

Severely grabbed Zhang Ma by the collar: “Didn't I let you look at her well? Why did you let her run away again?”

Zhang Ma is Allen Chu's nanny, and Allen Chu always treats her with courtesy. This is the first time he has prevented her from coming to stage in front of everyone.

“I... the iron gate was opened with a key. Master, there must be a traitor in the Chu family.” Zhang Ma hurriedly excused herself.

Noila Mo was secretly sent to an apartment by Lin Yuyan when the Chu family was vigorously investigating the inner traitor.

“Sister, is Dad okay? Where did you put him? Is it safe? Will Allen Chu find him?” Noila Mo asked anxiously.

“Don’t worry, it’s absolutely safe. Allen Chu won’t find that place even after he died.” Lin Yuyan said perfunctorily. Put a fart, Mo Baishi is not her father, his life and death depend on her fart.

Let him lie down in the hospital. Allen Chu found that Noila Mo had run away. He would definitely go to the hospital to find him. Then, there would be a good show! A sullen smile appeared at the corner of Lin Yuyan’s mouth. Unfortunately, Noila Mo didn’t see it at all.

“Noila, you turn your hand off.” Lin Yuyan suddenly frowned and reminded.

Also, with the mobile phone on, Allen Chu may find her location through GPS. If Allen Chu finds her, then he will lose everything. Noila Mo obediently shut down the phone.

The days of deep living and simple leaving began. Although this apartment is relatively remote, Allen Chu’s magical powers are vast. Who can guarantee that his claws can’t reach here? So Noila Mo stayed in the house most of the time. Not dare to go out easily.

Today is the day of the inspection. Go out anyway. Noila Mo put on a very vulgar-looking golden wig, painted the eye circles again, and put two powders on his face, looking in the mirror, a vulgar hair salon girl, her sister Lin Yuyan, was standing In front of him, she probably wouldn’t recognize her.

The hospital to go to the maternity check-up is not far from home, and the sun outside is also very good, Noila Mo walked slowly, enjoying the intricately leisurely life.

There is a large electronic screen on the opposite floor, which is showing local news.

“President Chu recently announced that he will completely withdraw from the real estate industry in this city. It is rumored that there are major problems within Chu’s. Chu’s share price has fallen for three consecutive weeks, and today is a lower limit. According to sources, President Chu seems to be in a family dispute Zhong was hit hard, and it has been a long time since he went to the company to handle official business. Now the company’s business is supported by a group of loyal and loyal old employees to the Chu family. Rumor has it that Allen Chu, the president of the Chu family, seems to intend to quit the family business.”

Noila Mo looked up at the electronic display, and Allen Chu was attending a certain fair.

He has lost weight. There is a deep sorrow between the eyebrows. Although the tall figure is still so tall, it always seems to be a little decadent.

If Allen Chu used to be a high-ranking prince, with the domineering and hostile spirit of killing and decisiveness, then Allen Chu now has seven points more cold and three points less sunshine.

Suddenly, the camera gave Allen Chu a close-up, and those deep and sharp eyes immediately met Noila Mo’s eyes. Noila Mo instinctively stepped back in fright. This man, even on the screen, is still so overwhelming.

In such a shock, the little baby in his stomach seemed to feel his mother’s anxiety and began to kick in his stomach.

Noila Mo calmly patted her stomach: “Baby, don’t be afraid, don’t be afraid, there is a mother here!”

Haven’t eaten lunch yet, there is a restaurant next to it that looks good, extravagant, reward yourself, and let the baby in your stomach eat something nutritious!

Noila Mo touched her wallet, it should be enough. Walk slowly to the restaurant.

This is indeed a very high-end restaurant. Those who walked in and out were handsome guys and beautiful women, dressed up to be fashionable, with arrogant expressions.

The doorman looked at Noila Mo, with a golden wig and heavy makeup on her face, everything seemed cheap! I wanted to refuse her entry, but I couldn't bear to see her having a big belly. Still helped her open the glass door.

The food is delicious and the environment is elegant and quiet. And the tables are separated by large pots of green plants, which is very private. After eating, Noila Mo sat and rested comfortably.

There was a stir at the front door, and only the two girls at the right table were whispering.

“Wow! So handsome!”

“Yes! Much more handsome than on TV! This is the real president Fan! The other upstarts are simply weak!”

Noila Mo smiled slightly. It seemed that some handsome guy had come, and the little girls who had made him were idiots.

He raised his head and looked in front of him curiously, and he was immediately stunned.

Isn't that Allen Chu and Pei Jun? Pei Allen is dressed in a black casual suit. His tall nose is perfectly lined, his thin lips are tightly pressed, and his handsome face is somewhat indifferent, and his whole body reveals a strong aura and domineering!

Pei Jun next to him looked much gentler. There was a slight smile on Junlang's face. Looking into the dining room.

Noila Mo hurriedly shrank her head in fright, letting the green plant cover her face. What to do? What to do? What to do? She was crazy in her heart. It's hard to come by for a meal, and then I ran into the evil star Allen Chu!

In case he finds out, she definitely has no good fruit!

By coincidence, the footsteps of the two slowly came here. Two meters, one meter... getting closer and closer, Noila Mo lowered her head desperately, his heart pounding, almost jumping out of her chest.

But the waiter took Allen Chu and Pei Jun straight to the table on Noila Mo's left. Allen Chu looked around and found that this place was near the window and had a good view. On the right, there is a country non-mainstream with yellow hair and heavy makeup. It looks a bit uncomfortable.

Seeing Allen Chu frowning, Pei Jun knew what he was thinking, and said with a small smile, "Don't look, this is not your restaurant. Can you drive out if you are upset?"

Allen Chu said lightly: "That's not the case, it's just this kind of vulgar woman with yellow hair and heavy makeup, looking a bit off the appetite."

Holding a water glass, drinking water under the guise, Noila Mo hiding his face behind the glass, his hands froze in the air.

Vicious woman with yellow hair and heavy makeup? Is Allen Chu talking about her? She looked around secretly, yes! The girl around, she is the only one with golden hair and heavy makeup!

She was rejected by Allen Chu!

Chapter 92

Noila Mo drew the hair on the side of her face, desperately trying to cover her profile.

Forget it, vulgar is vulgar, just don't recognize her.

She wanted to call the waiter to pay the bill, but the bell on the table broke, and she didn't dare to call the waiter over. I had to wink at the waiter in the distance desperately, hoping that the other party would notice her.

The waiter didn't notice her, but Pei Jun, who was diagonally opposite, cast a strange look at her.

Noila Mo was so scared that she never dared to call the waiter again. I only hope that Pei Jun and Allen Chu will leave after eating.

Noila Mo lowered his head and pretended to drink water intently, but involuntarily raised his ears to eavesdrop on the conversation between Pei Jun and Allen Chu.

“Allen, that Noila Mo, haven't heard from her yet?” Suddenly, Noila Mo broke into her ears, making her tremble.

what happened? Is Allen Chu still looking for her? Oh my God, if he found out that she was sitting next to him now, she would be completely finished!

Noila Mo's hands started to tremble, and the small spoon in his hand made a crisp knock on the cup.

Noila Mo was taken aback by the knocking sound again, and quickly looked over the gap between the green plants, it seemed that Allen Chu and Pei Jun hadn't noticed the sound she made.

Noila Mo breathed a sigh of relief, and pricked his ears to listen to Allen Chu's answer.

"No." Allen Chu answered plainly. But there was a bit of bitterness in the voice. Even Noila Mo, who was very nervous, could hear it.

There was a strange feeling in my heart. Can't tell if it is sad or upset. In short, it is not so pleasant.

Pei Jun patted Allen Chu's hand: "It is destined not to be yours, so don't try to force it. Go to my bar for a few drinks at night, and I will pick you some of the most tender chicks.

Allen Chu frowned, "I don't like the ones in your store, they are all second-hand goods you have used!"

Pei Jun joked: "Shao Chu has a temper? Have you started to be a monk?"

Allen Chu snorted noncommittal.

Pei Jun sat upright and said seriously: "Allen, you won't be defending for that Noila Mo, are you?"

"Get out!" Allen Chu punched Pei Jun on the shoulder. Pei Jun laughed and said, "I guessed it! This Noila Mo really has two sons, so you can never forget it!"

Noila Mo sat next to her, listening to the frequent appearance of her name in fright. He didn't even dare to lift his head, and didn't dare to breathe hard, for fear that someone would accidentally let them notice him.

"Dingding..." Noila Mo's cell phone rang suddenly! Press it in a hurry, but after a second stop, it rang again! It's Lin Yuyan's phone number, maybe something is going on, but now Noila Mo dare to answer it!

Noila Mo's movements were too large, attracting the attention of Pei Jun from the diagonally opposite side. After a glance at Noila Mo, he was about to turn his eyes away, but suddenly felt that the girl was a bit familiar.

I carefully looked at Noila Mo again. The thick foundation can no longer see the original outline of her facial features. A popular and cheap golden wig and thick black eyeliner are finally confirmed. I don't know her, she is completely Strange woman.

“Allen, how is Chu's cooperation in developing new energy with Germany going?”
Pei Jun and Allen Chu began to whisper about work.

Noila Mo looked at the mute phone, and the 12 missed calls above were all from Lin Yuyan. How to do! My sister must be looking for her for something, but now she dare not answer the phone, she must be exposed when she speaks!

Let's take the risk to find a waiter to come over to checkout, and call Lin Yuyan as soon as I go out to see what happened.

Seeing a waiter passing by the table, Noila Mo quickly grabbed her. After a while, the waiter finally understood that she was going to check out.

This woman is really strange. Wasn't she talking when ordering? Why are you pretending to be dumb now! With full of questions, the waiter brought the bill for Noila Mo.

As soon as she saw the bill, Noila Mo's eyes went wide! More than 1,000 yuan!
Why is it so expensive! !

impossible! She saw it when she ordered! Not so expensive! !

Lian Bihua asked the waitress to question the waitress, but the beautiful waitress looked arrogant: “The price on the menu is GBP!”

Noila Mo really wanted to vomit blood! It's not for British food, what's the pound! What a scam! I had known that eating a meal was so expensive that she wouldn't have come in if she was killed! What should I do now, she only has 1,000 all over her body, and she will have to go for a maternity check soon. The money is not enough!

Want to call my sister, but dare not speak. If you want to go out to withdraw money, the waiter drags her to death again. I'm afraid that she will run away!

Both Allen Chu and Pei Jun at the next table frowned at the same time and looked at Noila Mo.

Noila Mo turned her back to them, gesturing to ask the waiter to give her a discount! I didn't even notice that she had been stared at by Allen Chu and Pei Jun for a long time!

"It seems that this dumb person doesn't have enough money, and the waiter didn't let her go, and the two quarreled." Pei Jun looked good at the show. This pregnant woman is very interesting, dressed so vulgarly, she knows how to enjoy it, just look at the dishes she ordered on the table. Quite tasteful.

Allen Chu's brows became even tighter, and he was so noisy that he finally made an appointment with Pei Jun for a meal, but he couldn't live without.

Damn woman, don't come in to eat if you have no money! The two people pulled and pulled there, which affected his mood for eating too much!

Allen Chu snapped his fingers: "Waitress!"

The waitress hurried over. The guests at this table are full of extravagance at first sight and must not be offended. Let's dry the dead pregnant woman next to her for a while!

“Sir, what do you need?”

“Pop!” A gold card was thrown on the table. Allen Chu stretched out a finger and shook it impatiently at Noila Mo: “Use this to swipe the bill for that woman.”

This sentence clearly spread to Noila Mo’s ears. She couldn’t help being surprised!

Allen Chu, I didn’t see it, you still know how to help others so much! Sure enough, after staying with me for a few months, my mind has improved a lot~~ Noila Mo is complacent in her heart.

Suddenly, I heard Allen Chu say: “Let her get away quickly, the young master of the honorable face has no appetite after seeing it.”

Vomit blood! Noila Mo silently made an expression of vomiting blood three liters in her heart!

Well, Allen Chu, the rich are just dragging! Then I will hurry up, you don’t want to see me, I don’t want to see you yet! Noila Mo was broken in her heart.

Pull your legs and walk out. Lowering his head to nowhere, Noila Mo rubbed out the door with little excitement.

“Wait!” A tall figure stopped in front of her! What kind of trouble is this! Noila Mo suddenly became one head and two big. I thought I had accidentally broken through the level, but I didn’t expect Yan Wangye to be waiting here!

“President Chu paid the bill for you, don’t you even have a word of thanks?” Pei Junqing’s voice came from above his head.

I want you to be nosy! Are you in love with Allen Chu and want to get some love! Noila Mo gritted his teeth and cursed Pei Jun to be nosy.

But the situation is better than others, it seems that it is impossible not to fight Allen Chu head-on today!

Pretending to be a deaf-mute voice, Noila Mo walked to Allen Chu and bowed deeply to him.

Allen Chu didn't look at her directly. He didn't care about Noila Mo's bow. Noila Mo secretly rejoiced in her heart, great, great! Thank God, thank Allah! Thank the Jade Emperor Guanyin Bodhisattva!

Before Noila Mo finished reciting the thanks, a big hand suddenly stretched out without warning, and pulled up the thin silver chain around her neck: "Where do you come from?"

Allen Chu's voice was so cold that there was no temperature.

This silver necklace was a birthday gift from her father. At that time, the family was already very poor. For fear of being collected by creditors, her father did not dare to find a formal job. He earned some money from odd jobs and bought this necklace for her. Simple look, but entrusted with father's endless fatherly love.

Noila Mo always wears it around her neck and never leaves her body. There was a spirit in his heart, did Allen Chu recognize this necklace?

How to do how to do! Noila Mo was desperately anxious, and fine beads of sweat began to seep from the tip of his nose. Hanging his head down on his chest, let the hair draped on both sides cover most of his face. Noila Mo suddenly felt that oxygen was so thin.

"What? Is there anything special about this necklace?" Pei Jun also leaned over to look. A very ordinary silver necklace, it's not a precious commodity, you can see it everywhere in the small shops on the street.

“It’s nothing, I have seen someone wear it like this.” As if Pei Jun saw his mind, Allen Chu let go and threw the necklace back to Noila Mo’s neck.

Noila Mo breathed a sigh of relief, and bowed to Allen Chu very sincerely, and was ready to slip away.

Turning too quickly, he ran into the waiter who was holding a plate next to him.

A shallow plate of hot soup was all poured on Noila Mo’s arm!

“Ah!” subconsciously screamed! Noila Mo reacted quickly, covering her mouth in fear, not daring to raise her head, for fear that Allen Chu had already heard her voice!

“Miss, I’m sorry, I’ll wipe it for you.” The waiter was so scared and quickly apologized. The soup was just coming out of the pot and it was steaming, so it was splashed on his arms. If the guests trouble her, she will definitely be fired by the manager. .

“Um...” Noila Mo didn’t dare to say anything, so she hurriedly stopped the kind waiter, wiped it with her hand, just want to leave here as soon as possible.

A strong air pressure approached. Noila Mo complained secretly in her heart, and she knew that her luck would not be so good! She knew that God would be against her! I thanked a bunch of people just now, and now they all take it back!

Allen Chu’s two long legs stood still in front of Noila Mo. The icy voice did not carry a trace of temperature: “Hold your head up!”

That scream just now sounded too familiar, too much like a person! Although he knew it was impossible, he couldn’t help but doubt!

Noila Mo lowered her head, squeezed her eyes desperately, made some tears, and made her face a little more flowery, so that it would be harder for Allen Chu to recognize her!

But after squeezing for a long time, there were no tears. Allen Chu already urged impatiently: “Huh?”

There was still some soup on her hand, Noila Mo was cruel, wiped the soup on her eyes, pretending to be scared, whimpered, and slowly raised her head.

Chapter 93

Cheap blond hair covered most of the face, and the exposed face was so thick that he couldn't see the facial features at all. The dark eyeliner was faded by sweat or something, and it looked dirty to death. With long false eyelashes and the two ridiculous blushes on her cheeks, this woman dared to go out! The doorman in the restaurant even let her in!

Allen Chu took a step back in fright, and his expression of disgust and disgust was clearly written on his face.

Pei Jun was also taken aback by Noila Mo. Monster! This sentence almost didn't blurt out!

Seeing Pei Allen's expression, Noila Mo knew he was safe. He didn't recognize her! It's always safe now, it's always safe! Thinking about it, she exhaled a long breath and walked outside the restaurant.

"Stop!" Allen Chu's disgusting voice sounded proudly behind her.

Turn around? Don't turn around? Stay? Run away? All kinds of thoughts rolled in Noila Mo's head, constantly rolling!

In the end, she chose to be obedient, turned around, buried her head low, and stood respectfully in front of Allen Chu.

President Chu, Young Master Chu, you are handsome and distinguished, why bother with me as a poor girl? Please, let me go! Noila Mo prayed a hundred times in her heart. I hope that God can hear the most earnest voice in her heart.

Allen Chu's bushy eyebrows were tightly furrowed, and he didn't want to look at this woman too much. For her vulgar appearance, it would be pollution! but! She still owes him something!

Lengly approached Noila Mo, and put his hand on her neck!

Noila Mo was shocked, her familiar touch made her suddenly feel as though she had been electrocuted!

“Thorn!” There was a sudden tingling on the neck, and the necklace was dragged away mercilessly by Allen Chu!

Noila Mo did not dare to look up, let alone speak, so she bowed desperately. His mouth babbled imitating the voice of a dumb pleading. This is a gift from her father. It is the most precious thing in her body. You can't just lose it like that!

Pei Jun also couldn't see it, so why bother to be a dumb man! This may be the most valuable thing in others.

Pei Jun patted Allen Chu on the shoulder: “Allen, why bother! You don't care about so many precious jewels, why would you like this broken necklace? Give it back to her!”

Allen Chu raised his eyebrows, with a cold arc at the corner of his mouth: “She doesn't wear this kind of necklace!”

Noila Mo's bow froze in midair. Doesn't she wear this necklace? Yes, she is poor and humble, so she doesn't even deserve to own a necklace? Even a necklace that belongs to her on her neck is to be ridiculed by these wealthy people. If they want to take it, take it away?

She is also a daughter held by her parents in the palm of her hand, like a pearl, so why should she be trampled under her feet like mud? Who gave them the power to trample on the dignity of others?

With both hands clenched into a fist, Noila Mo severely suppressed all anger and grievance. No more bowing, no more begging, you want it, take it! Today I don't

have the ability to protect my own things. One day I will have this ability! Allen Chu, you are waiting!

Immediately after turning over the wallet, Allen Chu's slender fingers stretched out in front of her, between the fingers, there was a stack of banknotes, the thickness was enough to buy hundreds of silver necklaces.

"Take it. I will pay it to you." The voice was cold, with a superior sense of superiority and a charity tone.

Noila Mo suddenly remembered the rainy night when she first met Allen Chu, when Allen Chu's car hit her to the ground, and he used the same tone when he threw a thick pile of money from the car window to her.

The same arrogance, the same contempt.

"Pop!" Noila Mo waved off the banknote in Allen Chu's hand. Pink banknotes scattered all over the place in an instant. Attracted the attention of other guests.

Angry tears gathered in the eye sockets, and Noila Mo bit her lips tightly to prevent it from flowing out. Turning around coldly, Noila Mo raised her head which had been hanging down a little bit.

Tears of anger and grievance finally shed uncontrollably after turning around! Noila Mo clenched her fists and tried to make her back straight and straight again. No matter how humble and humble, she would not be crushed by the insults of others!

"This woman is so strange!" Pei Jun said lowly. Other women are unhappy to be robbed of their necklaces, but seeing so much compensation, it would be strange not to bloom! This girl is really strange.

Qian Allen Chu didn't pick up the scattered Qian Chuwei. He glanced at the waiter standing next to him and said lightly, "These are all yours."

The waiter couldn't believe his luck! Opening his eyes wide, he asked Allen Chu in surprise: "Sir, do you say that all these belong to me?"

"Yeah." Allen Chu still looked aloof. It seems that the money is simply a pile of waste paper to him.

From the corner of her eye, she glanced at the woman who had walked to the corner of the street. The wind blew her hair that had been covering her face. She raised her hand to smooth the messy hair. The movements are smooth and elegant, where there is a little bit of vulgarity!

When the taxi came, she turned around, bent over, pulled the skirt, and got into the car. From a distance, that figure and the outline of that face are so familiar!

Noila Mo! It's Noila Mo!

Allen Chu's heart was choked! Push away the chair and rush out!

"Allen, Allen! What are you doing!" Pei Jun was baffled by the sudden situation. He threw some money on the table and chased it out.

When Allen Chu chased it out, the taxi had already ran a distance! Allen Chu opened his long legs and started running wildly!

The passers-by on the sidewalk was knocked over by him, and cast puzzled and disgusting eyes at him. Allen Chu couldn't take care of that much. Seeing that the taxi was turning at the front corner, he pushed away the crowd and rushed to the opposite street!

In order to avoid him, the cars on the road braked sharply, and the tires rubbed the ground and made a harsh sound! The traffic on the entire road is a mess!

The traffic policeman also ran over while blowing his whistle, “What are you doing! You don’t want to run through the red light!” Before the words fell silent, Allen Chu’s punch was already on his face!

After knocking the traffic police to the ground, Allen Chu continued to run wildly. Pei Jun was already out of breath after running. I really can’t tell that Allen Chu’s physical strength is so good! No wonder those women are so obsessed with him!

Probably the police had been trafficked, and within a while, a group of police surrounded Allen Chu and Pei Jun.

After Allen Chu put down two more policemen, he was severely twisted by the other policemen who came up. He could only watch the yellow taxi disappear from his vision...

Noila Mo! Let you escape under my nose! ! Allen Chu was so upset that he just wanted to hit the wall with his head.

There was no wall in front, only a bunch of policemen facing the enemy. Allen Chu vented and kicked one of the policemen who were reprimanding him!

Noila Mo was sitting in the taxi and heard the traffic broadcaster reporting the live traffic: a serious congestion occurred on the main road of Sanfan Road. A man ran wildly on the road, not only ran through a red light, but also turned over several pedestrians in order to avoid him. , The vehicles on the road had to take emergency brakes, causing the road to be in chaos... The man has now been taken away by the police. The preliminary judgment is that the man is guilty of serious mental illness...

The taxi driver sighed, “You said, this mental illness is not good enough to stay in the hospital, why do you run out! Isn’t this purely adding chaos to society?”

Noila Mo nodded in agreement: “Yes! If mental illness runs into the street, it is really easy to get into trouble!”

Outside the police station, Pei Jun was asking Allen Chu curiously: “Allen, what happened to you in the restaurant just now? Why did you suddenly rush into the street?”

Allen Chu squeezed the fist of his right hand, raised his eyebrows slightly, and did not answer.

“Hey~ Allen! You are too uninteresting! I took so much effort to bail you out, you don’t even pay attention to words!” Pei Jun stared at Allen Chu dissatisfied.

Allen Chu’s eyes looked deeper and farther into the sky. The weather was fine and the sky was blue, and there was not even a cloud.

The weather is fine, but the person he wants to see is not around.

The person he wanted to see avoided him like a scourge. He would rather wear a wig and heavy makeup than pretend to be dumb, and would rather bend down his stubborn body and beg for mercy than be acquainted with him.

The fist of the right hand was squeezed tighter. Until the thin necklace was deeply pressed into the palm of the hand, it pierced the palm of the hand.

Pei Jun looked at Allen Chu strangely. There was emotion in Allen Chu’s eyes, which he couldn’t understand. If you have to use one word to describe it, Pei Jun feels that the word grief is more appropriate.

But grief? Will Allen Chu be sad? Except for the accident twelve years ago, he never saw this emotion in Allen Chu's eyes again.

“Go, go to your bar.” Allen Chu glanced at Pei Jun, who was staring at him curiously, and said lightly.

“Okay, I will definitely pick you up some of the most beautiful girls. Hey, double* fly, 3P is up to you!” Pei Jun said with a smile. Right, this is the Allen Chu he is familiar with. Sensual dogs, all proficient, shit and grief are all inexplicable things.

Noila Mo sat in a chair outside the obstetrics clinic and waited in line for the check-up. Today is to do a B-ultrasound, and she is really a little worried.

The pregnant women who are waiting with her are basically accompanied by their husbands, and some even with their parents-in-laws. Noila Mo, who was alone, looked so different on the hospital bench.

Looking enviously at other people's husband feeling so distressed to his wife, a sneeze was rubbing his chest and patting his back, Noila Mo felt a little sadness in his heart.

“Baby, who is your father?” Noila Mo muttered to herself, touching her belly. She even regretted that she shouldn't have run so fast that morning, at least, she should look at the man's face.

Sadness surged, Noila Mo's nose was sour. “Sorry, baby, I can't give you a complete home. I can't let you ride happily on Dad's shoulders like other little babies.” Tears slipped silently along the thin cheeks.

“Wow, that young couple over there are so good friends!”

“Yes! The man is handsome and the woman is pretty! Oh, that woman seems to be Mayor Liang's daughter!”

“Is that Liang Nuanxin?”

“Yes. That’s her. Wow, her husband is so handsome!”

A pair of men and women walked over the corridor, making the pregnant women waiting for the check-up beside Noila Mo agitated. There was a lot of discussion.

Chapter 94

Noila Mo's eyes were immediately stunned when they saw the two people opposite!

It was Liang Nuanxin and Salmon Shen who came slowly over the corridor! Liang Nuanxin was wearing a pink maternity dress, carefully supported by Salmon Shen, and was slowly walking towards this side.

Her belly is still not visible at all, the pink doll-style maternity dress just makes her look more delicate and tender, like a doll like a cute doll. With porcelain-white and transparent skin, a very small nose, big black and flexible eyes, and a little red mouth, Noila Mo had to admit that Liang Nuanxin was indeed beautiful.

Salmon Shen wore an ivory white T, a simple style, but there was an indescribable taste on his body, elegant and handsome like a prince in a comic. He smiled while holding Liang Nuanxin's waist, lowered his head and said to her softly.

A layer of mist rose in Noila Mo's eyes. If, if time goes back, before she knows Allen Chu, Allen Chu no longer appears in her life, then, this smile, this care, will it belong to her?

Heart, knife cut generally colic. Noila Mo don't open your eyes. Don't want to look anymore.

Salmon Shen and Liang Nuanxin slowly walked towards her. Noila Mo's muscles were tense! She instinctively wanted to escape, no, she didn't want Senior Shen to see her like this! Dressed up like this, even she herself will despise herself!

But it was too late. Salmon Shen helped Liang Nuanxin to slowly sit down on the empty seat beside Noila Mo.

“Heart-warming, are you feeling better?” Salmon Shen asked cautiously. Nuan Xin walked here just now, and suddenly said that she was a little uncomfortable, and asked him to help her come and sit down.

“Um... Salmon, my head is still a little dizzy!” Liang Nuan said whisperingly, her baby voice, and her overall doll shape, really match. The pregnant women beside them all cast envy and amazing eyes.

Noila Mo looked at her shadow from the window glass.

With an exploding golden wig, the dark circles of his eyes had dizzy into panda eyes, and the powder on his face was messed up with tears. The whole person looks like the most vulgar and old-fashioned village girl.

Noila Mo laughed at herself. She was worried that Senior Shen would recognize herself just now. Now she is really worried. Now she is like this, even if she says she is Noila Mo, it is estimated that Senior Shen would not believe it.

Hearing Liang Nuanxin said that she was still not feeling well, Salmon Shen stood up thoughtfully and helped her gently massage her scalp.

Liang Nuanxin half leaned in his arms and squinted his eyes to enjoy his massage with a sweet look.

Noila Mo felt sour, she had already run so far! She is already hiding! Why did these people break into her life? First Allen Chu, now Senior Shen and Liang Nuanxin!

What did she do wrong? Why did God punish her like this? Let her watch the men and other women she like, performing so affectionately in front of her?

Noila Mo was thinking of getting up and leaving. If you can't see the heart, and can't see the appearance of Senior Shen and Liang Nuan, she won't be so painful.

“Please enter the No. 2 treatment room on the 45th.” A chanting voice came from the broadcast. Noila Mo was No. 48, and she was about to be there soon. The number will be invalid if left.

Noila Mo had to sit down again. “Pop!” The sound of the phone falling to the ground. It turned out that Noila Mo stood too anxiously just now, forgetting that the phone hadn’t been put in the bag, and when he sat down, the phone fell out.

Noila Mo was about to bend down to pick up the phone. A white and slender hand picked up the phone for her.

“It is better for pregnant women to bend less.” A gentle magnetic voice sounded in his ears. Noila Mo drew his hair to cover half of his face, raised his eyes and looked at him, and typed a “thank you” sign.

“Oh, I’m sorry, I don’t know you are a handicapped person.” Seeing Noila Mo’s sign language, Salmon Shen apologized urgently.

He didn’t react until he finished speaking. The woman opposite was deaf and mute, and couldn’t hear him at all. The fair and handsome face became more apologetic. He also slapped Noila Mo’s sign language indiscriminately, even drawing pictures.

Where does Salmon Shen know what sign language? But Noila Mo understood what he meant. She understood, Salmon Shen said no thanks, he was willing to serve her.

What is a real gentleman? Salmon Shen has a natural gentleman’s demeanor, and it has nothing to do with his origin or his tutor, nor is it because he is rich.

Salmon Shen is always so gentle, gentle and tolerant. This is the real gentleman’s demeanor.

Compared with Senior Shen, Allen Chu is simply shit. Noila Mo thought silently in her heart, her little white hand stroking her neck, and her neck was still aching. The necklace was torn off by Allen Chu, and the skin on his neck was torn in several places!

“Salmon, I’m thirsty, can you buy a bottle of water for me?” Watching Salmon Shen and Noila Mo sign gestures, Liang Nuanxin finally couldn’t sit still.

“Okay. I’ll be back in a while, and you will wait for me here.” Salmon Shen nodded politely at Noila Mo and left.

Noila Mo was warm for his politeness and thoughtfulness. This is his Senior Shen. In the case of her dressing up so vulgarly, he still didn’t show half of contempt, he still treated her like a real lady, and gave her due etiquette and respect.

It’s like Allen Chu’s pig breeder. He never knew what it means to respect others.

When Salmon Shen walked away, Liang Nuanxin turned around and looked at Noila Mo coldly.

Liang Nuanxin’s sharp and cold eyes startled Noila Mo. What? Is the wig dropped? She touched her hair, still on her head! Could it be that the false eyelashes have fallen off? She touched her false eyelashes and they are still there! Liang Nuanxin couldn’t recognize her!

She can only understand that Liang Nuanxin was jealous when she communicated with Salmon Shen just now! However, even if she is so ugly, such a vulgar woman must eat the jealousy, Liang Nuanxin is too unconfident in herself!

Noila Mo smiled bitterly, and simply closed his eyes, not giving Liang Nuanxin a chance to meet himself. Liang Nuan was nervous, she didn’t want to accompany her to be nervous.

“Noila Mo, don’t pretend to be fools!” Liang Nuanxin said, and Noila Mo almost jumped from the chair!

With wide surprised eyes, she was determined to look at Liang Nuanxin, very curious about how she recognized her.

Liang Nuanxin leaned over to reach Noila Mo’s ear, and said in a low voice, “Are you curious how I recognized you?”

Noila Mo wanted to continue to play the role of a strange and vulgar woman, but she couldn’t match curiosity. She looked at Liang Nuanxin’s eyes frankly and asked, “How can you recognize me when I am dressed like this? “

Liang Nuanxin gritted his teeth and said, “Because I just saw a table on the first floor with a name called “Zhou Xinyi” signed on it.” Noila Mo’s heart beat, Zhou Xinyi, this is for her pregnancy test. pseudonym. I was afraid that Allen Chu would find out.

“Then how do you know Zhou Xinyi is me?” Noila Mo was still confused.

“In front of Zhou Xinyi, there was a ‘Noila Mo’ but it was crossed out after writing. It is a pity that I didn’t paint thoroughly, but I saw it!” Liang Nuan said viciously, “Noila Mo, I thought you It’s dead! I didn’t expect your life to be so big! No black house can kill you!”

“Little black room?” Noila Mo asked in surprise. How did Liang Nuanxin know that she was locked in the little black room?

“Noila Mo, you probably don’t know yet? Chu Tianxi and I are in the same class, and we are as close as sisters!” Liang Nuanxin’s face was slightly proud.

No wonder! Noila Mo understood it all at once!

It's no wonder that Chu Tianxi treated her so excessively this time. Before, she only thought she was a little squeamish and temperamental, but she didn't think how bad her heart was. Noila Mo had never offended her. She supposedly shouldn't hate her so much, and even urged Allen Chu to put her in a dungeon.

It turned out that everything was instructed by Liang Nuanxin!

Noila Mo stared at Liang Nuanxin bitterly. She originally thought Liang Nuanxin was a good person, because she always felt that the girl who would fall in love with Senior Shen would not be bad. Only now I found out that she was the most sinister and cunning person!

“Noila Mo, I warn you, you stay away from Salmon Shen!” Liang Nuanxin turned to Noila Mo's side, and his slender fingers with pink nail polish suddenly pinched Noila Mo's inner arm. Meaty!

“Ah!” Noila Mo whispered in pain. The pregnant women next to them all looked over here. From a distance, Noila Mo saw Salmon Shen walking over here with water!

Liang Nuanxin used his body to block the sight of others, pretending to be enthusiastic and said: “Oh, what's wrong with you? Is it uncomfortable? Do you want to go first to see the doctor?” The strength in his hands is even greater!

Noila Mo still held her arm by Liang Nuanxin, and took a delicate and sharp knife out of her bag with the other hand, and gently pressed it against Liang Nuanxin's wrist, with a lower voice than Liang Nuanxin's, Even colder: “Let go, believe it or not, I will cut your hand muscles!”

Seeing Salmon Shen's figure getting closer, the knife in Noila Mo's hand also gave off a dazzling light. Liang Nuanxin let go, but said in a low voice, “Noila Mo, you wait for me!”

Noila Mo calmly retracted the knife and put it in his bag, and said in a voice that was so low that only Liang Nuanxin could hear: “Liang Nuanxin, are you not afraid that Senior Shen will throw you after seeing your face?”

She always thought Liang Nuanxin was a good person, so she really hoped that she could be with Senior Shen. She hoped that Senior Shen would be happy, and she thought Liang Nuanxin could give Senior Shen happiness.

It now appears that she was very wrong. How can a woman with such a vicious mind be worthy of being with Senior Shen?

Maybe she should stand up and expose the true face of Liang Nuanxin to Senior Shen.

The footsteps are getting closer. Salmon Shen walked over with water and smiled at Liang Nuanxin: “Nuanxin, are you thirsty?” Reaching out and unscrewing the bottle cap, he handed the water to Liang Nuanxin.

“Salmon, there is a strange smell here, let’s go!” Noila Mo was hesitating whether to speak to Salmon Shen, Liang Nuanxin suddenly stood up and took Salmon Shen’s arm.

Chapter 95

“Hey...” Noila Mo was about to catch up when the phone rang suddenly.

It was Lin Yuyan’s call, and Noila Mo hurriedly answered the phone.

Before the word “hello” came out, Lin Yuyan had already shouted on the phone: “Noila Mo! What the hell are you doing! You won’t answer the phone for a long time! I can’t find your person everywhere!” Where have you been wild!”

“I...” Noila Mo anxiously looked at Liang Nuanxin and Salmon Shen as they were walking further and further, and sighed helplessly: “Sister, I’m undergoing a checkup. It’s not convenient for me to pick up when you call me at noon. Later, I called you but didn’t get through. Did you ask me for something?”

“You are quite leisurely! Your father is dying!” Lin Yuyan said angrily.

“What! What happened to Dad? Yesterday I called you and said he was fine? Why did it happen suddenly?” Noila Mo’s voice trembled with anxiety.

“You ask me, I ask who to go! Anyway, your father needs to be hospitalized again now, so hurry up and get some money!” Lin Yuyan said.

“Ah? What should I do then? I don’t have much money now. Sister, have all the hundreds of thousands used up?” Noila Mo asked in surprise. Dad’s operation has been completed, and it is only in the later stage of cultivation, where would it cost more than 100,000.

“Yes! The medicines are very expensive now. The hospitalization fee is also very expensive, and we have to arrange doctors. The hundreds of thousands have already been spent!” Lin Yuyan said nonchalantly.

“Ah? What about the jewels in the safe? You can find the black market to sell them for some money.” Hearing that hundreds of thousands were spent, Noila Mo was also anxious.

“Jewelry? It was already sold!” Lin Yuyan’s voice finally had a guilty conscience.

“Why... how could it spend so much money?” Noila Mo whispered. However, Lin Yuyan heard clearly, her voice suddenly became louder, and her tone was fierce: “Noila Mo! You mean that I have embezzled all the money! Okay, I don’t care about your father! It doesn’t matter whether you die or live!”

“Ah, sister, I don’t mean to blame you... I’m sorry, don’t be angry.” Noila Mo apologized quickly when Lin Yuyan became angry.

“Then you find a way to get some money quickly! Otherwise, your father probably won’t live long.” Lin Yuyan said.

“I, I really don’t have any money...” Noila Mo burst into tears in a hurry!

“I remember you have a very expensive ring called Heart of the Sea. Give me that ring and I will change it for some money!” Lin Yuyan suddenly became enthusiastic.

Heart of the Ocean... Noila Mo felt a little hesitant in her heart when she touched the hard ring in the pocket of her pants.

This ring is the only valuable thing on the bottom of her box. I planned to sell it when the baby was born, and then use the money for the baby’s life and education.

But now, if you can’t pay, your father’s body will be ruined!

“Open it and see if you like it?” Allen Chu’s voice seemed to echo in his ears again. Noila Mo suddenly felt that Allen Chu was actually not as bad as she

thought. At least, willing to give such an expensive gift to his mistress shows that he is still very generous. Generosity and willingness to spend money for women are important criteria for a good man.

“Hey! Noila Mo! Are you listening to me after all!” Lin Yuyan’s roar interrupted Noila Mo’s thoughts.

“Oh, I’m listening, sister, don’t be angry. Come here tonight and I will give you the ring.” Noila Mo said quickly, for fear that Lin Yuyan would be angry and would not help her to take care of her father.

“Okay, see you tonight!” Lin Yuyan hung up with satisfaction.

In the private room on the second floor of the casino, Yu Feng looked at Lin Yuyan with some worry: “Yu Yan, would it be so bad for you? Noila Mo’s father is clearly dead, so you lie to her, in case she Someday I will hate you if I know the truth!”

Lin Yuyan took a mouthful of cigarettes and spit out a smoke ring with her fingers pointed up: “If you can conceal it for a while, I will say that she ran away. Allen Chu was angry and asked someone to do Mo Baishi. It has something to do with me. nothing!”

Yu Feng sighed: “Noila Mo gave you so much money to take care of her father. You really shouldn’t lie to her! Yu Yan, don’t you bet anymore? No amount of family property can withstand such a gamble. !”

Lin Yuyan’s exquisitely painted big eyes glanced at Yu Feng: “Do you think I’m willing to lie to Noila Mo? Allen Chu is all to blame! Obviously the operation was successful, but Allen Chu heard that Noila Mo ran away. Mo Baishi died if he was willing to pay for the medical expenses again! Allen Chu was the one who killed her father! I didn’t want to tell her this bad news because she was afraid that she was sad. How could I say that she was lying?”

Yu Feng frowned and shook his head: “Yu Yan, Noila has already given you a lot of money, why would you refuse to pay for Mo Baishi’s medical expenses? It was not Allen Chu who killed Mo Baishi, it was you!”

Lin Yuyan’s eyes widened fiercely: “Yu Feng, shut up! Don’t talk nonsense! Mo Baishi was killed by Allen Chu. This is a fact. If I hear you nonsense again in the future, don’t blame me for turning my face with you!”

Seeing Lin Yuyan’s anger, Yu Feng immediately softened: “Alright, alright, baby, don’t be angry. Allen Chu killed Mo Baishi, it has nothing to do with you!”

Lin Yuyan turned her anger into a smile, and pushed Yu Feng: “Let’s go, let’s find a buyer and sell this ring! I will come back to reverse the copy in a while!”

Yu Feng sighed and just wanted to persuade Lin Yuyan not to bet anymore, but he was afraid that Lin Yuyan would be angry. I had to swallow the words of persuasion back into my stomach.

In the low-key but noble high-end apartment, Liang Nuanxin is pouting and acting like a baby with Salmon Shen.

“Salmon, I don’t like these...” Bai Nen pointed at a pile of wedding ring picture albums on the table, “Seeing these jewels, I don’t feel tempted at all!”

Salmon Shen rubbed his temples tiredly: “You have also selected the albums sent by the designers of several major jewellery exhibitions, and you have not seen the right ones. Heartwarming, are you a bit too picky?”

A mild rebuke, but not at all uncomfortable.

Liang Nuanxin walked over and hugged Salmon Shen's neck, sitting on his lap and continuing to act like a baby: "This is our wedding ceremony! Of course we have to pick a wedding ring! Marriage is a major event in life, you won't even have this wish. Not satisfy me?"

Salmon Shen smiled helplessly: "Okay, I'll send it around to look around to see if there are any more precious top jewels."

The major newspapers in City C published news about Salmon Shen's heavy purchase of top-quality jewelry. Lin Yuyan, who was sitting at the table drinking milk and having breakfast, looked at the morning paper on the table, her eyes widened suddenly!

Picking up the phone, Lin Yuyan's voice was full of excitement: "Yu Feng! Good news! We are going to make a fortune!"

Yu Feng just sent Allen Chu to the office, heard Lin Yuyan's voice, closed the office door with a guilty conscience, and asked in a low voice: "What's the matter? You won the lottery?"

Lin Yuyan grinned and said: "The news is better than winning the lottery! Our ring can be let go! It was published in the newspaper, and the president of the Shen Group is asking for top-quality jewelry with a lot of money! This jewelry is top-notch enough? "

Yu Feng exploded as soon as he heard it: "Yu Yan, are you crazy? Do you know who the president Shen is married to?"

Lin Yuyan asked incomprehensibly, "Isn't it just warming up with Mayor Liang's daughter Liang Jin Liang? What's wrong?"

Yu Feng sighed: "Mayor Liang's daughter won't invite celebrities to get married? I will definitely invite Allen Chu! The ring is so special and conspicuous, Allen Chu

knew it was given to Noila Mo by a glance. The one! Then things will be done! Both of us will die miserably!”

Lin Yuyan smiled triumphantly: “What’s so difficult about this? When the ring is sold, we take the money and go abroad after paying off the gambling debt! No matter how powerful Allen Chu is, can the whole world want us?”

Yu Feng was also a little tempted: “You really want to go with me when you get the money? No more gambling in the future?”

Lin Yuyan continued to drink the ecstasy soup: “Of course! From now on we will go abroad to live in peace. I will marry you and have some more children for you. Okay?”

Yu Feng said with some worry: “Yu Yan, I hope you don’t lie to me, Allen Chu still trusts me very much now. In case he knows that I have done so many things I am sorry for him, I will die without a place to die!”

Salmon Shen went to the company. Liang Nuanxin was boringly watching a parenting program in her apartment. Auntie Zhang walked in: “Miss, there is a lady outside asking to see you, saying that she saw you advertised in the newspaper looking for a ring, and her family happened to have a top wedding ring. I want to show it to you.”

The top wedding ring? Liang Nuanxin’s eyes suddenly lit up: “Hurry up and invite her in.”

Lin Yuyan walked in confidently with a smile on her face. I glanced around and was shocked by the magnificent decoration and furnishings in the room. I immediately raised the price of the ring by one hundred thousand.

“Please sit down. I heard that you have a particularly beautiful ring in your hand?” Liang Nuanxin asked politely. In front of outsiders, she always has the image of a dignified and noble lady.

“Well, yes. I have a very special and very beautiful ring here. You will love it when you see it.” Lin Yuyan carefully took out a velvet box and placed it in front of Liang Nuanxin.

Seeing the box, Liang Nuanxin showed a little contempt on her face. This box was not the original box that Allen Chu gave to Noila Mo. It was just a box that Lin Yuyan found casually. It was very ordinary, low in material, and rough in workmanship.

Liang Nuanxin was secretly impatient in her heart: “What good things can be packed in such a broken box? It’s a waste of my time!”

Seeing a flash of contempt on Liang Nuanxin’s face, Lin Yuyan’s heart also began to feel a little lost. Could it be that these rich people have seen too many good things, and even look down on such top and expensive rings?

Hurry up and open the box in a panic, hoping to win a chance at the end.

“Miss Liang, this is the ring I was talking about. How would you like to see it?” Lin Yuyan showed the ring in the box to Liang Nuanxin with some worry.

...

Chapter 96

Liang Nuanxin looked into the box lazily. She didn't expect any high-end jewelry in this cheap box.

The moment his eyes touched the ring, they suddenly widened! In the next second, he squinted tightly again, trying to shrink his pupils, trying to see the blue light from the depths of the ring face!

Lin Yuyan was still beside her nervously and asked, "Miss Liang, what do you think?"

Liang Nuanxin didn't hear her at all, staring straight at the ring, her slender fingers couldn't help but stretched out, lightly picked up the ring, and admired it with intoxication.

The design, material and inlay craftsmanship are all first-class! There is also the uniqueness of the jewelry itself, which is indeed the most expensive jewelry! Liang Nuanxin has an intoxicated smile on her face. This is the wedding ring of her dreams! It's perfect!

This ring will definitely make her shine in the wedding ceremony!

Lin Yuyan was relieved to see the smile on Liang Nuanxin's face. It seems that the ring can sell for a good price!

After some bargaining, the two sides sold for 60 million yuan! According to Lin Yuyan's request, the money was remitted on the spot to her account opened abroad. The ring also stayed in the Shen family.

"Salmon! Look! What a beautiful ring!" As soon as Salmon Shen returned home, Liang Nuanxin happily held a small box to him.

Salmon Shen glanced at it. It was a sapphire ring, which was indeed unique and beautiful. Salmon Shen patted two heart-warming faces with his hands: “Yeah. Good. As long as you like it.” After that, he was ready to go to the study.

Liang Nuanxin’s face suddenly became cloudy. Big eyes and tears of grievance looked at Salmon Shen’s back: “Salmon, you are too perfunctory to me, right? This is our wedding ring! Don’t you take a good look?”

With his back to Liang Nuanxin, Salmon Shen’s thick eyebrows wrinkled slightly. But he turned around and said with a good temper: “I saw it just now, it’s really beautiful, it matches you!”

Liang Nuanxin didn’t feel happy because of his explanation. Instead, she became even more angry: “Salmon Shen! What do I mean when you are so cold! Do you still think of Noila Mo in your heart! If I am not pregnant, are you at all? Won’t you marry me?!”

Salmon Shen saw that Liang Nuanxin was really angry, and Jun’s face was helpless: “Nuanxin, don’t be angry, being angry is not good for the baby in your stomach.”

Not to say it’s okay, Liang Nuanxin couldn’t help it, and cried loudly: “Baby, babe, you know the baby, when did you care about me? Do you love me or not? Are you still In love with Noila Mo!”

Salmon Shen tried his best to suppress his inner emotions and walked up to pat Liang Nuanxin’s shoulders: “We are all getting married, what else are you talking about?”

Liang Nuanxin cried and tears rained: “I know you haven’t forgotten Noila Mo. I heard that she is missing. You have been looking for her everywhere...”

A word, evoked the infinite sadness in Salmon Shen’s heart.

I heard that Noila Mo was imprisoned by Allen Chu in the Chu family's dungeon. He was about to take people to the Chu family to pick Noila Mo out, but he heard that Noila Mo had escaped. How to run, where to run, I can't find out at all. As if the world had evaporated, Noila Mo disappeared into his world again.

Three years ago, she disappeared like this silently and suddenly. He searched for her for three years. Now, she disappeared again, I don't know if he has to wait a few more years. Salmon Shen was suddenly frightened, what if she never appeared again? If, from then on, he can never see Noila Mo again?

Also confused was Allen Chu in the Chu family mansion.

The night was like water, Allen Chu sat alone on the wooden chair on the terrace, smoking a cigarette alone.

The moonlight sprinkled a light on his figure, and the three-dimensional and deep facial features looked extremely handsome in the moonlight. Deeply exhaling a ring of suppressed smoke, Allen Chu's left hand suddenly clenched into a fist, the veins were exposed, and the knuckles were white because of the force.

There was no expression on the handsome face, only the lonely shadow and the clenched fists revealed his true emotions.

Noila Mo, where are you?

He should hate this little woman. She is the mistress he bought, and he dared to run without fulfilling the contract! He should hate her, but why, at this moment, what is in his heart is not hate, but longing. Deep, deep miss.

He missed her long hair, missed her stubborn eyes, missed her childlike smile, missed her faint smell of grass...

Yes. He missed her. Allen Chu missed Noila Mo.

This sentiment of longing was something he had never experienced in his 27 years of life. Unforgettable, devouring souls, without the mind to do anything, just keep thinking, thinking, thinking...

Today is the heart-warming day of Salmon Shen, President of the Shen Consortium, and Mayor Liang's daughter Liang.

The paparazzi and news reporters were dispatched throughout the whole process, and all kinds of cameras and cameras were ready for the first level of battle. Prepare to show the grand scene of the wedding perfectly.

Allen Chu also received a wedding invitation from Mayor Liang. Although the Chu family is wealthy, Mayor Liang's face should be given a bit.

Put on a black suit with high-level customization and a dark blue silk tie. His short hair is also refreshed and pleasant. Allen Chu in the mirror is handsome enough to make any woman scream.

Ring the bell habitually: Hello, Yu Feng, help me prepare the car.

What came from the loudspeaker was Lao Wang's voice: "Master, Yu Feng has asked for leave."

"Oh. Then you help me prepare the car." Allen Chu said indifferently.

Lao Wang hesitated, whether to tell Allen Chu, he felt that Yu Feng asked for leave this time a bit strange. Said it was a leave, but all his personal belongings were gone!

Forget it, maybe I think too much! Old Wang shook his head, went to the garage and drove the car out.

The wedding was indeed luxurious, with white roses spread all over the street. Two rows of exquisitely carved Roman pillars are wrapped with snow-white lace streamers, floating slightly in the breeze, like a fairyland.

The guests who came were either rich or expensive, and they were all the best elites from all walks of life in City C.

The solemn music rang. Liang Nuanxin walked out slowly holding the arm of his father Mayor Liang. The white wedding dress is beautifully designed, embellished with pearls and diamonds, making her look like a proud princess.

Salmon Shen stood among the guests, looking at his bride. Although there was a smile on his face, there was a sense of loss in his eyes...

In his heart, the heroine of this wedding should not be Liang Nuanxin, but Noila Mo. Is the only woman he wants to marry in his life. But where did Noila Mo go... his fists were slightly clenched, and the loss of his eyes became deeper...

Chicago, United States.

Noila Mo packed the last drawer and sat on the sofa exhaustedly. The belly is getting bigger and bigger, and the expected delivery date will be in a week. The body can no longer stand the toss.

“Noila, are you okay? Didn’t you let you wait for us to come back to clean up? Why did you clean up the house yourself?” Yu Feng and Lin Yuyan came back from the supermarket with big bags and small bags, and saw that they were all packed. Neat and tidy room, a bit embarrassed to say.

“Um, it’s okay, just clean up the room, not too tired.” Noila Mo smiled at Yu Feng slightly. To be honest, she was very surprised when she saw Yu Feng and Lin Yuyan appear in front of her together.

I thought that Yu Feng was just a classmate of my sister, but I didn’t expect to have developed a boyfriend and girlfriend relationship. It can be seen that Yu Feng loves Lin Yuyan very much, which adds a bit to Noila Mo’s impression of Yu Feng.

“Sister, can you tell me the number of the hospital? I want to call my dad.” Noila Mo looked at Lin Yuyan and discussed it with a good temper.

“Call? Are you looking for death? Allen Chu has monitored all the hospitals in the city in order to find you through your dad. You are calling him now, don’t you throw yourself into the net?” Lin Yuyan said with a guilty conscience.

“Oh...” Noila Mo lowered her head in disappointment. She has not talked to her on the phone since her father had surgery. I really want to know how well my father is doing.

But... thinking of Allen Chu’s gloomy face and violent temper, Noila Mo resisted the urge to call his father.

Yu Feng looked at Noila Mo with some guilt. This silly girl, her father died in the hospital long ago. But she is still here silly questioning, want to call her father.

Seeing Yu Feng’s eyes, Lin Yuyan gave him a fierce look. The man’s heart is too soft, and one day it will hurt her. If he hadn’t been doing well in bed, I would have dumped him!

The wedding will officially begin soon. People attending the wedding also began to take this opportunity to exchange greetings with each other and exchange feelings.

Allen Chu ignored the flattering smiles of the people around him, and stood alone by the window. Today is the 100th day of Noila Mo's disappearance. One hundred days. Where is she now? The due date is approaching, can her body survive it? Such a delicate little person has to face the pain of childbirth alone. Does anyone take care of her?

Maybe she is with that senior now? Are two people loving sweet? Have you forgotten Allen Chu a long time ago?

Anyway, she had never taken him seriously in her heart.

Anger, sourness, disappointment... The complex emotions intertwined, making Allen Chu's deep handsome eyes dark. Unconsciously, the white tulle curtains were tightly squeezed tightly by him, and when they let go, they had already pinched deep. The deep messy folds are like his deceived and injured heart.

"Allen, what do you think? So focused?" Pei Jun walked over and patted him on the shoulder. Pei Jun is always calm and calm, and his handsome face is always a cynical smile, as if he doesn't care about anything, it doesn't matter.

Allen Chu raised his eyebrows without speaking. Follow Pei Jun to the ceremony stage.

The wedding has begun, and the ring is about to be exchanged. It is very rude not to go to the ceremony.

Chapter 97

On the luxuriously decorated ceremony stage, the pastor was reading the wedding vows:

Now let us make a marriage vow before God. I want to ask two people the same question separately. This is a very long question. Please answer it after listening:

“Salmon Shen, are you willing to marry Liang Nuanxin as your wife, live with him in accordance with the teachings of the Bible, become one with her before God, love her, comfort her, respect her, and protect her, just like you love yourself. Is she sick or healthy, rich or poor, loyal to her until she leaves the world?”

The audience was silent, and the guests attending the wedding all smiled with blessings, waiting for Salmon Shen’s answer.

One second...Two seconds...Three seconds...Salmon Shen did not answer yet. The atmosphere is stagnant. The audience sitting in the front row began to whisper.

Liang Nuanxin still had a smile on her face, like a happy bride, her palms were slightly sweaty.

Salmon Shen’s eyes seemed to be looking at her, but his eyes had no focus at all. He was standing in front of her, but there was no such person in his eyes. His eyes looked at a place far away, a place that Liang Nuanxin could not reach for a lifetime.

Salmon Shen, never loved her. What he loved was Noila Mo from beginning to end.

Liang Nuanxin has never realized this so deeply.

Just when the atmosphere was so dignified that it was almost suffocating, Salmon Shen said, "I am willing." The voice was faint. At first glance, there was not much emotion, but if you listen carefully, you can tell that the voice is hidden. With a strong bitterness.

Liang Nuanxin clenched his teeth secretly. The beautiful jaw becomes hard and ugly.

The wedding is the most glorious and happiest moment for every woman, but she was humiliated by her husband at the wedding. His hesitation is the greatest humiliation. Deep in his heart, it is not her who wants to marry.

A woman named Noila Mo is the source of her humiliation.

Noila Mo. Liang Nuanxin called out the name coldly from the bottom of her heart, but the smile on her face was still well maintained. The right hand was clenched into a fist, and the nail was pinched deeply into the flesh.

"Liang Nuanxin, are you willing to marry Salmon Shen as your wife, live with him according to the teachings of the Bible, become one with him before God, love him, comfort him, respect him, and protect him as you love yourself. Is he sick or healthy, rich or poor, always loyal to him until he leaves the world?"

"I am willing." Liang Nuanxin answered without hesitation. Even if Salmon Shen doesn't love her, as long as there is no Noila Mo, she can make him fall in love with herself.

The guests at the ceremony began to applaud, wishing the two newcomers a good relationship for a hundred years.

Allen Chu and Pei Jun sat in the VIP area in the center. This is the closest place to the ceremony table and is the best place to watch the ceremony. Everyone on the stage could see clearly.

Salmon Shen didn't love Liang Nuanxin, Allen Chu could see clearly. Suddenly a question came up in his heart: Is it that Salmon Shen loves Noila Mo? Reminiscent of the dress shop Salmon Shen buying dresses for Noila Mo, and reminiscent of Noila Mo being kidnapped by the kidnappers, Salmon Shen happened to rescue her, and the two stayed alone outside for the night...

Allen Chu's heart was full of anger! The gloomy eyes became crazy and bloodthirsty! I was actually deceived by Noila Mo! What a pure neighbor relationship, he always regarded her as his sister! It's just nonsense! How many words of this liar woman are true?

She and Salmon Shen may not be as clean as she herself said! She came back that day and found no evidence such as hickey marks on her body, but this does not mean that she is clean!

Allen Chu suddenly felt that he had trusted Noila Mo too much before!

But what did his trust get? Only in exchange for her betrayal and escape!

The gloomy black eyes slowly turned into yin, anger surged, and red blood appeared like bloodthirsty. Noila Mo, you better not let me catch you! Otherwise you will die miserably! Allen Chu swears to heaven.

On the ceremony stage, the pastor was talking.

"Now I want to exchange rings as a token of marriage." The priest looked at the couple with satisfaction. The handsome man and the beauty of the woman, what a pleasing pair.

Salmon Shen took out a black velvet box and opened it gently. The sun shone on the gemstone, flashing a brilliant light, which made Allen Chu's eyes narrowed.

Liang Nuanxin stretched out a slender jade hand with lace gloves, and Salmon Shen gently put the ring on her finger...

Allen Chu in the VIP table suddenly shot sharp light from his eyes!

“Wait!” The deep magnetic voice broke the harmony of the whole wedding. Allen Chu’s burly body stood up from the chair, pushed a few steps away from the crowd and walked to the ceremony stage!

All the guests were stunned by the sudden situation!

Liang Nuanxin and Salmon Shen stayed there too, completely unable to react.

The gossip paparazzi with cameras and cameras around the wedding are all excited! This is to grab a marriage baa? Could it be that the president of the Chu Group has an affair with Mayor Liang’s daughter?

Could it be that Allen Chu and Liang Nuanxin are true love?

There was even more paparazzi: “I bet a hundred dollars, Allen Chu and Liang Nuan have an adultery!”

Another paparazzi’s tone was more affirmative: “I bet two hundred yuan, Allen Chu and Salmon Shen are a couple! They are in love with each other, and they are more in love than Jin Jian, but they dare not be together publicly due to the pressure of public opinion. Now Xiao Gong sees Xiao Su was forced to marry, and finally couldn’t help it!”

Allen Chu grabbed Liang Nuanxin’s hand, and violently tore the ring from her slender fingers! Liang Nuanxin’s finger was folded, and she let out an exclamation!

Allen Chu put the ring in front of his eyes and looked carefully. The bushy eyebrows wrinkled and tightened, and his face became more and more gloomy.

The wedding scene was quiet, so quiet that you could hear a needle falling on the ground.

Everyone is waiting to see what Allen Chu will do next. The blood of gossip has boiled on them.

After only one glance, Allen Chu recognized that this ring was the heart of the ocean he gave to Noila Mo! Didn't Noila Mo take it away when she ran away? Why is Liang Nuanxin here?

"This ring, where did you come from!" Allen Chu's voice was furious and reproachful, and Liang Nuan stayed in place. Allen Chu was very scary when he lost his temper, and most people couldn't hold his sharp and bloodthirsty eyes.

"Speak politely to my wife!" Salmon Shen put Liang Nuanxin behind him, and said lightly to Allen Chu. Salmon Shen didn't have a good impression of Allen Chu.

Had it not been for him to be frantic and put Noila Mo in the dungeon, Noila would never run away!

"Get away!" Allen Chu pushed Salmon Shen away. Salmon Shen was unprepared and he staggered.

Mayor Liang finally reacted and shouted at the nearby security guard: "Security! President Chu is drinking too much! Help him down!"

The security guard jogged and pretended to trot. It took a few minutes for a short 200-meter road to arrive. The security guards want to see a good show too! Mayor Liang's daughter-in-law was married, and the president of Chu's family actually asked where the wedding ring came from! There are so many hidden secrets, so many dreams!

Such a good show has not seen the ending yet, and Mayor Liang will force the ending. The security guards were very reluctant!

Seeing Mayor Liang command the security to come on stage, Pei Jun was afraid that Allen Chu would suffer, and ran to the stage, pretending to persuade Allen Chu, but actually blocking the security for Allen Chu: “Allen, today is the wedding of President Shen and Ms. Liang. Day, you don’t have to come to the stage if you want to say some blessings! Go, let’s get down and sit down!”

Allen Chu ignored Pei Jun’s concealment for him, and stared at Salmon Shen with sharp eagle eyes: “I gave this ring to my girlfriend. How could it be with you?!”

After hearing what Allen Chu said, Salmon Shen was also taken aback. Allen Chu’s girlfriend, is he talking about Noila Mo? This ring belongs to Noila Mo?

Salmon Shen didn’t care about being angry that Allen Chu disturbed his wedding, and hurriedly asked, “Is your girlfriend Noila Mo?”

Allen Chu nodded, his tone still bloodthirsty and cold: “Why is this ring in your hands? Where did you hide Noila Mo? What did you do to her?”

Allen Chu suddenly had a bad premonition in his heart. It is impossible for Noila Mo’s ring to be given to Salmon Shen as a wedding gift. Then, did something happen to Noila Mo?

Suddenly my heart twisted tightly! Allen Chu unscrewed Salmon Shen’s collar, his bloodthirsty eyes and Salmon Shen’s surprised eyes biting together.

The security guard standing next to him was drunk, what a bloody drama! There was such a spectacular scene at the wedding scene! Today is a real profit on duty!

Mayor Liang coughed heavily to make the security guards wake up from watching the excitement, and rushed to hug Allen Chu, trying to separate him from Salmon Shen.

Allen Chu fell over his shoulder beautifully and knocked down two security guards at once.

Mayor Liang was furious, and Allen Chu dared to disrupt his daughter's wedding. He wanted to make Chu's enterprise not so much better! Standing up from the chair, Mayor Liang pointed at Allen Chu's nose and cursed: "Chu, don't mess around because you have money! This is my daughter's wedding. I get out!"

Seeing that Mayor Liang was really angry, Pei Jun quickly walked over to help Allen Chu clean up the mess: "Mayor Liang, don't worry, there must be some misunderstanding in the middle. Just wait for everyone to talk about it."

Liang Nuanxin trembled with anger when she saw the wedding mess up! Noila Mo! Noila Mo! It's Noila Mo again! How is this woman everywhere!

Even the wedding ring she had chosen so far was said to have been worn by Noila Mo! Liang Nuanxin's hatred for Noila Mo reached its culmination, and Noila Mo would not be able to dispel her hatred!

"Allen Chu! Don't deceive people too much! I bought this ring from a woman for 60 million! That woman is definitely not Noila Mo!"

Chapter 98

Allen Chu's sharp eyes glowed with bloodthirsty rays, and looked at Liang Nuanxin fiercely: "You dare to buy this ring if you don't know the origin of it? Should I despise your mental retardation, or should I force you to tell the truth?"

Liang Nuanxin's face has a hideous look: "The truth? Then I will tell you the truth, Noila Mo kind of slut, I feel annoying when I look at it! If you know this ring is hers, I threw it into the trash. Go in the pile!"

Allen Chu took a step towards Liang Nuanxin, his cold face almost touching her face: "Miss Liang, you better tell me where Noila Mo is now! Otherwise, you will be at your own risk!"

After Allen Chu said that, Salmon Shen was a little bit dubious. Does Nuan Xin really know the whereabouts of Noila? Nuan Xin has always been hostile to Noila. When a woman becomes jealous, it is possible to do anything!

Salmon Shen also looked at Liang Nuanxin pleadingly: "Nuanxin, if you know where Noila is, please tell me as soon as possible..."

Liang Nuan trembled all over, looked at Salmon Shen with unbelievable eyes, he would doubt himself because of Noila Mo!

Pointing at Salmon Shen with his finger, Liang Nuan was speechless. I just felt a cramp in my lower abdomen, and a stream of heat flowed down my thigh...

Liang Nuan looked down in a panic, and the long white skirt had already dazzled bright red!

I miscarried myself! She and Salmon Shen's children are gone! A broken scream tore people's eardrums, Liang Nuan's face was full of grief and anger, and

trembling fingers pointed at Allen Chu: “Allen Chu, you must not die! Both you and Noila Mo will be retributed!”

“Warm your heart!” Salmon Shen and Mayor Liang simultaneously supported Liang Nuan’s heart, who was slumped. Mayor Liang looked at Allen Chu’s eyes with resentment.

Allen Chu didn’t even notice the look in Mayor Liang’s eyes. He held the ring tightly, just like a person falling into the water holding the last straw. This is Noila’s ring, follow this ring to check, maybe you can find Noila’s whereabouts...

With the arrival of the ambulance, the wedding scene is even more chaotic. Paparazzi and various media are busy taking pictures and interviews.

The wedding of the mayor’s daughter is full of attention, and the unprecedented grand wedding will end in this way. The headlines tomorrow will be unexpected!

Allen Chu, the culprit, did not seem to feel the chaos at all. His thick eyebrows were still frowning. At this moment, he was full of manpower to search for Noila Mo. Shoot him hard!

“Allen, hurry up!” Seeing that reporters had already rushed here, Pei Jun pulled Allen Chu away.

Finally escaped the chase of the reporters and got into the car. Pei Jun’s always light and windy face also has a trace of blame: “Allen, what happened to you today? Even if you suspect that the ring is Noila Mo’s, you should not tear it through on the spot. Liang Nuanxin, after all, is Mayor Liang Salmon Shen’s daughter, Salmon Shen is also backed by Shen’s enterprise. You offended two powers at once.

Allen Chu’s body was stretched tight. This ring had completely attracted all his attention. Was it the ring sold by Noila Mo? What life does she live? So down to

the point that you need to sell rings? Or did something happen to her and the ring fell into someone else's hand?

Seeing Allen Chu's deaf ears, Pei Jun secretly sighed.

Outside the senior ward of the hospital, Salmon Shen and Mayor Liang are waiting anxiously. As soon as the doctor walked out of the ward, two people gathered around: "Doctor, how is the heart warming?"

The doctor shook his head: "The fetus cannot be saved. Please comfort her!"

Salmon Shen and Mayor Liang glanced at each other and walked into the ward with a heavy heart.

Liang Nuanxin was lying on the bed in a daze when she saw Salmon Shen and Mayor Liang coming. As soon as her nose was sour, tears flowed down her white face.

"Salmon, I'm sorry... it's because I'm not good, I couldn't hold the baby..." Liang Nuan cried extremely sadly. This baby is the only bond between her and Salmon. Salmon Shen is willing to marry her because she has the baby in her belly. Now that the baby is gone, will Salmon Shen abandon her?

"Heart-warming, I should be the one who said I'm sorry...I didn't protect you and didn't stop Allen Chu." Salmon Shen's heart was also sour, Liang Nuan's heart, after all, is his own flesh and blood. It's just a small germ, but it's also a small life!

The hatred towards Allen Chu in my heart has slowly spread, like a poisonous tree, taking root in my heart...

"Allen! You, will you leave me?" Liang Nuanxin finally asked her what worries her.

“Silly Nuanxin, why would I leave you? Don’t say silly things...” Salmon Shen gently stroked Liang Nuanxin’s hair, comforting her softly.

“Then you promise me that you will never leave me!” Salmon Shen’s answer made Liang Nuan feel more at ease and began to act like a baby.

Looking at Liang Nuan’s weak and pale face, Salmon Shen couldn’t say anything to refuse. It was all my own fault that made Nuan Xin lose her child. Only Salmon Shen knew how Liang Nuanxin was looking forward to the birth of her child.

The sets of small clothes have been bought long ago. There are cradles and toys. All are the best. Liang Nuanxin is full of expectations for her and her baby. But now...

“I promise you.” Salmon Shen said softly.

Liang Nuanxin’s worries suddenly disappeared! Salmon Shen is a gentleman, and he will do what he promises. Now that he promised that he would never leave, he would definitely do it.

Liang Nuanxin even began to rejoice that she had a miscarriage. If she didn’t have a miscarriage, Salmon Shen would not be so guilty and would not agree to never leave her. Just the poor little baby in the stomach...

Liang Nuanxin’s eye circles are red! Allen Chu, I will never let you go!

Looking at Mayor Liang standing nearby, Liang Nuanxin whispered: “Dad...”

“Heart-warming, Dad is here. How are you feeling?” Mayor Liang’s face was also very ugly. On the one hand, he was worried about his daughter’s body, and on the other hand, he was angry. Allen Chu was really not sure what was good or bad. He even dared to disrupt the situation of his daughter’s wedding! This shows that he doesn’t pay attention to himself at all! Although the Chu family was wealthy, some

of the companies were still in City C. He dared to shame himself on his own territory, which is really hateful!

“Dad, you must help me out!” Liang Nuanxin’s pale complexion looked very pitiful, “That Allen Chu is too damn! You don’t look at the monk’s face but the Buddha’s face! He is so angry that I have a miscarriage. Now, Dad, you must avenge me!”

“Good girl, Dad knows how to do it. Take care of yourself.” Mayor Liang said with a tight eyebrow. I had an idea secretly in my heart.

Chu Group Building. In Allen Chu’s office.

“President, this is the report for this month.” The director of the finance department brought the monthly performance summary.

Seeing the numbers on the form, Allen Chu’s eyebrows frowned slightly: “Director Wang, the report figures for this month are ugly...”

“President, we have worked hard, but the tax inspection is too tight. It was never so strict before. I suspect that someone is secretly making trouble.”

Allen Chu raised his eyes, and Director Wang shuddered with his sharp gaze.

“Put it here, and call the director of the project department to come in.” Seeing Director Wang’s appearance of a mouse seeing a cat, Allen Chu felt disgusted and shook his hand to let him out.

The director of the project department walked in tremblingly with the data report.

Pass the data sheet to Allen Chu, and look at Allen Chu’s face secretly from the corner of his eye.

Sure enough, Allen Chu's eyebrows wrinkled closer and closer, and his face became more and more gloomy!

"Pop!" The report was thrown on the table! "Explain to me why the performance this month is so bad!" Allen Chu's voice was full of majesty.

"President, I, I... I have tried my best! But the few plots of land sold this month have all been unsold! I heard from those officials that it was Mayor Liang's order to completely block Chu companies in all industries. !"

"Mayor Liang?" Allen Chu's eyes narrowed dangerously.

"Yes, that's Mayor Liang. I heard that Mayor Liang hates you because you disturbed Mayor Liang's daughter's wedding!" The project director looked at Allen Chu's face and said cautiously.

"Haha..." Allen Chu suddenly raised his hair and let out a burst of arrogant laughter, "Just rely on him? A mayor? Want to block the Chu family?" Allen Chu's eagle eyes flashed mockingly.

"My President, you have an internal phone." The secretary's gentle voice came from the loudspeaker on the table.

Allen Chu waved his hand to let the project director go out first. Pressed the answer button on the desk.

On the phone was the majestic voice of an elderly man: "Allen, you have the ability, for a woman, you don't even want to do business?!"

Allen Chu frowned, and there was a touch of helplessness in his eyes: "Grandpa, what rumors have you heard again?"

“The rumors? The news has come to the United States! If you hadn’t heard your Uncle Zhang say, I don’t know you are so promising now, for a woman, dare to offend the mayor of C!”

Allen Chu raised his eyebrows indifferently: “It’s just a mayor! Isn’t it a joke to block the Chu family?”

“It’s just a mayor? Do you know who is behind him? It’s XXX! I got three points when I saw it. You dare to disturb other people’s weddings for a woman!” The old voice became more and more angry. More and more rude.

Allen Chu was also slightly surprised when he heard XXX’s name. He never expected that Mayor Liang had such a background. XXX, the one in the *South sea*, below one person, above ten thousand people. No matter how powerful the Chu family is, they can’t compete with the state apparatus!

“Allen, come to the U.S. immediately. You will take care of the company in Chicago. Don’t interfere with the business in City C. I will ask your uncle to come back to deal with it.” The Chu family’s old man said very firmly.

Allen Chu was silent. It is indeed unwise for him to stay in City C now, but if he leaves here for Chicago, the hope of finding Noila is even slimmer...”

“Allen! I’ve booked a plane ticket for you, and I will go to Chicago tomorrow morning. You can figure it out!” Mr. Chu dropped a word and hung up the phone.

Chapter 99

In the dimly lit casino, Lin Yuyan was fighting hard at the gaming table.

“I bet big!” The exhilarating voice has lost his reason. I was lucky at the beginning tonight and won a few hundred dollars, but then my luck got worse and worse, with fewer and fewer chips in my hand, and losing more and more. many.

“Yu Yan, don’t bet anymore, let’s go back.” Yu Feng took Lin Yuyan’s hand and wanted to take her out of here.

Lin Yuyan has already lost his eyes, and if she is not taken away, their money will be lost! Noila is about to produce and needs a lot of money. Lin Yuyan lives in a luxurious life. It costs a lot to maintain three people. The money for selling the ring is almost spent.

“Don’t worry about it!” Lin Yuyan slammed Yu Feng’s hand away, staring at the card table with bloodshot eyes...

Noila Mo was alone in the apartment packing the things he needed for labor, brushing the cute little clothes and hat with his hand, and his heart was full of tenderness...

Baby, you are coming to the world soon, mom is looking forward to you. I hope you are a healthy and beautiful baby.

Although you don’t have a father, your mother will take good care of you and give you all your love... Noila Mo gently caressed her belly, her face filled with maternal love.

Suddenly, there was a dull pain in the lower abdomen. Noila Mo was a little nervous, is it about to give birth?

Thinking of what the doctor said, when the due date was approaching, there would often be false contractions, Noila Mo's nervous mood relaxed a bit.

According to the doctor, lying flat on the bed, Noila Mo began to count the number of contractions, from one pain every half an hour to a regular pain once every ten minutes, which was very consistent with the doctor's symptoms of labor!

But now she is the only one in the family! Noila Mo became a little nervous, grabbed the phone and called Lin Yuyan.

"Beep...beep..." The monotonous voice echoed in her ear, and no one answered the call.

Noila Mo hit Yu Feng again, but no one picked it up.

The ear-splitting music in the casino completely concealed the phone's ringtone, Lin Yuyan was betting excitedly, and Yu Feng looked helplessly by her side. No one noticed that the phone in the bag was ringing faintly.

The interval of pain had become shorter and shorter, and Noila Mo knew that he was about to give birth. Enduring a burst of increasing pain, Noila Mo got out of bed and packed up the baby bag, small clothes, milk bottle, and maternity supplies, all neatly placed in the big bag prepared in advance.

The pain had become unbearable, and the fine beads of sweat on Noila Mo's forehead slowly turned into large and large drops, dripping down her pale cheeks.

Sister, where are you? Noila Mo called Lin Yuyan again, but still couldn't get through.

It was too late, stretched out a trembling hand, Noila Mo dialed the hospital's emergency number with the last bit of strength...

When Lin Yuyan and Yu Feng arrived at the hospital, Noila Mo had already entered the operating room.

“Doctor, how is my sister?” Lin Yuyan asked a little irritably. Seeing that one is about to win. Yu Feng made a fuss and left the casino, saying that Noila Mo had sent a text message saying that he had gone to the hospital. It’s about to give birth.

What a disappointment! She is not her biological sister, so Baba came to take care of her! The money for selling the ring has almost lost today. I don’t know if there is anything else valuable in Noila Mo... I have to find a way to get more money, Lin Yuyan thought.

Hearing from the doctor that Noila Mo would not be able to give birth for a while, Lin Yuyan and Allen Chu were watching TV in the lobby of the hospital.

This is a hospital exclusively for Chinese women. The doctors and nurses are all Chinese. Even TV programs focus on Chinatown news.

“According to rumors, the heir of the Chu family has returned to Chicago from C City and is ready to take over the Chu consortium in an all-round way. This heir of the Chu family, who had been managing business for the Chu family in City C before, was recalled to Chicago by Mr. Chu. Another purpose is to choose a wife for the heir of the Chu family. President Chu is 27 years old this year, he is not yet married, has wealth and looks, and is the real diamond king of five!”

Gossip news was being broadcast on the TV, and several relatives who were waiting for the patient began to discuss in a low voice: “The heir of the Chu family chooses a wife. In fact, the old man of Chu wants to find a small heir for the Chu family earlier. Allen Chu has been reluctant. Getting married, Mr. Chu wants to hug his grandson and wants to be crazy!”

“Allen Chu?” Lin Yuyan’s ears were straight up!

Quickly walked to the front, sat right in front of the TV, and watched the news seriously.

It seems that Mr. Chu really wants to hug his grandson and is crazy! The most important thing in choosing a wife is to be able to give birth to a small heir for the Chu family.

Lin Yuyan's eyes lit up! A strategy came to mind! "Haha..." Lin Yuyan couldn't help laughing proudly! God is so kind to her! What do you think?

Little heir? There will be a real little heir in the ward right away!

"Yu Yan, why are you so happy?" Yu Feng was a little puzzled, and just lost a lot of money in gambling at night, how come Yu Yan laughed!

"Yu Feng, listen to me..." Lin Yuyan whispered her plan to Yu Feng.

After Yu Feng listened, his eyes widened: "Yu Yan, are you crazy? If Noila knows, he will hate you to death!"

Lin Yuyan sneered and said, "If we don't do this, how can we survive in Chicago? We ran out of money and can only wait to be driven away by the landlord!"

Yu Feng shook his head and wanted to say something more. Lin Yuyan had already plunged into his arms coquettishly: "Afeng, don't you love me the most? Don't you want me to have a good life?"

Yu Feng looked at Lin Yuyan's enchanting face, and was rubbed against Lin Yuyan's big breasts, only to feel a fever in her lower abdomen... The little sympathy for Noila Mo disappeared immediately.

Lin Yuyan took off all the jewels on her body, took a thick dish of banknotes from the cash machine, put it in an envelope, and walked into the doctor's office.

In the delivery room, Noila Mo had already used the strength to feed her milk. She felt that her consciousness was gradually disappearing, and the pain was overwhelming. Her lips had been bitten by herself, and her slender fingers were tight. Grab the iron railings on the production stage, exhaust the last bit of strength, and let out a hoarse mother animal roar!

A stream of heat rushed out, and there was a burst of lightness and joy in the birth canal... Noila Mo knew that the child was born!

She was so tired that she fell asleep faintly before even opening her eyes to look at the child.

In the office, the doctor sneakily handed Yu Feng a baby carrier. Yu Feng didn't say a word, and walked out carrying the basket.

After waking up after a long sleep, Noila Mo finally regained some strength. Opening her eyes, Lin Yuyan was sleeping on the escort bed next to her.

“Sister!” Noila Mo said weakly, looking around in the ward.

Why are only her and sister in the ward? Where's the baby? Why is the baby not by her side?

Lin Yuyan was awakened by Noila Mo's call, a trace of panic flashed in her eyes, and she soon calmed down.

Rubbing her eyes fiercely with her hand, Lin Yuyan tried her best to squeeze out a few tears, her voice was extremely tragic: “Noila...”

Seeing Lin Yuyan's expression, Noila Mo suddenly had a bad feeling in her heart: “Sister, what's the matter? Baby?”

Hearing Noila Mo's words, Lin Yuyan began to cry loudly: "Noila! My hard-working sister! Baby, baby she..." Lin Yuyan covered her face with her hand and rubbed her eyes desperately, hoping to get her eyes closed. Rub the red, squeeze a few more tears,

"Sister, what's wrong with the baby? Where did the baby go? Is there a physical problem? She was in the intensive care unit?" Noila Mo burst into tears instantly and she cast a face.

Baby, why is her baby so pitiful, he just came out of the womb and got sick!

Lin Yuyan cried loudly: "Noila... baby, baby is gone!"

Noila Mo's eyes turned black and her head buzzed with pain, as if she was hit by a big stick. Struggling to get up from the bed: "Sister! What did you say! You said the baby is gone? Where did the baby go?!" The more she talked, the more frightened, she really didn't want to hear any bad news!

"Baby, she was born with a physical disability and died after she was born!" Lin Yuyan cried out this sentence.

Noila Mo's eyes went dark and she passed out.

In the luxurious and amazing castle-style building of the Chu family, the servant is respectfully reporting to Mr. Chu: "Master, there is a woman outside. She said she is the young master's girlfriend. She has just given birth to a son."

Mr. Chu was originally drowsy playing chess with the servant, when he heard these words, his eyes flashed like a 500-watt light bulb!

"Woman? Born a son to the young master?!" The voice was surprised and happy!

Now my son doesn't care about the family business at all, just traveling around. Allen, the only grandson, is very capable and can take over Chu's business in the future, but he is already 27 and he doesn't even have a stable girlfriend! It seems almost impossible to expect him to get married. He was crazy when he wanted to hug his great-grandson, but he didn't expect that a great-grandson would actually be brought here today!

“Quick! Let her come in!” The old man Chu was going crazy! Whether it's true or not, it's okay to have a gossip news for fun, Allen Chu, this kid, just like his father, has a cold face. This family has no popularity at all!

Hearing that Mr. Chu had requested, Lin Yuyan showed an unexpected smile on her face.

Wrap the baby in her arms tightly, Lin Yuyan followed the old housekeeper into the ancient castle of Chu family.

This is a real old castle, the high roof is painted with magnificent color paintings, black and gold furniture and huge crystal chandeliers, expensive antiques and blooming flowers everywhere, make this ancient Fort has an oppressive wealth and aura.

In the middle of the hall, in front of the fireplace sat an old man with white beard and hair. Lin Yuyan hugged the baby in her arms and slowly walked towards him.

Chapter 100

Lin Yuyan walked towards the old man on the sofa holding her baby.

The child in his arms slept soundly, with a white tender face, a tall nose, and a small pink mouth. It looked very cute.

“This is the old lady of the Chu family.” The steward next to her introduced her.

“I have seen the old man.” Lin Yuyan suddenly felt a strong pressure, and looked up at the old man Chu who was sitting on the sofa with a smile, secretly wondering in her heart, why is such a kind and amiable old man so powerful? The aura.

“Quickly, hurry up and bring the child over and let me have a look!” The old man Chu, who had been looking forward to his grandson for many years, couldn’t move his eyes away anymore when he saw the baby boy.

The old butler walked over, took the child from Lin Yuyan, and sent it to Master Chu.

Mr. Chu’s old face was full of joy, his eyes were out of sight with a smile, and he reached out to take the baby.

The moment he was hugged by Mr. Chu, Xiao Ren’er’s eyes suddenly opened, dark and bright, and looked at Mr. Chu without blinking.

“Hey! My dear grandson! Did you know that it was Grandpa hugging you?” Grandpa Chu liked it so much that he didn’t know what to do. At the first sight of this child, he knew that the child was indeed from the Chu family. Having been in the market for so many years, he has long developed first-class intuition and judgment.

Lin Yuyan heard what Old Man Chu said, and a stone in her heart had fallen to the ground. Originally, she was worried that Old Lady Chu would not recognize this child, but she is all right now! It seems that making a large sum of money is not a problem!

After teasing the little man in his arms for a while, Old Lady Chu began to look at Lin Yuyan who was sitting on the sofa.

The appearance is first-rate and beautiful, but the temperament is not very good, not his ideal grandson-in-law. Old lady Chu made a judgment immediately.

Look at Lin Yuyan's slender figure, it doesn't look like the one who had just given birth. There was a little more doubt in my mind.

“What is your name? How did you meet Allen? Was this child born to you and Allen?” The old lady Chu looked very kind, but he shouldn't be dignified when he is serious.

“Well, my name is Lin Yuyan. I gave birth to President Chu. This is actually a misunderstanding. President Chu and I were drunk the night before...” The old lady Chu was sharp. With a stare, Lin Yuyan became a little incoherent.

“The kid after the one-night stand? How old is this kid? Does Allen know about this?” Old Madam Chu's eyes became sharper. It feels like this woman is lying.

Lin Yuyan rolled her eyes and lied: “My child, it's been more than two months. President Chu, he doesn't know yet...” Seeing the cold face of Old Lady Chu, Lin Yuyan hurriedly distinguished: “But this child is indeed from the Chu family! If you don't believe it, you can do a DNA paternity test!”

Old man Chu stared at Lin Yuyan with sharp eyes, as if he wanted to tell from her face if she was lying.

Lin Yuyan nodded desperately, for fear that the business would fly away. If the Chu family didn't admit the child, her plan would be ruined!

"Uncle Li, go and ask the doctor to come over." Elder Chu ordered.

Lin Yuyan finally let go of her hanging heart upon hearing the words of Mr. Chu. A smug smile appeared on his face.

Mr. Chu glanced at Lin Yuyan, and said majestically: "Miss Lin, the child will stay with me first, and I will put 100 million dollars into your account. After the identification result comes out, the money will be automatically transferred to you. Account."

The implication is that you can give you money, but don't want to enter the gate of our Chu family!

One hundred million dollars! Lin Yuyan's eyes widened unbelievably! Excited and bowed again and again: "Thank you old lady, thank you old lady!"

Lin Yuyan's greedy and excited look was seen by Old Man Chu, and she couldn't help snorting coldly.

This kind of woman is not worthy of entering the Chu family's gate! However, the old man Chu looked down at the child in his arms, a dotting smile floated on his face, this child was really cute, he looked exactly like Allen when he was a child!

Great! He finally has a great grandson! Old lady Chu looked at the baby in his arms with love.

In an inconspicuous small apartment in Chicago, Noila Mo was lying on the bed.

The tears have drained, and the heart is so painful that I have long lost the ability to ache, and my pale hands are stroking the deflated belly nervously...

Baby... baby, why did you leave your mother? Mom hasn't had time to take a look at you... baby, my dear daughter, what do you look like? Does it look like a mother?

Yu Feng came over and handed over a bowl of chicken soup with some guilt: "Noila, get up and have some soup! Your body is too weak, and you need a good supplement."

Noila Mo said lightly, "I have no appetite." He stopped looking at Yu Feng.

She had resentment towards her sister and Yu Feng in her heart. The child died when she was born. It was fate. She didn't blame others, but why didn't she let her take a look at the child? She gave birth to the baby who had worked so hard in October, so why didn't she take a look at it and deal with it?

My sister said that she was afraid that she would be sad. But isn't she sad now? She always looked at her child in her dreams, even if she only glanced at her... to see what her little baby looked like, otherwise, she would not even recognize her little baby when she went to heaven in the future...

I heard it was a daughter, the little girl she dreamed of, her little boy, but her mother hadn't even seen it!

Tears filled my eyes again, the pillows under my head were all soaked, and my heartache was so painful that I couldn't breathe!

In just a few days, Noila Mo had lost more than ten kilos, and her weight had completely dropped to the level before pregnancy. The whole person was lying on the bed, completely like a thin shadow, like a paper man, so pale and thin that it palpitated.

“Master! Congratulations!” As soon as Allen Chu returned home, the servants began to congratulate him.

“Congratulations?” Allen Chu raised his eyebrows and asked strangely. Today he just received the report from City C, and Noila Mo still has no shadow at all. Including the woman who sold Liang Nuanxin’s ring, she also evaporated! No clue can be found. His heart is heavy.

“Master, you have a son! A woman came to the door with a child in the morning and said it was your son. The old lady sent someone to do a DNA paternity test. That child is indeed yours!” The servant said beamingly .

“Son?” Allen Chu walked to the living room with the servant for some reason.

Old lady Chu was teasing the child with the nurse. As soon as he saw Allen Chu coming back, Mrs. Chu raised his hand to him with joy: “Allen, my good grandson is so cute, you kid, you finally did something that made me happy!”

Allen Chu walked over and looked at his son who had appeared inexplicably.

A pair of clear big eyes are dark and bright, and the white part of the eyes is slightly blue, as clear as the most transparent lake. The white and tender skin has no blemishes, and a layer of fine hairs evenly covers it. With a tall nose and a little pink mouth, he looked at him curiously.

Allen Chu’s heart suddenly softened, and his cold and arrogant eyes became a little more gentle. The baby in the swaddle seemed to notice his changes, suddenly grinned, and gave Allen Chu a big smile!

One of the softest corners in Allen Chu's heart was suddenly touched, and in an instant, he fell in love with this child deeply. This is his son, and the magical telepathy tells him that this is definitely his son!

Grandpa Chu said jealously next to him: "Little things, I laughed so happy when I saw my dad! Why didn't you laugh when grandpa hugged you?" He gently scratched the child's small face with his fingers, and the spoiled look was so fascinating. Can't stand it.

Allen Chu carefully picked up the child and looked at it carefully. The more I look, the more I like it! Old Madam Chu also smiled and said, "Look, it looks like you when you were a kid! It's almost printed in a mold!"

Allen Chu also felt that the child was familiar, but the more he looked at it, the more he realized that this child was a bit like Noila Mo! The corners of the crooked lips, the eyes that squinted like a little moon with a smile, look so much like Noila Mo!

Allen Chu smiled somewhat self-deprecatingly: Allen Chu, are you crazy! Noila Mo hates that you are too late, where would you be willing to give birth to a child! Besides, the child in her belly is not yours, it's that senior...

He picked up the child lovingly, and pressed his face to his soft little cheek. Allen Chu found that he really loved this child. I fell in love with the first sight.

"Allen, give your son a name!" The old lady Chu smiled and k*ssed the child's face.

Allen Chu pondered for a while: "Sihan. It's called Sihan."

Chu Sihan, Old Madam Chu thought for a while, and shook his head. The name is not good and not expensive enough.

Allen Chu raised his eyes and looked at Old Madam Chu: “It’s called Sihan.” Old Madam Chu and Allen Chu looked at each other for a while. Forget it, because this kid gave him a good grandson, he was called Si. Chill.

“Little Sihan, dear baby, hurry up! When you grow up, grandpa will take you around the world!” Old grandpa Chu began to tease the child. Suddenly he was a little sad: “Oh, my dear grandson, when you grow up, grandpa is too old. I’m afraid grandpa won’t see you grow up!”

The atmosphere was a little sad for a while, and Allen Chu stood by the sofa and looked at Mrs. Chu. He was also slightly sad. Grandpa is indeed old, and his hair is completely white.

“Allen, when are you going to play until? When will you be willing to get married?!” Old Madam Chu’s voice increased. This grandson is so uncomfortable, he won’t get married when he is 27. He still wants to wait to drink his wedding wine!

“Grandpa, don’t worry about that.” Allen Chu said lightly.

“Don’t worry? Don’t worry about whether you won’t get married in this life!” The old lady Chu has an angry face: “Uncle Li, how is the matter of choosing a wife for Allen going? You must show me the results within a week. !”

Seeing the old lady Chu’s anger, Li Shu, the housekeeper, quickly replied: “I have shown the young master 1,000 photos, and he is not satisfied! He is not even willing to meet him!”

“Then find 1,000 more girls! Find all the single and unmarried women from all over the world, and let him choose!” Old Madam Chu’s voice was firm.
