

## Opened 3000

### Chapter 3000

"I passed by a flower shop and saw a discount, so I bought it." Ellis explained, "This is not a rose, so just accept it!"

Joanna put the flowers on a side cabinet.

"Ellis, have you eaten yet? If you haven't eaten, then I'll treat you!" Ellis invited her last night, and Joanna owed him a meal.

Ellis readily agreed: "Will it affect your work?"

"No, I happen to have dinner too." After Joanna finished speaking, she followed Ellis towards the entrance of the dessert shop.

When the two came out, by coincidence, they ran into Hayden.

Hayden didn't expect the two of them to be together again.

Ellis was stunned when he saw Hayden.

Hayden looked arrogant: "You are?"

Ellis immediately bowed his head respectfully, and introduced himself to Hayden: "Hello, Mr. Tate, I am Ellis, an employee of your company's planning department. I didn't expect to meet you here. It's really an honor."

Joanna did not expect to encounter such a situation.

Embarrassed, she wanted to burrow into the ground.

"Uh... Ellis and I are going to have lunch, Hayden, if you don't mind..." Joanna wanted to invite Hayden to have dinner together, and then asked Hayden what's the matter. Otherwise, she couldn't leave Ellis aside when she made an appointment with Ellis in advance.

"Where are you going to eat?" Hayden prepared Joanna's words.

Joanna: "I don't know yet! Do you have any good suggestions? It's best not to be too expensive, but not too bad either."

Hayden: "..."
