Chapter 1041 Something Serious

The car windows were dark. Kisa leaned onto the car's windshield and looked around for a long time. She could not clearly see if there was anyone inside. She tried to pull open the car doors and actually got them opened. She hurriedly gave a thorough sweep of the car interior. No one was in the car, but the car keys were still in the ignition and had not been pulled out yet.

Kisa scrunched her brows in suspicion. What she was able to confirm was that Gilbert came back during the last half of the night. 'However, how did Gilbert leave silently? Could it be that he was afraid that I would not be able to call a cab, so he purposely drove the car back to leave it for me?' She thought.

Thinking about it now, she immediately shook her head. It would be impossible for Gilbert to treat her so considerably. Not to mention, when Gilbert left last night, the aura of hostility surrounding him made it seem as if he wanted to kill her.

However, she still searched high and low around the house, making sure Gilbert was not around. Only then did she drive the car to leave.

When shooting her scene during the day, Kisa was a little restless. She would always feel that something terrible was about to happen. During the intermission, Ariella purposely walked in front of Sharon to ridicule her, "The great movie star Sharon, your parents and Mr. Tanner's scandal have been published in the newspaper. Not to mention, will your mother truly divorce your father to go with Mr. Tanner?"

“Since the press published it, do you think it would be fake?” Sharon smugly chuckled, “So, all of you better treat me more courteously in the future. Mr. Tanner is actually the biggest investor for this shoot. If you all dare to make me unhappy, with just a word from me, Mr. Tanner will fire all of you.”

Sharon’s words managed to have a significant effect on the others. Sure enough, many people went to cozy up and curry favor

with her. Ariella huffed scornfully and paced her steps to the front of Kisa.

She pointed at Sharon with disdain while saying, “Kisa,

look at her being all smug. With her mother’s turning gray and her ugly fat figure, would Mr. Tanner really be interested in that?

Only someone like her would daydream like this all the time. Before this, she imagined herself becoming Mr. Kooper’s woman.

Now, she is dreaming about her mother becoming Mr. Tanner’s woman.”

She continued on, “Tsk, tsk. She truly has absolutely no shame.”

When Ariella mentioned this, Kisa remembered the scene she saw yesterday at the restaurant entrance.

Even at the clubhouse,

she had seen Carolyn and Adrien’s intimate behavior toward each other.

But when Christopher had hit Carolyn yesterday, from

Adrien’s reaction, she felt that Adrien did not actually like Carolyn.

‘However, if Adrien doesn’t like Carolyn, why did he get involved with her? He’s even pretending to like Carolyn so much. Could

Adrien actually have a grudge against Carolyn and Christopher?’

Contemplating about this, Kisa suddenly felt that Adrien was a strange and mysterious person.

Even though he always showed concern for them as a senior and even said he was an old acquaintance of her mothers, as she

thought more about it, she realized that she did not understand Adrien as a person at all.

It would have been so much better with Jensen around. Jensen and Adrien had known each other for a long time, and Jensen was the one who had introduced her to Adrien in the first place. His understanding of Adrien would definitely be much more profound than hers.

The shooting for the drama was about to be wrapped up, so the production set had not been as busy the past few days. Work

had ended very early today too. Kisa drove her car and prepared to return to the Kooper residence.

However, remembering that Gilbert had left in the middle of the night due to company affairs, she was afraid that something

serious had happened to the company. Besides, when Gilbert left, he had been furious.

So, she had to go coax and calm the man down with sweet talk. After all, she still had to rely on Gilbert to stay in the Kooper

family. Before she could go to Adrien's room to find out the truth, she could not be expelled from the Kooper family,

Thinking about this, she immediately turned her car around and drove toward the GK Pictures building...
