

Chapter 141

After Han Jun left, Shen Lingyao sat on the sofa in the living room, both nervous and afraid. She didn't expect such a thing to happen when Han Jun was brought home, and she couldn't figure out why George Han suddenly changed into this.

George Han has endured for Amelia Su for so many years, is it just because he didn't get Amelia Su, so he changed his mind? If he is such a person. Why wait until now to change?

As a good sister of Amelia Su, Shen Lingyao believed that she had an obligation to persuade Amelia Su to avoid the end of their relationship.

He took out the phone and dialed Amelia Su's number.

"Amelia, how is your relationship with George Han recently?" Shen Lingyao asked.

Speaking of this matter, Amelia Su felt a little sad, because she could feel that she seemed to be drifting away from George Han, and this time George Han was leaving. In Amelia Su's view, perhaps it was deliberately leaving, hoping that the two of them could calm down.

"Why did you suddenly ask about this." Amelia Su said.

Shen Lingyao sighed and said: "I'm not afraid that you missed a good man? Think about it, how George Han has treated you for so many years, and has helped you so many things. Now even Tian Linger Give him a sports car, isn't this a rivalry?"

The existence of Tianlinger. It really made Amelia Su feel a great crisis. After all, she was the sweet girl of the Heavenly Family, a woman that many men in Basin City wanted to get, if it weren't for Thomas Tian's blocking. Those who pursued

Tianlinger might have been crowded with the gates of the heavens, but such a person gave George Han a Lamborghini.

“He recently left Basin City, and I don’t know when he will come back.” Amelia Su said.

Leaving Cloud City?

I just left her house just now, why did you leave?

George Han wouldn’t be playing tricks with Amelia Su.

After thinking about it, Shen Lingyao decided to tell Amelia Su about what he saw George Han today. Of course, he must conceal it when he gets home.

“He has returned, and I saw him today, and I think he might not leave at all, just making an excuse.” Shen Lingyao said.

“He’s back!” Amelia Su asked in surprise. During the days when George Han was away, she was extremely worried, always feeling that something was going to happen. Hearing the news of George Han’s return, Amelia Su was also relieved, and could finally see him when he returned home from get off work.

“Amelia, since you are his wife, something should happen. Think about it, he is a young and energetic man.” Shen Lingyao said.

Amelia Su understood the truth, but it was very difficult for her to take this step.

As a woman, how can she take the initiative?

“You don’t even know how stupid he is.” Amelia Su said helplessly, letting George Han go to bed, but there were more lines to show her reserve. I didn’t expect George Han to take it seriously, which made Amelia Su very speechless. .

“What’s the matter?” Shen Lingyao wondered.

Amelia Su was ashamed of telling her, but Shen Lingyao was her own sister, and she still told Shen Lingyao those things.

Shen Lingyao even rolled his eyes after hearing this. George Han was too stupid. Couldn’t he even see such an obvious hint? This can’t be blamed on Amelia Su.

“He, he is a pig.” Shen Lingyao said silently.

“Tonight. When he comes home, you will let him go to the room and take the wire apart. If he still can’t understand this, just let him die.” Shen Lingyao said.

Amelia Su was very scared these days when George Han was away. She was afraid that George Han would leave her forever. She didn’t want to care about Jinqiao City, and she was also willing to believe in George Han.

“let me try.”

After Han Jun took a taxi to the Yundingshan Villa area, the security guard respectfully called George Han, which surprised Han Jun.

In Han Jun’s eyes, George Han should be mixed up badly in Basin City, so why is there a woman who likes it again. The security guard at the door is respectful again. Is it possible that he is a trash, and he can break into the cloud city?

The reason why the security guards respected George Han was because they were all members of the Heavenly Family, and the relationship between the Heavenly Family and George Han was of course needless to say.

When he arrived at the mountainside Villa, Han Jun knocked on the door, after He Ting saw George Han. He smiled and said: “You can be regarded as coming back.”

This should be He Tingli, the nanny at home, Han Jun nodded lightly without speaking.

He Ting frowned, and George Han was usually approachable. Why did you look arrogant today, didn't you just leave for a few days? How could there be such a big change.

"George Han, you still have the face to come back, go out and play with Xiao San." Lily Jiang, who had not made any money from George Han, hated George Han deeply. I haven't seen George Han in the past few days, and he has cleaned his eyes. I didn't expect him to come back so soon.

Han Jun sneered coldly. This is the treatment that a wasteful person deserves. Seeing Lily Jiang's eyes, Han Jun can feel George Han's status at home.

My poor little brother, let me be the older brother and help you find some face back.

"Go. Pour me a glass of water." Han Jun said to Lily Jiang.

Lily Jiang looked at Han Jun in surprise, is this guy's brain convulsed? How dare to order her!

"George Han, you have been out for a few days, have you got a mental illness? What qualifications do you have to order me?" Lily Jiang said angrily.

Han Jun frowned and walked in front of Lily Jiang with a sneered expression, and said: "I am not qualified to order you? What kind of thing are you, hurry up and pour me water. It makes me unhappy, be careful that I turn my face with you."

Lily Jiang grinned anxiously, gritted her teeth and said: "George Han, you are getting bolder now, turn your face with me? Okay, I want to see, why are you turning your face with me, my mother is going to let you go today? Get out."

Snapped!

A slap on Lily Jiang's face. Han Jun sat on the sofa calmly and said faintly: "If you f*cking chirp with me, I'll let you go."

Han Jun didn't come to humiliate George Han, even if he lived in Basin City as George Han. For this Su family, he had the final say, so he would not be polite to Lily Jiang, and this kind of person. Han Jun never paid attention.

How could he pay attention to the status of the Han family in Hillwood City?

Lily Jiang covered her face with a look of disbelief that George Han dared to hit her!

He Ting on the side was also stunned. Why did George Han become so irritable when he came back after leaving for a while, as if he had changed himself.

"You...do you dare to hit me?" Lily Jiang said furiously.

Han Jun turned his head and looked at Lily Jiang, and said disdainfully: "Don't think that I can keep you bullying. Starting from today, I have the final say in this family. You'd better be honest, otherwise you can fight three times a day and watch it yourself. Do it."

"Hehe, George Han, you..."

Before he finished speaking, Han Jun stood up, kicked Lily Jiang's abdomen, and said, "Did you not hear what I said? Hurry up and bring me water."

Lily Jiang held his belly in pain and sat on the ground, scared by George Han's aura that he dared not speak.

This guy, how dare to be so bold, how dare not to put her in his eyes!

“I don’t want to repeat what I said before.” Han Jun said coldly, and sat down again.

The chilling He Ting quickly gave Han Jun a glass of water, but was slapped off by Han Jun.

“Did I let you take the water? Didn’t you hear what I said, or did you have a problem with your brain and can’t understand it?” Han Jun stared at He Ting fiercely.

He Ting took a few steps in fright, bowing her head pale and pale.

Lily Jiang endured the pain and poured a glass of water for Han Jun. Although she didn’t know why the George Han in front of her became so irritable, when Amelia Su came back, would he be arrogant?

This time, I will definitely let Amelia Su divorce you!

There is absolutely no place for you to speak in the Su family where I have Lily Jiang.

After Wilson Su returned home, he heard about Lily Jiang’s beating, and asked Han Jun to reason, but he was beaten by Han Jun without any suspense.

He is not George Han, and would not regard Lily Jiang and Wilson Su as his father-in-law. In Han Jun’s eyes, these two are at best passers-by.

Amelia Su, who was off work, returned home. When she saw George Han sitting on the sofa, she smiled unconsciously on her face, and finally came back. It’s good to be back.

Chapter 142

“Amelia, you are finally back.”

“If you don’t come back, this home will almost turn the sky over.”

Seeing Amelia Su, Lily Jiang and Wilson Su quickly walked to her.

Seeing Wilson Su’s blue nose and swollen face, Amelia Su asked puzzledly: “Dad, what are you doing here? Why were you beaten?”

“You also said that he was the one who beat him. He even beat your mother. I asked him to reason, and beat me again without saying anything.” Wilson Su gritted his teeth.

George Han?

How can this be! How could he hit someone.

“Don’t you rascal George, how could it be him.” Amelia Su didn’t believe them at all. She knew exactly what kind of person George Han was, so how could he beat others?

At this time, Han Jun stood up, turned his head and said, “I did it. You don’t have to doubt.”

When Han Jun saw Amelia Su clearly, he was shocked. This appearance was better than those supermodels he had played with. George Han had such a good luck with Amelia Su and got such a beautiful wife!

Amelia Su heard these words as if struck by lightning.

How come, how can George Han hit people!

“George. Are you... did they force you to do something?” Amelia Su asked. In her opinion, it must be Lily Jiang and Wilson Su who made excessive demands on George Han, so George Han would do it. .

“Amelia. What do you mean by these words, is it my fault that he hit me?” Lily Jiang was immediately unhappy when he heard this, and she did not do anything excessive today, but George Han Let her take water as soon as she gets home.

“He has completely ignored us now. I think he has stiff wings.” Wilson Su said.

Amelia Su looked at George Han. It didn't matter what Lily Jiang and Wilson Su said. She wanted to see how George Han explained. She knew her parents very well. Believing them is better than trusting George Han.

But the person in front of him was Han Jun, not George Han, so Amelia Su was completely dumbfounded by his words.

“From today, this family. I have the final say, I hope this is the last time they have been beaten.” Han Jun said indifferently.

Amelia Su stood blankly on the spot, this was not the George Han she knew at all, it seemed that someone had changed suddenly, but...but his appearance was indeed George Han!

“You... why do you want to do this, why do you want to beat people.” Amelia Su asked in a deep voice.

“I have been humiliated for three years, isn't it enough? Why do I need to ask why? In your eyes, I should be worthless for a lifetime?” Han Jun smiled.

This sentence was a huge blow to Amelia Su, because George Han had undergone earth-shaking changes, and it was no longer the George Han she knew.

Three years of humiliation is indeed enough for him, but does he need to use this method to prove that he is no longer cowardly? In any case, these two people are considered his parents, aren't they?

Could it be that after going to Jinqiao City once, he changed completely?

"When is the meal?" Han Jun said to He Ting, touching his stomach.

He Ting was also very afraid of Han Jun. After hearing this, he quickly said: "Now you can eat."

Han Jun took the lead on the dinner table, regardless of whether other people moved their chopsticks. He had a good meal. After eating, he threw away his bowl and chopsticks and asked Amelia Su: "Where is our room?"

At work, Amelia Su made up her mind to let George Han go to sleep in her room, but seeing George Han's current state, she naturally couldn't accept that she had a relationship with George Han, and pointed to the room belonging to George Han. "Over there."

Han Jun smiled faintly, and he would be happy to take care of his wife tonight and take care of his wife for his poor brother.

Back to the room, Han Jun felt something was wrong. Why did you choose such a room for such a big Villa? But he didn't care too much, lying on the bed comfortably, waiting for Amelia Su to go to bed.

For Han Jun, who had spent a difficult time in prison, it was a pleasant thing to sleep with peace of mind.

In the big room, Han Jun didn't dare to relax his vigilance even in the middle of the night, because he didn't know when Guan Yong would drag him up and beat him

up in the big room. His position is that of a poor worm who can be ravaged by others, and Guan Yong uses beating and scolding for his own pleasure.

Fortunately, he finally left that ghost place, and no longer need to be tortured by Guan Yong.

Han Jun couldn't help thinking of George Han, this time. Is he cleaning the toilet? Or do you kneel in front of Guan Yong and sing?

“It's a pity that Guan Yong wants to sit in the prison. I don't even have a chance to take revenge. I hope you can treat my brother well. It's best to play a few more times a day. That wastefulness is enough for you to play.” Han Jun smiled. Talk to himself.

Han Jun thought that George Han was suffering in prison, but at this time, Guan Yong was massaging George Han.

The relaxed Han Jun fell asleep unconsciously, and when he woke up, it was already three o'clock in the morning.

Finding that Amelia Su wasn't lying beside him, Han Jun couldn't help but laughed: “That's a waste. It's not like you haven't slept with Amelia Su for so many years. It's damn useless.”

Sitting up, Han Jun rubbed his face to make himself more awake, and continued: “If you haven't touched it, it would be cheaper for me. Such a beautiful woman is still a good place. I am making a lot of money.”

Finished. Han Jun only wore a pair of pants and left the room.

After determining which room Amelia Su was sleeping in, Han Jun kicked the door open.

Amelia Su, who was sleeping, was awakened instantly. When she saw Han Jun, she asked with trepidation: “George Han, what do you want to do?”

“Cry?” Seeing Amelia Su’s red eyes, Han Jun said with a smile.

Amelia Su was indeed crying, because she did not expect that George Han would suddenly have such a big change, and such a change made her feel that she was getting further and further away from George Han. She was very afraid that she would be completely separated from George Han because of this matter.

“So poor, let me comfort you.” Han Jun walked into the room and closed the door.

Amelia Su sat up, hugging her knees. Said vigilantly: “What do you want to do, get out.”

“What are you doing?” Han Jun smiled coldly, and said: “You are my wife, what else can I do to you? Sleep with me. Isn’t it just a matter of course?”

Amelia Su shook her head in disbelief.

How could George Han say such a thing? This is simply not something that George Han can do.

“No, you’re not George Han, who are you!” Amelia Su said in horror. She has been with George Han for three years. She is very familiar with George Han, but the person in front of her feels like a stranger. Even if a person changes, it is impossible to suddenly become like another person.

“Who else can I be if I am not George Han? Look at me, can it be fake?” Han Jun smiled and walked to the bed.

Amelia Su grabbed the pillow and threatened Han Jun: “You go out quickly, or I will be welcome.”

“Hey, if I can’t even deal with a woman, wouldn’t it be a waste? And I have a husband and wife relationship with you, and you are not raped.” Han Jun was hungry and pounced directly on Amelia Su.

Amelia Su resisted vigorously, but as a woman, how could she be stronger than Han Jun?

Han Jun clung to Amelia Su’s hands tightly. During the prison disaster, he had never touched a woman. Now, with the beauty, the animal desires are no longer under control.

“You’d better f*ck me be honest.” Han Jun threatened.

Amelia Su couldn’t follow it, because she could clearly feel that the person in front of her was not George Han at all.

“You go away, you go away, don’t touch me.”

“Grass and mud horses, don’t toast or drink fine wine.” After speaking, Han Jun slapped Amelia Su’s face and pulled Amelia Su’s hair forcefully.

Amelia Su couldn’t help screaming because of the pain, but Han Jun didn’t have the slightest pity, but became more excited.

“You haven’t slept with him yet, let Lao Tzu come to satisfy you.” Han Jun said this unconsciously. Although he didn’t notice it, Amelia Su was frightened to hear it.

Sure enough... he really is not George Han!

But who on earth is he and why does he look exactly like George Han.

Chapter 143

Amelia Su struggled with fear, yelling, and the movement soon reached the ears of Lily Jiang and others.

He Ting was the first to rush into the room, and when she saw Han Jun forcing Amelia Su, she shouted anxiously.

Soon, Lily Jiang and Wilson Su also came.

The three of them pushed Han Jun away and protected him in front of Amelia Su.

“George Han, what the hell are you doing.” Wilson Su glared. For more than three years, Amelia Su didn’t let George Han get it. He didn’t expect that he would do such a brutish thing.

“You beast, you dare to force my daughter, believe it or not, I go to the police.” Lily Jiang said angrily.

He Ting was also very angry in her heart. She couldn’t think why George Han would become like this. Although they are husband and wife, they are not willing to Amelia Su. He can’t mess around either.

After all, Han Jun is not George Han. Faced with the embarrassment of the three people, he was powerless and could only say: “You are nosy, I sleep with my wife, it is natural and proper for you to be a gadget.”

The position of these remarks is tenable, after all, they are legal couples.

But regardless of Lily Jiang or Wilson Su. This kind of thing is not allowed to happen, because in their eyes, George Han is not worthy to tarnish Amelia Su’s innocence.

Especially Lily Jiang, she also hopes that Amelia Su and George Han will divorce. How could George Han have a relationship with Amelia Su?

“George Han, get out of here. From then on, you are not qualified to come back to this Villa.” Lily Jiang said sharply.

Han Jun smiled faintly, and said, “Mom, do you dare to let me go? Believe it or not, I will kill the Su family in minutes?”

“You can come if you have the ability, I want to see how good you are.” Lily Jiang said with disdain.

As the saying goes, heroes don't suffer from immediate losses, and Han Jun can't subdue the three in front of him, so he can only give up, but he has to find a place to vent his lust.

The most famous place in Basin City is Jinqiao City. After leaving the Yundingshan Villa area, Han Jun took a taxi and went there.

Amelia Su is not only afraid of what Han Jun did to her tonight, but also feels terrified about the identity of this familiar and stranger.

Why does a person who is not George Han look a lot like him?

“Amelia, I told you that this beast is not a good thing. You should believe me now, divorce, you must divorce, otherwise, he will definitely do this to you in the future, it is best to leave He is far away.” Lily Jiang said to Amelia Su.

Although Wilson Su wanted to do this very much, but George Han is now involved in the Heavenly Family, and he still holds the Su Family's handle. If he divorces George Han at this time, he tells the Su Family's suspicions to the Heavenly Family, the consequences will be disastrous.

“Can’t leave.” Wilson Su said.

Lily Jiang turned his head to look at Wilson Su with a surprised look, and said, “Are you having a convulsion? You actually helped George Han to speak, leaving this beast at home, if we are not at home next time, he will do this again. What to do with this kind of thing?”

Wilson Su sighed, why not worry? However, the involvement of divorce is too broad, and it is impossible to do so.

“Have you forgotten the death of the old lady? At this time, you divorced George Han, and he went to tell the heavens that we suspected that Tian Linger killed her mother. Can you bear the consequences?” Wilson Su said.

Lily Jiang heard this. He calmed down a lot in an instant, and gritted his teeth and said: “This animal must rely on this, so he dared to face the chaos of Xia.”

Amelia Su listened to their conversation, and the fear in her heart gradually diminished, and she was more worried about George Han.

Because this identical person appeared, his existence seemed to replace George Han, so where did George Han go? Will he be in any danger!

“Mom, go to bed, I want to be quiet.” Amelia Su said.

Lily Jiang asked with a worried look: “Are you okay, don’t have any psychological shadows.”

Amelia Su shook her head. The other party was not George Han at all, how could she have a psychological shadow, she was just worried about George Han’s situation now.

In Jinqiao City, Han Jun called two women at once, and when he hugged left and right into the room, he met a middle-aged man passing by.

Han Jun didn't think there was anything, but the middle-aged man frowned.

Tian Honghui, the son of Thomas Tian. He is also the father of Tian Linger.

At Thomas Tian's birthday banquet, George Han was invited to sit at the main table. Thomas Tian also introduced George Han to the Tian family, although Tian Honghui was surprised at George Han's identity. However, after hearing Tian Linger talk about George Han recently, he probably understood why Thomas Tian admired George Han.

How could he come to such a place and pass by, as if he hadn't seen himself!

Tian Honghui returned home. I found Thomas Tian early the next morning.

"Dad, what kind of person is George Han?" Tian Honghui asked Thomas Tian.

Thomas Tian was so happy recently that he was George Han's apprentice, but how could Tian Honghui suddenly ask George Han?

"Why are you suddenly interested in George Han?" Thomas Tian asked.

Originally, Tian Honghui didn't care about this matter, and he was not qualified to manage it.

Although Thomas Tian is only asking about the company now, the children under his knees dare not ask more about what he is going to do.

But when I met Han Jun in a place like Jinqiao City last night, to Tian Honghui, he would have mistaken it for George Han. Moreover, he pretended not to recognize himself again, which made Tian Honghui feel that he was a little arrogant.

“I think this young man is a little arrogant.” Tian Honghui said.

“He is arrogant? I think he is quite modest.” How could a person with a arrogant heart endure in the Su Family for three years? In addition, during this period of contact, although George Han had the arrogant capital, he never showed a arrogant look, so he was in the impression of Thomas Tian. George Han is a low-key person.

“I ran into him in Jinqiao City last night and passed him by. It was as if he didn’t know me, it’s not what arrogance is.” Tian Honghui said.

“Jinqiao City?” Thomas Tian frowned. How could George Han go to Jinqiao City? It stands to reason that he is not such a talented person, and said: “You can’t read it wrong, right.”

“Dad, I’m not that old yet. You think of me as presbyopia? And he still hugs right and left, how could I be mistaken.” Tian Honghui said.

Thomas Tian sank his face, this kid still has a hobby in this respect.

Although men need to vent their desires. But Jinqiao City is not a good place after all, and he still wants to match Tian Linger and George Han. If George Han was such a person, wouldn’t he push Tian Linger into the fire pit?

“This matter. Don’t tell other people.” Thomas Tian reminded.

Tian Honghui also felt sorry for his daughter, and he probably guessed Thomas Tian’s thoughts, and said, “Dad, Tian Linger is still young now, don’t worry about some things, and you have to keep your eyes open to see clearly, don’t hurt Linger.”

Thomas Tian glared and said, “This is my precious granddaughter, can I harm her?”

Tian Honghui shrank his neck with a guilty conscience. Although he was the superior Tianzong in front of people, he was just a son in front of Thomas Tian.

“And you, I’ve told you countless times that you don’t go to places like Jinqiao City, and being known is to discredit the Tianjia.” Thomas Tian said.

Tian Honghui nodded repeatedly, saying that he would never go again next time, and then used the excuse that the company still had things to do.

After a while, Tian Linger walked out of the room with sleepy eyes, a loose pajamas concealing her perfect figure, lazily stretched her waist, and said to Thomas Tian: “Grandpa, George Han has disappeared for a long time. You can ask him out for me.”

Thomas Tian also wanted to test what kind of person George Han Zhili was. If this guy was really a deeply hidden jackal, he would not allow Tian Linger to continue to contact George Han.

“Grandpa is indeed looking for him today, but you can’t go.” Thomas Tian said.

“Why? Grandpa, aren’t you afraid of losing your beard?” Tian Linger threatened.

This time Thomas Tian did not show any fear, and said: “Listening to Grandpa, there will be opportunities to meet in the future.”

Tian Linger knew that grandpa must be serious when he was so serious, and he didn’t dare to say more about what might have happened.

Chapter 144

Amelia Su stayed up all night, and after dawn, she decided to go to Lin Yong, because this George Han was not George Han at all, and Lin Yong had contact with George Han before, maybe he could help with this matter.

Throughout the night, Amelia Su was confused, thinking about various unknown situations, and even thought that George Han might have an accident. This made her more and more afraid and worried.

After inquiring, Amelia Su knew that Lin Yong was in the magic city nightclub, but when he arrived at the magic city early in the morning, the gate here was closed. After all, it was a nightclub. There was no reason to open the door early in the morning.

Amelia Su could only knock on the door desperately.

Soon, the people inside were alarmed and opened the door with a dissatisfaction look: “What is the noise, early in the morning, urging your life?”

“I want to see Lin Yong.” Amelia Su doesn’t touch such occasions often. He didn’t even know how to deal with people in the gray area, so facing the menacing Lin Yong, he seemed a little scared.

Seeing that Amelia Su is a big beauty, his subordinates suddenly came to his senses and said: “Beauty, you don’t have to wait to find a man, otherwise, I will satisfy you?”

Amelia Su waved her hands again and again and said, “I’m here to find Lin Yong. Not a man.”

Looking for Brother Yong?

Is this woman Yong's lover?

The eldest woman, where did he dare to molest, hurriedly straightened her face and said: "Beauty. You think I didn't say anything just now, I will call you Brother Yong."

If someone else wanted to see Lin Yong, he would have been driven away long ago, but Amelia Su is a beautiful woman, so how dare the little brother be negligent.

Lin Yong was also asleep this morning, was disturbed by his dreams, and kicked the little brother directly.

"Brother Yong, a big beauty is coming to you. I think she can't wait, maybe it's home delivery." The little brother said with a bitter expression.

beauty?

There is no shortage of women around Lin Yong, and there are many beauties, but how could he suddenly come to him?

Damn it!

Lin Yong was taken aback. It wasn't that the protective measures were not in place.

Originally, Lin Yong wanted to let the younger brother give some money casually, but he didn't know who the other party was, so he couldn't help but be curious to see it in person.

At the gate of the magic city, when Lin Yong saw Amelia Su, he was so frightened that he was so frightened, where the hell is his woman, this is the sister-in-law!

“Miss Su. Why are you here?” Lin Yong said with a horror. If George Han knew about this misunderstanding, he would not be able to eat it.

Seeing Lin Yong’s respectful attitude towards him, Amelia Su was even more certain of his previous thoughts. George Han didn’t ask Lin Yong for money at all. The two must have some kind of relationship.

“I want to ask, regarding George Han, do you have time?” Amelia Su said.

“Yes, yes, of course, Miss Su, please come in.” After Lin Yong took Amelia Su into the magic city, he asked the younger brother to inform Mo Yang. After all, it was about George Han. He didn’t dare to talk nonsense. In Demon City, the real boss is Mo Yang, and he has no voice.

After a while, Mo Yang appeared in the lobby. He was very familiar with Amelia Su. After all, he watched George Han pick up and drop off for three years.

“You... aren’t you the owner of the commissary downstairs in our company?” Amelia Su looked at Mo Yang in amazement. George Han often stayed in the commissary, so Amelia Su also remembered Mo Yang’s appearance, but he was just the owner of the commissary. How could it appear here?

Mo Yang didn’t expect Amelia Su to know herself. He smiled and said: “I didn’t expect Miss Su to know me. It’s my honor. I don’t know why you are here?”

Amelia Su couldn’t figure out the relationship, but she didn’t come for Mo Yang, so it didn’t matter who Mo Yang was, and said, “I want to know something about George Han. Do you know what he is doing recently?”

Didn’t George Han leave Basin City and haven’t come back?

“Miss Su, you are his wife, you don’t know what he is doing, how can we know.” Mo Yang said.

Amelia Su knew that if she simply wanted to ask them about George Han, she would definitely not be able to ask. So I can only tell the whole story of last night first.

When Mo Yang heard this, his expression instantly became serious.

George Han said something inexplicable to him before, I'm not like me, I'm not me, at that time Mo Yang was at a loss and couldn't understand it at all.

But now Mo Yang somewhat understands why George Han said such things.

Basin City, there will be a person exactly like him!

“Miss Su, are you sure that he is not George Han?” Mo Yang asked, although he also felt that George Han would not force Amelia Su. But man, that thing is on his head, I can't tell.

“En.” Amelia Su nodded heavily, she was 100% sure of this, and said: “He said it. I haven't slept with him yet. He in his mouth should refer to George Han.”

Mo Yang took a deep breath, what the hell was this drama.

“By the way, George Han once said a word to me. Laozi has no place in the world, so I will be the master of Hengshan. This sentence can be used to verify his identity. You say the first half sentence, if he can't answer in half a sentence, he is definitely not George Han.” Mo Yang said.

Amelia Su asked suspiciously, “Did he deliberately tell you before he left?”

Mo Yang nodded. It seems that George Han had expected such a thing to happen a long time ago, so he would mention him in advance. This kid is a little unpredictable.

But he knew it would happen, how could he not want to avoid it?

Amelia Su immediately took out the phone. Dialed George Han's number.

When Han Jun came to Basin City, in order to completely change his identity to George Han, he naturally took George Han's mobile phone.

When the call was connected, Amelia Su pressed down the PA building and said, "I have nowhere in the world."

"You figured it out, are you going to go to bed with me?" Han Jun can't understand what this sentence means, enjoying the close service of two women around him, but these vulgar fans are still compared with Amelia Su. There is a certain gap, so he is more willing to spend his energy on Amelia Su.

Amelia Su. The expressions of Mo Yang and Lin Yong changed drastically. He couldn't answer. It was definitely not George Han.

Amelia Su seemed very scared, and hung up the phone in a panic, and said to Mo Yang: "He is not George Han, what should we do now?"

Mo Yang also found it difficult to face this problem. Who was this person, where did George Han go, and why did he pretend to be George Han. These series of questions instantly turned Mo Yang's mind into a paste.

"Boss Mo, how about just arresting him and torturing him?" Lin Yong suggested.

Mo Yang shook his head without hesitation, grasping it easily. However, if George Han is in the hands of the opponent, once he stuns the snake, it is likely to bring fatal danger to George Han, and now he does not know the opponent's purpose, how can he act easily?

“Since George Han has foreseen this situation a long time ago. He should have secret arrangements. We’d better not do anything to avoid ruining George Han’s plan.” Mo Yang said.

Lin Yong nodded. George Han’s ability to leave Mo Yang with those people did show that he had anticipated it. Since there is an expectation, there must be measures to deal with it.

“It seems that we can only watch the changes now.” Lin Yong said.

Mo Yang looked at Amelia Su. After what happened last night, it was a very dangerous thing for Amelia Su to stay with the fake George Han. He treated Amelia Su as a brother-in-law, and he must not let her have an accident.

“Miss Su, this person is very dangerous to you. If you believe us, you can live here.” Mo Yang said.

Amelia Su knew that living in a Villa would be dangerous, but after all, the magic city was an unglamorous occasion, and she was a woman, and she would definitely not be able to live with a group of big men.

“No, I have a good sister, and I can live with her house recently.” Amelia Su said.

Mo Yang nodded and said, “It’s okay, but during this time, I will let someone protect you. I hope Miss Su can agree.”

Amelia Su was faintly surprised in her heart. As she thought, George Han had an extraordinary relationship with these people. At the beginning, it seemed that she was lied to Lin Yong when she asked for money.

But why is he so powerful? Why even Lin Yong has to give him face?

Chapter 145

When Shen Lingyao learned that Amelia Su was coming to live in her own home for a few days, she was very surprised, because she was so painstakingly persuaded that Amelia Su wanted to meet George Han's needs, and she had to move out of the Villa. This is not more cold to George Han. Yet?

After questioning on the phone, there was no result, Shen Lingyao could only clean the house.

It didn't take long for Amelia Su to show up with luggage, and Shen Lingyao looked desperate when she saw it with large bags.

She was not afraid of being disturbed by Amelia Su, but Amelia Su did it. Don't you care about the relationship between her and George Han?

"Amelia, are you planning to live here for a long time? What happened?" Shen Lingyao asked.

Amelia Su knows this sister's temper very well. If she doesn't tell her the truth, she will definitely break the casserole and ask the end.

"Do you believe that there are people who look exactly the same in this world?" Amelia Su said.

"Twins, what can't you believe." Shen Lingyao said.

Amelia Su was shocked. Whether it was her or Mo Yang Lin Yong, they were just guessing who this suddenly appeared person was. However, he completely ignored the reason for the same appearance. When Shen Lingyao said so, Amelia Su Tiou empowered.

twin!

Could it be that George Han still has an older brother or younger brother!

Seeing Amelia Su suddenly froze, Shen Lingyao said in confusion: “What are you doing, what are you doing suddenly?”

Amelia Su took a deep breath and said, “The current George Han at home is not George Han.”

“It’s not George Han, what do you mean.” Shen Lingyao was puzzled.

“Perhaps, he may be George Han’s twin brother or younger brother.” Amelia Su said.

Shen Lingyao was stunned. George Han is not George Han, but his twin brother?

Thinking about the situation yesterday, Shen Lingyao could indeed feel the tremendous changes in George Han, especially the thing that asked her to go to the room, it was not something George Han could do!

No wonder. They are not alone at all!

“Let me go, what’s the situation, how can George Han suddenly have a brother who is exactly the same, and he pretends to be George Han?” Shen Lingyao was completely overturned. It is not surprising that there are twin brothers, but why does he want to appear in Basin City in the name of George Han? And also wanted to have a relationship with her in the name of George Han.

Amelia Su shook her head and said: “I don’t know, but he should have a solution.”

As Mo Yang said, he foresaw in advance that he would definitely have another plan. For the sake of George Han’s safety, he should not be surprised.

“How do I feel like something big is going to happen?” Shen Lingyao’s heartbeat suddenly accelerated.

Amelia Su also thinks so. No one knows who George Han is in the Su family. What kind of background he uses and why his grandfather insisted on letting him into the Su family at the beginning are all mysteries. Amelia Su feels vaguely through this time. thing. Maybe we can know some secrets about George Han.

Hillwood City Qincheng.

The third day of Gopher’s imprisonment was also the deadline given by George Han.

Out of understanding of Qin Cheng, Gopher formulated two plans for George Han, but because he was well-known, he could not participate in this plan, otherwise the probability of being discovered would be much greater, so he only gave George Han in detail. Qian described how to get out of here.

“There is only so much I can do. If you can’t get out, you can’t blame me. After all, this is Qincheng, and countless eyes are staring at me every day, I have no other good way.” Said.

“How about you?” George Han asked.

The gopher smiled and said, “It’s rare to come here. I want to stay longer. After all, this is the highest standard prison.”

If you can think of going to jail as a fun thing, there is probably no one else besides the gopher.

George Han kept in mind every word the gopher said, and when the wind was over, he returned to the big room and began to ponder it seriously.

As the boss of Dafang, Guan Yong used to be massaged by people, but now, every time the wind is over, he personally massages George Han.

There was always a doubt in Guan Yong's heart, how could Han Jun suddenly undergo an earth-shaking change, completely changing a person. The temper is different, the skill is also different, even he suspects that the original Han Jun has been dropped.

But he didn't dare to say such things casually, he could do this, I don't know how many people were used, and when outsiders knew his guess, it is estimated that he will live soon.

"Boss Han, how's your strength?" Guan Yong asked with a shy face.

"When I go out, I might miss your massage." George Han smiled.

Get out!

A cold sweat broke out on Guan Yong's forehead. His sentence was ten years. Is it too early to say it?

"Guan Yong, I don't know what you committed to come in. Didn't you do anything that hurts the truth?" George Han asked with interest.

Guan Yong smiled and said: "In fact, it's not a big deal. He has formed a gang, which is of a gray nature."

George Han raised his brows, and he didn't see that Guan Yong was still a boss-level figure, but it seemed that after a long time, his aura had faded a lot.

There is a chance to fish him out, but it is a good pawn.

As night fell, everyone in the big room was asleep. George Han stood up quietly.

At the same time, in the Han family compound, Nangong Qianqiu also had a plan for George Han.

In the past few days, Nangong Qianqiu's insomnia is very serious. If you close your eyes, you will see the miserable situation of the Han family after deeds have been revealed. This made her more restless. It can be said that if George Han survives for a day, she can't feel at ease.

Nangong Qianqiu was already planning to arrange for someone to enter Qin City and directly killed George Han because she couldn't wait any longer. There is no way to endure such suffering anymore.

For Han Jun, she can do anything, because in her eyes, to support the future of the Han family, only Han Jun can do it.

The appearance of the emperor, this is a sign given by God, and no one can change it.

The door was pushed open, and a man in a black corset walked into the room.

Nangong Qianqiu said indifferently: "Kill, George Han, within two days."

The man in black didn't talk much. Nodded and left.

Nangong Qianqiu didn't hesitate to kill her own grandson, and Tieshi's heart was at the extreme, enough to see how low George Han's status was in her mind.

After the man in black left, a person who made Nangong Qianqiu unexpected appeared.

Yan Jun.

Nangong Qianqiu knew that Jun Yan had been secretly helping George Han, but for so many years, that waste still did nothing, and Basin City was notoriously useless.

“Are you going to help him speak?” Nangong Qianqiu said coldly.

Jun Yan shook his head and said faintly: “I said. I won’t interfere with any party, but you just believe that, Han Jun is the one who has the emperor’s appearance?”

Nangong Qianqiu snorted and said: “Is there anything else to question? As long as you have eyes, you can see that Han Jun is better than George Han’s trash.”

“You only want to look at Han Jun. You have never fixed your eyes on George Han. What if you have eyes long?” Yan Jun said.

Nangong Qianqiu’s face changed, full of coldness, and said, “Are you turning around and calling me blind?”

“Have you ever thought about it. If the Taoist priest was bought by someone, what if someone secretly wanted to destroy the Han family?” Yan Jun said.

“Hahahahaha.” Nangong Qianqiu laughed suddenly and said: “The Han family has many enemies, but it took more than ten years to frame the Han family. And it is still such an absurd way. Who has this idle time? I know you more. You value George Han, but don’t forget, you are just the bodyguard of the Han family, you value it. It means nothing.”

“I have to admit that the Han family is a big tree, and it is not easy to bring it down. Over ten years is nothing. I hope you will not regret your decision.” Yan Jun said.

“Jun Yan, look at it, the Han family will be taken to the next level in Han Jun’s hands. My decision can never be wrong.” Nangong Qianqiu gritted his teeth, even

if it was wrong, how could this stubborn old lady be wrong? Admit it? So the best way to kill George Han is that there is no right or wrong, and the Han family will no longer be threatened by this incident.

At this time, the door of the room was opened again, and Nangong Qianqiu instantly appeared in horror!

Chapter 146

“Han...George Han!” Nangong Qianqiu looked at George Han in horror. How could he be here? Didn't he go to jail instead of Han Jun in Qincheng? How come out!

George Han stretched out his hand, and the man in black who had left just now was too dead to die.

When Nangong Qianqiu saw this scene, his face turned pale.

This was a master she found, who wanted to enter Qincheng to kill George Han, how could it be. How could he die in the hands of George Han?

If it weren't for Yan Jun in her room, Nangong Qianqiu would definitely think that Yan Jun did this, but... but Yan Jun was by her side.

“Nangong Qianqiu, based on this kind of waste, do you want him to kill me?” George Han said coldly.

Nangong Qianqiu gritted his teeth and looked at George Han, and said in a cold voice: “I don't care how you kill him, do you know what kind of disaster your escape will bring to the Han family.”

“Disaster?” George Han smiled coldly. Said: “Nangong Qianqiu, this is caused by you alone, why do you think that George Han will willingly replace Han Jun in jail? And in order to prevent this matter from being discovered, you have to kill me, really Take my George Han as a dumb dog?”

Nangong Qianqiu is indeed too cruel to do this, but she herself feels that it is not excessive. If Han Jun can support the Han family, he should naturally not go to jail. Even if he made a mistake that led to this result, in Nangong Qianqiu's view, he should not bear it.

Since George Han is a waste, let him replace this matter. Isn't this taken for granted?

“George Han, you are not promising, can you blame others? It is your honor to go to jail instead of Han Jun.” Nangong Qianqiu said.

“Honour?” George Han laughed loudly when he heard this. The laughter was full of helplessness and bitterness. He couldn't imagine how humble he was in Nangong Qianqiu's mind. It was an honor to be a scapegoat.

“Nangong Qianqiu, you open your eyes and see who is the waste.” After all, George Han turned and wanted to walk out of the room.

Nangong Qianqiu is anxious when he sees this. If George Han does not return to Qincheng, he will inevitably alarm the great Qincheng tomorrow. At that time, the Han family will pay a painful price for this matter!

“George Han, I don't need to kill you, but you must go back immediately.” Nangong Qianqiu said.

“Why do you think you can order me? You didn't treat me as a grandson, do I still treat you as a grandmother. If you want me to die, do I have to accept it with a honour? Nangong Qianqiu, you Where is the arrogance, where is the self-confidence, where is the shamelessness!” George Han did not look back, his tone was very plain, but extremely cold.

Nangong Qianqiu's noodles are like pig liver. She doesn't think she is shameless. All of this is done so that the Han family can continue to prosper, so that the Han family can better gain a foothold in Hillwood City.

What is it to sacrifice a mere George Han for the Han family?

“You have the blood of the Han family. What is it to make a sacrifice for the Han family?” Nangong Qianqiu said.

“It should not be me who sacrificed, but him!” George Han finished speaking, and left in a big stride.

Nangong Qianqiu roared in panic: “George Han, where are you going, you will come back to me.”

“Basin City, let the real trash know. Also let you know who is the emperor’s face.”

Nangong Qianqiu took a sigh of relief, and George Han’s momentum at this moment was so strong that even she felt extremely heavy pressure.

She knew that George Han could not be allowed to return to Basin City. Otherwise, the affairs of the Han family would be revealed, and once Han Jun fell into George Han’s hands, the consequences would be even more disastrous.

“Jun Yan, I order you to kill George Han immediately.” Nangong Qianqiu said to Jun Yan with cold eyes.

Yan Jun glanced at Nangong Qianqiu indifferently, and said, “I said, I won’t interfere with the two of them.”

“Jun Yan. You are the bodyguard of my Han family, and you are obliged to protect the safety of the Han family. Now the Han family is in danger, should you just ignore it?” Nangong Qianqiu said angrily.

“You are the one who put the Han family into crisis. Next, let us wait and see who is the real emperor of the Han family.” said Yan Jun.

Nangong Qianqiu was so furious that George Han was a waste thing. How could it be the appearance of the emperor.

After so many years, what achievements and capabilities George Han has, he doesn't even have the ability to say a good word. What can be done?

"If you don't kill him, I will find someone to kill him." Nangong Qianqiu gritted his teeth.

"I advise you to give up this idea, maybe you can save Han Jun a life, if you drive him to a desperate situation. Not only Han Jun, even you, will also die." Yan Jun finished and left. room.

Nangong Qianqiu smiled angrily, George Han dared to kill her, this is simply a fantasy.

"Trash things, I will never allow you to ruin the Han family."

That night, George Han took the opportunity to return to Basin City. The time is so early in the morning.

Anxiously, he came to the home of the mountainside Villa, hoping that Amelia Su did not mistake Han Jun for himself, otherwise, the consequences would be unimaginable for George Han.

Lily Jiang and others were still sleeping, George Han saw no one in Amelia Su's room, and there was no Han Jun, which made George Han feel extremely cold.

These two are not at home, where would they go?

He Ting was disturbed by the door opening. He Ting walked to the living room in a daze, and when she found George Han, she said directly: "You don't need to find Amelia, she is not at home."

He Ting's tone was very cold, and there was a hint of blame. George Han knew that Han Jun must have done something that made He Ting unhappy.

“Aunt He, where did Amelia go?” George Han asked.

In the eyes of He Ting. George Han and Han Jun are the same person, so she naturally wouldn't tell George Han where Amelia Su is.

“George Han, why did you become like this now?” He Ting was a little angry in her incomprehension.

At this time, Lily Jiang and Wilson Su also went downstairs. Seeing George Han, it is natural to be angry.

“George Han, you beast, you still have the face to come back. Get out of here.” Lily Jiang said while standing on the stairs. Wilson Su didn't dare to go downstairs because both of them had been beaten by Han Jun, so they didn't dare too close to him.

Nothing really happened.

Han Jun, you damn thing!

George Han took a deep breath, and his clenched fists trembled. He had only one thought now to kill Han Jun.

After leaving the Villa, George Han went to the magic city nightclub again. He had to ask Mo Yang and Lin Yong to mobilize their staff to find Han Jun in the first place.

Not long after the Demon Capital was closed, it hadn't closed yet, and Mo Yang and Lin Yong hadn't rested either. Because of George Han's affairs, the two of them are now very troubled.

“Mo Yang, Lin Yong.”

Hearing the sound, Mo Yang and Lin Yong turned their heads at the same time, but they obviously had a wary expression.

“Who are you?” Mo Yang asked.

“I have nowhere in the world. One bottle will be the master of Hengshan. If you don’t open the door, I’m afraid I will buy fake cigarettes.” George Han said.

Hearing this, Mo Yang was stunned, speeded up his pace and walked to George Han’s shoulder, slammed his fist on George Han’s shoulder, and said: “f*ck, you are back! Who is that person? Listen to Amelia Su. Looks exactly like you.”

Welcome summer?

Did she notice this thing?

If this is the case, perhaps the worst has not happened yet.

“What’s the matter? Where is Amelia now?” George Han asked.

Mo Yang told George Han the matter again, and also talked about Amelia Su’s stay in Shen Lingyao’s house.

After learning about Han Jun forcing Amelia Su, George Han’s killing intent was unstoppable, but fortunately, it didn’t really happen.

“Who is he?” Mo Yang asked.

“My brother, Han Jun.” George Han said.

“That’s true. Amelia called me and said it was probably your twin brother. But why did he borrow your identity to come to Basin City, and... and even his brother’s wife didn’t let go “Mo Yang was puzzled.

George Han didn’t want to disclose the Han Family for the time being. After all, it was related to his true identity, and George Han didn’t care about this identity for a long time, and he did not continue to regard himself as Han family’s. people.

“Help me find him.” George Han said.

Chapter 147

George Han didn't answer the question, and Mo Yang knew he didn't mention it on purpose, so he didn't ask more.

As Mo Yang and Lin Yong made a call, the streets of Basin City in the early morning became lively. Hundreds of people shuffled through the streets, walked into various hotels, clubs and entertainment venues, digging three feet in the air. Han Jun must be found out.

And Han Jun at this time. Still in the Wenrou Township of Jinqiao City, he didn't want to leave.

Perhaps it was because he had been in Qincheng for too long and had not been exposed to female s*x for too long, so he was now anxious to let all the women in Jinqiao City serve him.

“That rubbish, I must have never enjoyed such treatment before, really a poor worm.” Han Jun said with a smile, hugging left and right, like an emperor, thinking about George Han's situation. The more pitiful he felt.

After being kicked out of Hillwood City by the Han family, he couldn't live in a small place like Basin City, and fell to the point of being bullied and treated as a waste.

“But don't worry, I will rectify your name and let the people in Basin City know that you are not a waste. After all, I will have to live on your name in the future.”

“It's f*cking embarrassing to the Han family.”

After speaking, Han Jun was immersed in playing with female s*x again.

Yenching the next day.

Nangong Qianqiu received a private message, and Qin Cheng had discovered that George Han had escaped from prison, although the person who had been bought by her temporarily suppressed the matter. But the other party also asked her to send George Han back to Basin City in the shortest possible time. Otherwise, once the incident is exposed, not only the Han family will be finished, but all those involved in this matter will be affected.

Nangong Qianqiu knows how serious this incident will bring. Although she wants to kill George Han directly now, she has to send George Han back to Basin City before then. After all, she still has to protect her. His beloved grandson Han Jun.

On the same day, Nangong Qianqiu boarded a plane to Basin City.

For many years, Nangong Qianqiu has never left Beijing, and this time, this old lady has worked hard for Han Jun.

It's a pity that the person who was deeply despised and despised by Nangong Qianqiu was destined to make her lose everything.

The emperor's appearance!

That should belong to George Han.

Amelia Su has been living in Shen Lingyao's house these days. In order to avoid encountering Han Jun, she didn't even go to the company. Today the two of them would not go out unless they were hoarding food for the family.

But what Amelia Su didn't expect was that as soon as she got off the stairs, she saw George Han.

Shen Lingyao stood in front of Amelia Su for the first time and scolded George Han: "You hurry up and block us in broad daylight. Believe it or not, I will call the police to arrest you."

George Han looked at Amelia Su and said, “It’s me.”

Amelia Su was in a trance. This familiar tone and expression were exactly the same as George Han.

There is no such familiar feeling in that person.

Could it be that George Han is back?

“You... are you George Han?” Amelia Su asked.

George Han nodded and said, “The person you met before is called Han Jun.”

Amelia Su’s worries and misses for George Han during this period all turned into tides, and she couldn’t help but want to surge towards George Han.

But just after taking a step, Shen Lingyao grabbed her hand and said, “Amelia, don’t trust him so easily. Who knows if this guy is real.”

Amelia Su was reminded like this, and felt that he could not trust the person in front of him based on his feelings. What if he still pretended, just acting on purpose?

“Why do you prove that you are George Han?” Amelia Su said.

George Han smiled helplessly and said, “Unexpectedly, I have to prove that I am me, this...”

“Look, I said he was pretending, he didn’t know anything.” Shen Lingyao took a step back and looked at George Han warily.

Although Amelia Su felt like George Han in front of him, if he couldn't prove it, Amelia Su would not believe it.

“You can't prove yourself. It's not George Han.” Amelia Su said.

George Han touched his nose and said, “You sleep, sometimes you snooze, often sleep at the head of the bed and wake up at the end of the bed.”

“Underwear is never matched.”

“I don't like coriander and green onion for dinner, and I have two bowls of white rice for each meal.

Hearing these words, Amelia Su stood blankly on the spot.

These are the little details of life, he can tell. Explain that she knows her very well, if we don't get along day and night, it is impossible to know these things.

More importantly, Amelia Su thinks. Even George Han shouldn't know about underwear, he...could he have seen anything?

“How about it, believe me now?” George Han said with a smile.

Amelia Su's face was flushed. It's okay to sleep and eat, but how could he know that he doesn't like matching underwear?

“You... why do you know how I match underwear?” Amelia Su asked.

“Ahem.” How did George Han cough awkwardly? Of course, you can know it by peeking, but if you say this, you won't be hammered to death by Amelia Su.

“This...there is a mess in the closet, I guess.” George Han said perfunctorily.

“Guess what, I see you, I’ve seen it clearly. Rogue.” Shen Lingyao, who is not too big to watch the excitement, looked at George Han with contempt.

George Han glared at Shen Lingyao fiercely, and said, “Pay back the money.”

When Shen Lingyao heard this, he couldn’t help but shrink his neck. He even knew about this, it seemed that George Han was good.

“Well... you two, discuss it yourself, I still have something to go.” Shen Lingyao slipped faster than anyone else.

Amelia Su walked to George Han. I couldn’t help but want to give George Han a hug, because she was too worried about George Han’s safety recently, but her eager hands were finally restrained by her.

“Where have you been, what happened?” Amelia Su asked.

“Do you want to know who I am?” George Han said.

This is the biggest secret about George Han and the most curious thing about Amelia Su. Of course she wants to know.

The chicken nodded like a peck.

“I’m.....”

Just as two words popped out of his mouth, George Han’s phone rang. And it was Mo Yang who called, and it seemed that there was news about Han Jun.

After answering the phone, it was determined that Han Jun had been found in Jinqiao City and hung up. George Han said to Amelia Su: “You go home first, I have something to do.”

Amelia Su nodded and said: “Be careful.”

“Don’t worry, it’s just a clown.” George Han finished. The moment he turned, his face was covered with frost.

Golden Bridge City.

In Han Jun’s box, all the women had been driven away by Mo Yang’s men, and a bunch of men almost filled the box.

Faced with this situation, Han Jun was still very scared. Looking at it this way, these guys should have been offended by George Han, so they found him.

This trash brother, there is actually an enemy, what a f*cking trash.

“What do you want to do, want money?” Han Jun asked.

Mo Yang sneered coldly. This guy really looked exactly like George Han. It deserves to have come out of a womb. Even if he was very familiar with George Han, he still couldn’t see any flaws.

“Yes, I want money and owe me two billion. When do you plan to pay it back?”
Mo Yang smiled.

Han Jun was shocked, how could the waste owe a huge debt of 2 billion? Is this the f*cking piercing of the sky and using it to repair the sky?

“If you can’t get the money today, I can only take off your hands and feet, you can figure it out by yourself.” Mo Yang threatened.

Han Jun just came out of Qincheng, before he had time to enjoy life, if he had no hands and feet, he would be completely reduced to a waste.

At this time, he didn't care about the fact that the Han family's transfer was exposed, and said to Mo Yang: "You have admitted the wrong person, I am not George Han, I am Han Jun, this is my ID card."

Han Jun took out his ID card, and Mo Yang vaguely saw the words Hillwood City.

Since he is from Hillwood City, George Han must be from Hillwood City.

How could George Han join Su's family in Hillwood City, far away?

"Are you f*cking stupid for me? If you say it's not, it's not. Get the money, or you don't want to get hands and feet." After Mo Yang said this, the other people standing in the room took out one by one. Bright knife.

Han Jun was immediately frightened by this scene and immediately knelt down to beg Mo Yang for mercy.

Chapter 148

Seeing Han Jun kneeling and kowtow with his nose and tears, Mo Yang really couldn't understand why there was such a big gap between people who came out of a mother's womb.

Han Jun didn't look like a man at all. He was so useless that he had gold under his knees, and he would kneel when he said.

On the other hand, George Han, although the entire Basin City treated him as a waste. But in fact, George Han's performance has nothing to do with wimpy, it's just that those ignorant people mistakenly think he is wimpy.

The abilities of the two brothers are far apart.

Mo Yang glanced at his mouth with disdain, and said, "Don't you dare to act like a man?"

Han Jun doesn't care whether he is a man or not. As long as he can survive, he can avenge him in the future. What is a momentary humiliation?

And during that time in Qincheng. Han Jun is also a thoroughly obedient student. If he fails to fight, he will admit counsel, or he will be hit harder. This is the truth he has realized.

"Brother, please let me go, I'm really not George Han." Han Jun cried.

Mo Yang shook his head speechlessly. What qualifications does this kind of person have to be brothers with George Han?

I don't know that their home is in Hillwood City. What kind of existence is it that actually raises this kind of waste.

“Of course you are not George Han.” At this time, a familiar voice reached Han Jun’s ears.

Han Jun raised his head in disbelief.

George Han!

How could he appear here.

“George Han, you... why are you here. Are you in jail?” Han Jun asked.

“By the way, this is my boss, you can give him back two billion.” Mo Yang smiled and said, this kind of bones, he really can’t stand it anymore, it’s embarrassing to the man.

Han Jun was stunned, George Han was so useless to be the boss? Isn’t this an international joke?

Feeling that these people are George Han who came to act and frightened him on purpose?

Han Jun stood up angrily and said to George Han: “Okay you George Han, you f*cking find someone to scare me.”

After that, Han Jun even shook his fist at George Han because he was used to bullying George Han when he was in the Han family. Anyway, Nangong Qianqiu supported him, even if George Han was beaten into the hospital Nangong. Qianqiu will not blame him.

This was the attitude towards George Han when he was a child. After he grew up, Han Jun not only failed to constrain. And even more arrogant.

“I didn’t fight back before because I was afraid of killing you, but now I won’t.” George Han kicked out.

Han Jun slammed on the wall with a bang, the pain made him worse than death.

“George Han, you f*cking dare to hit me.” Han Jun gritted his teeth and glared at George Han.

“Do you think that with Nangong Qianqiu supporting you, you can do whatever you want? When I don’t put Nangong Qianqiu in my eyes, even she is not qualified to show off in front of me.” George Han said coldly.

Han Jun laughed, this idiot didn’t even pay attention to grandma, it was a damn brag.

“George Han, I will tell grandma about this, you just wait to regret it.” Han Jun said.

“In addition to letting her support you, do you have any other skills? The emperor’s appearance, you are more like a conscientious eunuch.” George Han walked to Han Jun.

Han Jun held his head high. He didn’t believe in George Han and dared to beat him. How much humiliation he suffered in the Han family, he didn’t even dare to say a word. Now that he has become a parent, is it possible to have a temper?

“Try, you try to move me again.” Han Jun defiantly said.

Mo Yang on the side covered his face with his hands. How could there be such an evil pen in this world? Under such circumstances, he still provokes George Han, isn’t he looking for death?

“As you wish.” George Han punched Han Jun’s face.

Han Jun was again wailing in pain, rolling all over the floor, cursing at George Han, and yelling for Nangong Qianqiu to avenge him, like a three-year-old boy who was bullied.

“Your brother, is there something wrong with your brain?” Mo Yang couldn’t help but said to George Han. He had never seen such a cowardly man, and he had never seen an adult who talked about his grandma at any time. What kind of stuff.

Han Jun has always achieved nothing, and lives by the doting of Nangong Qianqiu to this day. It is not surprising that he has such a performance. George Han would like to thank Nangong Qianqiu for this. If it were not for her, perhaps Han Jun would not be so easy to deal with.

“Bring him back to the magic capital.” George Han said.

Mo Yang waved his hand, and several people took Han Jun out of the room.

“How do you handle this?” Mo Yang asked George Han.

“The main show has not started yet.” George Han said.

Mo Yang saw that George Han came from Hillwood City from the ID card Han Jun took out, and he was puzzled. However, George Han had not answered his questions directly before, so he also suppressed his curiosity and did not ask much.

In the afternoon, Nangong Qianqiu was accompanied by Mary. Arrived in Cloud City.

“Do you know where George Han’s trash lives?” After getting off the plane, Nangong Qianqiu asked Mary.

“The Villa area of Yunding Mountain.” Mary said.

Nangong Qianqiu smiled coldly and said, “Will the Su family be so rich and still live in the Villa area? It seems that he still enjoys a lot in Basin City.”

Mary smiled bitterly. George Han was kicked out of the Han family, how much humiliation he suffered when he entered the Zuosu family, but he lived in a Villa area, even if he enjoyed it in the eyes of the old lady? What about Han Jun? What is Han Jun’s life of fine clothes and food for so many years?

Mary would not stand on either side now, she only regarded herself as a bystander.

Although she used to value Han Jun more, but since Nangong Qianqiu insisted that George Han go to jail instead of Han Jun, this unfairness made Mary reluctant to help Han Jun. After all, George Han is also her flesh and blood, and should not be treated like this.

“Mom, don’t you think it is the best choice to send Han Jun back to Qincheng now?” Mary said.

Nangong Qianqiu’s face became cold and said, “The best choice? Let George Han ruin the Han family with that waste, is it a good choice for you?”

Mary felt Nangong Qianqiu’s stubbornness, so she stopped talking and let her fate. Mary no longer cared about the end of the Han family.

When they came to the Villa area of Yunding Mountain, they did not register, so the group was stopped at the gate.

Mary was released after a phone call.

At this time, the Heavenly Family exploded in an instant, and even Thomas Tian was shocked.

Mary had been to Basin City, but did not reveal her identity, but this time. She directly told Tianjia who she was.

Han Family, how could the Heaven family be calm?

“Dad, the people of Han Family, how come you suddenly come to Basin City!” Tian Honghui asked Thomas Tian.

Thomas Tian took a few deep breaths one after another. I got goose bumps, and then my scalp numb again, as if I was electrocuted.

Thomas Tian drank three cups of tea one after another with a dry mouth, and this moistened his throat. The hand holding the teacup trembled unconsciously, and said, “Think about it in the Yundingshan Villa area. Who lives?”

“Who lives? Isn’t it the ones in Cloud City?” Tian Honghui asked in confusion.

Thomas Tian glared at Tian Honghui, and said, “I mean the mountainside Villa.”

“Mountainside Villa, Su family, now the head of the household is Amelia Su of Su family, what’s so strange?” Tian Honghui said.

“You get out of here.” Thomas Tian yelled angrily. This son is so old and still so awake, the Su family counts as a ball? Back then, George Han bought the Villa, but Tian Honghui couldn’t think of it.

Tian Honghui didn’t even know why the old man suddenly lost his temper. Seeing that something was wrong, he hurried away.

Thomas Tian sighed heavily and muttered to himself with a wry smile: “No wonder you are so good. I still think there is no one who is not worthy of Linger. Now it seems that our family really is not worthy of you. , Linger will suffer a big loss this time, hey, my dear granddaughter, he is from Han Family!”

Merely Cloud City, in front of that kind of superior family, what is it?

Mountainside Villa, when Mary pressed the doorbell and He Ting opened the door, he asked with a puzzled expression: “Who are you looking for?”

Nangong Qianqiu glanced at He Ting disdainfully, and said, “George Han.”

“Sorry, he is not at home now. If it is convenient for you, you can call him.” He Ting said politely.

“Hmph, you better let him get back right away.” Nangong Qianqiu said.

He Ting frowned, this old lady, with an imposing manner, was not polite at all, giving people a very annoying feeling.

At this time, Lily Jiang’s voice came from the house: “He Ting, don’t put the cats and dogs in our house, just let them go if nothing happens.”

Chapter 149

When Lily Jiang walked to the door impatiently and saw Mary and Nangong Qianqiu outside the door, her pupils instantly magnified countless times.

She didn't know this grandma, but Mary would never forget it for a lifetime.

That heavy slap in the face is still fresh in Lily Jiang's memory, and she also knows from George Han that Mary is a very powerful person.

She... how could she suddenly come here!

Lily Jiang still remembered that Mary asked her to be a low-key person, and half of it was difficult for him. Let her regret being a human being.

But... But Lily Jiang didn't know who she was in Mary's mouth. Could it be that she offended that person again?

Lily Jiang recalled what she had done recently in her mind for a moment, but she didn't think she had offended anyone.

"You... why are you here?" Lily Jiang said to Mary in a panic.

Nangong Qianqiu looked at Lily Jiang coldly and said, "Who do you think is a cat or a dog?"

Lily Jiang shuddered in fright, and quickly said: "I'm sorry, I'm sorry, I didn't say you."

Although Lily Jiang didn't know who Nangong Qianqiu was, the old lady was very powerful. And Mary's attitude towards her is obviously very respectful, no matter where she can provoke.

He Ting finds it strange, what kind of person Lily Jiang is. She knows very well that she is upset when she is slapped, and no one is paying attention. How can she be so polite to these two strangers in front of her?

“Let George Han get back.” After Nangong Qianqiu said, he walked into the Villa by himself.

Lily Jiang did not dare to stop. Give her ten courage to do such daring behavior.

He greeted the two tremblingly, and then called Amelia Su. She didn't want to find George Han's wimp, and after experiencing what happened that night. Lily Jiang hated George Han even more.

Amelia Su didn't know what was going on at home, but George Han left before, obviously there was an important thing. She didn't want to delay George Han, so she went home by herself.

When I saw Nangong Qianqiu and Mary in the living room, Amelia Su was so nervous that she couldn't speak. Before facing her grandma, she felt that grandma's aura was very scary, giving people a very big pressure, that kind of not angry and self-arrogant. The feeling that no one can match.

But until facing Nangong Qianqiu, Amelia Su didn't know what the real pressure was. She just sat there and said nothing, making the whole Villa depressed.

“Who are you? Why are you looking for George Han?” Amelia Su asked weakly.

Nangong Qianqiu looked at Amelia Su, his eyes full of contempt. Said: “You, what right do you have to know who I am? I want to see George Han.”

Amelia Su was very unconvinced when she heard this, this person was too domineering, and he was so rude when she came to her house.

“Three thousand have something, and I can’t come back now, I am his wife, you can tell me what you have, and I will help you convey it.” Amelia Su said.

Nangong Qianqiu stood up with a sneer on his face, and walked to Amelia Su with a sneer. The next scene was shocking, she raised her hand and gave Amelia Su a loud slap in the face without saying a word.

“What kind of thing are you, are you qualified to talk to me, let him roll back immediately, or you will kneel for me, and when he comes, you will kneel as long as you can.” Nangong Qianqiu said coldly.

Seeing Amelia Su being beaten. Lily Jiang, a shrew, didn’t even dare to breathe, she could only splash in front of people who could provoke her. For such a person who knew she could not provoke, she could only swallow her breath even if she was beaten.

“Amelia, you should let that waste come back.” Lily Jiang whispered to Amelia Su.

Amelia Su covered her face and gritted her teeth and said: “Who are you? This is my home. Why are you here to show off your power?”

Nangong Qianqiu sneered and said, “A little Basin City Su family, who has such courage to speak to me in this tone, do you want to die?”

“Do you still dare to kill?” Amelia Su said without fear.

Nangong Qianqiu flicked his cane and hit Amelia Su.

Amelia Su stretched out her hand to grasp it. Said: “I respect you as an elder, and respect you for being old, and don’t care about you, but this is not the reason why you have to make an inch.”

Nangong Qianqiu is angry, so he can make an inch? Does she need a reason for beating?

“It seems that I won’t teach you a lesson. You don’t know who I am, old lady.” Nangong Qianqiu retracted his crutches and slammed them on the floor heavily. There was a clang.

Among the several bodyguards who came along, one of them walked up to Amelia Su and said condescendingly, “Kneel down.”

“I don’t kneel, what can you do to me?” Amelia Su raised his head. Said with a face of reluctance.

The bodyguard was expressionless, grabbed Amelia Su’s hair and pressed his head down, raised his knees, and hit Amelia Su’s abdomen.

Amelia Su cried out in pain. Feeling the constant pressure of the bodyguard, he knelt on the ground helplessly.

She has a fierce temper, but in the face of strength, how can she compare with a bodyguard?

Nangong Qianqiu smiled triumphantly, and said to Amelia Su: “Aren’t you very temperamental? Why are you kneeling again.”

Amelia Su looked unwilling, raised her head and glared at Nangong Qianqiu, and said: “I can kneel down for you, and I can burn you three sticks of incense. Do you want it?”

Nangong Qianqiu was furious, and a crutches with a grim expression hit Amelia Su on the shoulder.

“You don’t know how to die, you dare to curse me to death.” Nangong Qianqiu shouted angrily.

Amelia Su was suffering from the pain. At this time, Lily Jiang finally couldn’t bear it. She knew that Amelia Su would definitely suffer even if she kept her mouth so hard.

But she didn’t dare to resist Nangong Qianqiu. He just walked over to Amelia Su and said, “Amelia, stop talking, and let that wimp come back quickly. He offends others, and he will bear the consequences.”

“Worthy? I like that name, but you are the mother of this bitch. You should kneel down too.” Nangong Qianqiu said with a smile.

Lily Jiang’s bones were soft, and she knelt down without hesitation when she heard this sentence. She didn’t want to be beaten.

Nangong Qianqiu still seemed to feel that her deterrence was not showing enough, turned her head to look at He Ting, and did not intend to let a servant in the family go.

“And you, come and kneel. Anyone related to George Han will be implicated by him.” Nangong Qianqiu said.

When Lily Jiang heard this, she almost hated George Han, what exactly did he do that was infuriating between people and gods. Such a powerful opponent was actually invited.

The three of them knelt in front of Nangong Qianqiu, which made Nangong Qianqiu find the feeling of the superior, and sat back on the sofa satisfied.

Mary treated each other coldly throughout the whole process without interfering. First of all, she knew that her intervention would not change the ending. The

second is that she doesn't need to intervene either, these things will naturally be handled by George Han.

Just like Lily Jiang said, the consequences must be borne by yourself. As for Nangong Qianqiu's own evil consequences, or George Han's continued injustice, we can only wait and see.

"Mary, such a person who doesn't know good or bad, don't you go and teach it?" Nangong Qianqiu said to Mary.

Mary knew that the old lady wanted her to force Amelia Su, but she wouldn't do it.

"Mom, it has nothing to do with me." Mary said lightly.

Nangong Qianqiu snorted coldly and said, "Do you think this will make your conscience feel better? For that kind of waste, you need to be merciful? Since you don't fight, I will let people fight."

After Nangong Qianqiu finished speaking, he ordered the bodyguard: "Slap this woman for me, I will see how hard her bones are."

Without saying anything, the bodyguard slapped Amelia Su's face several times.

But Amelia Su's bones were also really hard, she gritted her teeth and forbore, but she didn't make a sound.

Nangong Qianqiu sneered and looked at Amelia Su. She didn't believe that this woman could persevere forever. Isn't she also a wasteful woman?

Soon Amelia Su's face became swollen, and countless guidelines covered her face. Mary couldn't stand it anymore, and said to Nangong Qianqiu: "Mom, didn't you come to George Han? You are not afraid of him. Have you found Jun Han?"

Hearing this, Nangong Qianqiu was shocked. Although she wanted to continue torturing Amelia Su, she couldn't waste any more time thinking of her precious grandson.

After stopping the bodyguard, he said to Amelia Su: "Quickly let him go back."

Amelia Su was already slurred, and finally Lily Jiang took out the phone.

Chapter 150

“George Han, where are you dead? Don’t go home yet.” Lily Jiang scolded after the call was made, because all this was the consequence of George Han, if it weren’t for his words, How could Amelia Su get beaten?

And Lily Jiang also understands that Mary will appear today, and it is not to trouble her, so she is not so afraid. As long as George Han bears the consequences, the Su family can separate the relationship.

If George Han wanted to afflict them, Lily Jiang also thought of a good way. It would be better to divorce Amelia Su and George Han on the spot, so that she would not be implicated.

After finding Han Jun, George Han had already taken back his own phone, but Lily Jiang suddenly asked him to go back, and the attitude of speaking was so bad that George Han couldn’t understand it.

“Mom. What’s the matter?” George Han asked.

“Don’t call me, I’m not your mother, now the enemy is coming, you still want to hide, get out quickly.” Lily Jiang said.

Enemy!

Hearing these words, George Han’s eyes condensed, it’s not that Nangong Qianqiu went directly to the mountainside Villa.

George Han hung up the phone and drove all the way to the Yundingshan Villa area.

When he returned home, he saw Amelia Su all three kneeling in front of Nangong Qianqiu. And when Amelia Su's face was red and swollen, George Han's inner murderous intent directly covered the entire Villa.

With a calm face, George Han took a few deep breaths when he walked to Amelia Su's side.

Dare to fight Amelia Su!

She even dared to beat Amelia Su!

“George Han, you are going back with me honestly. Or do you want me to use the strong one?” Nangong Qianqiu said to George Han disdainfully.

The corner of George Han's mouth was drawn with an extremely cold smile, he turned his head suddenly, and said to Nangong Qianqiu: “You have reached my bottom line.”

“Bottom line?” Nangong Qianqiu smiled disdainfully, and said, “Do you have a bottom line for such useless things as you?”

George Han clenched his fists and said coldly, “Is the waste you brought useful to me?”

Nangong Qianqiu's eyes were contemptuous, although the person she sent was killed by George Han last time, but this time with so many bodyguards, can George Han still fight? And even what happened last time was nothing but an accident in the eyes of Nangong Qianqiu.

It must be that the black-clothed waste was too careless, so he lost Jingzhou carelessly. Otherwise, with the skill of George Han, how could he be his opponent?

“George Han, you are the one who made them tired. Don’t blame me. I have reminded you that if you do what I said. They will be safe, but if you force it to this point, then the entire Su family can only be buried with you. “Nangong Qianqiu said with a smile.

The entire Su family!

Lily Jiang was shocked when he heard this sentence. Who is this old lady, and she said so loudly! Even the entire Su family is not in the eyes, and they want to be buried with George Han. Is she so capable?

Regardless of whether she can do it or not, Lily Jiang is already scared, and she will never let herself be hurt by George Han.

“George Han, from now on, you no longer have any relationship with the Su family. You are not from the Su family.” Lily Jiang said to George Han eagerly.

“Hahahahaha.” Nangong Qianqiu laughed, and looked at George Han with pity: “I didn’t expect you to join the Su family, and now you have to be kicked away. It’s really pitiful. If you live so humble, why? Don’t you die?”

“Humble?” George Han lowered his head gradually and said: “I do live very humble, no one puts me in the eyes, but...”

Suddenly, George Han raised his head, looked at Nangong Qianqiu with a torch, and continued: “Humble does not mean that you can be bullied.”

“So? What can you do? Resist, you trash. Do you have the ability to resist?” Nangong Qianqiu finished speaking disdainfully, pounding his crutches, like a commander of law, surrounded by several bodyguards. Close to George Han.

George Han raised his brows and smiled unexpectedly, and said: “Nangong Qianqiu, in your eyes, I am very useless? I was beaten by him since I was young,

and I didn't even dare to fight back, so you take it for granted that I am useless. But do you know? I don't fight back, I'm just afraid that I would accidentally kill him.”

After that, George Han took the lead in attacking the bodyguards, moving so fast that Nangong Qianqiu and others could not see clearly.

Mary's expression moved. Does George Han have such a great skill?

However, he has been learning from Jun Yan since he was a child, which seems to be a matter of course.

The snoring tiger does not mean it is a sick cat, but he has never awakened.

And now, George Han has clearly awakened!

How terrible is the waking tiger?

Just look at Nangong Qianqiu's horrified expression!

Several bodyguards all fell under the angry George Han, and all of them passed out, and there was no room for resistance.

Nangong Qianqiu's face was as pale as paper. Last time she thought that George Han was lucky to win the man in black. But now, George Han's powerful skills are really shown in front of her, can this be a fluke?

“You...” Nangong Qianqiu looked at George Han in disbelief, how could it be that he was useless. How could it be so powerful!

These bodyguards were all masters trained by Jun Yan, a powerful force to defend George Han, why, why are they in front of George Han. It's like paper!

Nangong Qianqiu's cognition of George Han broke at this moment, and his heart was shocked, and he was generally unable to calm down.

Although Mary was surprised, compared to Nangong Qianqiu's turbulence, she was much less turbulent, because she did not treat George Han as rubbish. He suffered injustice since he was a child and secretly made himself stronger. This is nothing wrong.

“Do you know why I have to endure so many years?” George Han said.

Nangong Qianqiu was so shocked that she fell down on the sofa, after hearing what George Han said. Asked shortly, “Why?”

“Because only when you force me to desperate, I can convince myself and kill you!” George Han said.

Nangong Qianqiu's pupils were like an earthquake, and George Han... actually wanted to kill her!

Mary's figure flickered. Fortunately, she was sitting on the sofa. Otherwise, she would definitely fall to the ground in fright because of George Han's words.

His dormancy turned out to be to kill Nangong Qianqiu!

It's no wonder that for so many years, he has always been an obscure and useless, rejected by thousands of people, it turns out that his forbearance. It was to make Nangong Qianqiu take it for granted, and then he was able to deal with Nangong Qianqiu cruelly.

The Han family, it was the Han family who forced him to do this, no wonder anyone!

“Dare you...do you dare to kill me? George Han, you are so daring.” After Nangong Qianqiu was frightened, said to George Han angrily.

George Han smiled coldly and said, “You don’t care about my life, do I still care about your life and death?”

Nangong Qianqiu saw the coldness on George Han’s face. Realizing that he didn’t seem to be joking, he said, “Aren’t you afraid of thunderstorms?”

“Don’t worry, I won’t do it myself.” George Han took out the phone.

Not long after, Mo Yang took Han Jun to the mountainside Villa.

Amelia Su had long known that there was a person who looked exactly like George Han, so when she saw Han Jun. Not surprised. But Lily Jiang and He Ting were shocked to lose their souls.

He...he and George Han look exactly the same!

He Ting finally understood that the person who came home that day was not George Han at all, and it was not George Han who wanted to rape Amelia Su.

“Han Jun.” Nangong Qianqiu saw Han Jun with a blue nose and a swollen face. I can’t breathe in distress.

When Han Jun saw Nangong Qianqiu, he thought he was going to be saved, and said with his nose and tears: “Grandma, you are finally here, hurry up, let someone beat me up. He even dared to find someone to beat me. Grandma, you must avenge me.”

Kneeling Han Jun walked to Nangong Qianqiu, it was a touching picture.

Nangong Qianqiu kept slapping Han Jun on the back, as if he was comforting a wounded child, and said, “Don’t worry, grandma will help you get revenge. My poor grandson is not good for grandma. Grandma is late. Will make you suffer.”

This scene is so touching, the love between the grandson and grandson is deep and strong.

But George Han is also the Han family and the grandson of Nangong Qianqiu, but the treatment is far from the ground, which is ridiculous.
