

I Want A Lifetime With You Chapter 516 - 520

Chapter 516 The Shareholders Meeting

After Shi Yunsheng's sudden death, Shi Nuan and Shi Yu were the biggest beneficiaries of Huancheng according to Shi Yunsheng's will. Before that, Shi Yunsheng had entrusted a lawyer, Zhang Quan, to do equity certificates on behalf of Shi Nuan and Shi Yu, evidencing their ownership of Huancheng's equity. Then, not long after that was Huancheng's shareholders' meeting.

Huancheng's employees knew nothing about Shi Yunsheng's decision at that moment. It just so happened that that day was also the company's shareholders' meeting. Meanwhile, Shi Nuan and Shen Shixiu got to know this information a day before the meeting.

According to Zhang Quan, Shi Nuan and Shen Shixiu had to be present on that day. Meanwhile, Shen Shixiu's equity ownership changes had nothing to do with Zhang Quan. Therefore, Shi Nuan and Shen Shixiu had to deal with this issue.

Fu Chengyan was occupied with work and did not attend the meeting. However, he had instructed Zhou Zheng to follow and take care of Shi Nuan. Fu Chengyan was not worried about it because of Zhou Zheng's accompaniment. Also, he was not perturbed that Shi Nuan would be at a disadvantage with Shen Shixiu by her side.

Shi Nuan had slept early lately but got up late because of her pregnancy. However, she woke up earlier than usual as she had to attend a shareholders' meeting later that day. For that, Zhou Zheng was already waiting downstairs, but he could not urge his employer and the employer's wife. Hence, he could only sit straight under the watchful eye of Fu Zhengyun.

Fu Zhengyun knew Zhou Zheng for sure. Noticing that Fu Chengyan's key aide was always at Shi Nuan's disposal, Fu Zhengyun realized that Shi Nuan was important to Fu Chengyan. Although Fu Zhengyun no longer objected to Fu Chengyan and Shi Nuan being together, he still did not want to see Fu Chengyan dote on Shi Nuan too much. He rubbed his temples as a pang of pain hit his head when he thought of this. Why is he so devoted as if he is his wife's slave?

Compared to the mood upstairs, the atmosphere downstairs was gloomy and tense.

Shi Nuan's head bobbed about when she brushed her teeth with her eyes closed. Standing aside, Fu Chengyan looked at her worriedly and reached out his hand to support Shi Nuan. He was troubled by the thought that she might fall head on to the sink while brushing her teeth.

Then, he reached out his hand and supported her head before saying, "Are you that tired? Why don't you stay home and not go to the meeting today?"

"No!" Shi Nuan shook her head and rejected his suggestion without a second thought. At that instant, she opened her eyes and continued, "I'm the biggest shareholder of Huancheng now, so I must attend the shareholders' meeting today. It's inappropriate for me to be absent. Plus, Huancheng is Granddad's blood, sweat, and tears. I can't bear to see his efforts go down the drain."

"All right. You should be more careful then. Oh, well. Why don't you call Zhang Quan and ask him to postpone the meeting to later in the afternoon?" Fu Chengyan suggested helplessly.

"Hmm, it's fine. I think they will be dissatisfied with the sudden change of schedule. Well, I believe they already dislike me now anyway." Shi Nuan shook her head and continued, "It's okay. I'm not a kid anymore, and I can deal with it by myself. Moreover, haven't you already asked Zhou Zheng to come with me?"

Shi Nuan spoke inaudibly while brushing her teeth. After her voice fell, she rinsed her mouth and spat out the water from her mouth. While there were some foam bubbles at the corner of her mouth, she turned around and glanced at Fu Chengyan.

Seeing this, Fu Chengyan froze at that moment. Then, he reached out his hand and used his rough finger to rub the corner of her mouth, wiping away the bubbles. Helpless, he said dotingly, "All right. Clean your face now. You're running late."

"Okay!"

After gargling her mouth, Shi Nuan grabbed a towel and cleaned her face. Fu Chengyan had already wetted the towel before passing it to her.

Shi Nuan grinned and prodded Fu Chengyan in his chin with her head. "I love you so much, Yan!"

Fu Chengyan smiled and had a few more intimate moments with Shi Nuan before going downstairs with her hand in his.

Zhou Zheng had already waited for them downstairs for more than an hour. He kept eyeing his watch, wondering if they had already woken up or not. At that moment, he heard the noise of the footsteps ringing out from upstairs. Then, he stood upright and greeted, "Good morning, Mr. Fu and Mrs. Fu!"

Fu Chengyan nodded and said, "I'll leave May to you. You can settle the company work later, and ask me if you're unsure about anything." Despite this, he trusted that Zhou Zheng was a capable man. He was only comforting Shi Nuan and trying to ease her nervousness.

In reality, Shi Nuan was quite anxious too. After hearing Fu Chengyan's words, she felt more at ease. Later, she heard him saying, "Will Shen Shixiu attend the meeting today too?"

Startled, Shi Nuan nodded in response. "I think so. Granddad has left some shares for him. Although he said he doesn't want them, he still needs to join the meeting as he's now one of the shareholders of Huancheng."

Fu Chengyan nodded in agreement. "All right. Don't worry too much since he'll be there."

"Yeah." Shi Nuan pursed her lips and continued, "Hmm, I think you're more worried than I am." After finishing her sentence, she stood on tiptoes and planted a kiss on Fu Chengyan's cheek. "All right! I'll be leaving now."

"Okay." Fu Chengyan narrowed his eyes and looked at Zhou Zheng before saying, "Take care of Mrs. Fu."

"Yes, sure."

"Wait a minute!" Fu Zhengyun's voice rang out from the door of the kitchen. After that, Fu Zhengyun instructed the chef to bring out some snacks and said, "Alas! How can you disregard the baby in your belly? You're pregnant, so you must have breakfast first. Quick, give her the food so that she can eat it on the way there."

Although Fu Zhengyun sounded stern and angry, Shi Nuan knew he cared for her. Thinking of this, she beamed and responded sweetly, "Thank you, Grandpa. You know best."

Fu Zhengyun harrumphed and said in annoyance, "You've got everything in your hand already, haven't you? Huancheng is nothing compared to a subsidiary company under Shengyuan Group. Its value is not even worth your effort! Why do they want to trouble you by asking you to go personally?"

It seemed to Fu Zhengyun that it was pointless for Shi Nuan to attend the meeting.

"I'll be back soon, Grandpa. I'll come home later."

"All right. Go ahead then."

Shi Nuan made her way out after she bade goodbye to Fu Zhengyun.

Zhou Zheng was the chauffeur, and Shi Nuan sat in the back seat. After witnessing the scene earlier in the house, Zhou Zheng could not help but heave a long sigh and exclaim, "You're blessed, Mrs. Fu!"

Shi Nuan smiled. "Yeah, you're right."

She shared the same feeling as he did. "Do you want to have some, Zhou Zheng?"

"No, it's fine, Mrs. Fu. I've already eaten. Enjoy your breakfast."

"Okay." Shi Nuan nodded and savored her food.

Ever since Shi Nuan was pregnant, it was not surprising that her appetite had increased much. After all, she had to feed her two babies too. However, it startled Zhou Zheng to see that she ate a lot since she did not have any morning sickness symptoms.

After finishing her food, Shi Nuan could not help but burp involuntarily. Seeing this, Zhou Zheng immediately handed a glass of soy milk to her and said, "Here you go, Mrs. Fu."

Shi Nuan took the glass and said, "Thank you." Her phone rang after she took a sip of the soy milk. It was a call from Shen Shixiu.

Recalling that Shen Shixiu would be there in the meeting, Shi Nuan picked up the call. "Hi."

After knowing that Shen Shixiu was also Shi Yu, Shi Nuan felt there was a slight change in their relationship. For that, she did not know how to address Shen Shixiu. Hence, she avoided calling his name.

"It's me, Nuan!"

Shen Shixiu's words put Shi Nuan into a light trance. He sounds calm and unperturbed by what had happened. It seems like I'm the one who's overthinking the situation. "Yeah, anything?"

"You can just call me Shixiu, Nuan." Shen Shixiu knew that Shi Nuan still felt uneasy about his new identity. He continued, "The Shi family has got nothing to do with me, anyway. So, you don't need to worry about this."

Shi Nuan clicked her tongue. It's not as easy as he said. Well, since Shen Shixiu had already decided, I'll just do as he says. Then, she called out, "Shixiu!"

Shen Shixiu smiled and said, "You and Qianan are sisters, so you can call me that."

Shi Nuan pursed her lips and did not know what to say.

Although Shen Qianan was a child from the Shen family, she was Shen Shixiu's sister for many years. Therefore, it was appropriate for Shen Qianan to address him intimately. Well, who am I to Shen Shixiu, though? At that moment, she felt that it was an intricate network of relationships that was very confusing.

"All right, Shixiu."

"I'll go to Huancheng today. What about you?"

"Yes, I'm on the way." While she was speaking, she glanced at Zhou Zheng subconsciously. Sensing her gaze, he replied, "We'll be at Huancheng in about half an hour, Mrs. Fu."

Shi Nuan nodded and heard Zhou Zheng continue, "You won't be late for the meeting."

"Okay." Shi Nuan nodded and asked, "Where are you now, Shixiu?"

"Oh, me? I'll be there around half an hour too." Shen Shixiu said with a smile, "Well if that's the case, see you at Huancheng!"

Shen Shixiu hung up the phone and intently fixed his gaze at the car not far from him. Then, he pointed at it. Seeing this, Jiang Zhan was confused by Shen Shixiu's behavior.

Why does Mr. Shen want to do this unnecessary action? He's already at the Fu residence's door. Jiang Zhan could only muse to himself, of course. He did not dare to say that in front of Shen Shixiu.

Shen Shixiu lowered his eyes and looked at the share transfer agreement beside him. At that moment, he fell into deep thought.

"Are all the shareholders of Huancheng going to be there for the meeting today?" Shen Shixiu asked.

Jiang Zhan straightened his body upon hearing Shen Shixiu's question. "Yes, Mr. Shen. The shareholders are interested to know who the main shareholder of the company is. At the same time, they seem to have some objections against it. Therefore, they will be there to find out more insider info. Most of them have picked sides with Shi Jingzheng, and some remain calm and unmoved by the situation. Of course, those who are sitting on the fence are looking for the best opportunity. To be honest, Huancheng is nothing but a shell company. I don't think you need to involve yourself in these troubled waters."

Jiang Zhan thought there was no need for Shen Shixiu to interfere in this matter.

The only explanation Shen Shixiu wanted to do that was for the sake of Shi Nuan.

The duration Jiang Zhan had worked for Shen Shixiu was not very long, but it was not too short either. Jiang Zhan had never seen Shen Shixiu put effort into any trivial or useless matters before. Moreover, even the person from Sheen City could not move and attract Shen Shixiu too.

Shen Shixiu raised his head and stared at Jiang Zhan sagaciously upon hearing the latter's question. Sensing that, he could not help but shiver in fear. I guess I've crossed the line. Thinking of the possibility, Jiang Zhan ended the conversation.

Shen Shixiu finally reached half an hour later. He was punctual.

After Shi Nuan reached, she saw Shen Shixiu's car pull over nearby. Shen Shixiu pushed open the car door and noticed Shi Nuan's car at that instant. Then, he strode toward her. Shi Nuan then lowered the window and opened the vehicle door after seeing Shen Shixiu walking toward her. "Hi, Shixiu!"

"Hey, Nuan!" Shen Shixiu nodded and looked at Shi Nuan dotingly. After a while, he averted his eyes and glanced at Zhou Zheng. "Hi, Mr. Zhou."

"Oh, you're here, Mr. Shen." Zhou Zheng was familiar with Shen Shixiu. After all, he had investigated the latter before. However, he was guarded against Shen Shixiu again after noticing how gentle and warm the latter looked at Shi Nuan.

Shen Shixiu smiled and gazed meaningfully at Shi Nuan before saying, "Yeah."

Chapter 517 Shi Nuan The Main Shareholder

The hair on Zhou Zheng's back stood on end upon seeing Shen Shixiu tenderly looking at Shi Nuan. The way he looked at Shen Shixiu was extremely hostile as if he was going to fight with the latter in no time. Even Shi Nuan could sense the menacing aura emanating from Zhou Zheng.

At that moment, Shi Nuan held her forehead in exasperation. Feeling embarrassed by Zhou Zheng's behavior, she flashed a look at Shen Shixiu and noticed that he was smiling at her. Wow! Is he trying to provoke and incite Zhou Zheng? Shi Nuan could not help but click her tongue in annoyance. Is he doing it on purpose?

Then, she looked at Zhou Zheng, who was on the verge of exploding. Seeing this, she found it amusing.

At that moment, all Zhou Zheng was thinking was that he needed to protect his employer's wife. I'm responsible for taking care of Mrs. Fu since Mr. Fu is not here.

"Let's go. It's almost time."

Shen Shixiu was not interested in picking a fight with Fu Chengyan's assistant. He could not care less about those puny matters.

Shi Nuan nodded in agreement. Then, she followed Shen Shixiu and asked, "What's on your mind, Shixiu?"

Shen Shixiu knew Shi Nuan was the main shareholder of Huancheng. He turned around and looked at her side profile.

I can tell that Fu Chengyan is treating her well. It seemed like she's gained weight after her pregnancy when I first saw her. Hmm, I think she must be living a good life now.

Thinking of this, Shen Shixiu felt a gaze on him. Helpless, he shook his head quietly and paused before glancing at Shi Nuan. "What's wrong with your assistant?"

Hearing his complaint, Shi Nuan could not help but let out chuckles. "It's fine. Don't mind him, Shixiu."

Shen Shixiu nodded slightly in response. "Huancheng is a shell company now. However, I think not many of them know about this. Didn't Fu Chengyan tell you anything about it before you came?"

Shen Shixiu believed that Fu Chengyan was a reliable and responsible man, so the former thought the latter must have already told Shi Nuan. Plus, it was not that easy to make the other shareholders leave, even though Huancheng had become a shell company. Hence, Shen Shixiu had prepared himself before he came. Also, he believed that Fu Chengyan was capable enough to have done something about it and would never let Shi Nuan face the issue and the shareholders alone.

Shi Nuan smiled faintly after hearing Shen Shixiu's words. "Yan is busy today, but he's asked his assistant to come with me. I believe Zhou Zheng doesn't deserve to work with Yan anymore if he can't handle this trivial matter."

Shen Shixiu nodded in understanding. "Right."

Hearing that his name had been mentioned, Zhou Zheng had an inkling that it was nothing good, although he could not hear what Shen Shixiu and Shi Nuan were saying.

Meanwhile, Jiang Zhan, following Shen Shixiu, leaned closer to Zhou Zheng and said, "Hmm, are you holding some hostile thoughts against Mr. Shen, Zhou Zheng?"

Zhou Zheng sneered coldly at Jiang Zhan. He maintained an unfriendly temperament against Shen Shixiu and his assistant. "No, I wouldn't dare."

Jiang Zhan laughed. "You don't have to act like this, Zhou Zheng. Mr. Shen is an upright man."

Haha!

After Shi Nuan and Shen Shixiu arrived at Huancheng, it created a commotion as the two strangers stepped into the building together.

It was mainly because the chairman of the company had just passed away. Plus, it was the shareholders' meeting. Seeing them walking in together, the employees of

Huancheng were in a state of turmoil. They could not help but feel worried about the future of the company. It appeared serene and peaceful on the surface. However, it was a severe issue for Huancheng. Moreover, the senior executives heard something, but they were only guessing and could not be sure of it.

Hence, everyone wanted to grab this opportunity and attend the shareholders' meeting to know the current situation of Huancheng and see what its future held.

Every shareholder had arrived and taken their seats in the conference room. There were only two empty seats. It piqued their curiosity upon seeing this, and they could not help but start gossiping about the identity of the two shareholders.

The ones who sided with Shi Jingzheng already knew who the remaining ones were. On the other hand, those sitting on the fence had zero ideas.

The conference room was not quiet. It was full of discussion noises instead. However, it went silent after a while.

The door of the conference room was pushed open at that moment. Zhou Zheng and Jiang Zhan led the way, and the ones who appeared after that were Shi Nuan and Shen Shixiu.

The crowd was startled upon seeing Shi Nuan. Then, the room was abuzz with comments. "Isn't she Old Mr. Shi's granddaughter?"

"Pfft! What granddaughter?"

"Yeah! She's not Old Mr. Shi's granddaughter at all. She's not even a member of the Shi family!"

"Then, what is she doing here?"

"Oh, who's the man beside her?"

"Yeah, right! Who is he? He looks familiar..."

"Isn't he Shi Yu?"

"No, it can't be Shi Yu! He's Shen Shixiu, isn't he? He's Shen Shixiu!"

When Shi Nuan and Shen Shixiu entered the conference room, everyone's attention fell on them. Meanwhile, Shi Jingzheng, sitting at one side, clenched his armrest tightly. His expression went dark upon seeing them.

He had never expected Shi Nuan and Shen Shixiu to attend the shareholders' meeting. What's wrong with Zhang Quan?

While Shi Jingzheng was deep in his thought, Zhang Quan entered the room. He was slightly astonished to see Shi Nuan and Shen Shixiu had already arrived. Then, he asked, "Why didn't the two of you tell me that you're here? I thought you haven't arrived."

Shi Nuan smiled. "Hi, Mr. Zhang."

Zhang Quan nodded in response. "All right. Please take a seat."

Shi Nuan and Shen Shixiu glanced around the room and noticed the two empty seats at the far end of the room. Shi Nuan stood there and raised her eyebrow at Zhang Quan.

He opened his briefcase helplessly and said, "Well, I'm the lawyer whom the chairman of Huancheng, Shi Yunsheng, hired. I've already read and explained Shi Yunsheng's will a few days earlier at the Shi residence. Now, I'll be doing what Old Mr. Shi had entrusted me to do in the shareholders' meeting today."

Zhang Quan took out the documents and the share transfer agreement from his briefcase. Then, he continued, "The chairman of Huancheng, Old Mr. Shi, had transferred five percent of his shares to Shi Yu, who is also Shen Shixiu, the man standing beside me. The rest of Old Mr. Shi's shares belong to the lady beside me, Su Nuan. From now on, Ms. Su Nuan will be the main shareholder of Huancheng. According to the previous chairman's will, Su Nuan will be the new chairman of Huancheng because she holds the largest amount of shares in this company. Is there any question you would like to ask?"

"I disagree!"

A man sitting beside Shi Jingzheng jolted up from his seat. Then, he shot icy daggers at Shi Nuan and Zhang Quan before saying, "I think you're mistaken, Mr. Zhang. S-Su Nuan is not a part of the Shi family. How can Old Master Shi hand his shares over to an outsider?"

"Yeah, he's right!"

The others in the room agreed one after another upon hearing this. "Something seems fishy here! Shi Jingzheng, the General Manager of Huancheng, is the biological son of Old Mr. Shi. How can he not get any shares?"

More and more questions flooded in. Zhang Quan adjusted his glasses and said calmly, "You can verify it if you don't trust what's written on the previous chairman's will. I'm not afraid of anything. Furthermore, I can present the evidence to you if you've got any queries."

After his voice fell, he looked at his assistant, who stood behind him. Sensing his gaze, the assistant quickly asked, "Is there any DVD player or projector here?" The assistant held a USB drive and continued, "Old Mr. Shi had recorded the evidence and the discussion between Mr. Zhang and himself in it before his passing. You can watch it if you have got doubts."

After the assistant found a DVD player, he played it in the conference room. Everyone watched it silently. At that moment, Old Master Shi's face appeared instantly on the screen. He looked energetic at that time. In other words, he had already set up his will a long time ago.

Old Master Shi looked conscious and alert in the video. Zhang Quan even interrupted Old Master Shi a few times while the latter was writing his will. Zhang Quan was doing this because he wanted Old Master Shi to verify his decision. In the recording, Old Master Shi insisted that he wanted to transfer his shares to Shi Nuan and Shen Shixiu. He stated his decision without hesitation.

Toward the end of the video, Old Master Shi could not care less about his mansions and savings, wanting to transfer the ownership of his properties to his sons and daughters-in-law. Although Shi Nuan was not there when Shi Yunsheng wrote his will, he said some words as if he was talking to Shi Nuan. "I think I'll no longer be here when you see my will, Nuan. This is what I can give you as a form of protection. Also, I want you to do one last thing for me. Save Huancheng no matter what!"

Tears flowed down Shi Nuan's face when she finished watching the recording. Shi Yunsheng looked energetic at that time. She was sure that he had recorded it a long time ago. In other words, it meant that he already perceived Huancheng's losses due to embezzlement. Had Old Mr. Shi already prepared for it at that time? He wouldn't be doing it if it weren't the case.

Zhang Quan turned around and was somewhat moved by Shi Nuan's crying. "Deepest condolences, Ms. Su."

Shi Nuan said faintly, "Did Granddad set up his will a long time ago? When did he write it? Why don't I know anything about this?"

"He did that roughly half a year ago. Old Master Shi looked for me and made the decision to write his will. Initially, Mr. Shen was not a part of Old Master Shi's will. Two months ago, Old Mr. Shi looked for me again and asked me to revise the will, ordering me to transfer the five percent of his shares to Mr. Shen."

Zhang Quan knew Shen Shixiu, and he understood why Shi Yunsheng did this.

Although Huancheng was a relatively small-scale business, Shi Yunsheng was still a visionary and calculative man. If Shen Shixiu could manage Huancheng earlier before Shi Jingzheng's control, Huancheng would not end up in a mess.

Shen Shixiu closed his eyes, recalling the time when he met up with Shi Yunsheng.

Had he already planned to drag me into these troubled waters since the last time we met? How did he know I would interfere in this issue? Is it because of Shi Nuan?

Amused, Shen Shixiu's gaze fell on Shi Nuan.

Haha! How calculative and wily Old Master Shi is!

Startled, Shi Nuan looked at Shen Shixiu and saw he was smiling. Embarrassed, she said, "Shixiu, I didn't know Granddad..."

"It's fine. I owe Old Master Shi a debt of gratitude. I'll be more than happy to help out if Huancheng faces anything."

Hearing his words, Shi Nuan believed that Shen Shixiu would not simply make a rash move. "Thank you, Shixiu!"

I Want A Lifetime With You Chapter 518

Chapter 518 The Dominance Of Shi Nuan

When everyone heard this along with the recording that Shi Yunsheng had left behind, they instantly came to a realization. The crowd started to look at Shi Nuan and Shen Shixiu differently. When they looked at Shi Jingzheng, they couldn't help but feel

perplexed. Why would Old Master Shi say that in the video? He even requested for Shi Nuan to save Huancheng. What could that mean?

Shi Jingzheng noticed that everyone had gone silent. He was already upset before, but when she saw Shi Nuan and Shen Shixiu, he felt even angrier. With a hard slap to the table, he yelled, "This video isn't necessarily real just because you guys claim it is. Shi Nuan and Shi Yu have teamed together to plot against the Shi family's inheritance. I am Shi Yunsheng's son, why would he not leave any shares for me, and instead allocate them to two strangers? Don't you guys find this suspicious at all?"

Initially, Shi Jingzheng thought that Shi Nuan would be smart and voluntarily return the shares. Hence, Shi Jingzheng didn't want to be petty about it. However, from the looks of it, Shi Nuan had no intention of giving it up at all.

Shi Jingzheng could not understand what went on in his father's mind. Not only that, he had never expected Shi Yunsheng to go out of his way to record a video to prohibit them from taking any of the inheritance.

Shi Nuan was going to be the main shareholder in Huancheng. Thinking of this, Shi Jingzheng simply could not bring himself to accept it.

The few shareholders that were closer to Shi Jingzheng nodded alongside him. "Yes, that's right. Shi Jingzheng is Shi Yunsheng's son. Old Master Shi must have gone mad. How could he not give his shares to his own son and granddaughter, and instead pass them on to some strangers?"

"Yes! We all have our doubts about this will. We don't recognize Su Nuan as our Chairman!"

Shi Nuan narrowed her eyes and smiled as she stared at Shi Jingzheng. She wasn't that worried considering the fact that Shi Yunsheng had given her the shares himself. After all, she wasn't breaking any laws, and she trusted Fu Chengyan. Since he asked her to come, that could only mean that he had already prepared for everything.

Shen Shixiu looked at Shi Nuan's confident expression. Seemingly satisfied with her attitude, he smiled.

Shen Shixiu decided not to speak anymore. He found an empty seat and sat down. With a slight tap on the table, he said, "Nuan, you're pregnant. Why don't you take a seat?"

"Yes, Mrs. Fu. Please, sit down. If you wear yourself out too much, I'll get a big scolding from Mr. Fu when we go home."

Hearing this, everyone's attention moved from Shi Nuan and Shen Shixiu toward Zhou Zheng.

Although Zhou Zheng was just an assistant, his name was very hard to miss. Especially because he was someone who was often beside Fu Chengyan. When everyone heard him mention the name "Mr. Fu," their eyes couldn't help but light up.

The only person who dared to bear that name in Jiang City was none other than Fu Chengyan himself. Everyone wondered if this man was Fu Chengyan's assistant Zhou Zheng. Since Zhou Zheng had referred to Shi Nuan as "Mrs. Fu," didn't that imply that she was Fu Chengyan's wife?

Instantly, everyone's gazes toward Shi Nuan started to become different.

In Jiang City, Fu Chengyan's name was like a pass that could get you a lot of benefits.

Shi Nuan sat down calmly and nodded. "Zhou Zheng, since Mr. Shi is opposed to the Chairman's will, I hope you can help clear up any confusion."

Zhou Zheng nodded and smiled. "Mrs. Fu, you just take it easy. I can handle the rest!"

Then, he raised his head and swept a glance over the crowd. He narrowed his eyes and smiled. "Hello, everyone. Perhaps you might not know me. My name is Zhou Zheng. Today, I'm here as Ms. Su Nuan's personal assistant. If anyone has any questions, I will answer them all for you."

These words alone solidified the speculation that everyone had about Shi Nuan.

"Mr. Zhou, does that mean Su Nuan is..."

"Yes, she is the wife of Mr. Fu." Zhou Zheng smiled faintly. "More accurately, she is the wife of the future head of the Fu clan."

The audience's expressions changed drastically. They looked toward Shi Nuan with some doubt, but mostly with admiration and flattery.

After all, she was Fu Chengyan's wife. Everyone in Jiang City knew who Fu Chengyan was. He was to be the future owner of Shengyuan Group, as well as the head of the Fu

clan. If any of them could become friends with Fu Chengyan, their future possibilities would be endless.

Everyone couldn't help but look toward Shi Jingzheng. Curiously, they wondered what resources he had to back him up since he wanted to go against Shi Nuan.

Even Shi Jingzheng's friends thought it was weird. First of all, they had always thought that Shi Nuan was an orphan. Then, Shi Nuan had chosen to reveal her identity. What's more, Shi Yu was also Shen Shixiu. They were all perplexed as to why Shi Jingzheng could mess up the good resources that he had been given.

Everyone wondered if they should continue to side with Shi Jingzheng in this battle against Shi Nuan. Shi Nuan was part of the Su family now. Although there were a lot of Su families in Jiang City, there was only one, in particular, that was considered well respected.

"Excuse me for being nosy, but how is Ms. Su Nuan related to the Su family in Jiang City?"

Shi Nuan smirked. "Su Huaibei is my father, and Su Shaoqing is my brother." At that moment, Shi Nuan did not mind using their names. Since they made such a powerful impact, it seemed like a shame to keep their names hidden.

The crowd inhaled sharply. They were shocked that Shi Jingzheng would keep something so important from them.

If all this was true, that would mean that Shi Nuan had no reason to even bother competing with Shi Jingzheng over Huancheng. After all, the Fu Clan and the Su family were both very well-established families in Jiang City. The Shen family in the capital was no exception either.

When Shen Shixiu heard all this, he chuckled. It seemed like his work here had already been done for him.

Shi Nuan was smart. She had purposely chosen such timing to reveal her identity and allow the other shareholders to consider it amongst themselves.

Initially, Shen Shixiu was still worried that she would not be able to hold her own against that sly group of people. Now, he could see that he had been worried for nothing.

Meanwhile, Zhou Zheng breathed a sigh of relief as well. He had always known that Shi Nuan had her wits about her. After witnessing it for himself, he felt like she was truly very formidable and domineering.

Zhou Zheng cleared his throat before saying, "I'm sure everyone is curious as to why Old Mr. Shi would pass down Huancheng to Mrs. Fu."

He was right. This was the question on everyone's minds.

Logically speaking, no matter her identity, or how much he favored her, Shi Nuan was still someone outside of the family. Why had he allowed her to inherit the company, and not Shi Jingzheng?

Zhou Zheng smirked as he looked around the room. "I think there's something you all need to see. All this while, I know all of you have played a more hands-off role in the company. Despite being shareholders of Huancheng, you only get together at big meetings like this. What about usual days? Do you know about the day-to-day management of Huancheng? What about the different industries that Huancheng is involved in? Are you aware of the profits and losses of each season?"

Everyone turned solemn when they heard Zhou Zheng's words. "We have seen the data of course. However, there's just so much to go through. We get a headache from looking at it. When it comes to this, Zheng is better at it. Hence, we usually just wait for the year-end bonuses. Indeed, we don't know the company's ins and outs in detail."

"Oh?" Zhou Zheng raised an eyebrow. "In that case, let me ask you this. How do you think the company is performing this year?"

Faced with this question, everyone was confused. To be honest, Shi Jingzheng rarely revealed much to them about this.

At the same time, Shi Jingzheng was starting to get nervous in his seat. The big projects from last year are still...

He felt a headache wash over him. Especially when he saw Zhou Zheng's bright, calculative eyes, he felt even more pressured.

Zhou Zheng was supposed to be nothing more than a meager assistant. Yet, at this moment, Shi Jingzheng felt like he was being suffocated by the former's tremendous aura.

"Right, Mr. Shi. Everyone is quite unsure about what Mr. Zhou has just mentioned. Technically, we should be getting a report on all this every month. Furthermore..." said one of the shareholders. "Weren't our bonuses lesser this year?"

"Right? Mr. Shi said that the company was investing in some big project, so that's why our cash flow is tighter for now. It's supposed to only be temporary, so..."

The more he listened to everyone's comments, the more anxious Shi Jingzheng was getting. He never expected Zhou Zheng to have such a thorough understanding of Huancheng. All the other shareholders could see the panic on his face. "Mr. Shi, please give us an explanation!"

"Yes. Even though we're not major shareholders, we are still a big reason that Huancheng managed to keep things together when it was in trouble."

"Look, the thing is..."

Before Shi Jingzheng could say more, the door to the conference room suddenly swung open.

Jiang Yu stormed in with several burly men behind her. "Let's see who dares to stir up trouble now!"

As she spoke, she looked over at Shi Nuan. She went over and yelled, "You b*tch! I can't believe you had the nerve to come. Everyone, this is the woman that basically killed Old Master Shi and took our inheritance for herself. Now, she's even trying to snatch Huancheng away from us. Never have I met such a vile woman!"

"What did you say?"

Shi Nuan narrowed her eyes and raised an eyebrow. Her expression was filled with disbelief. "Mrs. Shi, I think you should be very careful with your choice of words."

"Look, Shi Nuan is threatening me. I raised her for years. You ungrateful wench. How could you kill off Old Master Shi just so you could get Huancheng? How horrible!"

Shi Nuan looked over at Jiang Yu coldly. "Mrs. Shi, it's a shame you never pursued an acting career with your skills. You should consider joining the entertainment industry along with Shi Wei."

"You..." Jiang Yu's expression fell drastically, especially when she heard Shi Nuan mention Shi Wei's name. "You evil woman. You were the one that harmed Wei!" Jiang Yu

bared her fangs and stared at Shi Nuan angrily. "Not only did you push Wei to her death, but you also did the same thing to Old Master Shi. Don't think I don't know what happened. You're the one that released all those rumors about Wei. You're the worst."

Shi Nuan frowned. "I'm not here to talk about Shi Wei." Turning her attention back to everyone else, she said, "Isn't this meeting only open to Huancheng's shareholders?"

"Yes!"

"Mr. Shi, I don't think your wife is a shareholder, is she?" Shi Nuan smirked. "Please ask her and her men to leave Huancheng at once."

"What right do you have? Who do you think you are? Let me tell you. Huancheng belongs to my husband. Zheng, ask security to kick her out right now. What are you guys all standing there for?"

Chapter 519 Huancheng Is An Empty Shell

Jiang Yu was not in the mood to care right now. All she knew was something that belonged to them was about to be usurped by this outsider, Shi Nuan. In the first place, she never liked Shi Nuan. Hence, in a situation like this, she jumped at the chance to go against her.

There was no way Jiang Yu was going to leave as per Shi Nuan's request. She pointed toward Shi Nuan and scolded, "You ungrateful traitor. Huancheng belongs to the Shi family. Who do you think you are? Do you really think you can get me to leave? I am Zheng's wife. I..."

Shi Nuan turned to look coldly at Shi Jingzheng. Her gaze was icy and hardened. Upon meeting her gaze, Shi Jingzheng was honestly taken aback by her domineering aura.

Shi Nuan smiled curtly. "Mr. Shi, is this a rule for members of the Shi family? Or is anyone allowed to come into Huancheng now?"

To be honest, Shi Nuan didn't have much of an issue with Shi Jingzheng. She had wanted to be civil with him at least for the sake of Shi Yunsheng. However, it was clear that they didn't hold an ounce of respect for her. Since it was so, Shi Nuan didn't see why she had

to do the same for them. Maintaining her cold expression, she said, "Mr. Shi, if you can't bear to set aside your ego, I can be the bad guy in your stead. Zhou Zheng..." She looked toward Zhou Zheng, who immediately nodded his head. He took his phone out and made a call. Seconds later, a group of men came in. They were all dressed very neatly. Clearly, they had been very well-trained.

"Mrs. Fu."

Jiang Hu came in and stood beside Shi Nuan. "Who dares to disrespect you?"

She smiled. "No one has disrespected me. Although I will have to trouble you to escort this group of people who have nothing to do with Huancheng out!"

Jiang Hu looked around the room. He instantly understood the situation. With a single glance, the burly men that Jiang Yu had brought with her were instantly subdued. They left obediently.

Jiang Yu was no stranger to Jiang Hu. She could feel herself trembling from fear, but at the same time she didn't want to give in. "Hold on. Shi Nuan, what right do you have? You said I don't belong here, but what about these people? Do they have a right to be here?"

"Of course they do. Mrs. Shi, don't you know that I am now the largest shareholder of Huancheng? Once I become Chairman, these people will all be my assistants and bodyguards. They are here to protect me and ensure my safety. Don't you think they should be here?"

Shi Nuan had always been a head taller than Jiang Yu. Even in flats, she was much taller than Jiang Yu when they stood face to face.

Looking down at Jiang Yu, it felt very belittling to the latter.

Since Jiang Yu was not her biological mother, and she treated her so poorly, Shi Nuan saw no reason why she had to be tolerant of her behavior any longer. After all, not everyone in this world would learn to be gratuitous. Even if Shi Nuan was kind to her, Jiang Yu would not necessarily appreciate it.

Thus, she decided it was better to just let go of her feelings for Jiang Yu, and go head-to-head with her. "Jiang Hu, please show Mrs. Shi the way out."

"I'd like to see you try!" Jiang Yu yelled back. "Shi Nuan, I won't let you get your way. I will expose all your motives here today. The Shi family has raised you for over twenty years. I can't believe this is how you plan to repay us. You schemed and harmed Wei. Have all

these years of her suffering not been enough for you? To take her down, you colluded with Fu Chengyan to sign her management contract. Then, you conspired against her in secret just to get Old Master Shi's shares. You even went so far as to anger him to death at the hospital!"

"What did you just say? I dare you to say it again!" Shi Nuan never thought that Jiang Yu would be so bold to say all this. How could she blame Shi Yunsheng's death on me?

Shi Nuan gripped her fists tightly. She thought that Jiang Yu just hated her because of Jiang Yuan. All this while, Shi Nuan had treated Jiang Yu's criticisms as nothing more than words of emotion that she said to make herself feel better.

However, she never expected Jiang Yu to accuse her of scheming and even killing people. If she did not stand up for herself this time, Jiang Yu would possibly get much worse.

"Jiang Yu, since you're Granddad's adopted daughter and my step-aunt, I will try my best to be civil with you. However, if you insist on being rude to me, I will not be afraid to hold back either."

"Are you guys hearing this? Now that Shi Nuan has newfound power, she has become so arrogant. She won't stop until she sees the entire Shi family being run to the ground. She's already gotten rid of Old Master Shi. I swear she's going to kill us all!"

Right now, Jiang Yu was yelling at the top of her lungs like some madwoman in the conference room.

Although everyone understood the situation, there were still a few that were confused and chose to believe in Jiang Yu's words.

"Mrs. Shi has a point!"

"Indeed. Old Master Shi was doing perfectly fine. Why would he suddenly just pass away?"

"Not only that, who in their right mind would leave their inheritance to an outsider instead of their own children? Something is clearly up."

Shi Nuan looked around the table. The shareholders were all just looking to jump to whichever side they felt would benefit them most. She looked back to Shi Jingzheng and realized he was glaring back at her. "Shi Nuan, I feel like I've treated you fairly well all

these years. My father even more so. Tell me, why did you have to push him to the edge?"

"Mr. Shi, have you lost your mind along with your wife?" Shi Nuan raised her eyebrows. Gripping her bag, she took a deep breath. Subconsciously, she looked at Shen Shixiu. He also had his brows knitted, but he didn't shoot her any glances.

Oddly enough, Shi Nuan didn't feel anxious. She found a seat before taking a look at Zhou Zheng. He nodded in response. "Mrs. Shi, since you refuse to leave, perhaps it would be better if you stayed. There's actually something I want to show you. In fact, your timing is impeccable. Now, we won't have to explain it twice."

"Shi Nuan, what kind of game are you playing?" Jiang Yu couldn't tell what Shi Nuan was trying to do.

Any normal person would not be able to bear being bombarded with accusations and questions like these. However, Shi Nuan remained calm as ever. In fact, she didn't even bother arguing with Jiang Yu. She didn't seem to care at all.

"There's no game being played here. Mrs. Shi, just calm down. There is no need to be so loud. Mrs. Fu is pregnant. If she gets too stressed out, it might affect the baby. If that happens, I will hold you all accountable!"

Zhou Zheng had spoken with a tone of warning. Hearing this, no one dared to talk back against him. Either way, the shareholders could tell that Shi Nuan had come prepared. Not to mention, they really wanted to know what was going on with Huancheng.

To be honest, they all sort of knew that Huancheng would fall to two very different fates in the hands of either Shi Jingzheng or Shi Nuan.

No matter how capable Shi Jingzheng was, he definitely did not have the strong support that Shi Nuan had behind her. However, if they decided to intervene, then it would be a different story.

Seeing that everyone had finally settled down, Shi Nuan gestured for Zhou Zheng to begin.

Zhou Zheng straightened the tie around his neck. In no hurry, he took out a stack of documents. "Everyone, take a look at this. This is the overall condition of how Huancheng has been doing. Our time is limited today, so I won't be able to go through each and every document in detail. However, I'm sure you are all smart enough to understand what's going on after taking a look at the documents."

A copy of the documents was passed down to each shareholder. Shi Jingzheng was given one too. The moment he saw the first page, his expression turned ugly. With shaky hands, he flipped through the pages. The more he read, the faster his heart started to pound.

Throwing the document down, his face was pale. However, he suppressed his fear and slammed his hand down on the conference table. "What is the meaning of all this? Did you fabricate this thinking we would fall for your tricks?"

"Are you sure it's fabricated?" In contrast to Shi Jingzheng's attitude, Zhou Zheng appeared much more at ease. He stared at Shi Jingzheng coldly, "Mr. Shi, this document is based on factual data. For example, let's take a look at this first page. Three years ago, Huancheng had supposedly invested one hundred million into a project in Fairlake. However, where have the profits gone?"

"Nonsense. This is Huancheng's internal data. How did you get your hands on this? You've stolen company secrets!"

"Stolen?" Zhou Zheng could see that Shi Jingzheng was getting desperate. Growing confident, he continued, "Mr. Zhang, as the largest shareholder of Huancheng, do you think there's any need for Ms. Su Nuan to steal anything?"

"Not at all." Zhang Quan shook his head. Staring Shi Jingzheng in the eye, "Mr. Shi, what you're doing right now is an act of slander."

"I..."

"Hah! Shi Jingzheng, is all this real?" One of the shareholders that had remained neutral all this while stood up abruptly. "Mr. Shi, even though we are not big shareholders, Huancheng doesn't just belong to the Shi family. So, what's going on? All these years, Huancheng has been losing money. Now, it's nothing but an empty shell. How long were you planning on hiding all this from us?"

"That's..."

"He's right. If the data shown here is correct, that would mean that Huancheng has been consistently operating at a loss. Does that mean all the money we've previously invested has been completely wasted?"

The shareholders all started to voice out their questions. As soon as one person spoke, the others would chime in.

All these years, Shi Jingzheng had been trying to expand Huancheng by investing money outside of the company. In his efforts to secure bigger deals, he had missed out on the fact that Huancheng had been sucked dry. He had never expected any of this.

“You’ve got some nerve, Shi Jingzheng. It turns out the Shi family has been treating us all as fools for years!”

“Indeed. Huancheng is totally wiped out now. What will we do about the company’s debts?”

“Everyone, this is what I want to talk about next.” Zhou Zheng took out another set of documents and passed them down the table. “Take a good look. This document showcases Huancheng’s finance accounts, as well as the comings and goings of its’ cashflow.”

Shi Jingzheng staggered backward into his seat. His face was completely drained of color.

Jiang Yu had no idea what was going on, but when she saw Shi Jingzheng’s expression, she knew that it couldn’t be anything good.

Hence, she decided to target Shi Nuan yet again. Even now, she still felt like everything was Shi Nuan’s fault. “It’s all your fault! You’re the one who made Huancheng fall!”

Shi Nuan laughed mockingly. “Mrs. Shi, did you leave your brain at home? Do you understand a single thing we’re even saying? Today is my first day in Huancheng.

How can I be the cause of its’ downfall? Why don’t you ask the fellow shareholders around this table what Mr. Shi has done? Ask them if they want me, the future Chairman of Huancheng to save this company, or Mr. Shi to do it instead!”

I Want A Lifetime With You Chapter 520

Chapter 520 Unrepentant

Everyone fell silent at Shi Nuan’s words. Although her words sounded like a warning, they had to admit that what she said was very reasonable. Huancheng ended up in this state when it was in Shi Jingzheng’s hands. If he continued to manage Huancheng, it would remain the same as before, or perhaps even worse.

Huancheng's deficit was already bad enough, and the other shareholders did not have any real power. The company might have to declare bankruptcy at any moment. However, the situation would definitely be different if Shi Nuan took over.

Shi Nuan had the Fu clan, the Su family, and the Shen family behind her. If any of them made a move, Huancheng would be able to escape their crisis and might go even further beyond. In any case, it would not be a wasted effort.

Smart people knew how to choose the best for themselves. Furthermore, it seemed that Old Master Shi had planned for this beforehand, which was why he stated in his will to who his shares would be transferred. They had to admit that he really had foresight.

When Shi Nuan saw everyone fall silent, she had a vague understanding in her heart. She raised her eyes as a smile curled on her lips, and just so happened to meet Shen Shixiu's smiling eyes again.

He looked at her, his eyes closely examining and slightly cheerful. Shi Nuan turned away and looked at Zhou Zheng. "Zhou Zheng."

With that, Zhou Zheng continued. "There's another matter, but it doesn't have anything much to do with Huancheng's shareholders' meeting. However, since Mrs. Shi is here, this will save me a separate trip to go to you."

"What are you planning to do?"

Jiang Yu did not know exactly what Zhou Zheng meant, but her heart stuttered. She was completely helpless now and could only look at the latter warily.

"Nothing. I just want to show you something, Mrs. Shi." Zhou Zheng chuckled. "I will need to borrow the DVD player and projector for a while more."

As he spoke, he took out another USB drive from his briefcase. "Guess what's in here, Mrs. Shi."

"How would I know what that is?" Jiang Yu snapped at him. She did not like anyone who was related to Shi Nuan.

Zhou Zheng looked at Jiang Yu's behavior and raised his brows, chuckling. "Of course, it has something to do with what you said earlier, Mrs. Shi." He kept the others in suspense while inserting the USB drive.

Soon, a video was projected on the screen. It was a scene in a hospital. Just when everyone wondered what that video was, Jiang Yu suddenly stiffened and went pale. She rushed up to try and unplug the USB drive. "Don't try to play your little tricks here. This has nothing to do with today's shareholders' meeting!"

As soon as Jiang Yu moved, Jiang Hu was a step quicker than her and stopped her. Jiang Yu wanted to resist, but Jiang Hu pinned her down to the conference table easily.

Jiang Yu's arm was pinned behind her back, but her face was still looking in the direction of the large screen.

A figure suddenly appeared in that originally empty place. The person was short and very thin.

The video quality on the monitor was not very crisp, but it was enough for people to tell who the person was. It was Shi Wei, the eldest daughter of the Shi family.

What was she doing sneaking around the hospital?

Soon, the picture cut to a ward instead. Everyone saw it and saw that it was Shi Yunsheng's ward.

What was Shi Wei doing in Shi Yunsheng's ward?

They soon found out. Although there was no audio in the video, they could see that Shi Wei seemed to have said something. Then, Shi Yunsheng began to grow agitated. After a long time passed, Shi Wei left the ward, and Shi Yunsheng started to feel uncomfortable. It was not long before his breath stopped.

"Oh, God!"

Shi Jingzheng was also shocked. He never expected it to be Shi Wei.

Shi Nuan did not know about this video either, so when she saw it, she clenched her fists. "It was Shi Wei. She made Granddad so angry he was hospitalized, and then she made him so angry that he passed away?"

"Mrs. Fu, please continue watching." Zhou Zheng motioned for Shi Nuan not to get agitated. Her body was shaking with anger. She was absolutely furious.

Even Shen Shixiu, who was sitting beside her, felt that. He reached out to hold her hand and shook his head slightly.

When Shi Nuan felt the warmth coming from the back of her hand, she raised her head to see Shen Shixiu looking at her. Her gaze was a little complicated, and her eyes reddened as well. "Uncle Shixiu!"

In Shi Nuan's heart, Shen Shixiu was Shi Yu at that moment. He was the Shi Yu she loved to cling to when she was a child. Currently, Shi Nuan was at her most vulnerable state. She did not care about anything else.

Shen Shixiu sighed. "People can't come back from the dead."

"But Granddad didn't die a natural death. It was premeditated; it was murder!" Shi Nuan could not help but lose control.

Jiang Yu was provoked by Shi Nuan's words and tried to get up, but Jiang Hu pinned her down fiercely so that she could not move a muscle. He said, "Behave!"

"No, Wei didn't kill anyone. It was that damn old man who..."

"What did you say?" Shi Jingzheng suddenly snapped back to his senses, especially after he heard Jiang Yu's remarks and saw the scene on the video.

He grabbed Jiang Yu's neck. "You knew about this already, didn't you? You knew that Wei angered Dad to death?"

Jiang Yu coughed. "Zheng, let go of me. You... Wei didn't do it on purpose. Her anger just got the better of her. She was angry that he was biased. Zheng, you..."

"You're shameless!" Shi Jingzheng slapped her across the face. "She was angry, so she killed him? He was my dad! He was my biological dad!" Although Shi Jingzheng was disgraceful himself, he was nowhere near that shameless.

I never thought that Father died not because of an illness, but because my very own daughter angered him to death. How am I supposed to accept this?

"There's no rush, Mr. Shi. There's still more to come."

Then, the image cut to another place. Shi Wei walked to a dark corner and seemed to be meeting someone. However, that person was very cautious, so his face was not captured by the camera. They could only vaguely tell that it was a tall man.

In the video, Shi Wei seemed to be saying something to the man. After talking for a while, she turned around with a ruthless smile on her face. There was no panic or fear to speak of. No one could tell that she had just killed a person.

Thus, the excuses Jiang Yu used earlier were not valid.

Then, the video transitioned to a different scene again. It was back at Old Master Shi's ward. This time, the person who came in was Jiang Yu. She seemed to be observing something. After a long time, she left after seemingly confirming something. Although there was panic in her expression, there was no fear or guilt.

Shi Nuan clenched her fists. So, Granddad's death was really caused by Shi Wei, and Jiang Yu covered up for her? There was that mysterious man too.

"No, that's impossible. This is all fake. Shi Nuan, what are you up to? How could you make a fake video in order to frame us? You'll be struck by lightning!"

"Me? Struck by lightning?" Shi Nuan stood up. At that moment, she no longer had any feelings for Jiang Yu. "You all killed Granddad. How dare you push that crime to others with such impunity? When you went to his ward that night to see him, didn't you feel guilty? Didn't you feel scared? Did you not have nightmares when you sleep at night? You murderers!"

Shi Nuan's eyes reddened. She only came to Huancheng that day for the shareholders' meeting. Prior to that, she had no idea that something like that actually happened.

She clenched her fists, feeling her emotions spiral out of control.

"Nuan!" Shen Shixiu stood up and put his hands on Shi Nuan's shoulders. "Calm down."

Shi Nuan's body trembled. She could not hold back anymore and threw her arms around Shen Shixiu, hugging him. "Uncle Shixiu."

When I encountered any problems when I was young, it was always Uncle Shixiu who took care of me and helped me solve them. I still remember when I was a child and acted spoiled around him. He would call me Nuan helplessly.

Now, when she was at her weakest, Shen Shixiu was her anchor.

Zhou Zheng and Jiang Hu were stunned to see Shi Nuan and Shen Shixiu like this. Zhou Zheng had a calm temperament, but Jiang Hu did not.

I can't stand to see Madam running into another man's embrace. Even though Mr. Fu isn't around, we're still here.

Jiang Hu rolled up his sleeves and was just about to go over, but Zhou Zheng stopped him and shook his head lightly.

Shen Shixiu reached out to pat Shi Nuan's back, saying gently, "Nuan, you're an adult now. You have to learn to bear it, okay?"

Shi Nuan cried for a while, so she felt much better then. She pushed him away and nodded. "Yeah," she responded. However, she still felt upset.

Granddad was such a good person. What are Shi Wei and Jiang Yu's hearts made of? If it's just because they wanted to get those things, they could've spoken to me or Granddad. He wouldn't refuse to give it to them. However, they still chose such a method.

"Jiang Yu, what Shi Wei did was murder, and you're an accomplice. I'm calling the cops!" As soon as Shi Nuan said that, Jiang Yu seemed to go crazy. "No, Wei didn't mean to do this. She... It was you! It was your fault. If you hadn't caused Wei to be unable to get a foothold in the entertainment industry, if you hadn't caused Wei to... to..." Jiang Yu could not complete her sentence. "If not for a jinx like you, how would my Wei turn out like this?"

"Oh? Is that so?" Zhou Zheng said coldly. "Mrs. Shi, do you still think that your daughter was framed by Madam? In that case, please look at this!"

Zhou Zheng continued to play the video. The image on the screen was of Shi Wei.

It was photos and videos of Shi Wei going in and out of major entertainment establishments. There were also videos of her going to Court Martins and places rich people went to when they wanted to play friskier. Then, there were photos and videos of Shi Wei going to the hospital because she was injured after going to Court Martins.

Shi Wei had gone to all these places alone. In other words, she reaped what she sowed.

"No, that's all fake. How can they be true? You really did everything you could just to frame Wei. You..."

"Jiang Yu, even now, you still think that we were at fault, and not Shi Wei?" Shi Nuan yelled at Jiang Yu. "You're hopeless. Look closely. Shi Wei went to all those places by

herself. No one forced her to go. If you don't believe us, you can go to the police and ask them to check if it's true or not."
