Chapter 2003

Being looked at by her like this, Zachary whispered in her ear: "Seren, don't look at me like this, I can't help but want to kiss you." "Uncle, what are you whispering to my aunt?" Sonny which was ignored by the two adults, asked curiously.

Serenity gave Zachary a little push, Zachary stood up straight, looked down at Sonny, touched his head helplessly, and said to him: "Sonny, you are really a light bulb."

Sonny: "Uncle, my name is Sonny, not a light bulb!"

Serenity smiled and picked up her nephew, and had to go to Zachary's car, laughing as she walked: "Yes, yes, Sonny is not a light bulb, Your uncle is teasing you."

Sonny: "Auntie, why does uncle always say that I am a light bulb? Light bulbs can emit light, but I can't, so uncle is talking nonsense."

Zachary helped Serenity open the car door like a gentleman, and said with a smile: "That's right, that's right, Uncle is just talking nonsense. We, Sonny, are the most serious and don't talk nonsense."

"I'm a good boy." Sonny said seriously. So he didn't talk nonsense, he told the truth.

Zachary followed him into the car, and after putting down the bouquet, he carried Sonny from Serenity's arms, let Sonny sit on his lap, and asked warmly, "Sonny you're traveling with your aunt, was it fun?"

"It's fun, it's fun, I play very well with Titus, but Titus knows more than me, he said he is in kindergarten. Uncle, I also want to go to kindergarten, I have to learn a lot of knowledge, next time I see Titus, I can compare him to that."

Titus was better than Sonny in learning martial arts, stronger than him, ate more than him, and knew more than him. Sonny felt that he had lost to Titus, so he had to work hard.

Zachary: "Your kindergarten will start in two days, and Sonny, you will be able to go to kindergarten. I hope you won't cry and refuse to go to kindergarten."

Sonny said seriously: "I won't cry, Titus said he didn't cry. He said that the children in his class would cry, so he just watched others cry."

Zachary smiled and said, "Let's see you, and then we'll wait and see. You'll be fine if you really try not to cry."

Sonny asked Serenity: "Auntie, when can we go on a trip again? Titus said that he can only come back during the long vacation, and he usually learns martial arts with his master, and goes to kindergarten."

Serenity smiled and said, "You too, after you have a long vacation, your aunt will take you to play with Titus, study hard when you are studying, and play recklessly when you are having fun."

Sonny said, oh.

Sonny didn't know how long it would be until he had a long vacation. He thought he

would meet Titus soon, and swore in his heart that after entering kindergarten, he would study hard and be better than Titus.

Titus said that he had to study medicine, and he had to learn a lot.

Sonny: "Auntie, what is studying medicine?"

"Studying medicine is to learn medical skills. In the future, he will treat diseases and save people. This is the job of saving lives and wounded."

"Titus said he wants to study medicine. Auntie, do I want to learn?"

"Sonny, you are still young, when you are older, if you like to study medicine, you will choose to study medicine in the future, and you can become a doctor in the future, treating diseases and saving lives. Sonny, you don't have to compare everything with Titus, you each have their own advantages, There is no comparison, and there is no need to compare."

Titus studied medicine because his masters were all genius doctors, and he was the successor of their masters. Naturally, he had been exposed to medicine since he was a child, and he was burdened with blood and blood. He was under great pressure. There was a lot to learn.

He not only had to inherit Lilian's medical skills, but also had to practice martial arts.

When he grew up, he had to learn business management. His native family also had many family businesses, but now they were all occupied by enemies.

If Titus was not good enough, it would be very difficult for him to regain everything that belonged to him, and it would be even more difficult for him to bring his enemies to justice.

His way of revenge, the elders all hope that he would take his time, collect evidence, and use the law to send the enemy in, that is, to avenge his parents and family.

He didn't want him to respond with violence because that would leave blood on his hands and ruin the rest of his life.

Married at First Sight Chapter 2004

Sonny seemed to understand but didn't not understand.

After a while, several cars stopped in front of Liberty's new restaurant.

Duncan sat at the door of the store and waited for Sonny, his bodyguard stood behind the wheelchair.

Zachary opened the car door and got out of the car, then turned around and got out of the car with Sonny in his arms.

As soon as Sonny's feet touched the ground, he broke free from his uncle's big hands and ran towards Duncan.

"Sonny, don't run so fast."

Seeing this, Duncan was very anxious, and shouted to tell Sonny not to run so fast.

At the same time, he really wanted to go to Sonny, but he still couldn't walk, and he couldn't walk fast while pushing the wheelchair.

Sonny ran so fast that Duncan just slid his wheelchair, and he had already run to him.

"Uncle Duncan."

Sonny originally wanted to climb up on Duncan's lap, but he made a move to climb up, but quickly gave up, because Duncan's feet were not healed yet, so he couldn't climb onto Duncan's lap and sit.

This small movement of Sonny fell into Duncan's eyes, and Duncan was gratified.

It took him a long time to make Sonny not afraid of him and like him.

Now Sonny knew how to feel sorry for him.

Duncan took the initiative to hug Sonny and let Sonny sit on his lap.

"Uncle Duncan, do your feet hurt?"

Sonny didn't dare to move while sitting, for fear that if he moved, Uncle Duncan's feet would hurt.

Duncan: "As long as Uncle Duncan doesn't move around, he won't feel much pain."

"Oh." Sonny breathed a sigh of relief, his tense nerves were visibly relaxed.

"When did Sonny come back?" Duncan lowered his head and rubbed his face against Sonny's face, "Uncle Duncan misses Sonny very much."

Sonny said, "Uncle Duncan, Uncle said to pick you up and have dinner with my mother. Uncle Duncan, I miss you occasionally."

Zachary and his wife walked over, and when they heard Sonny's words, Zachary said:

"Sonny, you are too partial. You said you had a good time, and you don't even think about your mother or uncle, so why do you miss Uncle Duncan occasionally?"

Sonny's big eyes flickered, and he replied naturally: "Uncle Duncan is a patient, and the patient needs to be coaxed."

Everyone laughed.

Duncan smiled and said: "So, what Sonny said just now that he occasionally misses Uncle Duncan is a lie? However, even if it is a lie, it is also a white lie, and Uncle Duncan is very happy to hear it."

Seeing that everyone laughed at him, Sonny was very upset. He embarrassedly buried

his little face in Duncan's arms.

Liberty came out of her new restaurant. She was still holding her bag, and was going to follow her younger sister and her husband to have dinner.

"Sonny, why are you sitting on your Uncle Duncan's lap? Come down quickly, Uncle Duncan will hurt."

When Liberty saw his son sitting on Duncan's lap, she was worried that he would hurt Duncan, so she hurriedly yelled for her son to come down.

Married at First Sight Chapter 2005

Duncan hugged Sonny tightly and said to Liberty:

“My pain is not so severe now, only I walk around. It’s okay for Sonny to sit like this.”

Liberty said to him, “If you feel uncomfortable, just say so, don’t bear it.”

She took her son out of Duncan’s arms. Then, she greeted Zachary and his wife.

“Sister.” Serenity gave Liberty a hug.

After the two sisters hugged, Serenity sized up her sister and said, “I haven’t seen you for a few days. I always feel that my sister is different.”

Liberty laughed: “What’s different, it’s not like that.”

“I’m hungry.”

Sonny said to Liberty.

Serenity picked up her nephew and said to her sister, “Sister, Mr. Lewis, let’s go eat.”

Duncan: “Okay.”

Zachary turned to Duncan’s back and pushed Duncan away, while the Duncan’s bodyguards and Zachary’s bodyguard team walk together.

Serenity and Liberty led Sonny to the front.

Zachary asked Duncan softly: “Is there any progress between you and my sister? Seren didn’t say that she didn’t pay attention, but she did, and she noticed that my sister seems to be more beautiful.”

Duncan smiled lowly: “You think it’s my credit? Liberty hasn’t accepted my love yet. She and I are still friends. Although I really hope that her beauty will bloom for me, unfortunately, it’s not.

Now that she has her own career, she is full of self-confidence, and she is not burdened by her family. She lives a peaceful life and is in a good mood. People feel that she has changed a lot and that she is very beautiful. Of course, Liberty has never been ugly.”

Zachary smiled, “It seems that our eyes are the same, I think my family Serenity is also like this. Her career is getting better and better, and she is more and more confident, I think she is getting more and more beautiful. The more beautiful it is.”

The group went to Wiltspoon Hotel for dinner.

After dinner, Duncan wanted to send Liberty, the mother and son home, but Liberty declined. Considering his inconvenience, Duncan finally gave up.

Liberty drove home with her son, and Zachary and his wife went shopping for a while before returning home.

Zachary spent most of the night with his beloved wife now.

Serenity came back from a trip and rested at home for two days. Kindergarten started on September 1st. She and her sister sent Sonny to kindergarten together. Seeing the little guy wearing a new kindergarten uniform and being led into the kindergarten by the teacher, Serenity couldn’t help but feel this way: “Time flies so fast, Sonny seems to be born yesterday, and in a blink of an eye, he is three years old and has gone to kindergarten.”

It was not until the little figure of her son could not be seen that Liberty looked back and said: “ Sonny grows up day by day, and we are getting old day by day.”

Serenity: "Sister, you're not old at all, you're still very young."

Liberty said with a smile: "I mean we will grow old day by day, now I am not old. After 20 years, I will admit that I am old, but I want to be young, I always feel that I am only eighteen years old now."

Serenity laughed. She held her sister's arm affectionately and walked back, saying as she walked, "I don't think I have grown up yet, and I still need my sister to chase after me to feed her."

When she was young, her parents went out to work, and it was her sister who fed her.

When she was five or six years old, sometimes her sister would hold the bowl and chase her away, and feed her two bites of food from time to time. It sometimes took half an hour to finish a bowl of rice, and sometimes it took an hour.

Her sister often said that she ate so slowly when she was a child, and she always had to chase after her to feed, but when she grew up, she became a foodie.

Liberty: "In your sister's eyes, you will always be that little sister. Are you going to the bookstore today? Your sister will also let you eat."

Serenity: "Sister, drive slowly."

Married at First Sight Chapter 2006

Serenity sent her sister to the car, and did not forget to tell her.

Liberty smiled and said: "I should have told you this sentence, you drive too fast, you should listen to Zachary and use a driver."

Liberty was a few years older than Serenity, and she was much more mature and very stable, but Serenity occasionally liked racing cars. She also liked the thrill of galloping. "I like to control the steering wheel in my own hands."

Liberty smiled helplessly.

The two sisters separated in the kindergarten and went back to their respective stores. The door of the bookstore had already been opened, and Jasmine was cleaning the bookcases with a feather broom. In this store, the students had already returned to school, and the store was quiet.

The bodyguards of the Bucham family were driven back by Jasmine. She stayed in the store all day, so there was no need to leave two door gods guarding the door to scare the students.

Serenity parked the car, got out of the car with the car keys, called Jasmine's name, and walked into the bookstore.

She also bought some of Jasmine's favorite fruits, and brought several big bags into the bookstore.

Jasmine came out and saw that she was carrying several bags of fruit, and was about to take two bags, Serenity quickly stopped her and said, "Don't mention it, it's quite heavy, let me come, I am stronger than you."

Serenity knew how to punch and kick, and her strength was much stronger than Jasmine's.

Jasmine said: "It's just two bags of fruit, I can still carry it, my stomach is not showing yet, you all treat me like a glass doll, as if I will break if I do something."

Serenity still didn't let her carry the fruits, and carried them directly into the kitchen. She took out some of each kind of fruit, and put the rest back into the refrigerator.

While cleaning the fruit, she said to Jasmine: "The fruit is in the fridge, and it's hot outside. If you want to eat it, tell me to take it out of the fridge early so you can eat it when it's not so cold. Women who are pregnant should eat less cold food."

"Serenity, you suddenly became my housekeeper."

Jasmine reached out and picked two grapes to eat, "At home, Josh takes care of me, and in the store, you also take care of me. I really don't have freedom anymore, what a pity!"

Serenity laughed and said, "It has nothing to do with you; it's just a reminder for your son."

Jasmine: "How do you know I'm carrying a son? My husband and I both want to a daughter."

Serenity: "I have a hunch."

Jasmine: "...Well, I also have a hunch that it's a son. But it's okay, the first son, the

second daughter, it's good that the daughter has an older brother.”

Jasmine also liked to have both children.

She thought that most people would be the same as her, thinking of a son and a daughter, both of them.

“I really envy Young Mistress Johnson, who has one child and two treasures, and both children.” After washing the fruit, Serenity said, “If you are envious, I am even more envious. You are pregnant anyway. I got married earlier than you. There has been no movement yet, and those people have often said behind my back that I am a hen who can't lay eggs, and they are waiting to see when I will be kicked out of the house by Zachary.”

Even in wealthy families, if the wife can't have a baby, she will soon be divorced. Most of the time, if the husband can't give birth, he will adopt the child and stay married. This is how things really are!

Serenity was not pregnant yet, and in the eyes of others, she had already become a woman who could not bear children.

Even if Zachary loved her very much and doted on her very much, he also said that it's not that she couldn't have children, it's that they didn't want to have children yet, who would believe it?

Everyone thought that after three to five years, Zachary would probably stop loving her and spoiling her, get a divorce, and kick her out of York's family. He would then marry a young, pretty woman and come back to have children with her.

Serenity knew what others said about her behind her back.

Married at First Sight Chapter 2007

Jasmine: "That's fine. Besides, you can't blame it all on you if you're not pregnant yet, who knows if it's Zachary's problem? When you said you wanted to be checked, Zachary refused."

Jasmine believed in her friend Both the husband and wife have no physical problems, but she couldn't help being angry when people always said that her friend was a hen that couldn't lay eggs.

Why don't she say it's Zachary's problem?

It's so unfair.

A couple was not pregnant for a long time, everyone blamed the woman, why?

"I used to care about it, but now I don't care what other people say. Maybe I've listened too much and become numb." Serenity really looked down on it.

Hearing her friend's grievances for her, Serenity smiled and said: "Jasmine, don't let Zachary hear your words. He is in good health. If there is a problem with him, I will be the one who is unlucky."

Jasmine said: "I'll tell you right in front of you, as long as Zachary doesn't blame you, I will never question him in front of Zachary."

Jasmine's tolerance for Zachary was limited to her not questioning her friends.

Jasmine: "You have lived in FC Manor for a few days, and with Jane's joy, you may be pregnant soon. Anyway, don't worry, I believe you will be fine."

Serenity came out with a basket of fruit, placed it on the counter, and greeted her friends: "Come over and eat the fruit, don't be so angry, the most important thing for you right now is to be happy and raise your child in a happy environment. I am the godmother of the child in your belly, and being a godmother is the same."

Jasmine came over, sat down opposite her, and asked while eating some fruit, "Grandma May hasn't come back yet?"

Serenity: "Stay there for a few more days."

Jasmine smiled and said, "I guessed it was like this. Grandma May looked forward to her daughter when she was young, and to her granddaughter when she was a grandmother, and now she continues to look forward to her great-granddaughter. I'm afraid she might steal Jane's daughter back and raise her."

Serenity: "Grandma really likes Avah, and Avah is also very good, she doesn't cry very much, but her brother Enzo loves to cry, and when he opens his eyes, he howls."

Serenity took out her mobile phone and showed Jasmine the photos she took at FC Manor. Most of the photos she took were of babies, including Jane's two children.

Lilian's son was still in confinement with his mother, so Serenity didn't take a picture of him.

Jasmine looked at the photos of the babies, and said with a smile: "It's no wonder that Grandma May doesn't want to come back after living in FC Manor. With these lovely babies, Grandma May's talk of staying for a few days will probably turn into a few months."

Serenity laughed and said, "Not to mention grandma, even I want to stay longer, and

Sonny doesn't want to come back, but Sonny has to go to kindergarten, so I can't come back, Zachary reminds me every day, I can only advance I'm back."
