Chapter 1803

“Don’t worry, Amadi. I believe Celeste will be fine and nothing will happen to her.”

“David, you have no idea how scary the ice cavern is. I’m afraid Ms. Celeste will be... Sigh... Forget it! What’s the use of saying this now? You should take care of yourself. The Lightfoot family is not an ordinary family. If you need me to help you with anything, just tell me.”

After Amadi said that, he thought about it and added, “However, David, I have to tell you that I don’t dare to offend the Lightfoot family. I can only provide you with some help in the dark, and after this passes, I will help you leave Star Kingdom. After all, I’m also responsible for bringing you here. Since Ms. Celeste is not here, I will clean up the mess.”

David was grateful after hearing what Amadi said.

A lot of people would add fuel to the fire, but not a lot of them would offer help.

It was very rare for Amadi to have said this.

After all, he was the younger head of Star Manion, not yet the head.

Even if he was the head, he also did not have the power to go against the Lightfoot family.

If he offended the Lightfoot family, the grandmaster might remove him from the running to be the head of Star Mansion.

“I am grateful to you for saying that,” David said sincerely.

“I’m sorry, David. My position and strength don’t allow me to fight with the behemoth that is the Lightfoot family unless I can convince the grandmaster. However, the possibility of this happening low. Thus, I can only provide you with limited help,” Amadi said helplessly.

“Thank you, Amadi. I do need your help with something.”

“Tell me. As long as it’s within my power, I will not say no.”

“I hope you can go to the Iridescent Sect and tell Celia and the women that I’m safe. Tell them not to worry and I’ll go and take them away soon,” David said.

Judging from Amadi’s performance just now, David was sure he would not betray him.

Since that was the case, he would ask Amadi to make this trip.

That way, he could also stay here safely.

When Amadi heard David’s request, he let out a sigh of relief.

‘Thank God!

‘I’m just going to be a messenger.’”

If David asked him to do something he could not, then it would be tough.

“Don’t worry, David Leave this to me. I’ll go in a bit and will get there as soon as I can to pass your message to your girlfriends in the Iridescent Sect,” Amadi patted his chest and promised

He could not do other things, but sending a message to the Iridescent Sect was relatively easy.

No matter if David was lying or not, he was only responsible to pass on the message.

In Amadi's opinion, David was just trying to comfort his girlfriends.

Judging from David's current situation, he would be consigned to eternal damnation if he was not careful.

He was involved in killing the first-in-line heir of the Lightfoot family. It did not matter if he was the culprit, but as long as the Lightfoot family caught him, he would surely lose his life.

Amadi could not do anything about this either. He only hoped David could get out of this safely, go back to the Milky Way to be a local tyrant, and never come back.

Star Kingdom was not meant for someone like David who had no background.

"Thank you, Amadi. If you need me in the future, you can just tell me and I will never say no," David said solemnly.

"Of course! Of course! David, let's end here. I'll head to the Iridescent Sect now. Let's keep in touch."

"Okay!"

Amadi hung up and got ready to head to the Iridescent Sect.

As for what David said in the end, Amadi only regarded it as David being polite.

He was the younger head of Star Mansion, why would he need David's help?

If he could not do it, then someone from a low civilization would also not be able to do it.

At this moment, Amadi still did not realize the value of David's words.

That was something a partial True Saint said.

Soon, David would become a True Saint and then a Sacred Saint.

The entire Star Kingdom valued what a Sacred Saint said.

What would Amadi feel when he found out about David's strength?

After ending his conversation with Amadi, David was relieved.

He finally took care of this, and he believed Amadi would not lie to him.
