Novel Married at First Sight Chapter 1811 -Kevin entered the hotel, he was not in a hurry to go upstairs, but went to the rest area on the first floor and sat down, then took out his mobile phone and called grandma.

Grandma May answered his call, and said to him as soon as she opened her mouth: "You still remember grandma, br*t, you ran away from home after saying a few words to you."

"Grandma, how could I run away from home? I'm on a business trip, I came to Jensburg for a business trip, and now I'm at Fortress Hotel."

Grandma May snorted twice, "Since you've gone to Jensburg, you'll have to spend time with Hayden, your feelings will come from everywhere, From my point of view, she is suitable for you, and you are also suitable for her."

One of the two people had a long tongue, and the other was taciturn, so they learned from each other.

Kevin looked around, and there was no one else around, so he whispered: "Grandma, where did you find out that Hayden is a woman? I don't think she has the beauty of a woman, she looks more like a man than me, Every time I get together with her, it gives me the illusion that we are buddies."

Grandma May smiled and said, "Hayden is definitely a woman, don't worry, grandma won't cheat on her grandson, anyway, she is a woman, a very good woman."

"I know she is very good, and it stands to reason that such a good woman should be arranged by grandma for elder brother, and her combination with elder brother is really strong, we will be invincible all over the world."

Grandma May said: "Your eldest brother can't coax women, and Hayden can't coax men, both of them are arrogant and have a bit of a cold temper, and they are both from their respective families. When you are a family member, you are all strong, so when two people come together, no one will let the other, and no one will submit to the other.

"It's not suitable. If you can't get along, if you get divorced, you will also fight a business war, which will involve a lot. You are better at coaxing people than your elder brother, you can speak well, you can get along with anyone, and you can bend and stretch. Being as proud as your elder brother is suitable for Hayden."

Kevin's face was darkened, "Grandma, are you looking for a man for Hayden, or for me to find a wife?"

Grandma May smiled: "Of course it is for you to find a wife. After you get acquainted with Hayden, you will slowly discover that she is good, and you will fall in love with her, and then you don't need us to urge you to get married, you can't wait to get married."

Kevin knew it was pointless to fight. He didn't say anything for six months, but he was still the same. Grandma didn't want to change him, and he couldn't find anyone he liked. He had to try to get close to Hayden after fighting for half a year.

"Your older brother would be a good match for your older sister-in-law. Serenity is calm and can get along with your older brother. She is tough but gentle, gentle but strong. She isn't as strong as Hayden, so she and your older brother can get along well. They are now in love with each other. You should be happy for your brother and sister-in-law."

After Kevin was silent, he said: "Grandma, Okay, I'll listen to you. grandma, you can do me a favor now."

"What favor?"

Kevin: "Let you hug your great-grandson all the time."

Grandma May said cheerfully on the phone, "If grandma can help you plot against Hayden and let you cook rice with her, grandma won't be able to do such indecent things. Grandma has been acting aboveboard all her life, and she can't be in the dark for your happiness.

Where did grandma go, am I that kind of person?"

Kevin was half-dead by grandma's words.

Even if he fell in love with Hayden, he still needed to be happy with her. He would have s-e-x with her after they got married. That was a sign of respect for her, and it was also a way of taking care of her.

If he sleep with someone before you get married, if you don't want to marry the other party in the end, it is an irresponsible behavior.

Kevin couldn't do such an irresponsible behavior.
