I am a quadrillionaire chapter 1812—"Then I'll go find Master now."

"Go! Selena, you must inform us as soon as you have any news."

"Okay, I will."

Selena left the courtyard.

She wanted to go to her master to find out the details.

As Nova's personal disciple, she could see Nova at any time.

As for the disciples in name like Celia, they needed to notify Nova in advance.

This was the gap between direct disciples and disciples in name.

Selena's current status was second only to Lorraine among the disciples of the Iridescent Sect

Even those who were stronger and older than her had to be respectful to her when they saw her.

These were the rules of the Iridescent Sect. #

No disciples should go against the rules.

When Selena went to see her master, Nova was meeting a guest in the reception room.

He was Amadi, the younger head of Star Mansion.

After contacting David, Amadi hurried to the Iridescent Sect to complete the task David gave him.

This was also the only thing he could do for David as David's friend.

David's incident involved the behemoth, which was the Lightfoot family.

As the younger head of Star Mansion, Amadi was helpless.

He did not even dare to say that he and David knew each other.

Otherwise, the Lightfoot family would definitely put pressure on Star Mansion and ask for David's information. If that happened, Amadi would also be under great pressure.

Celeste was locked in the ice cavern.

Therefore, when Amadi arrived in the Iridescent Sect, he could only find the head, Nova.

“Amadi, what is the purpose of you coming to me this time?” Nova asked, going straight to the point

“Lady Dream, I want to meet the women that Celeste brought back from outside,” Amadi replied.

‘The woman Elder Red brought back from outside?’

‘Does he mean Selena and the others?’

“Why does Amadi want to see them?”

Nova continued to ask, “You mean Selena and the others?”

“I think one of them is called Selena, yes,” Amadi recalled.

“Why are you looking for them?”

“I have something to tell them.”

Nova looked at Amadi..

This kid could barely even recall Selena’s name, which meant that he was not very familiar with those

women.

Then why would he want to see them?

The last time Elder Red went out to perform a mission, Amadi also went with her.

Therefore, it meant they came back together, so he should know them.

‘Or does he know David?’

‘Two youngsters who are about the same age and strength are more likely to become friends.

“Could it be that Amadi contacted David and he’s here to act as David’s messenger?”

Except for this, Nova could not figure out any other reason why Amadi wanted to meet Selena and the women all of a sudden.
