

Chapter 151

“George Han, grandma is here, don’t you knelt down and apologize to me.” After a period of affection between grandchildren, Han Jun said to George Han with a vicious look.

With Nangong Qianqiu, Han Jun also has confidence, because as long as there is grandma, even if the sky falls, he is not afraid.

And Han Jun didn’t believe that George Han dared to mess around in front of Nangong Qianqiu.

After all, the uselessness is the uselessness, how can it be hard-headed?

“George Han. You dare to beat your own brother, you are not dead, the law of heaven is too hard to tolerate.” Nangong Qianqiu said angrily.

brother?

Heaven is too difficult?

George Han sneered. He didn’t resist. He had already died in the hands of the people of Nangong Qianqiu. Could it be that Tianli could tolerate him if he confessed his fate?

If so, what is the purpose of heaven?

“Nangong Qianqiu, the law of heaven won’t allow me, so I went against the sky. So what?” George Han said, walking towards Han Jun.

Nangong Qianqiu’s bodyguards have all been brought down to George Han, so Nangong Qianqiu can only protect Han Jun by himself, but Han Jun hasn’t figured

out the situation yet, and only thinks that George Han will definitely kneel down. Instead, it's him. Blocked in front of Nangong Qianqiu.

“Kneel down and kowtow to Lao Tzu, I might be able to spare your life, by the way, you woman. I will help you take care of her.” Han Jun said.

“I don't know how to live or die.” Mo Yang felt speechless for Han Jun's IQ again, and he really couldn't connect him with George Han. Among his brothers, one was an idiot, and the other was obviously a hero. With the same blood, two completely different people were born.

George Han smiled coldly, clasped Han Jun's neck with one hand, picked it up with one hand, and said coldly: “Jun Han, when will you understand that Nangong Qianqiu can no longer protect you.”

When the voice fell, George Han stretched out his other hand and hit Han Jun's shoulder blade.

The sound of killing pigs resounded throughout the Villa.

Nangong Qianqiu stepped forward and pulled George Han in desperation, and cursed at the same time: “You let me go, George Han, he is my precious grandson, please let go of him, or I want you to die without being buried. place.”

George Han pushed Nangong Qianqiu away. Nangong Qianqiu didn't give up. He raised his crutches and hit George Han on the back.

George Han didn't even frown, and said to Nangong Qianqiu: “The pain of the body is less than one ten thousandth of the soul, you know. My heart, as early as the twelve-year-old, was broken into a piece of dregs. “

“You let me go and let him go.” Nangong Qianqiu doesn't care what George Han said, she just wants to save Han Jun now.

George Han smiled faintly, and when he let go of Han Jun, he kicked Han Jun in the lower abdomen.

After Han Jun fell, he curled up on the ground, and the pain caused him to sweat continuously, and he felt that the hand that was beaten by George Han was no longer conscious, as if it was useless.

Nangong Qianqiu ran to Han Jun in a panic, and asked distressedly: “Han Jun, Han Jun, how are you, are you okay?”

“Grandma, you help me kill him, help me kill him.” Han Jun cried.

Nangong Qianqiu can't wait to kill George Han tens of thousands of times, even daring to hurt his precious grandson, but now there is no one under him, so how can she be George Han's opponent?

“George Han, your father's bones are not cold. If you do this, he will not let you go if he knows it.” Nangong Qianqiu said.

George Han laughed loudly when he heard the words.

“What a dead body is not cold. You want to kill his son, does he know?” George Han's laughter stopped abruptly and said to Nangong Qianqiu coldly.

Nangong Qianqiu gritted his teeth and said: “I'm the f*ck, who I want to kill, can he still control me?”

George Han took a deep breath, what is called domineering? The dead old woman showed this to the fullest.

Lily Jiang's unreasonable making trouble in front of her is nothing short of a big deal.

At this time, another person walked in the Villa.

“Master.” George Han shouted.

“Jun Yan, you are my Han family bodyguard. Now he is threatening my life. I order you to kill him.” Nangong Qianqiu said to Yan Jun. As long as he is willing to take action, George Han will undoubtedly die.

Jun Yan walked towards George Han step by step. Han Jun seemed to have seen the end of George Han. Although he was still in pain, he couldn't help but smile.

“George Han, how damn good you are, let me see, have you ever beaten Jun Yan?” Han Jun shouted.

At this time, even Mary became tense. Although George Han is now fully suppressing and Nangong Qianqiu, Yan Jun's move will definitely reverse the situation. He is powerful. It's simply not what ordinary people can imagine.

“Wake up?” Jun Yan walked to George Han and said with a smile.

George Han looked embarrassed. He could not put anyone in the Han family in his eyes, but the respect for Jun Yan was deeply rooted. Because there is no Yan Jun, there would never be his today.

“Master, I can't sleep if I want to sleep.” George Han said.

“Since I'm awake, it's time to let the world know you.” Jun Yan said, and then stepped aside. He didn't plan to take care of things at all.

Seeing this, Nangong Qianqiu is like falling into an ice cellar. If Yan Jun doesn't make a move, who else can stop George Han?

“Jun Yan, have you forgotten what he said to you before he died?” Nangong Qianqiu said through gritted teeth.

“Of course I remember, he wants me to be optimistic about the Han family during my lifetime, so that the Han family can continue to pass on.” Yan Jun said.

“In this case, why didn’t you kill him? The Han family can only flourish in the hands of Han Jun.” Nangong Qianqiu said.

“He?” Yan Jun glanced at Han Jun disdainfully. Said: “In my eyes, he is not as good as waste.”

When Jun Han heard this, he immediately yelled: “Jun Yan, you’re f*cking farting, I’m a trash, what kind of thing are you, you are just our bodyguard, you are a dog of our family, why? Say I am a waste.”

“Nangong Qianqiu, did you hear that? He just treats me as a dog.” Yan Jun smiled contemptuously.

Nangong Qianqiu’s heart sank. The Han family can have today, Yan Jun has a great contribution, even if Han Jun is alive, he will never treat Yan Jun as a servant.

However, what Han Jun said, Nangong Qianqiu would not refute. Grandson said it was a dog, and that was a dog.

“George Han, you have the ability, you killed me.” Nangong Qianqiu said to George Han coldly, she didn’t believe that George Han really dared to do this. When she leaves here, she must be able to find a way to deal with George Han.

“I won’t kill you. After all, I’m also afraid of thunderstorms, but if you want Han Jun to survive, there is only one way to choose.” George Han looked at Mo Yang.

Mo Yang was confused. He was still not sure what was going on, but this old lady was obviously George Han's grandmother. As for why she treated George Han like this, Mo Yang didn't know at all.

"What are you looking at me? Do you want me to take action?" Mo Yang asked puzzled.

"What about the things I gave you?" George Han said.

These words made Mo Yang come back to his senses. Raising his hand quickly, a little brother ran to his side.

A very delicate wooden box, which was given to Mo Yang by George Han, but Mo Yang had not seen what was inside.

"What is this?" Mo Yang asked softly after handing the wooden box to George Han.

George Han took the wooden box and threw it towards Nangong Qianqiu.

The wooden box fell to the ground and cracked, and a strip of white silk spread out.

Mo Yang was dumbfounded, and then a chill rushed directly from the soles of his feet to the top of his head.

This thing... isn't it a thing used to hang a beam of suicide!

Mary almost fainted when she saw Bai Ling.

Lily Jiang and Amelia Su and He Ting were so scared that they dared not lift their heads.

Especially Lily Jiang, she used to humiliate George Han, and even tried all kinds of ways to force George Han out of the Su family, but now George Han's powerful methods have scared her to death.

In the past three years, she has been arrogant and brave in front of such people! Just thinking about it makes Lily Jiang feel scared!

In the entire Villa, only Yan Jun had a faint smile on his face.

Ruthless?

Not ruthless!

For the injustice suffered by George Han, it is reasonable for Nangong Qianqiu to end up like this, after all, she wanted to have someone kill George Han.

“George Han, what do you mean?” Nangong Qianqiu gritted his teeth.

“You and Han Jun, only one person can leave here alive.” George Han said coldly.

Chapter 152

After hearing what George Han said, Han Jun seemed to have heard an international joke and burst into laughter. When did this trash learn to put on airs and dare to scare him like this?

“George Han, do you think I was scared? You don’t even look at what the hell is like, can you scare me?” Han Jun said.

George Han looked at Nangong Qianqiu, his eyes didn’t have any emotion between relatives, his pupils were more like a bottomless pool. Can swallow people at any time.

Nangong Qianqiu was trembling in her heart. She didn’t expect that George Han, who had always been wretched in her heart, could actually do such a vicious thing.

“George Han, you have the ability to kill me directly. The old lady wants to see if you have such guts.” Nangong Qianqiu said.

Although George Han said that only one of them could leave, what he wanted was the death of Nangong Qianqiu.

Because only the death of Nangong Qianqiu is the real relief from the threat. And Han Jun, this waste, he never saw it.

More importantly, Han Jun has to return to Qincheng and continue to go to jail. He cannot die.

“Don’t you feel sorry for Han Jun? See how long you can hold on.” George Han finished speaking and walked towards Han Jun.

Han Jun suddenly panicked, and even drilled into Nangong Qianqiu’s arms, and said to George Han: “Trash, what the hell do you want to do, don’t come near me.”

When George Han approached Han Jun, Nangong Qianqiu held Han Jun firmly. He scolded George Han, “George Han, I advise you to leave yourself a way out, or I will give it all and kill you.”

George Han smiled coldly and said, “Nangong Qianqiu. Have you still not understood your situation?”

As soon as the voice fell, George Han grabbed Han Jun, dragged for nearly three meters before stopping, and punched Han Jun’s other arm.

Han Jun screamed in pain, unsurprisingly. For his cartilage, even a finger stroke can shed a few tears. How could he bear this kind of injury?

“His hand has not been used up yet, but soon, he will completely become a waste of limbs and limbs.” George Han said to Nangong Qianqiu.

Nangong Qianqiu was trembling with anger, heartbroken to Han Jun, and angered by George Han.

Seeing that Nangong Qianqiu was indifferent, George Han struggling to step on Han Jun’s right leg, almost doing his best.

Han Jun was so painful that he was constantly rolling on the ground, and finally stopped treating George Han so high, but began to beg for mercy: “George Han, I am a trash, I am a trash, you let me, let me go Right.”

“The first leg.” George Han was indifferent to Han Jun’s begging for mercy. Said to Nangong Qianqiu.

Nangong Qianqiu’s eyelids jumped, and at this moment, he really saw George Han’s vicious methods.

“The second leg.” George Han attacked Han Jun’s other leg again. In less than a minute, Han Jun was destined to spend the second half of his life only in a wheelchair.

“what.....”

The screams of killing pigs echoed in the Villa for a long time.

Lily Jiang felt weak and soul scattered.

George Han, is that such a person? It turned out he was so terrible to be cruel.

Lily Jiang couldn’t wait to kneel down for George Han, to forgive her for her excessive behavior.

“Nangong Qianqiu, he can only be a wheelchair for the rest of his life, don’t you have the heart to watch him even have to be fed by others in the future? Isn’t this your most precious grandson?” George Han said coldly.

Nangong Qianqiu’s face was full of pain, she really couldn’t bear to watch Han Jun be tortured anymore, but this was the baby she grew up holding in her hand, even if it was held in her mouth, she was afraid to melt away.

“George Han, how can you treat your brother like this, how can you treat me like this?” Nangong Qianqiu roared.

“It’s you who want to kill me. I won’t resist. Do you have to crane your neck and let you chop it off? Nangong Qianqiu, you are not alone in the matter of this world, and you are not qualified to be dictatorial.” George Han said flatly.

“Grandma, you are so old, please let me live well, please, please go to death.” Han Jun knows that he can only live if Nangong Qianqiu is dead. When his life was threatened, how could he care about Nangong Qianqiu’s life and death?

When Nangong Qianqiu heard this, she couldn't believe that Han Jun actually wanted her to die!

“Han Jun, do you know what you are talking about, I am your grandmother.”
Nangong Qianqiu said.

“You are a grandmother, so you should guarantee me to live, don't you? Are you going to kill your grandson?” Han Jun said.

Nangong Qianqiu looked desperate. This grandson, who had been taking care of her forever, would let her die at this time.

So many years of love, even if it is used on a dog, it should be protected with his life.

And Han Jun? Only at the moment of crisis, let her die.

“Nangong Qianqiu, your precious grandson wants you to die, will you die?”
George Han said.

Nangong Qianqiu bit his posterior molars. It's not like that, this thing shouldn't be like this.

Her plan was seamless. Why did it happen like this? Why could he come out of Qincheng!

“George Han, how did you leave Qin City? Who is helping you?” After speaking, Nangong Qianqiu looked at Jun Yan and continued with vicious eyes: “Jun Yan, you didn't mean you didn't interfere in this matter. Why do you want to rescue him from Qincheng?”

Yan Jun smiled faintly and said: “I didn't save him. It's just that you underestimated him all the time.”

“Since I received a call from you asking me to return to Hillwood City, I guessed your plan, Nangong Qianqiu, do you think this is the world. Are you the only wise man?” At this time, George Han went to Han again. By your side.

Han Jun was so scared that he peed directly, a pool of yellow water soaked the floor, and kowtow to Nangong Qianqiu: “Grandma, I beg you. You hurry to die, you old immortal thing, what is the meaning of being alive? “

“Have you heard? He called you immortal. In the eyes of your precious grandson, you are just immortal.” George Han said with a mocking face.

Nangong Qianqiu’s face was as gray as death, and her pupils were godless. At this moment, she was truly desperate.

Trying hard to save Han Jun, she thought that this precious grandson would allow her to support her life, but now? Han Jun only hoped that she could die soon.

“George Han, the Han family is in your hands. It will be destroyed once, I die, and the Han family will be over.” Nangong Qianqiu is doing the last struggle, hoping to use the Han family’s survival to blackmail George Han.

“Do you think I want to be the heir of the Han family? The place where I have George Han is the Han family, Hillwood City, that is just a sad thing, I never take it seriously.” George Han said lightly.

With one punch down, Han Jun’s left hand was abolished.

With blood red eyes, Han Jun shouted at Nangong Qianqiu: “You’re old and immortal. Don’t hurt me anymore, hurry up and die, old stuff, I will give you two more sticks of incense, you hurry up and die, I I beg you.”

Nangong Qianqiu’s heart is like a knife, why, why is the person she has always valued behaves so useless at this moment.

And what she had always thought was a waste of money, but it was so strong!

Could it be that. Is the emperor's traitorous look really wrong by that Taoist priest?

“Am I wrong? Am I wrong?” Nangong Qianqiu muttered to herself, picking up Bai Ling.

At this time, Mary walked to Nangong Qianqiu's side and said, “Mom. I'll take you for the last time.”

Nangong Qianqiu was shocked, and asked Mary: “Did you know this would happen?”

“Mom, I persuaded you. You know what kind of person Han Jun is. How could he take up the heavy responsibilities? You want George Han to go to jail for him. I have no opinion, but why do you want to kill? Is it George Han?” Mary finished helplessly, took Bai Ling and threw it upward.

Bai Ling hung the ceiling lamp in the living room. Mary had personally ended Han Cheng's life. For her, it would not be a big deal to send Nangong forever.

Nangong Qianqiu shook her head. Even at this moment, she still did not think that George Han would be better than Han Jun, even if Han Jun let her die, even if Han Jun's image is no longer that good grandson, but their abilities, There is still a huge gap.

“George Han, I am dead, and the Han family will be destroyed. I will look down at the day when you were embarrassed like a dog.”

Chapter 153

George Han lowered his head and didn't bend down. He didn't raise his head until the struggling Nangong Qianqiu didn't move.

died.

Good to die.

There will be no worries after death, and Han Jun will no longer be seen squandered.

“George Han, she is dead, you can let me go now.” Han Jun said to George Han, without the slightest sadness in his heart, he only cared about whether he could leave here safely.

“Let you go. You have to go back to Qincheng and go to jail. The one named Guan Yong will definitely take care of you. After all, I didn't beat him less.” George Han said with a smile.

Han Jun's expression was as ugly as he had eaten shit. He finally came out, so he has to go back to jail?

And if what he said is true and really beat Guan Yong, then he will be in the big room in the future. Still have to die?

“George Han, please, help me think of a way, don't let me go back to Qincheng, you can do whatever you want me to do.” Han Jun's legs are already broken, and he can't do anything to kneel down. On the ground, keep knocking on the floor with his head.

“You don't go back. The Han family is really over.” George Han smiled, and then looked at Mary.

Mary walked to George Han and asked, “What do you want to do?”

“The Han family doesn’t make any sense to me. But the Han family can at least assure you that you will have nothing to worry about in the days to come.” George Han said.

Mary took a deep breath. He is now fully qualified to control the Han family, but he doesn’t seem to see it, even if it is something that is at his fingertips, he is not willing to ask for it.

“But there is one thing, I want your help.” George Han continued.

Mary nodded and said, “This is what I should do. Although I know I can’t make up for it, but I can do something for you, and I will feel better.”

“A few days later, it will be the family day of the Su family. Take those dowry gifts back.” George Han said.

Upon hearing these words, Lily Jiang and Amelia Su suddenly raised their heads at the same time and looked at George Han in disbelief.

Mary actually sent that precious betrothal gift?

So...then the master of this dowry. Isn’t it Amelia Su?

Amelia Su was horrified, and the Han family turned out to be George Han.

Who is this Mary?

And the hanged Nangong Qianqiu and Han Jun, who are they!

Lily Jiang couldn't help but want to stand up and let George Han leave the offer. After all, it was for Amelia Su. So much gold and jade money could flow into her pocket. How could Lily Jiang want her to take it back?

But Nangong Qianqiu's body is still hanging, she really doesn't have the guts to speak.

At this time, the Villa door opened, and Wilson Su, who was full of alcohol, returned home after gathering with friends.

When Wilson Su saw George Han, he was so brave that he walked towards George Han angrily.

"George Han, you bastard, even I dare to fight, I will give you a severe lesson today." Wilson Su gritted his teeth.

When Lily Jiang heard these words, she was shocked in a cold sweat, and became lawless after drinking some wine? Don't you dare to put George Han in your eyes?

This George Han is a big man, and he doesn't even let his grandma go, Wilson Su is something.

Lily Jiang stood up sharply. He ran in front of Wilson Su, slapped heavily and said, "Wilson Su, if you are drunk, go back to your room and rest."

Wilson Su was sober by the slap in the face for two points. Actually, he didn't need to hit him. Hearing Lily Jiang's angry voice was enough to make him sober. After all, he was scared of Lily Jiang in his bones.

"Wife, what are you doing, this is a waste, but we almost raped our daughter." Wilson Su said puzzled.

Lily Jiang gritted his teeth, this is a misunderstanding, and what if George Han did it? Can he mess with it?

At this moment. Lily Jiang even felt that it was taken for granted, after all, Amelia Su is George Han's wife.

“You shut up, there is nothing to do with you here, go back to the room.” Lily Jiang cursed.

Wilson Su Zhang's second monk can't figure it out, what's the situation?

And only then did he discover that there were more strangers in the house, full of anger and weirdness.

suddenly. Wilson Su's peripheral vision saw a figure hanging in the air. When he saw Nangong Qianqiu's suffocated face, he sat on the ground with fright, his hands and feet soft. His head was dumbfounded.

“This... Who is this, how could hang himself in our house!” Wilson Su said in horror.

Lily Jiang didn't dare to watch Nangong Qianqiu, afraid of nightmares at night, let alone explain this to Wilson Su casually. Said to George Han: “Your father is drunk, I will take him back to the room first.”

Lily Jiang didn't dare to move if George Han didn't nod his head. At this moment, Lily Jiang was shocked.

“Go.” George Han said.

All the pressure was pouring out like a flood at this moment, and Lily Jiang pulled Wilson Su's hands upstairs without saying a word.

After arriving upstairs, Wilson Su asked Lily Jiang: “Wife, what is going on. How can anyone hang themselves at home? Who are the others?”

Lily Jiang took a deep breath, her heart still trembling, and said to Wilson Su: “Don’t ask so much, I warn you, don’t provoke George Han easily in the future.”

“Don’t mess with George Han? Wife, are you confused? You don’t dare to mess with this wastefulness?” Wilson Su said in a puzzled way. Lily Jiang used to be domineering in front of George Han, so why don’t you dare to mess with it now? ?

Lily Jiang gritted his teeth. George Han even forced her grandma to death, what is she worth? If you mess with him again in the future, I’m not sure what will happen to me.

“Stop talking nonsense, how can I tell you how to do it, do you have any other opinions?” Lily Jiang said coldly.

Wilson Su trembled all over, and said quickly: “No comments, no comments.”

downstairs.

Mary had already left with Han Jun, she returned to Hillwood City first. After handing over Han Jun to Qin Cheng, he will come back to Basin City on Family Day.

Yan Jun walked to George Han and patted his shoulder. Said: “If you have time, come back and see me.”

“Master, I will.” George Han said.

Jun Yan nodded and took Nangong Qianqiu’s body and left.

Mo Yang felt that there was no point in staying. Today, I saw the real face of the tiger, which shocked him so much. He had to go back to rehabilitate and digest this matter.

Mo Yang had said that George Han was not an ordinary person, but Mo Yang never thought that George Han was so extraordinary.

But what he did was not cruel. After all, Nangong Qianqiu wanted to kill him, so it was only natural for him to resist.

“Call something.” Mo Yang said to George Han.

After sending away the insignificant people, He Ting also went to the kitchen to cook, leaving Amelia Su and George Han in the living room.

“I’ll take you to the hospital first.” George Han walked to Amelia Su and said softly.

Amelia Su nodded. Her injury this time was more serious than last time. If she didn’t get treatment early, she wouldn’t know if she would leave marks on her face.

On the way to the hospital, Amelia Su tried to say something but stopped. The shock in her heart now was equivalent to a magnitude ten earthquake.

Regarding George Han’s identity and Mary’s identity, there was also that suffocating bride price.

Amelia Su never thought that the bride price would have something to do with her, because she was the only one among the younger generations of the Su family to get married, and George Han’s wretched image, no one would have thought that the family behind him could give such a Amazing bride price compensation.

What kind of status does he have? This is Amelia Su’s biggest question.

When he arrived at the hospital, George Han found the best trauma doctor for Amelia Su, but as soon as he entered the doctor's office, a woman came in and pushed Amelia Su away, who had not yet sat down.

“Doctor, let me see if my hand is infected, I was accidentally cut by a rusty knife just now.”

George Han's expression turned cold. Doesn't this woman know the rule of coming first?

“See a doctor, get out.” George Han said coldly.

When the woman heard this, she turned her head dissatisfied and was about to curse a few words, but her expression suddenly became shocked.

“George Han?”

“Su Yihan.” George Han was also slightly surprised when he ran into this woman in the hospital.

The quality of Su Yihan's clothes is obviously much higher than before, and the gold bracelet on her wrist was also given to Mary as a betrothal gift. It seems that she used the money very comfortably.

Chapter 154

When Su Yihan saw the wound on Amelia Su's face, he couldn't help but laughed and joked: "Amelia Su, are you sticking your head into the drum of the washing machine?"

Hearing Su Yihan's ridicule, Amelia Su said coldly: "What does it have to do with you?"

After Su Yihan recently took the dowry, she suddenly had money and her whole person swelled. And she doesn't care about working in the company now, just waiting for the Han family to come and get married. Now she has started to learn how Mrs. Kuo should live. . Amelia Su's cold words made Su Yihan very unhappy.

"It doesn't matter to me, but what you say is the person in charge of the Chengxi project. I just hope you can pay attention to the company's external image and see what you are wearing." Su Yihan said with disgust.

She now has a dress that costs tens of thousands of dollars at every turn. It's not that the famous brand store doesn't enter, and the five-figure clothes are missing. So the image of Amelia Su in her eyes is like a beggar.

Seeing the style of Su Yihan's nouveau riche, George Han couldn't help but want to laugh. It would be Family Day in a few days. When the time comes, let her spit out the money. I don't know what it will be like in her heart.

"Doctor, let's register first, should we see it first?" George Han asked the doctor regardless of the swelling woman.

Su Yihan refused to comply and said to the doctor: "Let me see it first. I will marry a rich family in the future. If something goes wrong, you can't afford it."

The doctor hated Su Yihan's attitude, and the injury on her hand was just a small cut, not serious at all. Maybe the wound will be healed later, and he said, "Go outside and wait."

Su Yihan's expression turned gloomy when she heard this. She was a golden body, and the doctor didn't even show her first.

"Have you figured it out clearly? Offend me, I make you not even a doctor." Su Yihan said coldly.

The doctor said with an indifferent expression, "It is the hospital's rules to queue up for registration and see the doctor by number."

Su Yihan gritted his teeth and said, "Stupid things, let's just wait and see."

The doctor sighed helplessly. The domineering of these rich people is really not what he can understand. Is it lawless with a few money?

Amelia Su's face injuries were not light, but most of them were skin injuries. Some external medicines were prescribed to wipe the wounds on the face, as well as medicines for removing blood stasis internally. The doctor asked Amelia Su to go back and rest for half a month. Nei is almost healed.

Walked to the entrance of the hospital. Su Yihan drove an Audi TT in front of the two of them. The car hadn't been licensed yet. It seemed to be a new purchase. After the money, it was really different.

"Amelia Su, your face is not good-looking at first, so you should always take good care of it. Otherwise, George Han would have the right to kick you with such uselessness. At that time you can't cry and you can't cry." Su Yihan said with a smile. .

Amelia Su didn't refute, and George Han said: "Your money will not have been spent, but don't forget my reminder to you."

"Shabi." Su Yihan rolled his eyes, looked at George Han like an idiot, and said: "How I spend money, are you qualified to control it? What are you, and I warn you, Don't curse me, do you think I'm afraid of Amelia Su? It doesn't matter to me whether I can work in the company now, do you look like a person lacking money?"

After Su Yihan finished speaking, he stretched out his hand deliberately, carrying a watch in his right hand and a gold bracelet in his left.

"Do you know how much this watch is? Three hundred thousand. You can't afford it in your life." Su Yihan smiled triumphantly.

Seeing Su Yihan walking away, Amelia Su stomped her feet with anger. The betrothal gift was hers, but she unexpectedly fell into Su Yihan's hands, making her arrogant.

"Don't be angry, Family Day is coming soon." George Han comforted.

Amelia Su thought for a while. There was really nothing to be angry about. When the family day came, Su Yihan had to vomit all the money, and then she could only cry.

After returning to the Villa, Amelia Su rubbed medicine in her room, Lily Jiang sneaked up to the room, and then locked the door.

"Mom, what are you doing?" Amelia Su said puzzledly.

Lily Jiang sat next to Amelia Su, lowered her voice and asked, "How is it? Have you ever asked him. Who is he?"

On the way to the hospital and back, Amelia Su almost asked her a few times, but she endured it all.

She was curious before, but now she is not only curious, but also a little scared. She is worried that after she knows what she really wants, she will be farther and farther away from George Han, and will not be worthy of George Han.

“Mom, I dare not ask.” Amelia Su said.

“There is nothing to dare to do, he is your husband. Ask him what he does at home, isn’t this normal?” Lily Jiang said eagerly. She can’t wait to know who George Han is now.

“Dare you go and ask.” Amelia Su said.

Lily Jiang was taken aback, her expression became extremely stiff, she had offended George Han so much before. How can she have the guts to talk more, now she has to show up in front of George Han, it is best to make George Han forget her.

“I...how do I ask?” Lily Jiang stammered.

Amelia Su has not been able to make up her mind what to do with this matter, but after Lily Jiang came, she suddenly decided.

No matter who George Han is. It is enough that they are still husbands and wives. She does not want any factors that might damage the relationship between the two to appear.

Who is he, does it matter?

“Mom, he is George Han, his identity is not important.” Amelia Su said.

“You...are you not going to ask him?” Lily Jiang said unwillingly. The curiosity in her heart was like a maggot squirming, causing her to itchy. If Amelia Su didn't ask, the mystery would not be solved. .

“No. If you are interested, go by yourself.” Amelia Su said decisively.

Before the change, Lily Jiang had the courage, but now she is afraid to give her a hundred bear hearts.

Although Nangong Qianqiu's corpse had been taken away, the scene she was hanging in the air could not be erased in Lily Jiang's mind in this life.

She shook her head and said, “If you don't ask, I won't ask. But if you can say a few good things for mom, I can apologize to him.”

“Mom, if he wants to blame you, will he wait until now?” Amelia Su said.

Lily Jiang also knew this truth. But she was not at ease, after all, she had humiliated George Han so much before.

“As long as you don't embarrass him in the future, you will be fine.” Amelia Su said.

“Why don't you give me a grandson? If you have a child, he shouldn't blame me.” Lily Jiang suggested.

Amelia Su was embarrassed with shame. She and George Han, the closest time she and George Han, were just a little kiss, how could the matter of giving birth so quickly developed.

And George Han is simply an elm head. Amelia Su didn't know when he could have a relationship with George Han and become a real husband and wife.

Su's Villa.

Su Yihan often comes here to eat food, and Harry Su also indulges. After all, he also hopes that Su Yihan can help the Su family expand after marrying into a wealthy family.

I ran into Amelia Su in the hospital today. Naturally, Su Yihan couldn't help sharing such good things with Harry Su.

"She didn't commit a scumbag outside and was beaten by someone?" Harry Su said disdainfully after listening.

"Who knows what that bitch did, it's pretty miserable anyway. I see her injury, the family day will not get better after a few days, then we can tease her." Su Yihan smiled.

"Family Day, I've been looking forward to it for a long time, and finally it's my turn to sit on that theme." Harry Su said.

"By the way, if George Han dares to come this time, you have to get rid of this waste. Our Su family, can't let him step in. I feel sick when I see him now. If he is there, I will I can't eat enough." Su Yihan reminded.

Harry Su supernaturally will meet this small request, and said: "You don't like the person, how can I let him come, you are now the nobleman of our Su family, and you have to take care of you in the future."

When Su Yihan heard these words, he was very proud and said: "Don't worry, when I get married, I will let them invest in the Su family. You just wait to become the youngest and most promising person in Basin City."

Chapter 155

Yenching.

Han Cheng's death has just subsided, and the Han family has secretly reported that Nangong Qianqiu died suddenly of a severe illness. This incident was only spread in the upper class, but it also shocked many people, because today's Han The home was controlled by Nangong Qianqiu. She died, wouldn't the Han family be in a headless state? After all, the fact that Han Jun was imprisoned is well known.

Although there is still a Mary in the Han family, she is relying on this woman. Can it really support the Han family?

A lot of rumors spread in the upper class of Hillwood City, the Han Family Building will fall, and perhaps a generation of famous families will fall.

After Han Jun was detained into Qin City again, the crisis brought by this incident to the Han family was also lifted, but his life was obviously not going to be easy.

His legs were crippled, and only one hand was still intact. How could Guan Yong let him go?

It is inevitable to fight a few times a day, but Guan Yong also gradually discovered something not quite right. Before, Han Jun was different. This time it became useless again, it was not the same person's performance at all.

There are two brothers in the Han family, which many people know, but it is rumored that the younger son died at a very young age. As to whether it is true, no one knows.

Guan Yong intuitively thought that maybe that little son was not dead, and the person who had been fucked by him before was not Han Jun at all.

This secret shocked Guan Yong. He was puzzled at what he was doing in exchange for the Japanese and Korean family. Is it just for Han Jun to go out and break his leg?

Although he doesn't know the reason, Guan Yong knows one thing, this secret can only rot in his stomach. Once said, his life will be threatened.

Han Family Courtyard.

Mary was left alone in the huge home, and she seemed a bit lonely.

Regarding Nangong Qianqiu's death, she did not feel any sadness. This is Nangong Qianqiu's own blame. When there is oppression, there will be resistance.

George Han has been wronged for so many years, and it is only natural to have such resistance.

"It is said that the Han family will fall soon, what do you think?" Mary said lightly.

Standing three meters away, Jun Yan heard Mary's words and said, "When this Han family falls, another Han family will stand up."

Mary smiled, George Han didn't care about the fate of the Han family at all, and he didn't need to care, because the Han family brought him nothing but pain.

But one thing cannot be denied, he is from the Han family after all.

At this time, Mary took out a yellowed photo. From the perspective of the photo, it should be a sneak shot. In addition to Nangong Qianqiu, there is also a person dressed as a Taoist priest.

"It was him that made George Han not take Nangong Qianqiu's attention. Do you think I should tell him about this matter?" Mary asked.

“About this person, I went to investigate, but his information was extremely hidden, which led to two extreme results. One is that he is just an unknown passerby. Second, behind him, there is A powerful backer, this backer, even I can’t investigate it.” Jun Yan said.

“If it’s the latter, it’s the Han family he wants to deal with.” Mary smiled bitterly.

“I advise you not to be so selfish. As long as the Han family declines in this matter, you can treat it as nothing happened. If you want to involve him in this matter, it will only add danger to him. This is not what he should be. After all, the Han family didn’t give him anything.” Yan Jun said disdainfully.

“I haven’t given him anything?” Mary frowned and said, “I gave his life, isn’t it enough?”

Yan Jun condensed her eyebrows, looking at Mary’s attitude, she wanted George Han to investigate this matter.

“You should be clear. Even the background that I can’t find out means that the other party is very powerful.” Jun Yan said.

Mary stood up, collected the photos, and went back to the room without saying a word.

Yan Jun sighed heavily. The Han family gave up George Han and even drove him out of Hillwood City. For so many years, they have treated George Han as a waste, but now they are asking George Han to bear the burden. Very dangerous responsibility, this is really unfair to George Han.

But as the bodyguard of the Han family, Yan Jun could not stop what Mary was going to do.

“My good disciple, your life’s fate is really rough. I hope you can remove all obstacles.” Yan Jun said to himself.

Cloud City.

George Han had nothing to do, taking care of the flowers and plants in the garden of the Villa, and Amelia Su was also there to help. Because his face was hurt, such an image would not be good for the company, so he simply rested at home.

At this time, George Han’s phone rang.

“Auntie Zhang.” George Han shouted unexpectedly. Zhang Linghua, who was knocked down by Wilson Su, was assigned to work in a weak water property after being discharged from the hospital. How could he suddenly call him?

“Three thousand. Can you help Aunt Zhang again.” Zhang Linghua said in a flustered tone.

Obviously something happened. George Han asked, “What’s the matter?”

“They are going to call the police to arrest my son now, saying that my son is a rogue and an indecent person.” Zhang Linghua said.

Zhang Tianxin is ill, and his mind is at most a three-year-old child. How is it possible to be a hooligan indecent person?

George Han said, “Where are you, I’ll come over right away.”

“In the company.”

Hanging up, George Han informed Amelia Su that he was going out.

Amelia Su didn't ask much, and didn't dare to ask, she just needed to know that George Han didn't go outside to get in trouble.

Weak water property. A female staff member cursed Zhang Tianxin. Zhang Tianxin hid behind Zhang Linghua with a look of fear. It was obvious that she had no idea what was going on.

"Fan Xue, it is impossible for my son to do these things, why are you slandering him?" Zhang Linghua said to the woman in front of Zhang Tian's mind.

Fan Xue looked fiercely, and said, "Your son is a gangster. Look, look at my legs. He tore the stockings to me. If it weren't for my quick response, he would not touch it. That's the place, I defile him? Does it make sense for me to defile him?"

When Fan Xue was talking, she deliberately exposed her thighs. The stockings were indeed broken, and they should have been damaged by artificial forceful pulling.

In the face of solid evidence, other colleagues who watched the excitement also accused Zhang Linghua.

"I think your son is pretending to be stupid. He eats for nothing in the company every day, so you should take him away quickly."

"Yes. Our company is a big company. How can we let a fool stay here and destroy the company's image."

"I didn't expect this fool to be this kind of person. No wonder he sneaked around when he saw me before. I think he also wanted to insult me."

Listening to these words, Zhang Ling was heartbroken. She knew very well what kind of person her son was. Although the mind of a three-year-old child was different between men and women. But there is absolutely no desire in that respect,

and Zhang Tianxin has been bullied since he was a child. How could he dare to do such things?

“I went to find Tang Long, Zhong Ge is not there, only Tang Long can call the shots for me.” Fan Xue said.

Tang Long’s position in the company is only lower than Zhong Liang. Therefore, in the absence of Zhong Liang, Tang Long is in charge of minor matters.

When he arrived in the office, Fan Xue closed the door, and his angry expression was replaced by a smile.

“Tang Long, I did a good show for you. You can’t break your promise with the bag you promised me.” Fan Xue enchantingly walked up to Tang Long and sat on his lap.

Tang Long stroked Fan Xue’s s*xy legs with a smile on his face, and said: “That idiot, let him kneel down to learn how to bark a dog. He didn’t even listen to me. This mentally retarded person should have been kicked out long ago. You are out of the company. Your performance today is very good. I will not treat you badly.”

Fan Xuesi didn’t care about the consequences of Zhang Tianxin being slandered by her. She wrapped her hands around Tang Long’s neck and said, “If you like it, I will buy a new pair. See you at the hotel tonight, how about?”

Tang Long smiled even more and said, “Okay, but now you are going out to give me a severe lesson to the mentally retarded.”

“No problem.” Fan Xue said cheerfully, and then left the office.

Chapter 156

When Fan Xue appeared again, there were two security guards behind him.

Seeing this situation, Zhang Linghua became even more panicked, protecting Zhang Tianxin, and said to Fan Xue: “What do you want to do?”

“What are you doing?” Fan Xue smiled coldly and said: “Your mentally retarded son is the scum-worm of society, of course I must teach him well. Pull her away from me.”

After the security guard heard the words, he stepped forward and dragged Zhang Linghua away.

Fan Xue took off his high heels and slammed Zhang Tianxin on the head one after another.

“Let you play a hooligan, you idiot. Can you touch this lady casually?” Fan Xue scolded while beating.

Zhang Tianxin hid in the corner with fear. For him, he was used to being beaten. The pain was nothing, but the feeling of fear continued to spread.

Those colleagues who watched the excitement showed no mercy one by one, and they watched this scene with a sneer, because they had been discussing Zhang Linghua’s mother and son for a long time. Although Zhang Tianxin didn’t do anything extraordinary, it was out of discrimination against Zhang Tianxin. No one wants to see him in the company. It just so happens that this opportunity can not only teach Zhang Tianxin, but also let their mother and son get out of the company. It’s too late for these people to be happy.

“Idiot, is this lady’s legs comfortable? It’s the price you touch me.” Fan Xue’s hands were merciless, and Zhang Tianxin’s head was beaten and bleeding soon.

Seeing the blood, Fan Xue was a little flustered. She just wanted to teach Zhang Tianxin, but she didn't dare to make things too much.

Just when Fan Xue stopped. Zhang Tianxin suddenly yelled, stood up and pushed Fan Xue away.

When the male colleagues in the company saw this scene, they were all furious. Many people regarded Fan Xue as their goddess, and wanted to find opportunities to show their affection. How can you miss the opportunity at this time?

“Want to run, you idiot, even my goddess dare to move.”

“You melon baby, dare to push the person I like, looking for death.”

“You f*cking, don't you know I like Fan Xue?”

Several big men once again surrounded Zhang Tianxin in the corner and beat him up.

Zhang Linghua cried and begged for mercy, but didn't care about her attitude at all, tears on her cheeks welled up like spring water.

“Fan Xue, please, please let them stop, I'll kneel down for you, and apologize to you.” After saying that, Zhang Linghua hung down on her knees and kept kowtow.

Fan Xue directly threw the high-heeled shoes in her hand at Zhang Linghua, smashed her on the head, and said coldly: “Okay, you can ask me to let him go, unless you admit that this idiot is a hooligan.”

As long as she admits, Tang Long can directly expel her. There is no need to go through the process of Zhong Liang's approval. After all, this kind of person staying in the company is also a scourge, and Zhong Liang will certainly not object.

Zhang Linghua can kneel down and beg for mercy, but she never wants Zhang Tianxin to be slandered. If she admits it, wouldn't it be equivalent to letting Zhang Tianxin carry this scapegoat?

"Fan Xue, my son wouldn't do this kind of thing, he might just be careless." Zhang Linghua cried.

"Humph." Fan Xue said in a cold voice, "I dare to quibble. In this case, you should watch your idiot son get beaten."

Zhang Ling's heart ached like a knife, listening to Zhang Tianxin's cry for help, even her breath turned into a sharp knife, like a knife struck her heart.

"I...I admit, I'm sorry, I'm sorry, my son is a gangster, Fan Xue, please, let him go." Zhang Linghua said desperately.

Hearing this, Fan Xue laughed triumphantly and completed the task Tang Long confided. Even if the bag is successful, and if he can develop a passionate story with Tang Long tonight. She will not have to do too much hard work in the company from now on.

For a girl like Fan Xue, hard work is not what she pursues. Do less and take more. It is best if a pie from the sky can be smashed on her head, and her concept is different. In her opinion, A beautiful woman like her should be raised by a rich man. How could she be able to work with her daughter-in-law.

And Tang Long is probably what she is looking for. As long as she is happy to serve Tang Long, she will be able to live without worry, and the entire company dare not offend her.

"Stop it." Fan Xue said.

The male colleagues were filled with anger one by one, wearing sleeves. It was as if he had done something big, vying to show it in front of Fan Xue.

“Fan Xue, someone will bully you in the future, tell me, I will help you teach him.”

“You can come to me anytime if you have trouble, I am no worse than some people.”

“I can do everything for you. If you feel unhappy, I can beat this idiot again.”

Fan Xue smiled faintly, these licking dogs are really dedicated, it's a pity. How can this lady's eyes value your waste?

Of course, for a woman like Fan Xue, even if she didn't get it, she wouldn't say it clearly. Otherwise, how could these flies circulate around her willingly and help her do things?

“Okay, I know you are great.” Fan Xue said with an eyebrow raised.

Those people were so happy, they all felt that Fan Xue was raising an eyebrow at himself. It seems that I can get closer to her in the future.

A guy who wanted to behave forcibly, deliberately kicked Zhang Tianxin to show his might.

Zhang Linghua knelt on the ground and crawled in front of Zhang Tianxin. She saw Zhang Tianxin's blue nose and swollen nose and multiple injuries. She reproached herself and said: “Sorry, it's my mother's fault, but my mother has no ability to protect you.”

Zhang Tianxin held Zhang Linghua's hand tightly, although he didn't speak. But she kept shaking her head to show that she didn't blame Zhang Linghua.

“You two, mother and son, hurry up and don’t show up in front of me in the future, otherwise I will fight once.” Fan Xue said with a high tone.

Those flies who were circling the feces crossed their eyebrows and green eyes, some of them showed their arms, and some of them shook their fists at Zhang Linghua, obviously threatening her.

Zhang Linghua sighed. The first time she came to the company, she felt that this place was not suitable for her. After all, she is a hard worker, and here is a place for mental survival, but George Han gave her a chance, so she tried her best to integrate herself into this place, but now it seems that no matter how hard she works, she will not be People accept, if so, why stay here?

Zhang Linghua doesn’t blame George Han, because George Han only allows her to have a better working and living environment, but she is not accepted by others.

In her heart. Instead, I feel a little sorry for George Han, because she didn’t seize this opportunity and disappointed George Han.

“Son, let’s go.” Zhang Linghua helped Zhang Tianxin up, just about to leave. Suddenly he felt a hand on his shoulder.

“Three thousand.” When Zhang Linghua turned her head, she saw George Han’s cold face.

Although George Han didn’t know what had happened, he saw Zhang Tianxin’s body wounds and the menacing staff.

“What’s the matter?” George Han asked in a deep voice.

Zhang Linghua just wanted to speak, but she couldn’t say anything. Even if George Han helped her, it was useless. She couldn’t integrate into the company’s environment and she couldn’t stay here to work.

And for Zhang Tianxin, she won't stay here, this time George Han can help, what about next time? What should I do if Zhang Tianxin is beaten again?

“Who are you, you are not an employee of our company, this matter has nothing to do with you, hurry up.” Fan Xue looked at George Han disdainfully, and the dick who emerged from where she dared to intervene in her affairs.

“Aunt Zhang, tell me, I'll be the master for you.” George Han ignored Fan Xue and continued to ask Zhang Linghua.

Fan Xue laughed and looked at George Han mockingly and said: “Are you helping her? Hahahaha, are you trying to laugh at me to death? Where does the neurosis come from? You will not be the same as Zhang Tianxin. Mentally retarded?”

Zhang Tianxin is easily discriminated against, which George Han had expected, and this situation is not something he can change.

However, he cannot change society, but it is indeed a very simple matter to change weak water properties.

Raising his hand, slapped Fan Xue on the face, George Han said coldly, “Is there anyone here for you to speak?”

Fan Xue covered her face in disbelief, this dick dared to hit her!

“What are you doing in a daze, didn't you see him hit me?” Fan Xue said to the dog licking beside him.

Chapter 157

The group of licking dogs wished to have more opportunities to perform in front of Fan Xue, and now George Han took the initiative to send them to the door, but they had a good opportunity to roll up their sleeves when they didn't agree.

However, to George Han, these people who are sitting in the office and lack exercise are like a few bugs, they can die with just a pinch, and they can't help fighting.

Seeing George Han's intrepid skill, the few licking dogs lying on the ground wailing, Fan Xue suddenly panicked.

This guy is so capable!

"Aunt Zhang. Now you can tell me what happened." George Han asked Zhang Linghua.

Zhang Linghua didn't expect George Han to be so powerful, and he was able to arrange himself into the company, there must be a certain relationship, although he didn't want to trouble George Han, but the matter has already reached this point, it can help Zhang Tianxin clear his grievances. Naturally it is a good thing.

While Zhang Linghua was telling George Han about the process, Fan Xue ran back to Tang Long's office.

Tang Long was coaxing his girlfriend, saying that he would work overtime tonight and could not go home. When he saw Fan Xueshi who was panicked. Immediately hung up the phone and said, "Why don't you knock on the door when you come in?"

Fan Xue hurriedly said: "Tang Long, Zhang Linghua's helper has come, and he beat his colleague."

Tang Long frowned. Can Zhang Linghua have a helper? How could it be possible, isn't she just a woman who knows nothing? Tang Long didn't even know why she was able to work in the company.

"I'll go and see." Tang Long left the office with a calm face.

At this time, George Han already knew the ins and outs of the matter, Zhang Tianxin was bullied from childhood to adulthood, and his personality was very cowardly. It was absolutely impossible to molest Fan Xue for no reason. It is clear that Fan Xue has been wronged.

But why did Fan Xue trouble Zhang Tianxin for no reason? Is it because it is simply unpleasant?

"Aunt Zhang, don't worry, no one can frame Zhang Tianxin with me." George Han said.

At this time, Tang Long came. When he saw George Han, he couldn't help shrinking his neck. Although he vowed to take revenge and return all the humiliation that George Han brought to him, it was not a good time now.

Han Cheng is dead. Although he does not yet know the news of Nangong Qianqiu's death, in this case, Tang Long wants to be valued by the Han family. He has to wait for the situation in the Han family to stabilize, and he has just joined the company now, and it is impossible to contact him. To the top of the Han family.

The conflict with George Han at this point in time was not a good thing for him.

"How could it be you?" Tang Long asked.

"You, as a company executive, have something like this happened now, don't you need to investigate it clearly?" George Han said coldly.

George Han and Zhong Liang knew that if this matter caused Zhong Liang, it would be troublesome, and with the relationship between George Han and Zhong Liang, if this matter was discovered to him, the consequences would be even more serious.

“This is an internal matter of our company, you are not qualified to manage it.” In front of so many colleagues. Tang Long didn’t want to lose face, so he didn’t want to compromise casually.

“If you don’t check, let Zhong Liang check it.” George Han said lightly, and then took out his phone.

Seeing this, Tang Long panicked. Because of this little incident, does this guy have to alarm Zhong Liang?

“Okay, I will check.” Tang Long gritted his teeth.

George Han looked at Fan Xue behind Tang Long and said, “You can now ask her why she should slander Zhang Tianxin.”

As soon as Fan Xue heard this, she was unhappy, and standing behind Tang Long, thinking that Tang Long could protect her, she became arrogant again, and said to George Han: “Why do you say that I slander him? This idiot is better than Everyone is bad. I have peeked a long time ago. I don’t know how many times. I am so beautiful. What’s weird about him being moved.”

“You, beautiful?” George Han smiled disdainfully, and said, “Look at your ugly face, is it beautiful?”

Fan Xue became angry immediately, and did not dare to say that she was ugly, and jumped and scolded George Han: “Are you blind and dare to say that I am ugly, why don’t you look at yourself for being ugly.”

“Tang Long. Hurry up and help me teach him, he dare to call me ugly.”

Tang Long’s expression was as uncomfortable as he had eaten shit. If you were someone else, you wouldn’t have the right to be arrogant in front of him, but George Han was different. The relationship between him and Zhong Liang was extraordinary.

Tang Long turned around and slapped Fan Xue’s face with a slap. There was no other way but to let Fan Xue come back.

“Say, why are you slandering Zhang Tianxin?” Tang Long asked coldly.

Fan Xue covered her face with a look of astonishment. Tang Long confessed to her to do this. Now instead of helping her, she blames her!

“You...Tang Long. What are you doing?” Fan Xuemu asked in a neat tone.

Tang Long gritted his teeth, winked at Fan Xue, and said: “Clarify things clearly, I can let you go.”

Fan Xue knew that Tang Long wanted her to take responsibility, but why? Is it because of this dick? Why is he!

“me.....”

“What are you, you have something to say,” Tang Long said coldly.

Fan Xue knew that if she didn’t carry this pot, she would definitely be hated by Tang Long, and she would never have a good life in the future. If you can help him take responsibility, you can still get some benefits, and you can use it to blackmail him in the future.

For Fan Xue, dignity can be trampled by money, as long as there is money. Even if she were to be a bitch, she was willing.

“It’s me, I don’t want to work in an environment with this idiot. I discriminated against him, so I tore the stockings deliberately. I wish him.” Fan Xue said with her head down.

When those colleagues heard these words, they were all dumbfounded. Although they couldn’t see Zhang Tianxin, it was too much to slander him in this way, and even though he was a fool, people in the company told him to run errands. , He never refused.

Some people even treated Zhang Tianxin as a dog, and threw things away for Zhang Tianxin to pick it up.

But no one has ever thought of using this method. Drive Zhang Tianxin out of the company.

“Fan Xue, it turns out you are such a person.”

“I really missed you, but I still like you for so long.”

“He’s just a fool. Why should you care about him? It’s really annoying, just treat it as invisible.”

A group of colleagues have a strong ability to see the wind and make the rudder. Of course, the biggest reason is not based on sympathy for Zhang Tianxin, but on Tang Long’s position.

obviously. Now Tang Long wants to be the master of Zhang Tianxin, how dare they speak for Fan Xue.

Fan Xue didn't feel ashamed of being spurned by others, but she was happy in her heart. Even if she lost her job, it didn't matter. With Tang Long's handle in her hands, she could threaten him to take money in the future, even if she had no job. Feed, isn't this the life she yearns for?

"Apologize to Zhang Tianxin and Zhang Linghua." Tang Long said sharply, exhaling in his heart, if this woman is not smart enough. Today this matter is endless.

Fan Xue walked to Zhang Linghua and Zhang Tianxin, bowed deeply, and said, "I'm sorry."

George Han frowned, the woman apologized very happy, this was based on Tang Long's pressure. No problem, but the question is why she still has a slight smile on her mouth.

Who can be so brazen?

And just being brazen, can it make her happy? About to lose work, this is for anyone. It's not a good thing.

Unless...unless she has other benefits.

If there are real benefits, where does this benefit come from?

George Han looked at Tang Long, and then asked Zhang Tianxin: "This big brother, have you spoken to you recently?"

Zhang Tianxin raised his head timidly, and after a glance at Tang Long, he quickly lowered his head.

George Han saw fear in Zhang Tianxin's eyes. For Tang Long's fear, he couldn't be afraid of Tang Long for no reason. Tang Long must have done something to him.

“Tell me anything, don’t be afraid.” George Han said.

Zhang Tianxin was rescued by George Han once, so he trusted George Han very much. He lowered his head and said, “My brother asked me to act like a dog barking for him, but my mother said that I am a human being and I can’t just do it casually. kneel down.”

Hearing this, Tang Long’s face changed drastically, and he shouted at Zhang Tianxin: “f*ck your mother, when did I say this to you?”

Chapter 158

Tang Long's loud voice made Zhang Tianxin tremble all over, hiding behind Zhang Linghua, afraid to speak any more.

However, George Han already knew what was going on with this incident. Although Fan Xue provoked this incident, Tang Long was the real instigator. He disliked Zhang Tianxin, so he used this slander. Way to drive Zhang Linghua away.

This guy had already given him a chance last time, but he didn't expect that he was still in the company with power and chaos.

At this moment. Zhong Liang arrived at the door of the company, and Harry Su, who was smiling all the way, followed.

Since Harry Su became the chairman of the Su family, he has thought of many ways in order to establish a relationship with Zhong Liang, because the Chengxi project is now almost the life of the Su family, and this cooperation is in the hands of Amelia Su. It is not a good thing after all, so he hopes that after getting closer with Zhong Liang, he can take charge of the Chengxi project by himself.

Because of his previous experience, Harry Su did not dare to point out directly. The only way to save the country is to use various methods to please Zhong Liang, but unfortunately the effect is minimal, but in this case, Harry Su still did not give up.

The two walked into the company. When Zhong Liang saw George Han, he was shocked. Why is Young Master here!

Zhong Liang knew a lot about the recent changes in the Han family, Han Jun became a waste, and Han Cheng died. I heard that even the old lady Nangong Qianqiu is dead!

With the support of Nangong Qianqiu, Han Jun can become the head of the Han family in the future, but now that Nangong Qianqiu is dead and Han Jun is abolished, then the only person who can inherit the Han family. But it was George Han.

If Zhong Liang had a trace of betrayal to George Han before, then now, he has no thoughts in this regard.

He works for the Han family, and now George Han is the only one who can inherit the Han family. He has no choice but to be loyal to George Han.

When Zhong Liang saw George Han, Harry Su also saw it, and a doubt arose in his heart. How could this uselessness be here? And it looked like something happened.

Harry Su smiled faintly, this shameless pen, wouldn't it be troublesome in the weak water real estate?

Just as Harry Su was preparing to watch the show, Zhong Liang said: "Su Dong, there is something wrong with the company today. Let's make an appointment another day."

"Brother Zhong, this waste of George Han seems to have caused trouble in your company, or I will help you fix it." Harry Su said.

"Su Dong, don't you understand me? I said, make an appointment another day." Zhong Liang said coldly.

Harry Su wanted to watch a good show. But Zhong Liang's current attitude is obviously very unhappy, and the chauffeur is so obvious that he still stays here will only make Zhong Liang dissatisfied with him.

"Brother Zhong, okay, I'll go first, let's make an appointment next time." Harry Su walked out of the company unwillingly, and said cursingly: "It's a horrible thing, I

almost caused Zhong Liang's dissatisfaction. So don't cause me trouble, otherwise I can only let Amelia Su bear the consequences."

"What's the matter?" Zhong Liang walked into the crowd and asked Tang Long.

When Tang Long saw Zhong Liang, he felt a guilty conscience. It's too late to come back! Let him intervene in this matter, but it will not end well.

However, Tang Long thought for a while. He was a talent that Zhong Liang had dug up a lot of money. Zhong Liang valued his abilities so that he would not be troubled by a waste employee. Even if there was criticism, it would be a curse at best.

"Brother Zhong, it's a bit misunderstanding." Tang Long said.

Zhong Liang looked at Zhang Tianxin, his heart sank, his face was bruised and his face was swollen. Could it be a misunderstanding?

The mother and son were the people that the young master arranged to join the company himself, and Tang Long, this blind dog's eye, touched the young master's brow again.

"Follow me to the office." Zhong Liang said coldly.

Tang Long was happy in his heart and went to the office to be scolded, but he would not be ashamed. It seems that Zhong Liang still takes care of his face.

Sure enough, capable people have special treatment wherever they go. Even if they make a mistake, they won't be punished too seriously.

Following Zhong Liang, Tang Long proudly straightened his back.

George Han said to Zhang Linghua: “Take Tianxin to the hospital first, then go home and rest for two days before coming to work.”

Come to work again?

Zhang Linghua looked embarrassed and said: “Three thousand, I don’t want to trouble you anymore, Tang Long makes things difficult for us for the first time, and there will definitely be a second time.”

George Han smiled. Said: “Don’t worry, Tang Long will get out of this company soon. If anyone dares to make things difficult for you in the future, he can just be fired.”

Zhang Ling was shocked and expelled directly? Is he so capable?

After the colleagues were surprised for a while, they smiled and shook their heads. Where did this guy come out and dare to speak such big words.

Everyone in Weak Water Real Estate knows that Tang Long was the person Zhong Lianghua invited back with a lot of money. How could it be possible to expel Tang Long because of Zhang Linghua? It is simply a school flower.

“Man, what are you bragging about. Do you know how Tang Long came to our company?”

“He was hired by Brother Zhong with a lot of money to expel Tang Long for Zhang Linghua. Are you telling us a joke?”

“Who are you, you speak like you can manage our company’s affairs, don’t you need to think about it when you speak big words?”

Several people who were beaten by George Han just now. Looking at George Han with extreme disdain.

“Whether you will be fired or not, I’ll know later.” George Han finished speaking lightly, and walked towards Zhong Liang’s office.

In the office.

Tang Long smiled and said to Zhong Liang: “Brother Zhong, thank you. I was indeed a bit too reckless in doing this, but there is a fool in our company all day, which also affects the company’s image.”

“Thank me? Thanks for what?” Zhong Liang asked lightly.

“You asked me to come to the office, didn’t you just want to pretend to teach me? I know, you don’t want me to lose face in front of other colleagues, I know what you mean.” Tang Long said.

The corner of Zhong Liang’s mouth raised. This ridiculous pen, where the absurd idea came from, he called Tang Long to the office just to allow George Han to better handle this matter. After all, the identity of the young master is secret in Basin City.

“Tang Long, do you know how stupid you did today.” Zhong Liang said.

Tang Long still looked reckless and said with a smile: “Brother Zhong, you scold me, next time I will think carefully, it will definitely not cause too much influence.”

“Next time?” Zhong Liang shook his head. This idiot’s mind is probably all shit.

“Why do you want to target Zhang Tianxin, he and you. There will be no conflicts, right?” Zhong Liang asked. Although Zhang Tianxin does have some intellectual problems, he never gets into trouble at ordinary times, and he is also very clever and impossible to take the initiative. Go to provoke Tang Long.

Speaking of this, Tang Long showed a look of sigh, and said: “There is no contradiction, just want to play with this big idiot, let him learn a few dog barks to listen to, I did not expect this big idiot actually Don’t listen to me. Tell me, if this kind of idiot is in our company, if it can’t make us happy, what value is there, and Zhang Ling has spent the time since entering the company. She hasn’t done anything, our company’s money It’s not a strong wind, so what do you do to raise such idlers.”

Tang Long thinks that the handling of this matter is for the good of the company, so in his tone, there is an element of inviting credit.

Zhang Linghua’s receptivity is indeed not strong. And she hasn’t made much contribution to the company, but her age and previous working environment, after all, have given her a lot of restrictions.

No results, but it does not mean that Zhang Linghua has not worked hard.

During this period of time, Zhong Liang also paid attention to Zhang Linghua’s performance. She was very serious about absorbing new knowledge and wanted to contribute to the company. In Zhong Liang’s view, such employees are worth training, but Tang Long’s eyes Here, he denied Zhang Linghua’s efforts and only saw Zhang Linghua’s useless side.

“What you said makes sense, but what have you done in the company for so long?” Zhong Liang said.

Tang Long has a very high position in the company, and he can’t extricate himself from being immersed in ambiguous games with female colleagues. He really didn’t do anything practical, but this can’t deny his ability.

Just when he wanted to defend himself, George Han pushed in.

Tang Long frowned. Why did this guy come back? Although he has a good relationship with Zhong Liang, he is not qualified to intervene in the company's internal affairs.

Chapter 159

“George Han, there is nothing for you here, what are you doing?” Tang Long said with a dissatisfied expression.

George Han walked to the desk and sat directly in Zhong Liang’s position.

This action angered Tang Long even more!

What kind of shit, dare to sit in Zhong Liang’s position.

Zhong Liang treats you as a friend, and that’s not the reason for rubbing your nose.

They are from the Han family, and you are just a waste of Basin City.

“George Han. You are really shameless. Brother Zhong treats you as a friend. It is fortunate for you for the third life. You dare to sit in Brother Zhong’s position casually.” Tang Long scolded coldly.

“Friends?” George Han smiled faintly, and asked Zhong Liang, “Are we friends?”

Zhong Liang’s face was ashen, you f*cking want to kill yourself, why are you dragging me into the water! Quickly said to George Han, “I am not qualified.”

George Han looked at Tang Long, shrugged and said, “Have you heard. He is not qualified to be my friend.”

Tang Long’s three hundred and sixty degrees of confusion, Zhong Liang, is not qualified... not qualified to be a friend of George Han?

How could it be that he was just a waste, anyone could step on his head, how could Zhong Liang be disqualified?

Tang Long dug out his ears, he must have heard it wrong, or he had auditory hallucinations.

“Brother Zhong. Do you want me to help you teach this guy who doesn’t know what is good or bad?” Tang Long said.

“What the hell are you stupid?” Zhong Liang gritted his teeth and said to Tang Long, he wanted to teach George Han a lesson. I don’t even look at what I am not into the trendy stuff.

“Brother Zhong, you, what’s the matter with you.” Tang Long asked puzzledly.

Zhong Liang glanced at George Han, his heart trembled, but he couldn’t let Tang Long talk nonsense anymore, otherwise he would be burdened by this stupid, he wouldn’t even have a fart.

“Young Master, what do you want to do with Tang Long?” Zhong Liang asked.

His remarks were obviously deliberately revealing information to Tang Long to let Tang Long know who George Han was.

When he said this, Zhong Liang took a big risk. Once George Han was dissatisfied with this, he would have come to an end in his life.

But looking at George Han’s appearance, he didn’t seem to be angry.

Tang Long at this time, but his face was pale in an instant.

What does the little master mean?

Why did Zhong Liang call George Han Young Master!

He is from the Han family, he can be called the young master...

Boom!

Tang Long's head was like thunder. Shocked him to death.

Han...George Han, he, is he from the Han family!

With a thump, Tang Long knelt on the ground feebly, and said to George Han in disbelief: "You...you are the Han family!"

George Han shook his head and said, "I am not a Han family anymore. I disdain to be a Han family. For me, I am George Han."

What does this mean? Tang Long doesn't understand, but Zhong Liang's face is even more ugly. He doesn't regard himself as the Han family. What does this mean? Didn't you take the Han family seriously?

After all, for so many years, he has made a lot of deployment secretly, and even Fengqian Company was cultivated secretly by him.

Perhaps... those in Hillwood City who watched the Han family's jokes would never have imagined that the real power of the Han family is not in Nangong Qianqiu, let alone Han Jun, but the unknown young master!

With his city mansion and methods, it is absolutely not a problem to rebuild a more glorious Han family.

This is to push the old to the new?

Zhong Liang felt his scalp numb. It was like there was an electric current, until now, he didn't realize how terrible the young master was.

Wiping a cold sweat on his forehead, Zhong Liang said: “Little Master, Zhong Liang is only loyal to you in this life. If there is betrayal, the heaven will die.”

George Han smiled and said, “You don’t need to be so loyal to me. I warned you to be kind to Zhang Linghua, and you...what have you done?”

Zhong Liang was so scared that he knelt on the ground and said in a panic: “Little Master. I’m sorry, it’s my negligence. I hope you can forgive me. I will definitely listen to your instructions in the future.”

George Han stood up, walked in front of Zhong Liang, and said condescendingly: “You have reservations about me, I can understand it, after all, in your eyes. I am just a port of call for you to take a break, the true master of your heart. , Or Han Jun?”

The cold sweat on Zhong Liang’s forehead was like soybeans, ticking.

He did think this way before. Because the Han family gave George Han a big opportunity, in Zhong Liang’s eyes, he would never be able to beat Han Jun, after all, Han Jun is a person who Nangong Qianqiu is optimistic about. It is impossible for George Han’s achievements to be worth a word from Nangong Qianqiu.

Therefore, Zhong Liang will leave a thread for himself when he does anything to avoid being reused by Han Jun in the future.

Take Zhang Linghua’s case as an example. Zhong Liang has been on the sidelines since the day when Zhang Linghua entered the company. He did not exercise any rights and preferential treatment for Zhang Linghua. The reason is to use these details to help him in the future. Improve your status in front of Han Jun.

He had to let Han Jun know from all aspects. Although he was with George Han, he did not do his best for George Han.

But Zhong Liang didn't expect that just these little things would be noticed by George Han.

He didn't even expect that the Han family would suddenly undergo such a big change.

"Have you not considered the consequences before taking me as a fool?" George Han continued.

"Young Master, I'm sorry, it's my fault, starting today. I will do my best for you." Zhong Liangmeng kowtowed to George Han, he knew what would happen if he was kicked out of the Han family. Thousands of methods, the entire Huaxia will not have his place to survive.

Moreover, Zhong Liang couldn't lose it for Zhong Liang to reach such a height with great difficulty, this was his all.

Tang Long had already looked desperate. Whether George Han was a member of the Han family was not important anymore, just by Zhong Liang's attitude towards him. It was enough for Tang Long to understand the gap between him and George Han.

revenge?

This is just a joke.

Thinking about the vow he made at the beginning, Tang Long himself felt absurd. In front of such a person, does he have a chance to take revenge?

But Tang Long couldn't understand. Why is such a powerful person willing to be scolded as a waste, and for three years, the entire Basin City treated him as a joke. How can he endure this humiliation.

“Zhong Liang, this is your last chance, take it well.” George Han said.

When Zhong Liang heard this, he kept kowtow and said: “Thank you young master, thank you young master, Zhong Liang must remember your words and will definitely seize the opportunity you gave.”

“This person, don’t let me see him in any company in Cloud City.” George Han finished speaking and left the office.

Zhong Liang waited until the office door was closed before daring to get up. Naturally, he didn’t need to say much about Tang Long’s hatred. If it weren’t for this idiot, how could something like this happen?

For Zhong Liang just now, his life was almost hanging by a thread!

“You heard what the young master said.” Zhong Liang said coldly.

With a panicked face, Tang Long knelt and climbed to Zhong Liang’s side, begging for mercy: “Brother Zhong, please, help me, help me, if I leave Basin City, I will have nothing.”

Tang Long’s achievements are not only his own abilities, but also the connections he has accumulated in Basin City for so many years. This is the most valuable thing in him. If Basin City does not have a company that wants him, then all his efforts over the years, All will be in vain, and then go to other cities to start over again, this is absolutely impossible for Tang Long to adapt.

Zhong Liang glanced at Tang Long with disgust, then kicked it away and said: “Do you think I have the ability to save you? You made me almost impossible to protect myself, go away, don’t let me see you again.”

“By the way, I would like to remind you that if you dare to reveal the identity of the young master, your life is worrying.”

Tang Long shook his body unconsciously, his life worried!

Desperate, regret not in the beginning.

Tang Long kept slapping himself in the face. If it weren't for his series of stupid actions, how could things have developed to such a point? He even tried to seek revenge on George Han.

Ridiculous, extremely ridiculous!

When the company employees saw George Han leaving the company, they gathered together and whispered. Until now, they still think that George Han is bragging. After all, Tang Long is a person dug by Zhong Liang himself and a very important person in the company. .

Chapter 160

“Where did you say this braggart came from?”

“Who knows, looking at the look of the dick, it may be a delusion.”

“You said, what would Zhong Liang do with Tang Long?”

“What else can I do? Just do it casually. It’s impossible to really expel Tang Long for Zhang Linghua.”

Several people discussed this matter with a chuckle, until Tang Long came out of Zhong Liang’s office with a deadly face. They felt that something was wrong.

“What’s the matter, Tang Long’s expression, won’t it be really fired.”

“How could it be that he was fired, isn’t Zhang Linghua no one can afford it.”

“Damn, let me ask.”

Someone walked up to Tang Long and asked with a shy face, “Tang Long, how’s going on. Did Zhong Ge fire Zhang Ling?”

Tang Long was completely desperate in his heart, his whole person was like a walking dead, without the slightest energy, he pushed the person in front of him away and returned to his office.

The office door was not closed, and when Tang Long packed his personal belongings, those colleagues outside who watched the excitement were shocked.

“f*ck it, isn’t it. Tang Long was really fired!”

“My God, who was that young man just now? He was expelled if he said he was expelled.”

“It’s over. I have offended Zhang Linghua before. What should I do? No, I will be expelled.”

As soon as this sentence came out, everyone panicked, because they more or less made things difficult for Zhang Linghua. As for bullying and teasing Zhang Tianxin, it was a must-have drama that would be performed every day.

From the day when Zhang Tianxin arrived at the company, these people regarded Zhang Tianxin as a plaything, teasing them when they were happy, and cursing Zhang Tianxin as an inflator when they were unhappy.

And now, Tang Long has been fired because of this incident, what will happen to them.

“If any of you dare to trouble Zhang Linghua in the future, you will end up like Tang Long.” At this moment, Zhong Liang’s voice suddenly came from behind him.

Everyone turned around tremblingly, one by one.

“Brother Zhong, don’t worry, this kind of thing will never happen again.”

“We must treat Zhang Tianxin well in the future. Take good care of him.”

“In fact, this child is very poor. We have done too much before. We must review ourselves.”

When everyone confessed their mistakes, Fan Xue was very upset, because she provoked this matter, although Tang Long was behind the scenes, but she couldn’t get rid of it.

She didn't worry about losing her job before, because she felt that she could live by blackmailing Tang Long, but now that Tang Long has been fired, she has any blackmail capital.

"Fan Xue, you let me down, get out." Zhong Liang finished speaking and returned to his office.

Fan Xue's face was as white as paper, she didn't catch anything, and she lost her job, which was a fatal blow to her.

If I don't have a job, what else can I pay for my credit card consumption in advance?

The group of licking dogs didn't dare to say anything good to Fan Xue at this time. Although she is beautiful, she has to be rich to get it done. It's not worth losing her job for her.

At this time, outside the gate of the weak water real estate company, Harry Su blocked George Han's path.

"Useless, you won't offend anyone at Weak Water Real Estate, do you? You know that Su's family and Weak Water Real Estate have a cooperative relationship, so it's not deliberately making trouble for me, right?" Harry Su looked arrogantly to Han Three thousand said.

He is now the chairman. Without knowing the identity of George Han, he does have the proud capital. After all, Amelia Su is only his subordinate now.

And when his relationship with Zhong Liang gets better, he can hold the Chengxi Project in his own hands. At that time, he didn't even need to give Amelia Su's face.

Of course, all this is just Harry Su's conjecture.

“I can offend anyone.” George Han said.

“Yes.” Harry Su nodded mockingly, and said: “With your patience, you can’t offend a big man. Who would put your kind of uselessness in your eyes.”

“Since you know, waiting for me here, there are other reasons.” George Han asked.

Harry Su smiled. Said: “It will be Family Day in a few days, I’m afraid you will forget it, so I’ll remind you.”

George Han pretended to be surprised, and said, “Unexpectedly. You still invited me personally, do I have to thank you.”

Harry Su proudly raised his head and said, “If you have to thank me, it is not impossible. I am the chairman of the Su family now, and I am too lazy to care about little people like you, so I will give you a chance to eat. Good point.”

Does Harry Su really invite George Han sincerely?

Of course not. He and Su Yihan had agreed long ago that George Han would not be allowed to participate in Family Day. The reason for saying so was to let George Han go. Then drive George Han away.

He is happy to find pleasure in this kind of playing with others, especially when this person is George Han, he is even more happy.

Trampling on George Han’s dignity and stomping George Han fiercely on the ground is something that Harry Su did not get tired of in his life. Who calls George Han a waste?

And being beaten three times, Harry Su did not forget this hatred.

“Okay, in that case. I’ll go and watch a good show.” George Han said with a smile.

“Then you have to come early.” Harry Su smiled.

Back in the car, looking at the back of George Han leaving, Harry Su said to himself with a sneer: “What an idiot, do you think I will let you in? Then let all relatives see your jokes? , Just treat it as a monkey.”

George Han went to the hospital and left after confirming that Zhang Tianxin’s injury was not serious.

During the period, Zhang Linghua said some words of thanks, and George Han accepted them all, because this was the only way Zhang Linghua could repay him. If Zhang Linghua is not allowed to finish, she will definitely feel uncomfortable in her heart.

As for continuing to work in the company, George Han also told her and let her not worry. No one in the company will dare to bully Zhang Tianxin in the future.

Hanging out on the street and not picking up Amelia Su from get off work, the life is really boring, and there is no taste. I was about to go to the magic city to see when someone suddenly punched him in the back.

“George Han, where have you been for so long.” Tian Linger was shopping with her best friend. The chance encounter with George Han made her excited, and immediately dragged her best friend to meet George Han.

The bestie was wearing a pink skirt. Although her appearance could not be compared to Tian Linger, her figure was exceptionally stalwart and eye-catching. Even George Han couldn’t help but take a few more glances.

“What are you looking at? Believe it or not, I will blind you.” Tian Ling said to George Han with his hands on his hips and his chest deliberately raised.

George Han smiled helplessly, then retracted his gaze and said to Tian Linger: “If you want to blind me, do you have to consider whether you have this ability?”

Tian Linger felt discouraged when he thought of George Han’s victory over Luo Bin in the gym.

“Do you know what a gentleman is, a gentleman wants to be beautiful.” Tian Linger said.

“Beauty?” George Han looked at his head, curiously asked: “Where is the beauty?”

Tian Linger’s seven orifices gave birth to smoke, gritted his teeth, and such a big beauty is in front of him, can’t he still see it?

“George Han, do you have to make me angry?” Tian Linger said with a gloomy face, gritted his teeth.

Xie Yufu knew that the person in front of him was Basin City’s famous wretched George Han, so intuitively she did not have the slightest affection for George Han, and even more wondering why Tian Linger would say hello to George Han on the street. Isn’t she afraid of losing it? Did she save the face of Miss Tianjia?

However, although she is Tian Linger’s best friend, she dare not talk nonsense about these things, because the Xie family and the Tian family are in a cooperative relationship, and the Tian family is dominant, so even this girlfriend’s relationship, There are also benefits.

“Linger, it’s so hot, let’s find a cold drink shop to take a break.” Xie Yufu said, in fact, he wanted to separate from George Han early so that outsiders would not see her and George Han know this rubbish.

“George Han, buy me a cup of milk tea, isn’t this request too much?” Tian Linger said.

George Han looked at the time, and there was nowhere to go, but when he was about to speak, Xie Yufu said, "Let's go by ourselves."

George Han smiled. From Xie Yufu's eyes, he saw a trace of disgust. It was obvious that the pink skirt girl didn't wait to see him.

"Or, I won't go." George Han smiled bitterly.

At this time, Tian Linger's dissatisfaction with Xie Yufu appeared between her eyebrows.
