I am a quadrillionaire chapter 1810—"Selena, what's wrong with David? Tell us!" Sandy quickly asked as well.

"Selena, Master David is omnipotent so nothing will happen to him, right?" Mia also asked as she sobbed.

The rest of them did not say anything.

However, they were all looking at Selena worriedly, waiting for her answer.

Everyone knew that it would be useless no matter how they asked. If Selena knew the truth, she would tell them.

Selena recomposed herself and answered hoarsely, "When I was on my way here just now, I heard some disciples talking about David. He's being pursued by a big family now and it's unknown if he's dead or alive."

'What?

'David is being pursued by a big family now and it's unknown if he's dead or alive?'

Celia felt her world was spinning and she almost passed out.

The rest of the women were no better.

Pearl, Sandy, Mia, Astrid, and the other women all felt dizzy.

They could only stand upright after supporting each other.

David was their hope, and if their hope collapsed, they would also collapse.

"Selena, what happened? Can you tell us in detail?" Astrid was the first one to pull herself together.

After all, she was the princess that was beloved by the Milky Way Empire.

Thus, she could see the bigger picture better than the rest of them.

The most important thing right now was not to stand here and cry.

Instead, they should find out what happened so they could deal with it as best as they could.

‘To be honest, I have no idea what happened. I only have a warrant for David. See for yourself.’

After Selena said that, she showed the women the warrant the disciple gave her just now.

A screen appeared and David’s face was in the portrait along with the content of the warrant.

Everyone started to read through it carefully, including Selena.

She only took a glimpse of the portrait just now, and she did not look at it carefully.

Now, she had to read carefully.

A few minutes later, everyone looked through the content repeatedly before Selena put it away.

“Selena, what kind of family is the Lightfoot family?” Astrid asked.

“I have no idea. However, the disciple said they are a very powerful family, and they are not inferior to the Iridescent Sect,” Selena answered.

The women’s faces turned pale when Selena said the Lightfoot family was not inferior to the Iridescent Sect.

‘David will not be able to handle such a powerful force himself, so what should we do?’

‘How can we help him?’

‘Should we sit idly by and watch the Lightfoot family take David away?’

‘Will he be able to survive once the Lightfoot family catches him?’

‘What will happen to us if David dies?’

'We don't have to be too worried. We need to have confidence in David. He has encountered so much trouble throughout his journey and when has he ever let us down? Didn't he take care of all the troubles?' Astrid looked at the pale women and said.

'This time is different. The enemy is too strong. Plus, Star Kingdom is not the same as the Milky Way. David won't have the power to fight back with his current strength.'

"How is it not the same? David came from Earth, which is from the Solar System, and then he went to the Milky Way. After that, he came to Star Kingdom from the Milky Way. Isn't it the same thing? He took a very short time to stand on top of the Milky Way, and now, I believe he can also stand on the top of Star Kingdom," Astrid said affirmatively.

She was very confident in David.

Back then, not only did David save her, but he also saved the entire Milky Way Empire.

Without David, the Milky Way Empire would be overthrown by the Sangruil Sinners.

Back then, he was like a god descending from heaven.

This time, Astrid believed he would be able to do it again.

## **Read I Am A Quadrillionaire Chapter 1811**

I am a quadrillionaire chapter 1811—Astrid's words temporarily calmed everyone down.

What she said was indeed very reasonable.

This entire time, everyone had blind confidence in David.

They always felt that David was omnipotent.

It was just that this time it happened too suddenly, so they were not mentally prepared.

Plus, this was related to David's life and death.

That was why everyone panicked and lost their minds suddenly.

Upon seeing everyone recovering slowly, Astrid continued, "Think about it, everyone, the Lightfoot family is such a powerful family, but they have no choice but to issue a warrant for David so that more people will look for David. This shows that David is hiding in a way that even the Lightfoot family can't find him. Perhaps he is hiding in an unknown corner in Star Kingdom trying to improve his strength, and when he has enough strength, he will counterattack and make the Lightfoot family pay."

"Astrid is right. We can't panic and lose our minds right now. Prestige is very important for a big force like the Lightfoot family. If they catch David, they will definitely announce it, so we should keep an eye out for it. As long as David is not caught, it means that he is safe, and at the same time, we must find a way to contact David to see if he needs help." Selena also pulled herself together.

She was too worried about David just now, so she was a little confused.

After she thought about it, what was the use of worrying?

Finding a solution to the problem was the most important thing right now.

"Selena, Astrid, what should we do now to help Dave? It would be great if Celeste was here, she would definitely have a solution, but it is a pity that Celeste was punished by her teacher and sent to the ice cavern for a hundred years," Sandy said sadly.

They had been in the Iridescent Sect for so long.

They already knew about Celeste's punishment in the ice cavern, but there was nothing they could do about it.

That was an order from Celeste's teacher and a reputable elder of the Iridescent Sect, so who would dare to disobey what she said?

Selena sighed helplessly after hearing what Sandy said.

The other women did not know about the ice cavern, but she did.

Yet, she did not dare to tell them about it.

Celeste's life was completely ruined. Even if she came out a hundred years later, she would not be the same Celeste as before.

Even if she was here, there was nothing she could do about what happened to David this time, let alone when she was not.

'The Lightfoot family is too strong

'I'm afraid that even Lady Dream, the head of the Iridescent Sect, can't do anything about it

"Not doing anything will be the greatest help to David Just pay attention to the news of the Lightfoot

family at any time. As long as the Lightfoot family doesn't announce that David has been caught, then he is safe. I'll ask Master to see if there is anything we can do," Selena thought for a while and said.

She said that just to comfort everyone.

If they wanted to help David, they needed to ask the reputable elders to take action.

However, the reputable elders would not offend such a powerful force as the Lightfoot family for an irrelevant person.

Hence, if David wanted to go through this safely, he could only rely on himself.

Selena knew that the difficulties David encountered this time were far more dangerous than ever before.

Whether he could escape this catastrophe was entirely up to him.

With their strength, they could not help him at all.

Staying in the Iridescent Sect and not causing trouble to David would be the greatest help to him.

"Yes, Selena, hurry up and ask Master. She is the head of the sect so she will definitely find a way," Celia

urged

"Okay! Then you should stay here and don't do anything stupid, and absolutely don't expose the relationship between us and David, otherwise, the Lightfoot family will use us to threaten David if they can't find him. Judging from David's character, he will definitely show up for us. If that's the case, we would have harmed him," Selena said solemnly.

“Don’t worry, Selena, we will definitely not do anything stupid. Even if we can’t help him, we won’t cause more trouble for David.”

“We won’t cause more trouble for David...”

The other women repeated.
