Barren Mother Give Birth To Sextuplets To The Hot Ceo Chapter 246

Amy turned and saw Broderick, her heart almost fall off when she saw him, she turned to Ray and told him to not to make a sound. Ray nodded and remained quiet.

“Hey Broderick,” Amy walked over to him and was soon standing before him.

“The meeting we were supposed to have has been adjourned so I told my secretary to lead me to where you are,” Broderick said.

“Oh! Great,” Amy was very nervous.

“Where is this place?” He asked.

“Well, this is just a random place. I came here to...erm...” She shrugged and turned to look at Ray who had no iota of fear on his look, she looked back to Broderick and said, “to catch some fresh

air.”

“At this time of the night?” Broderick asked.

“Yes,” she answered.

“Amy, you know I trust you so much, what are you here for?” Broderick asked.

“Trust me, I came here to catch some fresh air. I assumed that the meeting you will be attending will take hours and seeing that the children were already asleep, I decided to come here,” Amy said.

Broderick hummed and said, “then I guess I should catch some fresh air with you.”

“Oh! Is that necessary? You can just go inside, I’ll come and meet you,” Amy said.

“Fine.” Broderick nodded and walked away. After taking a distance

away from them, he hit the statue that was before him that it almost broke.

“If only she knows that I can now see,” Broderick said with a clenched fist. There was never a presidential meeting, he actually went to meet a special doctor who came all the way from Japan after hearing Broderick’s predicament, the man administered his treatment to him and luckily, he got his sight back.

After paying the man, he left the room and then came back to Amy's quarters only to find out that she wasn't there. While searching around for her, he found her sitting with his personal assistant. They were both discussing merrily.

Didn't Amy accuse of him of cheating yet she was here with another man at this time of the night?

Broderick folded his arms and gritted his teeth in anger mixed with pain, he didn't even know why he felt pain, it's not like he love her or did he? It was impossible for him to tell.

Broderick was just beginning to trust Amy and now, she had just feed him with lies. If there is an attribute that Broderick hates the most, it's lies. He beleives that people that lies are not worthy of trust.

How many more lies has she fed him when he was blind? Broderick then remembered when he saw a flower on the bed. She had told him that the flower was given to her by Moses eventhough it's a 'flower of love and he believed her without doubt. What if it was his PA that delivered the flower to him?

Broderick walked over to Amy's quarters and went straight to the boy's room, on getting there, he saw that they were already sleeping

He woke Moses up gently and helped him to sit, it took a while

before Moses fully recovered from sleep. As soon as he caught sight of Broderick, he shouted happily, "Dad!"

He hugged Broderick tightly and said, "dad, I've missed you."

Broderick kissed him on his forehead briefly and then asked, "how have you been?"

"I'm fine. Dad, don't leave us next time without informing us, please." Moses said.

"I'm so sorry about leaving you without informing you, it was an urgent call," he said.

"Okay Dad, I noticed that something is wrong with you a few days ago, did anything happen to your eyes?" Moses asked. Although his sisters didn't believe him when he said something could be wrong with their father, he had a strong conviction that Broderick was not fully fine.

"I'm perfectly fine, trust me," Broderick said. Moses examined his father's face worriedly, Broderick giggled lightly and ruffled his hair, "trust me, I'm fine."

Moses then nodded.

After asking a few questions about school and about his brothers and sisters, he then asked, "did you give your mum any flower?"

"Flower? Not at all," Moses answered.

Broderick felt his heart sunk hearing this, he felt greatly pained that Amy lied to him again.

"Alright, you can sleep now. I'll see you guys before you get taken to school tomorrow," he said.

TI

Moses yawned, he was already feeling sleeping again so he fell back to the bed.

"Goodnight, dad."

"Goodnight, son," he covered him well with the duvet and waited a few more minutes in the room.

So Amy lied to him without conscience yet she said she was pained cause she found out he was having sex with someone else. Broderick can't even remember having sex with anyone. At EastHill, he was on battle feild for forty hours fighting and strategizing non stop, how could he even have the time to have sex with someone else. Plus he wasn't a type of man who have sex randomly with women, unless he feels specially attracted to the woman, he can't bring himself to have sex with such woman

He walked out and went to wait inside Amy's quaters, when it was 11PM, his heart clenched painfully even more as he wondered if Amy could still be with his PA at this moment?

He then stood and walked out of the quaters then began to walk over to where Amy was. He hide when he was almost there and watched as the PA and Amy laughed together. They were not even sitting as before, they were both standing close to eachother like lovers.

The sight hurts Broderick so much, he then appeared and called again," Amy!"

Amy turned as if she was caught doing something wrong, "hey Broderick! Why are you here? I told you I'll go back to my quaters once I'm done here."

Pretending like a blind man, Broderick said, "but aren't you done receiving fresh air? Actually, I find it hard to sleep without you. Let's go."

"Broderick, don't worry, I'll come and join you." Amy said.

Broderick then dropped his gentlemanliness and said angrily, "I think you are with a man."

Amy furrowed her brow and glanced at Ray, "a man?"

"Otherwise, what else could you be doing here?"

"Broderick, don't you trust me?" Amy asked.

Broderick smirked, "you have changed. I thought I could trust you but you have grown to be good in lying. You are with a man, that I'm sure of." Broderick still didn't expose the fact that he can see.

"If you did not believe me, then there is nothing I can do," Amy said and turned from him, then walked over to Ray.

Broderick watched with a painful smile and said, "good night."

He then turned and walked away.

Amy felt very guilty and then said to Ray, "Ray, I need to leave."

"But we are not done with the game yet," Ray said. "It remains one more round?"

Actually, Amy had spent so much time with Ray because of the game they were playing, the game was so intriguing and fun that she didn't even know that time has been fast spent.

"I've been lying to Broderick recently and I'm feeling very guilty about it. I'm not a type that lies but I've done that again and again. I feel like I'm taking advantage of him cause he can not see," Amy said sadly.

"Common Amy! You need to have fun too, right?" Ray said.

"Ray, please understand, I need to leave," she said and then turned, she immediately walked away from there and hoped she can catch

up with Broderick but she didn't see him in sight anymore.

Could he be in her quarters? She thought and walked speedily to her quarters, as soon as she walked in, she looked around the living room but couldn't see anyone.

Broderick could have gone over to his quarters then, she sighed and went to sit on the couch instead of going inside her room. She felt very bad about having to lie to Broderick. Broderick even came over to her twice and she sent him away. What exactly was wrong with her? She thought.

She suddenly heard a movement behind her and she turned fearfully only to see Broderick behind the couch that she was sitting on.

She stood at once and called, "Broderick!"

"I thought you were supposed to be in bed, sleeping?" Broderick asked.

"Yes...but..." She swallowed and said, "when I came in, I didn't see you, where are you?"

Broderick ignored her question and said, "let's go inside."

Amy guiltily walked to him and he held her and soon, they were both inside the room.

Amy sat on the bed instead of laying while waiting for Broderick to sit or lay however, Broderick only remained standing before the bed with a now stern face.

"Why don't you lay on the bed?" Amy asked.

"Because I need to punish you for lying to me."

"Lying to you!" Amy repeated.

"It's hard for me to trust people again, not after what my ex wife did to me. This is why I'm scared to fall in love cause it becomes a responsibility to trust someone that you love. I have decided to finally trust you cause I've realized that you are good naturally but now, I think otherwise."

Broderick continued, "with the way I see it, I think trust isn't a word that should be found in the dictionary cause it actually doesn't exist. Amy, you lied to me that you were not with another man yet you were with Ray, my personal assistant. I came twice to you and you sent me away because of him. Do you say you love me?"

Broderick scoffed, "When next you say you love me, I'll only think of it as a joke, cause it's actually a joke. Do you have a mission to make me fall in love with you and break my heart later? You want me to be faithful to you eventhough we are not in a relationship yet you spend time with other men, you even received flowers from them."

"I asked Moses if he gives you any flower and he said 'no.'" Broderick clapped sarcastically, "Wow! Wow! I thought you were innocent but it seems there is not really a difference between you and Martha. Did you know that lies is an act I hate most?" Broderick asked.

As if Amy knew that Broderick will find out all her lies, a man like Broderick Alessandro can not be lied to. He would always find out the truth.

Amy didn't know how to apologize, the feeling of guilt she was feeling was too intense.

Broderick went to the door and locked it. Amy became scared. Thinking about how he made Martha turn from a living being to a

non living thing scares her. Was he about to punish her in that manner too?

Her heart was at her throat and she felt like she would cough it out anytime from now. Her heart kept throbbing hard.

Broderick then walked over to the wardrobe and brought out some stuffs that he had kept there then dropped it on a side of the bed. These stuffs were belt, rope, handcuff and one other stuff that she didn't know what name it bears.

Did he want to hang her to death? Or did he want to beat her to death? Different thought ran through her mind. Should she run away? Afterall, he was blind.

He looked at her and Amy immediately stopped thinking, his gaze was as if he could read her mind.

"Your punishment is that you must do as I say this night, understood?" Broderick asked.

"Yes...yes," Amy responded immediately. She kept looking at the stuffs he had brought out of the wardrobe and also at him.

"Did you kiss Ray?" Broderick asked, staring at her intently

"Oh my gosh! No, why would I do that?"

"Don't ask such question. People who can lie can even kill talk more of kissing another man," he said and Amy dared not to say another word.

"Take off your clothes," he commanded.

Amy had grown so intimate with Broderick that she didn't see any reason to be ashamed of her nakedness before him. It's just that she was worried about what he intend doing to her with those stuffs on the bed.

"I have taken it off," she said after pulling off her blouse.

"Have you taken off your bra or did you want me to rip it apart?" Broderick asked, looking at her sternly.

Amy became confused about his blindness at this moment. Was he blind or half blind or was he pretending? She knows Broderick is smart but he had gone to the wardrobe just now to pick up these stuffs and he did that perfectly. Also, he was acting too precisely as if he wasn't blind. He even guessed that she still has a bra on.

She took off her bra and asked," can I take off my skirt too?"

"And your pant," he commanded and Amy took off her skirt and pant. When Amy was about to throw her pant on the small wardrobe beisde her, he demanded," let me have it."

"What?"

"What's in your hand?" He answered.

"It's a pant," she said and when she saw that Broderick didn't say a word but looking at her strongly, she walked up to him and said," here is it."

Broderick collected the pant from her and sniffed it in, "sweet!"

Amy was stunned at his action, she blushed and took steps back from him.

"Take off my shirt," he commanded and Amy immediately moved closer to him and began to unbotton his shirt. After she was done,

she pulled the shirt from his body, leaving him shirtless.

"Lay on the bed," he commanded and Amy went to lay with her back on the bed.

He picked up the rope and crawled towards her head, "separate your two hands."

Amy did as commanded. He tied her right hand with the rope to the right pole of the bed and the left hand tied to the left pole of the bed too.

He then took another object from one of the stuffs he took from the cupboard, when Amy saw that he was bringing the object closer to her pussy, she spoke, "what is that, please?"

"As old as you are, you don't know what this is?" He asked and said, "separate your laps and don't ever close it."

Amy separated her legs but she was scared of what he wanted to use the object to do with her, the object looked like the shape of a dick.

Broderick pressed the down part of the object and the object immediately became stronger and start to vibrate, "it's a dildo."

Amy had heard this before but she had never seen it before, it was her first time seeing it.

LI

"Like I said, don't make a mistake of closing your laps," he commanded and placed the vibrating dildo on the skin of her pussy, a sudden wave of pleasure surge through her that she moaned helplessly.

Realizing that this was a punishment, she immediately shut her mouth and hummed hard.

"Moaning is allowed," Broderick said and then set the dildo at the entrance of her pussy, it had barely been there for two seconds when her pussy became very wet and slippery.

"Oh my days? This is too much," she said and was almost tempted to close her laps but he had warned her that she dared not to.

He pushed it in slowly. As Amy felt the vibrating dildo slide into her, she dugged her nails inside her palm and shook her head aggressively, "Ouchhhh!" The pleasure she felt was unbearable.

He pushed it inside her, deep until she moved from moaning to screaming out loud in pleasure.

He pulled it out slowly then pushed it in again and began to thrust the vibrating dildo in and out while she suffer under the immense pleasure. She almost closed her lap at some point cause she just couldn't hold it anymore but Broderick stopped her two laps from closing.

"It's part of your punishment for lieing to me and being with another man till an ungodly hour of the night," he said and continued thrusting in and out of her.

When he saw that she was about to explode, he pulled out and threw the dildo away. Amy had almost get to that point where she had almost cum, but she didn't expect that the dildo will be taken away suddenly.

She felt dissapointed and pained, the feeling was glaring on her face, she almost cried.

"You don't deserve to cum," he said and stood, he went ahead and unlock the handcuffs in her hands and Amy sat upright slowly.

"Who told you to sit upright?" He asked and added," lay with your chest to the bed."

!

Amy laid with her chest to the bed obediently, he spanked her left ass and Amy moaned slightly, he spanked it two more times. It was a feeling of pain mixed with pleasure cause the last spanking was hard.

He took the belt with his right hand and centered his middle finger and index finger of his left hand at the entrance of her pussy, "don't ever collect any flower from any man again." Before Amy could respond, he dipped his two fingers straight inside her pussy and at the same time, used the belt to beat her ass.

Amy screamed in pleasure mixed with pain, with his finger deep inside her wet pussy, he asked," will you accept flowers from another man?"

"No... Ouchhhh!"

His fingers had already thrust in and out thrice while she was responding.

"Will you lie to me again?"

"No...Ouchhhh!"

He beat her ass with the belt again and fucked her a couple of times with his fingers.

"Will you spend your time with another man again?" He asked and beat her for the last time with the belt. This time, he only kept his finger deep inside her, he didn't move it.

"No..." Amy bursted into tears. She began to cry.

He removed his fingers from her pussy and stood upright in front of the bed while he watched her cry to the bed.

"I'm not done," he said and commanded," stand and come over here."

With tears on Amy's face, she stood and crawled over to him, the bulge on Broderick's trouser was so glaring that Amy was scared that if he brings out his dick, he would fuck her without mercy.

"Loosen the belt and bring the dick out," he commanded.

With a throbbing heart, she loosened the belt and brought out his dick, while holding it, she asked, "can you be gentle with me?"

"I can't be gentle with a liar," Broderick said and opened her mouth with his hand then shove in his dick right inside her mouth, he fucked her mouth without mercy that she almost choked to death. His dick was literally reaching her throat.

He pulled out all of a sudden and Amy coughed a couple of times, she almost died. Her eyes had turned full red.

"Please, be gentle," she pleaded with tears on her face.

"I would have been gentle if you are truthful to me. Turn from me and kneel in a doggy style on the bed." He ordered.

When Broderick realized that Amy will not stop sobbing, he said to himself, "I think I'm going too far."

However, Amy didn't say a word. She just remained in that position of a doggy style.

"Alright, you can go to bed". he said and sat in bed. This was the only way he could enact his revenge, he didn't want to have to resort to having sex with another woman because of her acts.

Broderick noticed that she stood from the bed and then walked over to the bathroom, then came back with only towel around her body and laid on the bed naked after which she covered herself with the duvet.

Broderick turned to her and said, "goodnight."

However, Amy snubbed and didn't say a word until she slept off.

She had offended him but while trying to punish her for what she did, he ended up offending her. Broderick didn't know she will be that hurt, he got a book and a pen and wrote, "I am sorry." He then signed his name underneath it."

He was soon out of the quarters.

When Amy woke the following day, she noticed that Broderick wasn't in the room, sincerely, she had thought he would sleep over but seeing that he left made her even dissatisfied.

It wasn't that she was angry yesterday, she was just too tired and exhausted to have a conversation with him but Broderick must have thought otherwise.

Her phone then rang, seeing that it was Ray who was calling this early morning, she didn't know whether to answer the call or not. Ray had began to get her into Broderick's trouble these days. Was it

not better to stay away from him?

Whereas, after Ray had called Amy twice and she wasn't answering the call, he then put a call across to his father, it took a while before the old man answered it, "Hey son."

"Good morning, dad. Well, everything seems to be working well and neither she nor Broderick have suspected who I truly am," he said.

"I told you things will work out as predicted," Sir Wesley said. "And even if things didn't work out, Broderick won't be able to attack you because he knows I'm just as powerful as he is."

"That's why I'm not really bothered. But dad, Amy still loves Broderick. No matter how loving I am, I can always tell that she loves Broderick."

"Loving Broderick or not shouldn't be your problem. You have a clear goal and that is to make her love you, right? I already told you from my years of experience that you grow fond of someone when you spend time to talk to them or see them often. Convince her wisely to spend most of her times with you, engage her in late night conversation and early morning conversation. Show how much you care, be simple and don't act too desperate. Before you know it, she will start finding you attractive than Broderick." Sir Wesley lectured.

*This strategy that I'm giving you has worked severally in the past and will also work now. It's better than Broderick's fake sex tape video that we sent to her, that won't really work cause they can easily resolve such misunderstanding."

"Okay, father. I will work harder," Ray said.

"I trust you." After Sir Wesley said this, Ray hung the call up

Ray went to the gallery of his phone and started scrolling through the pictures of Amy that he has secretly took, he loves her so much.

Ever since the first day he saw her picture, he had fallen in love with her. That was why he and his men attacked Lord Douglas's soldier on the day that Broderick and Amy were made to kneel cause Michael was suddenly no where to be found. He had to risked his life to save her.

He even got a gunshot for her and almost died but he didn't care. Some people say love at first sight is not real but for him, it's real. He can even sacrifice his life for Amy.

Ray folded his arms and picked a medium sized mirror on his table and checked his face, he smirked, no matter how powerful or smart anyone is, it's impossible for them to know his true identity. The surgery he performed to his face was so perfect, even from his voice, they can't tell who he truly is.

He then texted Amy." Good morning, dearie. Hope you had a good night rest? I want to tell you that I had a long dream that I wished would not end. In that dream, we were both playing and having fun. If you are less busy, please text or call me. And one more thing, Amy, you are the most gorgeous woman in the world."

A smile crawled up on Amy's lips as she read the message from Ray. Eventhough she had not picked up his call, he wasn't angry, he even texted her.

Amy went to check on the kids and seeing that they were still sleeping, she woke them up gently and helped them to bath and prepare for school after which they both ate breakfast together.

Moses talked about how Broderick had come to check on them yesterday and woke only him up, other kids were jealous of the

fact that Broderick only woke Moses up, they haven't seen Broderick since he abruptly travelled.

"Don't worry, your dad will come and spend time with you all this evening." Amy said to the kids, trying to console them not to feel bad of jealous about how Broderick appeared to only Moses yesterday

After the children had gone to school, Amy also began to get dress for work. When she was almost done, a knock landed briefly on the door. She had already wore her cloth, it's just her high heels that was left. She walked barefooted out of her room and went to open the door of the main entrance.

Seeing Broderick, she was stunned at why he suddenly appeared this morning,” good morning, Broderick.” Her face and tone was indifferent. It will be hard for Broderick to tell if she was angry or not.

“Good morning, ” Broderick greeted back and sighted a bracelet in her hand. “Whose bracelet is this?”

The bracelet was the one given to her by Nolan the last time he came to visit her in her office.

“Wait, you can see now?”

“I regained my sight yesterday,” Broderick answered.

Amy now understood why all of Broderick’s act was precise yesterday.

She wanted to hug him as she was so happy for him about the regaining of his sight but the situation they are at the moment was kind of awkward.

“I’m happy for you.” she said with a faint smile but didn’t make a move.

“Whose bracelet is this?” Broderick asked again. He quickly added, “remember you can not lie to me?”

Barren Mother Give Birth To Sextuplets To The Hot Ceo Chapter 250

“Remember the day you decided to follow me to my office because you were bored at home alone?” She asked and Broderick nodded.

She continued nervously, “Remember also that Nolan had come to visit nie even without me inviting him. He invited me over for lunch but I refused then he gave me the bracelet as a gift.”

“And you accepted it and start wearing it?” Broderick asked.

“Is there a reason why I shouldn’t accept it?” She added,” He gave it to me out of the goodness of his heart.”

“There is no such thing as that. When a man that loves you and wants you gives you a gift, it’s because they are trying to win your heart,” he said.

“Oh! Well, I love the Bracelet.” Amy said.

“So you won’t throw it away?”

“What! Why would I? Nobody even knows where Nolan is anymore. Dead or alive, no one can tell so why are you bothered about such a person?” She asked.

“So if you see me wearing a bracelet that Martha gave to me, you will be cool with it, right?”

“Why not?” She asked. “It’s just a bracelet?”

“Broderick, it’s very early this morning, I don’t want us to have a long argument, I need to go to work now?” She said.

“So you think I’m here to argue?”

“Broderick, please!” She exclaimed in a loud voice.

“I think we should get married.” Broderick said.

L

Amy turned to him surprisingly, “we have misunderstanding most of the times, did you think marriage will favor us?”

“Then are we suppose to be living like this? You don’t like it when I get too close with another woman and I don’t like it when you get too close with another man but none of us even has the right to accuse eachother cause we are neither engaged not married.” Broderick said.

“Marriage is possible between us, I just think we should give it more time. Maybe get to understand eachother more,” Amy said.

“Seriously? I thought you always wish for us to get married? What suddenly went wrong? You even told me to divorce Martha and now, you are being reluctant to accept my proposal to get married to you.” Broderick said.

“Broderick, I love you. But let’s get to understand eachothe more before we get married.”

“Who said couples in marriage don’t have misunderstandings?” Broderick asked.

Amy sighed as if she was tired of his words, “I need to leave.”

When she saw that Broderick wouldn't say a word, she walked inside and went to wear her heels. Then she came back with her handbag but saw that Broderick was still standing on the door.

Broderick felt very hurt seeing her snub what he had come to discuss with her plus she even walked away from him.

He said with a painful heart, "you don't even know what you want."

"I do know what I want and what I want is for us to give it time before we get married," Amy was blunt. She excused herself from him and walked away.

Tears almost fall off from Broderick's eyes. When did Amy change?

He didn't even expect for her to protest about the marriage yet she was asking him to give her time. What time? They have known each other for more than three years and she still want more time.

Broderick turned from the door and walked over to his office. On getting there, his secretary, Elva said to him, "sir, there are some media houses carrying rumors that you are dead and that it's someone else who looked like you that's currently the president. They went further to show a picture of your dead body in a battle at East Hill."

"Find out who's sponsoring this fake news," he commanded. He had a lot of works to review today plus his entire day was booked as he had a lot of delegates and ministers to meet.

"Alright, sir," Elva carried the report about the fake news parading the country and walked out of the office, she went to drop it on the desk of one of her colleagues who was good at finding out secrets of media outlets

"The president want you to find out who is sponsoring the fake news," she said to the young man.

"I'll get to work immediately," the young man drawled the file closer and got to work.

"When can I come for feedback?"

"Erm... In twenty four hours, I'll get back to you," he said.

"Alright," she then walked away.

As she appeared back at Broderick's office, he couldn't help but notice her perfect figure eight. Although he had been working with

this secretary for days, this was the first time he was noticing her figure. She was big in the front and loaded at the back.

The fact that her skirt was short suddenly turned him on, he didn't know how his body was suddenly lusting after this innocent secretary.

He tried to resist the temptation but it was hard, he even wanted to ask if she has a boyfriend but he swallowed it. That would be unprofessional.

He tried to focus on his work but it wasn't working so he picked up his phone and texted Amy, "how is work, Amy?"

It took ten minutes before Amy replied with one word, "busy..."

What? Busy! Just one word to reply him? That's rude. He then placed a call across to her, he thought that chatting with Amy will suppress the temptation he was having towards the secretary.

However, she didn't answer the call.

He called once more and after the call came to an end, a message popped to his phone, seeing that it was from Amy, he quickly opened it and checked but saw the words; "Told you I'm busy, man."

Man? He called her man?

Broderick was angry. It seems as if he has fallen in love with Amy. Otherwise, how can whatever she does affects him so much. It doesn't use to be like this. He had tired so hard not to fall in love but it seems love is a game of the heart.

He clenched his fist hard and looked at the secretary who was busy with work, he wanted to say something but cautioned himself, so he texted Amy again, "if you did not answer my call, I'll fuck someone else." He didn't intend to do that, he just wanted to persuade her to answer his call.

"LOL... If only you know that I'm already fucking your personal assistant," Amy's message entered two seconds later.
