The Divorced Billionaire Heiress chapter 2479-Saw Everything

The three of them walked out side by side.

Chance also looked left and right, seemingly looking for something.

When Selena asked him, Chance answered solemnly, "I'm looking around to see if Daddy is hiding somewhere. What if he comes to pick me up?"

Selena sneered.

"Stop dreaming. Your dad is considered nice to allow you into the house. How can he come back to pick you up? I don't even dare to think about it on your behalf!"

Chance silently lowered his head and thought, 'Aunt Selena really understands Daddy!'

However, Chance felt a little guilty. After all, he made up this excuse and made Eric seem like a ruthless person.

He hoped that his dad would not blame him when he found out. 1

He only did it for Aunt Selena's sake.

Chance thought it through. Instead of letting Selena fall in love with those unreliable men, it would be better for her to be his stepmother!

At least, Eric would provide for Selena. Even though Eric was sharp-tongued, he would not deceive Selena like other men.

That way, Chance could have a perfect stepmother.

This was the best of both worlds!

As Chance thought about it, his steps when he walked out became much lighter, i

Zachary drove them back to the bar.

The bar was bustling at the moment. Selena wanted to invite Zachary in, but Chance was so sleepy that he started to rub his eyes. Thus, Selena gave up on that idea.

Zachary smiled, watched Selena go in, and drove away.

However, he did not notice a black Bentley that had also arrived not long ago, was parked quietly in the dark on the other side of the road.

Selena greeted Chaz and brought Chance up the stairs.

There was only one bedroom upstairs, so the sleeping arrangement was a problem.

There were many private rooms downstairs, but they were naturally not as comfortable as Selena's bedroom. Selena did not want Chance to suffer.

Selena sighed. If she had known earlier, she would have renovated the upstairs area to have two rooms. At least then, there would be one more guest room.

Chance, who was next to Selena, saw Selena's tangled expression and said sensibly, "Auntie, I'm not sleepy right now. After everyone leaves, I'll just go downstairs and sleep there. Daddy said that I shouldn't sleep in a girl's room, even yours. I'm a man, so I should let you have the bed."

Selena's heart melted. She had never raised a child before, so she did not know that children were such cute creatures.

She smiled and stroked his hair.

"It's okay. I remember there's a camp bed in the warehouse. I'll take it out later. Can you sleep on it?"

Chance nodded happily.

Selena hesitated again.

"Do you want to tell your dad that you're here? Otherwise, he'll get anxious if he can't find you like the last time."

Chance hesitated for a few seconds before he nodded.

"I'll call him!"

Selena was glad to hear this.

After all, she did not want to talk to Eric.

Selena still remembered that \$10 million check, so she always reminded herself to avoid that man.

Chance took out his smartwatch, found Eric's phone number, said a few words, and hung up.

Selena did not have the habit of listening to other people's phone calls, so she went to the warehouse to find the unused camp bed.

She clearly remembered that it was there, but she could not find it.

When she went back to her bedroom, Chance was already standing at the door.

She paused, and Chance smiled and said, "Auntie, Daddy has forgiven me. He said he would come to pick me up."

Selena froze for a moment. She was a little shocked.

When did Eric change his temperament? How could he calm down so quickly?

A man's heart was unfathomable.

Selena curled her lips. "Okay. Then you should follow your dad later. Sit here for a while. I'll get changed and take you downstairs later."

Earlier, Selena changed especially for a date with Zachary. She wore comfortable and casual clothes that were also elegant and sweet enough to make her look like a youthful lady.

Thus, it was not suitable for wearing in the bar.

Selena wanted to change into something more comfortable and sexy.

Chance nodded. He obediently sat down on the chair in the small living room next to the bedroom.

Then, he felt that it was wrong and stood up.

"I'll go downstairs and say hello to Uncle Chaz. He gave me snacks last time."

Chance thoughtfully gave Selena some private space.

Then, he went downstairs.

Selena really had an indescribable liking for this kid.

This child was like an angel!

Selena went to the bedroom without worries.

Usually, no one would go upstairs, so Selena did not have the habit of locking the door except for when she was sleeping.

The music downstairs was deafening.

Every time Selena was upstairs, she always felt that the music could make her building collapse

Selena undressed halfway. Before she had time to appreciate her beautiful and slender body, she inadvertently saw a tall figure standing at the door from the corner of her eye.

Selena was startled and looked back abruptly.

Eric stood there with a cold and stern expression. He frowned at her as if he just saw something disgusting.

Selena's heart shrank violently, and she quickly pulled up her clothes in fright.

She glared at Eric fiercely. Her face was extremely glum.

"Do you have manners? Don't you know how to knock when you come in? You're always like this!"

Selena admitted she was a little irritated.

Not only because Eric saw her naked body, but also the look of disgust in his eyes after he saw her.

It was as if she was some kind of scourge that he had to avoid or some unwanted garbage.

Thinking of how he humiliated her last time, Selena felt annoyed.

She held a grudge and refused to let him get his way.

Therefore, the love between a man and a woman is absolutely impossible for Eric!

Eric stood there. His black eyes were deep and dark. His voice was also a little hoarse.

"Sorry. I knocked, but you didn't hear it."

His lighthearted words made Selena's accusation seem a little unreasonable.

This made Selena even angrier.

She stood there, gritted her teeth, and looked at him indifferently.

"Even if I didn't hear it, that doesn't give you the right to come in as you please, right?"

There was a brief stalemate between the two.

Eric withdrew his gaze, lowered his eyes slightly, and turned around.

“Go ahead. I’ll wait for you outside.”

Then, he went out and closed the door.

This did not calm Selena.

She took a deep breath and felt that her lungs were about to explode.

Why did people like Eric exist in this world?

Eric took advantage of her, but she did not want to be calculative.

That was because Selena did not want Eric to say that he had seen a lot of women who had better figures than her and that it was her honor that he looked at her.

If Eric really said those words, Selena would definitely punch him so hard that his father would not recognize him.
