

## Married at First Sight Chapter 2018 - 2022

### Chapter 2018

Serenity was very surprised. She pointed to the

bouquet and several bags in disbelief, "Julian sent it? Is it the Julian I know?"

In Serenity's eyes, Julian looked approachable, but in fact he was not easy to get along with. She was Zachary's beloved wife and Jasmine's best friend, so Julian would give her some face.

Moreover, Julian also said last time that he was sick and apathetic.

In other words, there were so many women in the world, only one woman could make him a real man.

That woman couldn't be Elisa.

It's not the first time Julian met Elisa, if Elisa was his destined girl, he wouldn't be single until now.

Because of the major events in his life, he was so anxious that Patriarch Bucham and his wife went crazy.

The main reason was that Julian didn't want to get married, and his younger brother didn't want to get married either. The other cousins, except for Josh, didn't want to get married either. They all used Julian as a shield, and his cousins had no choice. They had no choice but to go to their elder brother to complain.

Patriarch Bucham heard too many complaints from his younger siblings, so he had to take his oldest son for surgery.

"Julian has feelings for you?" After Serenity was shocked, she hurriedly asked Elisa.

Elisa: "How is it possible? Although Julian and I have very few interactions, this is not the first time we have known each other. If I were his destined girl, do you think he would still be single?"

Julian was not a good person.

If he really met that woman who could make him react, he would definitely tie her back home domineeringly.

Serenity: "Then, why did he give you these things? It looks like he is pursuing you."

"He said he wanted to pursue me, but he didn't love me. I could see that he didn't have the slightest feeling for me, and he didn't know what kind of medicine he sold in his gourd. Serenity, I seriously doubted that I had offended Julian."

Elisa knew that her temper could easily offend others. Maybe she really offended Julian unknowingly, and then suffered revenge from Julian.

"Even if you offend her each unknowingly, since you and Jasmine are friends, he will be generous and not care about it. He must have a purpose for doing this." Serenity analyzed.

Julian was not a good person, but he was also not a bad person. Julian remained a fiercely guarded individual, especially toward his loved ones.

When Jasmine married Josh, he became Julian's younger siblings, considered his family, and Elisa and Jasmine were good friends, so Julian would give Jasmine some face no matter what, and would not take it casually.

“Then why does he pursue me for no reason? I don’t accept these things, and I don’t accept them. I can’t return them to him. If I return them to the Bucham family, I will definitely alarm the Bucham family. How crazy is the Bucham family now? I’ve heard of it.

Patriarch Bucham knows that Julian is ‘pursuing’ me, so I still have a good life?”

Serenity looked at her friend and cousin symmetrically.

It’s not good to offend anyone, but Julian.

Oh, no, it wasn’t Elisa who provoked Julian, it was Julian who didn’t know what was wrong, so he did such a thing.

Serenity: “Does Remy know?”

“You know, when I came back from a business trip, Remy went to pick me up at the airport, and Julian was also there. I was unlucky from that day on.” Elisa smiled bitterly and said, “Serenity, why do you think I’m so unlucky?”

Serenity: “Then, auntie also knows?”

“Mom knows, everyone in my family knows, but it’s also because of Julian’s ‘pursuit’ that my mom stopped thinking about breaking up Remy and me, and her attitude towards Remy has improved a lot.”

There was no harm without comparison.

After making the comparison, Mrs. Stone felt that Remy was more suitable for her daughter than Julian.

Serenity suddenly said: “Could it be that Remy asked Julian to do this? Hearing what you said, after Julian launched a ‘pursuit’ of you, Remy was the one who got the benefits, maybe it was Remy who asked him to do this.”

Elisa: “Impossible! Remy is not that kind of person, and he doesn’t have the ability to ask Julian to cooperate with him in acting.”

## Married at First Sight Chapter 2019

Serenity thought for a while and said, "That's right, Remy is not that kind of person, and Julian is not easy to invite, even Zack is hard to hire him. Every time he is asked to help with something, he thinks of Josh and goes to find him. Elisa, no matter what medicine Julian sells in the gourd, Remy is the one who gets the benefits anyway, doesn't Auntie think that Remy is more suitable for you?" Serenity was much more optimistic.

Maybe it didn't happen to her, she was not as anxious as Elisa.

As long as Julian didn't really like Elisa, it's fine.

"But it's like a big rock, hanging above the heads of Remy and me, and I don't know when it will fall." Elisa sighed, and said to Serenity: "My luck is not very good. There are always many ups and downs in love."

Zachary didn't say anything, it was purely her wishful thinking.

But she and Remy were in love with each other, and they were well-matched, but they were still blocked by their mother.

She liked Zachary before, and no one supported her.

She and Remy were obviously the best match, except for her sister-in-law who supported her in pursuing true love, everyone else was as reluctant as her mother to let her marry far away.

Remy's house was just across the street, and she could go home every day to eat after marriage, and she is said to be married far away, and she didn't know what to say.

"Elisa, as long as you and Remy can persevere, you will achieve positive results. You also said that my aunt's attitude towards Remy is much better now. In fact, my aunt doesn't mean that Remy is not good, but she just values family affection too much. She is reluctant to let her relatives leave her side." Serenity said, "You see, with Julian stepping in, doesn't my aunt understand who is suitable for you?"

Her aunt and her mother experienced the tragedy of family destruction when they were young, and then the sisters separated again. Her aunt attached great importance to family affection, because her family was broken up when she was a child, and she was separated from her only sister, and she never saw each other again until she died.

Elisa smiled, "That's true. I know my mother likes me. My mother attaches great importance to family affection."

Although her mother has always disapproved of her being with Remy and did something to destroy her relationship with Remy, she did not force her to separate from Remy.

In this matter, Elisa did not resent her mother.

Elisa: "Serenity, tell me if my mother is really from the Farrell family."

Serenity: "If she is really from the Farrell family, it depends on how my aunt chooses.

My aunt may not fight for the position of head of the family, but she will definitely avenge her parents."

Not to mention Mrs. Stone, even Serenity wanted to seek justice for her grandparents. She couldn't die without knowing why.

The death of grandparents led to tragedies for the aunt and her mother. The aunt survived, keeping the clouds open to see the moon, but her mother did not.

Her Aunt could swallow that breath, but she couldn't.

Elisa nodded, “When my elder brother comes back, I’ll ask my elder brother. My mother always discusses with my elder brother and asks my elder brother to do it.”

“Big cousin is very capable. This is a natural thing. Don’t be discouraged, we are all making progress. Aren’t you much better than before? You used to only know how to spend money, have you ever made money? Now we’re making money, and we’re earning a lot.”

Elisa smiled: “Yes, I really hope to help my mother solve her worries, but I’m not capable enough. But compared to before, I have made great progress. “

She, Serenity and Jasmine established a vegetable melon and fruit company, and they were worthy of the name of others.

## Married at First Sight Chapter 2020

The two chatted for a while, and both Mr. Stone and Clive came back.

Seeing the father and son returning, Elisa and Serenity also entered the house.

But Serenity left the business soon, and Zachary called her.

After leaving the Stone villa, Serenity went to the York Corporation.

In fact, Zachary had just finished the meeting and returned to his office from the conference room. As soon as he sat down, Serenity knocked on the door and entered. "Wife."

Seeing his wife coming, Zachary got up and went around the desk to meet Serenity.

Serenity: "You called me and asked me to come to the company. Is there something urgent? I asked you on the phone, but you didn't say anything."

Serenity left the business in a hurry and rushed over. It was Zachary who asked her to come to the company, but asked him What's the matter, he didn't say anything. Serenity was worried, so she hurried over.

Zachary pulled his wife to sit down on the sofa, went to pour a glass of warm water for his wife, brought some snacks over, and said with a smile: "It's okay, I just want to have lunch with you at noon, and it will be here soon. It's time for dinner, so I called you in advance and told you to come and wait for me."

Serenity glared at him.

She thought Zachary was in a hurry, but he just asked her to have dinner with him.

"Auntie's house is ready for dinner. She thought I was staying to eat and cooked a lot of my favorite dishes. When you called me, you asked me to come over without saying anything. I hurried over, but it was..." Serenity slapped him on the arm with a broken smile, "I was scared to death, I thought something serious happened."

Zachary hugged her, scented her face a few times, and smiled: "Eating with your husband is also a big event, food is the most important thing for people, and eating is a big event."

Serenity: "..."

"Honey, it will be our first wedding anniversary soon, what gift do you want?" Zachary hugged her and didn't let go. He really liked the feeling of her nestled in his arms, hugging her. He felt that he owned the whole world.

"I can't think of what I'm missing, so you can give me what I'm missing. Isn't it here yet? The wedding anniversary is over, and we have to prepare for our wedding."

Zachary: "It hasn't arrived yet, but it's not far away. Well, it's been less than a month, I'll think about it, I won't tell you what the gift is, I'll give you a surprise then."

Serenity laughed and said, "What surprise can you think of?"

The gift he gave her was nothing more than Jewelry, brand-name clothing or bags, etc., or a luxury car, or a luxury house.

However, whatever he gave her, she would like it very much.

She also had to think about what gift to prepare for him.

It seemed that the gifts she usually gave him were similar. There was nothing new.

Fortunately, this man was easy to coax. As long as she had a gift for him, he would be happy, and he would not dislike her gifts.

Zachary pinched her face lightly, “You should be punished for underestimating your husband.”

Then he gagged her mouth, pestered her for a passionate kiss, and then let go of her. “At the end of this month, we have to go to FC Manor, Ben’s 100-day banquet for twins.” Serenity hummed, “I know, grandma is still staying in FC Manor and is reluctant to come back.”

Grandma May was really like Avah, but when she said to leave, she couldn’t bear to leave little Avah. In the end, Grandma May had the cheek to stay for a few more days.

## Married at First Sight Chapter 2021

“Did you tell your aunt?” Zachary asked her.

“That’s right, I went to see my aunt mainly to talk about this matter. My aunt doesn’t remember her childhood very clearly. She only remembers that her family was in a good condition when she was a child. She said that everyone called her Miss.

She said that her mother was very busy, and it was her grandfather who accompanied her and my mother. It also said that her grandparents did not dislike her mother for giving birth to two daughters, but were very happy.

From what my aunt remembers, my aunt is 95% likely to be the daughter of the previous head of the Farrell family.”

Zachary said: “The surname Farrell is rare, and my aunt’s surname is Farrell, which is easily associated with the Farrell family in Jensburg. Now it seems that our guesses are all right.”

After a moment of silence, Serenity said: “Auntie was a little confused, she said she wanted to be quiet, and called her uncle and cousin back, and Auntie said she still had to go Investigate to see if it is her natal family.”

If so, there would be a new fight.

Serenity: “I told my aunt that if she needs help, so let us know.”

Zachary said, “It’s not difficult to find out the news, but the hard part is how to prove that the rumors are true.”

Everyone said that the head of the Farrell family killed the elder sister and the younger sister, Even the elder sister’s in-law’s family didn’t let her go, she was too cruel, but it was just heard, who has evidence to prove that it is the head of the Farrell family? Decades had passed, and even if someone knew about it, they would have passed away long ago.

How could the head of the Farrell family leave someone who knew?

“I believe that there is always a gap in a hundred secrets. There must be loopholes, waiting to be discovered.”

Serenity was convinced that evil could never triumph, and that justice would arrive late but not absent. It would definitely come to be found if Matriarch Farrell did something like that.

Paper cannot contain fire, and when the fire burns that layer of paper, everything will be revealed to the world.

“I’ll tell Josh, please help Julian.”

Zachary mentioned Julian, and Serenity said: “You don’t mention Julian, I would have forgotten about it. Julian told Elisa that he was pursuing Elisa, but he definitely didn’t like Elisa, I don’t know what’s going on.”

“Elisa is always thinking about how she offended Julian, and Julian will punish her like this. Let Mr. Bucham know, and he will definitely go to Auntie’s house to propose marriage.”

Zachary’s eyes flickered.

Why did Julian suddenly pursue Elisa, well, it was Zachary’s ghost idea.

It was he who gave advice to his cousin and asked him to go to Julian for help.

He didn’t know how his cousin persuaded Julian to help, but this matter definitely

**Join Our Facebook Group For More Updates**

<https://web.facebook.com/groups/novelshub/>

happened because of Andrew, and it was he who said that Andrew would go to Julian. “Julian, um, maybe he’s just bored. If there’s something for him to do, he won’t pursue Elisa anymore. Auntie’s life experience is easy to verify, but the evidence that Matriarch Farrell killed the eldest sister, it’s hard to find.

It’s a challenge for Julian. He will devote himself to the challenge, so that Elisa can breathe a sigh of relief.”

Serenity looked at him.

Knowing a husband was better than a wife.

Zachary’s eyes dodged, and he paused in his speech, which made Serenity aware of his strangeness.

“Serenity, what are you doing looking at me like this? Do you think I’m becoming more and more manly?”

Serenity wrapped her arms around his neck, exhaling like blue, “Honey, tell me the truth. Does Julian’s pursuit of Elisa have anything to do with you?”

Zachary: “How could it have something to do with me? I know that Remy and Elisa are in love, but I still let Julian intervene? Besides, I-I don’t have the ability to let Julian step in.”

## Married at First Sight Chapter 2022

“Doesn’t Julian know the consequences of doing this? If his father finds out, neither he nor Elisa can be quiet.” Serenity chuckled, “It really has nothing to do with you? Then what are you doing with your evasive eyes? Don’t dare to look me in the face.” She grabbed his handsome face and forced him to look at her. “Zachary, you said that you would never lie to me again in the future. If you lie to me again, you will sleep in the study room for a year.” “I never said I would sleep in the study room for a year.” Zachary said with a guilty conscience. He only said that he would not lie to him again in the future, but he never said that he would sleep in the study for a year. He could still accept letting him sleep in the study for a day, but absolutely not for a year, not even for a month. Serenity: “You didn’t say it. I said it. If you lie to me again and let me know, you can go to sleep in the study for a year and don’t even touch me.” Zachary said with a downcast handsome face, “Honey, do you know how to compare with that?” it makes me feel bad.” Serenity: “Then don’t lie to me.” “I...well, I’ll tell you the truth. After you hear this, don’t tell Elisa. I’m not afraid of her coming to settle accounts with me, but I’m afraid of her putting on shoes for me in front of you.” That’s his wife’s cousin, and he couldn’t afford to offend her. Serenity: “Tell me, what’s going on?” Zachary said carefully: “It’s also because of my aunt. Didn’t my aunt want to break up Remy and Elisa? She likes my cousin Andrew, and you too know.” “But Andrew really doesn’t like Elisa. Elisa loves Remy wholeheartedly now, Andrew intervenes, and it’s doomed to be fruitless, it’s a matter of knowing that she will be hurt, Andrew is stupid Only then will I do it. Auntie is tricky and always plotting against Andrew, which annoys Andrew so much that she came to complain to me. My own cousin, if he ask me for help, I will definitely help him if I can. Then I gave him a trick. I don’t know what I was wrong about. I mentioned Julian, and then... that’s it.” Serenity: “...” “Okay, Husband, it’s really your handwriting. If Elisa knows it and won’t settle accounts with you. That’s great, you actually created a new love rival for him.” “Julian didn’t mean it.” Zachary obviously felt extremely guilty when he said this. It’s true that Julian didn’t come, but his appearance brought real troubles to Remy and Elisa, and it caused them a lot of headaches. “Create some trouble for Remy and make it more difficult for him to chase his wife. When he embraces a beautiful woman in the future, he will cherish his cousin very much.” Zachary, who was guilty, stopped calling her Elisa and changed her name to cousin. If Elisa was there, she would definitely look for things to hit him everywhere, and it would be useless to call her cousin. “You’re right. We can all see Remy’s feelings for Elisa. If the two of them achieve a positive result, they will be very happy. Remy will also spoil Elisa for the rest of their lives. The men in the Johnson family are very professional in love. It’s a good thing that Elisa used to always say good things about you in front of me, praise you, let me not miss you, don’t have conflicts with you again, this is how you repay her. She knows that cutting your heart will hurt you.” Zachary: “... Wife, I didn’t think too much about it, I just said that casually, who knew that Andrew could really persuade Julian to help him. You must not talk to your cousin about this matter. Tell me, she knows, and she will tear me apart.” Serenity: “Now you know that you are afraid, and you will talk too much in the future, and you will use random tricks, and you will not be able to chase your wife by yourself, so you will give the tricks to others.” Zachary hurriedly promised: “I promise that I will not use random tactics in the future. I will only give them a few tricks unless my younger brothers come to me.”
