

Chapter 241

Seeing George Han and Qi Yiyun getting into Wang Mao's car, Chang Lang frowned. Although George Han and Qi Yiyun didn't dress very well, the handmade custom Tang suit on Wang Mao's body made Chang Lang uncomfortable. Without admiration, his family can come into contact with some domestic high-end handmade brands, like this Tang suit, his father also has tens of thousands of dollars.

People who can wear this kind of clothes. By no means a simple character.

"Changlang, did you forget what you said on the plane?" Dou Wei reminded Changlang that she did not recognize the value of Wang Mao's Tang suit. For her who only knows foreign brands, all independent brands It's rubbish.

"Don't worry, how can I forget what I said, I will definitely let you watch a good show." Although Chang Lang agreed, but after seeing Wang Mao, he was concerned about George Han's identity. I have to be cautious, but I can't admit it in front of Dou Wei.

"It's best to shave that woman's face." Dou Wei gritted his teeth. As the saying goes, the most poisonous woman's heart. After seeing Qi Yiyun dropping his glasses, Dou Wei felt a sense of shame in his heart, but for her proud In terms of how she would accept this feeling, she couldn't wait to ruin Qi Yiyun's appearance.

With a contradiction caused by the loudness of her voice, Dou Wei was able to think of such a vicious way of revenge. From this we can see how terrifying her mind is.

It is difficult to raise women and villains. When the two are combined, it becomes even more troublesome.

Arriving by car to the hotel, Wang Mao booked two adjacent presidential suites on the top floor. He returned to his room after George Han and Qi Yiyun packed their

luggage. And he repeatedly told George Han if he needed anything, call him as soon as possible.

The enthusiastic Wang Mao made George Han feel more pressured, but Qi Yiyun felt that excellent people should be treated like this of course. Since Wang Mao hopes that George Han can earn face for the Basin City Go Association, everything he does is also It should be.

In her own room, Qi Yiyun removed all the disguise. She took off her glasses, as cold as the goddess of an iceberg, and even her sight seemed high.

Standing near the window, the breeze was fading, and the exudation of the temples swayed with the wind. At this moment, Qi Yiyun's eyes were like torches.

“The Qi family needs a son-in-law who can support the future. If you are qualified, I, Qi Yiyun, will give you anything.” Qi Yiyun said to himself, returning home this time. In addition to participating in the competition, Qi Yiyun is more important to take a breath and relax his body and mind.

In the United States, the Qi family has a strong background, but no matter how powerful the family is, there will eventually be opponents. In the past two years, the Qi family has encountered an unprecedented strong opponent. Their appearance has greatly reduced the position of the Qi family in the royal family. Although Qi Yiyun has tried every means to maintain the status of the Qi family, the effect has been minimal.

In the past two years, Qi Yiyun was exhausted physically and mentally. Her father advised her to find a capable man to take care of all this, but ordinary men could not enter Qi Yiyun's eyes at all.

Until this time when he returned to China, until he saw George Han, Qi Yiyun felt that this man had the same tolerance as himself. Qi Yiyun knew that she and

George Han were similar people, and such a person might be qualified to become Qi's son-in-law.

Of course, Qi Yiyun still had a series of assessments, and only George Han passed. She will truly face George Han.

Ding Dong...

The doorbell rang, Qi Yiyun closed his eyes again and walked to the door to open the door.

“Would you like to go out for a stroll, do you want to change your glasses?” George Han asked, standing at the door.

Qi Yiyun's lens has cracked, and he really needs to change to a new pair of glasses, and said: “Okay, do you want to give it to me?”

“You are Amelia's best girlfriend, what does it matter if you send it off?” George Han said.

Hearing this, Qi Yiyun felt a little dissatisfied. Why did he have to mention Amelia Su when giving gifts? Could it be that he was beating himself in secret?

George Han did have this meaning, it was because he was avoiding suspicion.

Qi Yiyun is very beautiful, and she has even surpassed Amelia Su, but for George Han, Amelia Su's position in his mind is unreplaceable. How beautiful is it, it's just a pair of skins.

Soon after leaving the hotel, George Han noticed that someone seemed to be following them, and a guy was sneaking around when they left the hotel.

“It seems that the two people on the plane are still planning to seek revenge from us. They came so soon.” George Han said softly to Qi Yiyun.

Qi Yiyun turned his head and saw that Dong Hao’s figure was easily noticed in the crowd. Although it was only a figure from the back, how could Qi Yiyun not recognize it.

Donghao met with George Han when he was in the boxing field. If George Han was allowed to see his face clearly, he would definitely be suspicious.

“What to do?” Qi Yiyun asked George Han.

“It doesn’t matter, just pretend that you don’t know anything. If he really dares to do it, we will run faster if the problem is serious.” George Han smiled.

When the two turned and continued to walk forward. Qi Yiyun quietly made a gesture with his hands behind his back.

“Can you just run? You are a big man, you are not afraid of fighting.” Qi Yiyun said with a smile.

George Han nodded naturally, and said: “Have you forgotten what my name is? How dare you fight with people?”

Qi Yiyun smiled and stopped talking. He has such a deep relationship with the boxing field, but he has to deliberately hide this. It is so similar to her life track, which makes Qi Yiyun more and more feel that George Han and her are similar people.

It is said that Qi Yiyun’s feelings are getting stronger and stronger.

After entering a shopping mall, George Han found that the person he was following had disappeared. Perhaps Chang Lang wanted to know what they were

doing, so he stopped thinking about it. Moreover, he was not able to think about those rich second-generation ideas. G guessed casually.

there is always a solution to a problem. If people don't offend me, I don't have to offend people.

Of course, George Han paid for Qi Yiyun a new pair of glasses. Although it is not cheap, it is just some scum.

Then the two went to dinner together before returning to the hotel. When Wang Mao arrived at the dinner table, he specifically called George Han. The excessive enthusiasm made George Han feel almost unbearable.

Late that night, Chang Lang and Dou Wei came out of the bar. Chang Lang, who had not drunk Dou Wei, was a bit unwilling. He thought he could go to the hotel to spend a good night. It now seems that Dou Wei can only be sent home.

As soon as the two got into the car, the back seat of the car was opened, and one person quickly got into the car.

“Dude, you f*cking got in the wrong car, get out of here.” Chang Lang was in a bad mood, and he naturally didn't have a good tone when he encountered this kind of thing.

The man in the back seat had a dark expression with a sneer, and a bright dagger reached Changlang's neck.

“Drive.”

Chang Lang trembled with fright, but Dou Wei wanted to get out of the car immediately. But the man grabbed his hair.

“I want to run again, I will kill you.” The man said coldly.

“Big...Big brother, don't mess around. I'll give you how much you want. I'll give you all.” Chang Lang said in a panic. The other party wore a hat and couldn't see his face, but his voice made Chang Lang in the heat. Feel a little chill in the middle, he knows. This gangster is not joking.

“Driving, I said to go wherever I go, or I will help you open your neck.” The man said.

“Okay, okay, elder brother, don't shake your hands, I may be a little bumpy when driving, you have to be careful.” Chang Lang reminded with a trembling voice.

Following his instructions, the car drove to the outskirts of Fuyang City. The wilderness without street lights was completely dark, and Chang Lang was almost scared to pee.

Dou Wei was already pale, she had never been robbed, and she was extremely scared.

“Stop.” The man said in a deserted place.

Chang Lang stepped on the brakes, stopped the car steadily, and said, “Big brother, I will give you what you want. If you like this woman, you can just use it for fun.”

Hearing this, although Dou Wei had weakened limbs, she couldn't stop her from getting angry with Changlang, and said kindly: “Changlang, what are you talking about, you are still not a man.”

“Dou Wei, stop your damn nonsense, it's your honor for this big brother to see you.” In order to save his life, Chang Lang didn't care what Dou Wei thought of him.

Chapter 242

“get off.”

Following the man’s order, Chang Lang and Dou Wei quickly got out of the car.

The moonlight is thin, but he can vaguely see the person’s appearance. When he takes off his hat and reveals his face, isn’t this Donghao!

Chang Lang lowered his head and dared not look at Dong Hao, because he knew that the appearance of these gangsters could not be seen, otherwise they would be murdered.

“Kneel.” Dong Hao played with the dagger in his hand. Said lightly.

Chang Lang knelt on his boneless knees, and Dou Wei did the same. At this moment, the superiority of family status disappeared.

“What are you two, you dare to bully my lady.” Dong Hao said with a sneer.

“Brother, did you find the wrong person? How could I bully your lady? I don’t even know her.” Chang Lang denied for the first time. In order to save his life, he could use Dou Wei as a shield. Maybe admit this kind of thing.

And in Chang Lang’s memory. He did not offend anyone.

“No, my lady’s glasses are all broken, didn’t you do it?” Dong Hao said.

glasses!

Chang Lang immediately thought of Qi Yiyun who met on the plane, that quiet woman had such a powerful subordinate.

“Brother, I’m sorry, I don’t know your lady is so powerful, I didn’t mean it, please forgive me, I will apologize for her face to face.” Chang Lang said with his head.

“It is God’s job to forgive people. And my responsibility is to send you to see God.” Dong Hao said, walking to Chang Lang.

Chang Lang was frightened by this sentence and peeed, a large area of wetness under his crotch, and his head kept kowtow. Constantly begging for mercy.

At this time, Dou Wei was not afraid anymore, because she felt that the person in front of her was just Qi Yiyun who came to frighten them on purpose.

“A woman in ragged clothes is still a young lady. This is the first time I have seen such a shabby young lady. Go back and tell this bitch woman, Dou Wei can’t frighten me casually.” Dou Wei said.

Dong Hao frowned when he heard these words. He would not allow anyone to say that Qi Yiyun was wrong. In his heart, Qi Yiyun was like a goddess. He couldn’t let anyone blaspheme. Where did Dou Wei qualify?

“Scare you?” Dong Hao’s voice fell and he stabbed Chang Lang in the neck.

At the moment of drawing the knife, Chang Lang, who was covering his neck, was bleeding, his eyes widened, and he looked at Dong Hao incredulously. It was obviously Dou Wei who said something that shouldn’t have been said. Why did he suffer?

Seeing this scene, Dou Wei was instantly stunned. Frighten her? Is this just scaring her?

With a wow, Dou Wei burst into tears, and Lihua said with rain: “No, no, please don’t kill me.”

Chang Lang had fallen to the ground, the scarlet in the moonlight looked strange, Dou Weidan was about to break, his nose and tears were glued into a ball, and he kept kowtow.

“Disrespect to the young lady, only death can atone for sins.” Chang Lang walked to Dou Wei, grabbed his hair, made Dou Wei hold his head, his eyes were not emotional, and he killed Dou Wei with a single blow.

After killing two people, Dong Hao took out a cigarette without any panic. He looked calm and calm. After looking at the two corpses, he did not intend to kill and bury them, but left with strides.

“Miss, as long as Donghao stays in one day, he will never insult you. Only I can stand by your side, only me.”

Early the next morning, Han got up at three thousand eight. Before going to eat breakfast, the doorbell rang.

Wang Mao took on the role of a waiter and even sent George Han early. This meticulous care made George Han a little bit big.

“Grandpa Wang, I am under a lot of pressure if you do this.” George Han smiled bitterly.

“Little things, little things, are all small things, don’t think too much about it, just give it a hand.” Wang Mao said with a smile.

George Han shook his head helplessly and said: “Grandpa Wang, don’t worry, I will definitely try my best to play.”

There is no limit to the taste of lipstick. Just because of this, George Han will not take it lightly in the competition. Therefore, Wang Mao’s worries are completely unnecessary in his view.

“By the way, these few days, you’d better not go anywhere, just stay in the hotel. Now Fuyang City is not peaceful, don’t have any accidents.” Wang Mao said to George Han.

“Why is it not peaceful?” George Han asked in confusion.

“I watched the news when I got up early this morning. Last night, two people were killed in the suburbs, a man and a woman, who were still young. It’s a shame to have their throats sealed. It’s a great life. If you don’t, you will be gone.” Wang Mao sighed, the world is impermanent. Tomorrow and unexpectedly who will come first is really uncertain.

Seal the throat!

It takes so much hatred to kill people in this way.

George Han quickly turned on the TV, and the news of the local TV station was broadcasting the matter in a loop. In a short period of time, the city was full of trouble.

“I heard that this young man named Changlang. Family conditions are very good, and there is still a lot of good life that I haven’t had time to enjoy.” Wang Mao sighed.

“What are you talking about?” When George Han heard this, he turned his head and looked at Wang Mao sharply.

Seeing George Han’s reaction so great, Wang Mao said puzzledly: “Why, do you know this person?”

“The girl who died is not called Dou Wei, right?” George Han said, even he couldn’t calm down at this time. Is there such a coincidence in this world?

Offended Qi Yiyun during the day. I was blocked at night!

“Yes, these two people are really your friends?” Wang Mao said in surprise.

George Han’s face was ashamed. The timing of the death of the two men was too coincidental, and the purpose of this retaliatory killing technique was very obvious.

Since he didn’t do it, then you can’t get rid of Qi Yiyun!

George Han suddenly thought of what happened to him yesterday when he went to buy glasses with Qi Yiyun. Could it be that it was not Chang Lang’s people who followed them at the time, but Qi Yiyun’s people?

“Grandpa Wang. I won’t eat anymore, I’ll go see Qi Yiyun.” George Han finished speaking and walked out of the room.

Wang Mao was confused and didn’t know what happened, but he still stayed in the room, quietly waiting for George Han to return.

Ringing Qi Yiyun’s doorbell, after Qi Yiyun in silk pajamas opened the door, his expression was still a little confused, obviously not awake.

“What’s wrong, why did you come to me so early?” Qi Yiyun asked George Han puzzled.

George Han walked into the room. He glanced over Qi Yiyun’s s*xxy figure indifferently, and said, “Chang Lang and Dou Wei are dead.”

“Dead? How could it be dead!” Qi Yiyun said with a shocked look.

George Han watched the changes in Qi Yiyun’s expression carefully, hoping to find a flaw in it, but the changes in her pupils meant that she didn’t even know about it.

Is it because I think too much. It's just that Chang Lang and Dou Wei were out of luck and met the criminals?

"I don't know, it's weird, just take a look." George Han turned on the TV and switched to the local TV station.

Qi Yiyun watched the news. The expression gradually became incredible.

"George Han, it's not that you killed them just to help me out. Are you stupid, how can you kill people?" Qi Yiyun said in panic.

If she is acting, George Han can only be convinced, because there is no flaw in her body movements or facial expression changes.

"I don't even dare to kill chickens. How dare I kill people? It seems that they are not lucky. They met a robber." George Han said.

"Unexpectedly, this place is so messy, we still don't leave the hotel casually, if we encounter such a person, you, a person who has no power to bind a chicken, can't save me." Qi Yiyun said.

George Han nodded and said, "This idea is very good. I am still worried that you are going out shopping."

"Do I still need clothes to set off?" Qi Yiyun said with a smile. At this moment, she does not have eyes, so she is naturally charming and charming.

"Wash your face and brush your teeth. I'm going back to my room. By the way, I won't go downstairs to have breakfast. Wang Mao has already delivered breakfast to my room." George Han said.

"Chairman Wang's partiality to you is really enviable." Qi Yiyun said jealously.

After sending George Han out of the room and closing the door, Qi Yiyun's expression changed, full of hostility.

She didn't need to think about it to know who did it, but she had warned Dong Hao that she was not allowed to mess around without her order. She didn't expect that he would kill Chang Lang and Dou Wei!

Chapter 243

The questioning eyes of George Han just now, Qi Yiyun could see clearly. Before George Han had doubts about her, Qi Yiyun could feel it, but now, what Donghao did is undoubtedly making George Han treat her. Be more vigilant.

Qi Yiyun, who washed his face, brushed his teeth, put on his glasses and changed his clothes, came to the third floor of the hotel.

After Donghao murdered, there was nothing unusual. For him, this is just a commonplace meal. In the United States, many flies around Qi Yiyun died in his hands. For Donghao, the guardian of Qi Yiyun was a lifelong figure, and besides him, he did not Allow anyone to approach Qi Yiyun.

If Qi Yiyun hadn't warned him, he would even kill George Han!

"Miss." Dong Hao shouted with a smile after opening the door and seeing Qi Yiyun.

Qi Yiyun walked into the room. At the moment the door was closed, Dong Hao slapped Donghao's face with a few blood stains from his nails, shocking.

"Since you think you don't need to listen to me, you can do whatever you want, just go away." Qi Yiyun said coldly.

"Miss, this kind of garbage insults you, they deserve to die." Dong Hao lowered his head and gritted his teeth.

"It's up to me whether they die or not. What are you, dare to call the shots for me." Qi Yiyun slapped Donghao's face again.

Bleeding from the scar, Dong Hao didn't even wrinkle his brows and said, "Miss, I just killed two people."

Seeing that Dong Hao still did not repent. Not knowing where he was wrong, Qi Yiyun kept holding hands, slapped Dong Hao one by one in the face.

Dong Hao didn't even turn his face, and he was willing to accept it.

“As long as the lady is happy, it doesn't matter if Dong Hao's face is smashed.”
Dong Hao said.

Qi Yiyun's palm was already red, which was caused by the force's back shock.

Seeing this, Dong Hao quickly stopped Qi Yiyun and said, “Miss, let me do it myself.”

Since the slap was loud and loud, Dong Hao did not show any mercy.

Qi Yiyun didn't stop, watching all this with cold eyes, until Dong Hao's mouth overflowed with scarlet blood, and then said: “I will give you one last chance. If you don't obey the order, I will let my father call you back.”

“Thank you, Miss.” Dong Hao bent down and lowered his head, his cheeks swollen from being beaten, still with a grateful expression.

Qi Yiyun warned: “George Han is very important to me. If you get in the way, I will kill you myself.”

Dong Hao heard this sentence. He looked unwilling and said: “Miss, if you need a chess piece, I am more useful than him, and more willing.”

“You?” Qi Yiyun looked at Donghao disdainfully, and said: “In addition to being able to fight, what else do you have, can the Qi family's affairs be solved with your fist? Can you still get into the royal family?”

Dong Hao gritted his teeth. Apart from a pair of fists, he really has no other ability, nor can he enter the royal family of the United States, but what about George Han? He is just a trash, so why can he be valued by the young lady.

“Miss, the greater the expectation of him, the greater the disappointment.” Dong Hao said.

Qi Yiyun smiled indifferently and said: “I can be sure that he will not let me down, because we are the same kind of people, and I can smell the difference in him. He and I are just forbearing for a certain purpose.”

“Is it for Amelia Su?” Dong Hao said.

Qi Yiyun looked cold and said, “What about Amelia Su? A man’s lust is the most easily shaken. As long as he can help Qi’s family, how can my innocent body send him.”

Unstoppable anger burned in Dong Hao’s chest. Miss, how can you be touched by such a person!

But Qi Yiyun’s attitude was firm. Dong Hao knew that if he killed George Han, he would not be able to follow Qi Yiyun for the rest of his life.

He must find a way to let Qi Yiyun know that George Han is not the most suitable candidate, he is the only one.

In George Han’s room, eating breakfast from Wang Mao was like chewing wax. It wasn’t that the breakfast was not good, but George Han had something in his heart and didn’t have the desire to taste delicious.

“George, are you worried about the game?” Wang Mao asked looking at George Han’s worried expression. The most taboo of the game is nervousness and stage fright. He knows that this is the first time for George Han to participate in the

competition, and it is also a large-scale competition of master Rulin. It is inevitable to be nervous, but this kind of mood must not be brought into the game. Otherwise it will affect the performance.

“No, there is nothing to worry about in the game.” George Han said lightly.

Wang Mao didn't know what George Han was thinking. Hearing these words, he only regarded George Han as comforting himself. Said: “Or I will give you something to relax.”

“Grandpa Wang, I'm really fine. The game is very simple for me.” George Han finished speaking. Suddenly one thing came to mind and he asked Wang Mao: “Grandpa Wang, will Shangguan Black and White participate in this competition?”

“No, the status of the above official black and white. It has been a long time since I participated in domestic competitions, and even international competitions are rarely attended. He is now a figure in the Go world. If he is next game, how will other people compare. “Wang Mao smiled bitterly. If Shangguan Black and White participated, then this competition would be meaningless. It would be a solo show by Shangguan Black and White.

“So, is there a way to make him compare with me? I have to beat him this time.” George Han said. I have agreed with Amelia Su that if you win Shangguan Black and White you will get unlimited lipstick tasting opportunities. This is why George Han came to Fuyang City.

“You...you want to compare with Shangguan Black and White?” Wang Mao looked at George Han in shock. Although he caused some trouble for Shangguan Black and White last time, he eventually lost. Even if he was dissatisfied, he faced Shangguan Black and White like this He also has to forbear for a few years, and wait until his chess skills improve before he comes to revenge. Are you so anxious, don't you send your face to the door and beat someone?

“Yes. And I have to be compared with him, otherwise I would just go to Fuyang City for nothing.” George Han said.

“Why?” Wang Mao asked suspiciously, didn’t he come to Fuyang City to participate in the competition? Does George Han have other goals?

George Han smiled weirdly and said, “This is my personal privacy. I can’t disclose it to you casually. You can help me figure out how to play against Shangguan in black and white.”

“This...” Wang Mao frowned, in his opinion. This is almost impossible, and Shangguan Black and White deliberately heated up both George Han and Ouyang Xiujie, which shows that he is now very confident in Ouyang Xiujie’s strength, at least thinking of a way to deal with George Han.

Now it’s uncertain whether the championship can be won. How do you go to play against Shangguan?

“Three thousand. It’s not that I don’t help you, but that I really can’t think of any good way. After all...After all, no one can order Shangguan black and white status, as long as he doesn’t want to. No one can persecute.” Wang Mao Said embarrassedly.

George Han smashed his mouth and said, “It seems that he has to be willing to do it. Okay, I know, I don’t bother you to bother you about this. I will think of a solution myself.”

“Three thousand, I still have to remind you, although you are very powerful, but there are many masters participating this time, you must not take it lightly.” Wang Mao said.

George Han waved his hand indifferently and said, “Don’t worry, my current state is the best in history.”

With Amelia Su's excitement, how could George Han's state be bad, as long as he thinks of the smell of lipstick, that is the existence of explosive combat effectiveness.

There are still two days before the game. During these two days, George Han and Qi Yiyun did not leave the hotel. Although he did not need to practice, with Qi Yiyun's strength, to achieve a good result in the game, he must practice and score.

Finally, on the day of the game, George Han went into battle with light outfit, Qi Yiyun looked a little serious.

After coming out of the list for the preliminary round, Qi Yiyun breathed a sigh of relief and was not in the same group as George Han, which shows that she can go further.

Although Qi Yiyun didn't care about this game, it was also an opportunity to prove her strength. If she encountered George Han early, it would mean leaving the game early.

"Fortunately, I didn't meet you. I hope we can never go on." Qi Yiyun said to George Han with a smile.

"That's for sure, our fate is at best friends." George Han said.

Chapter 244

The game was originally scheduled to last for four days. In the first three days of the game, George Han won all the games with an unstoppable force. For him, those famous players in the chess world have almost no right. He caused any obstacles, but a very strange phenomenon occurred in these three days. The schedule for the first two days was very easy. But on the third day, he played an extraordinarily large number of games and hardly had any time to rest.

Qi Yiyun was defeated in the match against Ouyang Xiujie. Even if her match ended today, George Han who played four games in a row today is still going on.

“How can there be such a strange format, he still has two games, and there is no rest time in the middle. This kind of high-intensity battle is not something ordinary people can withstand.” Qi Yiyun said puzzled outside the court. Her opponent Ouyang Xiujie has already advanced to tomorrow’s final, and George Han, who is most likely to become Ouyang Xiujie’s opponent, has two games left at the moment.

“The day before yesterday and yesterday’s match were very easy. The organizers have accumulated almost all their opponents today. This is a deliberate effort to kill his mental power.” Wang Mao said with an aggrieved expression. He has participated in hundreds of matches. Mao has never seen this kind of competition system, and George Han’s opponents today are very slow in every move, deliberately grinding time. It consumed George Han’s patience and made George Han exhausted mentally.

“You mean that Shangguan Black and White is secretly playing a ghost?” Qi Yiyun asked.

Wang Mao nodded and said, “Apart from this old thing, who else will deliberately target him.”

Qi Yiyun frowned and did not understand this behavior. He said: “Shangguan Black and White has been enthusiastic about the match between George Han and Ouyang Xiujie. If he does this, what is the point if George Han can’t advance?”

“Even if he deliberately made things difficult for George, George would still be able to advance. At least his current state and spirit seemed to be relatively relaxed.” The only thing that can comfort Wang Mao is that George Han is in his current state, regardless of the speed at which his opponents settle. How slow, George Han always smiled, which shows that his mood has not been affected. For the next game, he should also be very confident that there should be no problem in reaching the finals tomorrow.

Regarding what Wang Mao said, Qi Yiyun also admitted that George Han’s state can be seen with the naked eye, but this makes Shangguan’s black and white arrangements even more meaningless.

Even if George Han’s will was consumed today and George Han’s spirit is exhausted, after a whole night’s rest. For George Han, such an impact is minimal, and it is impossible to affect tomorrow’s final.

Qi Yiyun frowned more and more fiercely, always feeling that Shangguan Black and White did it for other purposes, but Qi Yiyun could not detect what he wanted to do for the time being.

The game started in the morning and lasted until ten in the evening. After a long battle, George Han finally showed a trace of fatigue between his eyebrows, but the good news is that George Han won all the games and advanced to the final tomorrow.

Wang Mao breathed a sigh of relief. Tomorrow’s finals will face Ouyang Xiujie. He is very confident in George Han. After all, Ouyang Xiujie has been defeated by George Han and is already a defeated player.

“George, how about it?” Wang Mao walked to George Han’s side and asked with concern.

“It’s nothing, just take a break.” George Han rubbed his brows. Although he won every game very easily, but when his opponent was deliberately delaying time, his attention was concentrated for a long time. Feeling a bit tired.

“Hurry back to the hotel and rest. Tomorrow is the final. If you win Ouyang Xiujie, you are the champion.” Wang Mao suppressed his inner excitement. This time, George Han was able to bring great honor to the Cloud City Go Association. of. Almost able to make the Basin City Go Association famous.

George Han nodded. Although he didn’t put Ouyang Xiujie in his eyes, he did have to go back to rest now.

Just as everyone thought that today’s game was over and planned to leave, the person in charge of the organizer suddenly appeared and said something that made Wang Mao furious.

“The original competition cycle was four days, but our old senior Mr. Shangguan will suddenly have something urgent tomorrow and will not be able to appear in the finals. If his old man cannot appear in the finals, then this game will undoubtedly leave a huge regret, so After our discussion, we decided to advance the finals and proceed immediately.” said the person in charge of the organizer.

Do it now!

George Han played six opponents in a row today, and he was already very tired, while Ouyang Xiujie only participated in two games today. He is in a very good state of mind, and going to the final in this situation is a huge unfair to George Han.

“How can this be? George Han is already very tired today. Why do you advance to the finals for no reason? It is already ten o’clock in the evening.” Wang Mao retorted angrily.

The person in charge glanced at Wang Mao disdainfully and said: “This is our decision. What qualifications do you have to interfere, and the person who will participate in the competition is not you. Why are you jumping the wall so eagerly?”

At this moment. A sneer appeared on Qi Yiyun’s face. She could not understand why today’s competition system was so strange before, but now she has seen everything through.

Shangguan Heihei didn’t have a sudden incident at all, it was arranged by him a long time ago, even those opponents of George Han today. They were also deliberately arranged by Shangguan Black and White. They deliberately slowed down their pace, lengthened the time of the game, and consumed George Han’s mental state, in order to let George Han face the enemy Ouyang Xiuji in a tired state.

“This old thing. In order to win you, I really don’t have the old face.” Qi Yiyun said with a sneer.

George Han rubbed his temples with a wry smile. He didn’t expect that Shangguan Black and White would be so shameless and obviously unfair, but he could use it grandiosely.

“It’s a pity that no one except us would think that way. He wants to change the game date for the official status of the game in the Go world. Who would object?” George Han said.

Sure enough, just as George Han said, other people had no opinion on the sudden change in the competition system, but instead felt that it should be done as soon as possible to avoid delaying Shangguan's black and white rest time.

“Since Senior Shangguan has important matters, it is only natural that the finals should be held in advance.”

“Yes, we can't delay the affairs of senior Shangguan, and if there is no senior Shangguan in the finals, it will be meaningless.”

“If some people feel that they are powerless to fight, they can voluntarily withdraw. Anyway, they can't win Ouyang Xiujie.”

Listening to these words, Wang Mao was even more angry. George Han had already beaten Ouyang Xiujie once, and it was a simple matter to win the second time. But in such a situation that is disadvantageous to George Han, would he still pay? Wang Mao was not sure of winning.

Such obvious shady scenes, those people didn't notice it and didn't say anything, they even helped Shangguan speak black and white.

“I don't agree.” Wang Mao said.

“You don't agree. What kind of thing do you dare to delay Senior Shangguan.”

“If you don't agree, quit the game, no one will force you. Anyway, the champion should belong to Ouyang Xiujie. It doesn't matter whether you retire or not.”

At this time, Shangguan Black and White took Ouyang Xiujie out.

With an apologetic expression on his face, the old guy seemed to be a little guilty, and said to everyone: “Everyone. This matter is my official black and white, but tomorrow I do have something to do, so I have to go to the finals in advance.”

“Senior Shangguan, what are you talking about? How can your importance be compared to the competition?”

“Senior Shangguan, you are the dean of our Chinese Go world. How can a small game delay you.”

Several old guys in the state of licking dogs brazenly said to Shangguan Black and White, the traces of flattering were very serious, but they didn't feel ashamed at all.

Shangguan Black and White sighed deliberately and said: “If you really feel unfair, then I will let Ouyang Xiujie withdraw from tomorrow's game and let you win the championship, how about it?”

Chapter 245

Shangguan Black and White's trick seems to be a concession, but in fact it is to retreat, because he knows that even if he agrees, other people present cannot agree to this situation.

With his status in the Go world, Ouyang Xiujie, as a closed disciple, is regarded as the future star of the Chinese Go world and can provoke the backbone of the Go world. Even in the international arena to win glory for China, how can they accept to let Ouyang Xiujie retire and let George Han win the championship?

“Senior Shangguan, this can't be done.”

“Yeah, that's not good. Ouyang Xiujie can win the championship. How can he retire?”

“George Han, if you don't want to play in the finals now, just retire on your own initiative. Even if you win a cheap championship, you won't be able to get our approval.”

“The nameless junior, we all know that you will not be Ouyang Xiujie's opponent, do you have the face to win this champion?”

“If the Basin City Go Association takes away the championship in this way, it will be a big joke. What's the point of a champion who is not recognized by others.”

Everyone was chattering. The crusade against George Han, who hadn't spoken from beginning to end, seemed to have caused the adjustment of the competition system due to Shangguan's black and white. At this moment, it was all George Han's fault.

Qi Yiyun's mentality is very tolerable. But facing this kind of unfairness that has nothing to do with me, my heart is very dissatisfied.

The reason these people helped Shangguan Heihe to speak was only because Shangguan Heihe's position in the Go world had nothing to do with Ouyang Xiujie's strength, and even they chose to ignore George Han's ability.

“Actually, I don't value this competition at all. If he doesn't dare, everyone shouldn't force it. I just quit.” Ouyang Xiujie said with a smile on his face.

As soon as Ouyang Xiujie seemed to really want to abandon the game, those people became more anxious and burned their crotch with the fire one by one.

“George Han, can you compare? If you can't compare, just get out.”

“If you don't want to do it now, give up quickly and don't delay our time.”

“Ouyang Xiujie is Shangguan's apprentice, you'd better be a little self-aware.”

George Han, who became the target of the public, was forced to the forefront of the storm. Facing the inexplicable accusations from everyone, he was not only not angry. A smile appeared on his face instead.

Before, he was still worried about how he could play against Shangguan in black and white, but now, the opportunity seems to have come to the door.

“I don't care about the champion of this competition, because I have never regarded Ouyang Xiujie as an opponent, and he is not worthy.” George Han said.

When this word came out, it undoubtedly angered everyone again.

“Damn boy, do you know what you are talking about, you are not worthy of being Ouyang Xiujie's opponent.”

“You are just an unknown person. Ouyang Xiujie is the apprentice of Shangguan Senior.”

“The frog at the bottom of the well, do you know Ouyang Xiujié’s position in the Go world?”

“Oh?” George Han raised his eyebrows and looked at those who were talking, and asked: “Look at what you mean, this time the game is not better than anyone’s Go skills, but better than status? He is Shangguan’s black and white apprentice. , So he should take the championship for granted?”

“Nonsense, what we mean is that you can’t match your status and your strength.”

“This kid, are you deliberately trying to discredit Senior Shangguan’s reputation?”

George Han looked calm and calm in the face of everyone’s crusade. There was a faint smile on his face.

When Qi Yiyun saw this scene, his eyes were a little blurred, his figure suddenly seemed to become stalwart, standing still in the violent wind and waves, it seemed that nothing could shake him.

This calmness is definitely not something ordinary people can have.

“I agree to go to the finals immediately, but I have one request.” George Han said.

“Just you, what qualifications do you have to ask for.”

“I really used myself as a role, is there any place for you to speak here?”

“In front of Senior Shangguan, what are you asking for?”

George Han said this to Shangguan Black and White. But Shangguan Black and White hadn’t spoken yet, and the others were eunuchs who wanted to die in a hurry.

“This is a matter between me and Shangguan black and white, what qualifications do you have to talk about, don’t you just shut up and watch the excitement?” George Han said coldly.

“Let’s talk about it, what do you want?” Shangguan asked Black and White.

“After I win Ouyang Xiujie, you must compete with me.” George Han said.

Those who watched the excitement heard these words, one by one was filled with righteous indignation, Shangguan Black and White never easily participated in any competition. His current position, as long as he appears, is a benchmark in the world of Go, and he does not need to use his strength to prove himself.

And above the official black and white level. How can you play against an unknown person casually?

“Arrogant, you dare to challenge Senior Shangguan.”

“What qualifications do you have to play against senior Shangguan? What kind of stuff are you.”

“To be able to fight against the seniors of Shangguan, you must be an international master. You also don’t weigh your own status.”

George Han sneered and said, “You trash shut up, you have a relationship with you, let you shut up and watch the fun, whoever talks too much, I will blow his mouth.”

This explosion echoed in the venue, and everyone was dumbfounded and silent.

Qi Yiyun smiled. A shock the audience, he forbore like a dormant tiger, but once he opened his blood basin and showed his fangs, he could shock the audience.

“You... why are you talking so loudly to frighten us old men, can you afford it?”

“We just kindly remind you that if you challenge Senior Shangguan recklessly, you are the one who is ashamed.”

God damn kindly reminded.

George Han couldn't laugh or cry. These old things really live a long time, and their faces are not comparable to ordinary people.

But he didn't want to care about these old things. The purpose of coming to Fuyang this time was to win against Shangguan Black and White.

“Do you dare?” George Han asked, looking directly at Shangguan Black and White.

Shangguan Black and White did not expect that George Han would provoke him in public. Although he was not an overwhelming victory last time, the final result was that he won. Shangguan Black and White was not worried about losing, and George Han was in his current state. Even dealing with Ouyang Xiujie is difficult, let alone him.

“As long as you can beat my apprentice, it has nothing to do with you.” Shangguan Black and White said.

Hearing this answer, George Han smiled with satisfaction.

His current state of mind is indeed not the best. But thinking of Amelia Su, the adrenaline soared, even if the fight all night is not a problem.

“Xiu Jie, remember what I told you. Try to delay as much as possible. Only when he can't support his spirit will you have a chance to beat him.” Shangguan Black and White reminded Ouyang Xiujie.

Ouyang Xiujie smiled. Today's game is over and he has already slept to replenish his energy. In terms of spirit and concentration, he has an absolute advantage. If this is the case, he can't win. George Han, how could he be worthy of being Shangguan's apprentice?

"Master, don't worry, so much has been arranged for me, I will never let you down." Ouyang Xiujie said.

Shangguan nodded his head in black and white, not too worried about the next finals. Although Ouyang Xiujie lost last time, the situation is different this time. After 12 o'clock, the battle line is stretched and Ouyang Xiujie's winning rate will be the largest. Improve, even if George Han is great, but he is a man after all, how long can he hold on after a whole day of competition?

This kind of unfair game, if you change to someone else, you will definitely be criticized, but the status of Shangguan is different. It is because of this that he dares to adjust the game time casually, and he has a back hand. As long as the game is unfavorable for Ouyang Xiujie, there are still assassins to use.

"How are things going." When the game between George Han and Ouyang Xiujie started, Shangguan dialed a number in black and white.

"Don't worry, the person has been arrested, do you want me to let her call you twice." said the voice on the phone.

Shangguan Black and White smiled coldly and said, "Take good care of me. Don't hurt her without my order."

After hanging up the phone, Shangguan Black and White sneered and said: "George Han, chess is like life. If you don't want to be manipulated, you have to be strong. It's a pity that you are like a maggot in my eyes. If you are a married son-in-law, you should go down well and grab the limelight."

Chapter 246

Cloud City.

In a foul-smelling room, Amelia Su and Shen Lingyao were tied up in a corner and thrown into the corner. Cockroaches crawled on the two of them. They were gagged, and tears fell straight.

After Amelia Su got off work, the two met to have dinner together, but as soon as they walked out of the restaurant, they were forcibly taken into a van and then locked up here, without even knowing what was going on.

The room is not big. In addition to the rubbish piled up everywhere, there is also an ordinary wooden table. At the moment, sitting next to the wooden table is a man full of flesh, wearing a mask and tattooing a devil face on his back, looking very horrible.

Drinking wine, eating peanuts, turning his head from time to time to look at Amelia Su and Shen Lingyao.

“You two, look pretty. It would be great if I could play with Lao Tzu. It’s a pity that the employer said that it can’t hurt you. It’s a pity.” He wears a mask, only his eyes, nose and mouth are exposed. From the look in his eyes, one could see that he was very sorry. The two beautiful women were in front of him, but they couldn’t even move their fingers.

Hearing these words, Amelia Su was relieved, as long as they don’t move them. If you are just asking for money, this matter is simple.

At this moment, a person walked in outside the room, petite, and also wearing a mask. After entering the door, they watched Amelia Su and Shen Lingyao swallowing droolingly.

“Boss, these two people, can I play?” He deliberately lowered his voice and changed his original voice, appearing extremely careful.

“No, your kid put away bad thoughts for Lao Tzu and hurt them. If you can’t get the money, I’ll f*cking kill you.” The tattooed man said sharply.

The small man nodded reluctantly, but his coveted eyes did not change at all, but he seemed to be more interested in Shen Lingyao, and his eyes paid more attention to Shen Lingyao.

“Yes, boss, money is still important. With money, what kind of woman doesn’t have.” The little man said repeatedly.

The tattooed man sighed and said, “Money can get most women, but this one can’t be done by money.”

The tattooed man pointed to Amelia Su and asked, “Do you know who she is?”

The little man’s eyes are strange. With a little smile, he seemed to know Amelia Su, but he deliberately asked, “Boss, who is she?”

“Basin City Su Family, Amelia Su, you don’t even know, your kid is too ignorant, she married a wimp, but it made a sensation throughout Basin City.” The tattooed man said.

The little man suddenly realized that she said, “It turns out that she is Amelia Su. I heard that she hasn’t been played with by the housewife. Boss, don’t you try? Look at these legs. They are long and white. How attractive what.”

The tattooed man was so tempted by these words that he looked at Amelia Su’s legs specifically, and it was indeed fascinating.

But he was still sensible, and he didn't dare to forget Shangguan's black and white warning. Otherwise, he wouldn't get any money. He didn't do this for women.

Seeing that the tattooed man hesitated, the little man continued to say: "Boss, such a beautiful woman, it's not a pity, and her man is just a waste, and she won't have any trouble with her, such a good opportunity. Are you going to miss it?"

He seems to have some kind of hostility towards Amelia Su, and hopes to see Amelia Su fall into the hands of the tattooed man.

The tattooed man stood up suddenly, kicked the little man, and said angrily: "*You fcking don't give me ecstasy, what do I want to do, is it your turn to point me? Go to your mother's dog stuff, fck her, who the f*ck will give me money.*"

The little man curled up on the ground, trembling with pain, and said again and again: "Sorry brother, I just talked casually."

The tattooed man took his last sip of beer and said cursingly: "I'm going to vent the fire first, you show me well, warn you, don't touch them. Otherwise, I will kill you."

After speaking, the tattooed man left the room.

Sitting on the stool, the little man felt a burning pain in his lower abdomen, and it took him a while to relieve himself.

At this time, the little man turned his back to Amelia Su. This figure made her feel familiar, but she couldn't remember who it was for a while.

Suddenly, the little man stood up and walked towards Shen Lingyao.

In contrast to Amelia Su, Shen Lingyao was slightly inferior in both appearance and figure. But he was very interested in Shen Lingyao.

“I can’t move you, it’s okay to touch it.” The little man said with a lewd smile.

When Shen Lingyao felt his hands walking on his legs, he kept struggling, but his hands and feet were all tied together and couldn’t shake at all. He can only let his salty pig hands go crazy.

“The skin is still pretty good, you’re a bitch woman, it’s not uncommon for people to get fucked.” The little man’s eyes clearly had a strong desire, and his hands had reached Shen Lingyao’s belly.

“Do you want to talk?” The little man finished speaking, and pulled off the tape from Shen Lingyao’s mouth.

Shen Lingyao looked at the little man with fear. Said: “Please, let us go.”

“Let it go? I don’t have such qualifications, but if you are willing to play with me, I can take the risk and think about it. Are you willing?” said the little man, holding Shen Lingyao’s chin.

Shen Lingyao kept shaking her head. She was not such a woman. Although she had been in love a few times, she only had a relationship once.

It was an encounter with a scumbag, since then. Shen Lingyao has learned to cherish herself, no matter how nice her boyfriend is, she will stick to her position.

“I’m not the kind of person you think. If you want money, I can give you, I can give you everything.” Shen Lingyao said.

“Money?” The little man squeezed Shen Lingyao’s chin, and sternly said: “I want money, and I want people, do you dare to agree?”

“Your boss said that you can’t move us. Did you forget?” Shen Lingyao said.

The little man gritted his teeth and unwillingly let go of Shen Lingyao. Although he had an urgent desire to vent, but the tattooed man did not dare not listen.

“I’m going to smoke a cigarette. If you f*cking dare to scream, I will kill you.”
The little man threatened, and then walked out of the room.

Outside the room, the little man took off his headgear, revealing his original face with a hideous expression.

Harry Su!

Was kicked out of Su’s company’s bereaved dog by Amelia Su.

There is no company. Harry Su’s life was very difficult. He was at the bottom of the society. He became a errand boy with a tattooed man who licked his blood. This time he ran into this incident. It was completely beyond Harry Su’s expectations, but for him, this was a good thing, but it was a pity that tattooed men would rather go to the street to play with women with dozens of dollars to vent their fire than to touch Amelia Su. This makes him very unwilling.

If it weren’t for the blood relationship, Harry Su would have liked to give George Han a green hat. If it weren’t for George Han and Amelia Su, how could he have fallen to this end!

For Harry Su, his biggest wish is to get revenge and return to the company, but now it seems that this is almost impossible.

“It’s so cheap for you, how can I swallow it.” Harry Su gritted his teeth.

Throwing away the cigarette butt, stamped it out severely, put on the hood again, and returned to the room.

Walking directly to Amelia Su, Harry Su said, “Kneel me down.”

Amelia Su looked blank, wondering why he did this.

Just when he was at a loss, Harry Su grabbed Amelia Su's hair, slammed it against the wall, and said, "I asked you to kneel, don't you understand?"

Amelia Su's head was stunned, and Shen Lingyao quickly said: "Why do you want her to kneel, we have no grudges, you want money, just give it to you."

Harry Su smiled grimly, and actually kicked Shen Lingyao's chest, and said: "Bitch girl, it's nothing to do with you, don't f*cking give her a head, or I will have a hard time for you."

Shen Lingyao had difficulty breathing for a while due to the heavy blow to her chest, and could not speak, so she could only watch Harry Su force Amelia Su to kneel.

Seeing that Amelia Su seemed to have something to say, Harry Su also tore off the tape that was sealing her mouth.

"Who are you, I know, I must know you." Amelia Su said.

This sentence made Harry Su a little flustered, wearing a mask, and deliberately changing his voice, how could Amelia Su still recognize him?

"I just can't understand you like a bitch. We have never seen each other. How can you know me." Harry Su grabbed Amelia Su's hair, still a little uneasy in his heart, and simply sealed Amelia Su's eyes with tape.

Chapter 247

There is a huge gap between Ouyang Xiujie and George Han in the level of chess skills, so no matter how Ouyang Xiujie delays time or kills George Han's patience, the situation in the chess game is still George Han gradually occupying the peak.

This is the manifestation of the difference in absolute strength. No matter how Shangguan black and white calculates, no matter how slow Ouyang Xiujie's position is, he still cannot change the situation of George Han.

George Han looked like flying, while Ouyang Xiujie was thinking about it longer and longer. Because he was already at a disadvantage on the chessboard, he could only rely on delaying time and wait until George Han was completely exhausted before seeking a chance to comeback.

“Ouyang Xiujie, you have already lost. No matter how you delay the time, it is impossible to find a chance to comeback. This is the gap between me and you, not a fact that can be changed over time.” George Han fell. After that, he said to Ouyang Xiujie with a relaxed face.

Instead, Ouyang Xiujie. His expression became more and more serious, more and more nervous, and his expression was already a little tired.

“Don't be too arrogant, it's not always clear who wins. Why do you think you are going to win.” Ouyang Xiujie gritted his teeth.

George Han smiled lightly. Continue to say: “You are very clear in your heart that you can't beat me, and not only today, you can't beat me in this life, what about Shangguan's black and white apprentices? Didn't you see me the last time I played against him? Let's tell you the truth. Even if you master, I can win. What can you do.”

“You nonsense, how could you have won my master.” Ouyang Xiujie raised his head and looked at George Han angrily.

Shangguan Black and White is the dean of the Go world, and even the idol in Ouyang Xiujie's mind. He thinks he will have the opportunity to surpass Shangguan Black and White in the next ten or twenty years. How could George Han be able to do it now.

“You ask yourself, how big is the gap between you and me? Even though I have been tired for a day, now I still have the advantage. I will kill you like the last time.” George Han relaxed. After a comfortable fall, the situation becomes clearer and the advantages continue to expand.

“Don't try to disturb my mind. If you speak again, I will tell the referee.” Ouyang Xiujie sank. George Han was deliberately disturbing his thoughts and almost fell on George Han.

George Han smiled faintly. Stop talking.

Those who watched the excitement watched the battle between the two on the big screen, so they couldn't hear their dialogue, but the format of the chess game had already explained everything, even if George Han was tired, he still had the upper hand. This made them have to re-examine George Han's strength.

“He won't really win Ouyang Xiujie.”

“It seems that there is indeed such a possibility. This is just a mid-range game. He already has an absolute advantage.”

“Is this young man also a disciple of a certain master, otherwise, how could he be so good at a young age.”

“This time he and Ouyang Xiujie have become the hottest topic in the game. I don't know who made it deliberately. Maybe there is something we don't know behind this. I'm afraid this game is not simply winning or losing.”

From looking down on George Han to beginning to take George Han's powerful strength seriously, it took less than an hour for George Han to prove himself with his strength, so that these people did not dare to despise it any more.

Wang Mao's expression was very relaxed. After seeing George Han gain the advantage, he knew that there was no need to worry about the outcome of this round. With George Han's strength, there was still a good situation, Ouyang Xiujie did not make a comeback. Possibility.

"George is really amazing. I don't know where he has learned from at such a young age. If I want to come to his master, he should be a very good person." Wang Mao sighed. In addition to talent, he also needs a strong leader. In Wang Mao's view, George Han possesses such a strong strength at such a young age. In addition to his talent, there must be a particularly powerful master.

"How many chances does he have to win Shangguan Black and White?" Qi Yiyun asked Wang Mao. The result of the current game has almost been seen, so Qi Yiyun is even more looking forward to waiting for the game between George Han and Shangguan Black and White. If he really does If he can win against Shangguan Black and White, he will surely be a blockbuster in the Chinese Go world.

Wang Mao shook his head and said: "I am afraid that only he himself knows how many opportunities there are, but he and Shangguan Black and White once had a game and lost by a small gap."

Qi Yiyun gathered her two beautiful eyebrows together, and lost with a small gap. Therefore, for her, this is not an expression of George Han's strength.

Qi Yiyun's attitude towards things is extremely extreme, losing is losing, winning is winning. I have never cared about losing more and losing less, losing small and losing big.

“I can feel the strong self-confidence he has shown. In terms of his character, since he can challenge Shangguan’s black and white, I must be more than 50% sure.” Qi Yiyun said.

When Wang Mao heard these words, the smile on his face grew stronger.

Winning Ouyang Xiujie, the Cloud City Go Association can enjoy the championship honor.

But if you still win the Shangguan Black and White, then the Cloud City Go Association will definitely become the most prominent place in the Chinese Go world. I think there will be many pilgrims in the future. Just think about that scene. Wang Mao was happy in his heart.

“Hey, this old bone of mine has to be envious. I have such an achievement at a young age. I think I was just a chess player who was running into a wall at his age.” Wang Mao exclaimed.

“Ordinary people, even if they are talented, don’t have the opportunity to improve their chess skills. It seems that besides his talent, there are some unknown things.” Qi Yiyun asked casually.

Wang Mao’s heart was shocked. Regarding George Han’s identity, Thomas Tian had mentioned some vaguely. Although his words were vague, it showed that George Han did have a very powerful family background. Wang Mao could hear that Qi Yiyun was inquiring about Han. Three thousand details.

But even Thomas Tian didn’t dare to say anything casually. How could Wang Mao make any nonsense, and for him, as long as George Han can fight for the glory of the Basin City Go Association, as for who George Han is, it doesn’t matter. important.

“Perhaps, what I know about him is only the son-in-law of the Su family.” Wang Mao said.

Qi Yiyun smiled without leaking her expression. She just asked casually. She didn't expect to learn George Han's true identity from Wang Mao's mouth, and it should be impossible for a person like him to know.

Seeing that the situation on the chessboard is becoming more and more unfavorable for Ouyang Xiujie, if this continues, no matter how long the delay is, Ouyang Xiujie will not be able to win. Those who watched the excitement began to worry.

Because they hope Ouyang Xiujie can win. After all, he is Shangguan's black and white apprentice. Only if he wins can he hold his honor, if he loses. Not only will he be sorry for his reputation, but it will also smear Shangguan in black and white, which is something that no one wants to see.

Shangguan Black and White is in their hearts, like a god, and a disciple of god. How can you lose?

“Don't worry, look at the expressions of Senior Shangguan, he has a full-fledged look, maybe Ouyang Xiujie has a killer skill.”

“Yes, even Senior Shangguan is not in a hurry. What are we anxious about? In my opinion, Ouyang Xiujie deliberately sold some advantages to George Han, and then counterattacked to comeback. After all, he simply won George Han. He can't show his strength. Only a headwind can prove his strength.”

“It must be the case. This is to make George Han lose subduedly.”

Everyone's self-confidence is in stark contrast with the suffering Ouyang Xiujie at this moment. Who could have thought that Ouyang Xiujie's mood at this moment was almost about to collapse?

It was nearly twelve o'clock, but George Han's state was still very brave, but he gradually felt weak. In this situation, Ouyang Xiujie had almost seen the outcome.

George Han was so powerful that it surpassed Ouyang Xiujie's imagination. All the calculations they had made were crushed like a shattered mirror in front of their strength.

At this time, the SMS ringtone on George Han's mobile phone suddenly rang.

At this point in time, why would anyone send him a message?

While Ouyang Xiujie deliberately delayed the placement time, George Han took out his mobile phone.

Chapter 248

What came from the mobile phone was not a text message, but a picture.

The picture shows Amelia Su and Shen Lingyao who were tied up by the big five flowers. From the picture alone, they seem to be thrown in the garbage dump. However, from the background details, it can be seen that this is a room, but a very messy room. That's it.

The photo caused the hostility in George Han's heart to burst out instantly, and Ouyang Xiujie, who sat opposite him, felt a chill inexplicably, and his whole body trembled unconsciously.

When George Han raised his head. When looking at Shangguan Black and White, Shangguan Black and White looked at him with a smile on his face.

"Referee, I request a few minutes of rest, I need to go to the toilet." George Han said to the referee.

The referee has long been bought by Shangguan black and white. George Han is uncomfortable and it is beneficial to Ouyang Xiujie. How could he agree to George Han's request?

"No, you can't pause in the middle of the game. If you can't hold back, you can abstain." The referee said with a smile.

With such blatant targeting of George Han, except Wang Mao and Qi Yiyun at the scene, everyone else did not think there was any problem. Because they felt that now was Ouyang Xiujie's chance to fight back, how could George Han interrupt it?

At this moment, Shangguan Black and White stood up and said to the referee: "He is also a little tired after a day of comparison. It should be a rest for him to go to the toilet."

“Senior Shangguan is really generous. At such a critical time, he actually gave George Han the chance to go to the bathroom.”

“I can already feel that Ouyang Xiujie will slowly start to exert strength. Being interrupted at this time is not good for Ouyang Xiujie. I didn’t expect Senior Shangguan would not care.”

“Senior Shangguan is really a role model for my generation.”

“Senior Shangguan must have confidence in Ouyang Xiujie’s assassin. The real game is finally about to begin.”

Shangguan Black and White is indeed very sure, but the assurance does not come from Ouyang Xiujie’s strength, but the photo. He believes that George Han should know what to do next.

Shangguan Black and White, who has used shamelessly to the limit, has also been praised by everyone. It has to be said that status is a good thing. If you change to another person, I am afraid that you will already be disdainful.

George Han, who came to the toilet, dialed Amelia Su’s number. But the phone has been turned off.

The same was true for Shen Lingyao.

George Han, who was short of breath and angry, made the last call to Lily Jiang.

Lily Jiang was already in her sleep and was awakened by the phone, with an angry expression on her face, but when she saw George Han’s caller ID, her expression suddenly eased.

“Three thousand, why call me so late?” Lily Jiang asked suspiciously.

“Mom, is Amelia at home?” George Han asked.

“She had an appointment with Shen Lingyao for dinner today, it may be because you are not at home, so she went to Shen Lingyao’s house.” Lily Jiang said.

“Okay, I see, you can go to sleep.”

George Han hung up the phone, and the killing intent was released like a storm.

“Old stuff, in a game, you even threatened me with Amelia Su. If you want to win, I will give it to you. I hope you can withstand my revenge.”

George Han returned to the arena with a cold face. At this time, his expression became extremely cold.

“I feel that something is wrong with him suddenly.” Qi Yiyun saw this situation and said to Wang Mao.

Wang Mao also noticed a slight change. Why did he come back from the toilet, as if it were a different person?

“No matter what, as long as you can win.” Wang Mao suppressed the premonition in his heart and comforted himself.

In the next move, George Han was faster, and without even thinking about it, he tried his best, but the ten eyes ruined the good situation, and the victory of the sky gradually tilted towards Ouyang Xiujie.

Wang Mao and Qi Yiyun frowned, this was definitely not a mistake that George Han’s strength could make, this kind of situation. Even if it was Qi Yiyun, she would be able to win Ouyang Xiujie, but George Han kept digging his own grave and let him step into the abyss step by step.

I was inclined to those who Ouyang Xiujie would win. At this time, they started to get excited. They didn't care why George Han suddenly changed so much, they just thought that Ouyang Xiujie had come up with a killer skill, so they forced George Han into chaos.

“Let me just say, how could Ouyang Xiujie lose? It turns out that he really only deliberately gave George Han.”

“This unknown person can experience Ouyang Xiujie's power now, see if he dares to be arrogant.”

“It seems that he is playing on behalf of Basin City. This time I have to leave a joke for Basin City. It is embarrassing that Ouyang Xiujie will let him still lose like this.”

As the chess came to an end, George Han was defeated and eventually lost the game.

Ouyang Xiujie stood up as a victor and said proudly: “I have been enough to let you, but I didn't expect you to lose. I can't blame me.”

George Han looked at Ouyang Xiujie coldly and said, “Do you still have such good luck next time?”

Ouyang Xiujie smiled coldly and said loudly: “He actually said that I beat him, it's just good luck.”

When people watching the excitement heard these words, they all showed disdain at George Han.

“Ouyang Xiujie made such an obvious concession, can you still pretend that you don't know anything?”

“The young people nowadays are really shameless. If you lose, you lose. This is a gap in strength, and they don’t even admit it.”

“Fortunately, I am not from Basin City, so I don’t have to be ashamed of following you. Fortunately.”

“Get out, don’t be ashamed here.”

Shangguan Black and White stood up, raised his right hand slightly, and those who were talking fell silent.

“Since you can’t even win with my apprentice, you are not qualified to play against me. Are you right?” Shangguan Black and White’s interrogative sentence clearly wanted George Han to admit this fact himself.

George Han took a deep breath and said, “Yes.”

“Hahahahaha.” Shangguan Black and White laughed triumphantly and said: “Young man. I teach you this precious lesson for free, so that you know that you can’t be too arrogant, otherwise you will end up like this. Be in the eyes of others A joke, but I’ll give you this class for free, not your tuition.”

“Then I really want to thank you.” George Han said.

Shangguan looked like a senior, shook his head and said, “Teaching juniors. This is what I should do. After all, the Chinese Go world still has to rely on you young people to support it. Unfortunately, you are too high-minded. Haughty, self-esteem is very high, there is no self-knowledge at all, even want to challenge me, so in my eyes, you are not worthy to support the future of the Go world.”

Shangguan Heihei’s remarks were clearly suppressing George Han. After all, there were so many people in the Go world present at the scene, and these remarks were undoubtedly banning George Han.

He wanted to prevent George Han from appearing in any games in the future.

“Are you scared? Afraid that I will meet Ouyang Xiujie in future matches?”
George Han sneered.

“You kid, you are so arrogant after losing, will Ouyang Xiujie be afraid of you as a trash?”

“Senior Shangguan is too right. You have no self-knowledge at all. The Go world doesn’t need a blind and confident person like you.”

“I suggest that you block him later and deprive him of any competition.”

A group of people followed up and wanted to block George Han, and some even described George Han as a cancer in the Go world, because playing chess is a gentleman, and George Han is obviously not worthy of the word gentleman.

“I didn’t mean to block you, but the eyes of the masses are sharp.” This was the result that Shangguan wanted from black and white, so he was very happy to see this scene.

For George Han, Go is just a side course for self-cultivation. He never thought that he would have an honor in the Go world. For him, this is an interest, but there is a full interest.

“Shangguan Black and White, next time I meet, I want you to pay for what you did today.” George Han finished speaking and left the playing field.

Upon seeing this, Wang Mao and Qi Yiyun quickly followed.

In addition to the flattery of Shangguan Heihei and Ouyang Xiujie, the competition was mixed with insults to George Han. This group of self-proclaimed gentlemen spoke foul language and had a lofty attitude.

“George, what’s the matter, why did you suddenly make so many faint moves?”
After walking out of the playing field, Wang Mao asked George Han puzzled.

George Han did not answer this question, but said: “Book the fastest ticket, I want to go back to Basin City.”

Chapter 249

In the hotel room, Wang Mao had already booked a plane ticket. Qi Yiyun was very helpless when facing the silent George Han. She couldn't understand why it was just going to the bathroom and George Han would deliberately lose the game.

Yes, it was a deliberate loss of the game.

Out of blind trust in Ouyang Xiujie, those people did not want to see George Han's deliberate fainting. I would rather believe that it was Ouyang Xiujie's killer that drove George Han into chaos, but Qi Yiyun could see clearly that with George Han's strength, it was impossible to lose.

“You lost the game, can you imagine what the people of the Basin City Go Association would do to you?” Qi Yiyun said to George Han.

“Those rubbish, I have never looked into what they will do to me. Does it matter?” George Han said with disdain, he knew that after returning to Cloud City, he would definitely be scolded by those members. But does it matter?

In George Han's eyes, winning or losing the game is not important, only Amelia Su's safety is important.

If those old guys have to trouble him, he doesn't mind letting Basin City make a big change.

“Your reputation in Basin City was originally not good. Now that you lose the game, you will be treated as a waste.” Qi Yiyun is very upset for George Han, because this is an opportunity to get rid of the wasteful reputation, and George Han can be done, but he chose to lose the game.

George Han shook his hand indifferently. The three words “wasteful” seemed to others to be humiliating, but to him, there would be no harm.

Is it useless? As long as he knows, Amelia Su knows it. George Han has never cared about the opinions of outsiders.

“Do you think I care about this?” George Han said lightly.

“Then what do you care about?” Qi Yiyun asked.

“Amelia, only Amelia is qualified to let me care.” George Han said.

Amelia Su?

As Amelia Su’s husband, he cares about what Amelia Su should be, but what does the game have to do with Amelia Su? And Amelia Su also hoped that he could win.

“Do you think Amelia wants to see you lose?” Qi Yiyun said, after saying this. She recalled that George Han just said that she cared about Amelia Su and she seemed to have other meanings, frowning and continuing, “What happened to Amelia?”

A trace of hostility flashed in George Han’s pupils and said: “She and Shen Lingyao were arrested.”

Hearing these words, Qi Yiyun suddenly became furious. Although she said that she could turn her face for George Han and Amelia Su, she has not yet come to the point of tearing her face. Amelia Su is still her best sister.

“Did Shangguan Black and White do it?” Qi Yiyun gritted his teeth.

“Who else can it be besides him? I will find an opportunity to make him pay for this old thing.” George Han said.

Qi Yiyun sighed heavily. It turned out that he lost the game because of Amelia Su. Although this ending is understandable, Qi Yiyun was dissatisfied.

The more George Han showed care for Amelia Su, the less likely she was to make George Han surrender. If the two people were better than Jin Jian, even if George Han passed her test, she seemed to have no chance George Han brought back to the United States and asked George Han to work for the Qi family.

“Don’t you care if you endure the insult for Amelia Su?” Qi Yiyun asked.

“How about being scolded by the world?” George Han looked at Qi Yiyun directly and said lightly.

Qi Yiyun’s heart sank. She could feel that George Han cared about Amelia Su. It seemed that nothing in this world could shake George Han’s love for Amelia Su.

But Qi Yiyun does not believe in evil, men are all lustful animals, thinking in the lower part of the body, in front of her beauty and temptation, can he really sit still?

Moreover, what Qi Yiyun can give to George Han is something that Amelia Su can’t give.

It’s just a Su family, not even an ant in front of the Qi family.

Men pursue female s*x, but also yearn for rights and status.

“What can the Su family bring to you?” Qi Yiyun asked. This is a very irrelevant question, but for Qi Yiyun, it is very important.

“The world is at my fingertips. I can also give her the world. Do I need anything from the Su family?” George Han said lightly.

This sentence hit Qi Yiyun’s heart like a huge force. Is he bragging about the handy world? But looking at him, it seems that it is not just bragging.

A man can give the world to his own woman. How happy should that woman be?

Qi Yiyun could not imagine, but if George Han could really do it, she would find ways to replace Amelia Su.

This is Qi Yiyun's dream since childhood, dreaming of a man who can take her to the top of the world and overlook the scenery of the whole world.

"You..." Qi Yiyun hesitated, she wanted to tell George Han that she could help George Han get what he wanted. But she didn't understand George Han yet, and didn't know how capable George Han was, so she took these words back rationally.

"You can use these words to deceive a little girl." Qi Yiyun said.

Qi Yiyunxiang did not believe that it was not important to George Han. He only needed to walk step by step on this road, taking Amelia Su to enjoy the brighter scenery.

"I'm going to rest." George Han said.

Qi Yiyun didn't miss it even after being ordered to chase away. Very happy to leave George Han's room.

Back in her room next door, Qi Yiyun couldn't sleep for a long time. George Han's words were like a curse, constantly echoing in her ears, making her feel that George Han didn't seem to be joking. She had a strong urge to squeeze Amelia Su away.

However, she knew that it was not the time yet to verify George Han's true ability. All this was empty talk.

"Do you know what the most beautiful gift is?" Qi Yiyun said to the empty room.

After a while, Dong Hao's voice came: "As long as the lady wants it, even if I try my best, I will help the lady get it."

Qi Yiyun smiled contemptuously and said: “There are some things that you won’t get even if you fight for your life, because you are not qualified at all.”

“Miss, what do you want. Dong Hao must bring it to you.” Dong Hao said unconvinced.

“The whole world, can you do it?” Qi Yiyun said.

Donghao is silent, the whole world! This is no longer something that the word gift can summarize, even if he has very strong strength. Nor is it qualified to say such a thing.

“Miss, those who say this are just bragging.” Dong Hao said after a long time.

Qi Yiyun was lying on the bed. Reluctant to close her eyes, as if she could see the whole world before her eyes.

“If you can’t do it, it doesn’t mean that others can’t do it. Perhaps, he really has such an ability, let us wait and see.” Qi Yiyun said lightly.

Early the next morning, the three of George Han boarded the plane back to Basin City.

At this moment, the Go Association in Basin City became angry when they learned that George Han had lost the game.

They thought that they could use George Han to welcome the summer game to make the Basin City Go Association famous, but now, George Han not only lost the game, but also lost under Ouyang Xiujie’s concession. For them, it is a shame.

“This damn George Han lost, and let us lose face with him.”

“We shouldn’t believe this wastefulness, Ouyang Xiujie is so easy to win, he is Shangguan’s black and white apprentice!”

“This time we are stunned with him, how can we swallow this breath.”

“Hard breath? It’s almost the same unless I’m dead, I have to breathe it out.”

“Hmph, since he has made us shame, don’t think about the Su family’s company. We join hands and he doesn’t even have a chance to eat soft food.”

“That’s right, this waste caused us to lose face, we let him lose his job.”

Everyone expressed strong hostility towards George Han. In their hearts, even if George Han won the game, it was nothing but a waste of their hands. After all, George Han refused to participate. They came out and made George Han have to agree, and now that George Han has lost the game, how could they easily let George Han go.

Chapter 250

Tianjia Villa area.

Thomas Tian sat in the living room and heard that George Han had lost the game. He was very puzzled about this matter. The last time George Han and Ouyang Xiujie played against him, he could see clearly, even the difference in strength between the two. He, a layman, can also see that, logically speaking, this game should be a good one for him. How could he lose it?

Miss Jingzhou?

With George Han's character, how could he make such a low-level mistake.

The tea is already boiling. But Thomas Tian didn't notice it at all, until Tian Linger approached and said, "Grandpa, what do you think, so absorbed, the water is boiling."

"Ah." Thomas Tian regained his senses, glanced at the teapot with white eyes, and nodded quickly: "Oh, I almost broke a pot of good tea."

Tian Linger, dressed in loose home clothes, concealed her beautiful figure, and sat opposite Thomas Tian. Asked: "What can make Grandpa think so engrossed?"

Thomas Tian didn't want to mention to Tian Ling'er about George Han's affairs, because the pretend encounter at Yunding Mountain last time made Tian Ling'er sad again, but for George Han he lost the game. This issue. Thomas Tian felt too strange, so I couldn't hold it back.

"Linger, George Han lost the game." Thomas Tian said.

“Who did you lose to?” Tian Linger asked in surprise. Thomas Tian said about this. There is absolutely no problem with George Han winning the championship, how could he lose.

“Ouyang Xiujie.”

Tian Linger frowned and muttered, “Didn’t Grandpa say that he easily won Ouyang Xiujie, how could he lose.”

“Yeah, I am also feeling strange, why did I lose.” Although this matter has nothing to do with Thomas Tian, George Han won’t embarrass him if he loses, but Thomas Tian feels that this is not at all. Possible thing.

“Huh.” Tian Linger snorted coldly, and said: “It must be that he was too bloated and didn’t put Ouyang Xiujie in his eyes, so he overturned the boat in the gutter. This arrogant guy has stumbled.”

Tian Linger seemed to have fallen into trouble, but Thomas Tian could feel that this little Nizi’s real thoughts were not like this.

“Linger, he lost this time. Back to Basin City, those members of the Go Association won’t let him go.” Thomas Tian said.

Hearing these words, Tian Linger’s worries immediately surfaced on his face. After hesitating for a long time, he said: “Grandpa, although George Han lost arrogantly, he also learned enough lessons. People from the Go Association. , You can fix it for him. He lost the game. He must be sad enough. Why should he be blamed by those old guys.”

Thomas Tian smiled helplessly, her granddaughter’s mouth stopped, but she still thought for George Han’s sake. The last time she pretended to encounter it was a big blow to her, but she showed no sign of giving up.

“He can do it himself, grandpa’s move is just unnecessary.” Thomas Tian said.

“Hey, grandpa, you think of him too much. The group of people from the Go Association has a large company in Basin City, so how could he manage it by himself.” Tian Linger said with disdain.

Thomas Tian sighed inwardly. Tian Linger didn’t believe that George Han was capable of doing it, but this matter was destined to make her look at her with admiration. After two things, her good feelings for George Han would only become stronger and stronger. .

It’s a pity that Thomas Tian can’t hide the excellence of George Han.

Thomas Tian learned a little about Hillwood City’s Han family, knowing that George Han was not valued by the family. But the last time Nangong Qianqiu came to Basin City in person, it showed that the Han family had changed his mind. As for how he did it and what he did, Thomas Tian still doesn’t know.

But one thing is certain, it is worthy of Nangong Qianqiu to leave Beijing, this is the best proof of George Han’s strength.

“My dear granddaughter, you still underestimate George Han.” Thomas Tian said.

Tian Linger’s mouth slumped. What’s so great about him. Besides being able to play and play chess, isn’t he just eating soft food at Su’s house? It’s a real skill to rely on Amelia Su.

Basin City Airport.

Luxury cars parked vertically at the gate of the airport, and passengers, whether local or out of town, were surprised at this big scene. It was necessary to welcome what kind of big people to make such a big show.

Among the luxury cars, most are Bentley and Rolls-Royce. Some locals in Cloud City have discovered that these car owners are almost the backbone of the entire Cloud City business community. Except for a few more powerful people who didn't show up, everything else arrived.

“What's the situation? Who is going to pick up? Such a big move.”

“It should be the person who takes the heavenly family, except for the heavenly family. Who else is eligible for such treatment in Cloud City.”

“This kind of specification, at least the heavenly father, but I haven't heard of the old man leaving Basin City recently.”

Thomas Tian's name in Basin City is very loud, almost everyone knows it, but they also know that Thomas Tian has not left Basin City since he resigned as the chairman of Tianjia. How could it be Tian that these people picked it up? Prosperous.

Some passengers who should have left, stayed in place to watch the excitement. I want to see who is greeted by such a big pomp.

At this moment, a young man walked out of the airport with a young girl and an old man by his side. The doors of those luxury cars were all opened at the same time.

The scene is very shocking, after all, the total value of the luxury cars here is also tens of millions.

“Who is this young man who wants so many people to welcome him.”

“I haven't heard of it before. It's weird. Is it possible that it's a big man from outside?”

“It seems to me, you will know that this young man is not an ordinary person if you look at this young man’s extraordinary personality.”

The onlookers whispered. But the faces of the three who came out were not pretty, especially the old man Wang Mao.

These people who came in luxury cars were all members of the Basin City Go Association. Wang Mao could think of the reasons for their appearance with his toes.

George Han lost the game, discredited the Basin City Go Association, and embarrassed them. With the stubborn and proud attitude of these old things, how could he let George Han go?

“George Han, you are really good. If you refuse to accept us and force you to participate in the competition, you deliberately lose and let us follow you ashamed, right?”

“Miscellaneous, this is the stupidest decision you have ever made in your life. Go against us. Do you know the consequences?”

“If you don’t want to go, we won’t force you, but if you go and deliberately lose the game, then we are not in the eyes.”

Several people glared at George Han and accused George Han of plain expression, and didn’t even glance at these people.

Wang Mao learned from Thomas Tian that George Han was not easy to mess with. So he didn’t want to see the fate of these old guys after angering George Han, so he quickly came forward to make peace.

“There is a reason why George Han lost. After returning to the association, I will explain to you slowly. There are many people here. Let’s go back and talk about it.” Wang Mao said.

“Wang Mao, we treat you as the president, but it doesn’t mean that people like us will be afraid of you. You should be very clear about your status.”

“Don’t think that you are a president. We have to give you face and weigh our own weight.”

“For your face, you want us to let him go. It’s impossible.”

Wang Mao is highly regarded in Basin City because his Go skills have been recognized by many people. After these old guys live in retirement, there is no other way to pass the boring time, so they join the Go Association, but as they said, with their status, there is no need to give Wang Mao face.

Wang Mao didn’t expect that his friends for so many years would say such things. This meant that he was embarrassed by the public.

“Hmph, all right, do whatever you want.” Wang Mao snorted coldly.

“Let’s take a look. This is Basin City’s famous wimpy George Han. You should have heard of his name. Today, let you see his deity.” Someone said loudly to the onlookers. .

George Han’s reputation in Basin City is of course not necessary to say more. As soon as this was said, the crowd of onlookers suddenly laughed. He had heard many things about George Han, but he had never seen a useless deity, so today it is considered open Up the horizon.

“I didn’t expect him to be a wasteful person. It’s ridiculous. I thought he was here to pick someone up.”

“It seems that this uselessness has offended people, so I won’t talk about eating the Su family’s soft rice, and it has caused such a big trouble to the Su family.”

“Hey, it’s a pity that Amelia Su, a woman who marries such a useless man.”
