

Afterwards, they went to the cargo warehouse at the bottom, covered all the goods with steel wire mesh, and welded the steel wire mesh tightly to the bottom plate of the cabin.

After doing all this, several people came to a middle-aged man and said respectfully: "Report to the deputy governor, all the entrances and exits have been sealed, and the goods have been fixed." The middle-aged man called the deputy governor

, It was Arlo, who was in charge of the line between Turkey and Cyprus, and one of the three deputy governors of the Right Army Governor's Mansion.

At this time, Arlo nodded with grief and indignation, and murmured: "Everyone, today's sacrifice of life for righteousness is not only for the sake of loyalty to the Lord, but also for our wives and children to live better, so I hope everyone will not be too sad

The leader said with a miserable smile, "My lord, our life and death have long been out of our control. If the lord lets us live, we can live. If the lord lets us die, we must die... "

said Then, he asked: "My lord, the only question I have is, after we die, will the British Lord really give our wives and children freedom?"

Arlo nodded: "Don't worry, even if the British Lord doesn't take us seriously, and put his reputation first, otherwise, how can anyone be willing to take the initiative to die in the future?"

Hearing this, several people breathed a sigh of relief.

They have long been ordered by the British Lord, knowing that everyone on their ship will not escape death.

What's even more cruel is that their final mission is to personally destroy the ship and all the people on board.

And the condition for the British Lord to let them die generously is to give their family members freedom after their death.

For these people, if they don't understand the medicine, they will die sooner or later. Instead of doing this, they might as well go to death and give their family a chance.

In fact, these people are different from Xiao Qiwei ( Bertrand ), and also different from dead men. They are Arlo's confidantes. When Arlo brought them here to take office, their family members did not follow, nor could they.

From the moment they took office, they shouldered the attribute of self-destruction. Once this place needs to be destroyed, they are the executors of self-destruction.

And the reason why the British Lord arranged this is just in case, once there is a big problem in a certain station, they can complete self-destruct in the shortest time, completely cutting off all risks.

Their families are the key to their generous death.

Arlo looked at the time at this time, and said, "It's almost time, prepare to sink the ship."

The leader nodded, and with his men, he placed directed explosives in the bow and stern of the ship.
