Barren Mother Give Birth To Sextuplets To The Hot Ceo Chapter 321

They began to swim with all their strength trying to navi-gate their way to the seashore.

“If we can make it out of the plane, we can make it out of the sea,” Broderick shouted as he swam with all his strength.

“If we can make it out of the plane then we can make it out of the sea,” Brett and Irvin said. It was too early to die. They

need to fight.

Despite the fact that their blood were clothing and their teeth were gnashing hard as a result of cold, these three men

were swimming hard, struggling to stay alive.

“That’s the sea shore!” Irvin suddenly shouted.

Brett swam towards where Irvin was and also saw the sea shore, Brett was happy, he turned to Broderick and said,”

boss! We are close to the seashore.”

“Hahaha...” Irvin laughed and swam with more strength.

“Let’s do this,” Broderick shouted and the three men swam with all their strength towards the seashore.

Brett was the first to get to the seashore, once he stepped on the land, he raised his hands up and jubilated happily, “we

made it!” He shouted with all his strength, “Michael, you just await our revenge. Hahaha...”

Irvin also made it luckily.

“Brother, you made it...hahah,” Brett hugged Irvin for a few seconds. Once they disengaged, Brett asked,” where is the boss?”

Broderick couldn’t be found anymore.

Irvin was also shocked. Brett dived inside the sea at once and began to find Broderick. Eventhough Irvin was tired and

had little strength left, he also dived inside the sea.

Brett saw Broderick inside the sea, trying to stay alive. He had become so weak to swim.

Brett helped him up and shouted, " Irvin, I found him."

Irvin raised his body up from under the sea and went to help Brett to take Broderick out of the sea. At the end, the

three men fell to the seashore tiredly. Thanking God for saving them.

Broderick vomitted a couple of times as he was already drowning. God must have loved him so much, Broderick

thought to himself when he realized that he was alive.

When Michael got the news that the jet had exploded, he was a hundred percent sure that Broderick is dead.

He then walked into the room that he kept Amy. Amy had a loosed hair and she had scars all over her body. She didn't

look like Amy at all. Those cuts that Michael made on her body weren't treated at all so the pain endures until this moment.

Michael locked the door behind him and dragged a stool then sat before her, "guess what? Broderick is dead."

Amy's heart sunk in sadness and hopelessness.

"Irvin is dead." Michael declared.

Amy shut her eyes to absorb the pain his bad news were causing her.

"Brett of course isn't spared, he's dead," Michael said and beat his chest, " I killed them all."

Amy couldn't help but cry. She tired to hold herself from crying but it was impossible. Hearing that all the people who

genuinely cared for her the most are dead hurts her so bad.

It's been two days that she had been kept here and she hadn't seen her kids. She raised her teary face up to Michael

and asked sadly, "where are my children?"

"In my custody. Don't worry, I can't kill them. After all, they will be my children from now henceforth."

"Please don't make them lose their memory," Amy said.

Cause when Martha wanted the kids to be hers, she made them lose their memory.

"I'm not so petty. I won't damage their brain just to have them. I will win them with my love and affection," Michael said.

"You don't have any love and affection. You are evil," Amy said.

Michael smirked, "watch and see how the kids would love me with passion. I'm using this period to win their heart to-

wards me."

"Where did you tell them I am?" Amy asked.

"That you went for a business assignment and will be back soon. If you want to see your kids then you must agree to marry me. See Amy, you don't have a choice anymore," Michael said.

"Don't think I will ever marry an evil man like you," Amy said.

"Then forget about ever seeing your kids," Michael stood and angrily kicked the stool towards her. The stool hit her in

her folded legs and she cried out painfully.

"Agree to the fucken marriage, bitch," he said and angrily dragged her up with her neck.

He dragged her roughly to the backyard of the house where the furnace is, he tied her to a pole closer to the furnace

and the intense heat from the furnace began to hit Amy all over her body.

She screamed out loud in pain, it was as if she was in hell fire. The heat emanating from the ten thousand degree Cel-

sus furnace was too much. She literally felt her skin melt.

Michael just watched from afar with a smile on his lips,

“bitch, enjoy the pain.”

He brought out cigarette from his pocket and ordered one of his men to light it for him, he began to smoke as he

watched Amy scream in torture.

“Will you marry me? Hahahahah...” Michael laughed.

“No...” Amy said, despite the intense pain going through her body.

Michael was angry, “it seemed that the pain isn’t much.”

“Bring me the knife,” he commanded and a knife was immediately handed to him. He walked over to where she was

and tore her cloth open, leaving her with her bra only.

Michael slashed her stomach with the knife and blood immediately gushed out from her stomach, he then then slapped her four times until she almost passed out. Michael then quickly walked away cause of the heat.

Just the few minutes that he had stood there, he felt like he was in fire so he went to the swimming pool to cool himself.

He came back with only a short pant that revealed the shape of his long dick, he wasn’t wearing anything else. He

walked over to where he could see Amy and she saw her shaking her head and her body aggressively, crying out in pain and shouting desperately, “yes! Yes! I’ll marry you, I’ll marry you...I’ll marry you.”

The heat was torturing the open cut on her belly and the pain felt unbearable. Even if she was asked to eat shit at this

moment, she will. She lost all her pride and succumbed.

Michael laughed, “now you are talking.”

He then ordered for his men to release her and bring her over to his bedroom. Amy was immediately released and tak-

en to Michael's bedroom.

Michael removed her trouser forcefully and tore her pant,

Amy kicked him with his leg as she couldn't stand the fact that he was about to rape her. He stood on the bed and kicked her pussy hard.

Amy screamed painfully and held onto her belly and her pussy, the pain she was feeling was too much. He matched her

in the stomach twice with his foot and she eventually passed out.

"Bastard! How dare you stop me from fucking you?" He mumbled angrily and slapped her unconscious body again

and then walked out.

As soon as he was outside, he commanded his one of his men, "bring me a virgin!"

"Got it, sir."

In about fifteen minutes, a virgin lady was given to him. He tore off her clothes like a beast, slammed the lady to the wall

and began to fuck her hard from behind. Releasing all the lust he had for Amy into her.

He eventually cummed mercilessly inside of her. The lady already had so much tears all over her eyes by the time he was done. She had agreed to give up her virginity cause of the money she was offered. She needed the money to take care of her sick parents as both of her parents were at the brink of death.

The virgin lady knew that 'first time sex' can be very painful but she didn't expect for it to be extremely painful, her

pussy was sore by the time he was done.

The lady asked him, "can I leave now?"

"Bitch! Go inside the shower, bath and come back,"

Michael said.

The lady felt like she can just die under this man. She did as told and once she appeared, he slammed her to the bed

and began to fuck her in a missionary style in a very hard way,

causing hickeys all over her neck.

He turned her and spanked her ass then continued fuck-ing her. At the end, the lady passed out cause of how he was

aggressively fucking her.

He pushed her unconscious body away angrily and com-manded his men to throw her out. Michael then went to bath

and walked to his master bedroom but realized that Amy was still unconscious.

“I’ll fuck you whenever you wake,” Michael said and walked over to the living room.

He felt relieved. It’s good to be powerful. As far as he was concerned, he was now the most powerful man in North Hill

and unlike Broderick who didn’t know how to enjoy life with his power, he would have a lot of fun and bully as many as he can.

With legs crossed on the center table, one of his guards appeared and told him he had a visitor.

“Who is the person?” He asked.

“The king of East Hill. King Nolan,” the guard answered.

“My old friend! Haha...let him in quick,” Michael said.

In a jiffy, Nolan walked inside the room.

Michael stood and opened his two arms wide,” my old friend!”

Nolan was told that Michael use to be his friend and ex-cept the fact that he had seen him in picture, he had never

seen him in real life until now. Nolan had a loss of memory but Arnold and Martha were helping him with so many things that happened in the past. The only thing hidden from him was the fact that he was once in love with Amy.

He had decided to come and pay Michael a visit and also have a feel of the atmosphere of North Hill.

Nolan received Michael's hug.

Michael then gestured, "sit down, my friend."

Nolan sat majestically.

Michael immediately ordered for a drink to be served to him and it was but Nolan only held the cup of drink and didn't

take it.

"Michael, it's been such a long time. Hope you are good?"

Nolan asked.

"Yes, how about you? How is your kingdom? I heard that you lost your memory? Have you recovered it or are you work-

ing towards it?" Michael asked.

The elders of EastHill had advised Nolan never to admit that he hasn't recovered his memory as his enemies can take

advantage of that.

"I have my full memory back since, why did you think I came over here to check on you," Nolan smiled.

"Hahaha....I'm so glad you have your memories back.

Guess what?" Michael asked.

"Gist me, man," Nolan said.

"I killed Broderick, Brett and Irvin," Michael laughed victo- riously.

Nolan had been told whom these three people that Michael just mentioned were.

"Wow! Really? Hahaha... remember Broderick always bragging like he was the most powerful man on earth. Did he

really think he's a ghost that can not be killed?" Nolan asked and laughed.

“Even if he is a ghost. I, Michael Alessandro would still kill him,” Michael laughed.

“Hahaha... that’s a good one,” Nolan said.

“Yes, and I’ll be marrying Amy soon. I’ll surely invite you and I’m sure you will come, right?” Michael asked.

“Sure,” Nolan giggled. Nolan was told that Amy was the mother of Broderick’s children’s. He wasn’t told that Michael

was interested in her.

“Michael, I want to have a feel of North Hill for a while since it’s a long time I came here. Can you let me spend three

days with you,” Nolan asked.

Michael thought about it and said,” three days? Not a problem. Come, let me show you a room that you will be stay-ing.”

Nolan had helped Michael severally in the past so why shouldn’t he be able to accomodate him for just three days.

After telling him about the room he was to be staying, he told him that if he needs anything, he should tell him, then he

walked away.

When it was night, Michael went to check on Amy again and saw that she was seated beside the bed, curled up like a

baby inside her mother’s womb. She had a duvet covering her body.

“How dare you use my duvet to stain your bloody body,”

he walked up to her and snatched the duvet from her body.

Seeing that she was naked and bloody, he smirked.

“Did you pretend to faint when I was about to fuck you?

You can pretend all you want but your pussy is mine,” he dragged her two legs hard making her back fall to the floor.

He separated her legs and looked at her pussy, “ha! Such a yummy pussy, I can’t believe this is mine.”

A voucher However, Amy looked very dirty so he pulled her up and dragged her to the bathroom then shoved her inside, "bath and come out quick, It won't be too painful if you cooperate but if you struggle, I'll just fuck you till death. I give you just two minutes to finish bathing."

"Please can you get me a first aid, I need to treat my scars, my cheek, my stomach, they all hurt badly," Amy pleaded.

"You have one minute and fifty seconds left," he ignored her request and slammed the door of the bathroom then went to sit on the bed.

He

unzipped his trouser and brought out his long and hard dick, he wrapped his hand around it gently and mumbled, "can't wait to fuck this bitch. Her pussy must be sweet."

Amy tried to bath but as water touches the cut in her cheek and her stomach, she feels a greater amount of pain but she still managed to wash her body.

After she was done, she looked around for what she could use to hit this bastard. She eventually forced the head of a sink out of where it was plastered in then she knocked on the bathroom door.

As soon as the door was opened, she hit him with the sink and he fell. It was unexpected. Amy was so happy, she immediately ran out but bumped into a man while running.

With She paused and soon realized that this man was Nolan.

Nolan? Why was he doing here? Did he recognize her?

She wanted

to run away but Nolan grabbed her arm and asked, "where are you running to?"

"Mr. Michael sent me on an errand, please let me go," Amy snatched her hand but he wouldn't let her go. Amy knew that she needs to leave as soon as she could cause if Michael catches her, he may just kill her brutally.

With the way Nolan was looking at her, she could tell that Nolan didn't recognize her. Apparently, he had not recovered his memory.

"Nolan, don't you remember me? I'm in danger, I need to escape," Amy said.

Nolan looked towards the room that Amy had just stepped out from, he immediately turned and dragged her to his room then locked the door.

Whereas, Michael had just recovered his consciousness. He stood and as he remembered that Amy

hit him on his head. He became furious, "I swear, I will cut your breast into ten pieces, you bastard. You dare to hit me." He searched the room first of all, not finding her, he commanded his men, "check the CCTV camera and find where that bastard Amy is. Then bring her to me."

The entire villa became busy at once and the men began to search for Amy but after thirty minutes, they reported to Michael that they couldn't find her and that the records on the CCTV didn't show anyone leaving the premises so she was still inside the villa.

"Have you searched all the rooms?" Michael asked the one who came to report to him.

"Yes, sir. Every single room in the house except the one that Mr. Nolan is," the man said.

Remembering that Nolan once had feelings for Amy, Michael guessed that Amy would be in Nolan's room so he walked up to the door and knocked.

The door opened a few seconds later and Michael asked, "hey Nolan, what's up?"

"I'm good, man. What's wrong?" Nolan asked.

"Is Amy with you?"

"Amy?" Nolan feigned ignorance, "not at all. She's not with me. What's going on?"

"I didn't mean to offend you. I respect you and I value our friendship but please let my men search your room," Michael said.

Nolan smirked, "you think I'm lying? Just come in and search yourself. Your men can stay outside."

"Okay, thank you," Nolan opened the door wide and locked it as soon as Michael walked in.

Michael was stunned to see Amy sitting on Nolan's bed, dressed in a man's shirt and trousers. Her bruised face looked pale and lean.

He looked at Nolan angrily, "why did you lie to me?"

"It's not fair that you are treating a human being like this. Just because she's helpless doesn't mean she deserves this kind of treatment," Nolan lectured.

Michael grinned, "Nolan, this is my business and you don't have the right to interfere. This is not East Hill. I accommodated you because of the bond we had in the past, why will you abuse my help by interfering into my business?"

As Michael walked up to Amy, Nolan stood before her, "Michael, please don't touch her."

Michael pushed Nolan away angrily and then got before Amy and gave her a heavy blow in the cheek that made her fall, loud cries immediately escaped her bloody mouth.

Nolan brought out his gun and pointed it at him, "Michael, don't make me shoot you."

"If you shoot, all my men will be alerted and trust me, you and Amy won't leave here alive. But I can let you leave here alive if you bring the gun down."

Boom!

Something heavy landed on Michael's head. This was the work of Amy. He had hit Michael again in the head and he had passed out.

When Michael's men that were standing by the entrance saw this, they knocked repeatedly and demanded for the door to be opened.

The door eventually gave way and Nolan said, "please take my friend to the hospital, he needs help."

"Did you hit him, sir?" One of the men asked.

"What sort of a stupid question is that? My friend fainted and fell on the chair while we were discussing and you dare to accuse me? When he wakes up, I will report you to him. You don't treat a guest this way," Nolan said angrily.

"I'm so sorry, sir. I didn't mean to offend you," the guard who spoke ordered for his men to carry Michael away.

Once the men were away, Nolan helped Amy to step out of her hiding.

"I'm scared. Very scared!" Amy said.

"I'll help you escape," Nolan said and placed a call across to his men to be ready to fly him out.

Michael had over two thousand men guarding his house so thinking of escaping was already impossible.

Nolan lead Amy to the last floor of the house as he was advised, the plane that were to take Nolan arrived on top of the villa and began to hover on top the house. Two ropes were throwm down and Nolan helped Amy to tied hers around her body while Nolan tied the rope carefully around his body too.

In a jiffy, the rope was drawn up and both adults were helped inside the plane and taken away to East Hill.

Michael woke up at night at the hospital. Despite having bandage across his head, he stood from the bed as his mind trailed back to Amy and Nolan.

"This bastards!" He mumbled to himself and immediately commanded one of his men that was nearby, "Is Nolan still in my house?"

"Yes, boss."

"Good, let's go home." Michael commanded.

"Sir, the doctor still advised you to have some rest," the guard said but ended up receiving a kick im the stomach by Michael.

Vouchers Others soldiers around dared not to say another word. They immediately drove Michael home. Michael ran with his men to Nolan's room but couldn't find him nor Amy in there.

He and his men searched the entire house but could not find them.

At the end, he received a text message and seeing that the caller ID was an unknown number, he checked and saw the message that reads, "I have taken Amy away to East Hill. Don't bother searching. As for her kids, send them over to East Hill quick or you will see my anger. From this moment henceforth, we are no longer friends. Nolan."

"Fuck you! Bastard! I will cause her children so much tor ture and keep sending the videos to you unless you bring her here. I'll give you three days to send her back to me," Michael sent a threatening text.

Amy and Nolan read the message that Michael sent from the palace that they were.

Amy had been treated and was now wearing a decent cloth. But the scars on her body were still healing.

Martha walked over to them and greeted with a bow, "my king!"

"Martha, see your sister, Michael had caused her so much pain and even killed Broderick, Brett and Irvin."

Martha knelt before Amy and said, "Amy, firstly, I will need you to forgive all the wrongs that I have committed against you, Broderick and the kids in the past. I know we can't be close again or have anything to do with each other again but knowing that you forgive me will give me peace of mind. Broderick already forgave me."

"We'll talk about this later, did you know if Broderick is truly dead?" Amy asked.

"Well, the last time I saw him, he was sick but my blood was used to purify his blood after which he got better. I don't know if anything happens to him after that," Martha said and went to sit beside Amy.

"Nolan, please can you excuse us?" Amy asked Nolan and he nodded, stood and walked out.

Amy then asked Martha, "Nolan didn't remember my face meaning that he can't recover his memory anymore. Does that mean that he is no longer obsessed with me?"

"Yes. We told him everything about his past but hid the fact that he was once in love with you. That's a secret we will hide from him till forever." Martha said and Amy felt relieved.

She now knew that whatever help Nolan is offering her is pure.

"But you still want Broderick for yourself, right?" Amy wanted to know where Martha still stands.

"EastHill is my new home now. Actually, I'm now married to Nolan and pregnant with his baby. He loves me and I love him. As for Broderick, the love I have for him died a long time ago," Martha said. The expression on her face was genuine.

"Oh my! Is this true? So Nolan is your husband now? I'm so happy for you and your unborn baby," Amy smiled.

"Thank you so much." Martha said.

"Michael told me that Broderick, Irvin and Brett are dead but until I see their dead body, I can not believe such," she said.

"I don't think Broderick can die easily. I will send some of our men to investigate his death for you," Martha said.

"Okay, my queen," Amy chuckled and Martha laughed as well.

Whereas, Broderick, Brett and Irvin were still trying to find their way to NorthHill. The city they were had so many waters around it. Infact, some houses were built on water.

They used canoe and boat mostly in this city and unfortu nately, no one knew of a country called NorthHill. It's been days and they still haven't located North Hill.

Brett, Broderick and Irvin sat on the boat that was on the seashore of another small sea and said," boss, we have been wandering for the past five days. We need to think of a way to get to North Hill."

Just as Brett finished saying this, Irvin shouted, "see that!" He was pointing to an aeroplane flying on the air. It had the name Amy written on the left and EastHill written by the right.

The three men began to blow whistle with their mouth and since the aeroplane wasn't far to the ground, it lowered slowly and when one of the soldiers inside the plane saw Broderick, he shouted," he is not dead! He is not dead!" Happiness could be seeing on the soldier's face.

"Sir, please come in, Miss. Amy is in Easthill," one of the soldiers in the plans said.

"Why should we trust you?" Although the men were dress ing in the uniform of EastHill soldiers, nonetheless, Brett and Irvin thought that this could be a kidnap attempt.

Broderick didn't think that way cause he knew that Michael can't search for him cause he already believed with the plane crash that he was dead.

The soldier speaking to them from the plane threw a phone to Brett and he caught it then the soldier spoke," firstly, if we mean any harm, we would have released bullets to you all. Well, you can tell Mr. Broderick to dial the first contact dis playing on the call log."

chapter 325

Brett checked and saw that the first contact was Martha. He immediately showed it to Broderick.

Broderick dialed Martha's number at once and she answered.

Martha had been informed immediately that Broderick had been found and that he would speak to her soon.

"Broderick, Amy is really here." Martha said.

"How about my kids?" Broderick asked.

"Come over first. See you soon," Martha said and hung up.

"Let's follow them. They are legit," Broderick, Brett and Irvin got inside the plane immediately and were piloted over to

East Hill.

As soon as they arrived at East Hill, the three men were lead honourably to the palace. Once Amy saw Broderick, she ran

like a speed of light and jumped on him.

Broderick received her in his warm hug and hugged her dearly, "I miss you my woman."

"Broderick!" Amy began to cry. She now understood what true love really meant. It's no wonder she couldn't stop loving

Broderick," I don't ever want to be with any man again except you."

"I have hurt you so much, my woman! From today, if I ever cause you pain, I'll dig my own grave and bury myself. I'm

sorry!" Broderick said and Amy cried hard in his shoulders.

The soldiers standing in the left line watched and had goosebumps all over their body same with the soldiers at the

right. Nolan and Martha, the king and Queen of East Hill stood side by side before the soldiers and were watching the

couple.

"They are lucky to find each other again," Nolan said to Martha.

"No doubt. Those two are made for each other," Martha said.

Nolan smiled and continued looking at Broderick and Amy who were not ready to release each other from the hug.

At the end, Amy got down from Broderick's body.

Nolan and Martha walked over to Broderick and then Martha quickly whispered to Amy, "tell Broderick that Nolan still had.

loss of memory."

Amy immediately whispered to Broderick's ear so that he would not react negatively to him.

"Broderick, I'm glad you find your wife," Nolan said.

"Thank you," Broderick said.

Nolan lead Amy and Broderick to a room and then, Amy began to narrate how Michael had maltreated her while she

was in his house. He told her how Nolan saved her and added the fact that the children were still with Michael.

Broderick checked the scars in Amy's body and couldn't help the tears on his face, "I'll tear Michael down tonight and save my children."

"Please be careful. Nolan and Martha are already married and living a sweet life. Once Michael is out of the way, I believe we will live a good life too."

Broderick hummed, "I was foolish to have gotten close to Elva. I was led on by own lust. I'm so sorry."

"It's okay, I'm sorry to give Michael another chance too. I think that in the future, we should always listen to our advises,"

Amy said.

"Yes, since no one knows it all, I have learnt my lesson greatly.

Amy, you don't worry. I'll make you happy from now henceforth." He said and kissed her. Amy kissed him back

passionately.

Broderick then disengaged, "I don't feel comfortable with us having sex in a strange land plus my happiness isn't full yet

cause I haven't found my kids. Once we return to North Hill with our kids, we would have all the fun there is."

"Alright." Amy hugged him once more.

Broderick then called Brett on phone, "get ready, we leave for North Hill this night."

"Got it, boss." Brett answered.

Nolan offered to help Broderick with some soldiers but Broderick turned down the offer, at exactly 12AM, Broderick,

Brett and Irvin took a plane over to North Hill and touched down the soil of North Hill with anger and fury.

The three muscular men were dressed in deep black suit and had two pistols in their hand and a bag containing so many

bombs and missiles. They walked majestically but with anger towards Michael's house.

They went to lodge in a house that was just opposite that of Michael and began to shoot a series of bomb in the house.

They were not the big bombs that can burn down an entire house, they were just small bombs. The plan was to find

Michael.

Broderick wanted to kill Michael with his own hand for the pain he caused Amy.

As the explosion began to happen, Michael was immediately alerted.

Many of his men were already dieing as a result of the explosion.

Broderick, Brett and Irvin stopped throwing bombs for a while and watched as Michael was immediately lead out of the

building. A big bomb was then shot to the house, killing hundreds of men.

Michael could be seen hurriedly entering his car.

As he attempted to start the car, Broderick and Brett released a bullet right inside the tyres of the car. While Irvin kept

shooting sporadically at Michael's men. Michael killed three hundred of his men from the underworld, he won't be happy

unless he kills at least six hundred of Michael's men.

This period, everyone was struggling for their lives. No one was protecting anyone anymore. They had no idea where the

attack was coming from. The attacks were coming so fast.

There were bomb and tear gas all over that they couldn't even see but Broderick had his eyes set keenly on Michael.

He watched as Michael stepped down from the car quickly and began to run away for his life.

"Keep shooting," Broderick commanded, "I'm going to get Michael."

Broderick ran out of the house in a jiffy and began to run after Michael. Michael turned back instinctively and saw Broderick running after him.

What? He's not dead? Michael was shocked, while still running, he brought out a gun from his pocket and before he

could turn to shoot, Irvin shot his hand, making the gun fall from his hand.

After Broderick and Michael had ran very far away, Irvin eventually set a big ballistic missile to the house and shot the

house. The entire house exploded and every single soul around died.

"Five souls shall pay for the death of a soul," Irvin said and dropped the missile, "now let's help the boss."

Irvin and Brett immediately ran out of the house and chased after Broderick and Michael.
