

Chapter 171

Hearing George Han's words, Liu Qi stepped back in shock. He didn't expect George Han to be so powerful, so many people were not his opponents.

Now he was left alone, and even if he forced a shot, it was only a beating.

He really wanted to behave in front of Xie Yufu, but Liu Qi wasn't a fool either. He couldn't do this kind of foolish behavior even knowing that he would be beaten.

"George Han, don't think that you have the Su family to support you. You are very powerful. Do you know who I am?" Liu Qi threatened, trying to suppress George Han with his family background, because their family and the current Su family The strength is almost the same. Of course, after a few years, the Chengxi project funds began to return, and the Liu family could not compare with the Su family.

"Who are you, let me hear you." At this moment, the box door opened and Mo Yang and Lin Yong walked in.

Seeing these two people, Liu Qi was immediately frightened. He could use the Liu Family to threaten George Han, but he would never dare to use the Liu Family's weight to show off in front of Mo Yang.

With Mo Yang's power in Basin City, the Liu family is nothing more than a maggot.

"Mo... Boss Mo, why are you here! Sorry, I didn't mean to make trouble with you." Liu Qi quickly apologized, and his intestines were all regretful. If he killed Liu's family for a woman, he would be dead. Now, I can only pray that Mo Yang will not pursue this matter.

"It's okay to make trouble with me, but it breaks ground on my friend's head. You don't want to put Mo Yang in my eyes, right?" Mo Yang said coldly.

Friends... friends!

These two words made Liu Qi struck by lightning, and George Han turned out to be Mo Yang's friend!

If you offend him, doesn't it mean you offend Mo Yang.

Liu Qi's face was pale, and only despair remained in his expression.

At this time, Mo Yang suddenly wrinkled his nose. He slapped his nose with his hand, and said with a look of disgust: "Why is there a sudden scent?"

"Boss Mo, this little guy was scared to pee." Lin Yong smiled speechlessly. It was a joke that he dared to come to the Demon Capital to look for trouble, and to trouble George Han.

A large area of Liu Qi's crotch was wet, but now he doesn't care whether he is embarrassed for this reason. He has already seen the destruction of Liu's family.

Kneeling in front of Mo Yang, kowtow and said: "Boss Mo, I'm sorry, I didn't know he was your friend, please forgive me this time."

What is Xie Yufu's mood at this time?

She never dreamed that George Han had such a good relationship with Mo Yang, and the two words despair could no longer describe her psychological activity at the moment.

Because of Mo Yang before, Xie Jinyan was forced to drink two large bowls of white wine, and finally calmed down the matter, but now she has found a bigger problem, this time it can't be solved by drinking two bowls of wine. of.

But she didn't understand, why!

George Han was so useless. Why can he be valued by Thomas Tian, and be able to become a friend of big figures like Mo Yang.

He is just a son-in-law, a trash everyone in Basin City knows!

“Xie Yufu, before you find someone to help you get ahead, don’t you think about his ability? Such a big person will be incontinent when he says incontinence. What a joke?” George Han said.

Xie Yufu looked at George Han unwillingly, gritted his teeth and said, “How much did you give Mo Yang so that he could pretend to be your friend.”

When Lin Yong heard these words, he slapped Xie Yufu in the face and said coldly, “Xie Yufu, pay attention to your attitude when you speak.”

Xie Yufu’s heart trembled, covering her face, and glanced at Mo Yang in fear. She couldn’t help but utter her thoughts, but she completely forgot the consequences of these words.

At this moment, no one thought that Liu Qi suddenly stood up, kicked Xie Yufu heavily, and then shouted: “Smelly girl, even Boss Mo’s friends dare to provoke him, you f*cking What a gadget, it still hurts me now, you think I like you. Do you want to take this life?”

“Liu Qi, you dare to hit me!” Xie Yufu said to Liu Qi hoarsely.

The reason why Liu Qi wanted to fight Xie Yufu was to separate her from her. He certainly couldn’t escape the responsibility for this matter, but it would be best to be able to bear less.

Without the woman Xie Yufu, he could still play with other women.

But without the Liu family, he would have nothing.

At this time, Xie Yufu's position in his mind was already worthless!

"I'm the one who beat you. If it wasn't for you, could I be killed by you?" Liu Qi was also ruthless enough, after saying this, he punched Xie Yufu in the face.

Xie Yufu has always regarded Liu Qi as a licking dog, and he has to do what he wants to do.

She has always been high in front of Liu Qi. When is Liu Qi's turn to beat her?

"Liu Qi, don't you want me anymore?" Xie Yufu said.

Liu Qi smiled coldly: "You bitch, don't think that I don't know what you think. Isn't that just using me to do things for you? I always know that you look down on me. Now, with your appearance, I will have a lot of women in my arms as long as I spend money. I really think of myself as a queen. Do I want Lao Tzu to serve you?"

Xie Yufu's face became paler when she heard these words. It is precisely because of the existence of people like Liu Qi that Xie Yufu has built up her confidence and made her feel that she is the queen of supremacy, and Liu Qi's words undoubtedly beat her into the ice valley.

"What's more. Now you dare to offend even Boss Mo's friends, I don't f*cking teach you how to be worthy of Boss Mo." After speaking, Liu Qi punched Xie Yufu's face again.

Mo Yang smiled lightly when he saw this situation. In order to dispense with responsibility, Liu Qi was also ruthless, treating the woman he likes without any affection.

"Liu Qi, please speak up, what does it mean to be worthy of me? What does it have to do with me if you beat her?" Mo Yang said lightly.

Liu Qi was shocked, and quickly lowered his head and said, “Boss Mo, I know it was wrong. This is the woman’s idea, and it has nothing to do with me. I hope that Boss Mo can let me go.”

“Don’t let it go, it’s not my final say.” Mo Yang said.

Liu Qi knew what this meant, and he knelt down directly to George Han. Now he doesn’t care about George Han’s reputation in Basin City. He only needs a little bit, and he can kneel to George Han willingly.

Mo Yang’s friend!

The weight of these words in Basin City is only lighter than Tianjia.

Of course, if you let Liu Qi know what happened at Thomas Tian’s birthday party. He estimated that he even had the heart to kill Xie Yufu.

“Brother George, I was wrong, it was all my fault, please give me a chance.” Liu Qi said with a kowtow.

George Han sat on the sofa and said, “My car was smashed. It was given to me by Tian Linger. It is not easy to let her know about this matter.”

Liu Qi’s scalp was numb, and he was almost crying. How could he have something to do with the Heavenly Family again. What kind of character is this George Han? Not only did he know Mo Yang, but he also knew Tian Linger, and Tian Ling gave him such an expensive car!

“Brother George, your car. I will pay you a new one.” Liu Qi gritted his teeth and said. Although millions of dollars are heartbreaking, it is easier to lose a little money than Liu’s family. accept.

“Do you mean that you are willing to help Xie Yufu bear the result?” George Han smiled.

“No, no, no, no.” Liu Qi waved his hands in a panic. Hurriedly said: “Brother George, you misunderstood what I meant. I didn’t help her bear the result. I just wanted to pay for my stupid behavior. After all, I provoke you.”

Mo Yang saw Liu Qi panicking, and smiled and said to George Han: “Don’t scare him, otherwise the carpets in my box should be replaced, and you will have to pay me.”

“Okay, pay the money first, and I will pay you for the carpet.” George Han said.

Mo Yang looked embarrassed. He didn’t plan to pay back the 200 million. This fellow George Han was so rich, 200 million was nothing.

“Then you should continue.” Mo Yang said.

“Xie Yufu, call your father, I don’t want to target a woman.” George Han said lightly.

Xie Yufu’s heart was completely desperate, Mo Yang still owed George Han money, no wonder he would help George Han.

If Xie Jinyan knew that such a big disaster had happened again, it would not be impossible for him to sever the relationship between father and daughter.

Chapter 172

When Xie Jinyan received the call, he was pushing cups with a group of friends in the mall. Now the Su family is showing signs of being upset because of the West City project. He naturally hopes that the Xie family can develop better, so this paragraph Over time, he licked his old face and met a lot of big people in the shopping malls, and also made a lot of low voice with a smile on his face, in order to make the Xie family's status in Basin City higher.

Xie Yufu offended Mo Yang's affairs and almost ruined Xie's house, but fortunately, nothing major happened. Xie Jinyan also gave Xie Yufu a lesson, and he believed that his girl had received enough lessons.

But when this phone call came, Xie Jinyan's face immediately turned pale.

Although Xie Yufu didn't mention what happened on the phone, let him go to the magic city. This is obviously something wrong!

Moreover, the demons are all Mo Yang's territory, so it wouldn't have offended Mo Yang again.

“Old Xie, what's the matter with you, why is your face so ugly.”

“What happened?”

“If something happens, tell us, it can help. We definitely won't stand by.”

Several drinkers asked Xie Jinyan.

Xie Jinyan shook his head and said, “It's nothing, my daughter called me to go home.”

Xie Jinyan knows that these smiling guys are icing on the cake, but it is absolutely impossible to expect them to give charcoal in the snow. They are kind to them if they don't take the opportunity to step on their feet, so Xie Jinyan dare not talk nonsense until he is sure what happened. The wall fell down and everyone pushed.

“Time is almost up. I will go home first. I will pay for this meal today. I am really sorry everyone. I will invite you to drink again when I have the opportunity.” Xie Jinyan left the hotel. Immediately drove to the magic city.

Mo Yang's two subordinates were already waiting at the door for Xie Jinyan. Seeing this show, Xie Jinyan couldn't help but sweat. It seemed that Xie Yufu should have made trouble again.

In the box, when Xie Jinyan saw Xie Yufu whose cheek was swollen, he didn't care about her physical condition for the first time, because there was Mo Yang in the box, which made Xie Jinyan almost fainted.

“Xie Yufu, what the hell did you do again? Didn't I warn you not to make trouble? You have to kill the Xie family to be reconciled?” Xie Jinyan scolded harshly.

Xie Yufu cried when she saw Xie Jinyan. If she had known that George Han was so good, how could she have done such a stupid thing?

Her eldest lady has become accustomed to her behavior, and feels that even if George Han is valued by Thomas Tian, she is still a waste of money, so she wanted to teach George Han a lesson.

But now she finally understood that George Han was not only valued by Thomas Tian.

“Dad, save me.” Xie Yufu cried bitterly.

Xie Jinyan took a deep breath and walked to Xie Yufu. He grabbed Xie Yufu's hair and said, "Don't apologize to Boss Mo."

Mo Yang waved his hand to Xie Jinyan and said, "Apologize to me, your baby girl didn't provoke me, but she provokes someone who the Xie family can't afford."

Is the person who is even more unattractive than Mo Yang?

Xie Jinyan felt cold. This matter was obviously more serious than last time. Xie's family was going to be killed by Xie Yufu.

"Boss Mo, whoever she provokes, I personally apologize and please give the Xie family a chance." Xie Jinyan said.

"Aren't you long-eyed, sitting beside me without seeing it?" Mo Yang said silently.

Xie Jinyan thought subjectively that the biggest figure in this box was Mo Yang, and naturally focused all his attention on Mo Yang. After Mo Yang said this, he saw George Han next to him.

Xie Jinyan is still very familiar with George Han. At Thomas Tian's birthday banquet, he saw George Han sitting next to Thomas Tian.

Recently, there have been more and more rumors about George Han from the upper-class society of Basin City, and various versions have emerged one after another, but there is only one result. Everyone knows that George Han will never be a waste of Basin City in the future.

Even if he was really a useless waste before, but with the support of the heavenly family, even a pile of mud can go up the wall.

"George Han, what my daughter did, I will apologize for her." Xie Jinyan said.

“Break my car. I also found someone to beat me, you woman, is not an ordinary arrogant.” George Han said lightly.

Xie Yufu’s princess temper was spoiled by Xie Jinyan, how could he not know?

But for so many years, Xie Yufu still kept her eyes open, knowing who can and who can’t, so it didn’t cause much trouble to the Xie family, and Xie Jinyan let her go.

But now, Xie Jinyan could only regret that he hadn’t been disciplined, and that Xie Yufu had caused such a big disaster.

But Xie Jinyan couldn’t figure it out. Xie Yufu also attended Thomas Tian’s birthday banquet. She clearly knew Thomas Tian’s attitude towards George Han. Why did she bother George Han?

“Xie Yufu, what hatred do you have with George Han. Why do you want to do these things, don’t you know that Father Tian values him?” Xie Jinyan gritted his teeth.

Of course Xie Yufu knew it, but before half an hour, she still didn’t put George Han in her eyes, because she was so arrogant, and George Han’s reputation was too popular, so she thought that even if it was George Han It doesn’t matter if you have learned a thousand lessons, and Liu Qi can help her, even if George Han asks the Tian Family to help, Thomas Tian will pursue it. She can also shirk all the responsibilities on Liu Qi.

How could Xie Yufu know that even Liu Qi would turn her face with her?

“Xie Jinyan, what are you talking about!” At this time, Liu Qi suddenly exploded in temper, but he didn’t know the relationship between George Han and Tianjia. Xie Jinyan’s words are like bombs to him.

George Han is not only Mo Yang's friend, but even Father Tian values him so much!

"Who are you?" Xie Jinyan asked Liu Qi suddenly and harshly, dissatisfied.

"Who am I? I f*cking killed by your daughter." Liu Qi smiled grimly, and couldn't help but vent on Xie Jinyan. A fist hit Xie Jinyan's left eye.

Xie Jinyan grabbed his old bones, where he could not stop Liu Qi from hitting, he covered his face and screamed in pain, then fell to the ground.

Liu Qi didn't give up, walked to Xie Yufu, grabbed her hair, knocked Xie Yufu's head to the ground, and said coldly: "Shabi woman, you kept it from me on purpose, I'm so good to you. You deliberately harmed me, why the hell don't you die."

At this time, Liu Qi was crazy. The most powerful Tianjia in Basin City Mall and Mo Yang, the most powerful in the gray area, offended all at once, all because of Xie Yufu, how can he stay rational.

"Brother George, I'm an idiot, I'm a bastard, I'm just a trash. Please forgive me, I will be a bull and a horse for you in the future, please give me a chance." After Liu Qi beat Xie Yufu, Said to George Han tremblingly.

At this point in his life, Liu Qi has never felt such a strong despair.

"Being a cow and a horse? What do you think of a dog?" George Han said.

Liu Qi was taken aback, then lay on the ground, breathing with his tongue out, and said: "Brother George, do you look like it? If it doesn't, I will go back and learn."

Lin Yong saw this scene. Taking a deep breath, although Liu Qi gave up his dignity, his future status in Basin City might not be easy.

After all, not everyone is qualified to be a dog for George Han.

In Lin Yong's view. This is not a shame, but something to be proud of!

Unfortunately, he had missed this opportunity in Chang Bin's casino.

George Han stood up and said to Liu Qi, "Give you three days. I want to see the Xie family go bankrupt. Since I am a dog, I must learn to bite."

"Yes, Brother George, I will do it, I will do it." Liu Qi nodded and said.

And this sentence is undoubtedly a bolt from the blue for Xie Jinyan. He tried his best to improve the status of the Xie family in Basin City. During this time, even his old face was gone, but all his efforts were ruined by Xie Yufu. , Cloud City in the future, no more thanks!

After George Han left the box, Lin Yong walked to Liu Qi and said lightly: "Envy you, why do you have such a shit luck?"

At this time, Liu Qi didn't know the meaning of these remarks, but felt that it was a blessing to be able to protect Liu's family.

Chapter 173

Sending George Han to the gate of the magic city, Mo Yang asked, “Would you like to help Liu Qi and deal with the Xie family with his patience, I am afraid it will not be easy.”

George Han smiled faintly and said, “No, if a dog can’t even bite, what value is there.”

Mo Yang was taken aback when he heard these words, looked at George Han seriously, and stopped talking.

“What’s wrong?” George Han asked in confusion.

Mo Yang shook his head and said, “It’s nothing. Go home, or your younger siblings should worry about you again.”

After George Han left, Mo Yang sighed and said to himself: “I wanted to say that you have the potential to be a big owl, but as you are, you probably won’t be on this path, right? . That... but Han Family.”

After saying this, Mo Yang got goose bumps. Although he had guessed that George Han’s identity was not simple, he never expected that his true identity would give him such a strong shock.

Although Han Family is not a top-notch presence in China. But it’s only a step away from the top of the pyramid!

Lamborghini has already sent a 4S shop. George Han trot home. When the security guard saw George Han on foot, he smiled and said, “Brother Han, I’ll work out at night.”

George Han raised his hand as if he had said hello.

The security guard didn't think that George Han was cold. Tianjia had already told him to treat George Han politely, so it was in his heart. It was an honor for someone like George Han to wave at him.

Back at home, when George Han opened his door, he was shocked by the scene in front of him in disbelief.

Where's the bed?

Why is the bed gone!

The heartbeat speeded up suddenly, and even sweat came out of the palm of his hand.

No way. Can I go back to the room?

George Han swallowed, feeling dry and dry, and then took a full bottle of ice water to calm his excitement.

The matter of Jinqiao City had not been explained to Amelia Su, so he never expected to be able to go back to the room to sleep so soon. It happened so suddenly that he didn't know what to do.

He tiptoedly walked to the door of Amelia Su's room, and when he reached out to open the door, his hands were shaking.

With a slight twist, the door opened.

As soon as a gap was opened, George Han heard Amelia Su's voice coming from the room: "What are you doing? You didn't come back so late."

I could hear that Amelia Su's tone was a bit complaining, but he was not really blaming him.

George Han hurriedly opened the door and walked in. There was no lay on the floor, but there was obviously an extra pillow on the bed, which made him happy.

“I’m not going to bed, don’t you have to get up early tomorrow?” Amelia Su said, staring at George Han.

George Han nodded repeatedly and said, “Get up early, of course you have to get up early. It’s been a long time since I ran in the morning, and my body is almost gone recently.”

Sitting on the bed, George Han felt an extremely solid feeling.

Amelia Su leaned on her side and felt that after George Han was lying in bed, she began to worry. She was afraid that George Han, a big pig’s hoof, would not even notice that the red thread on the bed sheet had disappeared.

Sure enough, when Amelia Su heard the voice in her ear, she couldn’t wait to kick George Han out of bed. Did this guy really not notice?

Amelia Su gritted her teeth with a fierce look on her face, and in her heart George Han was not a man, and he didn’t have the least initiative.

How did she know that George Han was so happy to be able to go back to the room, so she didn’t even dare to think about it.

This inauthentic relationship between husband and wife began with Amelia Su’s grievances, which caused her to roll her eyes and ridicule her, so since three years ago, George Han never thought of forcing her to do anything.

Even now, George Han’s thoughts have not changed. Perhaps, only when Amelia Su really can’t bear it one day, he will suddenly regain consciousness when he presses George Han on the bed.

Six o'clock the next day. George Han woke up first and felt a thigh pressed against his chest. He didn't feel uncomfortable at all, but he felt very comfortable physically and mentally.

When the alarm sounded, Amelia Su retracted her legs and went to wash her face flushed, obviously shy.

After the two were sorted out, they went out for a morning jog together, and met a person that George Han hadn't expected, Kong Wu.

When Kong Wu saw George Han, he walked to the front of the mountain enthusiastically and shouted, "Brother Han, sister-in-law."

"Are you here for a morning run too?" George Han asked in a puzzled way. A guy like Kong Wu should be a nightclub veteran. How can you run so early?

Kong Wu is certainly not the kind of person who exercises. Had it not been for the security guard to say that George Han might appear at this point in time, how could he have been so early.

"Brother Han, let me tell you, I'm waiting for you here, didn't bother you and my sister-in-law?" Kong Wu said.

"Excuse me." George Han said mercilessly. He hadn't run with Amelia Su for a long time. Kong Wu appeared, undoubtedly becoming a light bulb.

Kong Wu didn't expect George Han to answer so simply and directly, looking embarrassed and at a loss.

Amelia Su knew Kong Wu. Although I have never dealt with him, I have heard of him, and the Kong family is also a very powerful family in Basin City. Seeing George Han being so rude to people, he glared at George Han. Said to Kong Wu: "No interruption, do you have anything to look for him?"

How dare Kong Wu speak, his mood is like walking on thin ice, he is here to deal with George Han, but now. It was clear that George Han was upset.

“Sister-in-law...sister-in-law, did I really bother you?” Kong Wu said with a guilty conscience.

Amelia Su looked at George Han, George Han smiled bitterly, his wife had already spoken, what else could he say.

“Just tell me what you want, don’t waste my time.” George Han said.

Kong Wu breathed a sigh of relief and said, “Brother Han, there is a party tonight. I would like to invite you to attend.”

“What kind of party?” George Han asked, now able to go back to the room to sleep. Even if Pan Taoyan invited him, he had no interest, but Amelia Su obviously didn’t want him to refuse too easily.

“It’s a gathering of a group of young people, the rich children of Basin City.” Kong Wu said.

George Han just wanted to shake his head, and suddenly felt a sharp gaze staring at him. He could only say: “Okay, but it can’t delay me too much time. I have to go home early.”

“Well, well, I arrange the party to start early, so it won’t delay your time.” Kong Wu said excitedly. Being able to use this gathering to become friends with George Han is his goal. Now that George Han has agreed, he will have to arrange something to make George Han happy.

Originally, Kong Wu prepared a bunch of good-looking and high-value models, but after seeing Amelia Su, he dispelled the idea. Beauty can buy most of the men, but George Han is no longer in the list because he sees It can be concluded that George

Han loves Amelia Su very much, if not for Amelia Su. George Han would never attend this party at all.

“Sister-in-law, I’m leaving now, so I won’t disturb you running.” Kong Wu nodded slightly and said to Amelia Su.

In the past, Kong Wu never regarded Amelia Su or even anyone in the Su family in his eyes. But now, in his heart, he has sincerely treated Amelia Su as his sister-in-law, wishing to have a blood relationship to be perfect.

“Why don’t you just let people like Kong Wu just let me waste time.” After running to the top of the mountain, George Han asked Amelia Su.

“The Kong family is a first-line family in Basin City. It’s better to have more friends than to be an enemy, and friendship with him is more conducive to your future development.” Amelia Su said.

“Me?” George Han looked surprised. He guessed that Amelia Su did it for the Su family’s company, but Amelia Su didn’t seem to think so.

“It’s not you, is it me? I developed well. That was the Su family company. In the end, it was Harry Su who benefited. I don’t care about the development of the Su family.” Amelia Su said.

George Han did not expect that she was doing it for herself. However, the Kong family was as light as a feather to him. It is no exaggeration to say that even if the entire business community in Basin City was right against him, George Han did not take it seriously. in.

But Amelia Su was able to think so, George Han was still very moved.

“Amelia, you really moved me so much.” George Han said.

“Don’t forget, you have to make all those who look down on us regret it.” Amelia Su said looking forward to the north.

Chapter 174

At 5 o'clock in the afternoon that day, George Han received a call from Kong Wu. After asking the address of the party, he drove to the Audi.

The Lamborghini that pulled the wind must have been unable to open recently. It was so ruined by Xie Yufu that it had to undergo a round of surgery, and the cost was not small. The damage assessment staff of the insurance company heard that they had already cried. Up.

After arriving at the meeting place, George Han found that it was a private club, and it seemed to be quite advanced.

Many luxury cars have been parked at the door. It's almost a luxury auto show. Although George Han's Audi A6 is not bad, it looks a little bleak at the entrance of this club, and no one even takes a second look.

Just as George Han found a parking space and was about to park in, a service staff ran over and knocked on George Han's window impatiently.

George Han stepped on the brakes, pressed down the car window, and asked puzzledly: "What's wrong?"

"Sorry, there is no parking space here, you can change the place." The waiter said as he looked at George Han with disdain.

"Isn't this the parking space?" George Han got out of the car. Pointing to the parking space and said.

The waiter smiled faintly, pointed to the cars next to him, and said: "Look at what kind of cars these are, what kind of cars are you, and what qualifications do you have to park here."

“Aren’t all four wheels, what’s the difference?” George Han smiled helplessly. He didn’t expect that the waiter in this private club had such a high vision that he could not even look at the Audi A6.

“People can buy you a whole car with a single wheel, can it be compared? And this is our clubhouse private parking space, you go to the clubhouse. You are not eligible to park here.” The waiter said.

“Are you so sure I won’t go to the clubhouse?” George Han said.

The waiter sighed and said, “Dude, don’t be ashamed here, okay, our club has already been booked, and the guests here tonight. They are all big people in Cloud City. Look at the cars here. Which one is less than one million?”

In the parking lot, there are indeed no cars under one million.

No, another Porsche 911 came over.

“What’s the situation, waiter, is there a parking space?” A head stuck out from the car and shouted at the waiter impatiently.

The waiter quickly walked up with a smile on his face and said: “Brother, there are parking spaces, don’t worry, I will let him drive away immediately.”

After speaking, when the waiter turned his face to George Han, he became full of coldness and said: “Don’t move the car yet, don’t delay this brother parking.”

George Han has seen a lot of people who look down on people, but this is the first time this kind of unreasonable person has been encountered.

“What if I don’t move?” George Han said coldly.

“Are you going to make trouble?” The waiter was angry.

At this time, the person driving the Porsche may be impatient and get out of the car. He came to the Audi car, kicked it in the front of the car, and said: "What are some broken cars, drive quickly, don't disturb Laozi parking."

George Han frowned. Today's young people really have a temperament. These rich boys have never suffered since childhood, so they are so arrogant and ignorant.

"Show me the car. If there is any damage, you can't afford it." George Han said to the waiter, and then he was about to leave, not planning to park the car in the parking space.

When the young Porsche saw this, he kicked on the headlights again and said to George Han: "What the hell are you, I asked you to move the car, believe it or not, I smashed it for you."

"You can try it." George Han said lightly.

Seeing George Han's footsteps, the young man felt that he was being ignored, which made him angry. He walked behind George Han in two steps and grabbed George Han by the shoulder.

"My buddy, don't be too arrogant, or you can't afford it." The man threatened George Han.

"This sentence is more applicable to you, let me go." George Han said coldly.

"You can let go. You drive this broken thing and immediately disappear in front of me. I can let you go."

"What about me?"

"No?" The man smiled coldly and said, "Then see how capable you are."

As soon as the voice fell, he kicked George Han's back.

Feeling the opponent's movement, George Han turned sideways and kicked out with a faster kick. The young man fell to the ground and rolled back several times before stopping.

“Cao Nima, what are you, dare to fight back!” the man gritted his teeth angrily.

“Don't ask who I am, I am someone you can't afford.” George Han continued to walk towards the clubhouse.

The waiter has been dumbfounded, a person who drove an Audi, who dared to open a Porsche, doesn't he want to live?

Hurried to the young man's side, helped him up, and asked, “Are you okay?”

The young man shakes off the waiter's hand. Gritting his teeth and said: “f*ck, a trash thing, dare to break the ground on Lao Tzu's head, what kind of dog stuff. Don't move the car, right? Lao Tzu will play with you.”

After finishing talking, the young man got in the car, started the engine with fire, and rammed directly at Audi, slamming Audi abruptly, and then parked the unrecognizable Porsche in the parking space.

The waiter was terrified. This is a car of millions. When a bumper car is pretending to be fun, these rich people don't take money seriously.

And what will happen to the Audi owner just now who offended such a person?

“Play with your car first. The person who plays with you again, tonight is Confucius's place, I see how you run.” The man looked comfortable and did not feel distressed because the car broke down. After all, a Porsche was in his place. In the eyes. Not a good car.

At this moment, another sports car drove up. After getting off the car, the owner walked to the side of the Porsche owner and said with a look of surprise: “Jiang Tao, what’s the situation? Why did your car crash like this?”

“A brake tool grabbed a parking space with me, and I drove his car away.” Jiang Tao said.

“f*ck, you really have lost money, just a broken Audi. As for it?”

“For me, a Porsche is just a toy, but for this kind of person, Audi is all his belongings. What’s not worth it.” Jiang Tao said with disdain.

The man nodded and said, “That’s true, but it cost you a Porsche. You can’t just let it go, right? Have a good show tonight?”

“Of course there is a good show, but you still have to give him some face in the place of Confucius. Just play with this kind of garbage casually.” Jiang Tao said.

In the clubhouse, George Han found many young men and women in an open-air courtyard. The women were all very thin and attractive.

Since this place has been reserved, these people should be friends invited by Kong Wu, but where did this guy go?

Just as George Han was looking at the situation on the court, Jiang Tao arrived.

This party tonight is a group of rich second-generation drinking and teasing girls. This is what Basin City group of rich people often do. After all, they are not bad for money. You come to me, at least ten times a month of this type of gathering.

There is a saying that people who are rich and idle are worried about this kind of wealthy family, who can drive luxury cars and wear famous brands without doing anything. Apart from eating and drinking, they have almost no other skills.

When Jiang Tao saw George Han, he said to the people beside him: “It’s this rubbish thing. I didn’t expect to drive a broken Audi and even dared to get into our party.”

The man looked at George Han. He smiled contemptuously, and said: “Every time our circle has a party, don’t we have to mix some garbage in, don’t these things just want to flatter us?”

Jiang Tao laughed and said, “That’s true. These incompetent guys have sharpened their heads and want to integrate into our circle, but with different family backgrounds, how can these wastes become our friends.”

“How about it, do you want me to play with him?”

“Go, this kind of trash doesn’t teach him a lesson, he can really treat himself as a big man.” Jiang Tao said.

The man nodded and walked towards George Han with a glass of wine.

“The broken Audi outside is yours?” The man walked up to George Han and said with a mockery.

“I don’t know you, right?” George Han raised his eyebrows and said without interest.

“Of course I don’t know your rubbish, but we are going to clear the venue. The stale goods are not eligible to appear in our party.” After the man finished speaking, a glass of wine was directly poured on George Han’s face.

Chapter 175

Jiang Tao walked up to George Han with a smile at the right time, and said with surprise, “Oh, I just watched a garbage sorting program recently. You should have been a dry garbage, but now you have been spilled alcohol, right? Is it wet garbage?”

“Jiang Tao, what kind of rubbish is wet or dry? Isn’t it just a pile of rubbish?” the man said with a mockery.

George Han wiped off the drink on his face. Facing the two who mocked him, he said lightly: “Give you a chance, kneel and apologize to me.”

The laughter of the two stopped abruptly and looked at George Han incredulously.

“Let’s apologize? I heard it right?” Jiang Tao deliberately digs his ears, suspecting that he has auditory hallucinations.

“What the hell are you, let us apologize to you. You don’t even know what the place is, just get in?” the man said loudly.

Such movement quickly attracted the attention of others. Most of the people present knew Jiang Tao, so in their eyes, George Han was like a jumping clown.

“Now these incompetent guys are getting less and less eye-catching. They got into the party and even dared to offend Jiang Tao. Isn’t this looking for death?”

“Maybe it was a new move these guys came up with. The sword went slant. It deliberately caught our attention.”

“Hehe, just this kind of rubbish, what can we do if it attracts our attention, can it be in our circle?”

Some disdainful voices sounded in the crowd. They all regarded George Han as the second generation who got into the party.

Some women even showed a strong contempt after looking at George Han.

The fact that these women can participate in the party is not how high their status is, but that they can please the rich second generation here because of their flesh. To put it ugly, they use their bodies to exchange the glamour and beauty of the moment. Each of the famous brands is exchanged for sleeping with you.

“Jiang Tao, he told you to kneel down, you won’t just let it go.”

“With your temper, Young Master Jiang, don’t beat him up yet and perform for us.”

“Yes, if you dare not even fight this kind of waste, I will look down on you.”

The crowd began to booze.

Jiang Tao was driven to the shelves by the duck, and he couldn’t retreat even if he wanted to.

Originally, he didn’t intend to make too much noise at Kong Wu’s party. But now with so many eyes watching, if that’s the case, where will his face be? If this matter is spread out, you still can’t be seen as a joke.

“Shabi, you are unlucky today. Since everyone is so high in Yaxing, how can I let them down.” Jiang Tao said to George Han with a grim face.

He stretched out his hand and greeted George Han with his fist.

The crowd started crying and howling, as if they were cheering Jiang Tao.

These elder brothers of them are never too big to watch the excitement, and in their eyes, it is just a rubbish, and how much noise can be made, right should be to add some stimulus to the party.

The noisy sound suddenly stopped.

Because George Han grabbed Jiang Tao's fist, everyone was stunned for the first time seeing that George Han had not been beaten.

But after a while, the noise continued.

“Jiang Tao, what are you doing? Don't beat this trash to the ground.”

“You can't even beat this kind of garbage, it's a joke.”

“Is anyone willing to help Young Master Jiang? It seems that Young Master Jiang can't fight this rubbish.”

Hearing these words, Jiang Tao's face became extremely ugly, but no matter how hard he tried, his hands were dragged tightly and he couldn't get them back.

“Trash, you f*cking let me go.” Jiang Tao gritted his teeth.

“I said, I only give one chance.” After saying that, George Han kicked out like lightning and kicked Jiang Tao on the knee of Jiang Tao's left leg.

With a crisp sound of bone cracking, Jiang Tao's left leg was bent backwards abruptly, showing a scalp-numbing arc.

“hiss.....”

“This...this is. Did he kick Jiang Tao off his leg?”

“f*ck! Who is this guy who makes his shot so cruel.”

The expressions of all the onlookers changed drastically, and the person standing next to Jiang Tao had a feeling of soft legs, because he was among the people present and heard the sound of the broken bones most clearly.

Jiang Tao yelled in pain, and a heart-piercing pain came from his left leg when he lowered his head and saw the condition of his left leg. His eyes widened with fright.

“You... you fucked broke my leg!” Jiang Tao said to George Han in horror.

“It’s just a leg, what are you worried about.” George Han showed a devilish smile on his face, and then kicked again.

Jiang Tao fell to the ground, his right leg bent backward again. Shows a strange arc that makes people unable to speak.

This time, those who watched the excitement no longer changed their faces, but all had scalp tingling.

They directly scrapped Jiang Tao’s legs, and they never dreamed of it. It was George Han who knelt down in front of Jiang Tao to apologize, but now it is Jiang Tao who suffered such a tragic end.

“And you.” George Han didn’t seem to want to stop there, turning his head and said to another person.

Huhuhu...

Many people took a sigh of relief, and it was not enough for Jiang Tao’s legs to be abolished, and they even had to attack another person.

Who the hell is this guy, is he really the trash that got in?

Didn't he know that today's party is Kong Wu's home court? Are you afraid of Confucius's responsibility for making trouble here?

The man heard what George Han said. His legs were so frightened that he knelt directly on the ground.

“Sorry, sorry, I just did what Jiang Tao said, it has nothing to do with me.”

“You can say sorry, but I won't forgive you.” George Han stood up and kicked the man's face.

The man's face suddenly became bloody.

People who saw this scene. They all felt incredible.

The shot is too ruthless, they have never seen such a ruthless peer, and they are so reckless!

George Han stepped forward, stepping on Jiang Tao's face with his right foot, and said: “Remember what I said, if my car is damaged at all, you'd better think of a compensation plan that satisfies me. “

Jiang Tao's heart trembled, and the car had been hit beyond recognition. But before the crash, he didn't know that George Han was so cruel.

“I'm going to kill you, do you know who Jiang Tao is in Basin City? How dare you treat me like this.” Jiang Tao said.

“It doesn't matter who you are. The important thing is, Basin City, there is no one I can't afford.” George Han smiled faintly.

The girls who despised George Han before, after hearing this sentence. They showed obsessive expressions one after another, this is what a man should say.

No matter if he is bragging or really capable, at least at this moment, his image is as majestic as a mountain, making people feel a suffocating strength!

After hitting two guys who didn't have long eyes, George Han looked at the other people. Just now, these guys were often advocating on the sidelines.

“You, anyone else has an opinion on me?” George Han asked faintly, wherever he looked at, all those people lowered their heads, and no one dared to face George Han's eyes.

What is called waste?

What is called garbage?

In the entire gathering, there were more than twenty people, and they were so crushed by the aura of George Han, there was no one who retorted it.

They all saw Jiang Tao's end in their eyes. Although they didn't know who George Han was, who would like to fall on them with such consequences and bad luck?

Don't worry, after Kong Wu comes forward, he will naturally teach this guy, anyway, it is not their protagonist tonight, why bother to take this trip into the muddy water?

“This is the upper-class circle you pride yourself on?” George Han said mockingly when no one dared to talk to him.

“Kong Wu is here!”

“Kong Wu is here? Are you here.”

“Brother Wu, Brother Wu.”

“Someone was making trouble at your party and interrupted Jiang Tao’s leg. You came at the right time, so hurry up and teach this arrogant fellow.”

Everyone who didn’t even dare to breathe, after seeing Kong Wu, they found their confidence one by one and pointed at George Han angrily.

Kong Wu just squatted into a big squat and didn’t know what was going on. But when he heard what those friends said, he looked at Jiang Tao’s situation in front of George Han, shaking his whole body and hurriedly moved towards George Han. Go.

Those people’s faces showed arrogant expressions again, and Kong Wu came forward, can this guy show his true shape immediately?

Chapter 176

“Brother Wu is here, let’s see how he ends up.”

“This guy dared to make trouble in Brother Wu’s place, he is dead.”

“Damn, if this wasn’t for Brother Wu’s place, I would have come forward to teach him.”

“Yeah, this kind of rubbish, if it weren’t for Brother Wu’s face, I could also teach him.”

The person who dared not speak, said brazenly at this time, and the arrogant expression on his face made no secret of it. It’s like they can trample George Han under their feet.

But these people, how can they understand Kong Wu’s desire to die at this moment?

It was hard to invite George Han, but this kind of thing happened because of a large size. If Kong Wu had known this would happen, even if he was suffocated, he would not go to the bathroom.

While everyone was waiting for Kong Wu to teach George Han, Kong Wu walked to his side, bowed his head directly, and said, “Brother Han, I’m sorry.”

“This is the party you invited me to?” George Han said lightly.

Kong Wu shivered with fright. With a pale face, he said, “Brother Han, I’m sorry, I didn’t know that such a thing would happen.”

Among the crowd watching the excitement, those who were talking big words with an arrogant expression on their faces instantly seemed to be frozen, and their hearts were overwhelmed by shock.

Kong Wu!

Even Kong Wu has to sigh in front of him!

Jiang Tao's legs were broken. Kong Wu not only didn't avenge Jiang Tao, but he also apologized.

crazy.....

The hearts of those people suddenly collapsed like the Yellow River burst.

Who is this guy? Kong Wu actually bowed his head in front of him.

Those who were talking big words before, regretted that their intestines were all blue.

I was so quick to speak for a while, but I didn't expect the face slap to come so quickly.

If even Kong Wu dared not provoke this person, what would they be?

“You'd better let people go out to see my car, if my car is damaged at all. You and them...” George Han stopped.

Kong Wu was so frightened that he didn't know what had happened, but with Jiang Tao's temperament, it might have caused a catastrophe.

A good party, a great opportunity to establish a relationship with George Han, did not expect to be ruined by Jiang Tao.

Kong Wu sullenly, walked to Jiang Tao, gritted his teeth and asked in a cold voice: “Jiang Tao, what have you done to Brother Han’s car!”

Jiang Tao was still in pain, but the fear in his heart was even stronger.

This person, being able to suppress Kong Wu’s head, is an offense.

The Audi car was not only damaged at all, it was almost scrapped by him!

“Brother Wu, I’m sorry, I’m sorry, I don’t know that he is your friend, please help me.” Jiang Tao, a big man with his nose and tears, cried like a maiden.

Heard this sentence. Kong Wu’s heart sank to Ice Valley, and it was clear that Jiang Tao had done something irreversible.

He kicked Jiang Tao fiercely in the face, and Kong Wu wished to kill this guy with no eyesight.

“Jiang Tao, you f*cking killed me, what qualifications do I have to be Brother Han’s friend?” After speaking, Kong Wu stepped on Jiang Tao’s stomach.

Jiang Tao’s desperate and painful cry echoed in the courtyard.

Everyone present was in cold sweat at the moment, and no one thought that the outcome of things would be like this.

This unfamiliar face was not only because Kong Wu dared not provoke him, but obviously his status was higher than that of Kong Wu.

Could it be that they belong to the heavenly family?

However, Kong Wu called him Brother Han. Obviously he did not have the surname Tian, but they really couldn't think of anyone else in Basin City who deserved to be feared like Kong Wu besides Tianjia.

At this time, there were already cowardly people kneeling on the ground, making atonement for their arrogant words just now.

“Brother Han, your car, I will replace you with a new one. As for these two people, you can solve it whatever you want.” Kong Wu said to George Han.

Jiang Tao has been abandoned, but the other person only hurt his face. Hearing Kong Wu's words, he knelt down at George Han in horror, and kept kowtowing: “Brother Han. I was blind. I made a mistake, I can give you anything, please let me go.”

George Han sighed, a good party, inexplicably, became like this.

Jiang Tao's leg is dead, and there is no need to pursue it any more, and Kong Wu has no loss when he compensates for a new car.

“You shouldn't have invited me.” George Han said to Kong Wu, and then walked outside the clubhouse.

Kong Wu knew that although this matter was resolved, his chances of developing a relationship with George Han in the future would become very small, and all this was messed up by a fool like Jiang Tao.

“Starting from today. Jiang Tao is my enemy of Kong Wu, and you, if anyone dared to reveal anything about tonight, Kong Wu will never let it go.” Kong Wu said to everyone.

Although there was no chance to establish a relationship with George Han, Kong Wu didn't want this incident to be known by the people of the Heavenly Family. If Tian Linger knew that he upset George Han, the entire Kong family would be dragged down.

When he came to the parking lot, George Han couldn't help showing a wry smile when he saw his car hit beyond recognition.

That fellow Jiang Tao is really cruel. No more Porsches.

“How about, I have reminded you a long time ago, you are not qualified to park here, don't believe me, now regret it?” The waiter walked to George Han proudly. Continue to say: “Jiang Tao is a real rich man. Millions of Porsches don't care. You are nothing.”

George Han shrugged and said, “Hundreds of thousands, it really hurts.”

The waiter looked at George Han with contempt. This is the gap between rich people. People don't even care about Porsche, but he feels distressed for an Audi.

“Who told you not to listen to advice? This is what you asked for. You deserve it.” The waiter said.

“En.” George Han nodded undeniably. Since the car can no longer be driven, he can only walk home.

After George Han left, the waiter smiled and sighed and said to himself: “There are so many people who don't know what is good or bad now. If you don't listen to me, this is the end.”

After a while, an ambulance stopped at the entrance of the clubhouse, and the waiter looked puzzled, but Kong Wu had left the clubhouse tonight, how could an ambulance suddenly come?

Could it be that what happened inside?

While the waiter was thinking, Jiang Tao was lifted out on the stretcher, and he was dumbfounded.

This is Jiang Tao, how could he be injured for no reason, and it seems that he was hurt badly!

Kong Wu calmly walked to the waiter. Asked: "Where is that Audi?"

The waiter was taken aback, and quickly said: "Brother Wu, the car is still in the parking lot."

"Take me over." Kong Wu said.

The waiter was a little puzzled, how could Kong Wu care about a broken Audi that was crashed and scrapped.

Taken to the parking lot, Kong Wu took a deep breath when he saw the crashed Audi. The degree of damage to this car was the relationship between him and George Han.

"Brother Wu, I have warned that guy. Tell him not to park here, but he doesn't listen to me." The waiter said to Kong Wu.

Kong Wu sneered coldly and kicked the waiter's belly. He was angry, and the waiter still said this. Isn't it a fight?

The waiter looked dazed and didn't even know why he was beaten.

"You're just a f*cking waiter, even those who drive Audi look down on it. What kind of car do you drive? Is there a car here that has anything to do with you?" Kong Wu said coldly.

The waiter did not understand why Kong Wu was angry, but this situation. Just apologize: “Brother Wu, I’m sorry, I’m sorry.”

“In the eyes of rubbish like you, is the only big person driving a luxury car?” An angry Kong Wu, no matter who the Cayenne next to him is, kicked up to vent his anger.

Seeing Kong Wu leaving the back, the waiter clutched his stomach, stood up with difficulty, his head echoed the words of Kong Wu just now, and suddenly he stood on the spot as if he was struck by lightning.

Are only the people who drive luxury cars big people?

The waiter suddenly looked at Audi, his expression terrified.

Could it be... Could it be that the person just now was the real big shot?

Jiang Tao was injured, it might have something to do with him too!

Thinking of his previous attitude towards him, the waiter suddenly felt like he was left behind.

Even Jiang Tao was beaten into the hospital. What qualifications does he have to show off in front of him?

Chapter 177

Mountainside Villa.

As the Dragon Boat Festival approached, Lily Jiang received many phone calls from her hometown asking when she would go back this year. During the period, those relatives did not mention George Han because they thought Lily Jiang would not take George Han with him. In three years, George Han only went back once. The relatives in Lily Jiang's family knew that he was a waste, so they didn't care about George Han at all.

But Lily Jiang, those relatives especially want to see this year. After all, Amelia Su is now a high-ranking person in the company, and all of those relatives want to seek benefits from them.

Amelia Su also received a call from her cousin Jiang Wan.

Jiang Wan was a little older than her, and talked about a boyfriend with good family conditions. Because of this, she often showed off in front of Amelia Su and compared her boyfriend with Amelia Su.

Amelia Su knows Jiang Wan's personality, so every time she mentions these topics, Amelia Su is very perfunctory.

“By the way, when will you get home for the Dragon Boat Festival, I will let Liu Zhijie drive to pick you up. He just bought a new car this year. You can just give it a try. Even the seats are made of leather. You may not know these. What does it feel like sitting in the car, really comfortable.” Jiang Wan said with a smile.

Amelia Su smiled helplessly and said: “We may drive back, so we don't need your boyfriend to pick it up.”

“Hey, so far, how tired it is to drive, and your car. What if it breaks down halfway?” Jiang Wan pretended to be worried. In fact, the old car in Amelia Su’s family was too dilapidated.

“Cousin, don’t worry, we just changed cars, how could it break down.” Amelia Su said.

Changed car?

Jiang Wan was a little unconvinced. I have long heard that Amelia Su is doing well in Su’s company. It seems to be true, but even if I change the car, what good car can I change?

“That’s it, that’s okay, when you come, I will take you to Liu Zhijie’s house to see. They built a foreign-style Villa in the country for two million, and they are far away from the hustle and bustle of the city, compared to resorts with those scenic spots Even better.”

Between the lines, they were all showing off, Amelia Su felt helpless. At this time, George Han came back, Amelia Su was a little surprised, didn’t he go to Kong Wu’s party? How come back so soon.

“Cousin, I won’t tell you anymore, let’s talk when I return to my hometown.” Amelia Su said.

“Okay, you come back early. Play for two more days, Bin County is different now, there are many interesting places.” Jiang Wan smiled triumphantly, she guessed that Amelia Su must be envious, so she didn’t want to talk more with her.

But after Amelia Su went to Bin County, she still had many opportunities to show off, so Jiang Wan was not in a hurry.

After hanging up the phone, Jiang Wan said to Liu Zhijie beside him: “Since I was a child, I like to compete with Amelia Su for winning or losing. Now that I find you, she can’t compete with me for the rest of my life.”

After speaking, Jiang Wan Xiaoniao snuggled in Liu Zhijie’s arms.

Regarding the Su family, Liu Zhijie heard Jiang Wan talk about it a lot, especially the wimpy named George Han. Every time he mentioned him, Liu Zhijie would laugh and make his stomach hurt.

“Your cousin married to this kind of trash, how can you fight with you? Don’t worry, when she comes this time, I will definitely give you a face and let her know the gap with you.” Liu Zhijie smiled.

“Well, but, she is my cousin after all, so she still has to save her some face. I don’t know if that wastefulness will come. If he comes, you don’t need to give him face. This kind of wastefulness doesn’t need face.” Jiang Wan said.

Liu Zhijie nodded triumphantly. He is a young handsome man, and now he is also the boss of his own business. The company is not big, but the annual profit is also a lot, enough to step on the waste of eating soft food.

Amelia Su can probably guess Jiang Wan’s thoughts and predict what will happen after returning to Binxian, but she doesn’t care.

Walked to George Han and asked, “Why did you come back so early, didn’t you go to the party?”

“I went, but it’s not interesting, so I’ll come back early.” George Han didn’t dare to tell Amelia Su what happened at the party, because Amelia Su asked him to make friends, but in the end he obviously had no friends. And it can’t be said that there will be more enemies.

“How could it be meaningless? Kong Wu’s gatherings of the rich second generation must have been attended by rich brothers. There are a lot of beautiful women.” Amelia Su said.

This is a woman!

George Han clearly heard a hint of cynicism in her tone, but Amelia Su obviously asked him to go to this party.

“This...I am not sure.” George Han said.

At this time, Lily Jiang hung up and said with a dissatisfied expression: “All the relatives made the phone calls, but your uncle’s family didn’t even have any news. It’s really annoying.”

Jiang Guangguang’s family borrowed 200,000 yuan, but lost the money before they got home. The family of three was so angry that the family of three has not been relieved so far, of course it is impossible to call to care.

Although they didn’t plan to pay back the money at the beginning, they were afraid that Lily Jiang would mention it.

“Mom. Don’t you know who the uncles are? He wants you not to go back now. He must be afraid that you will pay him back.” Amelia Su said.

Lily Jiang also knows this truth. Although the family has money now, there is no shortage of that two hundred thousand. But now I think about the cost of 200,000 for a breath, I still panic.

“No, this time I go back and I have a chance to pay them back. This is 200,000 yuan,” Lily Jiang said.

George Han smiled, Jiang Guangguang's family of three are rascals, and let them pay back the money. Isn't this a foolish dream?

Fortunately, the two hundred thousand were not spent by them, and George Han was still able to accept it.

"I'll go back to my room and rest." Amelia Su didn't want to worry about these messy things, she has been busy enough recently.

George Han saw a trace of fatigue between Amelia Su's eyebrows. Asked: "What's wrong? Did Harry Su embarrass you?"

"It has nothing to do with him, and he doesn't dare to embarrass me now. The manufacturers that cooperate with our company have had some headaches recently, but it's not a big deal, I can solve it." Amelia Su said.

Hearing what Amelia Su said, George Han didn't ask any more, after all, Amelia Su himself needs to grow up, and he can't rely on him to accomplish everything.

Early the next morning, after the two had a morning run. Amelia Su didn't ask George Han to send her to the company, so George Han returned home by himself.

Although He Ting does all the cooking and laundry work now, George Han also does some when he is bored.

When I went to the room and looked at the sheets, it was almost time to change them. Only then did George Han realize that the red line on the sheets was gone!

Has this changed the sheet?

George Han was not sure, but he did something enough to make Amelia Su collapse.

In order to prevent Amelia Su from thinking too much, George Han manipulated the needle and thread, and even sew the red thread again!

I don't know how Amelia Su will feel when she sees this situation when she returns home.

Su's company.

Soon after Amelia Su arrived in the office, Harry Su, the chairman of the board, arrived. And he went straight into the office without knocking on the door.

“Amelia Su, have you not solved the manufacturer's troubles? When is this, Chengxi is still waiting for building materials? Do you know how much loss to us if the construction period is delayed for one day?” Harry Su questioned his attitude towards Amelia Su. Said.

trouble. In fact, it is a matter of money. Several manufacturers feel that the Su family can make a lot of money on the Chengxi project. They naturally hope to take the opportunity to get more oil and water, but the maintenance of the Chengxi project requires a lot of funds. If the manufacturer raises the price, it will be a very large expenditure for the Su family, and it will satisfy them for the first time, and there will be a second and third time in the future, so this matter makes Amelia Su very distressed.

“I have made appointments with the bosses of several manufacturers, and I will meet this afternoon, hoping things will go well.” Amelia Su said.

“Hope?” Harry Su smiled coldly and said: “Amelia Su, how can you get things done with such an attitude, I warn you, this is a group of wolves who are not fed enough, and you can't give them more. Do it yourself.”

Amelia Su took a deep breath and said: “You are the director of the company, of course you have the final say, but if they no longer cooperate with us, you have to figure out a solution yourself.”

Chapter 178

Amelia Su's words irritated Harry Su, but he originally intended to use this matter to make things difficult for Amelia Su, so he had such a violent reaction.

Angrily said to Amelia Su: "Amelia Su, you have always been in charge of the Chengxi project. Do you say this now that matches your current identity?"

"Harry Su, are you expecting me to leave or do you want me to retire?" Amelia Su asked calmly. She had expected Harry Su to find a way to target her, so it wasn't a surprise.

Mention this issue. Harry Su gritted her teeth even more. How could she have such a position in the company if she hadn't relied on the cooperation with weak water real estate.

"Amelia Su, don't be complacent. Weak Water Real Estate cannot always value you. When they know that you are not competent enough, they will naturally let you go." Harry Su said.

"You can try, try to let Zhong Liang replace me, dare you?" Amelia Su said.

Harry Su was so angry that he vomited blood, if he had the guts to try. I've tried it a long time ago, so how come you talk so much nonsense with Amelia Su?

From the experience of the previous two times, Zhong Liang's attitude was very determined, so Harry Su did not dare to act rashly.

"Amelia Su, wait and see for me. On the day you regret it, it's useless to kneel down on me." Harry Su said.

Amelia Su sorted out the information in her hand, glanced at Harry Su nonchalantly, and said, "Nothing else, please go out. Don't disturb my work."

Harry Su turned angrily and left, closing the door with a loud bang.

Amelia Su sighed. It doesn't make any sense to compete with Harry Su to win or lose. Now she is facing the issue of several manufacturers.

Although Harry Su was suspected of making things difficult for her, what Harry Su said. It is not unreasonable to raise prices for manufacturers so easily. If this happens again in the future, is it possible to raise prices again and again?

In the afternoon, Amelia Su left the company and rushed to the teahouse where he had agreed to meet with the manufacturer.

After arriving at the place, none of the people in the appointment box showed up. Amelia Su knew they were putting on airs on purpose, so she ordered a cup of tea and waited quietly.

It wasn't until more than two hours later that the owner of the manufacturer was late and came together. Obviously, they had an appointment together.

“Miss Su, I'm so sorry, I'm late.”

“Recently, there have been many cooperations, and many companies want to sign cooperation with us. It's really a bit hard to get away.”

“Now the market situation of the construction industry is getting better and better, and we manufacturers can finally make a fortune.”

Several people entered the box. Just a triumphant boast.

The few people with big bellies and the secretaries around them are all tall beauties with big long legs and proud busts, and the attitudes of the secretaries are all high.

“Miss Su, I’m not afraid to tell you the truth. If the Su family cannot raise the price for us, several of our companies will terminate the cooperation at the same time. If you want to bring a lawsuit against us for breach of contract, you are not afraid. I have already consulted a lawyer. This lawsuit It’s not a problem to delay for three to five years. I don’t know if the Su family can afford it?” Kang Ling, as the biggest boss of several companies, has a strong voice, so his words basically represent the attitude of other companies.

“Chairman Kang, the Su family has been cooperating with you for so many years, and you also know that the Chengxi Project requires a huge investment in the early stage. Don’t you just talk about this kind of sentiment?” Amelia Su said.

“Affection?” Kang Ling shook his head disdainfully: “In this world, who still talks to you about love, money is the most important thing. If you have money, you can do things well. If you don’t have money, let me kill you. Is it a fool?”

“Yes. I heard that the Su family only borrowed one billion yuan. It would not be too much to raise the price for us. It is the Su family who makes the most of the money. We are just a fraction of the money. If Miss Su’s small request cannot satisfy us, , What else is necessary for cooperation?”

“I have the same attitude. I came today not to discuss with you, but to ask you for a clear answer.”

Amelia Su’s head was as big as a fight, and she thought she could still discuss it, but she didn’t expect that these people had colluded long ago. With such a firm attitude, there was obviously no room for negotiation.

“Several bosses, our chairman said, raising prices will definitely not work. But I have a way, I don’t know if you can accept it.” Amelia Su said tentatively.

“Except for money, no other talks.”

Kang Ling looked at Amelia Su, and a wicked smile appeared at the corner of her mouth, and said: “Miss Su, your husband is a wasteful man. I heard that for so many years, he hasn’t let him touch you. It feels uncomfortable. “

Amelia Su heard this. His face suddenly sank, and he asked: “Mr Kang, what do you mean by this?”

Kang Ling said with a smile: “What do I mean, you should understand, after all, everyone is an adult. If you are willing, this matter can be discussed.”

Amelia Su gritted her teeth, she was here to talk about cooperation, not to betray her body.

“President Kang, please be respectful. Cooperation is a good thing for both parties, please don’t insult me.” Amelia Su said.

“Insult?” Kang Ling said coldly: “If you think I insult you, then stop talking about it today. Do you really think I can’t live without the Su family? Now there are many companies willing to cooperate with us, and the Su family is a fart .”

“Kang Ling, when there was an economic crisis in your factory, Su Jia pulled you a hand.”

“The old lady of the Su family is dead, and are you still going to turn over the old accounts? This is useless to Kang Ling. The businessman only cares about the profit. And you should be clear about the current situation. The Chengxi project is suspended for one day, and the loss will be great. , And it’s hard for you to explain to Weak Water Real Estate. What does a little money count?” Kang Ling said.

A little bit of money is really nothing, but Amelia Su knows that these people will definitely make money, not just a price increase request.

Seeing that Amelia Su didn’t speak, Kang Ling’s mind started to haunt her again.

After all, Amelia Su is a famous beauty in Basin City, and Kang Ling is also curious whether she has not been touched by George Han after three years of marriage. He wanted to verify it personally.

If you can make use of this matter to let Amelia Su go to bed with him, it will make a lot of money.

“Amelia Su, you can think about it and sleep with me. As long as I’m happy, maybe...”

Before Kang Ling had finished speaking, a cup of tea was poured on his face.

Amelia Su was extremely angry and gritted her teeth and said, “Kang Ling, who do you think of me.”

Kang Ling wiped off the tea on his face and stood up with sullen eyes. He grabbed Amelia Su’s hair and said, “What the f*ck, you’re just a woman, dare to be wild in front of me. Don’t think that you have a bit of beauty, I can’t bear to destroy the flowers, I just want to see if you are It’s not just a place, Tsundere what?”

Amelia Su’s scalp was sore that she struggled and said, “Kang Ling, let me go. Let go of me quickly.”

Kang Ling smiled grinningly and said: “How about, I’ll open a room tonight, you accompany me, don’t worry, in your capacity, I will definitely book the best hotel in Basin City.”

“Don’t think about it, let me go.”

Kang Ling let go and Amelia Su fell directly to the ground.

“Women are guilty, you f*cking pretend to be a white lotus with me, in the end, you are not asking me to cooperate with you.” Kang Ling said.

Amelia Su touched her aching scalp and said in a deep voice, “I don’t believe in the entire Cloud City. No one can cooperate with me except you.”

When Kang Ling heard this, he smiled triumphantly. The reason why he dared to be so arrogant is that he has capital. Now in Basin City, several manufacturers have reached an agreement with him, and he is the largest manufacturer. There is no way to compare with him.

Even if Amelia Su found a small manufacturer, how could he afford the entire city west project?

“Amelia Su, when did you figure it out and when you came to me, it’s actually not difficult for you, just one leg. This kind of cheap thing is not so easy to find.” Kang Ling said.

Such remarks were a great insult to Amelia Su, saying: “Kang Ling, don’t regret it, the Su family can save you, and you can step on you again.”

“I’m waiting, don’t let me down. I really want to try what it feels like to be stepped on by the Su Family. It’s really scary.” Kang Ling said with a mocking t

**Chapter
179**

Amelia Su is a very unwilling person. After Kang Ling and others left, she quickly sorted out her mood, drove the car, and ran several manufacturers, but in the end, Amelia Su had to admit defeat.

No one is willing to cooperate with the Su family, and Kangling seems to have controlled all the vendors in Cloud City. Although the Su family can still go to other cities to seek opportunities, the timeline will be much longer in this way, and the losses caused by the suspension of construction of the Chengxi Project are extremely huge, which is something that weak water real estate will never want to see.

As the person in charge of the Chengxi project, Amelia Su felt unprecedented pressure, and she was almost pressured to breathe.

Back at the company, Amelia Su had not had time to sit down and rest for a while. Harry Su came to her office again.

“Amelia Su, you haven’t reached a conclusion, have you?” Harry Su asked.

“Their attitude is very firm, I have tried my best.” Amelia Su said weakly.

“Try your best?” Harry Su smiled coldly and said: “Kang Ling has called me just now, saying that you poured him a cup of tea, Amelia Su, I think you deliberately didn’t want to harm the company.”

“I spilled it, but do you know the reason?” Amelia Su would still be angry thinking about this. Kang Ling regards her as a woman who is inconsistent, which is something she cannot accept.

“Don’t you understand the unspoken rules of the mall? You can’t accept it if you pay this price. How can it be a big thing?” Harry Su said.

Amelia Su’s eyes narrowed. He looked up at Harry Su and asked, “What do you mean?”

“As long as you can help the company, it’s nothing to sacrifice the ego.” Harry Su smiled and continued: “When you close your eyes, you will assume that nothing has happened. It will be over soon. What can you lose? ?”

Amelia Su slapped her on the desk and roared: “Harry Su, what do you think of me? I will not do things like betraying my hue.”

“Your self-righteous innocence will harm the company, and how do you explain to Zhong Liang, what will you pay for the one billion loan? Are you going to watch

the company go bankrupt?” Harry Su said coldly, in his opinion. These unseen transactions in the mall are normal. It is her honor to be able to be seen by Kang Ling for Amelia Su. Isn't it just sleeping with him? What's the point? As long as he can help the company, even if he is Kang Ling's mistress, Harry Su doesn't think there is any problem.

“I will think of other ways, but let me sleep with Kang Ling, don't think about it.” Amelia Su said firmly.

Harry Su took a deep breath. Now it is a good opportunity to kick Amelia Su out of the company, and there is a valid reason, but Zhong Liang's attitude on that side is still vague, and Harry Su dare not do it casually.

But if Kang Ling is not dealt with, those companies will not cooperate with the Su family, and the crisis facing the Su family is no smaller than the last economic crisis.

“You don't have to think of other ways, Kang Ling's attitude is very firm, unless you are willing to accompany him, otherwise this matter has not been discussed, tonight at the Peninsula Hotel. I will take you there personally, you are not qualified to refuse.” Harry Su Said coldly.

Was this unilaterally sold by Harry Su?

Amelia Su was furious, for her own benefit, Harry Su unexpectedly made a decision without her consent!

“Harry Su, what qualifications do you have to make a decision for me?” Amelia Su said coldly.

“Since I am the chairman of the company and you are from the Su family, isn't that enough?” Harry Su said, with a smile hidden in his eyes. If Amelia Su can be

forced to leave the company, then Zhong Liang should be fine. After all, Amelia Su left by herself. But it has nothing to do with him.

Amelia Su gritted her teeth, Harry Su's excessive behavior made her unacceptable, and it was impossible for her to betray her body for the company.

"Harry Su, don't you just want to force me out of the company? Okay, I will quit, let you do what you want." Amelia Su said, and then packed up the personal belongings in the office.

Harry Su couldn't help but laugh, he didn't expect the problems that had plagued him for so long. It was actually solved in this way and resigned voluntarily, Zhong Liang explained very well.

"Amelia Su, you don't do it yourself. I didn't force you." Harry Su sneered.

Amelia Su didn't speak, and after packing her things, she left the office straight away.

Harry Su sat in the position that originally belonged to Amelia Su, and the smile on his face grew thicker.

In a short while. Su Yihan came to the office.

"Harry, what's going on, I think Amelia Su seems to have left with something." Su Yihan asked suspiciously.

"She's gone, and I won't have to see her in the company again." Harry Su said.

Su Yihan was taken aback. Although she knew that this was going to happen sooner or later, she didn't expect it to come so soon and so suddenly.

"What's the matter, have you solved Zhong Liang's aspect?" Su Yihan asked.

“No.” Harry Su said.

“No?” Su Yihan looked at Harry Su in shock. Zhong Liang hasn’t solved it, what about the Chengxi project? Now the Su family is looking at the project in the west of the city. If the cooperation with the weak water real estate is lost, even the gods will not be able to save the Su family.

“Harry, you are not crazy, are you afraid that Zhong Liang will not cooperate with us?” Su Yihan said.

“Amelia Su wants to leave by herself, and I can’t stop it. What can I do. I will tell Zhong Liang about this. I believe he can understand. After all, she was not driven away by me.” Harry Su said.

Although that is the case, Su Yihan always feels too risky. After all, Zhong Liang appointed to cooperate with Amelia Su. As for how she left the company, is it important to Zhong Liang?

But since things have happened, Su Yihan can’t say anything. And she was very happy to see Amelia Su in the company.

“Hey, I hope things go well, and I don’t have to see Amelia Su in the future. I feel much better at work.” Su Yihan smiled.

After Amelia Su returned home, she shut herself in the room.

He Ting could see that Amelia Su’s face was not right, and worried that something might happen, so she waited at the door. After a while, He Ting became even more worried when she heard Amelia Su’s cry from the room.

In desperation, he had to call George Han to explain the situation.

After George Han received the call, he put aside his business and rushed home immediately.

For him, nothing is more important than Amelia Su, so even if the sky falls, he will immediately return to Amelia Su.

“Aunt He, what’s the matter?” George Han asked He Ting.

He Ting shook her head and said, “I don’t know, but I didn’t feel very good when she came back, and in the room, she started crying soon.”

George Han’s face is calm, is it because of the company? Yesterday, Amelia Su mentioned that the company was a little troublesome. It seemed that it was caused by the manufacturer.

Knocking on the door, George Han shouted to the room: “Amelia, what’s wrong with you, what’s the matter? Open the door and tell me.”

Amelia Su was already crying in the room with red and swollen eyes. After opening the door, George Han was heartbroken.

“What’s the matter?” George Han asked concerned.

Amelia Su shook her head and said, “It’s nothing, but starting from today, I won’t go to work in the company.”

Not going to work at the company?

Could it be that Harry Su’s reckless dog is making trouble for Amelia Su again?

He has not learned the lessons of the previous two?

If so, George Han didn't mind making the Su family completely desperate.

"It's Harry Su? What did he do to you." George Han asked coldly.

"I resigned myself." Amelia Su said.

Resign?

George Han was dumbfounded. How could he leave his job for no reason? Something must have happened.

It's not only Harry Su's sake, but also those manufacturers' reasons.

"With me, any trouble can be solved. Since you can't be the person in charge of the Chengxi project, you can be the chairman of the Su family." George Han said lightly.

Amelia Su looked up at George Han in incomprehension. He couldn't even become the person in charge, so how could he become chairman?

And now the chairman of the company is Harry Su, and the candidate for this position can't be changed casually.

Chapter 180

Early the next morning, Harry Su held an internal meeting of the family to inform other relatives that Amelia Su had resigned. When everyone heard the news, worry appeared on their faces.

After all, there have been lessons learned twice, this time if something goes wrong again, no one in the Su family can turn the tide, and it is impossible for Zhong Liang to give Amelia Su opportunities again and again.

“Harry. Are you sure there is no problem?” Su Guolin said to Harry Su worriedly.

Harry Su waved his hand. Zhong Liang has not been notified of this matter, and Zhong Liang’s attitude is not known yet, but Harry Su has carefully measured it. If at this time Weak Water Real Estate finally cooperates with the Su family, the construction period will be delayed. The businessman cares. It is an interest. Who wants to suffer unnecessary losses? So he guessed that Weak Water Real Estate learned that Amelia Su had resigned. There shouldn’t be much reaction.

“Dad, don’t worry, there won’t be any problems.” Harry Su said.

“Harry, if something goes wrong, you have to bear all the consequences.”

“Yes, the risk is too great, our company can't play like this now.”

“One billion loans, if there is a slight omission. .Who can save us.” The

Su family's relatives were not relieved by Harry Su's words, and although Harry Su said that Amelia Su had resigned, how could they not know that Harry Su must make things difficult?

Although Amelia Su is not seen by other relatives, everyone can see her dedication to the Chengxi project. It is absolutely impossible to let go of it suddenly.

“What do you mean, doesn't the company still function without Amelia Su? Is she more important than me? Don't forget, I am the chairman of the company.” Harry Su said in a dissatisfied voice.

When Su family relatives heard this, they had to lower their heads and shut up.

Harry Su is now alone, and no one in the company can afford to provoke him. What he wants to do depends on his wishes. Of course, if serious consequences occur, Harry Su will have to bear it.

“Since you feel right, just do what you said.” At

this time, Harry Su's secretary walked into the conference room and said in a panic: “Su Dong, Boss Zhong is here.”

Boss Zhong?

Zhong Liang!

Harry Su was surprised, how could he come to Su's company for no reason. It took a lot of energy to ask him before.

Just as Harry Su was about to get up to greet him, Zhong Liang had already walked into the meeting room, and he was not the only one, followed by a few men and women wearing glasses. He was full of aura at first sight, not a small person.

“Brother Zhong, why did you come suddenly?” Harry Su smiled and walked to Zhong Liang's side.

“Bring some friends to meet you.” Zhong Liang said.

Harry Su was flattered, and Zhong Liang actually wanted to introduce him to a friend. This shows that Zhong Liang has treated him as a friend. Wouldn't it be unnecessary for Amelia Su to leave the job?

Harry Su took a triumphant glance at the relatives of the Su family, and he seemed to be saying that Brother Zhong was about to introduce me to a friend, so how could he interrupt the cooperation with the Su family.

“Brother Zhong, if you want to introduce a friend to me, just make a phone call, why bother to take a trip yourself.” Harry Su said with a smile.

Zhong Liang's expression was very cold, he didn't have any enthusiasm for introducing friends, and said lightly: “I'd better come here in person for this kind of thing. In the next few years, you may have to deal with them.” In the

next few years?

Doesn't this timeline indicate the stability of project cooperation?

“Are they the new person in charge of the weak water real estate?” Harry Su asked.

“They are lawyers.” Zhong Liang said.

lawyer?

Hearing these words, Harry Su was confused. For no reason, why should he deal with lawyers?

“Brother Zhong, I don’t quite understand what you mean.” Harry Su said puzzled.

“Since I want to break the contract, you must sue Weak Water Real Estate. Since you are going to go to court, of course you must use lawyers. They are the team of Weak Water Real Estate’s lawyers in the next few years. If you have any complaints, just tell them They, they will represent me with full authority.” Zhong Liang said.

Break the contract!

These two words made Harry Su stand on the spot in a daze!

He thought it was a good thing for Zhong Liang to introduce his friends to him, but he didn’t expect it to be such a bolt from the blue.

If the weak water real estate breached the contract, the Su family could indeed sue the weak water real estate, but with the background of the weak water real estate, there is no problem with this lawsuit dragging on for ten or eight years. This is for the Su family. It was a fatal blow.

Today, the Chengxi project is the only project for the Su family to be profitable in the future. Without this cooperation, the Su family would have no chance of turning over.

“Brother Zhong, how could it be so sudden. Did I do something that made you unhappy?” Harry Su said in a panic.

The relatives of the Su family also changed a lot at this time. Although they had guessed that Amelia Su's resignation might have an impact, they did not expect the meeting to come so soon, and Zhong Liang brought the lawyer directly. It shows that the attitude is very firm!

“If you don't see the coffin, you won't shed tears. The first two times, I have given you a chance. This time, you are looking for your own death.” Zhong Liang said coldly.

The meaning of these remarks is already obvious. The reason why Weak Water Real Estate terminated the cooperation is related to Amelia Su.

But Harry Su couldn't figure it out, only he and Su Yihan knew about this. Why did Zhong Liang receive the news so quickly?

Could it be that... Amelia Su told Zhong Liang? She is the one who kills the Su family!

“Brother Zhong, this matter...”

“What can I say to the lawyer? By the way, I would like to remind you that there will be no one in Basin City who will cooperate with the Su family. I hope you can bear the pressure from the bank.” Zhong Liang finished speaking and left the meeting room.

Harry Su squatted on the ground, his eyes blank. He was triumphant just now, and his heart was dead.

The weak real estate and the bank were enough to overwhelm the Su family, enough to make the Su family completely bankrupt, and there was no chance to make a comeback.

It hasn't been long since he took over as chairman. Is it about to melt into a bubble so soon?

“Harry Su, look at what stupid things you have done. Did you forget what your grandma said before?”

“She said long ago that Amelia Su's position can't be moved. You are still so innocent. Now we are all You killed it.”

“With the background of weak real estate. How can the Su family struggle? Who else in Basin City will cooperate with us?”

“A whole billion, the money invested in the early stage can not be collected. I see what you take to repay the bank loan.” The

Su family relatives scolded Harry Su angrily.

They can't control what Harry Su decides, but once it affects their own interests, they cannot accept it.

Now, Zhong Liang cut off the relationship with the Su family and kicked the Su family into the abyss, letting them have all the abilities, it is impossible to crawl out of this abyss.

Harry Su's expression gradually became cold when he heard these words, stood up, gritted his teeth and said, “Is this my fault? If it wasn't for Amelia Su to blow the air in Zhong Liang's ear, how could Zhong Liang know about this? She, she is the one who will kill me and the Su family.” Su

Yihan has always been on the team with Harry Su. In any case, she could not help Amelia Su.

After hearing Harry Su's words, Su Yihan spoke: "I didn't expect this bitch to be so cruel. Even if she left her job, she actually had to drag all of us into the water, Harry, we must not let Amelia Su go. "

"f*cking lady, play this with Lao Tzu, since she doesn't want me to live, everyone just don't live." Harry Su walked out of the meeting room angrily.

Drive downstairs and head directly towards the Yundingshan Villa area.

Harry Su's license plate was not registered, so he was not eligible to enter the Villa area, and was stopped by the security guard.

Although he was angry, he did not lose his mind. These security guards are all from the Heavenly Family. Now that they have offended the weak real estate, he cannot continue to offend the Heavenly Family.

In desperation, Harry Su could only squat at the gate of the Villa.

Amelia Su did not go to the company today and stayed at home to watch TV in a daze. Although George Han had something to do today, but Amelia Su was in a bad state, he turned it off and stayed at home with Amelia Su the whole time.

Amelia Su still doesn't know about the Su family's company, but she has already seen it off now and stays in the company. Even if this is not the case, Harry Su will still find ways to make things difficult for him in the future, so it is better to clear the relationship with the company sooner.

one.
