

"What did you say?!"

The English Lord's voice suddenly raised an octave, and he asked in disbelief, "What's wrong with him?! Let him perform the task, and he lost contact?!"

Wu Shutong said quickly, "The English Lord ...Maybe it wasn't Nakul Bo who lost contact on his own initiative...Because...Because..."

The Lord Ying asked in an extremely cold voice, "Because of what?! From now on, if you hesitate to speak again, you will cut off your tongue yourself!"

Wu Shutong trembled in his heart, and hurriedly said, "Go back to the British Lord! Bick, the military governor of Cyprus, can't be contacted now, and even the alternate military governor we placed beside him has lost contact at the same time..." He

said, Wu Shutong continued, "According to normal circumstances, whether it is Bick or the candidate Jiedushi, they must ensure 24-hour communication. This is the most basic requirement..."

"Especially the candidate Jiedushi, he

personally There is a special contact method, because once the Jiedushi is abnormal, he will immediately replace the Jiedushi, and even kill the Jiedushi when necessary, so even if the Jiedushi loses contact, he will never It should be lost..."

The Lord was silent for about two seconds on the other end of the phone, and then blurted out, "You mean, the Cyprus base is over?!"

Wu Shutong said in a trembling voice, "My lord, your subordinate is now There is no definite news, but the current situation is really not good, and the subordinates are worried that not only the base in Cyprus, but even Nakul...has suffered an accident!" "How is it possible!" the British Lord blurted out Said, "Ou Bojun has already mastered spiritual energy, and his strength is much higher than that of ordinary warriors. Ten of you may not be his opponent. Except for me and Willie, I don't know who else in this world can kill him!" Wu Shutong said helplessly

. "My lord... a lot of things have been too weird recently, could it be that there are some other top masters who are against us in secret... Ever since Bruce and his wife were beheaded by Willie, there has never been such a thing in so many years. Trouble....."

The British Lord said coldly, "Originally I only sent Uncle Willie to find Lin Wan'er (Alani) (Alani) whereabouts, but the reason why I also sent the other three earls this time is to let them look for relevant clues and see if they can find out the whereabouts of Lin Wan'er (Alani)." Dig out the black hands behind the scenes..."

Speaking of this, the British Lord immediately said coldly, "Now is not the time to think about this matter! You immediately go to Cyprus yourself, I don't care what you do, before dawn, I will I know what happened in Cyprus!"

Wu Shutong said without hesitation, "Don't worry, my lord, my subordinates will leave now!"

The lord urged, "If there is any change in the matter, all the personnel who are arranged in Turkey will be withdrawn as soon as possible."

Wu Shutong hurriedly asked, "Where should my subordinates evacuate these people?" The

British Lord was silent for a moment, and said coldly, "Don't they have a ship specially used to transport copper ore? Take them all on board, and you They said that they would be withdrawn to other bases of the Youjun Governor's Mansion in Africa, and then the freighter would be sent to the high seas to be blown up and sunk directly."

Wu Shutong said in horror, "My lord...do you want to sink them all into the sea??"

"The master said coldly, "If there is really a problem with the copper mine in Cyprus, it proves that the other party has figured out the situation of the copper mine. As an enterprise closely related to the copper mine, the copper smelter in Turkey must have been exposed to the enemy In front of you;"

"If you bring these people to other locations of the Po Qinghui ( Benn ) at this time, wouldn't that be leading wolves into the house?!" "

So the best way is to control all these people and get rid of them all at once! That way If so, even if we completely give up the line between the copper mine and the copper smelter, we can temporarily isolate potential dangers!"
