Chapter 3011

Hayden was at home with Dorian tonight.

Dorian caught a cold. After catching a cold, he became more delicate, soft, and always needed to be hugged.

Hayden didn't usually adore children, but seeing Dorian's listless appearance after catching a cold made him nervous.

Avery knew that the three companies were having a friendship tonight, so she asked Hayden, "Aren't you going to take a look? It's time for Dorian to take a bath."

Hayden handed Dorian to nanny and replied to his mom: "There are so many people, I don't want to go."

"There are naturally a lot of singles in the three companies. You proposed this event, and I think it's better for you to go and see it." Avery looked at the time, "Of course, you are not required to go if you truly do not want to. It is alleged Maybe everyone else is having fun already."

"Mom, if you want to play, you can go and have a look." Hayden said, "Anyway, Dorian is going to sleep, you can take Dad with you."

"I wanted to go, but I still won't. Dorian is sick today, and your father and I didn't take a nap." Avery yawned sleepily, "I'm going to take a bath too."

After Avery left, Hayden picked up his phone from the table. Seeing that Harry (Hailee is now known as Harry) had sent him several messages, he clicked on them immediately. The bottom message was a photo.

Hayden clicked on the photo and saw Joanna's face.

Joanna was eating in the buffet area.

She ate with relish, and standing beside her was Ellis.

This singles association appeared to be a dating venue for the two.

This completely deviated from Hayden's original intention of holding this singles fellowship.

Hayden held his mobile phone, and after thinking for a few seconds, he decided to listen to his mom and go to the scene to see it.

In the banquet hall.

The atmosphere was very lively.

They were all young men and women of similar ages. They were all from the same company, despite coming from three different companies.

There was a feeling of a big family reunion.

"Ellis, don't just eat! Look at the girl in the white mermaid dress, she's so pretty! Go and ask for her contact information!" After Joanna was full, she began to help Ellis observe the girls in the arena up.

She had to say, there were too many beauties!

Although there were many men, Joanna's eyes were always attracted by the beautiful young men, and she couldn't see any men at all.

Ellis followed Joanna's gaze and said with a smile: "If I remember correctly, he is from

our company. Generally, romance in the office is not allowed.”

“Oh...Actually, I think as long as you don't belong to the same department, you should be fine!” Joanna said, continuing to help Ellis find someone, “What do you think of the short-haired beauty in the red dress? Although She has short hair, but she has a good temperament! If I were a man, I would definitely ask her for her contact information.”

Ellis didn't know whether to laugh or cry: “Why do I feel that you like beautiful women more than I do? The women you showed me are too beautiful. A beauty of this level doesn't look down on a small employee like me.”

“Ellis, don't underestimate yourself. People are equal. If you like it, you can go after it. If others reject you, you don't have to be discouraged. If you dare not ask for contact information, I can help you get it.” Joanna wanted to help Ellis.

Ellis scratched his head in embarrassment: “I'd better get the contact information myself! The one in the red dress you mentioned just now, right?”

“You can ask for whichever one you like! I like red clothes, what if you don't like it?”

Joanna said, “To be honest, I think all of them are beauties, and they all dress up very tastefully. “

“You are also very beautiful! You are also very beautifully dressed tonight!” Ellis said with a smile, “Why are you still not confident?”

Joanna: “It's different. Their eyes are very confident. If I can work in a big company, I should be more confident.”
