

Married at First Sight Chapter 2043 - 2047

Chapter 2043

“Miss, I can’t hide this. I just got the news from them. Now they have sent someone to Wiltspoon to meet Mrs. Stone.” After a moment of silence, Kathryn said: “Okay, I understand, let the Matriarch keep it a secret.”

The things her mother robbed were probably going to be returned in the end. It depended on how she chose.

After finishing the call, Kathryn leaned back against the elevator wall, staring blankly at the top of the elevator.

This family was really messed up.

If those rumors were true, her mother’s hands were covered with blood, and it was the blood of her two aunts.

In order to fight for power and profit, her own mother was ruthless enough to ignore her family affection.

How should she choose?

How to do it?

Kathryn couldn’t do it together.

Although she grew up in the countryside, her three views had not been distorted. Let’s make arrangements after confirming that Mrs. Stone in Wiltspoon was her aunt’s daughter.

Now, what she had to do was to control the Farrell Group first. Only when she had

power could she return the position of the head of the Farrell Family to the descendants of the aunt.

In just a few minutes, Kathryn had already made the right decision.

She decided to try her best to return the position of head of the Farrell Family to the

descendants of her aunt, who belonged to her lineage.

Matriarch

She had no interest in the position of Matriarch in the first place, but after recognizing her ancestors and returning to her clan, she had no choice but to take up this responsibility.

Knowing that there was someone more orthodox than herself, she was more than happy and get back to running her own company.

Even Mrs. Stone should be in her fifties. If she took over the Farrell Family, she would

have to change someone soon. After all, she was old and lacked energy. She wonder if

Mrs. Stone's daughter has the ability?

This was also the reason why Kathryn asked people to investigate Mrs. Stone and

wanted all the information of Mrs. Stone.

Soon, the elevator doors opened.

Kathryn walked out of the elevator calmly.

At the same time she got out of the elevator, Shiloh's elder sister-in-law, Erika, also

entered the elevator on the first floor, ready to go upstairs to pick up Shiloh. ten minutes later.

Erika and Shiloh walked out of the office building of Farrell Group.

The two left in the same car.

Erika was driving, and Shiloh was sitting in the passenger seat. After the car drove out

of the Farrell Group, Shiloh said to the sister-in-law: "I saw my mother scolding Kathryn

just now, scolding Kathryn so badly. Kathryn went in and asked my mother to see all the

documents and my mother threw them on the ground.

Seeing Kathryn not daring to say a word, squatting there to pick up those documents, I

feel very happy. That country bumpkin is still showing off her power in front of me, and

she dare not even say a word in front of Mom.

“Although I’m not as good as my mother, I’m still better than Kathryn. My mother said that Kathryn’s achievements are all thanks to her elder brother and the others. In fact, Kathryn doesn’t understand anything, so I thought she was really pretending to be a pig.” Shiloh felt that someone like Kathryn, if not of orthodox blood, would not be her opponent at all.

Married at First Sight Chapter 2044

“I want to go back to work in the company and ask my mother to arrange an idle job for me. Kathryn even objected, saying that the company doesn’t support idlers. Is she a useful person? Isn’t she similar to idlers?”

Shiloh held back her words and wanted to say them, but at this moment, she confidently confided all her thoughts to Erika.

At home, her parents, brother and sister-in-law still favor her.

“What else did Mom say?” Erika was very happy to see Shiloh and Kathryn fighting.

“Mom also said that if Kathryn can’t stand up, the position of Matriarch may not be given to Kathryn. What I heard from Mom is that Kathryn’s successor is not stable, and I still

have a great chance. Sister-in-law, you let the oldest brother speak for me in front of my mother, and let me go back to work in the company. I want to fight Kathryn to the end.

After all, I am the successor trained by my mother.” Shiloh was still very confident in defeating Kathryn.

Erika said: “We have all said good things for you in front of mother, but your elder brother also said that Kathryn is too much, and he has no skills, so he still doesn’t let

you go back to work in the company, just because you are afraid that you will compare her to her.

“Shiloh, you have to rely on yourself for this matter. Mom loves you the most. If you act like a baby at Mom’s place, please try to curry favor with Mom, and Mom will let you go back to work. Farrell Group is still talking to Mom. Forget it, Kathryn doesn’t even count now.

Well, later I'll buy some new clothes and jewelry for Mom to make Mom happy. In the evening, I will cook myself and cook some dishes that Mom likes to eat." To please the adoptive mother, Shiloh was handy. She had acted like a baby since she was a child, and her mother loved and spoiled her the most. When she was young, her brothers made mistakes, and when her mother wanted to be taken care of by the family, she just had to act like a baby to her mother, coax her, and plead for her brothers, and her mother would spare them. So the brothers doted on her very much. And her father, who wanted to ask for more pocket money, also asked her to ask her mother for more money, and she would also satisfy her father's request. In Shiloh's impression, her father was an honest and weak man who had been taken care of by her mother all her life and was often penniless. Whatever father wanted, her mother would let her buy it back for him, but her father was not allowed to have too much money. The husband of the matriarch of the dignified Farrell Family, her father couldn't even take out five hundred dollars. As a result, her father often tried to find a way to hide his private money, and he also took money from her. Later, when his wife found out, he was furious. Their children were also frightened, and they dared not spend their pocket money on their father in the future. The mother said that her father became the son-in-law because of the Farrell Family's money, but if he had a lot of money, he would become bad. She would not treat her

husband badly, but she couldn't let him use her money to spend time and money to keep his mistress.

Therefore, the husband was not allowed to have too much money, and many times he was penniless.

Shiloh always felt that her father was too weak, and her brothers were submissive in

front of her mother, so when she first met Hayden, she felt that Hayden was domineering and masculine, and she fell in love with Hayden at first sight.

"You do the cooking yourself. Mom will definitely turn down the dinner party and go

home to eat tonight. You can still eat two more bowls of rice." Erika said. "By the way,

Shiloh, what are you and the third young master of the York family doing for Young

Master Queen? I've seen the overwhelming reports of paparazzi."

"How can there be a big fight, I just patted Kevin's hand. Sister-in-law, you don't know

how much Kevin has gone too far, Hayden didn't want to talk to him, he forced Hayden

into the hotel, I couldn't see it, so I slapped his hand, intending to slap him away holding

Hayden's hand, and he sent someone to throw me out.

He also said that I was just a counterfeit, and I was not the real daughter of the Farrell

Family. He said that if Kathryn would give me some face, she was the real daughter of

the Farrell Family anyway. Ask me which onion I am? What is it? It pissed me off!"

Others had different attitudes towards her and Kathryn, but not as obvious as Kevin.

Kevin also said it.

He was mad at her!

Married at First Sight Chapter 2045

“Kathryn, Kathryn, what is Kathryn? She’s a lump of mud, even if Mom tried her best to help her up the wall, she’s still a lump of mud.

When Mom gives up on her, she will know who is the successor of the Farrell Family.

Those who look down on me people, just wait and see! And Hayden, the man I have my

eyes on, one day, I want him to bow down under my pomegranate skirt. Mom also

supports me in pursuing Hayden.”

Shiloh thought, taking advantage of the fact that she was no longer the successor, she

would pursue Hayden first, and if she succeeded, she would regain her status as the

successor. In that way, she would have a male god, Hayden and a status.

She was happy!

Erika was hoping that Shiloh and Kathryn would fight, so that her husband could reap

the benefits of being a fisherman.

Since she flattered Shiloh, she boasted that Shiloh was the best woman in the world.

Serenity was also silently watching the internal strife of the Farrell Family through the

power of the Bucham family in Wiltspoon.

On Friday morning, Serenity deliberately got up early to send Sonny to the kindergarten

with Zachary, and promised to go to the kindergarten in the afternoon to pick up Sonny,

and then the little guy followed the teacher into the kindergarten.

After leaving the kindergarten, the husband and wife were busy with their own work.

Serenity was now used to going back to the bookstore first.

As soon as she entered the bookstore, Jasmine said to her: “Serenity, there is a big

envelope on the cash register, which was brought by a student. The student said that a stranger stopped him and asked him to help deliver the envelope to us. In the store, it says 'Serenity Received'. I touched it and it felt like a photo." As Jasmine said, she turned and went into the kitchen, and took out the fruit that her husband brought to her at noon yesterday from the refrigerator, and she put it in the refrigerator before she finished eating it. After cleaning the fruit, she came out with the plate of fruit, and said to Serenity: "I guess those photos are of your rival in love and that man who looks like Zachary." Serenity put down her bag, sat down in front of the cash register, picked up the big envelope, touched it, and felt that it looked like a photo. Serenity said: "Maybe it's because Analia didn't get the expected results for the photos last time. she was not reconciled, so she posted them and sent them to me." The man next to Analia was not Zachary, because he didn't look the same, but his body shape, which made Zachary and his wife feel a bit stuck but couldn't do anything to Analia. Serenity paid more attention to the matter of her mother's life experience. As for the fact that Analia found a substitute for Zachary and took pictures to show her affection, she put it aside after she knew it, and didn't take it to heart. If the stand-in's facial features also resembled Zachary's, she would be really upset. But she was only in shape; her facial features were different, and she was not in Wiltspoon. If she was blocked like this, she didn't know what she would be blocked. After all, there were many people who loved Zachary. Jasmine came over, put down the plate of fruit, and invited Serenity to eat fruit.

She sat down, looked outside, and said, "What time is it? The sun is so bright. I went

out for a few steps at noon, and my skin hurt from the sun."

Serenity laughed and said, "Who told you to go out at noon?"

Jasmine: "I have to go out for a walk. Sitting here and reading books all the time will be

boring. Seeing that you and Elisa are so busy and you don't let me help, I'm going to get

moldy sitting here."

Serenity ate the fruit and said, "When you are pregnant, Josh won't let you come here

again."

Jasmine: "...Serenity, can you say something to make me feel better."

Married at First Sight Chapter 2046

Serenity: "You are so beautiful. You are pregnant, and you are still in good shape. You are becoming more and more like a young woman.

You are fascinated by Josh."

Jasmine chuckled, "Josh's family has raised me as a pig, and I am in good shape. I feel

that my stomach will bulge soon, but they feed me like a pig every day. It's no wonder

I'm not fat, but now I want to exercise, but Josh won't let me.

But I can't control my mouth. I used to be a foodie, but after I became pregnant, I became a foodie among foods. My mouth has become a rabbit's mouth, and I can't stop."

As Jasmine said, she got up and brought two boxes of dim sum, "I brought this from

home. The pastry chef at home made new products. I think it's delicious. I

brought you

two boxes to try."

Serenity took a box of dim sum and said, "Your family's dim sum chef is really good at

making it. I'll try it. If it's delicious, I'll take a box back and let the dim sum chef in the

villa taste it secretly."

Jasmine: "Go back to the villa this week for the weekend?"

Serenity: "Well, I go back to the villa every two weeks to accompany the elders. I also

have a lot of questions to ask my mother-in-law."

Tania hoped that Serenity could get started sooner, so that she could be a hands-off

shopkeeper.

But next month was the time for Zachary and Serenity's wedding, and Serenity had to

help prepare for her own wedding, so she didn't have so much time to take care of her

mother-in-law's affairs.

“Do you want to go?” Serenity asked Jasmine.

“Okay, I’ll tell Josh later that after the students get out of school in the afternoon, we will

go to the villa with you and my husband for the weekend. In such a hot weather, Wildridge Manor is the best place for vacation. “

Wildridge Manor was not only beautiful, but also had many trees. Walking in the Manor,

it was not so sunny, and the wind blew from time to time, so it was very cool.

“Grandma May hasn’t come back yet?” Jasmine smiled and said: “An old man in a

family is like a treasure, and Grandma May is like a treasure in your York family.”

Serenity: “That’s why I respect grandma the most.”

After tasting the dim sum that Jasmine brought from Bucham’s house, Serenity thought

it was delicious, and there was still an unsealed box, so she decided to bring it back to

Wildridge Manor and give it to the dim sum chef in the villa to taste.

After eating and drinking enough, Serenity slowly picked up the big envelope.

After opening it, she took out the photos from the envelope.

Neither of them guessed wrong. These photos were still of Analia and the man who

looked like Zachary, but this time the photos were slightly upgraded, that is, there were

kiss photos, or kiss photos on the bed.

Jasmine asked: “Serenity, do you think these photos belong to Analia? Your rival in love

won’t really have a fake show with a stand-in, right?”

“It’s hard to say, and I can’t tell if it belongs to Analia.”

After Serenity finished looking at the photos, she took a few photos with her mobile

phone and sent them to Zachary.

Then she sent a voice message to Zachary, saying: “Husband, please send these

photos to Mr. Dawson. I will not even bother to let Mr. Dawson go back to deal with his

precious daughter.”

Married at First Sight Chapter 2047

Zachary was in a meeting. He didn't reply right away.

After he finished speaking, he picked up the mobile phone on the table and clicked on WhatsApp.

Seeing that the message was from his wife, his handsome facial features softened involuntarily.

Seeing president Zachary's expression softening, the senior managers in the conference room guessed that it was the message from the president's wife. There was a smile in everyone's eyes.

It had been a year since Zachary and his wife received the certificate. Although they hadn't held a wedding yet, they were getting closer. Next month would be the wedding.

The relationship between the young couple was still so good, and it was getting better and better.

They watched Jagged Zachary melt little by little in front of his wife.

People say that the Hundred Refined Vajra wraps around the fingers softly. No matter

how tough a man was, he will melt when he meets his beloved woman.

Unexpectedly, their president suddenly changed his face, and stood up abruptly, pulled

away the chair, turned around and walked out. After walking a few steps, he remembered that the meeting was not over yet, and turned to Josh and said:

"Josh, you take over first."

Josh responded.

He wondered what happened again?

He hadn't seen Zachary panicked and anxious for a long time.

Zachary strode out of the conference room. He returned to his office and immediately called Serenity.

Zachary: "Serenity, where did these photos come from?"

Serenity: "The one I received just now was delivered to my bookstore, and Jasmine accepted it for me."

Zachary cursed a few words in a low voice.

Serenity: "Husband, don't be angry. The man in the photo is not you, but he has a similar body shape. No matter how intimate the photos they take, it has nothing to do

with you. Ms. Analia is just looking for a substitute."

Zachary: "That's right, people with a heart always send me these photos, intending to

make trouble for me. Their schemes will not succeed, but seeing other people's intimate

photos all the time, I'm afraid that I will get a needle's eye, so I have to deal with it."

Serenity: "Don't worry, I didn't misunderstand you. If I misunderstood you, wouldn't it be their wish?

Sometimes I think, why don't you and I act in a play, deliberately pretending to be misunderstood, and you don't go home for days and nights in a fit of anger, just like

before, you just ignore me and don't go home when you lose your temper. If you don't

answer my calls, don't reply to my messages, block me, those people will be very happy.

Otherwise, they have done so much, and we didn't respond at all. It feels like they are busy in vain."

With black lines on Zachary's face, he gritted his teeth and roared: "Serenity, your skin

is itchy, don't you dare to do that? When I punish you, just don't cry and beg for mercy."

Serenity's face turned red.

This wolf knew how to use this matter to threaten her.

Serenity: "Hee hee, well, I'm not itchy, I'm itchy hands, I really want to do two tricks with

others. Husband, in fact, it's just acting, and it's not real, so they will think that their

moves are useful. Then we slapped them in the face so hard it was so much fun. Just act, okay? If it's not too boring, people will think of other ways when they see that

the photos don't work."

"Serenity!" Zachary shouted again solemnly.

Serenity curled her lips, knowing that he would not be willing to cooperate in acting, he

was still very angry, and even called her by her first and last name.
