

Chapter 101

“I understand.” George Han said sadly.

He knew that Lily Jiang must be involved in this, but Amelia Su mentioned that he would not refuse, and he had to bear the humiliation for three years in the Su family. What is this little thing for him?

As long as Amelia Su is well, George Han is willing to give everything for it.

“Can you promise me one thing?” George Han said.

“Don’t worry, Aunt He will continue to work here, and I will not fire her.” Amelia Su said.

“Yep.”

Lily Jiang is in a good mood today, even if it is cloudy. It also made her feel warm all over, thinking that the Villa would soon become Amelia Su’s, and she no longer had to worry about being driven out of the Villa by George Han, she was very happy.

“What’s wrong with you today, what are you secretly laughing at?” Wilson Su asked Lily Jiang.

“This Villa will soon become your daughter, can I be upset?” Lily Jiang said.

“What’s the matter?” Wilson Su looked at Lily Jiang suspiciously.

“George Han went to Jinqiao City and was discovered by Amelia. Now Amelia asks him to transfer the Villa under Amelia’s name. Does he dare to agree? This kind of uselessness can only live a life under the fence. , See if he dare to yell at me in the future.” Lily Jiang said proudly.

Wilson Su frowned. The feeling that George Han gave him was getting more and more difficult. On the surface, getting the Villa was a good thing, but Wilson Su felt a little nervous.

“Are you going to force them to divorce again?” Wilson Su said.

“Do I have to force it? When Amelia figured it out, he would naturally divorce him. The man cheated on him only countless and zero times. Since he did this kind of thing, it means he is unfaithful to Amelia. Our daughter can Not a fool, kick him sooner or later.” Lily Jiang said.

Wilson Su sighed, although he felt that it was not a good thing to do so. But to refute Lily Jiang, the woman had to turn his face against him again, and could not please any good fruit, so she simply said nothing.

However, Wilson Su had some doubts about George Han going to Jinqiao City. If he really wanted to play with women, how could he go to places like Jinqiao City?

Buying a Villa casually and buying a real estate, Jinwu Cangjiao should be a very simple thing for him.

To try to figure out a man from a man’s standpoint, the thinking will be clearer, but except for Wilson Su, Lily Jiang and Amelia Su would not think so.

When George Han and Amelia Su went to handle the transfer of the Villa, something happened to Hillwood City at the same time.

Qincheng Prison, as the most famous prison in China, is also known as the first prison. Whether it is the prisoners in it or the strict defense, it is a top presence in China.

A limited edition Rolls-Royce stopped in front of Qincheng Gate, and an old lady got out of the car.

Although he has reached the age of old Zhuhuang. However, the old lady's aura of no anger and prestige is very powerful, and unfamiliar people will be shocked by this majesty just by approaching.

Nangong Qianqiu, since the Han family Han Cheng was seriously ill and was admitted to the hospital, it was this old lady who supported the Han family alone.

She was also the one who drove George Han out of Han's family and entered Zuosu's house, and prevented George Han from revealing his true identity forever.

All she did was for her grandson, Han Jun.

In the eyes of Nangong Qianqiu, the Han family has only one grandson, and that is Han Jun, because she cannot tolerate a waste to survive in the name of the Han family.

Today, Nangong Qianqiu came to Qincheng just to see his grandson.

This is her monthly trip, even if the sky falls, she cannot stop her from coming to visit Han Jun.

Someone in Qin Cheng saw Nangong Qianqiu, politely greeted him, and said, "Old lady, Han Jun is already waiting for you."

Nangong Qianqiu nodded and walked into Qin City without saying a word.

In the visiting room, Nangong Qianqiu saw Han Jun with scars on his face. The old lady couldn't breathe with heartache.

Since Han Jun had offended many people in Hillwood City in the past, he suffered a lot of revenge after he was imprisoned, and it was common to be beaten.

Although the old lady had tried her best to buy some relevant personnel, she still couldn't stop these things from happening. After all, the Han family had not yet become a dominant family, and Hillwood City was not in the Han family.

“Grandma, when can you rescue me, this ghost place, I don't want to stay for a day.” Han Jun said.

Nangong Qianqiu sighed. If the things that Han Jun committed were not serious, or if it weren't for being imprisoned in Qincheng, she had many ways to save Han Jun, but this place, even the Han family could not do it. The authority that can be brought to the old lady is only more convenient for visiting prisons.

“My dear grandson, you are suffering, and grandma wants to save you, but grandma can't do this now.” Nangong Qianqiu said with a pained expression.

“Grandma, are you going to watch me squat here for ten years? Grandson wants to take care of you by your side.” Han Jun said with a sad expression, crying.

“Grandma doesn't have you by my side, so she doesn't want to eat, she can't even sleep peacefully, but...” Nangong Qianqiu wiped a tear. Her distress has never been manifested in George Han. The old lady's eccentricity is almost to the extreme.

“Didn't you say that you want George Han's trash to come to jail for me? I look exactly like him. No one can find it.” Han Jun said eagerly.

Nangong Qianqiu did have such thoughts in the past, and it was the first time that Han Jun had an accident.

The reason why he later decided to give George Han a chance was because Nangong Qianqiu could not guarantee 100% success in doing so, in case something went wrong. This step will make the Han family fall into the abyss, and there will never be a chance to turn over.

But how could George Han be so useless, how could he be able to shoulder the heavy responsibility?

In the eyes of Nangong Qianqiu, George Han has always been useless, even if he really made some achievements, the old lady would not admit it in her heart.

“Grandma, don’t you save me? If the Han family falls into George Han’s hands, it will be finished sooner or later, how can you believe this rubbish.” Han Jun became even more anxious when he saw the old lady not speaking. If Nangong Qianqiu didn’t save him and didn’t use George Han to replace him, how could this whole decade of nightmare survive?

“Grandma knows that the Han family can’t rely on this waste. Let grandma think about it again. If you are absolutely sure, I will definitely save you.” Nangong Qianqiu said.

Han Jun slammed a punch on the table and said angrily: “Grandma, I know, you have put your hope on George Han. Otherwise, do you still need to think about it? I didn’t expect that I would treat you wholeheartedly. Giving up on me, it seems that I have no meaning to live.”

After speaking, Han Jun bumped his head on the desktop.

Seeing this situation, Nangong Qianqiu hurriedly walked to Han Jun and said, “Silly boy, how could grandma abandon you? Don’t worry, grandma will save you. You will wait. Wait for grandma to plan this. Things.”

Han Jun got up and knelt in front of Nangong Qianqiu, kowtow again, snot and tears, a pitiful look. Said: “Grandma, I don’t want to suffer here anymore. I will be beaten and bullied every day. You have the heart to visit me every time. Is it all a bruise?”

Nangong Qianqiu took a few breaths to relieve her heartache, and quickly said: “Get up, grandma’s good-grandson, get up first, and grandma promises you that she will find ways to save you.”

“Grandma, no matter what George Han refuses to say to you, you must not believe him. What is his promise, don’t you know?” Han Jun knew that he was the only way to leave Qincheng unharmed. It was to replace him with George Han, so he couldn’t let George Han have the opportunity to pour ecstasy in front of the old lady.

What Han Jun didn’t know was that George Han never returned to Hillwood City, let alone Nangong Qianqiu.

And even if he saw George Han, he still wouldn’t use his bluff to please Nangong Qianqiu.

In the eyes of Nangong Qianqiu, she didn’t regard George Han as a grandson, so why did George Han treat her as a grandmother?

George Han can bear the humiliation brought to him by the Su family, but will never accept Nangong Qianqiu’s mercy and cold eyes.

Chapter 102

After leaving Qincheng, Nangong Qianqiu went to the hospital.

In the VIP ward, the seriously ill Han Cheng has dedicated medical staff to take care of him, but Mary will accompany Han Cheng as long as she has time.

Han Cheng has been in a deep coma for several months. The doctor's attitude is not very optimistic about whether he can still wake up, and Mary himself knows that he is likely to die this way in his life.

“Mom, why are you here.” Seeing Nangong Qianqiu. Mary quickly stood up.

Nangong Qianqiu's expression was cold, his eyes were cold, and he said, “George Han, this trash, cannot replace Han Jun.”

When she heard these words, Mary frowned and asked: “Mom, what do you mean by this?”

“Catch George Han back and let him go to jail for Han Jun.” Nangong Qianqiu said.

He had already said that he would give George Han a chance. How could he suddenly change his pressure?

Mary knew that the old lady must have visited Han Jun today. Otherwise, it is impossible to say such a thing, presumably Han Jun said something in front of the old lady.

“Mom, there are countless pairs of eyes staring at the Han family in secret. Our competitors are eager for the Han family to fall. If you really want to do this, they will be caught by them. Not only will they not be able to save Han Jun, but also the Han family. Implicated.” Mary said.

“Do you want me to watch Han Jun suffer from prison? I can’t.” Nangong Qianqiu said coldly.

Mary gritted her teeth and said, “Mom. I know you don’t like to hear some things, but I still want to say, George Han is also your grandson.”

“He?” Nangong Qianqiu’s face was full of disdain, and said: “He is such a trash, not worthy of my Nangong Qianqiu’s grandson.”

Mary sighed. Said: “I know you value Han Jun more, but is it worth it to let the entire Han family take a risk? Maybe someone wants us to do this. How can you be sure that there are no people from those families in Qincheng?”

Before Nangong Qianqiu, because of the heartache of Han Jun, he lost his reason for a while.

There are many enemies in the Han family, and they dare not solve these hatreds on the table, because the Han family is quite powerful in Hillwood City. If they fail to give the Han family a fatal blow, those people will seek their own death.

They are waiting for the opportunity, saving Jun Han is their chance.

This matter was caught, no matter how powerful the Han family was and how many connections they had, they were powerless.

However, the old lady couldn’t bear Han Jun’s continued imprisonment.

“I understand what you said, but what else can I do without a gamble?” Nangong Qianqiu said.

It is definitely not enough to restore the old lady’s stubbornness, because Mary knows how important Han Jun is in her mind, even Han Cheng’s own son can’t compare.

The number of times the old lady came to the hospital within a few months of Han Cheng's admission. She counted them with one hand, but she went to Qincheng very frequently.

"Mom, you give me some time. If you arrange it properly and you can ensure that this matter is not caught, just follow what you said, okay?" Mary said.

"You'd better be agile, or the old lady, I can only come out in person." After speaking, Nangong Qianqiu left the ward. During this time, she didn't even look at Han Cheng.

Mary sighed. It seems that this matter is imperative. Even if she can buy some time for George Han, what can George Han do?

Even if he did, it would not be possible to get the approval of the old lady.

"A mouth that can speak well is very important, but it's a pity that you won't learn it in your life." Mary sat on the bed again, took Han Cheng's hand, and continued: "In this life, we are all sorry for him. , But he can only admit his fate."

Cloud City.

It took George Han all day to finally complete the transfer procedures of the Villa.

Now, the real owner of the mountainside Villa belongs to Amelia Su. However, George Han didn't feel any sense of loss, and neither money nor Villa had any value to him.

"Have you ever heard of Weak Shui George, only take one scoop?" Amelia Su, who was driving in the car, suddenly asked George Han on the way home.

George Han was shocked, how could she suddenly mention this sentence, could it be that she noticed something?

With a calm expression, he smiled again and said: “This sentence is derived from a story in the Buddhist scriptures. The Buddha told a mortal under the Bodhi tree that he did not know how to choose.”

“The Buddha said that there was a tourist who was dying of thirst. The Buddha took pity on this person and put a lake in front of him, but he did not drink in. Because he thought there was a lot of water in the lake. Since he can’t drink it all at once, he doesn’t have a mouthful. Drink. The Buddha said that a person may encounter many beautiful things in his life, but it is enough to grasp one of them carefully. There are three thousand weak waters, and you only need to take a scoop.”

Seeing George Han’s serious explanation, Amelia Su frowned, is it really just that she thinks too much?

Perhaps, after all, the backstage of the weak water real estate is the Han Family.

Although he has the same last name as Han, how could he be related to the Han Family?

“Do you think it is unkind for me to do this?” Amelia Su continued to ask. After agreeing to Lily Jiang before, she actually felt a little regretful in her heart, because although she had a bump in her heart, she thought she shouldn’t doubt George Han, after all, it has been so many years. Perhaps, does he really have other things to do?

If George Han really needs a woman, why should he stay in Su’s house and be wronged?

There is such a good classmate who casually follows his classmates, and it is impossible to be short of money and women.

Listen to Amelia Su’s question. George Han laughed and said, “I’m very happy if you ask me that.”

“But you still can’t go back to the room to sleep before you explain it to me.”
Amelia Su said coldly.

The smile on his face instantly solidified, and George Han drooped his head, waiting for the explanation of this matter to be clear.

Back at home, when Lily Jiang saw the real estate certificate, he was happy to jump in the living room, and he was holding the real estate certificate in his arms. Just like hers.

“George Han, this Villa is now owned by our Su family. It has nothing to do with you. It’s not bad if you want to live here. Starting today, you must recognize your identity.” Lily Jiang looked high. Said to George Han.

George Han didn’t speak, he didn’t need to think about this scene before he knew it would happen, because Lily Jiang was such a person. But it doesn’t mean that he will compromise as lowly as before.

“Mom, the Villa has more than 100,000 property management fees every year, you must remember to pay it.” George Han reminded.

Hearing this, Lily Jiang was stunned and said: “More...how much?”

“Not a lot, I remember, 170,000.” George Han said indifferently.

“How could it be so high? This Villa property is cheating.” Lily, their family couldn’t make so much money in the previous year.

“Near the Villa, all belong to private places. The property must ensure that other people cannot go to your private place, the property fee will naturally be very expensive, and the maintenance of the Yundingshan Villa will cost a lot of money every year.” George Han said.

Lily Jiang did not expect that the Villa was still a hot potato, but lived here. So much money is spent every year, and now the Villa is owned by Amelia Su, which means that the money must be paid by their family.

“How much does the maintenance cost?” Lily Jiang asked in a frightened voice.

“I don’t know, but hundreds of thousands are definitely not less, so at least 300,000 must be prepared every year.” George Han said.

Lily Jiang’s eyes went dark. Almost fainted, slumped on the sofa, and said, “This is a scam, what can he do with me if I don’t pay.”

“The property in the Villa area is managed by the Tianjia. It is not impossible for you not to pay it, but you should know the consequences of provoke the Tianjia without me.” George Han said.

Lily Jiang was like a chicken blood, suddenly stood up, pointed to George Han and said: “You live here too, you have to pay part of the money.”

“Okay, there are four people in the family, even if 300,000, I pay 80,000, no problem.” George Han said cheerfully.

Apart from 80,000, there are still 220,000, which is a lot for Lily Jiang.

Pointing to He Ting again, he said: “She was invited by you, and of course she has to count one.”

“Three hundred thousand, five people, I pay 120,000, no problem.”

At this time, even He Ting couldn’t stand it anymore. It turned out that she was shameless, and she could reach this point.

Chapter 103

In the end, the Su family still had to pay close to 200,000. How could Lily Jiang accept it, and simply refuse to argue with George Han. When that time comes, it is the truth to ask Amelia Su to come forward and ask George Han to pay out all the money.

But this incident also reminded Lily Jiang of another possibility.

With such high annual property fees, George Han dared to buy the mountainside Villa. How much money does this guy have?

Now that the Villa has been transferred to Amelia Su, Lily Jiang started with George Han's idea of private money. It is best to ask Amelia Su to let George Han take out all his money.

"You mother-in-law, you are even worse than the TV show." In the kitchen, He Ting said to George Han with a speechless expression.

George Han was cooking tonight and made some small dishes for Amelia Su. He smiled helplessly when He Ting said this.

"It's hard for a person who has money eyes to get through."

"I can't stand it. If it weren't for you, I wouldn't want to work here." He Ting said.

"Aunt He, this is a job for you to make money. You just need to make money. What are you doing after worrying about these things." George Han smiled.

"If you didn't look down on my daughter, I would marry your daughter. You are such a good person, she doesn't know how to cherish it." He Ting said with an injustice. This is not just for fun, He Ting really thought about it this way.

But she knew that George Han would only be in Su's house for Amelia Su, and he had suffered a lot of grievances, and he was even more willing to be called waste by outsiders. No one can shake this feeling.

“By the way, when is your daughter on vacation? If she is on vacation, let her come to play at home. You can also live together for a while.” George Han said.

He Ting shook her head again and again. She was unaccustomed to Lily Jiang at home. If she let her daughter live here, she would not know how Lily Jiang would react.

She can suffer a bit and be made difficult by Lily Jiang, but she never wants her daughter to be wronged.

“Forget it, it's impossible for your mother-in-law to agree to this matter. Even if she does, she won't give my daughter a good face.” He Ting refused.

“That's true, it's a pity that the Villa is not mine now, otherwise I can call the shots.” George Han said.

“Three thousand, Aunt He doesn't want to destroy your relationship. As a man, you have to be strong occasionally. I know that you love Xia, so I tolerate every step, but I can't let others rub their noses.” He Ting said.

“Aunt He, those who do big things don't stick to the trivial.” George Han smiled.

He Ting sighed. She couldn't understand that there were big things and not big things. She felt that George Han was not a waste of money, and there was no need to tolerate everything.

She didn't know how much Amelia Su was wronged. Naturally, he couldn't understand why George Han had such a strong feeling for Amelia Su.

The waste kicked out by the Han family entered the Zuo Su family, and Amelia Su had no right to choose. The whole city was jokes. Even the inside of the Su family pointed to Amelia Su. It is conceivable how much pressure Amelia Su was under.

After dinner, George Han returned to the guest room, more or less unaccustomed.

In the other room, Amelia Su was also a little uncomfortable. After all, the habit of three years could not be changed suddenly.

The next day, after Amelia Su went to work, George Han went to the weak water real estate.

At the door of the company, I met a person that George Han did not expect, Tang Long.

Tang Long didn't expect to meet George Han here. Since the last time he went to the mountainside Villa, Tang Long has been holding a sigh of relief in his heart.

“George Han, what are you doing in my company?” Tang Long stood in front of George Han. Now in the entire weak water property, except for Zhong Liang, he has the highest status. As for the legendary boss, he has never seen him. And I heard from other colleagues that the boss has never been to a weak water property.

“Your company?” George Han said with a smile.

Tang Long knew that this statement was wrong, but what does it matter? What qualifications does George Han have to refute him?

“You heard me right. It's my company, but it's still no better than your little white face. I followed the Su family and moved into the mountainside Villa. I am envious of it.” Tang Long sighed.

“You brag, does Zhong Liang know?” George Han said.

This guy still knows Zhong Liang?

Tang Long felt guilty, this cowhide was okay, but Zhong Liang knew it would be finished.

But how could someone like him have something to do with Zhong Liang? It should have only been mentioned by Amelia Su.

“George Han, don’t waste time with me, does he know what it has to do with you.” Tang Long said with disdain.

“You are wasting my time, I am going to see Zhong Liang, can you be responsible for being late?” George Han said.

Tang Long frowned and gritted his teeth again, his expression colorful. Is this guy going to meet Zhong Liang on behalf of the Su family? When did he have such a high status in the Su family?

What you said just now, if this guy reaches Zhong Liang’s ears, how should you explain it?

“Brother Zhong is not here today, you should get out of here.” Tang Long said.

“It doesn’t matter, even if he is not in the company, I can call him.” George Han said.

Tang Long sneered, this guy actually learned to brag with him?

Although the Su family is a supplier of building materials for the Chengxi Project, in front of Zhong Liang, he dare not have such an attitude. To know who the weak water real estate chooses to cooperate with, Zhong Liang has the final say. The Su family is passive, only to please Zhong Liang.

“You are afraid of being mentally handicapped, although you can represent the Su family. But what can you do if Brother Zhong doesn’t give the Su family face? You can also call Brother Zhong, believe me or not, and the Jade Emperor can come out to see me. That.” Tang Long teased.

“Or, let’s make a bet. I can call Zhong Liang, how about you kneel at this door for three days?” George Han said.

Tang Long nodded without thinking, and said, “Okay, but if you can’t call, help me lick my shoes clean. I am a brand-name leather shoe. You are lucky enough to lick it.”

Seeing the complacency on Tang Long’s face, George Han shook his head helplessly. How could such a person like to die?

“How about. Don’t dare? George Han, tell me, you brag in front of me like you uselessly, can I believe it?” Tang Long sneered.

“There are knee pads at the entrance of the street. I advise you to buy one now, otherwise there will be no chance in a while.” George Han finished speaking and took out the phone.

Seeing George Han’s pretending appearance, Tang Long didn’t worry at all, and said, “Look at when you can perform the show. People like you don’t have to lose face to know that you regret it. It’s like a bad pen.”

George Han hung up the phone, time passed, and the smile on Tang Long’s face grew thicker.

“Your acting skills are still okay. Don’t worry at all. It’s a pity to be a waste of money in the Su’s family. Or I will introduce you to a brokerage company, run some tricks, make some money by yourself, and don’t have to be insulted in the Su’s family. Long said.

“Right. Don’t you need to go to work today?” George Han said.

Tang Long was taken aback, then he thought of clocking in at work.

The company’s rules are very strict, even if he can’t be late, he finally understands now that George Han didn’t call Zhong Liang at all. It was deliberately delaying his work.

“Grass mud horse, George Han, I won’t let you go.” After Tang Long yelled, he ran back to the company.

Although the time to check in was late, but I had to check in.

“Mom. I wasted time with a fool to see how I would deal with you when I punched my card. This dog caused me to be late for work.” Tang Long, who ran into the company, cursed and wanted to beat George Han bitterly.

After punching the card, Tang Long was not in a hurry to go to his office. Although George Han had probably already ran away, he still had to check it out. As long as he caught that guy, he would be given a severe lesson.

When Tang Long, who ran back and forth out of breath, returned to the door of the company, he found that Zhong Liang was there, and he was standing with George Han.

Is it really here?

But it should be normal work, and it is absolutely impossible that George Han called.

“Brother Zhong, I’m late for work today, it’s all because of this insufficiency.” Walking to Zhong Liang’s side, Tang Long quickly threw the black pot to George Han.

Hearing these words, Zhong Liang's face suddenly sank. He asked Tang Long to come to the company because he was indeed somewhat capable, but this guy didn't even put his boss in his eyes!

Chapter 104

“Tang Long, what do you mean, Mr. Han is my distinguished guest, you dare to insult him like this.” Zhong Liang scolded coldly.

VIP?

Tang Long suspected that he had auditory hallucinations for the first time.

How could George Han be a worthy guest of Zhong Liang? Even if he represented the Su family, Zhong Liang couldn't give him face like this.

“Brother Zhong, he is George Han, did you recognize the wrong person?” Tang Long confirmed again.

Zhong Liang snorted coldly. Said: “Mr. Han, I'm sorry, I am a company employee who looks down on people. What you want to do with it depends on your word.”

Seeing Zhong Liang's slightly bending over, Tang Long was dumbfounded.

If the auditory hallucination just now, it cannot be an illusion now.

how come!

how can that be possible!

Could it be said that Zhong Liang regarded the Su family so importantly?

But Basin City has too many suppliers that are better than the Su family, so what if you don't cooperate with the Su family. A lot of people are waiting in line to cooperate with the weak water real estate.

“Tang Long, do you remember the gambling appointment just now? I called Zhong Liang and you are going to kneel at the company’s door for three days. Am I right?” George Han looked at Tang Long faintly.

Kneel for three days!

Tang Long didn’t believe that George Han could do it, so he agreed to this bet.

How could Tang Long do such a shameful thing.

“Tang Long, you’d better abide by the gambling agreement. Otherwise, I can only fire you, and I can prevent you from finding a job in Basin City, and all companies dare not use you.” Zhong Liang threatened.

Tang Long was completely confused, it didn’t matter if he lost his job. The big deal is to lose a better development opportunity.

But he believed in Zhong Liang’s abilities. If Zhong Liang really let go, no one in Basin City’s company would really use him.

“Brother Zhong, I...”

George Han walked towards the company, Zhong Liang also followed behind him without saying a word, leaving the dumbfounded Tang Long dumbfounded.

Kneel or not?

Shame on kneeling, don’t lose money on kneeling!

In the end, Tang Long chose to kneel down honestly. Face is not important, and he doesn’t want to lose his job.

Temporary humiliation is nothing. When I get reused by the Han family, even if you Zhong Liang is in my eyes, it is just rubbish. .

However, George Han is so useless, why can he know Zhong Liang. And is Zhong Liang treated as a VIP?

When George Han left the weak water real estate, he saw Tang Long kneeling and smiled slightly. This guy looked like a bone, but he had to bend down in front of money.

“George Han.” After Tang Long saw George Han, he stood up and walked to George Han’s side and said, “I apologize to you for the recklessness just now.”

No matter what the relationship between him and Zhong Liang is, in Tang Long’s view, he now needs to bear the humiliation. Only if he keeps his job can he get close to the Han family and be reused by the Han family.

Tang Long believed that he had a day to stand up, and that day, whether it was George Han or Zhong Liang, he would be trampled under his feet.

George Han was a little surprised by Tang Long’s apology, but Tang Long also gave him a big surprise.

It’s no wonder that he can get a million annual salary in a place like Basin City, and his city government and Zhi advance and retreat are not comparable to ordinary people.

George Han didn’t think Tang Long really admitted his mistake, this guy just didn’t want to lose his job. Even the chance of revenge was lost.

Do you use weak water properties to approach the Han family? If this is the case, he might be desperate again.

“I’m not the kind of person with small belly and chicken intestines. As long as you kneel for three days, I won’t care about you.” George Han said with a smile.

Tang Long gritted his teeth and looked at the back of George Han’s departure, and said viciously: “Waste things, you will fall into my Tang Long’s hands one day, and when I become a person of the Han Family, I want you. If I can’t die, Amelia Su will also become a minister under my crotch.”

After speaking these words fiercely, Tang Long, the cartilaginous head, knelt down again.

Without George Han’s instruction, Zhong Liang did not expel Tang Long.

Although Tang Long’s mistakes were enough to kill him millions of times. But George Han did not deliberately speak, this was what he meant to keep, so Zhong Liang was not willing to call the shots without authorization.

Magic City Nightclub.

When George Han saw Mo Yang with a smile on his face, he knew that the boxing field was settled without asking, but the fierce man with Twelve Swords came forward. This was indeed a matter of getting caught.

“The boss of the broken car, when can you give your men more face?” George Han said with a smile.

As Mo Yang, he also drove a Santana. There is indeed a price drop, and George Han can’t figure it out. He clearly has 200 million in his hand, why is he reluctant to change himself to a good car?

Hear George Han’s ridicule. Mo Yang looked indifferent and said, “I’m low-key, pretending to be a pig and eating a tiger, understand?”

“You still pretend to be a pig and eat a tiger? You are almost a pig. How to eat a tiger, do you know that face is very important in today’s society? You drive a broken car and even your subordinates feel no face, so how can you go? Talk to others.” George Han said.

“Stop talking nonsense, what are you doing to me, nothing else. Hurry up and disappear from me.” Mo Yang closed his eyes, as if he didn’t want to see George Han.

“Mo Yang, I am your creditor. You still owe me 200 million yuan. This is how you talk to me?” George Han smiled.

With a cheeky expression, Mo Yang sighed and said: “Oh, don’t you know that it is the uncle who owes money these days? Who will put the creditor in his eyes.”

This guy. It’s getting shameless now.

George Han laughed angrily at his rogue attitude, looked at the men next to him and said, “Look, this is your boss, what is the difference with the rogue.”

Those subordinates dared not participate in the conversation between the two of them. Although they knew that the person in front of them was the well-known Su family in Basin City, they were all appearances, and they dared not speak.

“George Han, you are now in the den of the rogue. Is it weird to see the rogue here?” Mo Yang said with a leisurely expression.

Yes, shamelessly fight this guy, George Han is destined to lose badly.

“The current Basin City. Only Fang Peng can be called an opponent, right?” George Han said.

Fang Peng, another tycoon-level figure in the gray area of Cloud City, is at the same level as Lin Yong before, but because of the reason that the backstage is stronger. So his status seems a bit extraordinary, but for so many years, Fang Peng has not expanded his influence in Basin City.

Rumor has it that the Tianjia deliberately manipulated it behind the scenes to avoid unnecessary trouble caused by Fang Pengshu's big draws. After all, the Tianjia is doing a legitimate business, and it is only unavoidable that it is tainted with gray ground, rather than trying to get caught in it.

“Fang Peng will not expand his power, but you should also be aware that it is very difficult to shake his position.” Seeing that George Han stopped joking with himself, Mo Yang's attitude became serious. .

George Han nodded, and Fang Peng was indeed difficult to deal with with the Tian Family as the backstage, because the Tian Family could not allow Fang Peng to fall.

The Heavenly Family is also the first family in Basin City. To deal with Fang Peng, the Heavenly Family must be dealt with first. This is not a small project.

“I heard that the old man of the Heavenly Family has a martial arts hall in Basin City, and he himself is an avid martial arts fanatic. Have you ever thought about making friends with the Heavenly Family?” George Han asked.

Mo Yang's brain swiftly moved, and he quickly thought of what George Han meant, and said: “Do you want the Twelve Swords to attract the attention of the Heavenly Father? Your brain is pretty funny, is the Twelve Swords social? Let him go, what else can he do besides knocking down the entire martial arts hall?”

George Han smiled bitterly, and Mo Yang was right in saying that, with the character of twelve swords going straight and straight, he would either punch or turn around and leave. How could he get closer to the heavenly father?

“It seems that I can only go by myself.” George Han sighed.

“By the way, what’s the situation in the boxing field?” George Han asked curiously.

“In the three boxing fields, the twelve swords hit each other, much more powerful than your kid.” Mo Yang said with a smile, although his tone was a bit despised by George Han, he recognized George Han’s strength in his heart. , Being able to fight against the pervert of the Twelve Twelve is not at a disadvantage, and even tried to force the Twelve to retreat. Few people in the entire Basin City can do this.

Chapter 105

Fist is the most efficient means to solve troubles, but unfortunately not everything can be done with this method. The Heavenly Family is in Cloud City, after all, it is the most influential and powerful family family, and wants to knock down such local families with fists. , That is wishful thinking.

After George Han left the magic city nightclub, he went to the Thomas Tian Martial Arts Hall.

As the head of the Tian family, Thomas Tian has almost handed over all the affairs of the company to his children under his knees. I also went to Shaolin to study for a while, but because I didn't meet the requirements for getting started in Shaolin, I didn't become a Shaolin disciple.

In Thomas Tian's eyes, society is a river and lake, and in the rivers and lakes, there should be people who learn martial arts. It is rare for Thomas Tian, who is strong in the country to have such an awareness when he is old.

Inside the Budokan, there were humming. Thomas Tian was followed by a seventeen or eighteen-year-old girl with a pair of ponytails, looking full of energy.

Although the little girl is not very old, she is already a slim and big beauty in appearance. She has little white shoes with a baseball skirt and sports short T. She doesn't deliberately show off sexiness, but she gives people a feeling of enchanting figure.

“Grandpa, you said that today, let me watch master fights. Where are the masters and why haven't they come yet.” Tian Linger, as the youngest and most favored granddaughter among the young generations of the Tian family, Tian Home is like a jewel in the palm. She grew up holding Thomas Tian's beard and took Thomas Tian as a horse to ride a horse. This kind of treatment was given to the whole Tian Family.

“What’s the hurry, people haven’t come yet.” Thomas Tian smiled dozingly, and today I met with an old friend who has been acquainted for many years. The other party said that he wanted to bring a master to show him. Convinced, so I planned to let the most powerful person in the martial arts hall come forward, let his old friend see what a real master is.

Thomas Tian and this old friend have been together for many years. On the surface, they are friendly, but they often compete in private. For so many years, there is no winner or loser. Today is the time to decide the winner.

After all, they are getting older, and they live a day or a half, and no one wants to close their eyes until the day they close their eyes.

At this time, George Han came to the martial arts hall. When Linger saw George Han that day, she ran to George Han with a ponytail.

Looking up and down at George Han with curious eyes, he asked, “Are you the master?”

George Han is inexplicable, where is this beautiful little girl, is it love at first sight from one side?

“I just came to take a look, not a master.” George Han said.

Thomas Tian came over and asked George Han: “Little brother, are you interested in us?”

George Han looked at the prosperity of the sky, the old man smiled kindly, completely unlike an old fox who had been immersed in a shopping mall for many years. He could not feel any cunning breath in him, and his eyes were especially clear, which surprised him.

“I just...”

Before George Han finished speaking, a group of people walked outside the martial arts hall and interrupted him.

“Thomas Tian, I am not late.” This is Thomas Tian’s old friend, Luo Bin, with a group of young people in vigor.

And the person closest to Luo Bin, with heavy steps, is obviously a master of training.

“No, no, it’s early, how come you are late.” Thomas Tian ignored George Han and walked towards Luo Bin.

After Tian Linger knew that the person in front of him was not a master, he curled his lips and walked away without interest.

“Grandpa Luo.” Tian Linger shouted politely.

Luo Bin was extremely happy, and said again and again: “Linger’s mouth is still so sweet. If you are Grandpa Luo’s granddaughter, Grandpa Luo will be able to stun your eyes even if you die.”

“Linger, it’s been a long time.” A young man beside Luo Bin looked at Tian Linger with fiery eyes. His name is Luo Xuyao. He is Luo Bin’s grandson, about the same age as Tian Linger, and likes Tian Linger very much.

Although Tian Linger didn’t like Luo Xuyao very much, he responded politely.

Luo Bin has always wanted Tian Linger to become his granddaughter-in-law, and the more he looks at it, the more satisfied he gets, but he has never found a reason to make it right. He came today, and he didn’t just win or lose with Thomas Tian.

“Thomas Tian, the master I found today, your entire martial arts hall is taking turns, I am afraid it is not his opponent either.” Luo Bin said with a smile.

Thomas Tian snorted coldly. Said: “Luo Bin, have you ever seen a master? If not, I will let you see it today.”

“Hahahaha.” Luo Bin laughed and said, “It’s boring just to let them compete, otherwise, let’s do some coloring.”

Thomas Tian frowned, what is this old guy thinking about?

“What color do you want?” Thomas Tian asked.

“Xu Yao has liked Linger for a long time. If you lose today, it’s better to settle their relationship. How about?” Luo Bin said.

Thomas Tian didn’t expect this old man to be so shameless that he started Tian Linger’s idea.

Tian Linger was his heart, and Luo Xuyao, Thomas Tian didn’t see it at all, it was pure waste. Marrying Tian Linger to him would not ruin Tian Linger’s life.

“How about it, don’t you dare? Otherwise, you can let the martial arts people get on one by one, and I don’t mind the wheel fight. As long as your people can fight it.” Luo Bin said proudly.

Seeing Luo Bin’s arrogance, Tian Linger couldn’t shame grandpa and said, “Grandpa, I believe you.”

Thomas Tian was also very confident before, but it was a little guilty to take Tian Linger’s happiness as a bet.

“Prosperity, when did you become such a mother-in-law, or did you get older and less courageous? If you can win, I will give you the property of Luojia in Dongshan City. How about half of it for you?” Luo Bin Said.

Luo Jia industry in Dongshan City, and still half! Even for Tian Jia, it is an amazing asset.

But the more this happened, the more bottomless Thomas Tian's heart became. If this old fox had no confidence, how could he dare to say such a thing?

"Tian Linger, your grandpa is going to be a tortoise." Luo Bin said to Tian Linger with a smile.

Tian Linger's mouth bulged with anger, how could grandpa be a tortoise with his head shrinking.

"Grandpa. We also have a master, don't be afraid of him." Tian Linger said, pulling at the corner of Thomas Tian's clothes.

If he didn't dare to agree, this old face would be lost today, and with Luo Bin's character, he would definitely talk about it and publicize it.

Thomas Tian could not accept himself as a turtle, and said in a deep voice, "Okay, I promise you."

"Hahahaha, this is the Thomas Tian I know, happy." Luo Bin said with a tricky trick.

George Han on the side saw this scene and laughed.

The guy beside Luo Bin. It seems unsurprising, but in fact, there is explosive power in his whole body. Although there are a few good people in this martial arts hall, they are still far behind him.

No fight yet. George Han has already seen the ending.

Today, Thomas Tian will not only lose face, but also his beloved granddaughter.

George Han suddenly felt a blazing gaze toward him, and turned his head to see that it was Tian Linger looking at him bitterly.

This guy who didn't know where he came from was laughing.

“What are you laughing at?” Tian Linger walked to George Han. Questioned with hands on hips.

“You are going to marry Luo Xuyao, I smiled and blessed you.” George Han said.

“Pooh, crow's mouth, how could my grandfather lose? If you talk nonsense, I will tear your mouth.” Tian Linger said angrily.

George Han shrugged helplessly. If you want to win the competition, you can't do it with your mouth. Unless there are hidden masters in the Thomas Tian Martial Arts Hall who have not shown up, you can't win with these people.

“By the way, if you want me to help, remember to call me.” George Han smiled.

Tian Linger glanced at George Han contemptuously, and said, “How could I ask you for help, there are so many masters in the martial arts hall, what are you, you can watch how grandpa's people teach him.”

“Well, I must have eyes wide open, I hope you won't lose too ugly.” George Han said with a serious face, stomping Tian Linger with anger.

Chapter 106

Originally, Thomas Tian intended to challenge the strongest person in the martial arts hall, but now it is related to Tian Linger's happiness, and Luo Bin also said that it is not a game that determines the outcome, so he intends to let another person try it out.

“You take a good look, you must not lose this battle.” Thomas Tian told the people around him, he is the strongest person in the martial arts hall, and at this moment is standing on the ring. He is ranked second in the martial arts hall.

“The owner can rest assured, I will go all out.”

At this time, there was a loud noise in the ring, and Luo Bin's people kicked the ground, exploding with a very huge momentum, and the whole ring was shaking.

After the loud noise, I saw the prosperous person approaching quickly, in the eyes of ordinary people. The speed was very fast, which was staggering, but George Han shook his head.

“Too much emphasis on strength training will lead to a decline in speed and agility, but it is enough to deal with the people in this martial arts gym.”

George Han's words heralded the end of this competition.

As soon as his voice fell, Luo Bin's person blasted out. Hearing only a scream, the second master of the martial arts hall flew directly off the ring.

It was just a head-on blow, and the victory was already divided.

Thomas Tian's eyes widened. Can't believe it.

How could this guy be so powerful! His people couldn't resist even a single move, and they fainted.

"You... do you have confidence?" Thomas Tian asked the people around him. Now he has finally realized why Luo Bin dared to take half of the Luo family's assets as a bet. This guy obviously came prepared.

The people around him smiled bitterly. The opponent's strength completely exceeded his imagination. The gap between him and the second place in the martial arts gym is not very big. It usually takes dozens of strokes to tell the winner. But the people in the ring, one The punch is done, and the judgement is settled.

"Master, I can only do my best." The man said, the previous all-out has become a best-effort, which shows that his confidence has been defeated by this punch.

"Prosperity, it seems that your skill is not very good, you can't even take a punch." Luo Bin said triumphantly.

Thomas Tian clenched his fists. Victory is not important anymore. What is important is Tian Linger's happiness, which must not be ruined in Luo Xuyao's hands.

"What anxious, the real master of the martial arts hall has not yet appeared." Thomas Tian said.

The No. 1 master of martial arts debut, but the confidence is obviously insufficient.

George Han sighed helplessly. Before the fight started, he already showed fear of the opponent. It didn't matter whether he could fight or not, because he was defeated.

"Grandpa, we won't lose." Tian Linger said tightly while holding Thomas Tian tightly.

At this moment, Thomas Tian had sweat oozing out of his forehead, although he repeatedly told himself that he would not lose, but he had no confidence at all.

“Linger, don’t worry, grandpa won’t let you marry Luo Xuyao.” Thomas Tian said firmly.

At this time, Tian Linger couldn’t help but quietly glanced at George Han. If the martial arts people really lose, can he help?

But I told him just now that it is impossible to ask him for help. Wouldn’t it be embarrassing to ask him?

“Quick battle and quick decision. With so many people in the martial arts hall, you won’t be convinced if you don’t fight one by one,” Luo Bin told the people on the ring.

The man nodded, smiled contemptuously, and shot again.

With another punch, the martial arts master flew out from the ring and hit the ground with a bang.

Thomas Tian’s face was pale and he lost again, and he still lost so neatly.

Luo Bin was not surprised by the result at all, because this was a master he had hired with a lot of money, not only to win face, but also to win a wife for Luo Xuyao.

“Grandpa. We... lost again.” Tian Linger was already sweating a lot while holding Thomas Tian’s hand.

Luo Bin smiled and said to Thomas Tian: “Thomas Tian, let’s hurry up and call out the real masters of your martial arts gym. It doesn’t make much sense to try it again.”

The real master?

The two most powerful people in the martial arts club have lost now, where are the real masters.

If you lose, you have to admit it.

But how could Thomas Tian recognize that this was Tian Linger's life happiness.

"Grandpa, why don't we ask him for help?" Tian Linger pointed to George Han and said.

"He?" Thomas Tian looked at Tian Linger unexpectedly. I don't know why she made such a proposal.

"He just said that if we lose, we can ask him for help." Tian Linger said.

This young man, did you say such a thing? But look at him. It's not like someone who can beat him. How confident is he to say such things.

"Linger, how can you believe that everyone, look at him. Do you look like a master?" Thomas Tian said.

Tian Linger sighed, she did not see how George Han looked like a master, but she could not accept the fact that she was going to marry Luo Xuyao.

Releasing Thomas Tian's hand, Tian Linger walked towards George Han with a flushed face. In addition to being afraid of marrying Luo Xuyao, she was more embarrassed because she had promised not to ask George Han for help. of.

When he walked to George Han, Tian Linger lowered his head. I couldn't say anything to help.

George Han did not speak, just waited quietly.

“You...can you help me?” Tian Linger said with a voice like a mosquito.

Although George Han could hear her clearly, his voice was too small. He deliberately pretended not to hear, and asked, “What did you say?”

Tian Linger’s face was red and his ears were red, this guy had heard it, but even pretended not to hear it.

“Can you help me?” Tian Linger said a little louder.

“Of course, but what good do I have?” George Han said.

“You...what benefits do you want? I can give you a lot of money.” Tian Linger said.

Money doesn’t make much sense to George Han. Of course, he couldn’t do anything to Tian Linger. After all, there was a good wife in the family. Although there was no real husband and wife for three years, George Han would never betray Amelia Su.

When I came to the martial arts gym today, George Han was looking for a chance to have a good relationship with the heavenly family. Encountering this incident was a godsend. To say that it is good is to amuse Tianlinger.

At this time, Thomas Tian also came over, although he didn’t believe George Han. But now there is really no other way but to use a dead horse as a living horse doctor and give it a try.

“This little brother, I heard Linger say. Can you help me?” Thomas Tian asked.

“He solved your person with two punches, and I can also solve him with one punch.” George Han said lightly.

When Thomas Tian heard such arrogant words, he didn't believe it even more. How could he be able to solve the problem with one punch?

Young people nowadays, speaking big is simply not considering the consequences of shame.

“Little brother, you have seen his strength just now. The two masters of my martial arts gym are not his opponents. What's the point of bragging in front of me?” Thomas Tian said.

“Two masters?” George Han laughed blankly. If these two people are considered masters, it would be an insult to the word master, and said: “The two big wastes are about the same.”

“You...” Thomas Tian looked at George Han angrily. The two most powerful people in the martial arts hall were described as two wastes by him. Wouldn't the whole martial arts hall be waste in his eyes?

“Father, don't worry, what I said is true or false, don't you know after taking the stage?” George Han smiled.

Thomas Tian took a deep breath and said, “What are your conditions?”

“I remember Luo Bin said just now that if he loses, half of the Luo family's assets will be given to you.” George Han said.

“As long as you can win, this half of the assets belongs to you.” Thomas Tian doesn't even care about face, so how can he care about money, now he only hopes to make Tian Linger well, don't marry Luo Xuyao that waste.

“But you can’t let outsiders know about this. How about you keep the Luo family’s assets for me?” George Han said.

Thomas Tian frowned and didn’t quite understand what George Han meant, but since he said that, it didn’t hurt to do so. After all, the most important thing was whether he could win the competition.

“Little brother, don’t take it lightly, his strength is very strong.” Thomas Tian reminded.

George Han stood up, twisted his neck, then walked towards the ring, and said as he walked, “I said that once I punched, I would never use two punches.”

Chapter 107

“Grandpa, he is so rampant, will it be ugly to die?” Looking at George Han’s back, Tian Linger felt very complicated.

Displeased his arrogance, do not want him to win. But if he loses, Tian Linger can’t accept the matter of marrying Luo Xuyao in the future.

Thomas Tian sighed. He didn’t know where this man was confident, but he could almost foresee George Han’s end.

Such a defiant young man. It should be from a wealthy family and never suffered setbacks, so he was so arrogant. He didn’t see the powerful strength displayed by the other party at all. Only if he fell, maybe he would recognize the facts.

“Linger, this person can’t count on it anymore. But grandpa will find other ways to solve it.” Thomas Tian said weakly, never expecting that this competition would cause such serious consequences.

Tian Linger’s face was as gray as death, and grandpa broke his trust. This would definitely make a big joke. Luo Bin would inevitably publicize this matter, and their entire heavenly family might be ashamed of this matter.

“Grandpa. I can’t make the family ashamed because of me, or I’d better decide to marry Luo Xuyao.” Tian Linger resigned and said, relying on him to turn the tide. This is not feasible at all, so Tian Linger has given no hope.

Thomas Tian didn’t speak, and he was very distressed, because he knew the consequences of breaking his promise, but also the consequences of letting Tian Linger and Luo Xuyao be married.

“Little brother, if you can help me win this game, no matter what you ask, I will promise you.” Thomas Tian looked at George Han who had already entered the ring and said, although hope is slim, he can only do his best. Give it a try.

George Han smiled and turned his head and said to Thomas Tian: “You old man, there are so many words. I said a punch, and that is a punch. Is there anything doubtful?”

Thomas Tian sighed, arrogant and ignorant. In what kind of environment did this young man grow up?

At this time, George Han’s opponent laughed: “You are such an arrogant person, I have never met, since you lied to get me with a punch, don’t blame me for being polite. From now on, be a vegetable. .”

The man’s voice fell, so he repeated his skills, pedaling on the ring, the other ring trembling, his fists were like wind.

In George Han’s eyes, such a speed is as slow as a snail and not worth mentioning.

After twelve punches with the sword last time, George Han could not take care of himself for a week, so he didn’t dare to play like this again this time, after all, Amelia Su would not take care of him personally now.

His legs sank, bent slightly, and leaped for life. George Han jumped up to a height of three meters.

Thomas Tian was stunned when he saw this scene.

Tian Linger’s beautiful eyes are also incredible. Said blankly: “He jumped so high.”

In the air, George Han twisted his body, taking advantage of his opponent's old strength, his center of gravity sank and fell quickly, hitting the man's head with a punch.

All this is just a moment of lightning and flint. After George Han fell on the ring, he clapped his hands and said, "You choose the end for yourself, don't blame me."

It wasn't as shocking as being blasted out of the ring before, but George Han did get him with a punch.

There was no sound in the martial arts hall, not only from the martial arts hall, but even Luo Bin was shocked to speak.

"How... how is it possible!"

Thomas Tian's eyes are almost falling off, the two masters in the martial arts hall. They were all punched off the ring by Luo Bin's people. Such a powerful person was actually beaten by this young man!

Thomas Tian felt that he was arrogant, arrogant, ignorant, and even reckless.

But now?

"Punch! Grandpa, he really did it." Tian Linger stamped her feet with excitement, her face flushed.

Thomas Tian took a deep breath and said with a wry smile: "Yes. I didn't expect that he really did it. Grandpa really underestimated him."

Luo Bin's face was extremely ugly. He had already investigated Thomas Tian's martial arts hall and knew the strength of these people. That's why he invited a master to spend a lot of money, but he did not expect to kill a Cheng Yaojin halfway, destroying his plan.

Luo Bin's heart is dripping, half of the Luo family's industry! But it's all to Thomas Tian.

No way!

Even break your promise. Nor can it be done.

"Luo Bin, you lost." Thomas Tian finally raised his brows and looked at Luo Bin with a smile on his face.

Tian Linger glanced at George Han secretly, with some shy expressions on his face, then turned his head and said to Luo Bin: "Grandpa Luo, you haven't forgotten what you said before?"

Luo Bin snorted coldly and said, "Thomas Tian, isn't this person from your martial arts gym?"

Heard this. Thomas Tian knew that Luo Bin wanted to cheat, and said: "You made it very clear just now that as long as you are in the martial arts gym, you can win even if you can win. Are you going to turn back now?"

"I'm talking about your martial arts apprentice, not an outsider." Luo Bin said.

"Luo Bin, we are getting older. If you go back, you are not afraid of losing face?" Thomas Tian smiled.

face?

For Luo Bin, face is not as important as half of Luo's assets.

"Heaven is prosperous, I will come again." Luo Bin left the martial arts gym angrily after saying this, and his men also dragged the unconscious person on the ring away.

Thomas Tian was in a very good mood. It was already a losing situation. He didn't expect to be turned around by a stranger. This is a good thank you.

Three steps and two steps. Thomas Tian walked up to George Han with a grateful look and said, "Little brother, thanks to you this time, I apologize for the attitude just now."

Tian Linger, Nizi, suddenly didn't dare to face George Han. Instead, he surreptitiously looked at George Han from the sidelines.

At this time, Tian Linger realized that this poorly dressed person had such a handsome face, and it was different from those so-called idols. Full of the masculinity of a man, there is no feminine taste of neither man nor woman.

"The old man is serious, how can you apologize to me." George Han said modestly.

Thomas Tian really didn't know how to describe George Han. He was arrogant before, but now he is very humble.

Maybe... this is a truly capable person!

"Luo Bin seems to break his promise. If you have any other requirements, you can just tell me, I will definitely satisfy you." Thomas Tian said.

George Han shook his head and said: "If it belongs to me, he will have to give it if he doesn't give it. I will get half of the Luo family's assets in the future, so I won't allow him to regret it."

Thomas Tian sensed an extremely strong smell from George Han's tone, as if he wanted to take it, the Luo family had to give it.

Who is this young man and why is there such an aura?

Basin City has never heard of any aristocratic child so outstanding.

“Little brother, you and I can be regarded as acquaintance, I don’t know if you can give your name?” Thomas Tian asked.

“It’s not that I can’t tell, but how about the old man who wants to keep secrets for me?” George Han said.

“Of course, the little brother helped me so much, I will definitely keep it secret for you.”

“George Han.”

After speaking, George Han turned and left.

Thomas Tian’s expression is puzzled, George Han, who is this person? Does Basin City have such a powerful Han family?

At this time, Tian Linger suddenly covered her mouth, she couldn’t believe it, and seeing George Han’s back at the moment, she felt a very familiar feeling.

Why is it familiar?

Why does it feel so familiar!

By the way, it seems to be him!

The little piano prince who became popular on the Internet overnight is almost exactly the same as his back.

There was an eldest lady who paid to investigate the background of the little piano prince. This matter was not groundless, because Tian Linger had done it!

“Linger, what’s wrong with you?” Thomas Tian asked curiously when he noticed the strangeness of Tian Linger.

“Grandpa, he is George Han.” Tian Linger said.

“Yes, so what.” Thomas Tian said puzzled.

“Have you forgotten, in Basin City, there is a celebrity named George Han? The trash son-in-law of the Su family.” Tian Linger said, she was very unhappy because he might be the little piano prince, but in a dream The male god, how could he be the son-in-law of the Su family!

Thomas Tian was stunned, the Su family’s waste son-in-law George Han!

No wonder... No wonder he wants to help him keep secrets himself, it turns out that he is the Su family’s George Han.

Chapter 108

“Grandpa, why would such a powerful person enter the Zuosu’s house, and be scolded by the whole city for being useless.” Tian Linger asked puzzledly.

Thomas Tian couldn’t think of the reason, but he knew that George Han was by no means a simple person.

Since he has such a strong ability and is willing to hibernate in Su’s house, he must have some purpose.

“This person. It’s not easy. I’m afraid that Basin City will change in the future.” Thomas Tian knew that he had completely misunderstood George Han. He was not arrogant, and he had a deep understanding of the truth. It is because he can do it himself. It’s just that Thomas Tian unilaterally thinks he is arrogant and ignorant.

There must be a reason for a gentleman to hide himself.

What does he want?

“Grandpa, do you think he is a very good person?” Tian Linger suddenly smiled, looking like a ghost.

Thomas Tian frowned and reminded Tian Linger: “Linger, don’t forget, he is the son-in-law of the Su family and is already married.”

“But the Su family doesn’t value him at all, and treats him as a waste. Moreover, he and Amelia Su shouldn’t have a relationship.” Tian Linger said indifferently.

“Linger, you are only 18 years old this year, and you have not yet thought about these things.” Thomas Tian smiled bitterly.

“But such a good person. I missed it, can I still find it? Linger Eighteen is already an adult.” Tian Linger said with a pouting mouth, so powerful, and possibly the little piano prince she was thinking about. , Tian Linger doesn’t mind that he is already married.

After all, marriage can be divorced, and a good man is worth even a second marriage.

“But you have to know that no matter how beautiful a rose is, it is also thorny. His excellence may leave you with scars.” Thomas Tian never intervenes forcibly in Tian Linger’s relationship. As long as the granddaughter is happy, he will Will do it.

Although George Han was married, as Tian Linger said, he would not be reused and would not have a relationship with Amelia Su. Then this paper marriage contract has no substantive meaning.

If... this young man can really become the son-in-law of the heavenly family, it may be a breakthrough for the heavenly family.

Thomas Tian’s chances of seeing people go wrong is very small, he believes that George Han’s future achievements are immeasurable.

How could such a young man who forbore and dormant do nothing all his life?

“Grandpa, I want to make friends with him.” Tian Linger said with a smile.

“You can try to socialize, but remember not to use too much affection.” Thomas Tian said. Those who do big things never stick to the small section. When George Han remarries to the Heavenly Family, Thomas Tian will also greet him with both hands.

George Han was regarded as scumbag and rubbish in Su’s house.

But who in the Su family would have thought that even Thomas Tian valued George Han so much, and even Tian Linger, a jewel in his hand, would fall in love with George Han?

“The person whom this lady looks after, wait to surrender under my pomegranate skirt.” Tian Linger said with a swearing expression, raising her pink fist.

Thomas Tian smiled spoilingly, touched Tian Linger’s head, and said: “If you like it, do it. Grandpa will definitely support you.”

George Han never dreamed of it, but just wanted to take this opportunity to connect with Tianjia. But the little girl Tian Linger was taken in!

When I returned home, I didn’t have to pick up Amelia Su to go to get off work, which seemed particularly empty.

Now that the family has money, Lily Jiang and Wilson Su spend almost every day at the mahjong table, endlessly dying, but this also prevents George Han from facing them for a long time, which is a good thing.

After chatting with He Ting for a few days, George Han returned to the room to rest.

Tomorrow Zhang Linghua will be discharged from the hospital, she has to pick it up, and then she will have to arrange a job in a weak water property. George Han always keeps this matter in mind, although it is Lily Jiang’s sin. But seeing Zhang Linghua and her mother struggling for life, George Han still couldn’t bear it.

This may be his biggest weakness. Although it will not overflow sympathy, but the bad things that happened in front of him, he can’t do the hard-hearted, otherwise he will feel ashamed.

Of course, when facing the enemy, George Han's ruthless methods are beyond doubt.

Early the next morning, George Han rode a small electric donkey to the hospital, because he can't drive the two cars at home now, and he doesn't bother to buy a car again.

In the hospital, helping Zhang Linghua go through the discharge procedures. Suddenly, George Han was blindfolded from behind. If he hadn't restrained him quickly, he would have used one of his shoulder throws.

"Guess who I am."

This kind of mentally handicapped game made George Han smile helplessly, but listened to the voice. A bit familiar and a bit strange.

"Did you admit the wrong person?" George Han said.

"Really boring." The voice's master let go, and George Han turned his head to see clearly, isn't this Tian Linger?

Given his relationship with Tian Linger, he wouldn't be able to play such an intimate game, this Xiao Nizi is familiar with herself.

"Tian Linger, why are you here?" George Han asked.

"You care about me, you are not my boyfriend." Tian Linger mumbled and said with a proud face.

"That's true." George Han was about to leave.

Tian Linger stood in front of George Han. Said: "Grandpa said, to be a man you must know how to return to Entuo."

“So?” George Han asked in confusion.

“So I want to invite you to dinner tonight, and I made it myself.” Tian Linger said with a smile.

This little girl is only eighteen years old. Can she cook?

George Han couldn't help but think of Shen Lingyao's dark cooking, waved his hand again and again, and said, “Forget it, you want to poison me. Just put it more simply.”

Tian Linger akimbo her hands on hips, her mouth puffed up with anger, and said, “What do you mean, do you doubt my cooking skills? Since I was fifteen years old, I will learn how to cook every summer vacation, even my grandfather said it is delicious. , You dare to dislike it.”

Thomas Tian regards Tianlinger as the jewel in his palm, he said it is delicious. Can such nonsense be believed? Even if Tian Linger gave him a dish of arsenic, he would eat it with a smile.

Therefore, there is no criterion for Thomas Tian's words, how could George Han believe it.

“I have something else, don't block me.” George Han said.

“Or let's bet. If I make delicious, you can praise me more, how about it?” Tian Linger said.

George Han couldn't help but laugh, and praised her as a bet? This little girl is quite cute too.

“Well. If I have time, how about going?” George Han said perfunctorily.

“No, you have to promise me, or I won’t let you go.” Tian Linger opened his hands, swearing not to give up.

George Han was still anxious to go through the discharge procedures for Zhang Linghua, and she was so determined that she could only respond and said, “Okay, you tell me the location.”

“Give me the phone.” Tian Linger smiled and stretched out her hand, and hooked her finger at George Han.

George Han hesitated for a moment, then sighed before giving the phone to Tian Linger. Tian Linger entered his number and also took a name that made George Han especially speechless.

Invincible explosion cute!

The little girl now, George Han really couldn’t understand at all. It all exploded, how cute?

“Okay, go and work.” Tian Linger said with satisfaction, who achieved the goal.

After helping Zhang Linghua to go through the discharge formalities, George Han rode a small electric donkey to the weak water property. Although Zhang Linghua can adapt to the new environment, but with her tenacity, in order to feed Zhang Tianxin, there should be no problem. .

There was a Porsche parked across the street from the hospital, and Tian Linger was sitting in the car. When she saw George Han leaving on a small electric donkey, her face was full of smiles.

“Grandpa said that you bought a mountainside Villa. Why do you still ride a small electric donkey if you are so rich? In this case, this lady will give you a car.”

Yesterday Thomas Tian investigated George Han. Although not many things were found, it was enough to surprise Thomas Tian.

The waste son-in-law of the Su family turned out to be the owner of the mountainside Villa. Because he seldom pays attention to business matters now, he does not deliberately understand, and the family will not tell him. At that time, Thomas Tian felt even more that George, after telling Tian Linger about this, there is still a little hope that Tian Linger can make friends with George Han.

“Go to the Lamborghini 4S shop.” Tian Linger said to the driver.

“Okay, miss.”

Chapter 109

After arranging Zhang Linghua's work and residence, George Han's phone rang in a timely manner. Invincible exploded with a cute call. It was seen that three black lines appeared on George Han's forehead.

Knowing the address on the phone, George Han went riding on a small electric donkey.

A high-end elevator apartment, but not everyone lives here.

Tian Linger has a lot of best friends, this place is only useful when best friends get together, and this home. No man has ever been there before, and George Han is the first.

After waiting for Tian Linger at the gate, Tian Linger did not dislike it, and sat in the back seat of the battery car to show George Han the way.

George Han was a little surprised that such a big lady could ride the battery car without disgust.

Because George Han has seen too many women worshipping money, and the eldest ladies of rich people are often very visionary. Not to mention the battery car, even if it's the next car, they don't like it.

"This is my home, how about it?" When I came to the house, the room was full of fluffy toys and pink decoration, full of girlish hearts.

George Han definitely can't accept this style of decoration, but for girls like Tian Linger, it is not unusual.

"Do you live here?" George Han asked.

“Of course not. This is a secret base for my girlfriends and I. To tell you a secret, you are the first man to come here.” Tian Linger smiled.

George Han had no sense of honor, but frowned.

Thomas Tian that old guy. Even if you want to use Tian Linger to get closer to him, you don't need to pay such a heavy book, right?

This is also the reason why George Han agreed to come to eat, because in his opinion, Thomas Tian should be on the stage. While he wants to win the heavenly family, Thomas Tian, who has seen his skills, should have the same idea as him.

But now it seems to be a misunderstanding!

“You sit down first, I'll cook.” Tian Linger said.

“Are you really cooking?” George Han looked at Tian Linger in surprise. Isn't this just a casual statement?

“Of course, can I still joke with you?” Tian Linger walked into the kitchen while he was talking.

George Han walked to the door and knocked a few times. The way he chopped vegetables was really good, not at all the demeanor Tianjia should have.

“You go to rest, look at me, is it because I am beautiful?” Tian Linger turned his head. Smiled at George Han.

She is indeed very beautiful. To be honest, Amelia Su can't match it, especially the lively heat that infected George Han like a few years younger.

Sitting in the living room, soon there was the sound of cooking in the kitchen, followed by the smell.

This made George Han not calm down.

It's all about cutting vegetables and pretending to be something. She really knows how to stir-fry. How could this be possible!

George Han walked into the kitchen and was shocked to see Tian Linger's skillful movements.

This is not something that can be performed casually, Miss Tianjia, she really knows how to cook!

“What are you dazing about? Is it strange that I have money in my family and I can cook?” Tian Linger said with a smile.

“It is indeed very strange.” George Han said without concealing it, in a wealthy family like Tian's family, and Thomas Tian also regarded her as a jewel in his palm. In George Han's view, she should be the kind of finger that does not touch Yang Chunshui. That's the woman of.

“My grandfather has taught me since I was a child that having money in the family has nothing to do with my own abilities. A person's desire to be good is not reflected by money.” Tian Linger said.

“The values are quite correct. It seems that your grandfather's spoiling of you did not turn you into a barbaric princess.” George Han said.

“Of course.” Tian Linger said with a proud face, holding his head up.

“Can't help but boast?” George Han smiled.

“You should be happy to be praised. Am I still crying?” Tian Linger retorted.

George Han felt that he was going to suffer from a quarrel with this little Nizi, so he simply went back to the living room.

In half an hour, four dishes and one soup were on the table, and the taste was really good, indicating that her cooking skills were so good that George Han couldn't stop eating, but Tian Linger looked straight at him. Move chopsticks.

“What are you doing. Why don't you eat it, it's not poisoning me, right?” George Han was taken aback and asked Tian Linger.

“Have you forgotten something?” Tian Linger said angrily.

“Wash...wash your hands?”

Tian Linger's mouth bulged like a toad, and said dissatisfied: “Whether you wash your hands or not has anything to do with me.”

“Then what did I forget?” George Han asked in confusion.

“You stupid, you said in the hospital, I cook delicious food, you have to praise me.” Tian Linger rolled his eyes through the sky.

George Han almost had no internal injuries. This Nizi waits to praise her if she doesn't eat?

“Fine, how do you want me to praise you.”

“Of course I praised me for being beautiful, cute, and good-looking.” Tian Linger said without hesitation.

“But what does this have to do with cooking.”

“Is it important? Anyway, you promised me. Otherwise, you don’t want to eat.”
Tian Linger tried to grab the chopsticks from George Han.

George Han turned around and hid, and said: “Yes, you are beautiful and cute, and you have a good body. You cook deliciously, and you are the best woman in the world.”

“Is it better than Amelia Su?” Tian Linger flashed big eyes, looking at George Han with hope.

“Of course not.” George Han blurted out without hesitation.

Tian Linger wrinkled her nose in dissatisfaction, and immersed herself in eating.

Tian Linger handed over the task of washing the dishes to George Han, and George Han naturally did his part. After all, she is also a lady of the heavenly family. Cooking for him has already given enough face, how can she still wash the dishes?

After finishing everything, George Han checked the time, and it was almost time to leave. After all, he was in the same room with a man and a widow. His well-known wretchedness was nothing but Tian Linger’s reputation could not be damaged. And she is still a little girl.

“You can play a tune for me. How about repaying me for cooking for you?” Tian Linger said to George Han.

“Don’t you cook to repay me? Why do you want me to repay you again.” George Han felt baffled.

“My kindness is greater than you, so you have to repay me again.”

Although Tian Linger could see that George Han and the little piano prince were very similar in their backs, they couldn't be 100% sure that they were the same person to make such an arrangement, and even the piano was bought today.

Be reasonable with women. That is looking for death!

George Han, who knows this well, sat in front of the piano, stroking the piano with his hands, and asked Tian Linger: "How do you know that I can play the piano?"

"I just know. What are you talking nonsense." Tian Linger said impatiently. The little piano prince passed away like a comet. There has been no news since then, and I can see him again at this moment. Tian Linger was very excited, if she hadn't restrained, she couldn't help waving her hands.

"Okay." George Han smiled.

With the melodious sound of the piano, Tian Linger looked at George Han from the same angle as the video. The video was playing silently on the phone, exactly the same, without deviation!

He really is the little piano prince!

I thought that Tianlingercha didn't think about rice and didn't want to, just to find him, I didn't expect that fate was so wonderful that he would meet in the martial arts.

Tian Linger felt that this was an opportunity God gave him. Even if he is married now, he should seize this opportunity.

After all, he was just rubbish in the eyes of the Su Family, but after arriving at the Heavenly Family, it was different.

When the sound of the piano ended, George Han stood up and found that Tian Linger was looking at him with blurred eyes.

“What’s wrong with you?” George Han asked.

Tian Linger recovered, and said quickly: “I didn’t expect you to be so good at playing the piano, you friend, I’m settled.”

Being able to make friends with Tian Linger was good news for George Han, so he did not refuse.

“I have to go home, next time I have a chance, I will show you my cooking skills, but you have to call your grandfather.” George Han said.

“Okay.”

Tian Linger sent George Han to the elevator door. When Tian Linger was waiting for the elevator, she couldn’t wait for the elevator to arrive right away, but today she hopes that the time will pass a little bit slower and slower.

But no matter how slow it is, what should be there will still be there.

“There is a big surprise waiting for you tomorrow.” Tian Linger said when George Han walked into the elevator and the door was about to close.

Chapter 110

Surprise?

George Han prayed, but don't be frightened. After all, Tian Linger is a ghost, who knows what she will do.

Back home, except He Ting who was still cleaning, everyone else went back to their room to rest. George Han chatted a few words and went back to his room.

Early the next morning, I woke up on time at six o'clock. However, Amelia Su no longer needed him to run with him, so George Han didn't get up either, but stayed in bed until nine o'clock, and then he got dressed when he heard loud noises coming from outside the Villa.

Outside the Villa, a red Lamborghini was parked, and a man was standing beside it.

Today is the weekend, so Amelia Su did not go to work either. The family of three looked at Lamborghini in a daze, especially Lily Jiang, with hot eyes, wishing that this Lamborghini belonged to her.

If you can drive this car to meet your sisters, you won't be envious of it!

"Amelia, this is our private site, why would he park the car here?" Lily Jiang asked Amelia Su.

Amelia Su is also very puzzled, but the rules of the Yundingshan Villa Area are very strict. Who dares to break this rule!

"Who are you and what are you doing?" Amelia Su asked the man next to the car again.

But he still didn't speak, just kept a smile on his face.

“Amelia, this person will not be a dumb person. He can’t speak at all.” Lily Jiang said.

Amelia Su also thought it was very possible, because she had asked many times, but the other party didn’t even say a word.

At this time, George Han walked out of the Villa, and when he saw Lamborghini, he was also a little surprised.

“What’s the matter?” George Han asked Amelia Su.

Amelia Su glanced at George Han lightly, before speaking, the man next to the car bent slightly and said, “You are Mr. Han.”

Lily Jiang accidentally drove George Han, this guy was not dumb, but waited until George Han came out to speak!

“I’m good, but do we know each other?” George Han asked in confusion.

The man smiled and said, “Of course Mr. Han doesn’t know me. I was only ordered to bring this car to Mr. Han.”

Lily Jiang jumped instantly. Was this person sending a car to George Han?

Did he buy another Lamborghini?

This prodigal thing. His money belongs to Amelia Su, how can he spend it casually like this?

Lily Jiang also counted on Amelia Su to take all of George Han’s money. This was another millions of dollars spent, which she couldn’t accept.

“George Han, you are so courageous now, you don’t even discuss the matter of buying a car with us in advance.” Lily Jiang was so angry that he looked fierce, as if George Han spent her money.

“I didn’t buy this car, and I don’t know what’s going on.” George Han was confused. He didn’t buy a car, and Lamborghini is not his taste. The sports car looks very exciting. , But sitting is uncomfortable, that is, it is just pretending to be in front of others. These exaggerated things have never been liked by George Han.

“This is a gift from our lady to Mr. Han.” The man said.

Miss?

George Han suddenly thought of the surprise Tian Linger said last night. Could it be this car?

Miss Tianjia, it is indeed proud to make a shot, a Lamborghini as a gift. This surprise is really big.

Lily Jiang was stunned when he heard these words, it turned out to be a car that a woman gave to George Han.

This car is worth millions, how could it be possible to give him such a valuable thing casually.

“George Han, have you hooked up with a stupid woman outside again?” Lily Jiang said coldly.

At this time, Amelia Su’s expression was not very pretty, she was willing to believe that George Han did not make any way to go to Jinqiao City, but what happened to this car, the so-called young lady in his mouth, if it weren’t for George Han. Relationship, how could you give him such an expensive thing.

When the man heard Lily Jiang's words, his smiling expression was instantly replaced by coldness, and he said coldly: "I advise you to be more polite."

"What kind of thing are you. I want to be polite when you hook up with a married man, your lady, you must have a lot of money all night." Lily Jiang said.

The person's face was frosty, and with some murderous intent, he said: "Who are you, dare to slander my lady like this."

"Who am I? Hehe." Lily Jiang stuck her waist and said, "I am the owner of this Villa. Do you know where this is? Mountainside Villa, can your lady afford this kind of place?"

The owner of the Villa is not Lily Jiang, but it is Amelia Su now, so Lily Jiang thinks that this Villa is his own and there is no problem.

live here. But the embodiment of noble status, she doesn't care about what a young lady is not a young lady.

"Mom, you should say a few words less." George Han persuaded.

When Lily Jiang heard this. I became even more unhappy, and said coldly: "You have to help the wild woman, George Han, you are really not a thing. You are hooking up and out. Fortunately, I still want to treat you as a real son-in-law, you too Let me down."

The real son-in-law?

These words are simply great irony.

"The wild woman in your mouth is the lady of the Heavenly Family. Tian Linger, I will tell the lady about this matter. The Heavenly Family will never allow her to be slandered." The man said coldly.

God...Miss Tianjia!

Lily Jiang was immediately stunned, and the person who sent the car to George Han turned out to be Tianling's Miss Tian.

And she actually said that Miss Tianjia is a stubborn woman!

After swallowing, Lily Jiang's arrogance just disappeared.

Offended the Heavenly Family in Basin City. But it is equivalent to offending Hades.

Wilson Su quickly said: "I'm sorry, she didn't know that your lady was Tian Linger, so she said nonsense."

Even Amelia Su is not calm anymore. The Su family's career development is thriving. If the Heavenly family is offended at this time and the Heavenly family wants to target the Su family, this will be a disaster.

"I apologize to you for my mother. My mother didn't mean it either." Amelia Su said.

"I don't know. Isn't it possible to maliciously slander our lady if you have the intention? You don't know what heaven means in Basin City." The person said.

Lily Jiang is a typical bully and fearful of hardship, and she has offended such a big figure like the Heavenly Family. She slapped her mouth and said, "I'm sorry, I'm talking nonsense, don't tell Tian Linger about this, or else I will give you some money."

That person's eyes looked at Lily Jiang like an idiot, how could there be such an ignorant woman.

“Mr. Han, our lady said that only you are qualified to drive this car. As for insulting my lady, you don’t have to intercede for them, because it’s useless to intercede. I will tell the lady truthfully.” That person is right George Han said.

Lily Jiang was shocked. If Tian Linger knew about this matter, he would not dare to think about how serious the consequences would be.

Since George Han and Tian Linger are friends, it should be useful for him to intercede.

“George Han, I’m your mother, don’t you help me to say something nice?” Lily said to George Han insultingly.

If her attitude is better, George Han might be able to help say a few words, but even at this time, she still looks aloof.

George Han is a soft persimmon who can swallow for Amelia Su, but it doesn’t mean that he can always be pinched by Lily Jiang.

Moreover, George Han had decided before that he wanted to teach Lily Jiang a lesson. This time, it happened to be an opportunity.

“What can I help you? Do you still expect the Heavenly Family to give me such a waste of face?” George Han said lightly.

Lily Jiang was anxious and said angrily: “George Han, what do you mean, this matter started because of you, and you are also responsible.”

The shameless woman was obviously cursing herself, but now she blames George Han.

“Oh.” George Han said lightly.

Seeing that her words were not working, Lily Jiang shook Amelia Su's arm, obviously hoping that Amelia Su could help him speak.

But Amelia Su was having a conflict with George Han, how could he bow her head to George Han, and the previous matter had not been resolved yet, George Han had a relationship with Tian Linger again, and she was even more angry.

“Mom, what qualifications do I have to order him to do.” Amelia Su said lightly.

George Han smiled bitterly and shook his head, and walked towards the man.
