Su Su Was Killed Because Of Her Willfulness!

Ning Qing did not sleep last night and returned to the Ning family the next morning.

Father Ning and Mother Ning were eating breakfast. They were very surprised to see her return.

“Qing Qing?” Mother Ning put down her chopsticks and walked over. “Why didn’t you tell me you were coming back? Hurry, come and sit down.”

Ning Qing followed her movements and sat down at the dining table. “Dad, Mom.”

“You must not have eaten since you came back so early, right? Come, eat some.” Mother Ning was full of smiles as she eagerly brought her chopsticks.

“Okay.”

“How is your body recovering? Are you feeling better?”

Ning Qing’s throat was dry. She only said, “Yes. Mom, leave it. I’ll do it myself.”

After sitting down and eating two mouthfuls, Father Ning suddenly said, “Did you quarrel with Nian Lie?”

Ning Qing’s smile faded.

Father Ning noticed her expression and looked serious. “Ning Qing, you’re a married person now, not a 15 or 16-year-old child. How can you go to your parent’s house after a fight?”

Mother Ning frowned. “The child has just returned. Why are you saying this?!”

“I’m her father. Why can’t I criticize her?”

Ning Qing lowered her head and did not speak.

Father Ning’s expression turned ugly.

“She has not been peaceful since she was young. She’s still like this after getting married. She’s not mature at all. She doesn’t look like a married woman.”

"We're both daughters, but your feelings have always been obedient and sensible. You know not to worry me. What about you?"

"You really can't compare to your sister at all!"

Every curse was heard, and Ning Qing's heart turned cold.

Her grip on the chopsticks became stronger and stronger, causing her fingers to hurt. She could not help but raise her head to stop him. "Dad."

Father Ning was interrupted and could not catch his breath.

"Look at you. You don't have any manners at all! In the future, don't say that you're my Ning family's daughter. I can't afford to lose face like this!"

Mother Ning could not stand it anymore and reprimanded, "Ning Chengfeng, stop talking. The child has just recovered. You..."

Pa!

Her chopsticks hit the table with a clear sound.

The cold female voice rang between the three of them.

"Then I'll die."

The two of them looked at her.

Father Ning was stunned. "What did you say?!"

Ning Qing's dark red lips curled up into a sad smile. "Since I'm such an eyesore to you, then let me die."

After she died, she would no longer have to face their disdain and hate.

Mother Ning could not laugh anymore. "Qingqing, don't talk nonsense. That's not what your father meant."

"Then what?"

Faced with her daughter's cold question, Mother Ning's eyes turned sour. "Your father just misses your sister. Coincidentally, his work has not been smooth these past few days. He doesn't mean to be angry with you."

Mother Ning turned to Father Ning and elbowed him. Father Ning snorted and did not reply.

In the silence, sadness spread silently.

Ning Qing lowered her sour eyes and pursed her lips. She had lost her appetite.

“I’m full.”

With that, she got up and left the dining table.

Father Ning’s anger rose again. “What do you mean full? The elders haven’t left yet, how can you leave first? Who taught you this?”

Ning Qing’s tone was cold. “Didn’t you teach me since I was young?”

Her rebuttal fueled the man’s anger.

“What did you say? Ning Qing, you’ve even learned to talk back to me now!”

“...”

“I’m not done talking. Where are you going? Come back!”

Ning Qing did not stop walking. She turned into the staircase.

Father Ning was furious. He turned around and roared at Mother Ning, “Look at her now. Isn’t it all because you spoiled her?!”

Tears shone in Mother Ning’s eyes. “So what if I did?”

Father Ning slapped the table and stood up. “It’s because she’s willful that she caused Su Su to die back then! If you still indulge her like this now, you’ll only let her make trouble for our Ning family!”

Mother Ning held back her tears. However, faced with such an unreasonable husband, she could not maintain her rationality.

“Then why did you still marry Qing Qing to Nian Lie? Don’t you know that you’re pushing your daughter into a fire pit?!”
