

I Want A Lifetime With You Chapter 501 - 505

Chapter 501 Do Not Ever Offend Shi Nuan

“What did you say?” Shi Wei stared at Shi Nuan in disbelief. “Impossible! How could Grandfather agree to let you sell the shares to somebody else? Are you crazy, Shi Nuan? What has the Shi family done to you to make you do this? What were you thinking?”

Shi Wei was not that bright, but she also thought of the reason at that moment.

If Shi Nuan really sold the shares to somebody else, it meant that not many shares were left in Shi Yunsheng’s possession. The shares that originally belonged to Shi Nuan were owned by other people, and they no longer belonged to the Shi family. In the future, if somebody dared to do anything to Huancheng or the Shi family, going through the company would be the fastest way.

Shi Wei glared at Shi Nuan viciously. “What do you want?”

Shi Nuan regarded Shi Wei with a wan smile. “Nothing much. I just think I’m not cut out for business, so I sold the shares to earn some money. You can buy the shares back if you really want them, Ms. Shi.”

“You...” Shi Wei was about to create problems for her sister when Jiang Hu, who was hiding in a corner, showed up. “Mrs. Fu!”

Shi Nuan stared at Jiang Hu in surprise. “What are you doing here?”

“Mr. Fu told me to accompany you!” Jiang Hu was a hulking, burly man with a stocky and muscular body. He looked very strong and courageous. Su Su and Shi Wei turned pale when they recognized who Jiang Hu was.

Immediately, Su Su grabbed Shi Wei’s hand. “Wei, now’s not the time to get angry. We’d better leave first!”

“But...”

"Huh?" Jiang Hu narrowed his eyes and shot a fierce look at Shi Wei. The latter was petrified and grabbed Su Su's hand. "W-We are leaving!"

Then, Shi Wei led Su Su away. Before they left, however, Shi Wei glared at Shi Nuan furiously. Shi Nuan pressed her lips tightly. "Hang on, Ms. Shi!"

As soon as she said that, Jiang Hu blocked Shi Wei and Su Su's path.

Before Shi Wei could react, the man had already stood in front of her and her friend. Shi Wei screamed in fear, "W-What do you want?"

Jiang Hu regarded Shi Wei with contempt. Clearly, he did not respect her at all. Women like her were cowardly, and she was not even half as brave as Shi Nuan.

He glanced at Shi Wei disdainfully and pressed his lips. "Why are you running away? Our very own Mrs. Fu told you to wait."

"I..." Shi Wei no longer felt angry upon seeing Jiang Hu. Then, she looked at Shi Nuan reluctantly. "What else do you want?"

Shi Nuan smiled. "Jiang Hu, make Ms. Shi return the stuff to me!"

Shi Wei's eyes widened in horror. "How dare you, Shi Nuan!"

Instead of waiting for Shi Wei to finish her piece, Jiang Hu grabbed her handbag and emptied its contents. Shi Wei's cosmetics, purse, phone, and other items were strewn on the floor. Jiang Hu squatted down to pick up an envelope from the pile of items. "You may leave now!"

Shi Wei was annoyed, but when she noticed Jiang Hu's glare, she did not even pack her belongings properly. Instead, she stuffed her items into her handbag hastily and ran away.

Jiang Hu handed the envelope to Shi Nuan. "Is this what you want, Mrs. Fu?"

She nodded and took a deep breath. "Yeah. Thank you, Jiang Hu!"

He scratched his head sheepishly. "You just have to call us if you need us, Mrs. Fu. You don't have to negotiate with people like her!"

"Okay!" Shi Nuan nodded. "Did Yan tell you all to come over? Where is he?"

Before she could finish speaking, a car arrived. The car door opened, and a man came out of the driver's seat. His gaze fell on Shi Nuan.

She beamed with joy when she saw Fu Chengyan. "Yan!"

Fu Chengyan came over and glanced at Jiang Hu, who excused himself at once.

Shi Nuan ran forward to hug her husband and snuggle in his embrace. "Why are you here?"

"Didn't I tell you to let me handle this issue?" Fu Chengyan caressed Shi Nuan's little head. He narrowed his eyes when he noticed how emotional she was. "What's that in your hand?"

Shi Nuan froze, then shook her head. "If I show it to you, can you promise me that you won't be angry?"

When Fu Chengyan heard that, something flashed before her eyes. Next, he snatched the envelope away from Shi Nuan's grasp.

"Hey!" Shi Nuan wanted to say something else, but Fu Chengyan had already begun to lead her to the car. "Drive, Jiang Hu!"

"Yes, Mr. Fu!" Jiang Hu sat in the driver's seat and instinctively raised the partition in the car.

A speechless Shi Nuan rolled her eyes. "Your men are too thoughtful!"

Fu Chengyan brushed his wife's nose with his fingertip and got a soft cushion for her to lean against. After that, he fiddled with the envelope he snatched from Shi Nuan earlier. She felt anxious as she watched him toying with the envelope with his slender fingers. "Yan, you won't get angry, will you?"

Unexpectedly, Fu Chengyan chuckled. "Why would I get angry?"

As he opened the envelope, Shi Nuan leaned over to take a look. To her surprise, there were only a few regular photographs of Shi Wei.

"Huh?" What's going on? Shi Nuan was puzzled. Maybe, Shi Wei didn't have those photographs after all? Still, it doesn't make sense. Judging by Shi Wei's personality, she wouldn't have threatened me so openly if she didn't possess those photographs. If Shi Wei could do that, it meant she actually had the photographs. However, why are the

photographs in the envelope different? Was Shi Wei trying to dupe me all along? Then again, she doesn't seem like the kind of person who would do that!

Various thoughts raced across Shi Nuan's mind. Yet, she could not make sense of the whole situation.

After glancing at the photographs, Fu Chengyan threw them away. "Did you come over here just for these?"

"No!" Shi Nuan paused and heaved a sigh. "There's something I probably need to tell you. If you find it unacceptable, then we..." Shi Nuan had yet to finish speaking when Fu Chengyan pinched her arm forcefully. She yelped in pain, "Yan, it hurts!"

Fu Chengyan stopped messing around and withdrew his hand. However, he stared at Shi Nuan solemnly. "May, no matter what happens, don't ever tell me about that thing on your mind!"

"But—"

"No buts!" Fu Chengyan interrupted her. "Nobody and nothing else are more important than you! That includes me as well!"

His words warmed her heart, and tears began to well up in her eyes. "Yan, I..." She never expected her husband to say something like this.

Sometimes, Shi Nuan wondered why Fu Chengyan loved her. Why is his love so passionate and so unconditional?

Fu Chengyan stretched out a hand to brush Shi Nuan's cheek gently. He then pinched it and said, "Tell me!"

Shi Nuan pursed her lips. "Once, when I was very young, I got lost. I think I was in my teenage years. I don't remember the exact time and the events that occurred. Grandfather and Grandpa told me I was kidnapped, but nothing happened. In recent years, however, I've been dreaming. My dreams are very fragmented, and a blurry figure is present, too. My intuition tells me that the things I see in my dreams are people and events that I've forgotten. Still, no matter how hard I try to recall the past, I can't remember anything at all!" Shi Nuan looked at Fu Chengyan as she spoke. However, he did not seem to be too shocked by her story.

She held his hands as she continued, "I came to see Shi Wei today because she told me something related to my disappearance years ago, and not because of other matters. I

figured it had something to do with her, so I dropped by to have a look. Moreover, when I was discovered last time, my clothes were torn and tattered, and I think I was photographed by Shi Wei. She used the photographs as leverage in an attempt to acquire Huancheng's shares. Therefore..."

"So, those photographs are supposed to be of you?" Fu Chengyan replied. He held and stroked the back of her hand. "Were you worried that I would misunderstand you because of those photographs?"

Shi Nuan gulped and nodded.

Suddenly, he pulled her into his arms. "Silly girl!"

A fierce gleam appeared in his deep, dark eyes as he hugged Shi Nuan. "Even if those photographs are present, I won't misunderstand you!"

"But..."

"I already know about your disappearance." Fu Chengyan caressed Shi Nuan's head.

She looked up abruptly in astonishment. "How did you know? Did Grandpa tell you about it?"

He nodded. "All right. Stop worrying about this matter. I'll take care of it. Relax!"

"Yan." She tugged at the hem of his suit. "Don't bother the Shi family for now."

Lowering his gaze, Fu Chengyan observed Shi Nuan's face and the sincerity in her eyes. He reached out and brushed her cheek tenderly. "All right!"

He understood her concerns. In spite of the Shi family's hostility toward her, Shi Yunsheng was exceptionally kind toward Shi Nuan.

As such, Fu Chengyan did not harm the Shi family for the sake of Shi Yunsheng.

"You can just teach Shi Wei a lesson," Shi Nuan said.

"Okay!" her husband answered.

Fu Chengyan carried his wife out of the car and brought her straight to their bedroom. When he was certain that she was asleep, he studied her placid expression for a while before exiting the room.

Zhou Zheng was already waiting for him downstairs. When Fu Chengyan came down, he got up instantly. "Mr. Fu!"

Fu Chengyan nodded. "Where's the stuff?"

"Here!" Zhou Zheng handed a few envelopes to Fu Chengyan. "Su Su had swapped them earlier. Shi Wei's most likely unaware of this!"

Fu Chengyan nodded. "Okay." His gaze hardened as soon as he opened one of the envelopes and saw the photographs. "Take action against those who were involved in that incident. As for Shi Wei... What's the latest update on Court Martins?"

"Mr. Li's people have already made a few phone calls to her. It looks like they are investing in a new series recently." Zhou Zheng put on a serious expression. Deep down, he thought nobody should ever offend Shi Nuan, for the punishment would be much worse than offending Fu Chengyan himself.

Fu Chengyan narrowed his eyes. "Very well. Let Mr. Li's people handle it. The bigger the issue, the better!"

"What about Su Su?"

"After this incident, make sure she leaves Jiang City and never returns!"

I Want A Lifetime With You Chapter 502

Chapter 502 Old Master Shi Is Sick

Shi Wei was displeased and frustrated at Shi Nuan, and she felt very uncomfortable. At the thought of Su Su helping Shi Nuan just now, Shi Wei was even more unhappy. Therefore, she lashed out at Su Su as if she was her punching bag.

Su Su had been scolded by Shi Wei several times on their way back. Despite that, Su Su continued to speak to her in a pleasant way. "I think the key lies with Old Master Shi," she said.

"My grandfather?" Shi Wei looked suspiciously at Su Su as there was no time for her to be angry. "What do you mean?"

“Shi Nuan made it clear just now, didn’t she? The shares must’ve been approved by Old Master Shi. Think about it! To have him approve, either your grandfather has to take back all the shares, or he knows who Shi Nuan is selling them to.”

Shi Wei pursed her lips and replied, “That makes sense! No matter how much Grandfather likes Shi Nuan, there’s no way he would give his stuff to an outsider. Unless...”

“Unless your grandfather has been the one behind it in the first place?” Su Su asked. Shi Wei found Su Su’s words to be believable, so she said, “I’ll go back and ask for a clarification!”

“Hey, wait!” Su Su grabbed Shi Wei’s hand and continued, “You should be careful about this matter. You don’t want to let other people know about it too!”

Shi Wei nodded and replied, “You’re right. I should get my facts straight first. If Grandfather really knows about it, he has to give it to me. I’m the only legal heir of the Shi family. That Shi Nuan isn’t even part of the Shi family, so why should she take what belongs to the Shi family?”

Shi Wei did not return directly to the Fu residence. Instead, she went to the Shi residence. There were only a handful of people who were currently in the Shi residence. Shi Jingzheng and Jiang Yu had gone out, leaving only the butler and Shi Yunsheng at home.

The other housekeepers were downstairs. After asking the housekeepers, Shi Wei immediately went upstairs.

The butler was leaving the study when he bumped into Shi Wei. “Ms. Wei!”

Shi Wei was cold toward the butler as she sneered, “Where’s Grandfather?”

“Master is writing calligraphy in the study. Ms. Wei, if you don’t have anything urgent, I suggest you better not disturb Master and let him rest!”

“Move aside!” Shi Wei glared at the butler. “Since when do I have to listen to a servant’s useless opinions before I do things?”

“You...” Although the butler works for the Shi family, Shi Yunsheng never treated him as a servant, let alone yelled at him. However, Jiang Yu and Shi Wei had always been mean to the butler. It was not just once or twice, but a few times.

The butler took a deep breath and said, “I’m just reminding you, Ms. Wei!”

Shi Wei sneered before she walked past the butler and opened the door to the study.

The butler glanced toward Shi Yunsheng, who just so happened to lift his head. Seeing Shi Wei's behavior, he could not help but frown. Despite that, he waved his hand at the butler, signaling him to leave them alone.

"Grandfather!" Shi Wei noticed that Shi Yunsheng was writing, so she approached him and called, "Grandfather!"

Shi Yunsheng nodded and asked, "Hmm? Is something wrong?"

"Yes!"

"What is it?"

"It's about Shi Nuan, Grandfather. She's no longer a member of the Shi family now, so shouldn't you take back all the shares you previously gave her?"

Shi Yunsheng paused in his writing and lifted his head to look at Shi Wei. "You came all the way here to ask me about this?"

"That's right, Grandfather. Shi Nuan is not a part of the Shi family anymore, so she has no reason to take what's ours!" Shi Wei looked at Shi Yunsheng. "Grandfather, I'm talking to you!"

"Since you've asked me about it, let me tell you something. I have no intention of taking back what I've given Nuan!" Shi Yunsheng put down his pen and looked seriously at Shi Wei. "I know your mother instilled those thoughts in your head since you were a child, and that made you hate Nuan. But Wei, Nuan will always be your sister no matter what," Shi Yunsheng continued.

"She's not! Mom only gave birth to me, so I'm the only daughter of the Shi family. Shi Nuan is a nobody!" Shi Wei could not help but interrupt Shi Yunsheng's words as she continued, "Grandfather, you know that Shi Nuan isn't a part of the Shi family, so why did you still give her the shares of Huancheng? You'd rather give it to an outsider and not me?"

"So that's what you wanted? Shares? Didn't your parents give them to you?" Shi Yunsheng's expression turned cold when he heard Shi Wei's words. "What's wrong? Are you not satisfied?"

"It has nothing to do with whether or not I'm satisfied! Shi Nuan is just not qualified to have them!"

"She is if I want her to have them!" Shi Yunsheng slammed his hand on the desk forcefully and glared at her. "I don't know what your mom taught you, but let me tell you something. You don't get to do whatever you want here. If I've given something to Nuan, it's hers! There's no way for you to get it back!"

"But she doesn't even care about what you gave her! She sold those shares. Do you even know what it means to sell Huancheng's shares to an outsider? What if someone wants to destroy us in the future?"

"How did you know that she sold them?" Shi Yunsheng caught on to Shi Wei's slip of the tongue and asked, "Have you seen Nuan?"

Since Shi Yunsheng knew of the truth, Shi Wei no longer planned to hide it from him. "That's right! I did look for her. I was going to return the photographs to her once she gave up the shares, but she said she sold them. She never cared about you or the Shi family!"

"I know she sold them off. She came to ask for my opinion on that matter!" Shi Yunsheng interrupted Shi Wei.

"Grandfather, are you even aware of what you're saying?" Shi Wei said as she looked puzzled. "I'm your biological granddaughter!"

"What was the photograph you mentioned? What photographs did you take with you when you met Nuan?"

Shi Wei laughed as she answered, "I really don't understand. Shi Nuan is not in any way related to you, but why do you favor her so much? Do you want to know what the photographs were, Grandfather? I'll tell you then. They are photographs of when Shi Nuan was assaulted back when she was a teenager. Do you remember that incident, Grandfather? Shi Nuan went missing back then, and when she was found, her clothes were ripped apart and scattered everywhere. Did you really think she fell into the sea because she slipped? Hah, she was—"

"That's enough!" Shi Yunsheng raised his hand and landed a slap on her face. "You took photographs? You actually did that? You b*stard! Shi Nuan's your sister!"

"She's not. She's not!" Shi Wei shouted at Shi Yunsheng. "She was never my sister!"

"You... You insolent girl! How dare you... It was you..." As Shi Yunsheng was speaking, he suddenly clutched his chest as his face fell.

However, Shi Wei did not realize that. When she heard his scolding, she glared angrily at him and said, "That's right, Grandfather. You didn't know, did you? If Shi Nuan hadn't competed with me for the role in the play, I wouldn't have treated her this way. I'm the most suitable candidate for that role. I'm the princess, but why did she have to take what was mine?"

"You..." Shi Yunsheng took a deep breath as he squatted and hunched his back. "You ordered Nuan's kidnap? You were only a teenager at that time. How did you..."

"Grandfather, money makes the mare go. Anything is possible as long as I'm rich. Hah! The innocent and pure granddaughter you thought you knew was already violated a few years ago."

"You b*stard!" Shi Yunsheng stood up and attempted to slap Shi Wei, but she pushed him away. "Grandfather, I don't blame you for being delirious since you're old. But from now on, it's best for you to remember that I'm your one and only biological granddaughter. Whatever that's yours will be mine! How long do you think Shi Nuan can stay arrogant? As soon as Fu Chengyan knows about Shi Nuan's miserable and ugly past, he'll abandon her without hesitation. The Su family wouldn't acknowledge Shi Nuan too if they knew how messed up she is. Who would want a violated woman? Am I right?"

"You..." Before Shi Yunsheng could finish his words, he collapsed onto the ground.

Shi Wei was still laughing when he collapsed. She took a few steps back and watched in panic as Shi Yunsheng fell to the ground and remained motionless.

"Ah!" She screamed and squatted down as she tried to reach her trembling hand to Shi Yunsheng's philtrum. Suddenly, the door to the study was pushed open. Shi Jingzheng, Jiang Yu, and the butler were at the door when they saw Shi Yunsheng on the ground while Shi Wei slumped to the ground in panic.

"Dad, Mom, I... Grandfather..."

"What are you waiting for? Call the ambulance!" Shi Jingzheng immediately approached Shi Yunsheng and knelt beside him. He reached out to put his finger under Shi Yunsheng's nose and called, "Dad? Dad?"

"What happened?" Shi Jingzheng looked at Shi Wei, who was in shock. He grabbed her arms tightly and slapped her face. "What exactly happened?"

"I... Mom." Shi Wei covered her face and burst into tears. "It wasn't me! It really wasn't! I don't know why this happened. We were fine just now. I..."

"Ms. Wei, that's not what..." The butler hurriedly knelt next to Shi Yunsheng. When he heard that Shi Wei was trying to pass the buck, he could not help but chime in, "You were the one who came in here howling in rage as you tried to settle accounts with Master."

"You're lying!"

"I didn't. You came in here in a threatening manner and kicked up a fuss with Master..."

"I didn't!"

"Shut up!" Jiang Yu pulled Shi Wei's hand and shouted at the butler, "You're nothing but a servant. How dare you point fingers at us?"

"I..."

"You shut up!" Shi Jingzheng was so upset that he lashed out at Jiang Yu. He then glared angrily at Shi Wei and said, "I'll break your legs if anything were to happen to your grandfather!"

Shi Wei was so scared that she hid in Jiang Yu's arms and grabbed tightly onto her. Her entire body was trembling as she said, "Mom, I didn't mean to. I really didn't mean to!"

"You..." Jiang Yu hurriedly covered Shi Wei's mouth as she tried to signal her with her eyes. "I know you're worried about your grandfather. He'll be fine. All right?"

Shi Wei was still shaking. "I really didn't mean to. I just... I..."

"You just what?" Shi Jingzheng's fierce glare fell upon Shi Wei. "Did you really quarrel with your grandfather?"

I Want A Lifetime With You Chapter 503

Chapter 503 Shi Nuan Is A Jinx

Shi Nuan barely managed to sleep for a short while at home before she was jolted awake by Fu Chengyan. The man looked unsettled as he pulled Shi Nuan up from the bed. He put his hands on her shoulders and patted her, all the while speaking with a

serious expression on his face. "May, I have something to tell you, but before that, you have to promise me to stay calm."

Shi Nuan, who had been groggy, became clear-headed instantly at the sight of Fu Chengyan's face. "What is it?"

He replied, "May, Mr. Yang just called me. He said that Grandpa's fainted. He's been sent to the hospital for emergency treatment."

"What did you say?" Shi Nuan blurted.

She was now fully awake. She pushed Fu Chengyan away and clambered down from the bed. Fu Chengyan went forward to support her. "Slow down!"

"How could he have fainted? Grandpa was energetic when we visited him yesterday!" Tears welled up in Shi Nuan's eyes.

"Calm down, May!" Fu Chengyan grabbed Shi Nuan's shoulders and frowned as he muttered, "This is exactly what I fear. You're panicking."

Shi Nuan couldn't calm herself down at all. She changed her clothes hastily and, grabbing Fu Chengyan's hand, she charged outside. "Yan, nothing will happen to Grandpa, right?"

"Yes. He will be fine." Fu Chengyan nodded.

His large hand clamped around Shi Nuan's smaller hand in an attempt to give her some comfort. He added, "I promise."

When they reached the hospital, Shi Yunsheng was still in the operating room. The butler spotted Shi Nuan and Fu Chengyan first. He approached them quickly. "Ms. Nuan, Mr. Fu, you're finally here."

Shi Nuan nodded in response and then hurriedly asked, "Mr. Yang, what happened to Grandpa? Why did he faint so suddenly?"

Upon hearing the question, Mr. Yang threw a glare in Shi Wei's direction. Shi Nuan followed his line of sight and saw Shi Wei, who was in a daze. Shi Nuan narrowed her eyes at the woman, and then tightened her grip on Mr. Yang's hand. "Mr. Yang?"

Jiang Yu cut in, "What do you mean by suddenly fainting? What's with that look? Your grandpa is old. It's normal to faint at his age, isn't it? He was admitted into the hospital last time due to a stroke."

"It's normal to faint?" Shi Nuan looked at Jiang Yu in disbelief. "For your information, Grandpa's stroke isn't a coincidence. What did you guys do to him?"

Right now, Shi Nuan did not believe a single word coming out of Jiang Yu's mouth, or anyone else's, for that matter. When Jiang Yu heard Shi Nuan's reproach, she got angry. "What do you mean by that? Anyway, what makes you qualified to criticize us? You're not even part of the Shi family! How dare you speak to us in such a disrespectful tone!"

"Enough! Can't you two control yourselves? We don't even know how your grandpa is doing inside right now!" Shi Jingzheng snapped as he glared at Jiang Yu and Shi Nuan. He glanced at Shi Nuan briefly as he spoke, but then he took a deep breath and chose to ignore them due to exhaustion.

Fu Chengyan's bright eyes landed on the three members of the Shi family before he finally locked his gaze on Shi Wei. Shi Wei was still in a daze as she sat on the chair. Her eyes had lost focus. No one knew what she was thinking.

Fu Chengyan narrowed his eyes and smiled before he turned to Mr. Yang. The butler seemed to have noticed his gaze, as he instinctively turned to face Fu Chengyan. "Can I help you, Mr. Fu?"

Lightly shaking his head, Fu Chengyan answered, "No, not at the moment. I've called Shaoqing a while ago. A specialist will be coming to check on Grandpa later."

Mr. Yang heaved a sigh of relief once he heard that. "Thank goodness you're here, Mr. Fu."

Fu Chengyan nodded before brining Shi Nuan to rest elsewhere. Jiang Yu's eyes were constantly on Shi Nuan. Seeing how Shi Nuan looked at the moment, Jiang Yu's eyes glinted with ferocity.

Su Shaoqing called for a physician right after he received Fu Chengyan's call. Then, they entered the operating room. Su Shaoqing's arrival undoubtedly calmed Shi Nuan down. Her nerves were eased for now.

"Chengyan, come over for a bit," Su Shaoqing's voice called Fu Chengyan away, leaving Shi Nuan alone as she stared transfixed at the operating room.

Honestly, Shi Nuan was afraid. Most of the love she had received in her childhood came from Jiang Shizheng and Shi Yunsheng. To Shi Nuan, they were her closest relatives.

Shi Nuan had never given much thought to the natural process of life. Faced with the current situation, she was forced to think about it. While she was growing up, Shi Yunsheng was also gradually growing old. It was a fact she didn't want to face, but she had to.

"Shi Nuan, you're a jinx! A misfortune!" Jiang Yu, who had been bottling up her anger, approached Shi Nuan once Fu Chengyan left. She proceeded to slap her on the cheek.

Not expecting a retaliation in public, Shi Nuan was stunned by the act. The burning feeling on one side of her cheek snapped Shi Nuan back to reality.

Jiang Yu raised her hand and prepared to give Shi Nuan another slap, but Shi Nuan stood up suddenly and grabbed it. Jiang Yu struggled against Shi Nuan's hold, but she could not free herself. "You jinx, let go!"

"Let go of you? So that you can slap me again?" Shi Nuan's cold, harsh tone pierced through Jiang Yu's heart. Jiang Yu looked at Shi Nuan in disbelief. She could not believe that Shi Nuan was no longer the punching bag she used to be.

Shi Nuan dropped Jiang Yu's hand harshly, causing the latter to lose her balance and stumble backward until her back bumped into the wall. Jiang Yu scowled. "You brat!"

"Mrs. Shi, I advise you to think of the consequences before you speak or act. I'm no longer that Shi Nuan you used to know. Do you think I'll stand still and allow you do as you please as I did in the past?" Shi Nuan glared at Jiang Yu and said, "Know your place before you think about beating up others."

"You—"

"What? Do you still want to hit me, Mrs. Shi? You called me a jinx, didn't you? Or was it misfortune? I don't think you even know what those terms mean!" Shi Nuan gave Jiang Yu a cold look as she caressed her cheek that had endured the slap.

"You..."

Shi Nuan interrupted Jiang Yu, "What about me? Grandpa is in the operating room, and you're here picking a fight with me!"

"That's enough, Jiang Yu. Aren't you embarrassed? Shut it!" Shi Jingzheng, who felt a headache coming, said to Jiang Yu. Then, he shifted his attention to Shi Nuan. "And you! You're still one of the Shi family. As long as your name is in the family registrar, she's still considered your mother. Is this how you should treat your elders?"

Shi Nuan snickered. Since Shi Jingzheng had chosen to side with Jiang Yu, she would not hesitate to put him down too. "Then, is this how an elder treats the younger members of the family? Is it right for her to call their daughter a b*tch or a jinx all the time? I'm only here today to visit Grandpa. Besides that, I have nothing to do with the Shi family."

"All right! Since you said you have nothing to do with us, give us back the company shares!" Jiang Yu cut in and brought up the matter.

Her words seemed to have startled Shi Nuan, who turned to look at Shi Wei, still in a daze. Shi Nuan's face darkened.

"Why are you looking at Wei? What evil scheme are you plotting again?" Jiang Yu was adamant that Shi Nuan was up to no good. She was prejudiced toward the latter.

However, Shi Nuan faced Jiang Yu calmly. "Are you joking, Mrs. Shi? What can I do? However, I do remember something. Earlier today, Ms. Shi came to me and asked for my shares too. I told her I've sold mine, then she left in a fury. Isn't that right, Ms. Shi?"

Shi Wei lifted her head when her name was called. When she saw Shi Nuan, Shi Wei quickly rose to her feet, her reddened eyes making contact with Shi Nuan's. Shi Wei said, "You b*tch, why are you here? You planned this, didn't you? You deliberately told me that Grandpa knew that you've sold the shares. You knew I'd go looking for him. You knew I'd argue with him, then I'd anger him, and he'd faint. What are you up to?"

Shi Nuan narrowed her eyes. Her gaze flashed with a sharp glint as she walked toward Shi Wei. "What are you talking about? Say that again! You went looking for Grandpa. You argued with him. You angered him, and then he fainted, all because you brought up the issue about the shares?"

"I..." Shi Wei, having regained her senses, was shocked that she had let slip of the truth, "No! Shi Nuan, you're framing me! I didn't argue with Grandpa! I didn't anger him! You're spouting nonsense!"

"Whether it is, we all heard you. Mr. Yang can be a witness," Shi Nuan countered.

“Shi Nuan, you’re a despicable woman! I’m going to teach you a lesson today!” Jiang Yu, seeing that Shi Nuan was onto Shi Wei, had nothing to lose, charged forward. She wanted to beat up Shi Nuan.

Shi Nuan took a step back, causing Jiang Yu to miss, but the woman came after her again. “Shi Nuan, you ungrateful wr*tch. I’ll beat you up today!”

Right after she said that, Jiang Yu screamed in pain.

No one saw what happened. By the time they caught on, Jiang Yu was already on the ground, while Shi Nuan was in Fu Chengyan’s arms.

Jiang Yu clutched her stomach painfully, feeling as though her bones were falling apart.

Shi Jingzheng and Shi Wei were stunned. By the time they recovered, they saw Jiang Yu rolling on the ground and groaning in pain. Her face was rather pale.

“Mom!” Shi Wei shouted. She immediately ran over, but she barely touched her mother when Jiang Yu howled even more. “Ouch! Don’t touch me.”

“Mom, what’s wrong?” Shi Wei didn’t dare to touch Jiang Yu, but she was concerned about her mother’s pale face. Shrinking back, Shi Wei instinctively turned to Fu Chengyan, whose cold expression and sharp glare sent her shivering.

Fu Chengyan stared coldly at Shi Wei and Jiang Yu before he said, “You asked for it!”

“Mr. Fu, you...”

Lowering his gaze, Fu Chengyan’s gaze landed on Shi Nuan’s face, he got angrier. “Oh? I can’t even bear to lay a finger on her, and yet you dare to hit her? How bold of you!”

I Want A Lifetime With You Chapter 504

Chapter 504 Adding Fuel To The Fire

Jiang Yu and Shi Wei were utterly frightened, while Shi Jingzheng also realized the graveness of the matter. “Well... Mr. Fu... Um, Yan—”

Fu Chengyan instantly threw him a fierce look, and he dared not utter another word.

Chuckling, Su Shaoqing walked over and scanned the members of the Shi family. He then looked over at Shi Nuan and Fu Chengyan. "Chengyan, you were just gone for a while, and your wife is already getting bullied!"

Although his tone sounded rather annoying, there was no doubt that he was trying to add fuel to the fire. Jiang Yu immediately felt the raging flames of fury coming from Fu Chengyan. She got up and anxiously tugged on Shi Jingzheng's shirt. "Zheng! Zheng, tell Mr. Fu that I-I didn't do it on purpose!"

"If it wasn't on purpose, then it must have been intentional!" Su Shaoqing raised his brows, seemingly enjoying the drama. "Let's put aside the fact that she's Fu Chengyan's wife for today. Now, she's part of the Su family, and she's called Su Nuan, the beloved daughter of the Su family, pampered by all of us." While speaking, he walked over and looked down at Jiang Yu and Shi Wei from above. "Say, why didn't you ask around before hitting her? Do you think you can pick on someone from the Su family?"

A smile formed on his harmless face, causing a wave of uneasiness to wash over those that saw it. Jiang Yu and Shi Wei shuddered involuntarily at that. "I... Mr. Su, we—"

Su Shaoqing chuckled. "Just look at you. If you have the guts to bully others, then you should also have the guts to bear the consequences. Why are you so afraid now?"

When they heard his words, Jiang Yu and Shi Wei almost cried out of terror. Despite that, his terrifying gaze remained fixated on them.

Even if Shi Jingzheng wanted to help them, he did not dare to offend Su Shaoqing.

However, the latter had a point. Putting aside the fact that Shi Nuan was Fu Chengyan's wife, she was still Su Huaibei's daughter and Su Yumin's granddaughter. With her identity, no one in Jiang City would dare to trifle with her.

Whatever they did to her earlier, which included slapping her, was undoubtedly an affront to the Su family and the Fu clan. There was no way that either family would let them off easily.

"Nuan!"

Shi Jingzheng had no other choice but to turn to Shi Nuan for help.

Furrowing her brows slightly, she said, "I can overlook what they did to me, but Shi Wei just said that she fought with Grandfather over the stocks and made him faint from anger. There's no way that I can let this slide!"

"Nonsense! Wei didn't do anything like that. You'd better stop blabbering nonsense, Shi Nuan!" Jiang Yu could not help but rebuke her. However, her voice soon trailed away when she saw Su Shaoqing's innocent grin.

Shi Nuan pursed her lips. "It's not up to you to decide if she did it or not, and neither is it up to me." She then turned toward Mr. Yang and continued, "Mr. Yang has been working for Grandfather for decades. He's the one who knows him best and also the most loyal to him. Mr. Yang, I'm sure you heard what Ms. Shi and Mrs. Shi said just now, right?"

"Of course." Mr. Yang nodded. "You're right, Ms. Nuan. I witnessed everything."

"Hmph. He's obviously on your side!" Jiang Yu refuted stubbornly.

Shi Nuan's lips curled as she replied, "All right. I have no proof that Mr. Yang and I aren't on the same side. But I'm sure the surveillance camera won't lie! After all, this is the hospital's surveillance system. I'm sure it is reliable."

"You..." Jiang Yu and Shi Wei never expected that there would still be a surveillance camera to prove their actions. At once, their faces paled as they fumbled for words. "I..."

Just then, the doors to the operating room were pushed open, and the surgeon walked out. Upon seeing Su Shaoqing, he called out, "Director!"

The latter nodded in response. "How's Old Mr. Shi?"

"We managed to save him for now. It's just that he had a stroke before, and his blood pressure rose again this time around. It is evident that he got a heart attack from being infuriated. As he's up in years and isn't in good health, the situation doesn't seem optimistic, even though he's out of danger this time."

"What does that mean?" Shi Nuan could also sense the helplessness in the surgeon's tone. With her brows knitted, she asked, "What is that supposed to mean?"

Upon hearing her question, the surgeon turned to look at her and then glanced at Su Shaoqing. At the sight of a nod of approval from him, the surgeon replied, "His heart failure is worsening rapidly. Although we managed to save him, I'm afraid he might be bedridden from now on because of the heart attack and second stroke!"

Shi Nuan staggered backward at his reply. Fortunately, Fu Chengyan was there to catch her. She shook her head in disbelief as she said, "Please tell me that you're joking. My grandfather's health... My grandfather!"

Shaking his head, the surgeon continued, "Old Mr. Shi hasn't come to himself yet. We'll send him to the Intensive Care Unit for further monitoring first. I advise that he stays in the hospital until his condition improves."

"May, he's going to be fine." Fu Chengyan reached out and patted Shi Nuan on the back to comfort her. "Let's send him to the ward first. The doctor says that he needs to recuperate for the time being. Trust me. I'll find someone to take good care of him, okay?"

After hearing that, Shi Nuan nodded. Her gaze then landed on Shi Wei, and she snarled, "It's all because of you! You fought with Grandfather and caused him to have a heart attack from anger!"

"So what if it was me? Shi Nuan, if it wasn't for a jinx like you, why would I need to argue with him? Huancheng's stocks originally belonged to me. I'm the daughter of the Shi family. You're nothing. You have no right to take it from me!"

As of that moment, Shi Wei was also beside herself with rage. Since Shi Yunsheng was already in that state, there was nothing left for her to lose. "Shi Nuan, what rights do you have to take it from me? I—"

"Is that so?" Shi Nuan interrupted her, her expression hardening. "Initially, I didn't plan on fighting with you over this. It is true that I'm not a descendant of the Shi family. But Grandfather genuinely treats me well, and I have never thought of wanting anything from him. Since you claim that I snatched something that belongs to you, it would be a waste of your desperate scheme to frame me if I denied it."

Someone like Shi Wei will never be considerate toward others, let alone believe that I'm tolerant of her. The more I compromise, the more she'll think that I'm an easy target.

Besides that, Shi Nuan also came to a realization. Since Shi Yunsheng previously insisted on having her inherit the stocks of Huancheng, she had to oblige and take over the Shi family and Huancheng now that he was hospitalized. "Shi Wei, you'd better listen carefully. Since Grandfather gave it to me, it's mine. You can't take it away from me. I'll take whatever percentage of stocks of Huancheng that he gives me. From today onward, I am a stockholder of Huancheng. Mr. Yang, please take care of Grandfather for me."

"Yes, Ms. Nuan." Mr. Yang nodded. "I will take good care of him."

“Good.”

Fu Chengyan shot Shi Wei a glance before heading out of the hospital with his arm wrapped around Shi Nuan’s waist. As for Su Shaoqing, he stayed for a while longer after the couple left, then made his way out while clicking his tongue.

Shi Wei and Jiang Yu shook with anger. However, there was nothing that they could do to Shi Nuan earlier.

They were well aware that Shi Nuan could be so arrogant merely because she had the Fu clan and the Su family behind her. Yet, it just so happened that they were no match for those two families.

“Zheng, what do we do now?”

“What else can we do?” Shi Jingzheng was enraged by Jiang Yu and Shi Wei. These two fools are just too short-sighted.

He could tell that Fu Chengyan and Su Shaoqing would not easily take action against others, no matter how powerful they were. The most important factor was Shi Nuan instead. As long as she was not involved, the two of them would turn a blind eye to the situation. However, if she were, they would never let those who harmed her off lightly.

Initially, the Shi family could flourish under the protection of the Fu clan and the Su family by exploiting the fact that they nurtured and raised Shi Nuan. Unfortunately, they were done for.

The reason that Fu Chengyan did not lay a finger on the Shi family or Huancheng was Shi Yunsheng. However, with the elderly man having suffered a stroke, there was no way he would hold back.

Shi Jingzheng had a sense of foreboding that the Shi family’s doom might be imminent.

Meanwhile, Fu Chengyan accompanied Shi Nuan in the yard for a while after returning home. It was late by then, but she still did not have much of an appetite. Only when Cheng An adorably pleaded with her did Shi Nuan finally force herself to eat a few mouthfuls.

Seeing her leaning on his chest sleepily after eating, Fu Chengyan gently carried her up and laid her on the bed. At the sight of her frowning even in her sleep, his heart ached. He then turned around to head to his study.

“Why hasn’t there been any movement at Court Martins?”

“There will be soon. Mr. Li said that there will be a meeting tomorrow.” Zhou Zheng could sense the impatience in Fu Chengyan’s tone. “Mr. Fu, Su Su is inquiring for you.”

At that, Fu Chengyan narrowed his eyes. “What is it about?”

“It’s about Shi Wei. She wants to see you personally.”

Holding his phone in one hand, Fu Chengyan placed his other hand on the table all of a sudden. An intimidating aura shrouded his face as he said, “Bring her to Prosperous Dynasty!”

“Yes, sir.”

Once Fu Chengyan gave the instructions, he kept his phone away and proceeded downstairs. Fu Jiayu just happened to be carrying Cheng An upstairs to rest when she bumped into him. Seeing that he was holding a coat, she asked in astonishment, “Didn’t you just come home? Are you going out again?”

“Yeah.” Fu Chengyan nodded. “May is asleep. She’s been quite down today. Jiayu, please help me take care of her.”

“I got it,” Fu Jiayu replied and could not help but chuckle. “I know you dote on her.”

Fu Chengyan reciprocated the chuckle. When he saw Cheng An leaning her head on Fu Jiayu’s shoulder, he asked, “Did she fall asleep?”

“Yeah. She’s been playing for the entire day,” his sister answered. A second later, she urged, “All right. You should head out first if you have something to attend to. Remember not to stay out too late!”

“Okay.”

As Fu Jiayu watched Fu Chengyan leave, a grin formed on her face.

Her younger brother had always been aloof from a young age, and he gave off the feeling that he was cold and unapproachable.

In reality, the two of them did not speak much to each other, leading Fu Jiayu to think that he was indeed unapproachable. To her surprise, she found out how warm-hearted

he was on the inside later on. He treated his sisters with exceptional care and even more so with Shi Nuan.

I Want A Lifetime With You Chapter 505

Chapter 505 The Scheme

At that moment, Jiang Hu was standing guard in the doorway of a private room in Prosperous Dynasty. Inside the room, a woman fiddled with the stuff in her hand while frequently looking out of the room. However, she would avert her gaze fearfully whenever she saw his face.

When Jiang Hu landed his gaze on Su Su and perceived how cautious she seemed, he could not help but snort. As soon as Fu Chengyan got out of his car, Zhou Zheng went over to welcome him. "Mr. Fu!"

Fu Chengyan nodded in response. Holding his coat in his hand, he walked in front of him and asked, "Where is she?"

"Inside the private room. She said that there was something that she wanted to pass to you personally."

Hearing that, Fu Chengyan narrowed his eyes and responded, "Okay."

With that, Zhou Zheng led the way for him until they reached the elevator, after which he walked behind Fu Chengyan again.

"Mr. Fu!" Jiang Hu immediately noticed the latter's arrival and opened the door for him. Fu Chengyan had just entered the room when Su Su got up from the couch speedily and greeted him, "Mr. Fu!"

Terrified of Fu Chengyan, she would never want to meet with a person like him unless there was an absolute need to do so.

However, the man did not even spare her a glance, walking past her to sit on the wide leather couch. With his long and slender finger rested on the armrest, he exuded a calm demeanor. "Why did you inquire for me?"

"Mr. Fu, I have something that you want."

Fu Chengyan's hands stiffened momentarily. Then, he looked up to give Su Su a once-over. "Tell me then. I'd like to see if it's of any value."

At his question, she gulped and responded, "Mr. Fu, it is definitely valuable. I just want to have your word for something."

That time around, he eyed her seriously, and his lips curled. It was a sidelong glance, but that mere look was enough to give her the shudders. As she looked at his exquisite and flawless face, she did not have any interest in admiring it.

At that moment, her focus was entirely on his eyes. His gaze was simply condescending, striking terror in her heart.

A faint smile appeared on his face as he retracted his gaze. "What is it?"

"It's about Shi Wei. I want her reputation to be ruined."

"You don't have to emphasize that to me." Fu Chengyan glanced at Su Su as he went on, "Is there anything else? I'm not fond of making promises, but I can consider fulfilling your wish since you have something valuable with you."

She looked at him with an astonished expression and paused momentarily. "There's nothing else. I just want her reputation to be ruined and for her to never be able to get back on her feet again!" As she spoke, she seemed to remember something else and added, "She destroyed me. I want to take revenge on her in the exact same way."

When Fu Chengyan heard those words, he smiled and rose to his feet. With a raise of his arm, Zhou Zheng immediately walked over to Su Su and stretched out his hand.

Seeing the confusion on her face, Zhou Zheng then glanced at the stuff in her hand to signal her to hand it over.

It was only then that she caught on and instantly handed it over to him. "Mr. Fu, I promise that this stuff is of value. It's not just Shi Wei. Even the entire Huancheng wouldn't be an issue!"

The smile on Fu Chengyan's face suddenly froze. He looked up and regarded her coldly. "I don't want to see you in Jiang City or Z Nation ever again. Can you do that?"

Su Su's heart sank. Although she could not fathom his sudden change in attitude, there was nothing she could do except nod. "Don't worry, Mr. Fu. I've already prepared the plane tickets. My entire family will be leaving Z Nation, and we will never return!"

Fu Chengyan then nodded. "You can go now."

"Yes, Mr. Fu."

After Su Su left, Zhou Zheng looked at Fu Chengyan in confusion. "Mr. Fu, this stuff..."

Before he could finish his sentence, the latter looked up and shot him a glance. With that, he immediately kept his mouth shut and stood quietly at the side.

Fu Chengyan opened the folder with his long, slender fingers and scanned the contents inside it. They were all records of Shi Wei's matters in the past, including little schemes she used against other artists in the entertainment industry, evidence of her framing others, as well as a list of places that she frequented in the past year. Everything was recorded in great detail; even the things that she did were included.

His gaze landed on the disc after he closed the thick stack of documents.

Seeing that, Zhou Zheng promptly placed the disc into the DVD player. A vast number of videos of Shi Wei could be found inside, and there were even some about her in Court Martins. The last video was a clip of Shi Wei arguing with Shi Yunsheng at the Shi residence. At the end of the clip, the elderly man collapsed to the floor, and she was seen panicking by the side. Shi Jingzheng and Jiang Yu also happened to appear in the frame at that moment.

After watching all the videos, Fu Chengyan narrowed his eyes and lifted his head to look at Zhou Zheng.

The latter was also astonished, staring at the screen as he remarked, "Mr. Fu, this woman... She's deeper than I thought!"

Never did they expect that Su Su had been monitoring Shi Wei all this while. It was not just simple surveillance; she had the complete set of equipment and even recorded videos of the latter. In fact, she was also the one who single-handedly made Shi Wei go to Court Martins.

There was a gleam in Fu Chengyan's dark eyes as his lips quirked up into a smile. "Don't touch her for the time being. If anything goes wrong even after she leaves the country, then you can take action."

"Yes, sir."

After exiting Prosperous Dynasty, Su Su wandered along the roadside as if she had been drained of energy. Instead of hailing a taxi, she decided to walk around aimlessly.

Deep down, she was not sure why she chose to do that either, but she was just indignant. For many years, Su Su thought she was living a good life. Although her family was not wealthy or prominent, they were quite well-off, and her parents pampered her like a princess.

However, ever since she realized she was being used by Shi Wei as a tool and made retribution after harming Shi Nuan, Su Su felt that she had lost control of herself.

During the day, she would seem completely fine, but at night, memories from that day would come flooding back, and they would be etched in her mind forever.

In reality, Shi Wei was not the only one she loathed. There was also Shi Nuan. Even though she knew Shi Nuan was innocent, she still thought that she would not have been in her current state if not for her.

In the battle between Shi Wei and Shi Nuan, Su Su ended up becoming a sacrificial lamb. It was not the outcome that she wanted. Despite that, Shi Nuan's background was too powerful and untouchable for her to do anything.

As days passed, the remaining sisterly affection that Su Su had for Shi Wei was wiped out. Along with Shi Wei's insults toward her, she commenced her revenge on her uncontrollably.

Slowly, Su Su raised her chin and looked up at the sky. It was pitch black, and she could not seem to see the future. It was just like her life, which also seemed to be reaching its end. She knew she had to get her revenge before she left. Otherwise, she would not be able to get her peace.

As she walked on, she lost track of time until a black Volkswagen Phaeton stopped in front of her, jolting her out of her daze.

The Volkswagen Phaeton stopped in front of her steadily. The car door opened, and a man wearing a mask with a full black suit stepped out. Only a pair of cold, dark eyes and a sharp jawline was exposed.

The man scrutinized her with his ice-cold eyes as his gaze fell on her body. "Ms. Su."

"Who are you?" Su Su asked instinctively. At her question, the man simply smirked, and his eyes also seemed to contain hints of amusement as he replied, "I'm someone who won't make you regret your last moments!"

Her eyes widened abruptly. "Y-You..."

"Why don't we make a deal?"

The next day, Shi Wei had to go for an audition, yet Su Su said she had arranged for her to meet with a few sponsors in the evening. Initially, Shi Wei did not plan on going to the meeting. However, on second thought, she surmised that Xinhuang Entertainment would not be giving her any more resources after she offended Fu Chengyan. To prevent herself from being under his control, she eventually agreed to attend the banquet in the evening.

After Shi Wei got changed and got into the car, they stopped in front of Court Martins. It was only then that she realized the gravity of the situation. "Su Su, didn't you say it would just be a simple dinner? Why did you bring me here?"

To Shi Wei, Court Martins was like a nightmare.

In response, Su Su shot her a troubled look. "I didn't have a choice either. This time, Mr. Li, Mr. Wang, and the others are the sponsors. You know how much they like coming to places like this. I also heard that there are other prominent figures, so—"

"I'm not going!" Shi Wei's expression had darkened. "Didn't you know that last time I—"

"I know. But Wei, don't forget about how you've offended Fu Chengyan. If he doesn't want to help you, your career in the entertainment industry might be over." Although Su Su looked as if she was being put in a difficult spot, in her mind, she was already trying to think of how she would get Shi Wei upstairs. "Mr. Li and the others have tons of resources. If you leave Xinhuang Entertainment, you'll lose your backing, and they'll be your only support."

"I know. Of course, I know. I can bear the fact that you want me to have a meal with them. But..." Shi Wei stopped mid-sentence, for she refused to recall what happened previously. "But did you forget what happened last time? I was hospitalized for so long!"

"Think it over yourself!" Su Su's expression also turned grim. "If you hadn't provoked Fu Chengyan, he would definitely give you plenty of resources based on the fact that you used to be sisters with Shi Nuan, and you wouldn't be stuck in this situation!"

At the mention of Shi Nuan's name, Shi Wei gritted her teeth in anger. "Don't talk about that b*tch." All of her anger was targeted at Shi Nuan then. "If it weren't for her, I wouldn't be in this state now!"

"But you can't deny that she is better than you in some aspects."

"That's enough, Su Su. Are you my friend or Shi Nuan's?" When Shi Wei heard how Su Su was defending Shi Nuan instead, she could not help but question her. "Are you also going onto her side now?"

"Wei, there's nothing that I can say if you choose to think like this. Don't you know how much we've been through together? I even got violated because of you. But what happened in the end?"

"I..." Shi Wei opened her mouth, but her voice faltered. When she recalled the miserable state Su Su was in last time, guilt welled up in her heart. "I'm sorry, Su Su. That's not what I meant."

"Anyway, you should think about this. If you're not willing to go, it's fine. If worst comes to worst, you could just leave the entertainment industry. After all, you'll still have the Shi family, Huancheng, and a good husband."

When Shi Wei heard her utterances, she looked at Su Su hesitantly. "I..."

"Wei, just think about the consequences of offending Fu Chengyan. Do you remember what happened to Anna and me? Has Fu Chengyan and his father ever cared about you after everything that had happened to you and your family?"

"I'll go."

"That's more like it. As long as Mr. Li and the others agree to be your sponsor, you'll get the female lead role in that movie. When that happens, you won't need to worry about not making it big in the industry!"
