## Read Novel Married At First Sight Chapter 1808

**Novel Married at First Sight Chapter 1808** -After being taken care of by Kevin, York's catering industry has become the leader. It would be great if such an excellent young man became our son-in-law." Donald sighed, "Hayden is already 28 years old, and she still refuses to regain her body, and she has no one she likes. She is planning to be a man for the rest of her life, and she is still a bachelor."

Mrs. Queen said to her husband, "I said it all. She loved herself when she was young and was dressing up as a boy and being a pair of brothers with her brother is up to her.

When the children were young, they were all cute and they looked alike. It's hard to tell the difference between a boy and a girl. But when she grows up, she can't let her play a boy. She likes it, and said that she has the demeanor of a big brother, and if she wants to be a big brother, let her be a big brother.

Now, she has been a fake man for more than 20 years, and she doesn't want to be a real woman anymore. She didn't even look at the high heels, and she hid the skirt she bought at the bottom of the cabinet. Girls like it, but she doesn't like it either. If it weren't for... I thought I really had two sons."

Now, Mrs. Queen was experiencing a severe headache.

"We can't change her, let's count on her man to change her. If she has a man she likes, she will try to wear women's clothes to show the softness of girls a little bit." Donald said and was jealous again after finishing speaking. He added, "My precious daughter, for other men to show her femininity, I hate the man who pleases my daughter!"

Mrs. Queen hit him: "Your daughter is pursued by beautiful girls, there is no man, and your daughter has never liked a man, so I didn't see which man she would get closer to."

Donald: "...Didn't God send one over now? I like Kevin very much. If Hayden can be with Kevin, I can die in peace. The family style of the York family is good, and the men of the York family are very dedicated.

You didn't see Kevin's attitude towards Hayden, like a buddy, and he didn't know that Hayden was a woman, so how could he be with Hayden?

Having been together for a long time, maybe Kevin will like Hayden, or Hayden likes Kevin, as long as she has someone she likes, she is willing to return to her original body. Don't worry, I think the two of them have a bit of drama, and they look like a husband and wife."

Mrs. Queen: "...You can still see that they have a husband and wife relationship."

Donald laughed: "If Kevin can become our son-in-law, I can wake up from my dreams with laughter. I hope Hayden will work harder to make Kevin more beautiful. Kevin came back to be our son-in-law."

Mrs. Queen couldn't help but hit her husband again: "Our family has been chasing Yorks in the catering industry and wants to seize the leading position. If the two of them don't become lovers, they will instead become lovers. It's a deadly enemy, hehe."

Donald choked. After a long while, he said: "I don't think Hayden is really targeting the York family. If there is not much conflict of interest, he will not become a deadly rival. Our Queen Enterprise also involves many industries, and the York Corporation is the same. The development of diversification is just the competition in the catering industry, so we cannot become enemies."

That is, they couldn't become friends either.

Mrs. Queen said: "Let's all think about the good side. If you have time, invite Kevin to dinner at home, and then call Hayden back, so that they can build a deep friendship. When confronting each other in the mall, they can be merciful to each other."

Mrs. Queen complained in her heart that she wanted the two of them to develop into a boyfriend and girlfriend relationship. With the current situation, she felt that if the two young people got in touch with each other too much, they would only become good buddies, not boyfriend and girlfriend.

Unless Kevin liked men, he would like Hayden.

It was their parents' fault for allowing their daughter to dress up as a man for more than 20 years. Few people in Jensburg knew that Hayden was a girl, let alone Kevin from Wiltspoon.
