

I Want A Lifetime With You Chapter 521 - 525

Chapter 521 Fu Chengyan Is The Actual Chairman Of Huancheng

"N-No!" Jiang Yu immediately opposed when she heard Shi Nuan saying she wanted to call the police. "Shi Nuan, the Shi family raised you for so many years. How could you be so heartless and call the cops? Isn't it enough that you're stealing Huancheng away? You want Wei to go to jail too?"

"Doesn't she deserve to go to jail? She caused Granddad to die of anger. She's a murderer. She deserves to rot in jail." Shi Nuan did not expect Jiang Yu to be so protective over Shi Wei to the point of helping the latter cover up a crime like this.

When Jiang Yu saw that Shi Nuan refused to let Shi Wei off the hook and was determined to call the police, she hurriedly grabbed Shi Jingzheng's hand. "Zheng, look at what Shi Nuan is trying to do. Hurry up and persuade her. For your dad's sake, for the kindness that we showed her over the years, tell her to let Wei go!"

Shi Jingzheng's mind was full of the images he saw in the video earlier. He never thought that the person he was the closest to and most familiar with would be such a person. When Shi Wei did those things, he had not expected them to be true at all.

Even if Shi Wei is a bit much sometimes, she doesn't go overboard. I'd rather believe that Shi Nuan framed Shi Wei for doing all these, but I can't believe that it's actually true.

Shi Jingzheng flung Jiang Yu's hand away. "I didn't expect you to be so cruel. You knew that Shi Wei killed Dad. How could you remain so indifferent? You could even sleep so well by my pillow after that. Jiang Yu, tell me, did you already know that Shi Wei wanted to anger Dad to death?"

"No, I didn't. Zheng, you have to believe me. Zheng!"

Shen Shixiu stood up to speak then. "Enough. These are your family affairs. We're having a shareholders' meeting now. I think you two can save your matters for later."

His gaze was fixed on Shi Nuan, and then he looked at all the shareholders present. "I think after what happened just now, everyone has already come to a decision in their hearts. Who will be Huancheng's chairman?"

He raised his eyebrows and heard the group of shareholders speak up. "Since Ms. Su Nuan is Huancheng's largest shareholder, she's naturally the new chairman of Huancheng."

"Yes, yes, yes. Ms. Su Nuan is Huancheng's chairman."

Shen Shixiu smiled. "In that case, I'll like to announce something regarding the shares I hold. I will sign a transfer agreement with Ms. Su Nuan later. I'm willing to transfer all the shares under my name to Ms. Su Nuan."

Shen Shixiu undoubtedly started another storm with his words.

Shi Nuan was also frightened. "Uncle Shixiu, I don't want them!" Although Shen Shixiu said before that he would give them to her, she had always refused it.

Although Uncle Shixiu doesn't lack stuff like this at all, when I think that they were given to him by Granddad, it means they belong to him. I can't take them.

However, Shen Shixiu shook his head. "Silly girl, it's useless for me to hold onto these things. I might as well give them to you."

He reached out to touch her head. "Rather than let the shares be so spread out, it's better to give them to you. I believe in Fu Chengyan's ability to get Huancheng out of trouble and go even further beyond."

"But--"

"Nuan!" Shen Shixiu shook his head. "Listen to me. Give these to Fu Chengyan later. He'll take care of them for you."

Shi Nuan pursed her lips. Just as she hesitated, Zhou Zheng said, "Mrs. Fu, you should accept it. It'll be more conducive to managing Huancheng in the future."

"All right." Shi Nuan knew that she could not keep refusing Shen Shixiu, so she could only nod and agree.

When Shen Shixiu saw this, he glanced to Jiang Zhan who immediately came over. The latter took out the documents from his briefcase. "I'll leave it to you, Mr. Zhang."

Shen Shixiu made use of the fact that Zhang Quan, as well as so many shareholders, was present to do the transfer that day itself. It was undoubtedly to cement Shi Nuan's position in Huancheng in the future. It was also to avoid a fight for shares that happened that day from repeating.

Zhang Quan understood and immediately got to work.

He was very efficient and soon finished writing up the transfer contract. Since the transfer to Shi Nuan was done in front of so many people, no one would have any doubts in the future.

When Shi Nuan saw this, she glanced at Zhou Zheng, who immediately put the document away. "It's done. Today's meeting ends here."

"Yes, indeed. It ended well. When will the chairman be taking office? As for Huancheng's recent operations..."

Shi Nuan gave Zhuo Zheng a look. After he nodded, she said, "It'll start tomorrow. There'll be someone stationed in Huancheng specifically to manage some of Huancheng's matters. As for our deficits, I'll have professionals come over and evaluate them later. In fact, the real owner of these shares isn't me, but my husband Fu Chengyan."

"How could that be?" Shi Jingzheng and the shareholders present were stunned again.

They originally thought that the shares were Shi Nuan's. They never thought that it was actually Fu Chengyan's. Why did Old Master Shi give his shares to Fu Chengyan?

No, why did Shi Nuan give her shares to Fu Chengyan?

Shi Nuan smiled. "I think it's better for my husband to take over Huancheng than me."

The crowd's expressions were grim and tense at first, but they relaxed afterward.

Well, in any case, Shi Nuan was a woman. It was not that they looked down on her, but Fu Chengyan's name and status were too powerful. Now that they heard that Fu Chengyan was the chairman of Huancheng, everyone's apprehensive hearts were finally relieved.

Shi Nuan saw this and stood up. "In that case, the meeting will end here today. As for Mr. Shi and Mrs. Shi..." She paused. "According to Mr. Shi's current shares, he can naturally still work in Huancheng. However, as for Mrs. Shi... I think you might need to take a trip to the police station."

"What did you say?" Jiang Yu got agitated again and shouted at Shi Nuan. "Shi Nuan, you're heartless!"

However, Shi Nuan retained her cool. "I think I've made myself very clear regarding the Shi family and me. Back then, it was true that Mr. and Mrs. Shi took me in, but the one who really raised me was Mr. Shi Yunsheng. When I got married, I also informed Mr. Shi Yunsheng, and the Fu clan gave him everything they should have given. I've repaid the kindness that I owed to Mr. Shi Yunsheng over the years for raising me. As for you... Back when Shi Wei got involved in a scandal, it was my husband who stepped in, allowing her to sign a contract with excellent conditions to act in films and be in advertisements. I thought that this was obvious to all! The money and reputation that Shi Wei earned during this time can be regarded as the betrothal gift my husband gave to the Shi family, as well as my returning the favor of these twenty years. Therefore, I don't owe you anything now."

Shi Nuan said these words in a powerful and resonating voice. She looked at Shi Jingzheng and Jiang Yu coldly. "That's why, you shouldn't try to vilify me with such words in the future, Mr. and Mrs. Shi. Otherwise, I'll sue you for slander!"

"You said it so well, Mrs. Fu!" Zhou Zheng could not help but applaud her.

Shi Nuan's lips curled up. "Zhou Zheng, please hand over all the evidence to the police. Remember to tell them that my grandfather's death was not an accident."

"Ah, Shi Nuan, you b*tch. I'll kill you! You bring nothing but bad luck. Do you have to break our family into pieces before you're happy? You and that shameless mother of yours are one and the same. You're both shameless!"

Jiang Yu was about to charge over and grab Shi Nuan. However, Jiang Hu saw this and kicked Jiang Yu away. "Damn it, what's wrong with this woman? How dare you raise a hand against Mrs. Fu?"

Jiang Hu was different from Zhou Zheng. He was a burly man, but he knew who he served. Since Shi Nuan was Fu Chengyan's wife, Jiang Hu served her too.

That woman ignored them time and time again and tried to hurt Shi Nuan, so Jiang Hu could not tolerate it anymore.

Jiang Yu was kicked away by the man and fell to the ground with a loud thud. Everyone was frightened, especially when they saw that she could not get back on her feet. They all turned away and pretended not to see what was happening.

Jiang Hu was about to kick her again, but Shi Nuan stopped him. "Forget it, Jiang Hu."

He finally stopped. "Mrs. Fu, we'll send you back."

Shi Nuan nodded and turned to look at Shen Shixiu. After pondering, she said, "Shixiu, do you want to join us?"

When Shen Shixiu heard her call his name, he narrowed his eyes and nodded. "Sure!"

Zhou Zheng frowned anxiously but did not say anything. He quickly packed their belongings. "This way, Mrs. Fu!"

Shi Nuan and Shen Shixiu left in tandem, while Zhou Zheng, Jiang Zhan, and Jiang Hu followed behind as subordinates.

Shi Nuan thought about it and turned to look back at Zhou Zheng. "Zhou Zheng, where did you get those videos? Also, why did you just so happen to have them with you today?" Those were all questions that she was curious about.

"Mr. Fu told me to bring them, saying that it'll be useful." Zhou Zheng was confused as well. Can Mr. Fu see the future? How did he know that Jiang Yu would come?

Shi Nuan was also surprised. "Yan told you to bring it?"

"Yes. He asked Mr. Su to help get it." Zhou Zheng felt amused as he spoke. "Actually, the original surveillance feeds from the hospital had been destroyed by someone. It wasn't easy to recover them, but Liang Lin is amazing. His computer skills are unparalleled. It's just that he took a lot of time to retrieve them."

Shi Nuan nodded. "What about that video of the scene in the corner? And what about the ones in Granddad's room?" Some of the angles were really tricky. How could there be cameras in those places?

"It's really thanks to Mr. Su. You know him. He loves to spruce things up. That's why there are cameras in many corners of the hospital, especially blind spots. However, according to the layout plan, the hospital didn't have such things in the beginning. Mr. Su was the one behind it, so only he knew the details and locations of these surveillance cameras."

Hah!

Shi Nuan really did not know how to describe that finding. Su Shaoqing is really...

"Mr. Su is amazing, right?"

I Want A Lifetime With You Chapter 522

Chapter 522 Shi Wei Has A Grudge

The corner of Shi Nuan's mouth twitched. "Amazing!" She thought Su Shaoqing was impressive to set the surveillance cameras everywhere in the hospital. Besides, she wondered if Su Shaoqing knew he was wasting money by setting the surveillance cameras at unnecessary places in the hospital.

Su Shaoqing also set up the surveillance camera in the ward, and Shi Nuan wondered if this was allowed. Isn't this snooping on other people's privacy?

However, Shi Nuan did not say it out loud. After all, she would not be able to explain herself without Su Shaoqing's videos. Furthermore, Shi Nuan only knew Shi Wei and Jiang Yu were far more terrible than she expected after watching the video.

Shi Nuan sighed softly, even Shen Shixiu, who was beside her, felt the change in her emotion. "People can't come back from the dead, Nuan!"

Shi Nuan turned and looked at Shen Shixiu. "I feel I'm the one who caused Granddad's death." Although Shi Nuan did not do it, Shi Wei went to find fault with Shi Yunsheng out of her jealousy. In the end, Shi Yunsheng got too angry and passed away.

"You don't have to take responsibility for other people's wrongdoing. Nuan, you can't stop the others from doing that kind of thing." Looking at Shi Nuan's expression, Shen Shixiu knew she blamed herself.

The corners of Shi Nuan's mouth twitched slightly. "I didn't. I just feel like if I made things clear to Shi Wei and the rest of them, perhaps the things would not happen."

Shen Shixiu disagreed and shook his head. "As long as they are that kind of people, whatever you do would be the same, Nuan."

"Yes, Mrs. Fu. I think that even though you didn't do anything, they would still think you have committed an unforgivable sin. Hence, you really have nothing to do with these matters."

Zhou Zheng finally understood why Shi Nuan was behaving that way, so he quickly spoke up. He was worried that Shi Nuan would have negative thoughts because of those issues.

Looking at Shen Shixiu and Zhou Zheng's anxious faces, Shi Nuan smiled. "All right. Do you think I will be depressed?" Shi Nuan shook her head and continued, "Don't worry. I'm not that weak. However, Zhou Zheng, since these matters have been thoroughly investigated, should we pass them to the policemen?"

"Don't worry, Mrs. Fu. We've already done that. Mr. Fu was worried about unexpected situations at your side, so he asked me to prepare a copy."

Zhou Zheng had to admit although Fu Chengyan was not around, he had thought about everything in detail. He even foresaw that Jiang Yu would show up due to being dissatisfied and had planned ahead of time.

"That's good, then." Shi Nuan thought Shi Wei should be punished according to the law since she was the one who committed the crime.

"Shixiu." Shi Nuan looked at Shen Shixiu. "I still have something to do, so..."

"I understand." Shen Shixiu nodded. "I have something to do later too."

Shi Nuan nodded. She paused for a moment before continuing, "Since the matters over here in Jiang City are all taken care of, Shixiu, what are you up to next?"

"I'll go back to the capital after a few days. I will be the host when you and Mr. Fu visit."

"No way. How about this? Yan and I will have a farewell for you, Shixiu." Based on the familial connection that bonded them when she was younger, Shi Nuan thought she should thank Shen Shixiu for helping her at that time.

Although Shen Shixiu didn't really do anything, he supported Shi Nuan by being there. Besides, the shareholders of Huancheng respected him.

Shen Shixiu nodded lightly. "All right then."

"Good!"

With a smile on her face, Shi Nuan watched Shen Shixiu leave. After a while, she turned and looked at Zhou Zheng. "Zhou Zheng, why are you looking at me?"

Only then did Zhou Zheng realize he had been staring at Shi Nuan all the while. He quickly averted his gaze and said, "It's nothing!"

He did not dare to tell Shi Nuan he was wondering about the nature of Shi Nuan's relationship with Shen Shixiu just now. Furthermore, he was worried that Shi Nuan would think he would report to Fu Chengyan if she knew what he was thinking. In fact, he really did have the thought to report to Fu Chengyan earlier.

Shi Nuan smiled softly at Zhou Zheng, then she retracted her gaze. "Let's go back!"

"Do you want to go back to the company or go home, Mrs. Fu?"

"I would like to go home."

After busying herself with the meeting that day, Shi Nuan did not have the mood to go back to the company.

"I will ask Jiang Hu to send you back then. I have to go to the police station later."

Shi Nuan knew Zhou Zheng had to settle the aftermath in the police station, so she nodded. "Jiang Hu, please send me back."

Meanwhile in Huancheng, after Shi Nuan and Shen Shixiu left, Shi Jingzheng was furious when he looked at Jiang Yu's despaired expression. He was angry because of the matters pertaining to Huancheng's shares and Shi Yunsheng's death. Hence, Shi Jingzheng unleashed all his rage upon Jiang Yu. He raised his hand and slapped her face all of a sudden. "This is all your fault!"

Jiang Yu had not yet come back to her senses, but she was snapped back to reality after Shi Jingzheng slapped her. Holding her cheek, Jiang Yu looked at Shi Jingzheng's face, which was familiar yet strange to her. She could not believe that Shi Jingzheng slapped her. "How can you slap me? How dare you slap me? Have you gone crazy, Shi Jingzheng?"

"I'm crazy? I think you're the one losing your mind!" Shi Jingzheng's eyes were red, and he glared at Jiang Yu angrily. "Look at what you and Shi Wei have done. Murder! How dare you take someone's life? Furthermore, the person you killed was my father!"

"Your father? Haha!" Jiang Yu thought she had heard a joke. She looked at Shi Jingzheng and said, "Yes. He's your father. But ask yourself, how did Shi Yunsheng treat me since I married you? He treated me badly. I gave birth to children for your family, and what did I get in return? Shi Yunsheng raises a b*tch's daughter! Wei is his biological granddaughter. But he favors Shi Nuan. This is all because of Jiang Yuan. It's all because Jiang Yuan's biological mother is Shi Yunsheng's first love, am I right?"

Jiang Yu looked at Shi Jingzheng coldly, and she continued, "That was why Shi Yunsheng asked you to marry Jiang Yuan at that time! He did not want Jiang Yuan to marry other people. It's a shame that Jiang Yuan doesn't want you, just like her shameless mother doesn't want your father. Haha!"

"B*tch!" Shi Jingzheng slapped Jiang Yu again, causing her to stagger.

Jiang Yu covered her face with one hand and supported herself with another hand on the meeting table. Her eyes were full of hatred. "You can beat me to death if you like. The old man has passed away, and Shi Nuan has taken control of Huancheng. What else do you have? Haha! Shi Jingzheng, you have nothing left!"

"You..."

Shi Jingzheng wanted to slap Jiang Yu again, but Jiang Yu raised her head and looked at him with hateful eyes. At that moment, Shi Jingzheng could not bring himself to slap her. His hands trembled, and his eyes reddened.

"You have no guts, Shi Jingzheng. You are the same coward as you were as twenty-five years ago. Your fiancée left with another man. But what did you do about it?"

"Shut up!" Shi Jingzheng yelled. "What do you know? You... Get lost! Get lost now! I don't want to see you anymore. Don't show up in front of the Shi family in the future!"

He could no longer face Jiang Yu when he thought of Shi Yunsheng's death at the hands of Shi Wei and her. He shouted, "Get lost!"

"Good. Very well. Shi Jingzheng, how dare you treat me like this today? You will regret it!"

Jiang Yu was thus kicked out of the Shi family by Shi Jingzheng. She was homeless, so she could only go to Shi Wei. Meanwhile, Shi Wei hid here and there because of what happened recently. No one knew where she was, and everyone was looking for her, including the police. In fact, Shi Wei hid was hiding in a small abandoned warehouse in South District.

There was a man sitting opposite her. He wore an all-black suit, and he looked like a devil in the dark. The man wore an exquisite silver mask. Shi Wei could not see his face, but she could only catch a glimpse of the man's sharp eyes and delicate chin. Even so, Shi Wei could tell that the man had a handsome face.

She had stayed in the warehouse for many days. Having nowhere to go, she could only hide there. There was someone sending her food every day as she hid in the warehouse. Although Shi Wei felt bored, she knew she could not go anywhere temporarily.

It was the underlings who usually came, but the big shot was there that day.

Shi Wei had seen the man once. His codename was J. She did not know who the man was, but she did not bother finding out as long as he could help her.

J sat opposite Shi Wei, and he was playing with his phone.

Shi Wei felt restless as she looked at the man in front of her. "J, you promised me that you would avenge me. I've already done what you told me to do."

"Very good!" J smiled softly, and he spun his phone in his hand a few times. Suddenly, a notification sound was heard. J curled his mouth and said, "Ms. Shi, I think you'll be interested in something here."

Shi Wei looked at him in confusion. "What is it?"

"You'll know when you see it, Ms. Shi." J passed the phone in his hand to Shi Wei. She hesitated for a moment, but she took the phone in the end.

There was a video on J's phone. It was the video of the shareholders' meeting in Huancheng today.

Shi Wei watched the video intently, and she clenched her fist tightly. Her eyes reddened when she watched till the end of the video. Biting her lower lips, a stern look flashed across her eyes. "Shi Nuan!" How dare that b*tch do all this? She clearly wants to burn all my bridges and chances of getting through this!

Shi Wei kept watching the video. She watched the video intently and did not miss any of it. When she finished watching all of it, her body trembled. Finally, she was so frustrated that she wanted to smash the phone. "Shi Nuan, you b*tch!"

J quickly grabbed Shi Wei's hand. With a smirk, he took the phone away from Shi Wei and shook his head. "It's bad to be unable to hold your anger!"

"I don't care who you are or what you want to do. Also, I don't care about all of these. I just want to know when can you do the things you promised me?"

"Tsk, so impatient and pushy." J smiled softly and shook his head. "However, you don't need to wait any longer. I'm here today because of this." J stood up and looked at Shi Wei with an arrogant look. "I will let you out. You can take your revenge when the time comes. Don't you have a big grudge against Shi Nuan? This thing is for you."

I Want A Lifetime With You Chapter 523

Chapter 523 Making Up For The Shortfall

J stuffed an item into Shi Wei's hand. She looked at J with a baffled look. "What's this?"

"Keep it, and find the right time to meet up with Shi Nuan. It has a manual for its operation. Remember. This is the only one, and do not ever lose it!" After finishing his sentence, J passed a mini communication device to Shi Wei. "Remember. Only use this when you have to. Okay?" J reached out and grabbed Shi Wei's chin, forcing her to look at him. "Understand?"

Shi Wei stared at J unblinkingly and blankly, as if there was something in J's eyes that had caught her attention.

She gulped subconsciously and nodded. "I got it!"

After hearing that, J smiled as he nodded. "By the way. I don't think it's a good time for you to go out now. Don't look for Fu Xicheng again. Understand?"

J was composed as he spoke, as though he was saying something very casual. On the other hand, Shi Wei knew J was giving a warning to her. Her pupils contracted slightly as she clenched her fists. "Understand."

I can't believe he knows I have gone out to see Fu Xicheng.

J appeared contented after seeing her countenance and released his hand from her chin before leaving.

Consequently, Shi Wei gasped, as she had undergone a stressful moment with J. For her, J gave her a stronger oppressive feeling than Fu Chengyan and Su Shaoqing. It was

probably because she did not know his identity and intention. On top of that, she did not know if J wanted to harm her.

However, there was no way back for her. Ever since Su Su died unexpectedly that night after she exited the villa where Shi Wei was hiding, Shi Wei knew she had walked down a path of no return and ended up in desperation even if she wanted to opt out.

That night, Su Su died after Shi Wei knew what the former had done back then to determine to destroy her. Shortly after that, J showed up with a deal, blinding Shi Wei with vengeance. As a result, she accepted his offer, leading to the happening in the hospital.

Shi Wei closed her eyes, knowing that she was left with no choice. However, she felt bitter, as she believed Shi Nuan was the one who had ruined her promising future and wonderful life.

Shi Nuan is a name that has haunted me like a nightmare for many years. She's the person who has constantly outshone me. No matter how much I tried, she would be always better than me. I have no other choice, so I could only go against Shi Nuan to take everything away from her. Shi Nuan is just a child born to a b*tch. What makes her think she is more worthy than me?

Shi Wei clenched her fists before looking down at the two items J gave to her. Clutching the items in her palms, she knew that was the only chance to put Shi Nuan through hell. Otherwise, she would never get peace of mind for the rest of her life.

Shi Nuan stayed in the house most of the time after what had happened in Huancheng. Probably because of the pregnancy, she felt sleepier than ever lately. Therefore, she would not go out of the house if there was no need for her to do so.

Shi Nuan studied the data and report Zhou Zheng bought from Huancheng. Although Shengyuan Group had taken over Huancheng, Fu Chengyan assigned Zhou Zheng to take care of the new company because he was too busy.

In truth, Zhou Zheng already managed to work independently, so Fu Chengyan entrusted him with the company without worries. However, Zhou Zheng would still report to Fu Chengyan or Shi Nuan every other day about the condition of Huancheng.

Despite Fu Chengyan being the major shareholder of Huancheng, Shi Nuan was the one who took charge of the company.

It happened to be the day Zhou Zheng submitted the report after coming from Huancheng. "Mrs. Fu. What Mr. Fu meant is the crisis is irresolvable for the time being after what Huancheng had gone through. What we need to do is we must sort out the projects from the beginning of the year immediately. As for other problems, Shengyuan Group can only fix them with its capital," Zhou Zheng explained as he looked at Shi Nuan.

When he saw Shi Nuan read the report attentively, he stopped reporting and stood aside to wait for her patiently.

After reading a few pages, Shi Nuan frowned slightly before looking up at Zhou Zheng. "Zhou Zheng, this... Uh. Zhou Zheng, come over and sit down." She was too absorbed just now that she did not notice he had been standing all the while. "Take the seat!" insisted Shi Nuan.

"It's okay, Mrs. Fu. I can stand." Zhou Zheng smiled faintly. "Is there any problem?"

"Nothing. There is no problem at the moment. Just sit. My neck is sore when I talk to you like that," said Shi Nuan as she pointed her neck with a smile.

Upon hearing that, Zhou Zheng came to a realization and took a stool hurriedly before sitting down. Then, he straightened his back, seeming like waiting for Shi Nuan's order.

Shi Nuan looked up and rubbed her forehead. Feeling helpless, she shook her head before continuing to read the financial report. A moment later, she appeared doubtful. "I can't believe Huancheng has suffered such heavy losses."

She was surprised because Huancheng's market value was low. However, after reading the report, Shi Nuan felt the shortfall of the capital of Huancheng was far beyond her imagination.

It was no wonder that Fu Chengyan and Shen Shixiu said it was a company that no one would be willing to take over because it was in a mess. Who knew that Shi Nuan would be the one who did it, as it was a part of her grandfather's will.

I believe Grandfather did this because he knew Huancheng was going to go bankrupt. Could that be the reason he took this bold move? Could it be he transferred the shares to me because he knew I wouldn't just sit back without doing anything? Did he know Yan wouldn't let me operate the company aimlessly? Yan has intervened to resolve the crisis. Is that what Grandfather wanted? As for Shen Shixiu, he might have a plan too, and he'll definitely help me in case Yan never steps in.

With that in mind, Shi Nuan felt a little headache and massaged the bridge of her nose. As a matter of fact, her assumption had occurred to her before. It was just that she had mixed feelings after thinking about it again. Feeling a little tired, she took a deep breath before smiling resignedly. "Zhou Zheng, tell me the truth. How much money has Shengyuan Group used to make up for the deficit?"

"Two hundred million. That's the amount so far." Zhou Zheng pursed his lips before continuing, "I don't know how much more money will be rolling in."

Shi Nuan was rendered speechless and forced a smile with a weary look. "I got it."

"Mrs. Fu, please do not feel pressured about that. I believe Mr. Fu has his own reason to do that since he has involved himself in this. There is still hope for Huancheng. Mrs. Fu, you need to have faith in Mr. Fu!" That was the best Zhou Zheng could say after things had come to that point.

Shi Nuan nodded. "Okay. I know he will."

She knew what Fu Chengyan was capable of. However, it meant something else for Shi Nuan when it came to the matter of Huancheng.

"Mrs. Fu, actually, Huancheng isn't that bad yet. The big project from last year could help the company to earn a profit next year if we manage to deal with it in a proper way. It's all about a matter of time!"

"All right." Shi Nuan closed the report. "Thanks for your good work, Zhou Zheng. You were supposed to work for Yan." She never expected Zhou Zheng to work for Huancheng and Shengyuan Group at the same time.

"No worries, Mrs. Fu. I'm working for Mr. Fu, so these are my jobs. I'll get going if you have nothing else for me."

After getting Shi Nuan's permission, Zhou Zheng left the house right after gathering his things.

Shi Nuan massaged the bridge of her nose again, and Song Zhenyan, who was about to go downstairs, happened to see her. "Are you tired? You're pregnant. Stop worrying about the company. Let Yan do that for you."

After getting along for some time, Song Zhenyan and Shi Nuan had gotten closer to each other.

Song Zhenyan realized Shi Nuan, who had already been her daughter-in-law for quite some time, was not as obnoxious as she thought. On the contrary, Shi Nuan was a big help in improving the relationship between Song Zhenyan and Fu Chengyan.

Shi Nuan got up and tidied up her table when she saw Song Zhenyan. Seeing that, Song Zhenyan hurriedly came over to give her a hand. "It's okay. Let me help you!"

"No. I can do this!" Shi Nuan stretched out her arms, but she was stopped by Song Zhenyan. The latter said, "You are carrying a baby now. Let me help you with these. Just sit down and take a rest!" After saying that, Song Zhenyan quickly tidied up the documents on the table and looked at Shi Nuan. "Yan seems busy lately."

Shi Nuan nodded. "You're right. There has been a lot of work at the company. Yan told me something is something strange about the stock market recently. Not only does it affects Jiang City, but it also impacts the capital and Sheen City. That's the thing Yan has been busy on." Shi Nuan smiled and noticed the radiant look on Song Zhenyan's face. "By the way, Mom, where have you been? I haven't seen you for the past few days."

"Haha. I just went sightseeing nearby. It's been many years since I returned to Jiang City. So, I thought of spending some time to pay a visit around here," answered Song Zhenyan in a seemingly good mood. "Nuan, I want to say sorry for what I did to you back then!"

Upon hearing that, Shi Nuan knew what Song Zhenyan meant and hurriedly said, "It's all over. See. I'm doing great now."

"You're right!" Song Zhenyan smiled. "Oh. I remember you have a pregnancy check-up today!"

After hearing Song Zhenyan's words, Shi Nuan finally realized she indeed had an appointment that day. Frustrated, she held her forehead. "Oh, no! I was busy with the work just now and had forgotten the appointment with Dr. Yu." Without further ado, Shi Nuan got up from the couch and continued, "Mom, you should continue with what you're planning to do. I need to go right now!"

"Wait!" Song Zhenyan also rose to her feet. "Are you going alone?" asked Song Zhenyan as she knitted her eyebrows. "Let me go with you. Yan is busy, and you need someone to take care of you. I'm free anyway!"

As Song Zhenyan spoke, she followed Shi Nuan upstairs. The latter was about to decline Song Zhenyan because she knew Fu Chengyan would send someone to protect her. However, seeing the eager look of her mother-in-law, who had buried the hatchet with her, Shi Nuan accepted her help. "Thanks, Mom. I hope I won't cause you any trouble."

"What trouble you are talking about? Let's go and pack your things now!"

I Want A Lifetime With You Chapter 524

Chapter 524 Shi Wei Lost Her Mind

This was Song Zhenyan's first time accompanying Shi Nuan out of the house—a trip to the hospital for a checkup, no less—as the latter's mother-in-law. Unable to put her emotions into words, Song Zhenyan was certainly much more nervous compared to Shi Nuan, who was unfazed.

Yu Qing was already waiting for the duo when they arrived at the hospital. A hint of surprise was evident in her expression when she noticed Shi Nuan walking in with a middle-aged woman. "Mrs. Fu!" she greeted.

Shi Nuan nodded and responded, "Dr. Yu, I'll be counting on you."

Yu Qing gave Shi Nuan a smile and turned to look at the woman standing next to the latter, who explained with a smile, "Dr. Yu, this is my mother-in-law."

The doctor nodded in understanding. "Madam, do wait here for a moment. I'll give Mrs. Fu a checkup inside," said Yu Qing before leading Shi Nuan into the room for the examination.

As Shi Nuan was already well into her pregnancy for almost five months, her baby bump was clearly showing. Yu Qing examined Shi Nuan for a while and confirmed that all of her vital signs and lab results were normal. "Keep it up! I see that you're being well taken care of, but remember to walk around more instead of sitting down so often at home!"

"Okay!" Shi Nuan got down from the bed and smiled warmly at her assessing doctor. "Thank you, Dr. Yu."

"No problem at all!" Compared to many other pregnant women, Shi Nuan was actually very cooperative. Moreover, her physical condition was quite good, and some of the problems that she had were now being improved upon. The doctor went on, "Remember, the further into your pregnancy you are, the more taxing it'll be for you. Pregnant women might also feel some mood swings at times, and these are all perfectly normal. You just have to be your usual self and keep an open mind."

"Okay, I won't forget it!"

When Song Zhenyan saw Shi Nuan come out of the room with some documents stating the examination results, she hurriedly stood up and inquired, "How is it?"

"Mom, Dr. Yu said that the baby is very healthy, and my vital signs and lab results are all normal, so you don't have to worry!" answered Shi Nuan as she handed the papers to Song Zhenyan to take a look.

The latter merely smiled and shook her head. "As long as the baby's healthy, it's fine! I don't know how to read any of these anyway. Well, if everything's all right, shall we head back?"

"Sure!" Shi Nuan was feeling rather tired as well. Thus, she bade Yu Qing goodbye and left the obstetrics and gynecology department.

However, Shi Nuan stopped in her tracks on their way out of the hospital. With an embarrassed expression, she said, "Mom, can you wait here for a minute? I want to go to the restroom."

"What's the matter?" Song Zhenyan was stunned for a moment before continuing, "Oh, this is quite common for pregnant ladies; I used to go to the restroom all the time when I was carrying Yan as well. Do you want me to go with you?" Noticing that there was indeed something not quite right with Shi Nuan, she suggested, "Let's go!"

"It's all right, Mom. Just wait here for a while. I'll be right back!" Shi Nuan smiled as she handed the lab report to Song Zhenyan. "There're some chairs over there. Mom, you can sit over there and give me a minute. I won't be long!"

After settling Song Zhenyan down, Shi Nuan went to the restroom on the second floor. However, she could sense that there was someone watching her when she approached the entrance of the restroom, but no one could be seen when she turned around.

Shi Nuan could not help but crease her brows. After standing at the entrance for some time and not noticing anyone suspicious, she pushed open the door and entered the restroom.

Suddenly, a shadow loomed over her from behind, and Shi Nuan instantly took a step forward. When she turned around to confront the attacker, she saw Shi Wei holding a handkerchief and rushing toward her. Shi Nuan steadily took a couple of steps back and questioned, "Shi Wei?"

"Shi Nuan, you weren't expecting me, were you?" Seeing that Shi Nuan actually managed to dodge her twice, Shi Wei stretched out her hand and tightened her grip on the handkerchief. She stared at Shi Nuan begrudgingly, her eyes as vicious as a viper's. A shiver went down Shi Nuan's spine in spite of herself. With a deep frown, she asked, "Shi Wei, have you been in hiding during this period of time so that the police can't find you?"

"That's right. You don't seem too surprised to see me," responded Shi Wei as she eyed her sister coldly. "Shi Nuan, it's all because of you! If it weren't for you, I wouldn't have ended up where I am right now!"

"Were you the one who killed Su Su?" Shi Nuan naturally saw the handkerchief in the hand of Shi Wei, who was planning to use it to cover the former's nose and mouth. Thus, Shi Nuan arrived at a conclusion.

As her sharp eyes raked over Shi Wei, Shi Nuan used both her hands behind her back to speedily find her phone in her purse and, to the best of her recollection, press a certain series of buttons. While doing so, her icy gaze met Shi Wei's. Shi Nuan inquired, "Was it also you who caused Grandfather's death?"

"So what if it was me?"

"Grandfather was your family, and Su Su was your best friend! Shi Wei, how could you do this to them?"

Shi Nuan knew that she must not panic right now. Otherwise, Shi Wei would be able to see right through her. Hence, she could only keep talking to provoke Shi Wei and divert the latter's attention.

Just as expected, Shi Wei laughed out loud after hearing Shi Nuan's words. "Family? Did he consider me as his own flesh and blood? You should know that when I visited him in the hospital that day, I was thinking that as long as he was willing to give me the shares and give up on you, I wouldn't aggravate his condition. But, what did he do? He actually said that he would rather give those things to an outsider than hand them over to me! Who does that old fart think he is? Hah!"

As she laughed, her baleful eyes were overflowing with hatred toward Shi Yunsheng and Shi Nuan. "Tell me, who in the world gave you the right to snatch away everything that belonged to me?" Shi Wei continued.

"I didn't! I've never thought of snatching away your things!" Shi Nuan felt that Shi Wei had a screw loose. She always thought that she was an imaginary enemy to the latter, but the idea of snatching anything that belonged to Shi Wei had never crossed her mind. On the

contrary, it was Shi Wei who would concoct schemes to lay her hands on whatever belonged to Shi Nuan and destroy them. After they grew up, Shi Wei would seize Shi Nuan's hard work, as well as her boyfriend.

Shi Nuan closed her eyes for a brief moment and took in a deep breath. "Then, what about Su Su? Both of you were such good friends. For you, she—"

Before she could finish, Shi Wei interrupted, "Friends? Haha! Did you say she's my friend?" She laughed as though she had just heard the funniest joke in the world. "Shi Nuan, don't kid me. Did you think that I wouldn't find out? Su Su stepped over to your side a long time ago, didn't she? For the sake of her revenge against me, she actually aligned herself with you and led me to do such things! It was all her—no, it was you!"

Suddenly snapping back to her senses, she sneered and continued, "Are you trying to buy time? Haha! Do you think that anyone can save you now?" A murderous glint flashed across Shi Wei's eyes as she gritted her teeth and glared at Shi Nuan. "Shi Nuan, I advise you to give up. If you behave yourself, I promise to leave your corpse intact—just like our grandfather's, so you can be buried in peace."

"Shi Wei, you're totally off your rocker!" At that moment, Shi Nuan knew that Shi Wei had completely lost her sanity.

Even though Shi Nuan had already made a phone call, she had absolutely no idea whose number she dialed, much less when the person she called would arrive.

Shi Nuan breathed in deeply and added, "You just want Huancheng, don't you? I'll give it to you!"

Shi Wei cackled and said, "Huancheng? It's too late, Shi Nuan. It's all too late. I've nothing to my name now, and I even have blood on my hands. What purpose would owning Huancheng serve me?" With a smile plastered on her face, the look in her eyes became murderous. "Killing one is murder, killing two is murder as well... If that's the case, Shi Nuan, it's time for you to go to hell too!" All of a sudden, Shi Wei charged toward Shi Nuan, but the latter dodged the incoming attack. Nevertheless, Shi Wei still managed to grab one of Shi Nuan's hands.

Due to her pregnancy and baby bump, Shi Nuan did not dare to fight with Shi Wei so forcefully. However, that was not the case for Shi Wei, who was ready to drag Shi Nuan down with her. Thus, she tugged at Shi Nuan mercilessly. When she noticed Shi Nuan's baby bump, she lifted her leg to kick the latter's bulging belly, but Shi Nuan shoved her away. At the same time, Shi Nuan's purse fell to the floor as Shi Wei grabbed it, causing the phone to fall out and be exposed.

Shi Wei eyed the phone on the floor, and her gaze became sinister. "How dare you try to call for help! Did you think that help would come in time?" As if she had gone insane, Shi Wei suddenly took out a syringe from behind. Fixing her malicious eyes on Shi Nuan, the woman raised her hand to stab her pregnant sister.

Immediately, Shi Nuan grabbed hold of Shi Wei's hand with both her hands as tightly as she could, but Shi Wei lunged at her with all her might.

Shi Nuan's strength was dwindling. Seeing that the tip of the needle was going to land on her soon, Shi Nuan clenched her teeth and turned her head to the side, causing the needle to hit the sink. With that, Shi Nuan abruptly let go of her hands. Shi Wei did not react in time and fell forward onto the sink as though her feet had tripped on something,

With a thud, Shi Wei's head knocked on the sink, and she slumped to the ground.

Shi Nuan's heart skipped a beat. When she noticed that Shi Wei lay unmoving on the floor, she flipped the latter over and discovered that Shi Wei's head was bleeding from the impact. Shi Nuan could feel her entire body turn cold. Nonetheless, she knew that this was not the time to be afraid. Hence, she reached out and placed a finger under Shi Wei's nose to see if she was still breathing. Upon realizing that Shi Wei was still alive, Shi Nuan heaved a sigh of relief.

Then, she hurriedly turned around to pick up the phone on the ground. Shi Nuan saw on the call log that the person whose number had been dialed was Fu Chengyan. She instantly spoke into the phone. "Yan, I'm in the hospital. I—" Before she could finish her words, her vision turned black all of a sudden. A black silhouette took over her so swiftly that she could barely see who it was.

The man snatched the phone away from Shi Nuan's hands and strangled her with one hand. His eyes gleamed sharply as he scanned the call log on the phone before throwing it away. "Mrs. Fu!"

Shi Nuan was forced to her feet as the man's hand strangled her neck. She kept hitting his arms incessantly, trying to break free from his grasp, but the man would not let her have her way so easily. "Stop struggling if you don't want to die!"

And so, Shi Nuan stopped fighting back. Although she was afraid, she forced herself to calm down. "Who are you?"

The man smirked and glanced at Shi Wei from the corner of his eyes. "Just as expected, she's a useless wench! I have to take matters into my own hands after all."

"Who in the world are you?"

"Our master would like to see you, Mrs. Fu!"

Shi Nuan looked at the man calmly and questioned, "So, you guys were the one ordering Shi Wei around? Is your goal not to kill me?"

The man smiled and replied, "It is not up to me whether to kill you or not. What else would you like to know, Mrs. Fu? I think it'd better for you to direct your questions to our master!" As soon as he finished, a handkerchief appeared out of nowhere in the man's hand. With a slight touch to her face, Shi Nuan felt her head become heavy, and she passed out.

After looking at Shi Nuan, the man glanced at Shi Wei again and scoffed. Then, he picked up the unconscious Shi Nuan and carried her away.

I Want A Lifetime With You Chapter 525

Chapter 525 Shi Nuan Was Kidnapped

Despite being in a meeting, Fu Chengyan instantly answered his phone as soon as he heard the ringtone that was specially designated for Shi Nuan. He spoke on the phone multiple times but did not hear his wife say anything in response. All he could vaguely make out was the voice of Shi Nuan, who seemed to be talking to someone on the other end of the call.

Fu Chengyan immediately lifted his hand to stop his subordinate from continuing his report. In particular, when he heard Shi Nuan call out Shi Wei's name on the phone, he abruptly got up and declared the dismissal of the meeting. As Fu Chengyan frantically walked out of the conference room, Zhou Zheng, who had been focused on jotting down minutes of the meeting, got up at once as well. "Mr. Fu!"

"Quickly track my wife's location. Contact Jiang Hu and see where he is now!"

The man's expression was extremely solemn as he hastily walked toward the elevator. His hands clutched his phone tightly, and his face was as dark as the night.

Realizing the severity of the situation, Zhou Zheng instantly dialed Jiang Hu's number. Before the elevator doors shut, he hurriedly followed after Fu Chengyan and reported, "Mr. Fu, Jiang Hu says they're at the hospital!"

The hospital?

A sharp glint flashed across Fu Chengyan's eyes, which were as black as ink. He clenched his fists tightly as he listened to the intermittent voices of Shi Nuan and Shi Wei through the phone. After some time, Fu Chengyan heard Shi Nuan utter an incomplete sentence before her phone totally lost its signal.

"Mr. Fu..."

"We're heading to the hospital immediately. Where's Jiang Hu?"

"Mr. Fu, Jiang Hu said that your mother accompanied Mrs. Fu to the hospital today while he and the others waited outside, so—"

"Useless!" Fu Chengyan strode out of the elevator and got into the car directly.

Meanwhile, Jiang Hu found out how serious the situation was the moment he received Zhou Zheng's call. Thus, he contacted Su Shaoqing for the lockdown of the hospital.

Song Zhenyan could not help but feel somewhat worried after having waited for so long for Shi Nuan. She was about to go and look for her daughter-in-law when she saw a group of people surround the hospital. The person leading the group was Jiang Hu, the bodyguard who had followed her and Shi Nuan to the hospital.

"Jiang Hu, what happened?" Song Zhenyan walked over and saw Jiang Hu issuing a command for his men to surround the hospital. She instantly sensed that something was amiss. "Jiang Hu, where's Nuan?"

"Madam," greeted Jiang Hu courteously upon seeing Song Zhenyan. "We're looking for her as well. Weren't you with Mrs. Fu?"

"Nuan said she wanted to go to the restroom, so she asked me to wait for her."

Before Song Zhenyan could continue, Jiang Hu frantically led some people to the restroom.

"Mr. Jiang, there's someone here!" Jiang Hu's subordinate shouted as he stood at the entrance of the female restroom. Jiang Hu immediately walked over, but surprise flashed across his face when he saw the woman lying on the floor.

"Mr. Fu, we found someone, but... it's Shi Wei!"

Fu Chengyan's expression turned stern, and he stepped hard on the gas pedal.

The hospital was in complete lockdown; no one could get out without Fu Chengyan's orders. Su Shaoqing hurriedly came over when he heard what had happened. He was momentarily stunned when he saw Shi Wei, who lay on the ground. Then, he turned to Jiang Hu and inquired, "Where's Shi Nuan?"

The latter felt uncomfortable from head to toe under Su Shaoqing's knife-like gaze. "Mr. Su, I'm sorry!" He had not managed to watch over Shi Nuan.

However, the look in Su Shaoqing's eyes turned frosty as ice. "You're sorry? What happened? Don't tell me that you guys could not even keep an eye on one person!"

"I..."

By the time Fu Chengyan rushed to the hospital, there were already lots of people encircling the building. They were all basically Su Shaoqing's men. With a terrifyingly grim face, Fu Chengyan went past them and headed up to the restroom on the second floor. Following behind the man, Zhou Zheng could sense his employer's immense rage and frustration.

"Where is she?"

Fu Chengyan looked at Su Shaoqing, then at Jiang Hu. Lifting his leg, he gave Jiang Hu a kick in the chest.

The latter could not hold his stance against the blow, so he staggered a few steps back. Nevertheless, he managed to steady himself once more. "I'm asking you—where is she?"

"Mr. Fu!"

Fu Chengyan launched a kick at the bodyguard again. Unable to withstand the overwhelming force, Jiang Hu staggered a few steps backward and fell to the floor on one knee. "My apologies, Mr. Fu! I've let you down. I deserve to die!"

"Find her! Even if you have to flip the entire city upside down, find her!"

Fu Chengyan was like a raging lion at the moment; no one dared to approach him, fearing that they would be afflicted by his outburst.

They had seen Fu Chengyan in all sorts of demeanor, but they never had witnessed him in such a frightening state. His icy expression petrified those who laid eyes upon him. Again, he raised a leg and kicked Jiang Hu.

The latter instantly hit the wall at the back and spat out a mouthful of blood, causing the bodyguards standing behind him to glance at each other in fear.

They clenched their fists tightly, afraid that Fu Chengyan would vent his fury at them.

"Chengyan, take a look over here!" Picking up the syringe that was on the floor with his gloved hands, Su Shaoqing squinted at it and cast his gaze onto Shi Wei, who still lay unconscious on the ground.

As if just noticing Shi Wei, Fu Chengyan walked over and kicked the woman. "Is she dead?"

"No, she's merely unconscious!" Su Shaoqing shook his head. He scrutinized the syringe for a while before knitting his brows and saying, "It's obvious that Nuan was her target, but—"

"She didn't get her way!" Fu Chengyan finished Su Shaoqing's sentence. He recalled the phone call from earlier; Shi Wei was probably arguing with Shi Nuan, who smartly tried to buy some time.

The former indeed intended to harm Shi Nuan, but she did not have the chance to do so at all. At the end of the call just now, it was most likely that Shi Nuan spoke to him after having taken care of Shi Wei, but she did not expect there to be one more person coming after her.

Fu Chengyan balled his fists tightly. Doubtful that the liquid inside the syringe was a normal drug, he barked, "Take the syringe to the lab for analysis immediately! Find out what's inside!" Narrowing his eyes, he threw Jiang Hu a glance and commanded, "Bring this woman back to Prosperous Dynasty."

His voice was so cold and unfeeling, but it sent a shiver down everyone's spine.

If Shi Wei had fallen into the hands of the police, perhaps she could still escape unscathed. However, now that she was in Fu Chengyan's clutches, it was most probable that she would suffer a fate worse than death.

"Yes, Mr. Fu!" Jiang Hu got up from the floor, carried the woman on one shoulder, and left the place while leading a few other men.

Meanwhile, Su Shaoqing sized Fu Chengyan up with a tinge of amusement in his eyes. The latter's expression was simply too interesting at the moment. "What do you think?"

Fu Chengyan cast his gaze at the doctor. "Do you think that a woman like Shi Wei could possibly take May away?"

Su Shaoqing creased his brows and asked, "So, you suspect that someone else took Nuan away? Have you locked in on a target?"

Fu Chengyan shook his head in response and uttered, "I don't know yet, but since they've only taken her away, at least it means that May is still safe!" What he needed to do at the moment was recollect himself and think carefully. Who would want to kidnap Shi Nuan? Is it related to the Shi family or to me? But, at the end of the phone call just now, the man who took her away addressed her as "Mrs. Fu," so it's likely that their ultimate target is me.

"Chengyan?" Noticing that Fu Chengyan was exuding a murderous intent, Su Shaoqing inquired, "Have you figured out who it is?"

"Go find out what is inside this syringe and extract the surveillance footage here immediately," said Fu Chengyan as he pinched the bridge of his nose.

There was an evident gleam of sharp ferocity in his eyes.

News about Shi Nuan going missing soon reached the Fu clan and the Su family. The latter came knocking on the former's door, asking for an explanation from Fu Chengyan. However, Fu Chengyan was not even at home.

In the darkest corridor of the innermost part of Prosperous Dynasty, the man stood on the outside, staring at the woman lying on the ground inside the room. His eyes shone with bloodlust.

Jiang Hu opened the door and reported, "Mr. Fu, she's already awake. Our men taught her a lesson; she's just playing dead now!"

"Playing dead?" Fu Chengyan remarked in a cold voice. "Then, let her have a taste of living hell!" There was not a single hint of emotion in his voice. He was as calm as a millpond as he made that statement, but it made Shi Wei, who sprawled on the ground, tremble in fear.

She got up but collapsed back to the floor due to excessive fatigue. “Fu Chengyan, to bully a woman—are you even a man?”

“How dare you still spew garbage at this hour!” Jiang Hu kicked Shi Wei and pulled her by her hair forcefully. “Look closely! Mr. Fu’s name is not one that you can simply utter!”

The deathly pale woman’s cackle resonated around the dark room. Clenching her fists, she grinned sinisterly as Jiang Hu grabbed her hair. “Fu Chengyan, you must be very afraid now! Are you thinking about who could’ve kidnapped that b*tch, Shi Nuan? Haha! Too bad... Her tummy is already so big too! Too bad!”

Slap! Jiang Hu slapped Shi Wei hard across the face. “You b*tch! Looks like you won’t know your place unless we give you a good beating!”

The latter laughed and screeched, “Beat me then! Even if you beat me to death, I’ll never tell you where Shi Nuan is! Hahaha!”

“You b*tch—”

“Jiang Hu!” Fu Chengyan cast a glance at Jiang Hu and ordered, “Let go of her.”

As reluctant as he was, Jiang Hu still threw Shi Wei to the ground.

Thud! The woman landed on the floor heavily. Resisting the pain, she got up and yelled with seething hatred in her eyes, “Fu Chengyan, beat me to death if you can! Besides, you’ll never find out where Shi Nuan is for the rest of your life. Haha!”

“Is that so?” Fu Chengyan bent down, pinched Shi Wei’s chin with his hand, and eyed the streaks of blood on her face. There were multiple wounds on her body made by Jiang Hu’s whip dipped in brine. When Shi Wei moved even the slightest bit, she could feel the indescribable burning pain on her flesh.

Nevertheless, she could not show her fear, nor did she have the chance to be afraid.

Shi Wei knew that Fu Chengyan would never let her off the hook, but she was unwilling to tolerate such pain just like that. Even if I have to die, I will drag Shi Nuan along to hell with me!

“You must want to know who took Shi Nuan, that b*tch, away, right? Haha, too bad! I’m never going to tell—Ah!”

Shi Wei screamed in pain before she could finish her sentence. Fu Chengyan had taken a small army knife out of nowhere and quickly used it to cut her through her skin while she was still speaking. It took only a brief moment for him to slice a chunk of meat off her arm.

“Ah! Fu Chengyan, you’re not human! Ah!”
