Novel Married at First Sight Chapter 1782 -“It will be fine.” Zachary encouraged him: “Duncan, you are a very strong and confident person, believe yourself, as long as you persist in doing rehabilitation, you will definitely recover, and the doctors say that you have a high chance of recovery.”

Duncan was silent, the doctor only said that he had a chance of recovery, but did not say that he would definitely recover as before.

“Uncle Duncan, come on!” Sonny could understand the adult’s conversation, he waved his arm to Duncan abruptly, asking Duncan to come on.

Duncan touched Sonny’s head affectionately.

Zachary said: “My sister bought a restaurant and it’s being refurbished. With a simple renovation, it will be open for business soon. Duncan, you can see that my sister has worked so hard. You can’t give up.”

Duncan: “Alright.”

Liberty never talked to Duncan about business matters, and Duncan didn’t ask. He thought that it was impossible for him and Liberty to be together. Unless he could recover, he would never pursue Liberty again.

If Liberty could meet a better man...

Thinking of Liberty marrying another man, Duncan’s heart felt like a knife was twisted, and his legs hurt even more.

“All You Can Eat is still open. She changed the way of operation, which is to let two assistance buy shares in the form of shares, and they can share dividends. Then Let You Eat will be handed over to two small shareholders. She holds 80% of the shares, signed the contract, and hired two other assistance to help. She just goes back to check the accounts every day, and can free up time to take care of the restaurant.”

Liberty’s new restaurant had a bigger investment, and the money and deposits she freed up from All You Can Eat were invested in the new restaurant.

Duncan groaned and stopped talking.

He knew that Liberty was working hard to make money, but she was not working hard to make money for him, but to create better living conditions for Sonny.

Of course, Duncan also hoped that Liberty's career would get better and better. Her goal was to occupy a place in the catering industry one day, and her All You Can Eat could open countless chain stores.

Zachary hugged Sonny, then put Sonny on the ground, and said to Sonny: "Sonny, go and help your mother, uncle and uncle Duncan need to talk."

"Okay." Sonny obediently responded.

Zachary got up and pushed Duncan out.

He pushed Duncan and wandered in the corridor, asking him, "Duncan, what is the reason for the sudden discharge from the hospital? Is it related to Hank's accident?"

After a silence, Duncan honestly admitted: "Hank is also in the hospital now, and he is Sonny's biological father, I don't want Liberty to visit that sc*mbag often."

Duncan was discharged from the hospital, and Liberty took money to do business, so she followed him to his house to take care of him, so she didn't have time to run every day to her ex-husband in the hospital.

Zachary knew that there was something wrong with Duncan's sudden discharge from the hospital.

He couldn't help but speak for Liberty: "You also said Hank is Sonny's own father. My sister went to see him for the sake of Sonny. She won't visit Hank every day. You think too much, you still care about my sister so much, but you always lose your temper and chase her away."

Duncan: "Zachary, we have been friends for many years, others don't understand me, you still don't understand me? Look at me now,, how can I give Liberty happiness? She doesn't have to be troubled, she has lost a lot of weight to take care of me."

Besides, Liberty hadn't fallen in love with him yet.

She would be taken care of by Duncan. First, Liberty's mom begged him. Second, Liberty said that she opened a new restaurant to make money and needed a certain amount of money to run the business. Duncan never had any doubt that Liberty was using money to do things.

Another point was that Liberty was repaying him for a favor he had done for her. She thought he had done too much for her and that she owed him too much.
