

## Chapter 201

Radiant billiard room.

A very cute name, but the guests inside are obviously not ordinary people, with dragons and phoenixes, the whole environment is smoky, and the language exchanges are also swearing. The cigarette butts on the floor are obviously not cleaned for a long time, and there are countless empty spaces in the corners. The beer bottle smelled of fermentation.

When Jiang Sheng followed his so-called friend to the billiard room, the uncomfortable smell made him wrinkle his nose. There was also a guilty feeling in his heart. After all, the person he was about to meet was the biggest figure in the gray area of Bin County, known as Brother Long.

“Brother Long, Jiang Sheng has arrived.”

After Jiang Sheng walked into the billiard room, everyone stopped talking, and the noise became extremely quiet in an instant. Everyone was staring at Jiang Sheng. This situation made him feel even more scared.

“Brother Long.” When he walked in front of Brother Long, Jiang Sheng yelled only non-stop.

Brother Long touched his bald head. The thick gold chain on the neck is more than enough to tie the dog.

“Did you bring the money?” Long Ge asked Jiang Sheng.

Jiang Sheng was so frightened that he couldn't speak, and stammered, “Take... Take it.”

“Things that are not promising, I don’t hit you, you are afraid of a ball.” Long Ge said with disdain.

“Yes, Brother Long is right, I’m not promising, I made you laugh.” The cold sweat on Jiang Sheng’s back wetted his clothes, and he quickly handed the money to Brother Long.

Brother Long took a thin 10,000 yuan and said, “If it weren’t for the face of your puppy friend, 10,000 yuan would like me to help. That’s impossible.”

“Yes, yes, how can Brother Long be worth 10,000 yuan, but this is my greatest ability. But the person I want to deal with is very rich. If Brother Long thinks that 10,000 yuan is not enough, you can think about her. Think of a way.” Jiang Sheng said.

“Oh?” Upon hearing this. Brother Long came interested and asked: “Who is he and what does he do in Bin County?”

“Long brother don’t worry, she is not from Bin County, she just came to Bin County to play for a few days, it is my cousin.” Jiang Sheng said.

“Cousin?” Brother Long looked wrong, this guy actually has to deal with his relatives, which is really interesting, and said: “You are quite ruthless, when dealing with your own family, you actually asked me for help, don’t you know that I will do it? , From severe to severed hands and feet, severely to lose your life?”

“Brother Long, I have always had a bad relationship with her, and she is still showing off how rich she is in front of me. I don’t want to breathe out and let Brother Long make a fortune by the way.” Jiang Sheng said with a smile.

Brother Long nodded, and said: “Come out and mix. It’s just for a bite of food. This matter is covered by me, but the money I made has nothing to do with you.”

“Of course, they belong to Brother Long, so how dare I think about it.” Jiang Sheng said again and again. Although he was greedy for money, he didn’t dare to pull the hair on Brother Long.

“Go away, when your relatives have been blood mold for eight lifetimes.” Long Ge said with disdain.

Jiang Sheng ran out of the billiard room, causing a roar of laughter.

But he didn’t care if he was embarrassed. He felt he was alive after he got out of the billiards room. When dealing with people in this gray area, he didn’t know what happened if he accidentally lost his life.

“Damn, I still don’t have any contact with such people in the future. It’s too damn scary.” When Jiang Sheng was talking to himself, the phone rang and it was Jiang Wan.

“Jiang Sheng, do you want revenge?” Jiang Wan asked directly after the call was connected.

“Jiang Wan, just say what you have, don’t tell me, you are all sensible people.” Jiang Sheng said.

“I want revenge, can you help me figure out a solution.” Jiang Wan asked.

When Jiang Sheng heard these words, he made a plan and said: “There is no way. I know a few people in the gray area, but it costs money to look for them.”

After Jiang Wan was dumped by Liu Zhijie, he had no money, but the things Liu Zhijie gave her before could still be sold, as long as he could get revenge.

“No problem, how much does it cost?” Jiang Wan said.

Jiang Sheng didn't expect Jiang Wan to agree so happily. For a while, he didn't know how to make an offer. After thinking about it, he couldn't let himself lose, and at least make a little profit. He said: "Twenty thousand, twenty thousand less, I'm afraid it won't work."

"no problem."

After hanging up the phone, Jiang Sheng was very excited about this unexpected joy. But Liu Hua can't let Liu Hua know about this. Twenty thousand yuan is enough for him to spend a few days.

Tangzong Villa.

Before, Amelia Su said that she would go back to her hometown to have a look, but she never found time to come. Today, she plans to let George Han accompany him to have a look, but George Han has made an appointment with Tang Zong.

"Why don't I push Tang Zong away, there is nothing important anyway." George Han cares, only Amelia Su, so Amelia Su is going back to the countryside, and it is not a big deal to push Tang Zong away.

"No." Hearing George Han's words. Amelia Su refused decisively. She went back to the countryside, but just took a look. It was not a big deal, but it was no small matter for George Han to see Tang Zong. At least in her opinion, this is a major issue related to George Han's development.

"I went to see him, nothing important." George Han said indifferently.

"That's not okay, you can't feel that everything is unimportant, I just let my mother accompany me." Amelia Su said.

George Han saw Amelia Su's tough attitude. I won't say more, sitting by the bed, the atmosphere in the room became embarrassing inexplicably.

“What do you want to ask?” George Han asked Amelia Su. He knew that Amelia Su must have a lot of curiosity in his heart. If Amelia Su asked, he could choose some unimportant things to explain to Amelia Su.

Amelia Su nodded, she had a lot of questions, but George Han once said that there were some things. When the time comes, she will know it naturally, so she doesn't force it now.

“Why do you have to endure so much grievance?” Amelia Su asked.

George Han thought she was going to ask about her identity, but he didn't expect it to be such a question.

George Han thought for a while, and said, “For me, I don't have as many grievances as you. I have said this before. You have to bear it. Why can't I bear it? As long as you are happy, yes. For me. Nothing is more important.”

“For three years, the cold eyes and insults you received are no less than mine. You can bear it silently, why can't I?”

With mist in her eyes, Amelia Su said, “But you don't have to bear it at all. As you are, what right do these people have to look down on you.”

“I love you, is this reason enough?” George Han said.

The tears in Amelia Su's eyes could no longer be filled, and they came out.

“When I first arrived at the Su family. I could feel that you hated me very much and even wanted to drive me out of the Su family. But later, although your attitude towards me was not good, you secretly helped me talk. Help me talk to others To be more serious, every time I see you blushing for me and others, I am very happy. From then on, I know our relationship. Subtly, from resentment to love, at least I

think so. Yes, so I am willing to bear the look they look down on me for you, after all...I've been used to it since I was a child.”

While talking, Amelia Su suddenly came to George Han's side and hugged his neck tightly.

Next, George Han felt that his mouth was blocked.

This time, it is no longer a mere touch, but can make George Han feel a strong impact, even the smell of lipstick.

for a long time.....

When the two sides were almost suffocating, Amelia Su only let go of George Han, then buried his head and walked out.

George Han licked his lips, this time enough time for memorizing.

“Ha ha.....”

“Ha ha.....”

Sitting on the edge of the bed, George Han couldn't stop smirking. It turned out that this was the smell of lipstick, and this was the feeling of a deep kiss.

It's a pity that I forgot to knock on the door just now, otherwise I can still feel what it feels like to have lingering lips and teeth.

Standing up, George Han felt relieved physically and mentally, with crow's feet already smiling from the corner of his eyes.

When she walked out of the room, Lily Jiang looked at George Han strangely and asked, “What’s wrong with you, is Amelia sick? I think her face is very red, do you want to go to the hospital for a check?”

“Mom, she kissed me just now.” George Han couldn’t help showing off. He wanted the whole world to know about it.

Lily Jiang looked embarrassed, the gentleness between the young couple, George Han told her what to do.

## Chapter 202

How excited and happy George Han is now is naturally beyond Lily Jiang's understanding.

Not recognized by the Han family, George Han recognized it when he was twelve years old, so he would not be reconciled, and even felt that all this should be the case. After all, Han Jun's mouth with a bright lotus tongue is not comparable to him. .

But after coming to Su's house, George Han has been waiting to be recognized. He never cared or paid attention to what other people thought of him. But Amelia Su's feelings, he cared very much.

Now, Amelia Su's actions have proved that she recognizes George Han's position in her heart. How can this make George Han not excited?

If there are channels and opportunities, George Han even hopes the whole world will witness this incident.

But of course this can only be thought of. Otherwise, Amelia Su might never spoil him again.

It would be impossible to see Amelia Su for a while, guessing where to hide, George Han didn't want her to be ashamed. So I went out.

The gate of Tangzong Company.

When the office workers saw Tang Zong standing at the door, they would respectfully shout Mr. Tang.

He is an idol-level existence in the minds of many young people. After all, it is very rare to achieve the current achievements at his age. His existence has given

some entrepreneurial young people great confidence. But behind all this, there is only Tang Zong knew what his achievements came from.

“What happened to President Tang today? What are you doing standing at the door.”

“Looking at Mr. Tang, he should be waiting for someone.”

“No! Someone deserves President Tang to wait at the door himself.”

Some staff members who found it strange began to speculate about what Tang Zong was doing, and they were even unwilling to return to their posts.

At this moment. A taxi stopped at the door of the company, and after George Han got off the car, Tang Zong hurriedly walked to his side.

“f\*ck, Mr. Tang is really waiting for someone.”

“What kind of status is necessary for Mr. Tang to welcome him personally.”

“I haven’t seen a taxi to meet President Tang. This is a relative of President Tang’s family.”

After the staff saw this scene. G guessed the identity of George Han.

Tang Zong walked to George Han’s side, and before he had time to bend down, he saw George Han wave his hand.

“This is your company, don’t make me look like your senior.” George Han said with a smile.

“Brother Han, if it weren’t for you, where would the company come from?” Tang Zong said, even if he bowed his head in front of a company employee, it was a matter of course for Tang Zong.

In addition to his own abilities, all his achievements were due to the help of George Han. Tang Zong never denied this, nor dared to deny it.

“What bullshit, take me to the office and be stared at by so many people, what if someone falls in love with me, I am married now,” George Han said.

Tang Zong was taken aback, feeling that today’s George Han seemed a little different, and the smile on his face couldn’t hide.

After entering the company, Tang Zong led George Han to his office. The two were in tandem, with distinct primary and secondary.

But it was George Han in front and Tang Zong in the back, which made the staff stunned.

Although this is only a small matter, it stands to reason that with Tang Zong’s identity, it is because he is in the front. There is only one explanation for this situation, and that is that this person’s identity is higher than Tang Zong’s. This has to be shocking.

“Let me go, who is this person, is his status higher than President Tang?”

“Hurry up and get to work. We are qualified to care about such high-level matters.”

“Seeing that he is about the same age as President Tang, are young people so good now?”

After arriving at the office, George Han sat on the sofa in the reception area, and Tang Zong stood upright beside him.

“Do you want to change your job to be my bodyguard? What are you doing while standing?” George Han said helplessly.

After hearing what George Han said, Tang Zong hurriedly sat down, and in front of George Han, he had to be cautious.

“Let’s talk about it, what are you looking for?” George Han asked.

“Brother Han, I want to give you the company.” Tang Zong said.

“What’s wrong, treat me as a beggar?” George Han smiled.

“No, no, no, no.” Tang Zong waved his hands in panic. Said: “Brother Han, I didn’t mean that, don’t get me wrong.”

Seeing Tang Zong’s face changed in panic, George Han was a little helpless. He was in a good mood today. He was just joking with Tang Zong, but he didn’t expect him to take it seriously.

It seems that this joke can’t be made casually, a word can scare Tang Zong stupid.

“Don’t be afraid, I’m making a joke, but this company, I really don’t want it. To me, it doesn’t make much sense. I don’t lack money.” George Han said.

“Brother Han...” Tang Zong hesitated.

George Han probably knows how his psychological activities are, and said: “I have already told you. If you want to go to other places to develop, I will give you a chance. Bin County will not become your prison. Give it to me, don’t you just want to get rid of your current identity? Don’t be so troublesome.”

George Han saw through his mind. Tang Zong looked at George Han cautiously, and he was relieved when he found that he was not angry.

Today was also when Tang Zong was lucky, and when George Han was in a good mood, this kind of carefulness would not be thankful for George Han.

“Brother Han. What do I need to do?” Tang Zong asked.

“Bin County is just a small county. There are several cities nearby. When will you be able to take these cities, when will you be eligible to stay with me.” George Han said.

Tang Zong looked solemn and said: “Brother Han. I won’t let you down.”

“By the way, help me find a few people in the gray area to frighten Jiang Wan, so that she won’t make trouble for me.” George Han said, for a small role like Jiang Wan. He didn’t bother to deal with it on his own, and found someone to scare him, and he would naturally be honest.

“Yes.” Tang Zong immediately took out the phone and dialed Long Ge’s number.

In Bin County, things in the gray area are the easiest to find him.

After Long Ge received the call from Tang Zong, he was flattered and immediately agreed.

To help others, Long Ge pays attention to money, but helps Tang Zong. He would rather not have money. Humanity is more important than money.

“You guys, take someone to find someone named Jiang Yan, and scare her a bit, let her be honest.” Long Ge hung up the phone and ordered his opponent.

“Long brother, Jiang Sheng, there is already news, they are in Bilin Village.” The subordinate said.

“Hurry up and let people go, Bilin Village has few households now, it’s a good time to start.”

Bilin Village. When Amelia Su was young, she would come here to play for a period of time almost every summer vacation. For her, the most memorable thing was a small river in Bilin Village.

The water in the creek was crystal clear. When I was a child, I caught shrimps and turned crabs. I didn’t want to go home all day after playing.

“Hey.” Coming to the small river again, Amelia Su couldn’t help sighing. The river was muddy and stinking, and she couldn’t find the feeling of childhood.

In Lily Jiang’s eyes. Even if Amelia Su is now an adult and married, she is still a child. Hearing Amelia Su’s sigh, she smiled and said, “How can the current environment be compared to when I was a child? Are you still thinking about catching shrimp in the river?”

“Mom, many things will change with the passage of time. The relationship between you and dad has changed a lot compared to the original one.” Amelia Su asked.

Lily Jiang nodded undeniably. Said: “Your dad is not promising. I have complained about him for a lifetime. I can’t talk about love anymore. It is more family affection, but this is a logical situation. Marriage is a process of emotional deterioration. Although love It has become a family relationship, but one thing remains the same, that is, it cannot be parted.”

“Is there no way to maintain it?” Amelia Su asked, frowning.

Lily Jiang sighed. As far as she is concerned, she must not be able to return to the original feeling. As for the maintenance, she has never thought about it, because resentment has long been greater than love.

“George Han may be able to maintain it, after all, you have accepted him now.”  
Lily Jiang said.

Amelia Su turned red and said, “Mom, what are you talking about, I didn’t accept him.”

“If you didn’t accept him, would you take the initiative to kiss him? Don’t think I don’t know, George Han has already told me.” Lily Jiang said with a smile.

Amelia Su suddenly became angry, how could George Han tell Lily Jiang this kind of thing!

go back!

You must teach this guy severely when you go back.

## Chapter 203

A commercial vehicle stopped at a distance of less than ten meters between Amelia Su and her mother.

Almost all the people living in Bilin Village are widows and elders, with no children under their knees, so the appearance of this car makes Amelia Su a little strange.

Is it because the person who recognizes relatives is here?

It wasn't until the people in the car got out of the car and walked towards them that Amelia Su felt that something was not right.

"Mom, run quickly." Amelia Su whispered to Lily Jiang.

Lily Jiang hadn't noticed any danger yet, and said puzzledly: "What's wrong?"

Amelia Su didn't have time to explain, she took Lily Jiang's hand and ran wildly, and those people saw it. Immediately chased up.

Lily Jiang ran slowly, which also dragged down Amelia Su, and was stopped by those people before entering the village.

"I still want to run, beautiful girl, good figure, or go back to play with my brothers, we will definitely entertain you." The leader looked at Amelia Su's figure and said with a lustful smile.

"Who are you?" Amelia Su asked.

"Of course it's a man, do you want to try it?" As they said, several big men surrounded Amelia Su.

Only then did Lily Jiang understand that these people were looking for trouble. Blocking in front of Amelia Su, she said: “Don’t move my daughter, do you know whose wife she is?”

“Bapo, go away, don’t block your uncle’s good deeds, or you will be killed.” The leader threatened Lily Jiang.

Lily Jiang now knew about George Han’s abilities, so he wasn’t afraid at all. No matter who these guys were, they definitely didn’t have the high status of Tang Zong.

“I advise you to think clearly, otherwise...”

Lily Jiang didn’t finish her words. The leader walked up to the front and knocked Lily Jiang down with one kick, and then the opponent said: “The little one grabs the car and the old one has a fight.”

Amelia Su had no resistance at all in the face of several brawny men. After being taken into the car, he watched Lily Jiang be beaten.

Lily Jiang wailed in pain, and could only be passively beaten with her head in her arms. It was not until the group of people left cursingly that she sat up in a panic and took out her mobile phone.

“George Han, Amelia was taken away in Bilin Village.”

At this time, George Han was still in Tang Zong’s office. Hearing the news, a hostile spirit rose suddenly. Tang Zong, who was sitting next to George Han, felt an oncoming murderous intent.

“I see.” George Han hung up the phone and said to Tang Zong with a gloomy expression: “Someone has arrested my wife.”

Tang Zong was shocked, who was so courageous to touch George Han's woman!

"Brother Han, I'll have someone to investigate right away." Tang Zong said.

George Han took a deep breath and calmed down his inner emotions. Jiang Wan did not do this matter, or Jiang Sheng did it.

After leaving Tang Zong's company, George Han drove Tang Zong's car. Arrived downstairs at Jiang Sheng's house.

Jiang Sheng's family of three nestled at home. This is the normal state of their family. No one wants to go out to work. They think about tricky ways to make money. This time they didn't succeed in blackmailing George Han, and they were also given by George Han. It made Liu Hua hate her heart. She reluctantly cut the meat and spent 10,000 yuan to find Brother Long for help.

"It took 10,000 yuan. Can you tell Brother Long, let George Han kneel down and apologize to us?" Liu Hua asked Jiang Sheng. If it was just a lesson to George Han and Amelia Su, Liu Hua felt that money was spent. Too much desire, how can you have to look at George Han's miserable condition to dispel the hatred.

Jiang Sheng made 20,000 yuan in this matter. It doesn't matter what Amelia Su and George Han will end up with. He just hopes that it will get dark soon so that he can go to the nightclub and pretend to be rich. .

"Mom, are you stupid? Can Amelia Su know that we did this thing?" Jiang Sheng said.

"You bastard, isn't it worth 10,000 yuan to spend so much? If you can't see them being beaten with your own eyes, you can go and give me the money to get it back. You can't let him help." Liu Hua said.

“When you get the money in Brother Long, you still want to come back. Don’t you die? Anyone in Bin County can provoke, but if you provoke Long Brother, our family of three won’t be able to keep their lives.” Jiang Sheng said.

“Wife, this matter can’t be messed up, don’t you know who Long Brother is.” Jiang Guangguang reminded him that he didn’t want Liu Hua to do such a mess.

“How good he can be, if it’s a big deal, call the police, and you can’t get caught by him.” Liu Hua said.

Jiang Guangguang sighed and said, “You think things are too simple. Isn’t Long Ge’s bad deeds in Binxian less? If there is evidence to arrest him, he would have been arrested a long time ago. Will it be necessary to wait until now? I caught him. There are so many people under him. Come to trouble us, what can we do.”

“Mom, you took the initiative to take out this ten thousand yuan. Now it is too late to regret it. Don’t think about it. You might as well think about the fate of Amelia Su falling in Long Ge’s hands. This will make you happy.” Jiang Sheng comforted.

“The more miserable Amelia Su is, the happier I am of course. It is best if Brother Long can look at her and rape her. But how can such a woman be worth ten thousand yuan?” Liu Hua said angrily.

Hearing Liu Hua’s words, Jiang Guangguang was a bit speechless. Amelia Su was also a niece, so a lesson is enough. How could she have such a vicious idea?

However, Jiang Guangguang didn’t dare to refute Liu Hua’s words, otherwise it would definitely be a curse.

When the family of three was hungry and was about to steam some buns to fill their stomachs, there was a knock on the door.

Usually no one will come at home. So when Jiang Sheng went to open the door, he was very strange. Could it be that he was collecting utility bills again?

“Who, if you charge water and electricity bills, go quickly, our house does not need electricity, you just need to cut off the electricity.” Jiang Sheng said rascally.

“Express.” said the voice outside the door.

Online shopping is now popular, and Jiang Sheng often buys things, but his online shopping consumption usually returns after malicious bad reviews. And they shamelessly demanded compensation from the merchant, but the online shopping account has been banned for a period of time. How could there be packages delivered to the door?

Of course, it is absolutely impossible for the Jiang family to take advantage of it, even if it is given by mistake.

Jiang Sheng opened the door and saw George Han, his first thought was to close the door quickly.

But before he could close it, he was kicked away by George Han, and then another punch was greeted in the face.

“George Han. What are you doing? Run to the house to beat me, and there is no King Fa.” Jiang Sheng covered his face and shouted at George Han angrily.

“Did you find someone to arrest Amelia Su?” George Han’s eyes full of killing intent were extremely cold.

For someone like Jiang Sheng who tells lies every day, lying is just a basic skill. He said without hesitation: “How come Amelia Su was arrested? And she has been arrested. Why don’t you go find her and ask me.”

At this time, Liu Hua walked out of the kitchen. Looking at George Han angrily, but because of the previous incident, he didn't dare to get too close to George Han, and said, "George Han, our family is so bullied, isn't it? You even came here."

"I'll ask again, did you find Amelia Su arrested?" George Han asked with a frosty face.

"George Han, who am I, don't you know? Do I have this ability, and it costs money to find someone. With this money, I might as well eat some good stuff." Jiang Sheng said.

George Han really knows how stingy this family is. Hearing Lily Jiang's description, those who arrested Amelia Su should be in a gray area. If you ask such people to help with things, you must have money.

"If this matter has anything to do with you, I will make you die ugly." After that, George Han left Jiang Sheng's house. Since Jiang Sheng did not do it, then the only possibility falls on Jiang Wan. .

After George Han left, Jiang Sheng quickly closed the door and locked it back.

"Mom, nothing will happen, right?" Jiang Sheng said a little worried. Just now, George Han's eyes looked like he was about to kill him. If he hadn't been fooled by lies, Jiang Sheng would not dare to think about his fate.

Liu Hua looked like she didn't see the coffin without tears, and said, "What can be done? Brother Long did it. Could he be better than Brother Long? I now hope that Brother Long will put Amelia Su up. What can I do with this mess."

Jiang Sheng thought for a while, nodded and said: "This is true, and a big figure like Long Ge should not betray us."

## Chapter 204

Jiang Wan's house.

Jiang Bo looked painful, as if he had been beaten.

Xu Fang's eyes were red, and it was obvious that he had just cried.

Jiang Hong's face was as sinking as water. Just now, a few people suddenly came to the house and forcibly took Jiang Wan away. Without knowing the details of these people, Jiang Hong didn't dare to call the police for fear that the incident would make things worse. .

"It must be George Han, except him. Who else arrested Jiang Wan? He wants revenge, Dad, you have to help Jiang Wan be the master." Xu Fang couldn't help thinking of her good daughter being taken away. Tears were left.

Jiang Hong also guessed that this matter was related to George Han, but if George Han did it, what would the Jiang family do to deal with it!

And this time, it was Jiang Wan who took the blame. Jiang Hong tried to use his elder status to suppress George Han. It was impossible.

"Did Jiang Wan do something behind my back?" Jiang Hong asked. The previous matter has actually been over. In Jiang Hong's view, George Han would not come to Jiang Wan's trouble afterwards, unless Jiang Wan did something that angered George Han again.

"Dad, who is Jiang Wan, don't you know, she has been dumped by Liu Zhijie now, what else can she do." Xu Fang said.

Jiang Hong certainly knew who Jiang Wan was, and it was precisely because she was dumped by Liu Zhijie. Will revenge George Han and Amelia Su.

“Jiang Bo, do you know what Jiang Wan did?” Jiang Hong asked.

“Dad, she...”

“Say it.”

“I heard her call, she should have been looking for revenge.” Jiang Bo didn’t dare to hide this, he was worried that Jiang Wan would really have an accident.

“Confused.” Jiang Hong was furious. Unexpectedly, Jiang Wan dared not listen to him and went to trouble George Han. Isn’t this an egg hitting a stone?

People like George Han are superior to Tang Zong, and Jiang Wan’s tricks for small people like Jiang Wan are simply seeking their own death.

“This is your good daughter. She is not willing to kill the Jiang family.” Jiang Hong took a deep breath and took out her mobile phone. Although it is a bit shameless to contact Lily Jiang now, Jiang Hong is the elder of the Jiang family after all and cannot be allowed to do so. As the situation continued to worsen, he had no choice but to admit it even if he was asked to apologize to George Han.

Before the call was made, the door of his house was blasted, and George Han rushed into Jiang’s house alone.

Seeing George Han, Xu Fang rushed to George Han, clutching George Han’s clothes in both hands, and roared: “George Han, where did you catch my daughter. If she has three long and two short, I Desperately with you.”

George Han frowned. Tang Zong’s people moved very fast. He didn’t expect Jiang Wan to be taken away in such a short time, but he must see Jiang Wan now. Only Jiang Wan knows the whereabouts of Amelia Su.

“George Han, we are just a little bit internally contradictory. You let outsiders come to intervene in the affairs of the house. Are you willing to kill you?” Jiang Bo said to George Han.

“I just hate not killing Jiang Wan faster, otherwise, Amelia Su will not be arrested.” George Han said coldly, looking for someone to arrest Jiang Wan, not afraid they would know that this relationship is George Han had already broken in his heart, what about torn his face?

Anyone who wants to hurt Amelia Su has only one fate in George Han’s hands, and that is death!

“George Han, she is your cousin.” Jiang Hong said with gritted teeth.

George Han sneered and said: “As a cousin, someone arrested his cousin, Jiang Hong, is this the rule of your Jiang family? Only bullying the small with the big?”

Jiang Hong’s expression was extremely ugly. It was true that Jiang Wan had made the mistake first, and the contradictions from the beginning to the end were all provoked by Jiang Wan. He has no words to refute George Han, but George Han is now killing Jiang Wan, and he can’t just watch Jiang Wan die.

“George Han, if you let Jiang Wan be released, Amelia Su will be safe. This matter is regarded as my Jiang family sorry to you. Afterwards, you want me to apologize to you. Jiang Hong has nothing to say.” Jiang Hong said.

“Jiang Hong, you put your status so high, have you ever thought about yourself qualified? In my opinion, your apology is worthless, it’s a shit.” George Han said.

“You...” Jiang Hong was very angry, pointing at George Han’s hand constantly shaking.

“Amelia Su lost a hair and everyone in the Jiang family will die.” George Han finished coldly. Leaving Jiang’s house.

Jiang Hong was so old that he was so scared that he sat on the ground, his eyes blank.

He originally thought that after Jiang Wan married Liu Zhijie, the Jiang family would usher in a new life and be able to take the Jiang family to the Huang Tengda. He even put all his hopes on Jiang Wan, but now, because Jiang Wan’s irresponsibility is almost harmful The Jiang family was on a dead end.

Jiang Hong couldn’t imagine that if Amelia Su was really surprised. What kind of turmoil will be caused by George Han’s anger.

Perhaps the Jiang family is just a bunch of ants in his eyes.

“Dad, what should I do? He wants to kill Jiang Wan. You must find a way to save Jiang Wan.” Xu Fang cried and knelt in front of Jiang Hong.

“Jiang Wan’s personality has always been very arrogant. She feels that Amelia Su is inferior to her in all aspects, so she has to suppress Amelia Su from all aspects. I know that she deliberately showed herself in front of Amelia Su. She was not convinced that Amelia Su became the Su family company. The person in charge, she wants Amelia Su to know that no matter what status Amelia Su has now, she can live better than Amelia Su, but in fact, as early as three years ago, Jiang Wan had already lost, lost to all of us. Useless.”

“George Han is the one who can really determine Amelia Su’s status. How can he be a wasteful person? The Su family’s old man. How can a wasteful person be taken into the Zuo Su family?”

“I’m so stupid, I should have thought of this a long time ago, how can this old thing, a shrewd world, be confused about this matter.”

Speaking of the end, only a sad smile remained on Jiang Hong's face. He looked at Xu Fang who was kneeling, and continued: "This is the fate of your connivance to her. You take responsibility for it, not worthy of mercy."

Xu Fang's face was like ashes. The meaning of Jiang Hong's remarks is obviously not going to care about this matter, but how could she watch Jiang Wan die in George Han's hands?

"Jiang Bo, your daughter is going to die now, don't you want to think of a way?" Xu Fang walked to Jiang Bo, punching and kicking, yelling.

Jiang Bo did not dare to resist, even dare not to say anything to refute.

Seeing this scene, Jiang Hong smiled helplessly and said: "This is waste. Real waste."

In the radiant billiard room, both Amelia Su and Jiang Wan were thrown into the dark and damp basement. There was only a dim light, not enough for them to see each other clearly.

Jiang Wan kept talking about catching the wrong person, in her opinion. It must be Jiang Sheng's expression that was wrong. It was obvious that she spent the money. How could she be caught?

Amelia Su didn't yell, but she felt strange when she heard Jiang Wan's voice. Why was even Jiang Wan arrested?

In a short while, Long Ge brought a group of younger brothers to the basement.

"Brother Long, you caught the wrong person, why would you catch me? I spent 20,000 yuan to get you to catch Amelia Su. I am not Amelia Su." Jiang Wan said to Brother Long in a panic.

Amelia Su was furious when she heard this, and it turned out that Jiang Wan was looking for someone to arrest her!

“Twenty thousand yuan? Why did I only get ten thousand yuan for Nima.” Long Ge said.

“It’s Jiang Sheng, he must be greedy for 10,000 yuan, Long Brother, you let me go, I will go to him immediately.” Jiang Wan said, she hates Jiang Sheng now in her heart, this guy, unexpectedly greedy her 10,000 yuan Block, and let Brother Long catch the wrong person.

“For this ten thousand yuan, I will definitely let Jiang Sheng spit it out, but you, I didn’t catch it wrong, just stay there.” Long Ge said, walking towards Amelia Su.

“You are Amelia Su.” Long Ge asked.

Hearing this sentence, Jiang Wan was shocked!

Amelia Su!

Is she locked here too? Didn’t Amelia Su hear what I said earlier?

“Jiang Wan, I didn’t expect you to spend money to find someone to arrest me.” Amelia Su said.

Seeing that the matter had been exposed, Jiang Wan was not afraid to tear his face with Amelia Su and said in a cold voice, “If it weren’t for you, how could Liu Zhijie break up with me? How could I be ashamed. Amelia Su, you are dead. Only when you die can the hatred in my heart be solved.”

Amelia Su took a deep breath and said to Brother Long: “Now let me go, you still have a chance to redeem your sins.”

## Chapter 205

Amelia Su's words made the younger brothers behind Long Ge laugh, and even Jiang Wan couldn't help but mockingly said: "Amelia Su, you really think you are something, you dare to threaten Long Ge."

Long Ge squatted down, holding Amelia Su's chin in his hand, and said, "I advise you to listen to Jiang Wan. She is very smart. She knows that Laozi is not easy to mess with, so tell me harsh words. Do you think your life is too long?"

"My husband is Tang Zong's friend." Amelia Su said.

Tang Zong!

This sentence made Long Ge's scalp numb. Quickly let go of his hand.

Tang Zong's friend's wife, can this the f\*ck be messed up casually?

"Brother Long, don't listen to his nonsense, she is just scaring you, she is my cousin, Jiang Sheng's family, don't you know what?" Jiang Wan said.

Who is Jiang Sheng? Brother Long has heard the puppy say, a trash, and even the whole Jiang family is a worthless thing. How could people from this kind of family know Tang Zong?

"Grass mud horse, stinky lady, you dare to scare me." Long brother pulled Amelia Su's hair and continued with grinning teeth: "You look pretty good, you look much better than Jiang Wan, if your man can't make Lao Tzu satisfied. Money, you can be a junior for me, as long as I am comfortable, I will not embarrass you."

Jiang Wan thinks he has an advantage over Amelia Su in appearance. Unexpectedly, in Long Ge's eyes, she was not better than Amelia Su.

But at this time, Jiang Wan wouldn't care. If Amelia Su really slept with Brother Long, it would be too late for her to be happy. She even couldn't wait to see George Han's expression after learning about it.

"Brother Long, she has a better figure, don't you want to see it?" Jiang Wan said, fanning the flames.

Brother Long touched his bald head with a coveted expression, and said, "It's not bad to look at it, anyway, you won't suffer."

"What are you trying to do, don't come over." Amelia Su said in a panic. Even George Han hadn't touched her. How could she allow her body to be touched by other men?

"Don't be afraid, I'm very gentle, and it's just a look, what's important." Long Ge said, reaching out to Amelia Su.

At this moment, the phone rang suddenly.

"Cao Ni Ma, who is so f\*cking unsure, call me at this time." Long Ge cursed and took out his cell phone. After seeing the caller ID, his attitude immediately changed 180 degrees.

"President Tang, I have done everything you explained." Long Ge said.

"Where are you. I'll see you right away." Mr. Tang said. Now that Amelia Su's whereabouts is unknown, he can only find Jiang Wan for more information.

"In the billiard room, are you coming over now?" Long Ge asked.

"right now."

Tang Zong hung up the phone, Long Ge reluctantly glanced at Amelia Su, and said: “If you are lucky, I will go to meet the big man now, and I will play with you later when I come back.”

After speaking, Long Ge left the basement with his little brother.

Amelia Su sighed heavily. If she was really tainted by Brother Long, she would never have a relationship with George Han in her life, she would feel that she was not worthy of George Han.

“Amelia Su, don’t worry, Brother Long will be back soon. When that happens, he will definitely entertain you.” Jiang Wan said with a sneer.

Amelia Su wasn’t worried at all, because the President Long who called on the phone just now was probably Tang Zong. If Tang Zong came, what danger would she have?

“Jiang Wan, Tang Zong is here, do you think George Han is not here? You still think about your situation, I will tell George about this matter, and I will never help you intercede.” Amelia Su said.

Jiang Wan’s face changed. Given the relationship between George Han and Tang Zong, if Tang Zong really came, it would not be Amelia Su who suffered, but her.

“Amelia Su, this matter was proposed by Jiang Sheng, and it has nothing to do with me.” Jiang Wan said in a panic.

“It’s late, it’s too late.”

In the billiard room, Tang Zong showed up after a few minutes, and George Han.

Brother Long gave George Han a weird look. Where did this guy come from? If he were Tang Zong’s assistant, he wouldn’t be able to walk in front of Tang Zong.

“Ms. Tang, Jiang Wan has been caught, what else do you have to order?” Long Ge asked.

Tang Zong glanced at George Han. Then he said: “Go and ask if she made someone arrest Amelia Su. Amelia Su is Brother Han’s wife. If there is any skin trauma, you have to go around with it.”

Brother Han!

Amelia Su!

These two keywords made Long Ge’s legs soft.

Amelia Su was arrested, and he was arrested. In the basement just now, if Tang Zong’s phone were not interrupted, he should be admiring Amelia Su’s figure now.

Brother Han!

What kind of fairy is Nima, even Tang Zong would honor him.

If you let him know what he did to Amelia Su, he would have to be skinned even if he didn’t die!

“Han. Brother Han, I know where Amelia Su is.” Brother Long’s scalp went numb, like an electric shock.

“Where?” George Han asked nervously, George Han can deal with anything calmly. Only Amelia Su, he couldn’t calm down.

Long Ge swallowed and said, “Yes, in the basement.”

“Did you arrest Amelia Su?” Tang Zong was furious, this damn fellow.

“Ms. Tang. It has nothing to do with me. I don’t know who she is. It is Jiang Sheng. Jiang Sheng came to me and asked me to arrest Amelia Su.” Long Ge said in a panic.

Jiang Sheng!

Hearing these two words, George Han gritted his teeth.

“Like me?” George Han sneered on his face.

When Long Brother saw George Han’s expression, he lowered his head in horror. He felt a suffocating sense of oppression in George Han. This was the aura that the uppermost possessed, and Long Brother couldn’t help being curious. Who on earth is he, how could he have a higher status than Tang Zong?

“Catch the Jiang Sheng family of three, I want to see how much they can treat their relatives.” George Han said.

“Yes, I’ll send someone to go right away.” Long Ge replied, and personally took people to Jiang Sheng’s house.

The family of three who were still eating steamed buns were a bit at a loss for the sudden appearance of Brother Long.

Brother Long knew that he had been miserable by Jiang Sheng this time, and this guy had swallowed 10,000 yuan, but no one had ever dared to pluck his hair.

“Jiang Sheng. You are so courageous. Give me a shot.” Long Ge said.

The younger brothers beat Jiang Sheng vigorously without saying anything. For a woman like Liu Hua who is usually aggressive, she is not afraid to breathe at this time. She is also a target for acting. In front of people like Long Ge, he is looking for death. .

“Brother Long, what’s wrong, what I did wrong, why did you beat me.” Jiang Sheng said puzzled.

“You took 20,000 yuan, and only gave me 10,000. You are so courageous, you even dare to eat my Long Brother’s money.” Long Brother walked to Jiang Sheng and punched him in the face.

With blood gushing from his nose, Jiang Sheng covered his face and shouted in pain.

How could he know that there are 20,000 yuan, is it betrayed by Jiang Wan’s stinky lady?

But how could she come into contact with Brother Long!

“Brother Long. If you want money, I will give it to you, please let me go.” There was blood flowing out between his fingers, Jiang Sheng knelt down and begged for mercy.

Liu Hua is very sensitive to money, she only gave Jiang Sheng ten thousand. Why is there now another 20,000 yuan?

“Brother Long, is there any misunderstanding? I only gave him 10,000 yuan.” Liu Hua was worried that she would have to post the money, and felt that this matter must be clarified.

“There are still ten thousand, that is thirty thousand?” Long Ge sneered.

Jiang Sheng was about to cry. He still had a chance to earn 10,000 yuan. Liu Hua was so talkative that he couldn’t earn a penny.

“Bad boy, where’s the 30,000 yuan? What the hell is going on.” Liu Hua walked to Jiang Sheng, not caring how badly Jiang Sheng was beaten, and asked Jiang Sheng by his ears. Life is vivid and vivid.

“Mom, it is Jiang Wan. Jiang Wan gave me 20,000 yuan and asked me to find someone to teach Amelia Su.” Jiang Sheng said.

Liu Hua couldn’t help but work harder. Jiang Sheng hadn’t mentioned the 20,000 yuan. Obviously he was going to embezzle it. How could Liu Hua accept this kind of thing?

“You still don’t take the money out.” Liu Hua said.

“It belongs to me if you take it out. What does it have to do with you? Go away.” Long Ge said.

Liu Hua was taken aback for a moment, regretting her intestines, knowing what stupid she had done.

“Brother Long, ten thousand yuan to teach Amelia Su is enough, thirty thousand yuan is not needed.” Liu Hua said with a pitiful look.

“Thirty thousand yuan, let you witness Amelia Su’s end. It’s worth the fare. Let me go.” Long Ge was seemingly nonchalant, but he was already scared to the extreme. What he is doing now is what George Han requested. He knew that when George Han dealt with these people, bad luck would fall on him.

## Chapter 206

Isn't that what Liu Hua wanted to see Amelia Su's end?

She said before that she couldn't see it with her own eyes. She felt that 10,000 yuan was not worth it. Now it is 30,000 yuan, and she can't get it back if she wants to. If there is a chance, how can she miss it and watch a good show?

"Brother Long, you can go and see, but can you stop Amelia Su from discovering us?" Liu Hua asked.

Seeing the smile on Liu Hua's face, Long Ge's cursing in his heart was really a lifeless thing. I don't even know who I've gotten into.

"Of course you can, you paid, of course I have to arrange for you." Long Ge said.

Liu Hua smiled and said, "That's what it is, let's go."

Jiang Sheng felt a little strange, Long Ge is not such a good talker, how come he suddenly feels amiable?

When he came to the billiards room, Long Ge brought a family of three to the basement.

Jiang Wan and Amelia Su are in different corners, apart from the two of them, another corner. Two figures were standing.

But Jiang Sheng's family of three didn't care about those two people. In their opinion, they were Long Ge's men.

"You can speak with confidence, Amelia Su's ears are blocked, and I can't hear what you are saying." Long Ge said to the family of three.

Liu Hua hesitated, fearing being discovered by Amelia Su, she called out tentatively, “Amelia Su.”

Seeing that Amelia Su did not move, Liu Hua let go of her courage and said to Brother Long, “Brother Long, we gave you 30,000 yuan. You have to make us feel that these 30,000 flowers are worth it.”

Brother Long sneered and said: “Value, of course, value, why don’t you pay attention?”

Liu Hua had thoughts before, which could make both George Han and Amelia Su painful. It was to let Brother Long go to Amelia Su. In this way, Amelia Su was dirty and George Han was also given a green hat. It can be said that it has the best of both worlds.

“Brother Long, how do you think Amelia Su looks like?” Liu Hua said.

“Liu Hua, what are you talking about?” Jiang Guangguang scolded. He was just talking casually at home before, so he didn’t bother to refute Liu Hua’s words, but now, how can he say that in front of Brother Long? Does she really want Was it reconciled to watch Amelia Su being played by Brother Long?

Liu Hua glared at Jiang Guangming and said, “Jiang Fengguang, there is no place for you to speak. Did you forget that George Han almost killed me with that rubbish, and even beat your son, even if he was dead? I vent my hatred, I want to let him know that Amelia Su was played with and made him suffer.”

“Liu Hua, Amelia Su is your niece. How can you be so cruel.” Jiang Guangguang said.

Liu Hua hummed coldly, and said, “Niece or niece, she hasn’t given me Liu Huanhuan for so many years. Do I have to sympathize with her and pity her? You are not the one who is choked. Talking cool words.”

After Jiang Guangguang released his fist, he sighed heavily and said, “Liu Hua, she is called your aunt.”

“Being her aunt, I feel embarrassed.” Liu Hua didn’t bother to talk nonsense with Jiang Guangguang, and said to Brother Long: “Brother Long, don’t you want to try?”

When Brother Long heard the conversation between the two people, he was already scared into cold sweats. He secretly glanced at the two people in the corner and said, “Are you sure?”

“Of course I’m sure, I don’t blame Liu Hua for being ruthless, I can only blame George Han for being too hateful.” Liu Hua gritted her teeth.

At this time, the figure in the corner came out, and the closer he was, the better he could be seen.

“George Han!” Liu Hua was shocked. How could George Han be here.

“Auntie, I didn’t expect you to hate me so much.” Amelia Su, who was sitting in the corner, also stood up and walked towards Liu Hua.

Liu Hua’s face was pale, when she was about to question Brother Long what was going on. Found that Long Ge was already kneeling on the ground.

“Brother Han, I have fulfilled your requirements, please let me go later.” Long Ge said to George Han, knocking his head.

“George Han, this is what you gave me!” Liu Hua heard this and finally understood what was going on. Long Ge didn’t show them Amelia Su’s end at all, but George Han deliberately Arrangement to induce her to say those words just now.

“Liu Hua, I gave you the set, but I didn’t ask you to say those words just now. In your eyes, you probably don’t care about this relationship at all?” George Han said lightly.

Liu Hua didn’t know what George Han wanted to do, but she could detect that George Han would not let her go easily.

“What if I said it. What if you don’t care, do you dare to kill me?” Liu Hua said recklessly.

George Han took a deep breath and said to Amelia Su: “Amelia, let Tang Zong send you home first.”

Although Amelia Su was very angry and annoyed, Liu Hua was a living person after all.

“Three thousand, I...”

“This time, listen to me.” George Han’s expression was gentle, but his tone was irresistibly firm.

Amelia Su knew that even she couldn’t change George Han’s decision this time.

“En. I’ll go home first.”

After Tang Zong left, Amelia Su asked Tang Zong at the door of the billiard room: “Do you know what George Han will do?”

Tang Zong didn’t know George Han deeply, but he could feel George Han’s killing intent, and if this kind of thing happened to him. He would never give Liu Hua lightly.

relative?

Aunt?

After Liu Hua said those words, these words became extremely ridiculous.

“Miss Su, I don’t know, but Brother Han decided for your own good. So no matter what happens, you should not blame him.” Tang Zong said.

Amelia Su nodded, and said: “Of course I don’t blame him, I blame Liu Hua for not thinking about feelings, and the blame is on her own.”

There was silence in the basement. Liu Hua looked directly at George Han, Jiang Sheng and Jiang Guangguang. They lowered their heads and did not dare to speak. There was Jiang Wan in the corner. The same atmosphere did not dare to breathe.

“Which hand did you use to touch my wife?” George Han asked Longge.

The kneeling Brother Long trembled all over, and he didn’t expect George Han to find him first.

Stretching out his right hand, he said, “Brother Han, this one.”

“From now on, get used to eating with your left hand.” George Han said lightly.

“Okay.” Brother Long bit his head and said: “Don’t bother Brother Han to do it yourself, I’ll do it for this little thing.”

Brother Long took out a butterfly knife from his pocket, held the knife in his left hand, spread his right hand into a palm, and placed it on the floor. With a sudden force on his left hand, he stabbed it from his palm.

One knife and two holes, blood is flowing like a shot!

Seeing this scene, Liu Hua and the three were shocked.

Brother Long is a big man in the gray area of Bin County, and now in front of George Han, he actually wants to self-harm and apologize!

When the knife went down, Long Ge's body trembled, but there was no sound in his mouth.

After raising his eyebrows and looking at George Han, Long Ge drew a knife and stabbed again.

Liu Hua's family of three. Frightened to death, he sat on the ground and his eyes were blank.

George Han was clearly not satisfied with this and looked at Brother Long quietly.

Brother Long gasped, almost on the verge of collapse in his heart, and said: "This is the fate of offending Brother Han. Yao Long, I will definitely remember it in my heart."

When the words fell, Long Ge drew the knife again, repeating the action again and again, until the whole right palm became bloody and he dared not stop.

Jiang Sheng was already scared to pee, for a coward like him. This kind of thing will make him feel scared even if it happens in the movie, let alone happen in real life.

Liu Hua said before that George Han did not dare to kill her, but now she was so scared that she could treat Brother Long like this, even if she killed her, it was nothing.

waste?

Useless?

Useless son-in-law?

At this moment Liu Hua felt these titles were ridiculous to George Han.

“George Han, I’m your aunt, and I’m your aunt.” Liu Hua knelt on the ground, shaking her head constantly, already scared of consciousness, repeating a sentence.

Jiang Guangguang didn’t dare to say a word for Liu Hua. Even if George Han wanted to kill Liu Hua, she deserved it, because of her proposal, even Jiang Guangguang couldn’t stand it.

Now Jiang Guangguang can count on George Han to let him and Jiang Sheng go. As for Liu Hua’s life and death, he doesn’t care.

In the corner, Jiang Wan didn’t know what had happened, but the increasingly strong smell of blood in the air made her hair stand up.

“Almost.” George Han said to Yao Long.

“Thank you Brother Han, thank you Brother Han.” Yao Long kowtowed in gratitude, crying bitterly!

## Chapter 207

When George Han put his eyes on Jiang Sheng, Jiang Sheng was so frightened, he knelt down in front of George Han without any hesitation.

“You are a family of three. I have indulged a few times. I am looking for death by myself. No wonder I am.” George Han said lightly.

Jiang Sheng cried in fright, and said: “George Han, this is not my idea, it is my mother, it is my mother who wants to catch Amelia Su. She also let Brother Long go to Amelia Su, you have heard it, it has nothing to do with me. .”

“Jiang Sheng, what are you talking about, I’m your mother.” Liu Hua shouted at Jiang Sheng in shock. Jiang Sheng’s remarks were obviously to betray her in order to protect herself. This was to send her to the fire pit. Push it inside.

“No hurry, I don’t call the shots on this matter. After all, you are all from the Jiang family. See what Jiang Hong will explain to me.” George Han said.

In less than ten minutes, Jiang Hong arrived in the billiard room and walked into the basement. When he saw Yao Long’s bloody right hand, Jiang Hong was shocked. This Yao Long is a very powerful figure in Bin County. He was even in George Han. Is it the same for Qian in front of him?

“Jiang Hong, Amelia Su. Is it the Jiang family?” George Han asked Jiang Hong.

“Yes.” Jiang Hong nodded heavily. Amelia Su is his granddaughter and of course a member of the Jiang family.

“Since she is from the Jiang family, should she receive fair treatment?” George Han continued to ask.

“should.”

“Jiang Sheng and Jiang Wan arrested Amelia Su. I will not pursue this point. But Liu Hua actually let Yao Long rape Amelia Su. What do you think should be done to give Amelia Su fair?” George Han said.

Jiang Hong was shocked when he heard the word rape.

Liu Hua actually did such a brutal thing to her niece!

Although she can understand that she hates Amelia Su, how can she be so cruel to her relatives?

“Liu Hua, have you really done such a thing?” Jiang Hong asked with gritted teeth.

Liu Hua regrets it very much now, but this fact cannot be concealed by a single sentence.

“Dad, I was confused for a while, I now know that I regret it.” Liu Hua cried.

Jiang Hong was so angry that Qiqiao made smoke, walked up to Liu Hua, slapped Liu Hua’s face one by one.

“You beast, she is your niece, how can you do this kind of thing.” After Jiang Hong was tired, he said to Jiang Guangguang: “Jiang Guangguang, our Jiang family, we cannot have such a woman.”

Jiang Guangguang was shocked. Jiang Hong’s words meant that he and Liu Hua divorce. But how dare he?

“Jiang Hong, this is what you call fairness? If it weren’t for me to show up, Amelia Su has already been murdered. Is it enough to just drive her out of Jiang’s house?” George Han said coldly.

Jiang Hong looked at George Han, took a deep breath, and said, “What do you want to do?”

“Since you are the Patriarch of the Jiang family, in order to show fairness, killing Liu Hua, it’s not too much.” George Han smiled.

Jiang Hong took two steps back in a panic, and George Han actually wanted him to kill Liu Hua.

This is human life, it is illegal.

“George Han, I know you are very angry, but can she make up for her fault with death?” Jiang Hong said.

“Make up? This is an atonement.” George Han said firmly.

Liu Hua’s face was pale, and she said in a panic: “Jiang Fengguang, Jiang Sheng, what are you doing, think of a way to save me, this useless is going to kill me, don’t you hear?”

Jiang Guangguang and Jiang Sheng did not dare to move. Although the family of three had a good relationship, but the disaster was about to fly separately, who would be willing to bear the risk of life at this juncture?

“Yao Long, Liu Hua is not dead, don’t let the Jiang family go.” George Han finished coldly. Leaving the basement.

There was silence in the basement, and it seemed that people could hear a fierce heartbeat.

Jiang Wan walked up to several people in despair, and said to Jiang Hong: “Grandpa, I was wrong, I know I was wrong.”

Looking at Jiang Wan who was kneeling down, Jiang Hong kicked Jiang Wan angrily. If it weren't for her, how could things have come to this point.

She repeatedly used to humiliate Amelia Su to save herself, but she didn't know that from the beginning, this road was an abyss, not only would kill her alone, but even the entire Jiang family would be dragged down.

“Your arrogance, it's time to curb.” Jiang Hong scolded.

Jiang Wan cried and nodded, regretting that it was not in the beginning.

Knowing that he was definitely not George Han's opponent, Jiang Wan even hoped that time could go back. If she didn't make things difficult for Amelia Su and didn't find superiority in Amelia Su, Liu Zhijie would not break up with her.

“Old man Jiang, I have to go to the hospital. You can tell me, Liu Hua is dead, or Jiang's is dead.” Although Yao Long's right hand is already numb and unconscious, and he himself knows that his right hand is definitely a waste. Even if it can be cured, it will never be cured. Because George Han has already said that he should be used to eating with his left hand in the future. This is an unchangeable fact.

Jiang Hong said with a calm face, Liu Hua took the blame for herself, and of course she couldn't hurt the whole Jiang family because of her.

People like Yao Long. If he were to deal with the Jiang family, it would be impossible for the Jiang family to survive.

After Yao Long took the knife, Jiang Hong walked towards Liu Hua and said: “Liu Hua, don't blame me. This is your own confusion. If you can recite the slightest affection, things will not be like this.”

After George Han left the billiards room, he was not eager to return to the Villa, but was attracted by a fortune-telling stall on the side of the road.

A very young man, wearing a Taoist costume, has the same charm as the Taoist priests he has seen in the photo.

Probably this is a liar, and it feels almost the same.

“Can you tell the fortune?” George Han asked when he walked to the booth.

The young Taoist priest raised his head and glanced at George Han, and said, “I’m fortune-telling. I only look for people who are destined, but you are not my destined.”

“Pretending to be a god, isn’t it just to deceive a few more money? Let’s make a price.” George Han didn’t believe in fate, but he believed that man would conquer the sky. He just happened to think that a word of the Taoist priest brought pain to his childhood. I wanted to reveal the true face of this young Taoist priest.

“It’s not a good thing to have money and life is short,” said the young Taoist priest.

George Han sneered coldly and said, “Aren’t you bluffing and cheating for money? Aren’t you afraid of God’s condemnation.”

“In this world. There is no scourge, but it is karma. Everything has a cause and an effect.”

“Based on these vague truths, you dare to cheat money. You are not brave.” George Han shook his head disdainfully. Although this kind of Taoist priest has no real skills, he must at least have a clever tongue. Lie, but the person in front of him obviously has nothing.

“I wish you the bait, aren’t you just here to give me money? It’s just that I don’t want to eat your little fish.” The young Taoist priest smiled. He started to close the stall, and then he talked to himself without knowing what he was talking about.

George Han stood up and said, “Don’t let me see you in the future, otherwise your stall won’t be able to keep it.”

The young Taoist priest watched George Han walk away. Then he said: “We still have a chance to meet, Master said, you must die, otherwise, how can I go down the mountain? It’s a pity...”

The young Taoist shook his head feebly, and sighed again: “The trail is not your opponent now. But it’s really wronged.”

After George Han returned to the Villa, Amelia Su had apparently told Lily Jiang what had happened, and Lily Jiang was so angry that he didn’t know what to say.

“George Han, what about Liu Hua, this woman with a feminine heart can actually do this kind of thing, you can’t let her go.” Lily Jiang said angrily.

George Han glanced at Amelia Su and said, “Don’t rush back to Basin City, and leave after attending Liu Hua’s funeral.”

Amelia Su and Lily Jiang were shocked when they heard these words.

Lily Jiang wanted to take revenge very much, and uttered a bad anger for Amelia Su, but she never thought that Liu Hua would die because of this incident.

Having seen the scene of George Han dying Nangong Qianqiu with his own eyes, Lily Jiang naturally would not doubt the authenticity of George Han’s remarks.

“Three thousand...you.”

“I didn’t do it, it was Gong Jiang.” George Han said.

“Grandpa.”

“dad!”

Lily Jiang and Amelia Su were stunned again. How could Jiang Hong get involved in this matter, and he killed Liu Hua?

## Chapter 208

George Han did not say why, Amelia Su and Lily Jiang did not continue to question.

Jiang Fengguang, Jiang Sheng, and Jiang Wan all witnessed Liu Hua's death with their own eyes, and their minds were completely blank, but they knew that Jiang Hong did this to preserve the Jiang family, otherwise everyone in the Jiang family must be buried.

The four left the billiard room, Jiang Hong's hands were still shaking, to him. This kind of thing is the first experience in life, how can you not be afraid?

“Grandpa, why is George Han so good?” Jiang Wan felt like he was afraid of degrading George Han every day. Because all of this was caused by George Han, Tang Zong called him Brother Han. Yao Long kneeled to him, which fully demonstrated that George Han was not easy.

Jiang Hong's teeth were still trembling, after hearing Jiang Wan's words. Tremblingly said: “The old man of the Su family believed that George Han entered the Zuosu family back then. There must be a reason. His identity is by no means as simple as we thought. You are not allowed to mention this matter in the future. It has never happened, otherwise Liu Hua's end will fall on us sooner or later.”

“Dad, Liu Hua is dead. How to explain, how to explain to her mother's family?” Although Jiang Guangguang is sad, he also has a sense of relief. After all, he has been crushed by Liu Hua for so many years, and even has a chance to breathe. nothing. Now that Liu Hua is dead, his life has also been relaxed.

“Yao Long will deal with it, and Tang Zong will deal with it. We said Liu Hua died of illness.” Jiang Hong said.

The three nodded again and again. There are Yao Long and Tang Zong. The truth of this matter will definitely not be found out. They only need to remember one point, George Han, don't mess with it!

The news of Liu Hua's death spread quickly. Tang Zong was secretly controlling this matter. No one doubted this matter, and the hospital also issued relevant certificates.

Three days later, Liu Hua was cremated and buried, and this matter came to an end, but in the hearts of everyone in the Jiang family, this matter undoubtedly became an indelible shadow.

Cloud City.

In Harry Su's office, since the company was acquired by the mysterious man, Harry Su's chairmanship has resigned. Now he is an idler without a position in the company. And his fate, only after the real chairman appears, will he know whether he can stay in the company.

Although he is no longer the chairman, Harry Su is still very cheeky sitting in the chairman's office, obviously nostalgic for this position.

Selling the company is a last resort. Harry Su secretly swore that he will take back control of the company one day. Of course, this idea is ridiculous. He is nothing now, so why did he get back the company? Control it.

"Harry, I heard that the new chairman will appear tomorrow, what do you plan to do?" Su Yihan came to the office and said to Harry Su.

"Who told you?" Harry Su said with a gloomy face. The new chairman will appear tomorrow, which means that after today, he will no longer be eligible to appear in the chairman's office.

“Du Hong.” Su Yihan said.

Harry Su hit the desk with a punch and said coldly: “If it weren’t for Du Hong, how could I have fallen to this point? I would like to see who the new chairman is and how capable he is. It doesn’t matter at home, what is his ability to bring the company back to life.”

Su Yihan’s expression is tangled, there is a news. I don’t know if I should tell Harry Su in advance.

She knew that Harry Su was very unconvinced, and he even wanted to see the company close in the hands of the new chairman, but this situation is obviously impossible, because Zhong Liang will also appear in the meeting tomorrow. What does this mean? Su Yihan is very clear.

“Harry, Zhong Liang will also attend tomorrow’s meeting.” Su Yihan gritted his teeth and said, even if he doesn’t say it now, he will know tomorrow, it is better to tell him now.

“What!” Harry Su stood up angrily, Zhong Liang would also participate. This made him unbelievable, and said: “How could this happen, Zhong Liang, this damn thing, why should he participate in company meetings? What does it have to do with him.”

Su Yihan sighed. Why would Zhong Liang attend the meeting? How could Harry Su couldn’t guess, he just didn’t want to admit it.

“Harry, this is already the case, you can bear it.” Su Yihan said.

Harry Su raised the table angrily. However, his strength was too small and he didn’t overturn it. It just moved the desk slightly.

But he did not give up, but smashed the computer, what he saw in the office. All smashed clean.

In less than two minutes, there was already a mess in the chairman's office.

“Zhong Liang, the damn fellow, didn't he say that he wouldn't cooperate with the Su family anymore!” Harry Su shouted unwillingly.

Su Yihan shook his head and let Harry Su continue to go crazy and walked out of the office.

This kind of thing is for Harry Su. It's hard to accept, but it's a good thing for the other relatives of the Su family. Almost every family member of the Su family was excited after hearing the news, because the company survived the crisis, which meant that they would not lose their jobs and could still rely on As the company makes a living, at best, there are fewer opportunities for fishing.

“Yihan, how is Harry Su's reaction?”

“He's going crazy. He smashed everything in the office.” Su Yihan said.

It was not surprising that several relatives of the Su family heard this. It was not long before he became the chairman of the board, and now he has resigned, how could he easily accept it.

“I don't know who the new chairman is. I can finally see it tomorrow.”

“Hey, I hope he will continue to use us. If we leave the company, it will be difficult for us people to survive outside.”

“Yes, I hope the company will not wash dishes.”

These relatives of the Su family. I have been eating vegetarian meals for many years, and I have no real ability at all. If I leave Su's company for nothing, I will naturally worry about my future.

But now the destiny is in the hands of the new chairman. Even if they worry, they can only pray for a way out.

Mountainside Villa, after Amelia Su and others returned home, they could finally relax.

Although Liu Hua's death has brought them a certain amount of psychological pressure, George Han's performance in front of them is still the same. So there is nothing to worry about.

Lily Jiang now didn't dare to provoke George Han again, and treated it politely, for fear that George Han would be a little unhappy.

As for Wilson Su, he now doesn't even have the courage to look directly at George Han, even if he is eating at the same table with George Han, he will feel extremely pressured.

Dinner table. When George Han found He Ting's hesitation, something seemed to have happened, and Amelia Su was also a little dejected.

He Ting must have something to do with her daughter. As for Amelia Su's dejection. It must be because of the company. After all, she is a strong woman. If she stays at home all day without going to work, Amelia Su cannot adapt to this kind of life.

"Amelia, do you want me to take you to the company tomorrow?" George Han said to Amelia Su.

Amelia Su smiled bitterly, and said, “I have already voluntarily resigned, so why should I go to the company?”

“Hey, let me tell you that you were too impulsive about this matter. You quit your job. Didn’t you fulfill Harry Su’s wish? He wished you not to work in the company.” Lily Jiang said helplessly, Amelia Su’s decision she never interfered. Because Amelia Su always did the right thing, but Lily Jiang felt that Amelia Su was wrong, and it was wrong.

“Mom, things have happened, what’s the point of saying this now.” Amelia Su drooped her head, in fact, she also regretted it. Now Harry Su should be still laughing, thinking about these things, Amelia Su is upset.

“Actually...” At this time, George Han said, “After you resigned, the Su family’s weak water real estate business terminated its cooperation, and the bank also forced Su family to repay the loan, so now the company is not happy.”

Amelia Su was not as happy as she was down, because what she wanted was not how miserable the company was, but that she could go to work.

Lily Jiang was very happy to hear this, and said: “It deserves it, the importance of Amelia in the company, how can it be replaced by Harry Su, now he should be about to regret it.”

## Chapter 209

“But it has nothing to do with me.” Amelia Su said listlessly.

“Ahem... When you returned to Bin County, I bought the company, so you are now the new chairman.” George Han said.

Everyone, including He Ting, raised their heads, staring at George Han with wide eyes.

Acquired the company!

He actually bought the company!

Lily Jiang glanced at Wilson Su unconsciously. This was another big expenditure. Where did George Han come from? How could he be so rich.

After being shocked, Amelia Su said to George Han: “You...you didn’t joke with me, did you buy the company?”

“But Zhong Liang will go to trouble you tomorrow. Moreover, the company may not be able to get back the project in Chengxi, so you have to find a way to get the company through the crisis.” George Han said.

The West City project determines whether the Su family can become the first-line family of Basin City. The old lady was desperate at first, so she faced this dilemma, but as long as she found a way to withdraw from the West City project, use the existing funds to develop other channels and get rid of it. The ambition of the aristocratic family, the Su family is not unable to survive this crisis.

Amelia Su took a deep breath and said, “I won’t let you down.”

Seeing that Amelia Su regained his combat effectiveness. George Han smiled, and said, “I won’t be disappointed or disappointed. I’m willing to do anything that makes you happy.”

Amelia Su lowered her head with blushing cheeks, she was very moved, and even thought of a special way of gratitude, but this way was too shy, and she shouldn’t have taken the initiative, so she quickly gave up.

Lily Jiang glared at Wilson Su, her eyes seemed to say to look at George Han. In order to make Amelia Su happy, even the company has been acquired, what can you do?

Wilson Su buried his head sadly, he didn’t want to, but his strength didn’t allow it. The acquisition of the company, this is a lot of money, how can he come out.

After dinner, the family watched TV in the living room. He Ting finished her work and returned to the room.

“George, Aunt He seems to have something today, do you want to ask?” Amelia Su reminded George Han.

George Han had such a plan. After hearing Amelia Su’s words, he walked towards He Ting’s room.

Knocked on the door, and when He Ting opened the door, he lowered her head slightly, obviously to hide her expression, but George Han could still see the tear-stained cheeks.

“Aunt He, what happened?” George Han asked He Ting.

He Ting shook her head and said, “It’s nothing, three thousand, Aunt He wants to resign.”

“Resign!” George Han was shocked, so good, how could he resign? And George Han knows what He Ting is. She can’t be dissatisfied with the salary.

“I hope you can understand Aunt He.” He Ting lowered her head and said.

“If you don’t tell me what happened, I won’t agree to this matter, and I won’t settle your salary.” George Han said in a strong tone. It must be a big deal to get He Ting to resign. Just one daughter, this matter must be related to her daughter.

He Ting began to panic when she heard this. She had to rely on George Han to settle her salary to find her daughter. If George Han did not settle her salary, it would be useless for her to resign.

“Three thousand, I know you are a good person, but I can’t ask you to help me with everything, you have helped enough.” He Ting said.

George Han sighed. He Ting felt that he owed something and he could understand, but how could He Ting quit her job and survive in the future?

“Aunt He, can your ability help her? Without a job, what will your mother and son eat in the future? If you feel that you owe me, you can cook a few more delicious meals in the future.” George Han said.

He Ting stretched out her hand and wiped her tears, not knowing what to say.

“Let’s talk about it, what is going on.” George Han asked.

“I don’t know, just listened to Yingying. The school asked her to drop out, and I didn’t have time to understand the situation. On the phone, she kept crying and I was very worried about her situation.” He Ting said.

Drop out?

He Ting has said about Jiang Yingying many times, and her words reveal that Jiang Yingying is hardworking and studious. She is a very good girl. How could she be dropped out of school?

“I will go to her school tomorrow, don’t worry about it.” George Han said.

“Thank you, thank you three thousand.” He Ting said gratefully.

George Han patted He Ting on the shoulder and comforted: “Don’t worry, nothing will happen.”

After comforting He Ting, George Han returned to the living room and told Amelia Su of the situation. Amelia Su also agreed that George Han would go to Chengdu tomorrow. See what happened to Jiang Yingying. As for the company, she told George Han not to worry, and could do it alone.

George Han believes in Amelia Su’s personal abilities. The company has already been acquired. If those Su family relatives are really short-sighted, they can be expelled one by one, and there is nothing to worry about.

While sleeping, Amelia Su used the red thread to remove the red thread in front of George Han. This is the limit she can do. If George Han still doesn’t understand what she means, Amelia Su will have no choice.

Obviously, however, George Han did not understand the true meaning of Amelia Su, and he also explained that he bought some good lines to go home. But Amelia Su was mad.

Such a person, why have a wife!

The straight steel man with cancer, wouldn’t he take the initiative to pounce on him? Wouldn’t he understand my mind for the rest of his life?

“What’s wrong with you?” George Han asked suspiciously when Amelia Su’s expression was unclear.

Amelia Su took a heavy breath. Said: “Nothing, you take it apart slowly, I’ll go to sleep first.”

“Okay, rest when you are tired. I’ll do this little thing.” George Han said with a smile.

Amelia Su lay on the bed in despair, wishing to smother herself with a pillow.

Early the next morning, Amelia Su put on a formal suit, and the beautiful lines of her body made George Han bewildered.

Although other clothes will still make Amelia Su radiant, but this kind of OL clothes is even more exciting. George Han had to suspect that he had subdued control.

“Does it look good?” Amelia Su asked George Han.

“En.” George Han nodded his head without hesitation. It was indeed good-looking. Just looking at it made the population dry.

“You deserve it for a lifetime.” Amelia Su walked out of the room with a cold face.

George Han still didn’t understand what was going on, and why he became angry again somehow.

After walking out of the room, Amelia Su had already driven to work by herself, which made George Han speechless.

“What’s the matter, I made Amelia angry again?” Lily Jiang in the living room asked George Han.

George Han fished out his head and said, “I don’t know what’s going on, maybe the aunt is here.”

Lily Jiang couldn’t laugh or cry. However, she couldn’t guess the specific reason. It is normal for a woman to have such a few days a month.

Su’s company.

The Su family’s relatives arrived early, because today is the day to meet the new chairman, and those who are always late for work usually come here earlier than anyone else.

Harry Su was still sitting in the chairperson’s seat with a faceless expression. Other relatives had some opinions when they saw this.

“Harry, this position no longer belongs to you, you should get up quickly.”

“Yes, I was seen by the new chairman. What if he is unhappy?”

“Get up quickly, don’t trouble us.”

The persuasion of the relatives sounded particularly harsh to Harry Su. This group of people fell in the wind and fell really fast.

“You gang of white-eyed wolves, the benefits that I had in my hands before. Have they been eaten by dogs?” Harry Su gritted his teeth.

“Look at what position you are now, and use yourself as chairman.”

“If it weren’t for you, the company wouldn’t be what it is now, you still don’t know how to reflect.”

“Harry Su, get up quickly. Don’t hurt us anymore.”

A group of relatives did not leave any affection, even Su Guolin did not dare to speak for Harry Su, because Harry Su was indeed responsible for the current situation, and it was not worthy of sympathy at all.

At this time, Zhong Liang came to the meeting room.

Harry Su came up with the case, walked to Zhong Liang, and said, “Brother Zhong, didn’t you say that you won’t cooperate with the Su family anymore? Why do you come?”

Zhong Liang looked at Harry Su contemptuously and said, “Your company will be responsible for the loss of this timeout. Of course I have to come, otherwise, who will lose money to me.”

Hearing this, Harry Su laughed. This is not a gift in the snow, but worse.

## Chapter 210

“Sit down, Brother Zhong, sit down.” After knowing Zhong Liang’s intention, Harry Su’s attitude immediately changed, as if licking a dog.

When the relatives of the Su family saw this scene, they were so angry that he lost the position of chairman and did not say anything. He even wanted to drag everyone in the Su family to the funeral. He would not be reconciled unless he saw the company collapse. what.

Su Guolin was Harry Su’s father, even he couldn’t stand it anymore.

The company is here. They can at least eat a bite of food, but when the company is over, everyone will die with it.

“Harry, you bastard, do you know what you are doing.” Su Guolin gritted his teeth.

Harry Su was already distorted in his heart, unable to accept the fact that he had stepped down. He hoped that all those who watched the jokes would fall into trouble with him.

The big deal is that everyone will die together. There are still companions on Huangquan Road. What’s to be afraid of?

“Dad. It has nothing to do with you.” Harry Su said coldly.

Su Guolin was so angry that he wanted to beat the unfilial son, but at this time, there was a loud noise outside the meeting room. It seemed that the new chairman had arrived.

Everyone stretched their heads, and after a beautiful figure appeared, the faces of the Su family’s relatives showed doubts.

Amelia Su!

What else is she doing at the company.

Harry Su rushed in front of Amelia Su for the first time. He went to the Yundingshan Villa area to block Amelia Su, but he failed. Later, Amelia Su went to Bin County. There was nowhere to vent in my heart, and now Amelia Su even dared to come to the company.

“Amelia Su, get out of here, what qualifications do you have to appear here?” Harry Su scolded.

Amelia Su was followed by two bodyguards, Mo Yang’s men. George Han arranged to protect her in order to avoid some conflicts, and it was precisely because of the two bodyguards that Harry Su did not dare to get too close to Amelia Su.

“Harry Su, you are no longer the chairman of the board. It is not your turn to take care of the company’s affairs.” Amelia Su said.

Harry Su’s expression is grim, and he said angrily: “If it weren’t for you, how could I have fallen to this point, stinky lady, you have harmed me.”

“My resignation just fulfilled your wish, how could I harm you?” Amelia Su said.

This statement is valid, but only if it cannot affect the company, Harry Su will accept it.

But now, the company has been acquired, and he has become the most insignificant person in the company, Harry Su Supernatural will put the blame on Amelia Su.

“You already knew the consequences of this, so you left your job, you f\*cking deliberately hurt me.” Harry Su roared, and could not help but raise his fist.

The two bodyguards beside Amelia Su each took a step forward. This made Harry Su dare not act rashly.

“Harry Su, if you didn’t force me, how could this happen? And what position do you use to talk to me now, is it the company’s cleaner or security?” Amelia Su smiled.

This sentence completely angered Harry Su. Amelia Su clearly came to see him joke, and he would never let Amelia Su succeed.

“You get out of here, and today the new chairman will come to the company for a meeting. It’s not enough for you to harm me, do you want to harm other people?” Harry Su said.

These remarks obviously meant something, and the other Su family relatives didn’t want to be harmed by Amelia Su.

“Amelia Su, you should leave as soon as possible. Since you have already resigned, why bother to find yourself boring.”

“Yeah, this matter is Harry Su’s fault, but it’s like this now, you still come to pull us into the water, it’s so unkind.”

“Amelia Su, get out now, you are no longer a member of our company, no one will wait to see you. I also brought two bodyguards to pretend to frighten anyone.” Su Yihan said disdainfully.

Amelia Su looked at Su’s relatives, and everyone seemed unwilling to see her, especially Su Yihan’s hostility was extremely strong.

“If I leave, who will give you a meeting?” Amelia Su said.

Meeting?

Meeting today. But what does the new chairman have to do with Amelia Su?

Among the people who were puzzled by the Su family's relatives, some gradually showed a shocked look.

Could it be said that Amelia Su is the new chairman? Did she secretly buy the company?

“Amelia... the new chairman, is it you?” someone asked.

When this sentence came out, not only relatives, but even the employees were shocked.

After resigning, Amelia Su actually bought the entire company!

how is this possible!

How could she have such a strong strength.

“You... are you the chairman?” Su Yihan immediately persuaded. She is now living like a beggar. If she loses her job, she won't even be able to eat. If Amelia Su is really the new chairman of the company, what she was just now These words were enough for Amelia Su to expel her.

“Yes.” Amelia Su said.

The attitude of the Su family's relatives changed drastically in an instant, and they greeted them with pleasant smiles.

“Amelia. I didn't expect you to be the chairman of the board, okay, so good, going around, the company still hasn't fallen into the hands of foreigners.”

“Great, Amelia.”

“Amelia is still great, if it weren’t for you, our company would be finished.”

They don’t care about Amelia Su’s money to buy the company, and it is not something they can care about. In their view, since the chairman is Amelia Su, their layoff crisis has also come into contact.

“Amelia Su, grass mud horse, this is the set you set for me, right.” At this time. The furious Harry Su finally couldn’t help it, and shook his fist at Amelia Su.

In Harry Su’s view, this is a bureau that Amelia Su set up for him, deliberately leaving the company, putting the company into crisis. Then she bought the company and took back the position of chairman.

Before his fist fell in front of Amelia Su, Harry Su fell to the ground first.

How could Mo Yang’s two subordinates hurt Amelia Su?

If Amelia Su lost half of her hair, they would not be able to deal with Mo Yang.

One of the bodyguards stepped on Harry Su’s chest and said coldly, “Boy, calm down, otherwise it would be bad if you lack arms and legs.”

Harry Su was frightened and quickly apologized: “Big brother, I was impulsive, sorry.”

Everyone automatically gave way for Amelia Su. After entering the meeting room, Amelia Su sat in the chairperson’s seat.

After the relatives were seated, Zhong Liang said: “Ms. Su, the time spent on the Chengxi project must be lost to the Su family. If you have any questions about this, my lawyer will explain it to you.”

“Brother Zhong, I’m causing you trouble. I have full compensation for the loss of the Su family. I will never have any objections.” Amelia Su said.

Zhong Liang smiled faintly. Amelia Su is indeed a courageous woman, such a small problem is of no use to her.

“Then thank Miss Su, since this is the case, I won’t delay your meeting and leave first.” Zhong Liang got up and said.

The relatives of the Su family are naturally unwilling to compensate for the Chengxi Project, but since Amelia Su is the chairman, who dares to refute what she said?

“Amelia Su. You’re so f\*cking shy, if you want you to lose money, you lose money. How long can the company be in your hands?” Harry Su sneered, Zhong Liang’s trouble was solved so easily. This was something he didn’t want to see, but at least it could make Amelia Su bleed, which was pretty good.

“If a lawsuit is filed against the weak water real estate, the company will have more troubles and lose the Chengxi project. It is just that the Su family cannot be made the first-line family of Basin City, but it is not difficult to maintain the previous state if it is to operate normally.” Amelia Su Just think about it. If you give up this goal, the company will not bear too much pressure. If you are not afraid of no firewood, you will not have the opportunity to impact this goal in the future. The most important thing now is to get the company back as soon as possible. On the right track, don’t be too affected by the West City project.

“The loan is one billion. Without the Chengxi project, what would you take to repay it?” Harry Su said.

Amelia Su looked at Harry Su, smiled faintly, and said, “You are no longer an employee of the Su family. It is not your turn to worry about these things, right?”

“You...” Harry Su gritted his teeth, Amelia Su’s words meant to drive him out of the company.

“Is the security guard, or are you leaving by yourself?” Amelia Su said.

Harry Su sneered and said: “Without my Harry Su’s company, sooner or later, it will go to extinction, Amelia Su, wait and see, one day you will come to me.”

“I know that you have a lot of contacts, but don’t forget that the interests of businessmen are paramount. Does anyone care about this worthless relationship now?” Amelia Su said.
