I am a quadrillionaire chapter 1816—However, there were too many powerful people here and David's life would be in danger at anytime.

They did not want to hear about David's death one day.

"Alright, give me some time and I'll go get you all soon. Then, we'll go back to the Milky Way, what do you think?" David thought about it and asked.

However, his 'some time' referred to after he saved Celeste and the Fellowes family from their predicament.

Then, he would be able to leave.

David was not someone who would bite the hand that fed him.

He would definitely save Celeste.

Moreover, the Fellowes family helped him so much that he could not abandon them.

He could only achieve those things after becoming a Sacred Saint.

Therefore, his goal was still to get to Sacred Saint Rank.

"We'll wait for you!"

"Yes, we'll wait for you."

After contacting David, Celia and the women breathed out sighs of relief. A relaxed smile also appeared on their faces.

They did not have other requests. They just wanted to make sure David was safe.

"David is very safe now and we can contact him at any time. Next, we should focus on our cultivation. Even if we can't help him in the future, we need to have the power to protect ourselves so that we won't

be a burden to him," Selena said.

"Yes, Selena is right. I have to train properly and not become Dave's burden," Sandy answered with a firm

look.

"Selena, I've encountered some problems during training. Please help me."

“Me too.”

After knowing that David was safe, everyone started to look livelier.

They did not look as lifeless as just now.

Selena also started to teach everyone patiently.

She was the strongest one and had the most talent.

Not everyone could become one of the seven high priestesses of the Iridescent Sect and the head Nova’s personal disciple.

It would not be wrong to say that she was one in a trillion.

Therefore, she was more than qualified to teach Celia and the others.

David was very motivated as well.

He was very touched to have so many women caring and admiring him.

Even though he still could not get over himself, he would not spare anyone if they dared to bully Celia and the others.

As the saying went, ‘Even a dragon has weaknesses, and whoever touches it would die.’

Celia and the others were David’s weaknesses.

After taking a look at the system, he saw that his lavish points were only a little more than two hundred thousand.

He still needed seven hundred thousand.

David sighed helplessly.

The increase in his lavish points recently did not follow a regular pattern.

He would gain a lot on some days and only a little on other days.

It depended on whether Alba secured big projects.

David had no idea when he would have a million lavish points so that he could become a True Saint. Judging from his current strength, the Lightfoot family would not be able to do anything to him after he went out and played his cards right.

A partial True Saint was considered very powerful even among the powerful people in Star Kingdom. Once he displayed his power, The Saints Association would surely value such a young partial True Saint like him.

Once he joined The Saints Association and then perfunctorily apologized to the two True Saints of the Lightfoot family, the Lightfoot family would not do anything to him even if they were not happy.

Normal people would not be able to beat David, so they could only wait for their death.

There would be too much noise if two True Saints took action against him.

Plus, the ones who died were just heirs who were not even at Sovereign Rank.

David only needed to apologize, and the Lightfoot family would regain their pride.

Then, the two parties would reconcile.

However, David would not do that.

On one hand, he did not act first. Cornelius and Archimedes were the ones who wanted to kill him, and

that was why he fought back. Therefore, he would not apologize.

On the other hand, David did not like to let others dictate his fate.

He liked to be the master of his fate.

Therefore, he needed absolute power.
