

Chapter 161

When Xie Yufu felt the change in Tian Linger's expression, her heart suddenly panicked. The elders in the family have explained that they must be patient everywhere with Tian Linger, because everything in the Xie family is linked to the Tian family, she This love of girlfriends can bring great benefits to the Xie family, and it is also a double-edged sword, once it is not used well. It will cause trouble to the Xie family.

And Tian Linger's attitude determined the fate of the Xie family.

"I've been there together." Xie Yufu said to George Han. Even if she looked down on George Han in her heart, she had to accept it, but later she had an appointment with her favorite boy. Drinking milk tea with this wimp is certainly inevitable.

George Han was a little surprised at Xie Yufu's sudden change of attitude, it seemed that these two girlfriends. It should not be a simple girlfriend, but this is not surprising. After all, Tian Linger is a member of the heavenly family, and it is reasonable to be patient with her. This pink skirt girl's home should be a lot from the heavenly family. benefit.

"What have you been doing recently, there has been no news. I heard that even Grandpa asked you. You didn't show up." Tian Linger asked George Han as if nothing happened.

Thomas Tian contacted himself? That should be Han Jun's phone call, I guess this apprentice still doesn't understand why the master avoided seeing him.

"Nothing, just playing around." George Han said.

Go to play?

Tian Linger's heart suddenly became nervous. How could someone as good as George Han go out to play casually? If they were seduced by Yingyingyanyan outside, they would lose a lot.

"Next time you go to play, take me, I want to go out to travel, too." Tian Linger said.

Xie Yufu frowned when she heard this. Is Tian Linger's brain cramping? Why do you want to be so intimate with this wimp, and go on a trip with him!

Could it be said that the last rumor was true?

After Thomas Tian's birthday party, Basin City spread a lot of speculation about George Han.

Those who don't know the identity of George Han guess that he will be the son-in-law of the heaven in the future.

As for someone like Xie Yufu who knows George Han's identity, he heard another version, saying that Father Tian valued George Han very much and was planning to promote George Han in Basin City.

But even if he really wants to be promoted, Tian Linger shouldn't behave like this. George Han is still worthless, he is also the son-in-law of the Su family.

"Aren't you still studying? Absence of class is not something students should do." George Han said with a smile.

Tian Linger grumbled. Said: "For me, what's the point of studying? My family is rich, and I don't need me to make money."

George Han smiled helplessly. This sentence is true. With Tianjia's assets, Tian Linger doesn't have to worry about running out of money even if he is lying in bed for a lifetime.

But how can knowledge be measured by money?

But this kind of reasoning is meaningless. After all, knowledge changes destiny more than it can be applied to the poor, and young ladies like Tian Linger learn knowledge, that is, to enrich themselves, as for changing destiny and pursuing better Life is completely unnecessary for her.

The three people found a famous coffee shop, where Tian Linger's favorite milk tea, and she stated that she is a frequent customer here, after arriving, the waiter was very warm reception, and even the manager personally came out, The three of them received the deck on the second floor.

"Miss Tian, are you still doing the same?" the manager asked Tian Linger.

Tian Linger nodded. Asked George Han, "What are you drinking?"

"Ice water." George Han doesn't drink much of beverage products. Although ice water is bland and tasteless, no one can compare to quenching thirst.

The manager sneered inwardly, where did this guy come out of the mountain cannon. When he arrived at such a high-end shop, he only drank white water.

However, the sneer returned to the sneer, and the manager who trained with the eye-eyed Jingjing still discovered the difference of George Han.

Tian Linger only asked the man what he was drinking, but did not ask his girlfriend. Is it possible that this inconspicuous young man is still a big man?

After Xie Yufu ordered something he wanted to drink, the phone rang.

“I’ll pick up someone.” After Xie Yufu finished speaking to Tian Linger, he hurriedly went downstairs.

Outside the cafe. A Ferrari parked on the side of the road, and Xie Yufu walked directly to the car, looking at the man in the car, his face couldn’t hide the joy, this is the man she has admired for a long time, Kong Wu.

“Kong Wu, go upstairs and rest for a while.” Xie Yufu said.

“Didn’t you say that there are important things? Hurry up. I have other things.” Kong Wu said impatiently. Although Xie Yufu is a beautiful woman, the strength of the Xie family and the Kong family is not much different. , Xie Yufu is not an ordinary woman to Kong Wu. It can be thrown away by just playing around, so he doesn’t bother to bother with Xie Yufu.

For Kong Wu, he is not interested in any woman who will cause a burden. After all, he is still young. There are still great flowers in the world, and there are many beautiful women waiting for him to be favored, how can they hang on a tree.

Xie Yufu doesn’t mind Kong Wu’s indifferent attitude, because she has long been used to it, and most people become blind when they like someone, even if Xie Yufu knows that Kong Wu has many scumbag behaviors. She doesn’t mind either.

“Go take a rest. Tian Linger is also here.” Xie Yufu said, that’s why she asked Kong Wu to meet at this time, because she knows that only Tian Linger is present, Kong Wu will give her face .

Sure enough, when he heard Tian Linger was there, Kong Wu’s expression suddenly changed. He hadn’t thought about anything to do with Tian Linger. I don’t have the guts, after all, Tian Linger is only 18 years old now, and Thomas Tian protects her very tightly. Anyone who wants to get involved with Tian Linger will not end well, but he can strengthen this Tianjia princess. , Becoming friends with her, the benefits are also great.

“Well, I happen to be thirsty. Let’s quench my thirst.” Kong Wu said when he got out of the car.

Xie Yufu was full of joy, and didn’t mind that Kong Wu stayed because of Tian Linger, but thinking that there was George Han upstairs, Xie Yufu didn’t want Kong Wu to think too much. So it has to be vaccinated.

“There is another person here today, but I have nothing to do with him. Don’t worry, I’m seeing him for the first time.” Xie Yufu said.

“Who?” Kong Wu asked curiously.

“It’s just a waste. You should have heard his name, but you must have never seen it. How could this kind of person be qualified to meet you.” Xie Yufu said disdainfully, how about being valued by Thomas Tian, in Xie Yu In Fu’s eyes, George Han still regarded George Han as useless, because Basin City had too many useless deeds about George Han, and this stereotype could not be erased by one thing.

“Wonderful?” Kong Wu asked suspiciously. Could it be that Basin City’s waffle was him?

“Let’s go, what do you care about this wimp, just treat it as if he doesn’t exist.” Xie Yufu took the initiative to hold Kong Wu’s hand, his face filled with happiness.

Kong Wu was rescued by George Han last time in the Yundingshan Villa area. If George Han hadn’t come forward, the property management department of the Yundingshan Villa area would definitely have trouble with the Kong family. This matter is over, so in Kong Wu’s heart, he is very grateful to George Han. As for how loud his name was in Basin City, Kong Wu felt that it didn’t matter.

I don’t know if these groundless things are true or false, but the things George Han saved him are true.

After following Xie Yufu into the cafe, Kong Wu couldn't help asking: "The person you are talking about is not George Han, right?"

Xie Yufu covered his mouth and chuckled, and said, "The entire Basin City, besides him, who else can have such a reputation?"

Kong Wu's expression was startled. It was really George Han. He wanted to find a chance to thank him for a long time. He didn't expect to meet in this situation today and unconsciously speeded up his pace.

Xie Yufu sneered in his heart, George Han was lucky to be able to sit at the same table with Kong Wu and drink milk tea.

But when Kong Wu went upstairs, Xie Yufu was shocked and couldn't believe it.

Chapter 162

“Brother Han, I didn’t expect that it was really you. I always wanted to find a chance to thank you for what happened last time.” When Kong Wu saw George Han, he stepped forward with enthusiasm and walked away at the same time. Xie Yufu’s hand.

Xie Yufu was at a loss for a while. If Tian Linger was so innocent, it was because Thomas Tian valued him, what was Kong Wu for? Does it mean that even an excellent person like Kong Wu needs to curry favor with George Han?

Thomas Tian’s influence is really big enough. Just a word from him can cause such a big response.

If even Kong Wu is like this, people in Basin City’s entire life will probably try to cheat on this waste.

Xie Yufu’s heart was very unbalanced. Why could such waste be able to turn over because of Thomas Tian’s word salted fish, but she had to serve Tian Linger carefully and pretend to be a good girlfriend.

In fact, there are many dissatisfaction with Tian Linger hidden in her heart, but she does not dare to vent it.

“I didn’t expect it to be you.” George Han looked surprised, after having a relationship with Kong Wu last time. I’ve never seen it again, and I can actually meet it on this occasion, and seeing Xie Yufu’s attitude, it seems that he likes Kong Wu very much.

“Neither did I expect, Miss Tian, I will invite Brother Han to dinner tonight, and you can come together too.” Kong Wu said.

Tian Linger was always thinking about why she could ask George Han, but she didn't expect Kong Wu to help her accomplish this thing. She was naturally happy, and her liking for Kong Wu increased a bit.

“Okay. I want to eat well.” Tian Linger said with a smile.

“No problem, how can I be shabby if I invite Miss Tian to dinner.” Kong Wu said with a smile.

In Xie Yufu's eyes, George Han should be an outsider, but the situation is now. Obviously she was rejected. Listening to the three chatting, no one would respond to her even if they forced a sentence or two in. This made Xie Yufu hate George Han inexplicably.

Had it not been for George Han, Kong Wu would not ignore him, nor would Tian Linger, it was because of this uselessness that made her a transparent person on this occasion.

After drinking the milk tea, George Han checked the time and said that Amelia Su should be off work, so he called in advance to report not to go home for dinner tonight. The hospitality was difficult. Kong Wu wanted to be grateful to him, and he was too embarrassed to refuse. For George Han, these young people in Basin City are worth making friends with. After all, these young people will be the real economic pillars in the future.

Dinner is at a very popular hot pot restaurant. To eat here, you must reserve a place one week in advance, but Kong Wu is there. It is not a problem to easily get the reserved box of the hot pot restaurant.

And when the owner of the hot pot restaurant learned that Tian Linger was there, he personally went to the box to greet him, and arranged the manager at the door of the box to listen to instructions at any time.

When George Han didn't drink, Kong Wu simply took a drink, pushing a cup and changing a cup and chatting happily, but they were all very daily things and didn't involve George Han's personal affairs. This is Kong Wu's cleverness. Although he knows that George Han is not simple, and he has a lot of curiosity about George Han in his heart, but no amount of curiosity must be suppressed. If you become friends with George Han, you will have the opportunity to learn about these things slowly. . And once it aroused the disgust of George Han, he didn't treat him as a friend, and if he became an enemy, the loss would be great.

"I'm going to the toilet." During the meal, Xie Yufu, who couldn't speak, could only find a reason to go out and breathe.

When she walked out of the box door, Xie Yufu's expression became much colder because she was completely excluded from this circle. She originally wanted to take this opportunity to ask Kong Wu to come out today so that she can get in touch with her feelings. George Han was ruined, and she was very unwilling.

Xie Yufu, who came out of the bathroom, happened to bump into a man who was drunk. It seemed that he was very drunk, but Xie Yufu showed a smile on his face.

When she walked to the man, she deliberately rubbed the other person with her body, and then she changed her face greatly, slapped the man on the face, and said in panic: "Why are you touching me?"

The man was dizzy and slapped. He didn't know what was going on. He looked up and saw Xie Yufu look good and dressed s*xy. He smiled and said, "Beauty, how much money is a night," Stay with me tonight, I will make you cool."

These words made the smile on Xie Yufu's face thicker, but it was quickly covered up. He became more alarmed and said: "You fart, I am not such a person, you quickly apologize to me, otherwise, I will not let you go today."

“Apologize, there are not many people who can make me apologize in Basin City.” The man said with a smile, completely not paying attention to Xie Yufu’s threat.

But he walked upside down in front of Xie Yufu, blocking her path. Continue to say: “It was you who slapped me just now. Yes, I like your strong temper. I don’t know if you are so strong in bed.”

After saying this, the man took Xie Yufu’s hand.

Xie Yufu was truly panicked at this time. He quickly turned away and said: “Don’t mess with me. I am Kong Wu’s girlfriend. Do you know who he is?”

This is Xie Yufu’s plan to give heroes Kong Wu a chance to save the United States. Let her be able to show a soft side in front of Kong Wu, if Kong Wu can be affectionate, so much better.

“Kong Wu? What kind of shit, I haven’t heard of it, you f*cking beat me, if you don’t accompany me tonight, this will not be over.” The man said.

At this time, George Han who came to the bathroom happened to ran into this scene. The man who stopped Xie Yufu was a bit familiar. Seen somewhere.

“Are you okay?” George Han stepped forward and asked.

The opportunity Xie Yufu created was for Kong Wu, but it was not for George Han to make trouble, and said coldly: “What does it have to do with you, you go away, don’t be nosy.”

When Xie Yufu said this, he didn’t see the drunk man’s expression half sober, obviously because he saw George Han.

“Okay, go ahead.” George Han shrugged indifferently and walked into the bathroom.

The man heaved a sigh of relief when he heard this. The reason he saw George Han was so scared. Because he was Mo Yang's subordinate, he was afraid that he would offend Brother George's woman, but now it seems that this woman is having a feast with Brother George. If this is the case, let alone her.

"Beauty, you really don't know how to cherish the opportunity." The man said.

Xie Yufu didn't know what stupid she had done, and counted on Kong Wu to save her, saying: "You wait, I will let my boyfriend come over."

"Okay. I'll wait for you."

Xie Yufu called Kong Wu and said that he had some trouble.

Kong Wu was hindered by the relationship with the Xie family, so he had to come forward.

The person is here, but after Kong Wu saw that person, he couldn't wait to slap Xie Yufu a few times. Kong Wu's father only met with Mo Yang a few days ago. He was there at the time, and he had seen Mo Yang's subordinates. Did this wicked woman actually offend Mo Yang's people?

The Kong family's status in Basin City is not low. Even lived in the Yundingshan Villa area, but their family is ultimately a member of the shopping mall. If you go against people in a gray area like Moyang, you can imagine the end.

And now Mo Yang's momentum is very fierce, no one in the entire Basin City can be his opponent, Kong Wu's father wants to have a good relationship with Mo Yang.

"Kong Wu, this gangster is indecent to me, you quickly avenge me." Xie Yufu said to Kong Wu eagerly, with a soft and weak look.

“Your boyfriend turned out to be Master Kong.”

“Hmph, now you know how good he is, you’d better kneel down and apologize to me today.” Xie Yufu said triumphantly.

“What’s the matter?” Kong Wu asked the man after he approached.

“Master Kong, your girlfriend slapped me for no reason, not to mention that I was indecent to her, what do we do if you say this?” The man sneered, and he would count if it weren’t for George Han’s earlier episode. Well, after all, we still have to give Kong Wu some face, but Xie Yufu was so rude to George Han just now, and let George Han go away, can this be good?

“You fart, it was you who insulted me first, and then I hit you. What does it mean for no reason?” Xie Yufu cried out of grievance immediately, holding Kong Wu’s hand, and Pear Flower said with rain: “Kong Wu, quick Get revenge for me, this shameless thing, just touched my ass.”

Chapter 163

Kong Wu threw off Xie Yufu's hand and said coldly: "She is not my girlfriend, and today's affairs have nothing to do with me."

Xie Yufu's face was pale when he heard these words. He deliberately created an opportunity for Hero Kong Wu to save the beauty. He didn't expect that he would be so heartless!

"Kong Wu, what do you mean, I have liked you for so long, are you so ruthless?" Xie Yufu gritted his teeth.

"Xie Yufu, ask for your own blessing. This brother is under the boss of Mo. You should call your dad quickly and let your dad solve this problem. Good luck. Your dad can save you. No luck. Okay, you can pay with meat today." Kong Wu said.

Xie Yufu was shocked, this person was Mo Yang's subordinate!

She was just looking for a ghost for the dead, and she would provoke Mo Yang!

Even if her father met Mo Yang, he had to be polite. What would be the consequences of wronging Mo Yang's subordinates?

"Little girl, you went out today, didn't you read the almanac?" The man said with a smile.

Xie Yufu's legs were weak, and he regretted deeply. How could it be, how could it provoke Mo Yang's people? She just wanted to find someone for Kong Wu to show her, she just wanted to let Kong Wu know that she was a weak woman who needed protection!

"Sorry, sorry, I didn't mean it." Xie Yufu apologized to the man.

At this moment. George Han who had gone to the toilet came out. The man saw George Han and unconsciously straightened his waist.

When passing by, Xie Yufu suddenly grabbed George Han's hand, his relationship with Thomas Tian was so good. He can definitely save himself.

“George Han, help me, aren't you very familiar with Father Tian? Let Father Tian speak for me, OK?” Xie Yufu said in a panic.

George Han frowned and chuckled lightly: “Just now you let me go, did you forget it so soon?”

“I'm sorry, I was wrong, I shouldn't let you go.” Xie Yufu knew how big a disaster she had caused. When her father knew about this, he would definitely scold her, Kong Wu could not save her, but George could, so it doesn't matter even if it is to apologize to George Han.

“I helped you.” George Han said lightly, shaking Xie Yufu's hand and walking towards the box.

With a desperate look, Xie Yufu knelt down to the man and said: “Please, let me go, I didn't mean it, I can give you money, please.”

The man sneered, thinking that he had offended Brother George. Can it be solved with money?

Pulling Xie Yufu's hair, he pulled back to his box.

Mo Yang and Lin Yong were both in the box. Seeing that man brought a woman back, he asked suspiciously, “What are you doing?”

The man walked up to Mo Yang and explained the situation in his ear. Mo Yang, a human spirit, guessed what Xie Yufu wanted to do in the first time, but the person she asked for help was wrong, and she made the opportunity for nothing. miss.

It's really courage to let George Han go.

“Let your dad come, you little girl, if you want to use my brother, you have to pay a price.” Mo Yang said.

In the other box, Tian Linger saw that Xie Yufu hadn't come back, and asked curiously: “Where is Xie Yufu, where did she go?”

“Miss Tian, Xie Yufu offended Mo Yang's people.” Kong Wu said.

“Mo Yang? What did she do?” Tian Linger asked puzzledly.

Kong Wu explained the situation to Tian Linger. Tian Linger didn't have the slightest pity for Xie Yufu's fate after hearing this. She knew how much her best friend was thinking. If she was just playing tricks to let the hero of Kong Wu save the beauty, she You can come forward and say a few good things for Xie Yufu, after all, she is a member of the heavenly family, and Mo Yang will definitely give face.

However, Xie Yufu actually let George Han get out, which is not worthy of her sympathy.

“Kong Wu, she is for you. But if you don't spend less time, are you not a little moved?” Tian Linger said with a smile.

Kong Wu shook his head decisively. He didn't have a good impression before, and now it's even more impossible to help Xie Yufu speak. This woman not only offended Mo Yang, but also offended George Han, and offending George Han meant that Offending the heavens, this is all a chain effect.

“Miss Tian, such a scheming woman, even if she marries home, she won’t have a good result.” Kong Wu said.

Tian Linger nodded, and said: “Eating and eating, stay away from her in the future, so as not to be calculated.”

Xie Yufu at this time was extremely desperate. She had never thought that the situation would develop to such a serious level, and she also did not expect it to be so serious.

It didn’t take long for Xie Yufu’s father, Xie Jinyan, to arrive in sweat.

When Xie Jinyan saw Mo Yang and Lin Yong, he directly cursed Xie Yufu without asking what happened.

“What did you do that offended Boss Mo, and didn’t you kneel down and apologize to Old Mo Dadao?” Xie Jinyan said angrily.

Tianjia is a giant in the cloud city business community, while Mo Yang is a big man in the gray area of the cloud city. Based on the capabilities of the Xie family, even if it had something to do with the Tian family, he did not dare to offend him easily.

Mo Yang put down his chopsticks and poured a bowl full of liquor to Xie Jinyan. Said: “Thirst, quench your thirst first.”

Xie Jinyan wanted to slap Xie Yufu to death. He must go to the hospital after this bowl of wine, but he would not drink it. The hospital can’t escape either.

After biting his head and drinking a whole bowl of liquor, Xie Jinyan had to smile and said to Mo Yang: “Boss Mo, the little girl is ignorant, and there is something wrong with it. Please let me ask you a lot. If you have any requests, I It will satisfy you.”

Mo Yang smiled coldly, filled a whole bowl of wine, and said, “Thank you. You mean, I want to blackmail you on purpose?”

Xie Jinyan got a numb scalp and said quickly: “Boss Mo, you have misunderstood, misunderstood, I don’t mean it.”

“Then what do you mean?” Mo Yang looked at the wine and said with a smile.

Xie Jinyan had a bitter expression on his face. A bowl of wine had just gone down, and his throat and stomach seemed to burn, but this bowl. I still have to drink it.

It was another bite, and Xie Jinyan felt that he was about to breathe fire, and quickly said: “Thank you, Mr. Mo for the great wine, I really can’t drink it.”

“This woman has a lot of small tricks. Looking at her cleverly, she is actually looking for death for herself. Please take care of herself in the future. You won’t have such good luck next time.” Mo Yang said.

Xie Jinyan breathed a sigh of relief and said, “Boss Mo is right. Don’t worry, I must strictly discipline him.”

After leaving the box, Xie Jinyan hurried to the toilet to induce vomiting, which made him feel better.

Xie Yufu waited for Xie Jinyan at the door of the hot pot restaurant. She knew that she would be scolded when she went back. In her heart, the person who caused this result was George Han. If it weren’t for him, she would not have been ignored. Will not offend Mo Yang’s men.

“George Han, you wait for me, don’t think that one day prosperity is optimistic about you, I will not be able to deal with you, I will definitely make you regret it.” Xie Yufu gritted his teeth.

After the three of George Han ate and drank enough, they walked out of the hot pot restaurant and Kong Wu voluntarily disappeared. He didn't know if George Han would develop a relationship with Tian Linger, but he could feel Tian Linger treat Han. Three thousand's special attitude, if he continues to be an electric light bulb, it may destroy the goodwill Tian Linger has built for him. In this regard, Kong Wu is still very smart.

“Send me home?” Tian Linger asked George Han.

“No time, go back by yourself.” George Han finished speaking and left on his own.

Tian Linger stayed in place, this guy, doesn't know anything about gentleman manners? She is such a big beauty, I don't know how many people want such an opportunity, but the opportunity is placed in front of George Han, he actually doesn't know how to cherish it.

“George Han, do you know what a gentleman is?” Tian Linger gritted his teeth after catching up with George Han.

“Little girl, I am already married. If you like me, it is not a good thing.” George Han said with a smile.

This sentence made Tian Linger blushing. Her current state of mind is indeed a bit like George Han, because George Han has shown unusual excellence in all aspects. In her opinion, George Han is almost The perfect prince charming, the only flaw is that he is married.

But Tian Linger didn't care about this, and said to George Han: “I will only let others fall in love with me, how can I easily fall in love with others.”

“Go home, don't send me off.”

Tian Linger's face was green, and she kept shaking her fists against George Han's back, and finally became discouraged again, bowing her head.

Chapter 164

Family day.

George Han got up very early to wash, and he was kicked out of the Su family Villa the last time the old lady died. Logically speaking, he is not eligible to participate in this family day, but Lily Jiang is now afraid to be in front of George Han. Talking nonsense, so even if she saw that George Han was going to participate in Family Day, she just watched.

Thinking of Nangong Qianqiu hanging in the living room that day, Lily Jiang is still very scared, although she does not value her own useless son-in-law. But I didn't dare to underestimate it.

“Are you going too?” Amelia Su asked George Han.

“I ran into Harry Su two days ago. He said let me go. I'll go join in the fun.” George Han said with a smile. Today, Mary will appear, and Su Yihan will spit out all the betrothal gifts. It's a good show. How could George Han miss it if I had a chance to watch it.

Amelia Su frowned. Is Harry Su changing his s*x? How could he let George Han go?

At this moment. Lily Jiang couldn't help but asked George Han: “George Han, do you really want Su Yihan to spit out all the bride price today?”

“Of course, but I don't know how much she has left.” George Han said. After Su Yihan took the money, he spent more than eight million yuan, estimated There is not much left, after all, the luxury goods she buys are expensive.

Lily Jiang couldn't wait to go to the Su family Villa to watch this good show. Although this bride price won't fall into Amelia Su's hands, it is better than Su Yihan's.

And today, the talents of the Su family will know who the bride price is for.

"Mom, after you go, don't talk nonsense." Amelia Su seemed to have guessed what Lily Jiang wanted to do. Reminded.

"What do you mean?" Lily Jiang asked puzzledly.

Amelia Su looked at George Han, and said to Lily Jiang: "You can't say that this bride price was originally given to me."

"Why?" Lily Jiang jumped directly. This is a matter of making face for Amelia Su, why can't I say it?

"Let you stop talking, don't say anything, there is no reason." Amelia Su glared at Lily Jiang.

Lily Jiang glanced at George Han cautiously. Is it because he is unwilling to expose this matter?

Before the change, Lily Jiang dared to act according to her own wishes, but now she had to consider George Han's wishes. If he didn't want to, she really couldn't say it.

"Listen to Amelia." George Han said. After his current identity is exposed, George Han is unclear, but since it took three years to create the image, it would be ruined. , It is also a pity.

More importantly, George Han likes to control everything secretly.

Lily Jiang sighed inwardly. Such a face-saving thing can't be said, isn't this the opportunity to pretend to be missed?

George Han drove to Su's Villa.

The relatives in the Villa haven't come yet. But Su Yihan arrived very early, showing off his famous-brand clothes with his peers.

"My dress is a limited edition of the joint name. Now I can't buy it with money, but it cost me tens of thousands."

"And this watch, do you know how much it costs? More than 800,000, you can't afford it in this life."

"I recently saw a necklace that cost more than 300,000 yuan, but unfortunately it hasn't arrived yet. I can't wait."

Listening to Su Yihan's show off, those people seemed to agree with smiles on the surface, but they were very unhappy in their hearts. If Harry Su had not given her the betrothal gift, how could she have such a good life.

Now in the hearts of several people, hoping that what George Han said at the beginning could be fulfilled, they severely hit Su Yihan's spirit.

When Amelia Su's family came to the Villa, Su Yihan saw George Han, his expression instantly unhappy.

"George Han, why are you here, this Villa, you are no longer qualified to come in, have you forgotten?" Su Yihan said to George Han arrogantly.

"Harry Su let me come, of course I can come." George Han said with a smile. The higher Su Yihan flies, the worse he will fall. It wasn't until she had the intention to show off now, what kind of mood she would be after Mary appeared.

“Hehe.” Su Yihan sneered. She had already said to Harry Su that if George Han was not allowed to participate in Family Day, how could it be Harry Su let him come.

Turning his head to Amelia Su said: “Amelia Su, you have forgotten the fact that you are not eligible to go to Su’s house? Or is it that you are relying on the identity of the person in charge of Chengxi and have to bring him, do you think you can Don’t you put Harry in your eyes?”

Amelia Su’s current state with Harry Su, it is considered that the well water does not interfere with the river water. Harry Su does not interfere with the Chengxi Project, and she will not interfere with Harry Su.

“Su Yihan, it’s up to you whether he can come or not. You might as well ask Harry Su.” Amelia Su said coldly.

“Okay, just ask, and see who he would listen to.” Su Yihan looked proud. How can Harry Su dare to offend her now? She will marry into the Han family in the future. Harry Su is still waiting for the investment of the Han family. Would you offend her because of George Han’s uselessness?

Harry Su was in his room, but there was nothing to do. He was from the old lady and showed up late on purpose. This is a common problem of the Su family, a small family with many rules, and he regards himself as a famous family. I always feel that I will be superior to others, doing meaningless things, and feeling very good about myself.

Not long after Harry Su appeared, Su Yihan walked to his side and said, “Harry. This is a waste of money. You told him to participate in Family Day, really?”

Harry Su dug his ears and said with a smile: “Yihan, do you believe what he says? How could I let him come to the family day? He is the murderer of grandma.”

Hearing this, Su Yihan smiled triumphantly, and laughed: “George Han, why are you so brazen, does it make sense to say such a lie?”

George Han had a chuckle on his face. Said to Harry Su, “Do you find it interesting to play this kind of mentally handicapped game?”

Harry Su is now the chairman of the Su family, so he pretended to be a superior person and said indifferently: “It’s too cheap to play with you, and you are not qualified. I’m just playing with you. How about , Is this feeling uncomfortable. Being played between the palms of your hands, why can’t you stop me, are you dissatisfied?”

George Han shook his head helplessly, playing between applause? As long as he is willing, Harry Su’s rubbish will be worse than death every minute. Even the Su family can go bankrupt overnight, and he doesn’t know where Harry Su’s sense of superiority comes from.

“Since I misunderstood what you mean, then I can’t go out.” George Han said.

Lily Jiang used to treat George Han as a waste, so before George Han swallowed his breath. In her eyes it was a useless behavior, as it should be.

But now, she knew that George Han was obviously not such a person, and she didn’t understand why George Han continued to swallow.

A big man, doesn’t he even want face?

“George Han. Don’t leave.” Lily Jiang said.

“Aunt Jiang, is there a place for you to speak? Are you still qualified to let him stay? Don’t forget, I am now the chairman of the Su family.” Harry Su said coldly.

Amelia Su pulled Lily Jiang's hand, something George Han didn't want to do. She is even less qualified to do it.

"Mom, think about our living room." Amelia Su whispered.

living room!

Thinking of these two words, Lily Jiang felt a chill on her face, couldn't help but shudder, then lowered her head and dared not say another word.

"George Han, get out now, don't delay our Su family's family day." Harry Su said coldly.

George Han walked out of the Villa without saying a word.

Harry Su smiled triumphantly. This feeling of ravaging George Han's dignity is really cool. Next time, I must find a public occasion to let outsiders know how useless George Han is.

Even if he is valued by Thomas Tian, he is just a humble and poor creature in the Su family.

"Amelia Su, I really feel sorry for you. I found this kind of useless husband. Unlike me, my future husband is a rich man." Su Yihan laughed.

Chapter 165

Hearing Su Yihan's words, Amelia Su sneered and said: "Your money is almost gone, right?"

"What if it is spent, do I still need you to worry about it? Don't be funny, you, the person in charge of the city west, counts nothing in my eyes." Su Yihan said with a smile. She didn't feel distressed at all when she spent money recently. And there is no scruples, because the Han family will appear sooner or later. And she will marry sooner or later, and now it's just a few million dollars.

"You don't understand the life of a rich person like me, so you should work for the Su family honestly."

"I hope you can do what you want, and good luck." Amelia Su said.

"Hey." Su Yihan chuckled and said: "Forget your hypocritical blessings. I know you envy me in your heart, so why hide it. Anyone with a discerning eye can see it."

"Well, I really envy you, so many famous brands, I can't afford to wear them." Amelia Su said.

Seeing Amelia Su's soft clothes, and showing a look of envy to herself, Su Yihan became even more proud, deliberately stretched out her hand, showed the gold bracelet, and said: "Although the bracelet is not worth a lot of money, it was given from a rich family. Meaning. It's different. Don't worry. If you can't wear famous brands in the future, you can come to my house to pick up what I don't want. Although I wear them. They are all big brands, the kind you can't afford for a lifetime. "

"Your kindness, I appreciate it."

Family Day is also a meal. After there is no old lady, the taste of the meal becomes even more different. In addition to Su Yihan showing off, Harry Su pretended to talk about the future development of the Su family, and also said that Su Yihan in the future Things that would make the Han family invest in the Su family, but made a bunch of relatives happy.

The more the Su family develops, the more benefits they can reap. Therefore, these relatives not only favor Harry Su, but also favor Su Yihan. As for Amelia Su, the unwelcome person in charge of Chengxi, they are completely regarded as transparent. Same as people.

When it was about to lunch, a group of people came to the Villa. The lady walking in the middle had a cold temperament. Although everyone did not know her, the Su family had met the person next to her.

It was him at the beginning, with an enviable betrothal gift. Blasted the Su family.

He appeared again today. Could it be that the Han family finally came?

Looking at the noble temperament of this lady, she must be from a famous family, could it be said that she is the elder of the Han family?

Excited, Su Yihan took out her makeup mirror and looked at herself subconsciously. This woman is likely to be the future mother-in-law. She must leave a good impression!

“Excuse me, are you...?” As the principal of the Su family, Harry Su stood up calmly and asked.

The person who came was naturally Mary. After hearing Harry Su’s words, he said faintly: “You don’t need to know who I am, you just need to know that the bride price was sent by me.”

Although Harry Su had guessed it, he couldn't help but moved after Mary said these words. The Han family who had been waiting for so long finally showed up.

If Su Yihan can marry into the Han family, he can let the Han family invest in the Su family earlier. As long as there is such a wealthy investment, he can ignore the Chengxi project. At that time, Amelia Su's status in the Su family will be He can kick away if he wants to.

"Please sit down, please." Harry Su greeted quickly.

Su Yihan couldn't wait to introduce himself. Said to Mary: "I am Su Yihan, are you my future mother-in-law?"

These words made Amelia Su couldn't help but laugh. Su Yihan was really brazen, and he would say such things! She was so confident that she was so sure that the bride price was given to her, and she was also called Granny Mary, which really made people laugh.

"No, what about the betrothal gift I sent back then?" Mary asked Harry Su without even looking at Su Yihan.

"I have handed it over to Mary, don't worry, I definitely didn't steal a point." Harry Su said.

"You?" Mary looked at Su Yihan and said, "Where is the bride price?"

"Mother-in-law, I brought it, and I took care of the things you gave me every day." Su Yihan said with a smile.

"Mother-in-law?" Mary smiled coldly and said: "I am not your mother-in-law. I came today to get the bride price back."

Boom...

These words sounded like thunder in Su Yihan's ears.

Get back the offer!

How could this be so, so good, why should you take it back?

Su Yihan has already spent almost the cash, and spent it comfortably, because she believes that these dowry gifts are hers. During this time, she has experienced the life of a local tyrant. Now let her take it out, where can she go to get it.

“Mother-in-law, don't joke with me. Although I don't know who your son is, I am definitely willing to marry him.” Su Yihan said.

“You are willing to marry him, but he can't look down on you. How can you get into my son's eyes with your vulgar fan?” Mary said lightly.

Su Yihan's body shook. It fell directly to the ground.

During this period of time, she was dreaming of Spring and Autumn every day, dreaming of marrying herself into a wealthy family, dreaming of having a luxurious life, and even thought that after she married to the Han family, even the dishes and chopsticks had to be set with diamonds. And these dreams shattered instantly like bubbles!

“This...is there any misunderstanding?” Harry Su asked in a puzzled way. It's good, how could he suddenly withdraw the offer?

“Misunderstanding? The dowry gift was originally not for her, how could it be a misunderstanding, it's just that you think too much.” Mary said.

“But... but the bride price is also for the Su family. It's not Su Yihan, who else can it be?” Harry Su said in astonishment, the junior in the family. Su Yihan is the most

beautiful. If her son doesn't even look down on Su Yihan, it's even less likely to look down on other people!

“You just need to know that I want to get the offer back, and you should pay back as many. As for the others, are you qualified to ask?” Mary said aggressively.

Harry Su gritted his teeth. Although he knew that the other party was very powerful, the Su family was not a soft persimmon that anyone could handle, not to mention the betrothal gifts. How can it be taken back for no reason?

“You must give me an explanation.” Harry Su said.

“Explain?” Mary smiled disdainfully, and said, “What are you, do you want me to explain to you?”

Harry Su's face sank, how could he be so insulted as the chairman of the Su family now.

The other relatives of the Su family were also very upset when they heard these words. To make Harry Su lose face is to make the entire Su family lose face.

“What kind of thing are you, come to our Su family to show off your might.”

“Go to Basin City to inquire about Su's family, we are not vegetarian.”

“Don't think it's great to have a few bad money. This is Basin City, but it's not your place.”

A group of relatives aroused anger, all of them glared at Mary.

Mary is the Han family's daughter-in-law. Facing this situation, she is not only not weak. It exudes a stronger momentum.

What is a superior person?

Harry Su's pretended aura was completely different from Mary.

"You mean, the bride price is not going to be returned to me?" Mary said lightly.

"Give me a reason for my satisfaction. It's not that I can't give you this money. My Su family doesn't take it seriously." Harry Su said.

"I will make you very satisfied." Mary finished speaking and took out the phone.

In less than half an hour, the Tian family brothers all drove to the Su family Villa.

Seeing these battles, Harry Su was in a cold sweat all over his head. This woman was such a big god, and a phone call actually called everyone in the heavenly family! This is a f*cking joke!

Those relatives who just yelled at Mary were so scared that they lowered their heads, not even daring to breathe.

They thought they could rely on this to be Basin City and be able to put pressure on Mary, but they didn't expect her phone to directly call the most powerful person in Basin City!

The Heavenly Family, this is the Heavenly Family. The Su Family is just an ant in front of the Heavenly Family.

"How about it, are you satisfied with this reason?" Mary asked Harry Su.

Harry Su had paled with fright, and Su Yihan, who was sitting on the ground, had completely lost the ability to think.

It doesn't matter if the dream is broken, but she has already spent most of the money. Now let her take it out, what can she get?

Chapter 166

Wiping off the sweat from his forehead, Harry Su didn't dare to be even more arrogant in front of Mary. Chairman Su was a shit. The woman in front of him just casually called people from the heavenly family. What qualifications does he have to be in front of her? Arrogantly.

“Su Yihan, let someone bring the bride price right away.” Harry Su said to Su Yihan. With such a big show, it is definitely not good if you don't vomit the bride price today. Do you need a reason at this time? Her strength is the most powerful reason, and everyone in the Su family can't breathe.

Su Yihan's desperate face is bloodless, Jin Yu can take it out, but she has spent almost the cash, where can I get it?

“Harry, you help me.” Su Yihan asked Harry Su for help.

Harry Su knows that Su Yihan spends a lot of money recently, and he is full of famous brands from head to toe. But it wouldn't be enough to spend more than eight million yuan, such a big hole, even he can't plug it.

And now that Su Yihan can't marry into the Han family, it's useless to him.

“You didn't spend all your money.” Harry Su gritted his teeth.

Su Yihan shook his head in a panic, and said, “No, there is more than one million left.”

More than one million!

In other words. Su Yihan actually spent more than seven million in a short period of time! This prodigal lady is really inflated, what confidence does she have, and what qualifications does she have to spend money like this.

“I don’t care whether you change the seller’s property or sell the company. If the money is less, the Su family won’t have to stay in Basin City.” Mary said lightly.

Harry Su’s heart sank. Her words need not be doubtful, because now the Heavenly Family has come forward for her. If the Heavenly Family were to target the Su Family, the Su Family would not have a foothold in Basin City.

But over seven million, where can I find it at a time?

“Su Yihan, why did you spend so much money? Isn’t this going to kill our Su family?”

“You are such a prodigal, that’s more than seven million.”

“Hurry up and sell all the things you bought, and sell the house at home, but you can’t hurt us.”

The Su family is a big family, but the scene of each flying in a disaster is not only once, so at this moment Su Yihan’s relatives are accusing Su Yihan. Not surprisingly, they all depend on the Su family for their survival. If the Su family is involved, the family will be destroyed.

Su Yihan’s previous confidence was shattered to the ground. She never dreamed that there would really be this day, and it would really be said by George Han’s crow mouth.

“It’s George Han, and it’s George Han who cursed me. What does it have to do with me.” Su Yihan was like a madman, shitting all the responsibility on George Han.

Harry Su doesn’t believe in the curse. It can only be said that George Han was beaten up. It is very likely that the Han family valued it at first. It was indeed not Su Yihan, but she thought it was nothing.

As for why the Han family wanted to withdraw the bride price, Harry Su no longer had the mind to care about it. Now he had to take out all the bride price and the most important thing was to resolve this matter.

“Give me one day, and I will definitely return the offer.” Harry Su said to Mary.

He was unwilling to help Su Yihan, but in the current situation he had to help because he couldn't afford to pay. The entire Su family will be over.

“Okay, I'll give you one day, tomorrow, now, send the bride price to Amelia Su's house.” Mary said.

Amelia Su!

How could it be Amelia Su's house!

“What's the matter, why should the bride price be given to Amelia Su?”

“No, doesn't she know that Amelia Su is already married?”

“How could this woman have such good luck? Is she going to divorce George Han that trash?”

The Su family's relatives whispered with a stupefied expression, and couldn't figure out why Mary did this.

Harry Su was also surprised, why should he give Amelia Su so much money.

“Don't you know that Amelia Su is already married?” Harry Su asked.

“My gift from the Han family. I disdain to take it back, so I found someone pleasing to the eye and gave it. Do you have any comments?” Mary said.

Nima!

Is this rich resilience? It's worth ten million, because it's pleasing to the eye, so I want to give it to Amelia Su, it's too cheap for her!

Su Yihan was even more unwilling. In her eyes, it belonged to her. Now he was snatched away by Amelia Su.

“Why Amelia Su, am I not more prettier than her? And she was married to a wimp, so why is more qualified than me to get these?” Su Yihan said to Mary unwillingly.

Mary's face became cold, and in front of her, she said that George Han was useless?

Mary looked at the people around her. The man walked directly to Su Yihan, slapped Su Yihan's face, and said coldly, “Are you qualified to point fingers and feet?”

Su Yihan was slapped, covering his face and dared not say any more nonsense.

“Tomorrow this time. If he didn't send the bride price to the mountainside Villa, what should he do, don't you know?” Mary said to the heavenly family around him.

Everyone in the Heavenly Family nodded their heads like garlic, and did not dare to have the slightest opinion on what Mary said. This is a member of the Han Family. The Heavenly Family is powerful in Basin City, but it is not even a fart to throw it at Hillwood City.

After Mary left, the atmosphere in the Su Villa was depressed.

“Harry. What should we do now?” Su Guolin asked.

Harry Su looked at Su Yihan with sinister eyes. If it hadn't been for her to spend so much money, this problem wouldn't exist. Now Harry Su regrets giving Su Yihan the betrothal gift very much, but regrets it is too late.

“Just let Amelia Su say that the money has been given to her, isn't that enough?” a Su family relative suggested.

Lily Jiang was cheering about this matter. How could he be willing to hear these words. That's millions of bills.

“Impossible, we didn't get the money, why did we say we got it.” Lily Jiang said.

“Are you going to watch the Su family die? Don't forget, you are also from the Su family.”

“Yes, now the Su family is in trouble, you should also help, but it's just lying, what's the problem.”

“The money has been spent. Are you going to kill Su Yihan?”

The spear was directed at Amelia Su in an instant, but they were not helping Su Yihan to speak, to resolve this problem, but in the end it was themselves. Because they don't want to be implicated in this matter.

“Yes, but if she knows, who will bear the consequences?” Amelia Su said.

This made everyone in the Su family dare not speak anymore. What were the consequences? They are well aware that this is not something that can be easily afforded.

Although Harry Su also thought about letting Amelia Su help to lie, but the concerns that Amelia Su said could not be taken lightly, in case that woman knew that her anger was fatal to the Su family.

“Amelia, the place where the company can get cash now is only the loan in your hand.” Harry Su said.

“No.” Amelia Su refused decisively. The loan was used for the Chengxi project. How could it be used to fill the hole that Su Yihan had made?

“Are you going to watch the Su family go bankrupt? The Heavenly Family targets us, what if you have those loans in your hand?” Harry Su gritted his teeth.

Amelia Su took a deep breath, glanced at Su Yihan, and said: “Let her sell everything, even the real estate must be sold. You can count as much as you can, and you can take the rest from the loan.”

Su Yihan yelled angrily after hearing this sentence: “Amelia Su, what do you mean, am I going to sleep on the street in the future? You are trying to fix me on purpose.”

“Tell you? Su Yihan, you spend the money yourself. I didn’t use a cent. How can I fix you. You are not very arrogant, don’t you enjoy it? You are the result of this. Can you blame me?” Amelia Su said.

“Then I can’t sell my things, nor can I sell my house, I don’t care, everyone will die together.” Su Yihan said with a grim expression.

This sentence directly caused everyone’s dissatisfaction.

“Why should we die with you? If you don’t want to live anymore, go jump off the building yourself.”

“You spend the money, and it is only natural to let you spit it out now, who made you so arrogant.”

“I’m still buying a necklace, I think you can buy yourself a sling, you think you are right.”

The juniors of the Su family who were dissatisfied with Su Yihan for a long time found the opportunity at this time and naturally would not let go of the opportunity to sprinkle salt on the wound, because during this time, Su Yihan often showed off in front of them.

Chapter 167

The infighting George Han in the Villa didn't know, and found a cigarette under the shade of a tree. When Mary came out, he walked up to him and said, "Smoking is bad for your health, so let's quit."

George Han took a sip and said, "If I don't feel sick, how can I know that I'm still alive? I'm not old enough to keep in good health. Don't do things that are bad for your health when you are young. Why do you come when you are old?"

Regarding this inexplicable fallacy, Mary showed a speechless expression and said: "The body is the greatest capital. If the body is not good, how can you do what you want to do?"

George Han raised her eyebrows, Mary said so, she seemed to have noticed something.

"What I want to do. It doesn't matter whether I can do it or not, because I don't want to prove it to anyone, but just want to try my ability." George Han said lightly.

"But there are some things you have to do." Mary said, took out a photo and handed it to George Han.

Looking at the person in the photo, George Han asked, "Who is this?"

"It was because of him that you were treated unfairly back then. It was he who made the emperor's appearance and the traitor's appearance to Nangong Qianqiu. I have always suspected that the identity of this Taoist priest is not simple." Mary said.

The face of the emperor?

George Han frowned and met Han Jun in prison that day. He heard Han Jun mention it. But I didn't understand the meaning of his words, now it seemed that Mary knew what was going on.

“What is an emperor?” George Han asked.

“It was this Taoist priest who told Nangong Qianqiu that Han Jun has the emperor's appearance, and only he can support the development of the Han family. And you, the traitorous appearance, will hinder or even drag down the Han family. Since then, Nangong Qianqiu has not think of you as the Han family again.” Mary explained.

“Because of this absurd reason, I was driven out of the Han family by her?” George Han smiled bitterly, and Nangong Qianqiu believed this nonsense?

“Yes, I stopped Nangong Qianqiu, but she insisted on going her own way, and I couldn't help it. Your master also went to investigate this Taoist priest, but nothing was found. You should be aware of Lord Yan's ability. Even he couldn't find anything. The information further shows that his identity is not simple.” Mary said.

“You mean, this Taoist priest was sent by the enemy of the Han family?” George Han asked.

“Even your father's matter, I suspect it has something to do with them.” Mary said.

George Han smiled, playing with the yellowed photo in his hand, and said: “Since it is the Han family's grudge, and I was kicked out of the Han family, does it have anything to do with me? Why should I cause trouble for myself? ?”

“If you don't ask for trouble, it doesn't mean that trouble won't come to you. If you say that it's not the Han family, they will believe it? And when I appeared in the Su's Villa today, they will definitely know it too. You think they will not go. Investigate this matter?” Mary said.

George Han's expression turned cold, Mary obviously threatened him with these words and made him have to intervene in this matter.

"Don't be angry, it's your request to come to Su's house. I just satisfied you." Mary said.

George Han smiled helplessly, Mary was indeed called by him, but how did he know that there was something hidden behind it?

Mary sighed and said, "I know that the Han family has done a lot of unfair things to you. But you are the Han family after all. Even if you don't come to the Su family, they will find you sooner or later. I just ask you to advance. Just prepared."

"Even my master doesn't know who the other party is. This enemy is not so powerful. You are just dragging me to the funeral." George Han said.

"Do you have so much confidence in yourself? After more than ten years of dormancy, this character is not something ordinary people can have. I believe you can do it." Mary said.

"Believe I have a fart. With my current ability, how can I face such a powerful opponent?" George Han said lightly.

Mary hesitated for a moment, and said, "When I was young. Your grandfather is very good to you, you shouldn't forget it?"

"But after my grandfather died, you know how I was treated in the Han's family. Wouldn't it be too meaningless to try to convince me of my grandpa's goodness?" George Han sneered.

"No one has ever seen Han Tianyang's body. The coffin in his graveyard is still empty." Mary said.

Heard this sentence. George Han's emotions agitated instantly, and he said in a deep voice, "What do you mean, what do you mean by this sentence!"

The news of Han Tianyang's death came back to the Han family, when George Han was no more than a child. He cried dimly, heart-piercing, but now Mary told him that no one had seen Han Tianyang's body!

"I'm just skeptical, but whether it's true or not. You need to investigate it yourself. Perhaps, if you find out the background of this Taoist priest, everything will become clear." After Mary said these words, she left straight away.

George Han's chest was violently up and down, breathing heavily.

Grandpa has something to do with this matter?

Is it possible that he did not die at all, but was arrested by someone.

If it really is. He can't ignore this matter, even if there is only one ten-thousandth chance left, he must try it.

Looking at the appearance of the Taoist priest in the photo, George Han clenched his fists and gritted his teeth and said: "If Grandpa is still alive, I advise you to treat him well, otherwise I want you to die!"

George Han, who was immersed in anger, didn't notice anyone approaching, and Amelia Su saw him with a heavy expression. And with anger, he dared not speak.

Looking at the person in the photo, Amelia Su frowned slightly, as if she had seen it somewhere.

After a long time, George Han withdrew from his emotions, saw Amelia Su by his side, quickly put away the photos, and asked, "How about? Did Su Yihan take out the offer?"

Amelia Su nodded. Said: “Cash has been spent almost, but she will sell all the things she bought, and the family house will also be sold, and there is not enough money. Only the company’s money can be used to subsidize it.”

“This lesson is heavy enough for her.” George Han said with a smile.

“But...” Amelia Su stopped talking.

George Han asked curiously: “But what?”

“She gave me all the bride price.” Amelia Su said.

George Han was taken aback, he thought that Mary would take away all the bride price. I didn’t expect to transfer it to Amelia Su!

“What did she say?” George Han asked.

“I said it was something that the Han family gave out, but it never took it back. It was pleasing to my eyes, so I gave it to me.” Amelia Su said.

George Han smiled, although this reason is a bit far-fetched, but the people of the Su family shouldn’t think too much, after all, the world of the rich is not what they can imagine.

At this time, Su Yihan walked to George Han angrily. Her wealthy life was completely shattered and she couldn’t find anyone to blame. Naturally, she could only put this pot on George Han’s head, because only George Han was the only one. Only cursed her.

“George Han, you crow mouth, if you didn’t curse me, how could I become like this.” Su Yihan said angrily.

George Han looked indifferent, and said, “How can I say that I cursed you? Didn’t I say those words, is the bride price yours? It’s just your self-righteous thinking that the bride price is yours, who says Do you have a dowry gift?”

Su Yihan’s expression is extremely ugly. It is true that no one has said that the bride price belongs to her. From the beginning to the end, it is just her wishful thinking. But even now, Su Yihan is still reluctant to admit reality, because no one in the Su family can be with her. Compared with beauty.

“George Han, wait, I will make you regret it. Su Yihan will still marry a rich family. As for Amelia Su, she will never be able to compare with me for the rest of her life, because she was married to you.” Su Yihan refused to admit defeat. Said that without the Han family, there are other rich people, and she firmly believes that she will be taken by the rich.

George Han smiled faintly, Su Yihan’s self-confidence comes from her appearance, but for the rich, what is her appearance?

Although these four words are a joke in the eyes of many people in the eyes of most people in this era, they still have a certain meaning for the real rich. And with Su Yihan’s status, where can the circle come to contact those rich people? What?

Chapter 168

As soon as Mary walked out of the Villa area, Jun Yan suddenly appeared beside her like a ghost.

“You not only let him take on an unnecessary responsibility, but also gave him unnecessary hope.” Jun Yan said in an unusually cold tone, although his duty is only to protect the Han family, and is not qualified to intervene in any of the Han family. Things, but Mary is behavior, he can’t stand it.

Giving the photo to George Han means that George Han needs to investigate the hidden background behind the Taoist priest. This is an extremely dangerous thing for George Han, and Mary even moved Han Tianyang out in order to prevent George Han from having a reason to shirk. This is a situation where George Han has no choice. .

“For the entire Han family, even I can’t let George Han have a trace of affection. Only Han Tianyang is the person he cares about most. Only by doing this can he do his best to investigate this matter.” Mary has no face. Said with an expression.

“But you shouldn’t give him hope in this way. Han Tianyang is a lifelong pain for him. How many times he cried and fainted, don’t you know?” Jun Yan gritted his teeth.

“Of course I know that no one can compare his feelings for Han Tianyang. But you should know that hope is the biggest motivation for a person.” Mary said.

“But Han Tianyang is dead, this is not hope at all.” Jun Yan said angrily.

“Dead?” Mary smiled faintly, and said: “Have you seen his body? As long as you don’t see his body, who can be 100% sure that he is dead? Even if it is a one-tenth chance. Han Three thousand will not give up.”

Jun Yan took a deep breath. After so many years, Han Tianyang has no news, how could he still be alive? Mary just used this to get George Han to do this thing.

“Before he died, he asked me to take care of the Han family. How could I live in that state.” Jun Yan clenched his fists.

“You mean, his corpse is missing? Do you think it’s possible? How could Han’s secret opponent just take away a meaningless corpse?” Mary smiled.

Jun Yan knew that it was meaningless to reason with her, and she now gave George Han hope that this matter had already been destined for George Han to investigate it to the end. What he said was useless.

“You are like Nangong Qianqiu, I hope you will not repeat the same mistakes.” Yan Jun said.

Mary stopped suddenly, then smiled relievedly, like Nangong Qianqiu?

Not like. She and Nangong Qianqiu were the same people, but Nangong Qianqiu had been suppressing her when he was alive, so they didn’t expose their nature.

Mary felt sympathy for the unfairness that George Han suffered, but it didn’t mean that she would let George Han enjoy a comfortable life. George Han should bear the troubles of the Han family.

And she also needs to know why Han Cheng will suddenly fall ill. She wants to avenge Han Cheng!

“In fact, there is no need to say so much at all. He is the Han family and is destined to do these things. This is a responsibility he cannot shirk.” Mary said to herself.

When she married into the Han family, Han Tianyang personally chose her. What she liked was the same characteristics as Nangong Qianqiu. Mary didn’t

understand why Han Tianyang did this before, but she now understands that Han Tianyang wants everyone to be With a unique ability, Nangong Qianqiu died, so she had to support the Han family.

“Old man. You are a very smart person. There must be no one in this world that can compare to you.” Mary sighed, then raised a smile, and continued: “But you’d better not live , Only with anger can George Han avenge the Han family. Your death is the most effective source of fire.”

The next day, Harry Su and Su Yihan appeared together in the Villa area of Yundingshan, with the cash and gold jade from the sale.

Su Yihan became very angry at the thought of giving these things to Amelia Su. She used these things to show off in front of Amelia Su before, but now she wants to give it away personally, which makes Su Yihan want to kill Amelia Su.

“Harry, wait for me.” Su Yihan stopped and said to Harry Su.

Harry Su looked at Su Yihan puzzledly and asked, “What are you going to do?”

Su Yihan’s eyes flashed fiercely, and said: “I can’t just make her so cheap.”

While speaking, Su Yihan took out the golden hairpin, which was actually rubbed on the ground. Very quickly wiped out.

“What are you doing, are you crazy?” Seeing this scene, Harry Su quickly stopped Su Yihan.

“I’m not crazy, even if it is given to her. I will destroy it.” Su Yihan gritted his teeth.

Harry Su knew that she was very dissatisfied with this matter, but what else could she do besides accepting her fate? If all these gold and jade are destroyed, Mary knows. The entire Su family couldn't bear the blame.

“You f*cking stop me, do you want to cause trouble to the Su family?” Harry Su said coldly.

Su Yihan looked up at Harry Su with dissatisfaction, and said: “Harry, what do you mean, what attitude do you have towards me now, even without the Han family, I will still marry another rich family in the future. I can let others invest. Su Family, you treat me like this now, do you want to benefit from me in the future?”

Harry Su sneered coldly. He was kind to Su Yihan because of the Han family. Now she has made it clear that she can't marry into the Han family, and it has no use value for Harry Su.

As for whether he can marry a wealthy family in the future, Harry Su doesn't care at all.

“Su Yihan. You haven't seen the reality clearly yet? How many rich people are there in Basin City? Can you still marry into the heaven?” Harry Su said coldly.

Su Yihan gritted his teeth and said, “Don't worry about me, I will bear the consequences.”

She took out the gold bracelet again.

Harry Su can't let her go on fooling around, she bears the consequences, but it is hard to say whether Mary will only let her bear it.

Anything threatening the Su family, Harry Su would not let it happen.

“Snapped”

A loud slap hit Su Yihan's face. Harry Su super solemnly said: "Su Yihan, I warn you for the last time, don't mess around, or I will drive you out of the Su family. Without the Su family, how can you live, let alone marry a rich family."

Su Yihan shuddered and was frightened by these words. If she is expelled from the Su family, she will no longer be Miss Su, and there will be no chance to contact the rich in the future.

"Sorry Harry, I was wrong." Su Yihan lowered his head and said viciously in his eyes.

Harry Su's feeling towards Su Yihan was much better than Amelia Su, because there was no such an eye-catching waste from George Han around her, so when Su Yihan apologized, his attitude eased a little.

"Let's go, it's not your thing, so what do you care about, with your appearance, not to mention the wealthy, it is no problem to marry a rich man, at least it is much better than Amelia Su marrying George Han." Harry Su said .

Hearing this sentence, Su Yihan's mood improved a lot. Indeed, even if she marries with her eyes closed, she cannot be worse than Amelia Su. After all, George Han is a well-known useless person in Basin City. Who else can compare? Is he worse?

In the Villa, Lily Jiang sat in the living room and waited anxiously early in the morning, as if the bride price belonged to her. Hearing the sound of the doorbell, he took the initiative to open the door for the first time, saving even He Ting the trouble.

"Aunt Jiang, where is Amelia Su?" Harry Su asked lightly.

Seeing what they were holding in their hands, Lily Jiang beamed his eyes and said, "Amelia Su has gone to work, so just give me the things."

As soon as the voice fell, Lily Jiang reached out to Su Yihan to grab it.

Su Yihan was obviously still a little bit reluctant to let go.

“What are you doing, these things are from our house to welcome the summer, do you still want to take them back? Forgot what she said yesterday?” Lily Jiang stared at Su Yihan and said.

Su Yihan took a deep breath and let go of her hand reluctantly.

“Come in and take a rest. You can also see these good things.” Lily Jiang took the bag, returned to the living room and couldn’t wait to open her eyes. The golden things dazzled her and she almost couldn’t open them. .

Harry Su sighed. Although he has lived in the Su family Villa now, there is still a big gap compared with this mountainside Villa.

At this time, George Han walked out of the room, saw the two of them, smiled and nodded.

Chapter 169

Seeing George Han, Harry Su sneered on his face, and said in a weird manner: “It’s good to eat soft rice. I don’t have to worry about eating or dressing until I get up three poles in the morning. Why don’t I have such good luck?”

George Han knew that Harry Su was ridiculing, but such remarks were not lethal to him, and said: “If you look like me, maybe someone would be willing to take care of you. It’s a pity that you are born with your looks. I won’t be able to catch up with me in this life.”

Harry Su was so angry that he vomited blood, George Han changed the law to say that he was ugly?

“George Han, you are such a shameless person, it really opened my eyes. As a man, I have no chance at all, and I am embarrassed and triumphant.” Harry Su said coldly.

“You can’t eat grapes, say grapes are sour? I can understand, after all, a person like you. There is no other way but envy.” George Han smiled.

Harry Su’s face was pale, and there was no advantage in arguing with him against such a thick-skinned person.

“Aunt Jiang, you are a useless son-in-law, you really give you a face.” Harry Su said to Lily Jiang after a turn of the conversation.

In Harry Su’s expectation, Lily Jiang would definitely ridicule George Han, but things did not develop as he expected.

Lily Jiang took all the gold and silver jewelry with him, and was indulging in dressing up. How can the minds taunt George Han with Harry Su?

And even if Lily Jiang didn't do anything right now, she didn't have the guts to say these things to George Han.

"You young people talk slowly, it doesn't matter to me." Lily Jiang said without interest.

Harry Su took a deep breath, this woman really got into the eyes of money, letting George Han be shameless.

"George Han. As a man, I am really ashamed of you." Harry Su said.

"Why are you ashamed of me? I never said to ask you for help. You don't have to be so passionate." George Han said with a smile.

Harry Su hated it so much that all the hairs on his body were standing up, and if it weren't for George Han, he would have been tempted to shoot.

"Su Yihan, let's go." Harry Su was afraid of staying here. Sooner or later, George Han vomited blood. Such a brazen person is not an opponent, so he can only give in.

Su Yihan watched Lily Jiang the whole time, dripping blood in his heart, what should have belonged to her, and now it was all on Lily Jiang's body, not to mention how uncomfortable.

Hearing Harry Su's words, he withdrew his disheartened eyes and said to George Han: "I have never seen such a thick-skinned crow. I hope you can eat soft rice for a lifetime. Don't be accidentally kicked by Amelia Su. After all, a man like you is no longer worthy of her."

"It's useless for me to instigate divorce. There are no other tricks, let's go quickly." George Han said indifferently.

After the two of them left the Villa, Harry Su grumbled and said angrily: “This horrible pen gadget, I see how long he can be arrogant, wait until I get back the Chengxi Project, to see if he has any qualifications to eat soft food. “

“How is your relationship with Zhong Liang? George Han is so arrogant, and it depends on Amelia Su’s position in the company. If you don’t extinguish his arrogance, he will only be more arrogant in the future.” Su Yihan instigated her, she is now at the bottom , Wishing that Amelia Su would come to accompany her, it would be best to deprive Amelia Su of the identity of the person in charge of the city west project as soon as possible.

Although Harry Su said very harshly, there has been no progress in the progress of this matter. Although he has met Zhong Liang several times, Zhong Liang’s attitude towards him is not bad, but the relationship is not good enough to dare to raise it. For the sake of everything.

There have been two risks. This time Harry Su didn’t dare to try it easily without being 100% sure, because once the consequences caused an irreversible situation, the Su family would be completely finished.

“No hurry, I have time to play with him slowly. I’m just a waste of money. Have you played with me?” Harry Su said coldly.

Su Yihan naturally believed in Harry Su. After all, he is now the chairman of the Su family and controls the absolute power of the company, and George Han, a married son-in-law, has any ability to fight Harry Su.

“Sooner or later he will fall into your hands.” Su Yihan said.

In the Villa, Lily Jiang was still immersed in the aftertaste brought to her by the bride price. For her who only had money in her eyes, she could not tolerate anything now.

“Huh.” Lily Jiang suddenly saw that the golden hairpin had a lot of wear marks, her face suddenly boasted, and she shouted to George Han: “George Han, come and take a look.”

George Han walked up to Lily Jiang in confusion, and asked, “What’s the matter?”

“Look at this hairpin, is it deliberately worn out.” Lily Jiang said with an unhappy expression.

Judging from the wear marks, it was indeed not long ago, and Su Yihan probably did it deliberately.

“It looks like it is.” George Han said.

“It must be the dead girl. I’m going to find her to settle the accounts.” Lily Jiang said angrily.

“It’s such a small matter, why is it so troublesome, as long as there is no shortage of pounds.” George Han said lightly.

According to Lily Jiang’s temper, she must find Su Yihan to settle the account. The hairpin was maliciously destroyed, how could she swallow this breath.

But after hearing George Han’s words, Lily Jiang’s anger subsided instantly.

Looking at George Han cautiously, he asked, “Really not going to look for her?”

Hearing this tone, he was obviously asking George Han, and he could tell. Now Lily Jiang, not only does not dare to treat George Han with a bad attitude, but also respects George Han’s opinions very much.

“Or, you should ask Amelia Su.” George Han suddenly discovered that Lily Jiang’s attitude towards him was better. He is still a little uncomfortable. After all, he has been used to three years. This sudden change feels a bit strange.

“Well, wait until Amelia gets off work.” Lily Jiang said.

“Right. Mid-Autumn Festival is coming soon, do you want to go back this year?” George Han asked.

Every Mid-Autumn Festival, Lily Jiang will return to her family’s home, but in previous years, as long as there is an excuse, she will leave George Han, and will definitely go back this year, and Lily Jiang will definitely bring George Han.

“Back, if you have time, let’s go together.” Lily Jiang said.

“En.” George Han nodded, Lily Jiang had done a lot of excessive things before. But since George Han had tolerated it, he didn’t even think about setting up the accounts after Autumn. After all, she is Amelia Su’s mother. Now it is a good thing not to make things difficult for him if she is obedient.

Driving a Lamborghini, this luxury car is nothing in the Genting Mountain Villa area, but on the street, it is an absolutely beautiful landscape, and every pedestrian can’t help but look at it.

After driving the car to the gate of the magic city. George Han stopped the car and went in.

Xie Yufu, who was depressed, happened to hit this scene. George Han was a little surprised to be able to drive such a good car.

Although the Su family has some money, it is not enough to let this useless open Lamborghini.

As far as Xie Yufu knows, even Harry Su, the newly appointed chairman of the Su family, is just driving a Mercedes.

“You can drive such a good car even with soft rice, God is really blind.” Xie Yufu said viciously.

Walking to the side of the car, Xie Yufu, who was not convinced, took off his high heels and slammed down towards the front of the car, creating a very obvious depression. This was still unresolved, and he picked up a stone on the ground and threw it on the front windshield.

When the phone rang, Xie Yufu stopped destroying the car.

“What are you doing, just call me now.” Xie Yufu said unhappily.

“Limited to you within five minutes. Immediately drive to the street of Magic City to pick me up, otherwise you will not show up in front of me in the future.”

In less than five minutes, a BMW five-series stopped in front of Xie Yufu, and a young man got out of the car.

“Who annoyed you with such anger?” the young man asked.

“A rubbish. Trash, asshole.” Xie Yufu said angrily.

The young man named Liu Qi was a suitor of Xie Yufu. He was basically on call and was a standard dog licking. After hearing Xie Yufu’s words, he knew that this was his opportunity and said quickly: “What People are so short-sighted, even you dare to provoke them. Let me avenge you.”

“You? Do you have the ability?” Xie Yufu said disdainfully.

Liu Qi patted his chest and said proudly: “Yufu, don’t underestimate people. I’m on the road, but I know a lot of big brothers. Do you want this unfortunate thing to kneel and apologize in front of you?”

Chapter 170

Kneel to apologize?

How could Xie Yufu not want to, she wanted to see this happen in her dreams, George Han broke her good deeds, and also caused her to be scolded by Xie Jinyan, and almost couldn't end because of offending Mo Yang. Qiu is in Xie Yufu's heart, not to report unhappiness.

Anyway, Liu Qi is her suitor, so it is only natural to let this licking dog do something for her.

“Liu Qi, if you can make him kneel and apologize to me. I agree to finish the meal with you.” Xie Yufu said.

Liu Qi was very happy when he heard these words. He invited Xie Yufu to dinner. He didn't know how many times he had been rejected. He didn't expect that he finally had a chance now.

“Don't worry, I will arrange for someone to not only ask him to kneel down and apologize to you, but also let her bark you as a dog.” Liu Qi smiled.

“He is George Han, you should know who it is.” Xie Yufu said.

George Han?

Hearing this name, Liu Qi was stunned. Isn't that a waste of the Su family? Just this kind of thing. She even dared to offend Xie Yufu, it was almost death.

“Yufu, this kind of trash, Liu Qi won't hit him with a bruised nose and swollen face. I have his last name.” Liu Qi said with a sneer.

Xie Yufu didn't tell Liu Qi about Thomas Tian's importance of George Han. She was afraid that Liu Qi would not dare to deal with George Han after he knew it.

Because this matter is only known to the upper class people who participated in the Tianchang Grand Birthday Banquet, and Liu Qi's family is not eligible to participate in the birthday banquet, which is why Xie Yufu looks down on Liu Qi.

Although Liu Qi did a lot of things for her, and it was no dignity to be a dog, Xie Yufu chose her husband. Except for the family background, she doesn't care about anything, the entire Basin City, except for the people of the heavenly family, she can see. There is only Kong Wu, so she is happy to do anything for Kong Wu.

When George Han came out of the magic city, he saw that his car had been smashed. He was heartbroken. Although the car was not bought by him, it was worth several million at any rate. It was unexpectedly smashed.

Immediately let Mo Yang send someone to investigate this matter, and through the nearby streets, he quickly identified who was the person who smashed the car.

When seeing Xie Yufu in the surveillance video, George Han couldn't help but laughed bitterly. This woman actually dared to trouble him. Isn't the lesson taught last time enough?

"f*ck, this little girl has a big temper, and she doesn't have a long memory. It seems that her father hadn't been comfortable with the wine last time." Mo Yang said coldly, smashing the car at the gate of the magic city, no matter what the car is. Anyone's is the equivalent of slapping him in the face. If this matter doesn't teach the Xie family a lesson, what face will he have in the future to gain a foothold in Basin City.

"Brother George. Can someone bring her back?" Lin Yong asked.

George Han smiled, Xie Yufu smashed the car and made it clear that it was directed at her. With this kind of eldest lady's temper, it is impossible to vent her anger just by smashing the car. Maybe she has other means of revenge.

Moreover, the surveillance video also clearly recorded a young man driving a BMW, maybe she was looking for a helper.

Since they wanted to teach the Xie family a lesson, they had to let them realize how tragic the price was so low.

“Don't worry, she will definitely come to me again, open a box for me tonight, and I will relax.” George Han said.

The magic city officially opened at 8 o'clock in the evening, and it was full in less than half an hour. The chaotic dance of demons under electronic music is the normal state of the night market.

George Han didn't go to such occasions very much, so he didn't catch a cold with the harsh music, so he stayed in the quiet box and waited quietly.

At this time, a group of young people gathered at the gate of the magic city, including Liu Qi and Xie Yufu.

“Liu Qi, this is Moyang's place. We are making trouble here, will there be any trouble?” Someone asked Liu Qi worriedly.

Liu Qi waved his hand indifferently and said, “It's just a waste. As long as we don't make too much noise, how could Mo Yang take care of these little things? Don't worry. Even if something goes wrong, I, Liu Qi, can protect you. .”

Liu Qi deliberately showed a fearless look in front of Xie Yufu, but he was actually a little worried.

After all, Mo Yang is the most powerful person in the gray zone in Basin City. To make trouble in his place is equivalent to finding Mo Yang trouble. This matter was known to Mo Yang, and the end must be miserable, but Liu Qi was willing to smile for the sake of his beauty. Take a gamble, as long as Mo Yang doesn't know about George Han.

After listening to Liu Qi's words, the others felt a little more relieved, and they couldn't make much noise against an unknown person.

"Yufu, just wait for the trash to kneel down and apologize to you." Liu Qi smiled and said to Xie Yufu.

"Don't waste time talking nonsense, go quickly."

Xie Yufu said this. Everyone entered the magic capital.

They had long ago inquired that George Han was here, and through the internal staff of the Magic City, they also understood the box where George Han was located.

The group of people walked towards George Han's box with a clear purpose.

Speaking of the aura, it must be more imposing to kick the door directly, but this is Mo Yang's territory, they dare not even break a cup, let alone kick the door.

Very carefully opened the box door, a group of people filed in.

There were only three thousand people in the whole box, and Liu Qi was a little strange about it. Who would be so bored that he opened the box by himself. And there was not even a sound of music in the box.

But this is better, George Han is easier to deal with alone, and it will not make too much noise.

“George Han, you can’t get to bed, so you’re just spending the time here alone?”
Liu Qi laughed and said to George Han.

The glorious deeds of George Han. In addition to washing and cooking at home, there are also well-known roommates. Almost everyone who has heard of George Han knows that he hasn’t even touched Amelia Su’s fingers for three years.

“You guys came quite early. I didn’t make me wait long.” George Han smiled.

Liu Qi frowned and asked: “Are you waiting for us?”

“Yes, I smashed my car, I have to find someone to compensate.” George Han said.

“Pay?” Xie Yufu smiled coldly and said: “George Han, do you have no eyes or your dog is blind? Look at this situation, will I pay you?”

“Of course you don’t have the money to pay me, so I plan to teach you to inform Xie Jinyan.” George Han said.

Xie Yufu said with a cold face, “I’m afraid you won’t have a chance to inform my dad, go to the hospital to lie down for a month.”

Hearing Xie Yufu’s words, Liu Qi said to the others: “What are you still doing in a daze? Give me a call. Put this waste into the hospital and stay for a month, one day less.”

Xie Yufu said that one month must be one month, Liu Qi licks the dog. Be very thorough.

Xie Yufu sneered with hands on his hips, and quietly waited for George Han to be beaten down before kneeling to apologize to her.

Do you think it's great to be valued by Thomas Tian for letting you spoil my good deeds? After all, the useless is a useless, in front of my Xie Yufu, you are nothing.

“George Han, kneel down and apologize to me earlier, I can let them lighten up.” Xie Yufu said triumphantly.

George Han looked at Xie Yufu, this kind of woman relied on how much money the family had. Relying on a few licking dogs like her, I think that the whole world is centered on her, which is extremely arrogant.

Compared with Tian Linger, the eldest lady of the heavenly family, George Han had to sigh, saying that money has turned bad. It is not decided because of money, but depends on the personality of each person.

Tian Linger became domineering, and no one in Basin City could stand it, but she never did anything that relied on the strong to bully the weak, unless it was someone who really hated her. She will shoot.

“Xie Yufu, you really should learn from Tian Linger.” As soon as George Han's voice fell, the few people had already rushed to his face, some raised their fists, some kicked their legs.

In front of George Han, these people are comparable to ants, crying and crying one after another, but not from George Han's mouth, but from those people who Liu Qi called.

In Liu Qi's eyes, George Han would be beaten to the ground soon, but the facts were completely different from what he thought. In less than a minute, none of the people he called paid back. Can stand.

“You... how could you be so powerful.” Liu Qi said dumbfounded.

“You are the only one left. Since you want to behave, why not behave thoroughly?”
George Han said with a smile.
