

## Chapter 251

Listening to the ridicule of George Han by the crowds, the person who had just picked George Han's identity was proud, and he felt very fulfilled by what he said just now. If it weren't for him, how could those people recognize George Han? Thousand's deity.

“George Han, you should be grateful to me. If it weren't for me, you'd only be famous, but now it's different. Soon everyone in Cloud City will know you.” The man said with a smile.

When George Han has not been humiliated. From the age of twelve, his life was no longer the attitude of a rich family. He was ignored by outsiders and looked down upon by his relatives. These cold-eyed mockery were nothing to him, even skin injuries.

After entering Zuosu's house, George Han no longer cared about what outsiders thought of him. He also said to Mary that the gentleman's possession was waiting for an opportunity. This was his deliberate forbearance. It is also to pave the way for greater ambitions in the future.

The current George Han is not only seeking to replace the Han family. He wants to find Han Tianyang. Even if Han Tianyang is really dead, he has to dig out the enemies of the Han family back then. To know how they treat Han Tianyang, George Han must make them pay for it!

Looking at everyone in the Go Association with cold eyes, George Han said only one word: “Go away.”

As soon as the word came out, all the people in the Go Association were stunned, while those onlookers were dumbfounded.

Who is he?

He is George Han, a famous wimp in Basin City.

And standing in front of him, the top big figure in Basin City business, he actually told these people to go!

“f\*ck, this George Han is going to die, he actually told these people to go.”

“He eats Amelia Su’s soft rice. Although Amelia Su is now the chairman of the Su family, what does the Su family count for these people?”

“They all say that they are arrogant. I didn’t expect him to be a waste of money. Now he is floating. He wouldn’t think that after Amelia Su became the chairman, he would be eligible to mess around in Basin City.”

“How could Amelia Su marry this kind of person? It’s useless, and it will bring big stuff to the Su family.”

The people watching the excitement shook their heads, and if they offend these people, can the Su family company have a good life? If Amelia Su knew about this, she would not know what she would think, would she regret not having divorced George Han earlier?

When everyone in the Go Association heard what George Han said, they were completely angry. They came to George Han to settle accounts. But George Han didn’t put them in his eyes and let them go!

“George Han, what are you, dare to let us go.”

“Believe it or not, I will be able to play Su’s company in a week, and then you will be a bereaved dog. Do you think Amelia Su is qualified to help you?”

“I don’t know what a dog thing is. Kneel down and apologize to us, otherwise, I can’t stop this matter.”

George Han glanced at everyone coldly. He had just returned to Basin City now, and he didn't know what was going on with Amelia Su. If he spends more money with these guys, he is afraid that it will delay the rescue of Amelia Su.

“Playing with you, I don't need a day.” George Han pushed everyone away and left in a big stride.

This move once again made everyone in the Go Association furious. The faces of several old people were green. They thought that they could accuse George Han high and trample on George Han's dignity at will, but the result was like this. Thousand ignores.

So many people watched, if George Han and Su's family were not allowed to pay, where would their old faces be.

“I want this kid to regret, and ask the Su family company to bury him.”

“Playing with us in one day, the young man now. Really arrogant. Since he likes to brag, let him see how we are.”

“I'm like to see if Amelia Su will kick out of the Su family after the Su family goes bankrupt.”

Based on the reasons of an old friend, Wang Mao, who has not left, kindly reminded: “I advise you to do more than less in this matter. There is no need to trouble yourself.”

“Wang Mao, if your Go Association hadn't been sponsored by us, it would have collapsed a long time ago. We don't need you to take care of our affairs.”

“From today, I will withdraw from the Go Association.”

“I also quit.”

“I also quit.”

When Wang Mao heard these words, he smiled, relieved.

If these old things don't remember old feelings, he doesn't need to treat them as friends.

“Okay, I will watch George Han banquet guests well, and watch your high-rise building collapse. Don't ask me for help then, because I can't help.” After that, Wang Mao turned and left.

After George Han and Qi Yiyun left the airport. Hurried directly to the magic capital.

“I'll take you home first.” George Han said to Qi Yiyun. Amelia Su still doesn't know about his other relationships in Basin City, and he doesn't want to be exposed so quickly, and Qi Yiyun is Amelia Su's sister. Qi Yiyun knew about this. She would definitely inform Amelia Su, so George Han did not plan to let Qi Yiyun go with him.

Qi Yiyun is a very smart woman. If George Han wants to find Amelia Su, he will definitely use the energy in the gray area. It is also because of this that George Han does not want her to go with her. He is worried that he will tell Amelia Su something she does not want. Whatever she knows, as long as George Han's concerns are resolved, she will be able to follow along.

“You are afraid that I should see something that I shouldn't. Then tell Amelia Su? Don't worry, I have seen you in the boxing ring, but I didn't tell her.” Qi Yiyun said.

Boxing field?

George Han was surprised, how could she know about the boxing field!

“Don’t be so strange, I was just curious about that place, so I went to look around, but I didn’t expect to meet an acquaintance.” Qi Yiyun smiled.

The boxing field is not a place where ordinary people would go. It was full of hostility, and it was the kind of place where hostile talent would go to vent, and Qi Yiyun looked at it from the surface. Just a very quiet woman, how can she be hostile?

Moreover, it seems a little weak to explain with curiosity. For a good girl, even if she has great curiosity in her heart, it is impossible to go to such a place.

“I didn’t expect you to have an unknown side. Should I know more about you?” George Han said lightly. He had investigated Qi Yiyun’s life experience before, and there was nothing strange about Qi Yiyun’s performance. It also made George Han feel extraordinary, and thinking about Qi Yiyun’s life experience, the less problematic it is, the more problematic it would make people think.

Why does a farming family suddenly go abroad to do business?

“If you want to understand me, I can give you a chance at any time.” Qi Yiyun said with a smile.

George Han stopped talking. Since Qi Yiyun knew about him in the boxing field, it wouldn’t be a big deal for her to go to the Demon Capital with her.

After arriving in the magic capital, Mo Yang. Lin Yongdao’s twelve and three people were all there, because they received a call from George Han yesterday and had already sent people across the city to inquire about Amelia Su’s whereabouts.

“How is it?” George Han asked directly after seeing Mo Yang.

“There is still no news about my younger brothers and sisters. It was monitored by Skynet. I saw them being taken away by a car. The driver should be very familiar

with the surveillance of various streets, and almost avoided all the surveillance cameras, so now he went That. It's not easy to find out." Mo Yang said, he was very anxious about this matter and tried his best to send out thousands of people, almost without rest all night, but unfortunately, he still got nothing.

George Han looked cold. This matter started because of Shangguan's black and white. If he just used this matter to coerce George Han into losing the game, then Amelia Su should be released now, but Amelia Su has not appeared now, this matter is obviously not easy.

"What the hell is going on, how could anyone kidnap younger brothers and sisters?" Mo Yang asked puzzledly. In his opinion, George Han shouldn't offend anyone, how could this happen.

"This is not important. The important thing is how I can find Amelia." George Han said solemnly, seeking revenge from Shangguan in black and white. This is necessary, but the matter of revenge will be long in Japan. At present, the most important thing is to ensure that Amelia Su Security.

"Don't worry, as long as the younger siblings are in Basin City, I will definitely be able to find out. Even digging three feet of the ground is fine." Mo Yang said.

At this moment, George Han's phone rang, and the caller's phone number displayed the word wife.

## Chapter 252

With George Han's heart shock, even if Taishan collapsed in front of him, he would not be shaken at all, but when he saw the caller ID of the phone, he was so nervous that his hands trembled slightly.

Seeing this scene, Qi Yiyun clenched his fists secretly. Just a phone call can make you so nervous? Why is your feeling for Amelia Su so deep!

Su family for three years. You have suffered so much humiliation, why do you still want to fall in love with Amelia Su, why do you still love so deeply!

As a man, can you really abandon all dignity for her?

In fact, it was not only George Han who was nervous, but Mo Yang rubbed his nose unconsciously. This was also a manifestation of his nervous movements.

Others may not be aware of George Han's feelings towards Amelia Su, but he has witnessed all this and watched it unimpeded for three years. Could this be something ordinary people can do?

“Quick answer, what are you still doing?” Mo Yang reminded George Han.

George Han took a deep breath. Press the answer button.

“I want a billion.” After the call was connected, a deliberately changed voice came from the other end.

“Okay, how can I make the transaction, how can I ensure that she is safe now.” George Han said without hesitation, let alone one billion. As long as Amelia Su is safe, what about tens of billions?

“Your trash husband wants to talk to you, so speak quickly.”

“Three thousand, I’m fine, don’t worry about me.”

Amelia Su’s voice came, and he could feel nothing unusual in his tone, which made George Han relieved.

“Now feel at ease. I will contact you again when the money is ready.” The phone ended directly.

George Han squeezed the phone into shape instantly, gritted his teeth and said to Mo Yang: “It’s Harry Su, find Harry Su for me!”

Harry Su deliberately lowered his voice and changed his voice, but for George Han, his tone was very familiar, with sarcasm and contempt. This was Harry Su’s consistent style. He had always been superior in front of George Han.

Amelia Su also mentioned before that Harry Su was kicked out of Su’s company, but George Han couldn’t figure out why Harry Su had contact with Shangguan Black and White.

This old guy kidnapped Amelia Su in order to let Ouyang Xiujie win the game. Now that the game is over, he should release Amelia Su, but the kidnapper is Harry Su. How could Harry Su, a down-and-out dog, easily let Amelia Su go?

Still in that room like a garbage dump, Harry Su was wearing a hood. The tattooed man had been killed by him, because he was unwilling to let Amelia Su go. He had a dispute with the tattooed man and accidentally killed the tattooed man. He now bears his life. , The only way Harry Su could think of evading responsibility was to leave China, so the lion opened his mouth to ask George Han for one billion.

And this one billion was carefully calculated by Harry Su. The current Su family company can spend so much money at the maximum. Of course, the money will mean that the company will go bankrupt, and Amelia Su, the chairman Existed.

He not only wants to take money, but also to report for recovery to welcome the summer, by the way, George Han will never have soft food to eat in the future.

“Chairman Su, the Su family is about to go bankrupt, what do you think?” Harry Su said to Amelia Su.

Amelia Su had felt that Harry Su was very familiar before. Although he was wearing a headgear to make people unable to see his appearance, his figure and back made Amelia Su more and more aware of flaws.

“Harry Su, the Su family will not go bankrupt. You will not get a billion.” Amelia Su said lightly.

Hearing Amelia Su directly calling her name, Harry Su’s figure flickered and stood up suddenly.

“Don’t get excited, I’ve guessed that you are Harry Su a long time ago, even if you don’t admit it, what’s the matter, and it’s uncomfortable to speak under your throat,” Amelia Su said.

Harry Su took a few deep breaths. After thinking about it, he can go abroad anyway with the money, even if he is recognized by Amelia Su, who can find him when he goes abroad?

Pulling off his headgear, Harry Su looked at Amelia Su with a grim look, and said: “You know what, you will soon become a bereaved dog, George Han now has no chance to eat soft rice, and I got one billion. But you can be at ease, Amelia Su, you didn’t expect to have today.”

“One billion may be just a trivial matter to him, but you get the money. Is there a life to spend?” Amelia Su said.

Harry Su laughed, a billion trivial? Did you hear that? Even if she wanted to help George Han save face, she didn't need to be such an exaggerated cow.

Dug his ears and said to Amelia Su: "You are so bragging now, and you don't even think about whether I will believe it?"

Amelia Su smiled faintly. Said: "How can a person like you know how good he is."

"Awesome? Something that eats soft rice can be said to be amazing." Harry Su nodded and continued: "It's really amazing. A big man who depends on a woman to support him, shamelessly, can do his level. incredible."

Amelia Su shook her head, she didn't know this kind of thing either. There is no way to explain to Harry Su, but she knows that George Han will never let Harry Su go easily. He is looking for death again and again, and this time he will never end well.

"I hope you don't regret it." Amelia Su said.

"Regret? When this wimpy kneels in front of me, you will know if I will regret it." Harry Su sneered.

At this time, George Han, after he had a goal, asked Mo Yang to take someone to find Harry Su. As long as he showed up somewhere, he would definitely be able to find out. And George Han went to Harry Su's house.

Su Guolin and his wife are now completely civilians. Harry Su was kicked out of Su's company, and Su Guolin was also affected by the fish pond. Now he has no job and financial resources, and his life is tight, and he has no confidence to eat well.

Su Guolin didn't blame Harry Su face to face for this incident, but there must be a lot of complaints in his heart. If Harry Su hadn't done so many things, their family

wouldn't have fallen to this level, and the current Su family relatives would have nothing to avoid suspicion. People are willing to associate with them.

With a bang, the door was kicked open, and the old couple trembled on the sofa.

When Su Guolin saw George Han, his face suddenly showed an angry expression, stood up and said angrily: "George Han, what are you doing!"

George Han walked to Su Guolin with a cold face and asked, "Where is Harry Su?"

Su Guolin has never been able to see George Han, but he has been so many years. It was low-key and enough to swallow, so Su Guolin didn't have much opinion on him, but now, after Amelia Su became chairman. Unexpectedly, this uselessness also followed the arrogance and broke into his house directly.

"George Han, you are really arrogant now. After Amelia Su becomes the chairman, you will be lawless, right? We are no longer working in the company. What qualifications do you have to be arrogant in front of me." Su Guolin said.

"I'll ask again, where is Harry Su?" George Han said coldly.

Su Guolin didn't get angry, and relied on a woman's uselessness to eat, and dazzled him in front of him. Isn't he just a broken chairman? Actually made him ascend into heaven with his little white face.

Harry Su is so capable. But it's not as good as George Han's waste! God's f\*cking unfair.

"I don't know, even if I know, why should I tell you, what qualifications do you have to ask about our family's affairs." Su Guolin said.

George Han suddenly grabbed Su Guolin by the neckline, and forcefully pulled Su Guolin in front of him. Due to the difference in height between the two, George Han almost looked down at Su Guolin.

“What are you doing, let me go.” Su Guolin said in shock.

His wife also ran to his side in an instant, pulling on George Han’s clothes, and cursed: “What are you doing with such a waste, let go of my husband.”

“I want to know where Harry Su is, just say it.”

“George Han, why are you arrogant to me? You are just a damn trash, a trash who relies on women to eat. What is my son doing? Why do you want to tell you? Do you think all men in the world are just like you? Harry Su is more promising than you, of course he wants to make money.” Su Guolin said.

“Make money? The way he makes money is to kidnap Amelia Su for ransom?” George Han pushed Su Guolin away.

## Chapter 253

Kidnapped!

When these two words reached Su Guolin's ears, his face instantly turned pale.

Su Guolin is a very ambitious person. He has always hoped that Harry Su can take charge of the Su family. Now the company is in Amelia Su's hands. He is very unwilling. He even thought of various shameless ways to deal with Amelia Su, hoping to get Amelia Su down and Harry Su. Regain control of the company.

But all thoughts are limited to fantasy, and his guts simply can't support his ambition.

Now I learned that Harry Su kidnapped Amelia Su. How can this make him not afraid!

This is a matter of going to jail. He is just such a son who will end his life in retirement. If he goes to jail because of this, how will he live in the future!

"You fart, don't slander my son, how could my son do this kind of thing." Su Guolin said emotionally.

"Will I make a joke with you about this kind of thing?" George Han said coldly.

"Why not, you are jealous of Harry's talent, jealous of his ability, for a little white face like you, even standing in front of him will be ashamed. There is nothing you can do." Su Guolin said, he said this There is no way to know the confidence of the words. It seems that in his eyes, only Harry Su is excellent in the world.

"Talent?" George Han smiled disdainfully: "Harry Su is a waste. It has dragged down the company more than once, but he still has talent? Does his talent make everyone follow him? He is just an idiot."

The word idiot made Su Guolin angry. Harry Su did some stupid things, but it wasn't George Han who was qualified to comment.

“You are an idiot, an idiot who eats soft rice, you are not qualified to comment on Harry Su.” Su Guolin said angrily.

George Han knows that in the eyes of everyone in the Su family, his wimpy image is deeply ingrained, and he has no intention of changing this in the past. What Su Guolin thinks of him is not important at all. What he needs to know now is Harry Su. where.

“I asked for the last time, where is Harry Su, if I let me find him by myself, he will be dead. If you want no one to send it to you in the future, you can continue to hide it for him.” George Han said with cold eyes.

Su Guolin still remembers that the first time he was afraid of George Han, it was when Amelia Su's family lived in the old house. It was the first time there was a problem with the weak water real estate. He and Harry Su personally went to the house and apologized to Amelia Su, too. On that day, he saw the same look in George Han's body.

Cold as frost. It makes people shudder!

“You...you dare.” Su Guolin stammered.

“Do you want to give it a try? Okay, I will let you know how serious the consequences are, and prepare a coffin for him.” George Han finished speaking, turned and left.

Su Guolin was scared in his heart, afraid that George Han would really do this, but he thought, how could George Han have the courage to kill someone with such a wasteful use?

But Su Guolin's wife didn't want to lose Harry Su. Even if George Han really didn't have the guts to kill Harry Su, if the kidnapping was true, Harry Su would also go to jail. She didn't want her son to suffer.

"I know." Just as George Han walked to the door, Su Guolin's wife said.

Stopping, George Han turned his head to look at her, and said coldly: "I don't have time to waste with you. If you want to play with me, Harry Su will only die even worse."

Su Guolin's wife shook her head again and again and said, "I really know that I have his mobile phone location, so I can find out where he is."

George Han turned and walked to Su Guolin's wife and said, "Give it to me quickly."

For George Han, nothing is more important than finding Amelia Su, and at the same time, Basin City Airport. A seemingly ordinary white-haired old man appeared in a low-key dress.

If it were not for his 1.9-meter tall posture, probably no one would pay attention to such an old man.

People who come and go will pay more attention to his height, and after a closer look, they will find that this old man is extraordinary, with a strong aura that gives people oppression, just like a big figure who has been in the top for a long time. , Don't be angry, just standing there can give people pressure.

Two days ago, this old man appeared in Qincheng to visit Han Jun!

Han Jun's legs are disabled, and now he can only sit in a wheelchair. Fortunately, after Guan Yong escaped from prison, he was no longer beaten and oppressed. When he learned that someone was visiting the prison, he thought it was George

Han who came to him to show off his power and watch. To this old man. Han Jun cried bitterly in front of his face.

This old man, who was a suitor of Nangong Qianqiu's youth, was named Shen Weng, and he was extremely paranoid.

Nangong Qianqiu married into the Han family, and Shen Weng vowed not to marry all his life. And he did it, he had never touched any woman, and he loved Nangong Qianqiu to the extreme.

The news of Nangong Qianqiu's death is very secretive. Only some upper-class families in the capital learned of the news. When Shen Weng learned about it, he became angry and hoped to snatch Nangong Qianqiu from Yan Wangye. But this kind of unrealistic thing, also Just think about it. And the only thing he can do is to avenge Nangong Qianqiu.

“Do you want revenge?” This was the first sentence Shen Weng said to Han Jun.

Han Jun would end up like this. Thanks to George Han, he wanted revenge in his dreams. Han Jun, who had already abolished his legs, knelt down in front of Shinweng without ambition.

“Grandpa Shen, it was George Han who killed my grandma, and it was him who made me crippled. I can't wait to kill him and get him cramped and skinned. Eat his flesh and drink his blood.”

“I will help you. Before you get out of prison, I will find a chess piece to do this for you.”

Chess piece, this is why Shen Weng will come to Basin City.

Shen Weng already knew the situation of Basin City very well, and the first pawn he buried for Han Jun was Harry Su, because Harry Su also had a huge hatred of George Han.

Standing at the gate of the airport, Shin Weng took a deep breath and said to himself: “Jun Yan, I didn’t personally take action against George Han, it is not a violation of our agreement.”

After George Han got the position of Harry Su, he drove over by himself.

This is a very dilapidated community. Because the rent is cheap, there are many migrant workers and local gangsters living in it. It is a very chaotic place.

When George Han stopped the car, several bastards at the door stared at him.

Several people were smoking cigarettes, and stood in front of George Han as if they were dragging two to eighty thousand.

“Man, parking here is charged. Give the money first.” One of them said to George Han.

“How much?” George Han asked coldly.

Seeing George Han talking so well, smiles appeared on the faces of several people.

This kind of pie-in-the-sky business does not happen every day. Naturally, there is a blackmail one.

“My buddy, your car is several hundred thousand. You have to keep a good guard so that you don’t get scratched. You see, we have so many manpower, how can we give two to three thousand.” That person Said.

George Han took out his wallet, the person who spoke with a heartbroken expression. It seems that I want to be less, and I should have more points.

But at this moment, George Han dropped a copper plate and dropped to the ground with a crisp sound.

“f\*ck, what do you mean.”

“Damn. You treat us as beggars, right? You want to send us a dollar.”

“Guys, I don’t think you have long eyes. I don’t know how powerful your fists are.”

Several people lifted up their sleeves and looked fierce.

“A word of kind advice, get out.” George Han said coldly.

“Damn, arrogant in Laozi’s place, what are you.”

“Brothers, call me, and teach this guy who doesn’t have long eyes.”

“If you don’t pay tens of thousands of dollars today, you don’t want to leave.”

These people are gangsters who often blackmail the migrant workers in the community. They are used to being arrogant and have been fine for so long. So they have grown more courageous. In their opinion, facing George Han, they just need to teach him a lesson. Will be honest.

A minute later, George Han was still standing, while several hooligans all fell to the ground, ooh.

“Keep the car for me. If there is any scratch, I will never forgive you.” George Han finished speaking and walked towards the community.

Several hooligans knew that they had encountered hard stubble, and nodded repeatedly, watching George Han leave.

## Chapter 254

“Damn, who is this guy, who can fight so much.”

“Damn it, I didn’t expect to run into a very good one, but I can’t be beaten so in vain.”

“Scratch his car and let this guy know how he will offend us. We just have to slip, can he still find us?”

Several people were persuaded by George Han’s fists, but after George Han left, several people had thoughts of revenge. Scratched the car and ran away. George Han couldn’t find them anyway.

And for these hooligans, if they don’t get their face back after a loss, how can they continue to get along in the future?

They can be hungry and eat steamed buns behind people, but in front of people, face is more important to them than fate.

“Damn it, let this guy fix the car.”

“Smashed his car.”

“Look if there is anything valuable in it, we can’t suffer.”

Several people took the stone and walked toward George Han’s car.

Just then. A dozen cars came in succession at the gate of the community, and the rushing car doors opened, and hundreds of people appeared in a row, frightening several people to their feet.

“This...what the hell is this, why is our community suddenly so annoyed.”

“That. Isn’t that Lin Yong!”

“There is also Mo Yang, f\*cking trough, even Mo Yang is here!”

When Lin Yong got out of the car, he saw a few rascals standing next to George Han’s car, with a stone in his hand, looking like he was not doing good, and immediately walked over. This is George Han’s car. He was smashed under his nose, and he had nothing to do with it.

“What are you doing?” Lin Yong walked up to several people and asked coldly.

Several hooligans shuddered in fright when facing a big person like Lin Yong.

“Yong, Brother Yong, we didn’t do anything, we live here.”

“Yeah, yeah, we live here. If you don’t believe me, just ask.”

“Brother Yong, why are you here, is there something big happening here?”

Lin Yong snorted coldly, and said: “Nothing has anything to do with you. If you want to move this car, please weigh up what role you are.”

After finishing speaking, Lin Yong said to the people behind him: “Take good care of Brother George’s car. If there is a slight scratch, I will ask you.”

“Yes!”

“Yes!”

“Yes!”

Several hooligans looked at Lin Yong in horror.

Three thousand brothers!

They don't know where George is holy.

But they know. The one who stopped just now was a big man, and they actually wanted to blackmail such a person.

This damn is someone who even Lin Yong has to call brother.

The courageous man had his legs weakened with fright and sat on the ground.

After Lin Yong left, the few people who stayed surrounded George Han's car and did not allow anyone to approach it, as if they were protecting some important cultural relics.

Harry Su originally planned to give Han three thousand and three days to prepare money. After all, it is not so easy to spend one billion. You must sell Su's company, plus the previous bank loan. Never thought that George Han would come to him so quickly.

When the door was kicked open, Harry Su saw George Han standing outside the door, his expression stiff, his lips and teeth trembled.

"You... why are you here!" Harry Su was overly frightened and stammered.

When George Han saw Amelia Su who was tied up by five flowers in the corner, his hostility instantly ignited, and he walked to Harry Su without saying a word, kicked the corner, lifted the chair, and smashed Harry Su before stopping.

"Don't fight, don't fight." Harry Su kept covering his head with his hands.

"It seems that only you are dead. The trouble can really be solved." George Han looked at Harry Su with no expression on his face.

Harry Su knew that he could not beat George Han, but he did not believe that George Han had the guts to kill him.

“George Han, I was frightened. You were so daring to kill me. I want to see if you dare.” Harry Su said.

George Han walked to Amelia Su, untied the rope for Amelia Su, and asked, “Are you okay?”

Amelia Su didn't have too much worried expression on her face, but with a smile, she said: “It's okay, I know you will come to save me, so I am not afraid at all.”

George Han apologized holding Amelia Su's hand and said, “I'm sorry, it's my fault. If I let people protect you, this kind of thing will never happen. Don't worry, no one will hurt you in the future.”

Amelia Su shook her head and didn't mean to blame George Han, and said: “It should be me who said I'm sorry. I worry you.”

“You two sprinkle dog food, can you talk about going home, come and untie me.” Just as the two were talking sweetly, Shen Lingyao couldn't stand it anymore, and she got goose bumps. She hasn't been loosened yet, and the two of them seem to have forgotten her.

Amelia Su heard this and hurriedly walked to Shen Lingyao, loosened the rope on her body, and said, “Didn't you have a longing for being tied up before? Now you don't have much aftertaste?”

Shen Lingyao's complexion turned red. This kind of absurd remark was a boudoir's honey-talk, and he was talking in a joke, but he didn't expect that Amelia Su would say it in front of George Han.

“Bad girl, what are you talking about. Believe it or not, I will shake your scandal out.” Shen Lingyao gritted her teeth and threatened Amelia Su.

Amelia Su looked indifferent, not because she was not afraid of Shen Lingyao’s threats, but because she didn’t have any ugly things at all.

Seeing that Amelia Su didn’t care, Shen Lingyao was discouraged. These absurd words made her like talking. Amelia Su hadn’t said these, so she had nothing to threaten Amelia Su.

“George Han, why are you here now and caused my woman to suffer. Do you know?” After untying the rope, Shen Lingyao took Amelia Su’s hand, his wrist was bruised by the rope.

Amelia Su quickly retracted her hand and said: “It’s just a small injury, it’s okay.”

George Han took a heavy breath and said to the two of them: “You go home and rest first.”

Seeing George Han’s expression, Amelia Su’s heart sank. George Han said before that only Harry Su’s death can solve the trouble. Could it be said that he really wanted to kill Harry Su?

“Three thousand, you...”

Before Amelia Su finished speaking, George Han interrupted: “Don’t worry about going home, I’m fine.”

How could Amelia Su rest assured that if George Han really killed Harry Su regardless of the consequences, it would be a crime, and George Han would suffer jail because of this. This was something Amelia Su would never accept.

“Three thousand, I am fine. You can’t do stupid things, I want you to be by my side.” Amelia Su said nervously.

George Han felt the concern from Amelia Su and felt warm. He touched Amelia Su’s head and said, “Don’t worry, no one can separate us. I will always be by your side.”

Shen Lingyao’s eyes were blurred when she heard these words. If these words were to her, how good would it be? It’s a pity that this is destined to be a luxury, George Han’s feelings for Amelia Su. No one can change.

“Amelia, let’s go first.” Shen Lingyao said while pulling Amelia Su.

Amelia Su looked at George Han and shook his head gently, as if telling George Han not to do stupid things.

George Han smiled and asked Amelia Su not to worry.

After the two left. George Han’s expression changed from a smile to a cold, sultry room in the middle of summer, it seemed that it suddenly cooled down.

“George Han, I know I can’t beat you. If you are a man, kill me if you have the ability, do you dare?” Harry Su never wants to lay down his dignity in front of George Han. For him, if you are so useless If you can’t stand up in front of you, what qualifications do you have to be a man?

“Since you know, you shouldn’t provoke Amelia Su. You can humiliate me and deceive me. You have to poop and pee on my head. I just treat you as a bug, but let Amelia Su suffer. This is definitely not good.” George Han walked over. In front of Harry Su, killing intent was in his eyes.

Although Harry Su raised his guts, thinking that George Han would only beat him up at best and did not dare to kill him, but now he looked directly at George Han's eyes, but he became scared.

“George Han, it is illegal to kill, and you will have to go to jail, and maybe even be buried with me. Have you figured out the consequences?” Harry Su said.

“What?” George Han raised the corners of his mouth, sketching a wicked smile, and said: “Are you scared? Are you scared before this has started?”

## Chapter 255

Harry Su took two steps back and stuck to the corner, the fear in his eyes could not be concealed, because George Han's eyes made him feel that George Han was not joking.

“George Han, don't mess around, I warn you, it's best to think about the consequences, killing will pay for your life.” Harry Su said dryly, as if he was about to catch fire in his throat.

For George Han. Killing is just nodding, taking Harry Su's dog life is as simple as trampling on an ant. As for the consequences of this matter, George Han doesn't care at all.

“Old lady Su family, you killed it. Since you said killing pays your life, I will let you pay your life today.” George Han said coldly. He hasn't found the exact evidence for this matter, but the old lady died suddenly. . Besides, he was poisoned and died. Besides Harry Su, who else could do such a thing?

After the old lady died, Harry Su was the biggest beneficiary, and the Su family was blinded to the truth. But George Han could easily see Harry Su's motives.

“You nonsense, how could grandma be killed by me, it was Tian Linger, you and Tian Linger joined forces to kill grandma.” Harry Su said in a panic, this matter has passed, and in Harry Su's view no one can know The truth, but George Han suddenly said that, making him unable to calm down.

“The old lady is dead, so you can take the position of chairman. You can't wait for this position for a long time. If it's not you, who else can it be?” George Han said.

Harry Su shook his head, panicked, and said, “No, it's not me. It has nothing to do with me, it has nothing to do with me.”

George Han suddenly stretched out his hand, pinched Harry Su's neck, raised his arm forcefully, and abruptly raised Harry Su against the wall.

Harry Su felt that he couldn't breathe in an instant, and tried his best to open George Han with both hands, but when his strength was not enough, it was just a useless struggle.

Staring at his legs, Harry Su's pupils became more dizzy.

“The death of the old lady. I would love to see it, but it is absolutely impossible for you to hurt Amelia Su. For this, you will pay your own life.” George Han gradually used his hands and looked at Harry Su with compassion. , Continued: “I went to hell, and went to Hades to inquire about who is George Han. You are not even qualified to be my opponent.”

The brain lacked oxygen, Harry Su's consciousness became more and more blurred, and even his vision became unclear.

At this moment, Harry Su regretted it extremely. If he listened to the tattooed man and let Amelia Su go, he would never end up like this. Unfortunately, everything was too late. Even if he regretted it, it was too late.

This useless person actually dared to kill someone!

At this time, George Han suddenly felt a cool breeze, and subconsciously dodged sideways, but after all, he did not escape, and was hit by a huge force at his waist.

boom!

George Han soared into the sky. Hit the wall, and then fell to the ground.

“Shen Weng!” Looking at the white-haired old man in front of him, George Han gritted his teeth and said, this old man, he saw it once when he was very young, but

he has a deep memory in his life, even on the day of his death, George Han also Never forget.

Shin Weng once appeared in the Han family. Because of Nangong Qianqiu's doting on Han Jun, Shin Weng only liked Han Jun.

George Han still remembered that Shen Weng once gave Han Jun a toy, and he just touched it enviously and was kicked to the ground by Shin Weng.

At that time, George Han, who was just over a dozen years old, broke his right leg when he was kicked! It takes three months to walk with the aid of crutches!

"Unexpectedly, you little bitch still remembers me." Shin Weng looked at George Han contemptuously, even the expression of mockery in his eyes.

George Han clutched his waist, stood up with difficulty, and said, "If it weren't for you, how could I use crutches, I was just a child at the time. I would never forget your heavy hand."

"Miscellaneous is miscellaneous, isn't it age? It doesn't matter if you don't forget it, you'd better remember this hatred for a lifetime. In the next life, maybe you still have a chance for revenge." Shen Weng sneered.

George Han took a deep breath. Why did this old thing suddenly appear here? As Nangong Qianqiu's suitor, his love is better than Jin Jian and George Han admires him, but he can't have the slightest affection for Shin Ong. Because he is exactly the same as Nangong Qianqiu, he only values Han Jun and treats him as rubbish.

"Shen Weng, Nangong Qianqiu is dead. You haven't got her in this life, I really feel sad for you." George Han said.

A stern expression flashed in Shin Weng's eyes. Nangong Qianqiu's death had caused him a great blow. George Han's mention of this incident at this time undoubtedly angered him.

But at the same time, a word from Yanjun flashed through Shen Weng's mind. If he dared to hurt George Han, Yanjun would intervene in this matter.

Shin Weng didn't put George Han in his eyes, but Yan Jun had no right to ignore the unknown bodyguard of the Han family. It is the real big boss.

"Harry Su, do you want to take revenge?" Shen Weng turned to ask Harry Su.

Harry Su's life was hanging by a thread just now, and finally came back to life again, and it was the white-haired old man in front of him.

Although Harry Su didn't know who he was, he could see that this old man should be very difficult.

One kick can kick George Han away, and he is definitely a master.

"Yes, very much." Harry Su said firmly.

"Kneel down and learn how to bark twice. I'll give you a chance." Shen Weng said. To help Han Jun find chess pieces, he must be obedient and not let him have the slightest idea of betrayal, so Shin Weng is in Harry Su. In front of him showed unprecedented strength.

Harry Su looked at George Han, didn't he want to lose face when learning to bark in front of this silly waste.

But if he wants revenge, is there any other alternative?

"Wang, Wang Wang." Harry Su knelt on his knees, and yelled twice clearly.

Shin Weng smiled faintly. Said: “Yes, you can stand up, but never forget your status, you are just a dog.”

“I’m just a dog.” Harry Su lowered his head super. Shen said.

“Now you have a chance to take some interest on him, dare you?” Shen Weng asked.

Harry Su glanced at George Han, he almost died just now, his fear of George Han had not disappeared, but he knew it. If he behaves cowardly, the old man in front of him will probably not even give him the chance to be a dog.

“George Han, you are useless, and there is today. Are you damn good? I want to see how good you are.” Harry Su walked up to George Han with an empty wine bottle and slammed George Han with a bang. Thousand heads.

The wine bottle shattered, and George Han’s forehead also shed blood.

George Han did not fight back because he knew that he was not Shin Weng’s opponent. This old man, Grandpa Yan, once said that he was a certain special retired powerhouse who had made meritorious deeds, and that he had not escaped just now. Looking at it, the difference between the two has been separated.

Seeing that George Han didn’t fight back, Harry Su, who was still a little scared, became even more arrogant. Having Shin Weng as the backstage further fueled his arrogance.

“Useless, stand up and fight with me, aren’t you very capable?” After that, Harry Su kicked George Han on the shoulder.

Although George Han did not fight back, the strength of the counter shock also caused Harry Su to fall to the ground.

Harry Su, who got up in embarrassment, did not feel that he was useless. On the contrary, he felt very happy. He was beaten by George Han several times. He wanted revenge in his dreams. Now that the opportunity lies in front of him, he wants to take this opportunity to teach Han a severe lesson. Three thousand.

Snapped!

After a happy slap on George Han's face, Harry Su laughed arrogantly: "Hahahaha, useless, won't you let Amelia Su come to save you? As long as this bitch is willing to kneel for me, I will let go. It's okay for you."

George Han's face was as sinking as water, Harry Su's beating was nothing more than a pain in his fur. This kind of soft-footed shrimp would not cause serious harm to George Han even if he was given a chance.

"Shen Weng, are you looking for pawns for Han Jun? You can see rubbish like Harry Su. It seems that you are rubbish too." George Han said coldly.

Shin Weng kept suppressing his temper, but these words made him completely angry, but when he walked towards George Han, another old man appeared at the door!

## Chapter 256

When Yan Jun strolled into the room, Shen Weng's anger disappeared instantly. He could treat George Han as an ant ravaged, but he was definitely not in front of Yan Jun.

“You seem to have forgotten the agreement between us. Does this mean that you broke the rules and I don't have to stick to the promise?” Yan Jun walked to George Han, and after helping George Han up, he spoke to Shen in a flat tone. Weng said.

Shen Weng's eyelids jumped, his fear of Yan Jun for so many years. Almost a kind of inertia has formed, as long as he sees Jun Yan, he has no confidence.

Why, with Shen Weng's ability, would watch Nangong Qianqiu marrying Han Tianyang without being moved? It is precisely because of the existence of Jun Yan that he dare not even move a hair in Han Tian!

“It was not me who beat him.” Shen Weng said.

Yan Jun smiled faintly, looked at Harry Su, and said, “If you don't support him, he is such a rubbish, dare you?”

Harry Su didn't know who Yan Jun was. I just feel that the old man's plain tone is full of arrogance, and he actually scolded him for rubbish!

“Old stuff, who do you mean to rubbish? People with loess buried in their necks are still qualified to point me?” Harry Su looked at Jun Yan with cold eyes. Said disdainfully.

Jun Yan was not angry, but he was amused, with a smile that made people feel like a spring breeze on his face, and said to Shen Weng, “Who is he? Apprentice, or tool?”

“It has nothing to do with you.” Shen Weng said coldly.

“My apprentice was beaten. As a master, I should avenge him, right?” Yan Jun said.

Shen Weng clenched his fists, Yan Jun was deliberately provoking him, but he couldn't attack Yan Jun, and he was not qualified, because he couldn't win at all.

“You are an elder, you are not compliant with the younger generation, right?” Shen Weng said.

Jun Yan raised his eyebrows, nodded and said: “Something makes sense, three thousand. Since I can't help you take revenge, it's up to you. Don't worry, if anyone dares to intervene, Grandpa Yan will help you.”

“Thank you, Grandpa Yan.” George Han looked at Harry Su and smiled coldly.

Harry Su shivered unconsciously, where he was George Han's opponent, if it weren't for Shin Weng's support, he wouldn't even have the guts to attack George Han. Really fight alone with George Han, he can only get beaten.

Harry Su hid behind Shen Weng and said, “You have to help me, I can't beat him.”

This sentence made Shen Weng's face lost. Although Harry Su was not his apprentice, this matter started because of him. He was to support Harry Su. Now Yanjun wants the two of them to decide the winner. This is about face. The battle, but Harry Su dare not even fight!

“Shen Weng, I didn't expect you to have bad skills, even your eyes are not so good, what is the value of this waste.” Yan Jun said with a smile.

Shen Weng gritted his teeth and said coldly to Harry Su: “If you don't want to die, just give me a shot.”

Su Haochao looked desperate. It was obvious that Shin Weng would not help him in this matter, and how could he beat George Han?

I had known that I would not show off in front of George Han. I just beat him, he is full of anger now, can he let him go?

Shin Weng moved laterally and moved away from his position. When Harry Su saw George Han walking towards him, his legs instantly began to weaken.

He was beaten by George Han many times, so he was very aware of the gap between himself and George Han.

Even in Harry Su's heart, George Han has always been a useless image, and he never wants to admit that George Han is amazing. But George Han's fist, he couldn't help but be afraid!

"George Han, it was my fault just now, I'm sorry, I was confused for a while that hit you." Harry Su said to George Han in a begging tone.

With blood marks on George Han's face, his expression became even more hideous, and his state almost scared Harry Su.

"Don't be afraid, I'm just useless, what's to be afraid of." George Han said with a sneer.

boom!

Harry Su knelt on the ground, crying bitterly and said: "Please, don't hit me, I'm a rubbish, a bug, you are now the husband of the chairman, why bother with me as a little guy."

Seeing this scene, Shen Weng looked ugly to the extreme. If he had no choice, how could he let Harry Su use it as Han Jun's pawn?

“Shen Weng, do you know who he looks like?” Yan Jun said to Shen Weng.

Shin Weng was silent. His old face has been lost by Harry Su.

“Like Han Jun, everyone thinks that the future of the Han family lies in Han Jun, but he is a complete waste. Nangong Qianqiu just listened to the words of the villain.” Yan Jun continued.

“It doesn’t matter to me who is trash, you know my purpose.” Shen Weng said.

“A young age. Why bother to make yourself unable to enjoy your old age?” Yan Jun shook his head helplessly.

“Are you so sure I will lose?”

“Yes!” Yan Jun said without hesitation.

At this time, Harry Su had been beaten to the corner by George Han, let alone resisting, it was not bad to get a few punches.

Harry Su, with a blue nose and swollen face, couldn’t even say begging for mercy. He just felt that there was no place in his body that would not hurt, and he was heart-piercing.

After George Han stopped, he returned to Jun Yan, with the same expression as Jun Yan, calm and calm.

“Follow me if you don’t die.” Shen Weng left the room first after saying this.

Although Harry Su hurts so much he just wants to lay on the ground. But after seeing Shinweng leaving, look at George Han again. If he doesn’t leave, it’s not impossible for him to die here. He can only stand up with gritted teeth and quickly follow Shinweng’s pace.

George Han and Yan Jun were left in the room. Looking at George Han, who was stained with blood, Yan Jun's expression had a trace of distress, and said, "Shen Weng has always liked Nangong Qianqiu. You are dying. He should know about Nangong Qianqiu, so he will support Harry Su to deal with you."

"I know that he wants to help Han Jun regain the Han family, but for me, I didn't look at the Han family, nor did I think about taking the Han family's property as my own." George Han said.

Jun Yan nodded. He was very clear about this. George Han had no longer regarded himself as the Han family. How could he take the Han family a penny?

"Shen Weng is not so easy to deal with, do you need me to help you?" Yan Jun asked.

George Han shook his head without thinking, and said, "Grandpa Yan, I can handle it, trust me."

This answer did not exceed Yan Jun's expectations. With his tenacity, how could he need help, otherwise, what qualifications does he have to call George Han?

"You kid, since childhood, you are used to carrying everything yourself. But sometimes, you have to relax yourself. The string is too tight and it breaks easily." Yan Jun said.

"Grandpa Yan, I have my own way of relaxing. Don't worry about that, and Harry Su is not worth mentioning to me." George Han said.

Harry Su is indeed not worth mentioning, this kind of waste is not even qualified to become George Han's opponent, but Yan Jun is still a little worried about Shin Weng. After all, he couldn't appear like this every time. This old guy was not a person who would strictly follow the rules.

“By the way, did he hit you?” Jun Yan asked.

“Kick me.” George Han said.

A smile appeared on Jun Yan’s face and said: “Grandpa Yan is a one-and-one person, this one’s hatred. I’ll take it for you, and knock this old thing by the way to let him remember the rules.”

“Thank you, Grandpa Yan.”

“Nothing else, I will leave first.” Jun Yan finished speaking and walked outside the room.

George Han seemed hesitant to say something. When Jun Yan walked to the door, he finally couldn’t help but said, “Grandpa Yan, I want to ask you something.”

Yan Jun didn’t turn his head and said directly: “If you want to ask Han Tianyang about things, Grandpa Yan can’t give you the answer. He can only say that everything is possible and you need to verify it step by step, but this road is very dangerous. Think clearly.”

Yan Jun left after speaking, George Han stood there resolutely, in danger? For him, any thorny difficulties in front of him cannot prevent him from confirming the news of Han Tianyang. As long as he is uncertain about Han Tianyang’s death, he will not give up on this matter.

To George Han’s feelings, Han Tianyang is his only relative in this world, even his birth mother, Mary, is nothing more than a stranger to George Han!

## Chapter 257

After Shen Weng took Harry Su away, he wanted to kill Harry Su. He lost his face in front of Yanjun just now, and he had no place to put his old face.

But isn't Harry Su such a person? How can a completely trash compare with George Han who has tolerated for so long?

But Shen Weng had no choice. The best pawn he could think of and found now was Harry Su.

Harry Su's anger towards George Han motivated his eager hope for revenge, and Shin Weng was able to give him a bit of sweetness in this matter. This dog will always be loyal to him, and he will be able to have a good helper after Han Jun is released from prison.

Ten years of imprisonment, even if the sentence is commuted by using the relationship and performing well in prison, it will take several years to come out. The isolation of the past few years has made the outside world unfamiliar to Han Jun and Shin Weng. Need to help Han Jun cultivate a dog that knows the situation of the outside world.

Following Shen Weng, although Harry Su lowered his head, he was very disdainful in his heart. This old guy is obviously incomparable to the old man just now, and he actually wants to be a dog for this kind of person, making Harry Su feel that he has no hope for the future.

“Give you one billion to build a company. First, destroy the Su family company. This is the first thing you have to do.” Shen Weng said.

Harry Su, who was still disdainful of Shen Weng just now, immediately changed his attitude towards Shen Weng after hearing this, and became extremely excited.

Billion! This old thing is going to give him a billion!

With this billion, he will become the son of the son again, and the relatives of the Su family who regard him as the bereaved dog will once again surrender to his feet.

“Are you serious?” Harry Su asked incredulously.

“Hmph, do you think one billion is a lot? It’s time to open your eyes. I don’t know the so-called frog at the bottom of the well.” Shen Weng said coldly.

Harry Su didn’t have the slightest discomfort for Shen Weng’s disdain. He was able to get 1 billion and was able to show off in front of Su relatives again, even if he kneeled to Shen Weng in the street, he would be willing.

“Yes, yes, I have a narrow vision, don’t worry, as long as you are willing to give me money, I will be able to defeat the Su family.” Harry Su said.

At this time, Shen Weng suddenly stopped because Yan Jun was in front of him.

“What do you want to do?” Shen Weng asked with dissatisfaction between his eyebrows.

Yan Jun smiled faintly, and said: “You kicked my apprentice, of course I want to avenge him.”

Hearing this, Shen Weng immediately gritted his teeth and said, “Jun Yan, don’t deceive others too much!”

“Deception? If you don’t deceive my apprentice. How can I bully you?” Yan Jun smiled and walked slowly towards Shen Weng.

Shen Weng stood still and didn't dare to move. This was on the street with people coming and going. It was embarrassing enough just now. If he was beaten in the street, he wouldn't have this face.

"I can compensate him." Shen Weng said.

"This kid has never been willing to accept help from others. As for compensation, even I don't look good. Why would he want it?" Yan Jun said with a smile.

Shen Weng only felt that there was a flower in front of him, and there was gravity on his waist, and his whole body lost his center of gravity in an instant with his feet off the ground.

boom!

Shin Weng fell to the ground, dusty.

Yan Jun stood condescendingly in front of Shen Weng and said, "Is there another time, can you still be so lucky?"

Shen Weng ignored the pain on his body, his rage made him tremble all over, but the crushing strength made him have no courage to attack Yan Jun.

"Jun Yan, I will prove to you that your choice is wrong. The Han family belongs to Jun Han. Nangong Qianqiu will never misunderstand the wrong person. George Han is just a trash, and Han Jun is the emperor's face." Shin Weng gritted his teeth. Said.

"Let's wait and see." Jun Yan finished. Leaving in large strides, gradually disappearing in the crowd.

Harry Su quickly walked to Shen Weng's side and helped him up, hiding the disdain in his eyes. After all, this was his gold master, even if he felt that the old man was a useless trash, he didn't dare to show it in the slightest.

However, in the conversation between the two, Harry Su also noticed something. It seemed that his perception of George Han was wrong all the time. He was not only a son-in-law, but Han Jun and Nangong Qianqiu were not familiar with them. But when I heard it, I knew it was not an ordinary person.

Could it be that George Han is still a big man?

“Who is this George Han?” Harry Su said in confusion.

Shen Weng shook off Harry Su's hand and said coldly: “Han Family, but he is just an abandoned son of the family.”

Han Family!

George Han turned out to be from the Han Family!

These four words make Harry Su's scalp numb, and he has been aiming at the frustration, is he actually the young master of the Han Family?

Thinking that when George Han entered the family, all the Su family regarded him as a beggar, and Harry Su would even treat George Han as a pleasure, who could have thought. Such a person turned out to be the son of Han Family!

Even if he was just the abandoned son of the Han family, it was definitely not comparable to the influential family like the Su family.

Now Harry Su finally understood that the betrothal gift that appeared for no reason at the beginning was originally given to Amelia Su. And Su Yihan had always thought that she was taken by the rich, but now it seems like a big joke.

“Are you scared?” Shen Weng said disdainfully.

Harry Su shook his head repeatedly and said, “Don’t be afraid, don’t worry, I will definitely help you deal with him. What is there to be afraid of for a waste that was abandoned by the family?”

Shen Weng smiled coldly, Harry Su pretended to be calm on the surface, but how could he not feel Harry Su’s true state of mind?

“As long as you are obedient and obedient, Jun Han will definitely reuse you in the future. You know, even if it’s just the doglegs of the Han family, you can enjoy all the glory and wealth.” Shen Weng said.

“I understand.” Harry Su said.

“Don’t mention this matter to anyone. If George Han’s identity is known to others, you should prepare a coffin for yourself.” Shin Weng said lightly. George Han died of silence in Hillwood City for many years, Yan The upper class in Beijing even believed that George Han passed away due to illness. Once this news is exposed, it will inevitably set off a storm in Hillwood City. This is very unfavorable for Han Jun.

“Please rest assured, I will strictly guard this secret.”

On the other hand, George Han has been taken to the hospital by Mo Yang and others. His head was opened. Although his injuries were not serious, he still needed a period of rest.

In the ward, Mo Yang, Dao Twelve, and Lin Yong stood by the bed, watching George Han’s head wrapped like rice dumplings, and they were afraid to look directly at George Han.

“Laugh if you want.” George Han said helplessly.

“Puff, hahahahaha.” Mo Yang couldn’t help but burst into a cheerful laughter, then waved his hands at George Han apologetically, saying: “George, I’m sorry, I really can’t bear it. Live, don’t blame me, you are like this now. It’s so funny.”

“Brother George, if you look like this, if you go to Dubai, you will definitely be regarded as a local tyrant.” Dao Twelve couldn’t help but tease.

Lin Yong didn’t dare to say anything, and he didn’t dare to laugh. After all, his status is inferior to Mo Yang and the Twelve Swordsman, even if he suffers from internal injuries, he can only endure it.

George Han sighed. It’s okay to be laughed at by these guys, but if Amelia Su knows about it, he doesn’t know how to explain it.

“If you laugh enough. Help me think of a way, it is best to hide from Amelia Su.” George Han said.

Mo Yang sat directly on the edge of the bed and said with a bitter voice: “Three thousand, I advise you to dispel this idea, how smart is our younger brother and sister. Can you still hide from her? And let her know afterwards, she only I’ll blame you even more, so I might as well tell her directly.”

“I don’t want her to worry.” George Han said.

“The best way to not want her to worry about is to tell her everything, so as to prevent her from thinking alone. If you find a reason not to go home, can you ensure that she won’t be thinking about it at home? This is not to make her worry more.” Mo Yang said.

The truth of these remarks made George Han unable to refute. If he really makes an excuse not to go home, Amelia Su’s wild thinking is for sure.

“The dog mouth really made you spit out ivory.” George Han said.

Mo Yang didn't care about George Han's verbal attacks on him, and said with a smile: "George, I'm here, and I know more about emotional matters than you do. If you have any problems, I can be an emotional counselor for you. The charges are also cheap, what do you think?"

## Chapter 258

George Han glared at Mo Yang disdainfully, this guy had changed his money.

“Do you have such a shortage of money? And in the current Basin City, most of the gray industrial chain is in your hands, you are almost rich.” George Han said.

“No, no, compared to you, the gap is still very big. I can’t even count a single hair on you now.” Mo Yang said with a humble expression.

“Okay, there is nothing else, you all go and go, don’t have to guard me.” George Han said.

A few people know. More than half of George Han wanted to inform Amelia Su about this. Naturally, he couldn’t stay here as a light bulb, and all of them left with interest.

George Han took out his cell phone and looked at what it looked like now. Even he couldn’t help but smile. This f\*cking stuffed head with rice dumplings, like those big money local tyrants in the Middle East.

After turning to Amelia Su’s number, he hesitated for a long time before dialing.

Although Mo Yang is usually not serious, what he said is very reasonable, if you want Amelia Su not to worry. Only let her know the truth, let her know that she is safe.

“Three thousand, how is it, where are you and when are you going home?” After the call was connected. Amelia Su asked urgently.

When he got home, Amelia Su was always uneasy, worried that George Han would impulsively do irreparable things, fearing that he would really be tempted to kill Harry Su.

Although she has no affection for Harry Su, she doesn't want to see George Han make a big mistake because of this incident.

It's not a pity that Harry Su died, but George Han didn't need to get into trouble for this.

"Uh...I'm in the hospital." George Han said.

Sitting on the sofa, Amelia Su jumped up and said in a panic: "The hospital, why are you in the hospital? Are you injured? It's not serious."

Amelia Su's eager tone made George Han feel the feeling of being wrapped in happiness, with a smile on his face unconsciously, and said: "It's not serious, just take a few days off."

"Where are you, I will come to see you." Amelia Su asked.

"The city hospital, I don't really matter, you should be busy with your own affairs." George Han hardened his heart but didn't think so. He naturally hoped that Amelia Su would take care of him even more.

"It doesn't matter how it is. Nothing matters to you. I'll come over immediately." After hanging up the phone, Amelia Su hurried out.

In less than twenty minutes, Amelia Su rushed to the hospital. When she saw George Han lying on the hospital bed, the corners of her mouth kept twitching, and all her worries turned into smiles in her heart. But she can only hold back, George Han is like this, how can she still laugh.

George Han smiled bitterly when he saw Amelia Su's stunned mouth and the corners of his mouth. He also imagined what Amelia Su would be like when he saw him. He was nervous, scared, and concerned, but she never thought of it. laugh.

“Can’t help but laugh.” George Han said weakly.

Amelia Su took a deep breath, suffocated her smile abruptly, walked to the hospital bed, touched George Han’s big head, and said: “The bandage is so tightly wounded, isn’t it?”

The injury was not serious, and the bandage was tight because there were too many small wounds. The glass slag produced by the broken glass bottle scratched many parts of the scalp.

“Yes, it hurts. My head is still dizzy.” George Han said with a weak look.

The suppressed smile in Amelia Su’s heart disappeared instantly, teardrops hung in the corner of her eyes, and she said distressedly, “I’m sorry, it’s all my fault.”

George Han squeezed Amelia Su’s hand and said, “How can I blame you, I was accidentally attacked by Harry Su. Otherwise, how could he beat me.”

“Harry Su, didn’t you kill him?” Amelia Su asked.

“No, he has found a backer now, which is no small trouble.” George Han said with a sigh. The sudden appearance of Shin Weng completely changed the nature of this matter. This old thing is also a personal thing in Hillwood City, He now trains Harry Su as a chess piece, it is not easy to deal with Harry Su.

“No matter what he wants to do, the most important thing now is to keep your body well and don’t worry about anything.” Amelia Su, no matter what backing Harry Su has and how powerful it is, in her eyes, even if it is the Su family company, now It’s not as good as George Han’s status in her mind, but it’s a pity that the layer of yarn between her and George Han has never had a chance to pierce.

Of course, this is to blame for George Han's incomprehensibility, and he couldn't see the many hints. Amelia Su was very helpless.

"No matter who his backer is, I didn't take it seriously. What is the difference between a bug and two bugs?" George Han smiled.

"The brains are all broken, and there is still bragging." Amelia Su said with a stare.

Seeing Amelia Su's eyes that didn't mean to blame. George Han couldn't help sighing. Those bright red lips were something he could get casually, but he didn't expect that Shangguan Black and White would use such despicable and shameless means to force him to lose the game.

"The game was lost." George Han said dejectedly.

"Evian has already called me. I know what's going on. If it weren't for me, you wouldn't lose." Amelia Su said.

George Han couldn't help licking his lips, and said, "Since you lost the game, is there any compensation?"

Amelia Su blushed and said, "Of course not."

Heard these four words. George Han's spirit was hollowed out in an instant, and he felt that his life suddenly disappeared.

I was drooping my head, but I heard Amelia Su say: "But I am your wife."

These words made George Han suddenly look up, and stared at Amelia Su, wife! Does this mean that he can exercise his husband's rights?

With a dry mouth, George Han slowly moved his head closer to Amelia Su.

At this moment, the door of the ward suddenly opened, and the doctor in a white coat walked into the ward and said, “Doctor’s round.”

*fck fck!*

In George Han’s heart, 10,000 grass-and-mud horses rushed past, when the rounds were not good. It happened at this time!

Amelia Su quickly stood up, the shyness on her face couldn’t be concealed, so she could only lower her head.

The doctor asked a few casual questions and left, but the atmosphere in the ward was completely different from before, full of embarrassment that shouldn’t have been, and Amelia Su did not sit back in the bed again. It can be said that she had a great opportunity to be severely affected by the doctor. The foot was crushed.

That night, Amelia Su was also with George Han in the hospital. Although George Han tried his best to say that it was okay, but Amelia Su couldn’t let go and insisted not to leave, so George Han could only give up.

Early the next morning, the entrance of Su’s company was very lively. The gate was blocked and all employees could not enter.

“Where is this person, why are they blocking our company?”

“Looking at this, it is troublesome. I heard that the chairman provoke these people.”

“The chairman hasn’t come to the company for several days. She won’t offend a big man.”

“Who knows. I didn’t expect the company to get through a difficult time, and it caused such a big trouble again.”

The Go Association has a few old-fashioned guys, each with a chair, sitting generously at the door with a faint smile on their faces.

“There is such a big movement. See when Amelia Su can hide.”

“Unexpectedly, these two people were both heads of tortoises. George Han avoided seeing people. Amelia Su didn’t even want the company.”

“A few of us come forward, isn’t it normal for Amelia Su not to come forward. Does she still have the courage to deal with us?”

“Yes, it’s just a Su’s family. It’s a bit bigger.”

Several people chatted triumphantly, George Han lost the game, and they held grudges. I wanted to trouble George Han for a long time, but after returning to Basin City, George Han had an arrogant attitude. Amelia Su couldn’t find anyone, so they had to come to Su’s company to make trouble. This behavior of blocking the door and preventing employees from entering was very serious. Evil and arrogant, but they are not at all worried that it will have too much impact. Just as they said, there is only a Su family. What is it to deal with them together?

One of the old men stood up and said to the employees of Su’s company: “Contact Amelia Su and let her get out. Otherwise, you don’t have to go to work. Starting today, Su’s company has completely closed down. If you treat me If you have doubts about what you are saying, just go and inquire about my identity.”

## Chapter 259

The old man is extremely arrogant. These words have angered many employees in the company, but they dare not speak, because these few people are not easy at first sight, and the company employees are just ordinary people, who wants to offend them What?

Amelia Su's assistant Zhong Qiu saw that no one in the Su family was willing to speak up, so she had to stand up.

“Su Dong is not in Basin City these days. If you have anything to ask her, can't you wait for her to come back?” Zhong Qiu said.

“Not in Basin City? I think she was hiding on purpose, how could she not be there. Who are you, are you qualified to talk to me?” The old man looked at Zhong Qiu disdainfully.

Zhong Qiu is not a big figure in the company, nor does he have the right to speak in the company, but now the relatives of the Su family do not come forward to speak, she is also forced to be helpless, can't let everyone not go to work, the company still needs things. deal with.

“I am Su Dong's assistant.” Zhong Qiu said.

The old man laughed, just an assistant, who dared to talk to him.

“A little assistant, I advise you to stop talking nonsense. Either contact Amelia Su, or you can go back and find a new job.” The old man said.

Zhong Qiu gritted his teeth and said dissatisfied: “Why are you blocking the company? We still have to go to work? It is illegal for you to do so.

“Follow the law?” The old man raised his eyebrows. I walked to Zhong Qiu and looked up and down. Although she was not a superb beauty, she was still pretty good. The most important thing was her good figure. This made the old guy feel lustful and said, “Little girl, Go and find out who I am Jiang Fu. Jiang Hai is my son. Have you ever thought about the consequences when you talk to me so recklessly? But don’t be afraid, as long as you are willing to be my secretary, I can’t forgive you.”

“Jiang Fu!”

“He turned out to be Jiang Fu.”

“No wonder you dare to be so arrogant, he is the founder of Jangho Group.”

Everyone was shocked when they heard Jiang Fu’s self-reported identity. Before they were still wondering what the identities of these old men were, and they blatantly blocked the Su family company, but now they all understand that the Jiang family is in the cloud. The power of the city is much larger than that of the Su family, only under the heaven.

“You...you are Jiang Fu.” Zhong Qiu said with a look of fear.

Jiang Fu smiled triumphantly. He was very satisfied with Zhong Qiu’s fearful performance.

“How about it? Be a secretary for me. I promise you will work easily and take more money. You can think about it.” Jiang Fu said.

Zhong Qiu is a person who pursues the quality of life very much. Clothes, bags and cosmetics are all famous brands, but at the same time she also has the heart of a strong woman. Even if these famous brands are bought by her frugality, she will never Embark on the road of being kept.

Zhong Qiu knows what Jiang Fu's so-called secretary means, and what she wants is obtained with her own hands, not in this way.

“I know you are rich, but if my life is to be earned in this way, I won't want it.”  
Zhong Qiu said.

Jiang Fu had a dissatisfied expression. He has very little interest in this area now. It is rare that he had a slight idea about Zhong Qiu, but he was rejected.

“Hmph, then you just get out and find a job, by the way, to remind you, as long as I say a word, no one in the entire Cloud City dares to use you.” Jiang Fu said coldly.

This sentence is not a joke, Zhong Qiu knows exactly what Jiang Fu is targeting, but she will not compromise because of it.

“Su family, it is not easy to fall, Su Dong's personal ability is very strong. I believe she can survive this difficulty.” Zhong Qiu said.

Hearing these words, Jiang Fu burst into laughter and shook his head and said: “No matter how strong the individual is, what can I do? I want to block the cooperation of the Su family in Basin City. What else can Amelia Su do? In my eyes, even an ant is not counted as your blind confidence in her, only in exchange for despair.”

Zhong Qiu looked at everyone in the Su family, and now, they are still unwilling to stand up and say a word, and they are all high-level people in the company! At such a moment of crisis, all of them acted like turtles.

Everyone in the Su family has always just eaten their own food, never asking about the company's troubles. A group of people who have been eating vegetarian meals for many years counts on them to help the company. This is simply a fantasy. Not only will they not help the company, but they are still in their hearts. Blaming Amelia Su, if it hadn't been for Amelia Su, had caused such a big trouble again. How could the company be targeted by Jiang Fu?

“Can none of you contact Amelia Su? What did a bunch of waste eat?” Jiang Fu asked, scanning everyone in the company.

Not only the employees, but the Su family relatives did not dare to look directly at Jiang Fu at this time, bowed their heads and remained silent.

Zhong Qiu really had no choice, and said: “I will call Su Dong immediately.”

In the hospital, Amelia Su was cutting apples for George Han. The phone rang and saw Zhong Qiu’s caller ID. The first instinct was to tell her that the company had an accident, because she hadn’t been back to the company for many days, and she didn’t understand what was going on.

“Zhong Qiu, what’s the matter?” Amelia Su answered the phone and asked after passing the apple to George Han.

“Su Dong, Jiang Fu’s group blocked the company’s door and prevented us from returning to the company to work.” Zhong Qiu said.

Amelia Su frowned upon hearing the name Jiang Fu. This old guy had looked for her before, and because of George Han, he didn’t expect to directly block the company’s door today!

Amelia Su did not understand the reason for the matter before, but now she knows very well that the first time Jiang Fu and others appeared in the company, in order to let George Han participate in the Go game, because they are all members of the Go Association, and hope to let George Han went to grow faces for them, and now, George Han lost the game. They must have felt that George Han had embarrassed them, so they came to make trouble again.

“Okay, I see, I will go back to the company immediately.” Amelia Su said.

Hanging up, George Han asked, “What’s wrong?”

Amelia Su sighed and said: “The company still has some documents that I need to sign.”

She didn't plan to tell George Han about this. After all, George Han is still injured. Healing his injuries is the most important thing. You can't delay his cultivation because of these trivial matters.

“Then you go back to work, I'm alive and well, and can take care of myself.” George Han said.

Amelia Su nodded and said: “What do you want to eat at noon, I will pack it for you.”

“I can eat anything, if you are busy, you don't need to come over at noon.” George Han said.

“Okay, call me if you have anything.” Amelia Su said.

After being taken care of by Amelia Su all night, George Han was already satisfied, so after Amelia Su left, there was no feeling of loss in his heart.

Suddenly thinking about the prison in the center of the earth, I don't know what the gopher is doing now. The signal receiver George Han was always with him for fear of missing the news from the gopher.

In the past, George Han regarded taking care of Amelia Su as the most important thing in his life, but now, whether Han Tianyang is still alive has occupied the same position as Amelia Su.

Amelia Su is a relative of George Han. Han Tianyang is also a close relative, and both are indispensable to George Han. It is a pity that it is impossible to guess when the news about this matter will be available, except for endless waiting. George Han had no choice.

After Amelia Su drove to the company, all the employees gathered at the door, and a few old men sat at the entrance, acting like a man and a man.

Jiang Fu sits in the middle, because he has the highest position among these old men. Since retiring, Jiang Fu has never enjoyed the attention of the public anymore. At this time, he is still quite proud. Although he is getting older, his vanity has never diminished.

“Su Dong is here!”

“It’s finally here, I don’t know if Su Dong can find a way to solve this matter.”

“Hey, I think it’s difficult. Who is Jiang Fu? He has a much higher status than Su Dong, and these old men are not simple people. They joined forces to target the Su family. Maybe we are really unemployed. “

Zhong Qiu ran to Amelia Su right away and said: “Su Dong, these people are looking for trouble for no reason. Isn’t it because the competitor deliberately wants to bring us down?”

Amelia Su shook her head, did not speak, and walked directly in front of Jiang Fu and others.

## Chapter 260

“I have been a tortoise with my head shrunk for so long, can’t help it? Are you finally willing to show up?” Jiang Fu said to Amelia Su with a smile on his face.

“Is George Han obligated to help you win the game?” Amelia Su said coldly. Now that she knew what these old things came from, she didn’t need to be circumspect.

Today, the Cloud City Go Association has become the biggest joke in the Chinese Go community. Although they have withdrawn from the Go Association in time, they still inevitably lose face. This kind of dignity being laughed at made several old guys very angry. At this time, listening to Amelia Su say so, it was even more inspiring.

“Amelia Su, you’d better pay attention to your speaking attitude. With a word from Jiang Fu, your company will be finished in Cloud City.” Jiang Fu said coldly.

“You are so capable, why don’t you go to the competition yourself? Can you win, or you? Or is it you?” Amelia Su pointed at a few people at random and said disdainfully.

The faces of the accused suddenly became very ugly. If they had the ability, how could they let George Han do this? It is precisely because of his incompetence and want to enjoy the honor that he forced George Han to compete.

of course. The so-called coercion was just their wishful thinking. If it weren’t for Amelia Su, even if the heavenly king came, it would not be possible to shake George Han’s decision.

“Amelia Su, we only need George Han to come forward and kneel down to apologize. Don’t be so innocent.”

“The broken company of the Su family can’t beat us. I advise you to think carefully.”

“You don’t do any good for you to protect this kind of uselessness, and he is known throughout the city as a wasteful, just let him kneel down and apologize. What is the loss to the Su family?”

Listening to the words of a few people, Amelia Su’s expression was cold, and it was true that George Han was regarded as a useless person, even the entire Basin City people thought so.

But in Amelia Su’s eyes, George Han was not a waste of money, he was just low-key and unassuming.

“He is my husband, I naturally want to help him, and he is not at fault in this matter. It is you who have kept making progress, why should he apologize?” Amelia Su said strongly.

Jiang Fu gritted his teeth and looked at Amelia Su. He thought that threatening Amelia Su would make George Han come forward and apologize. He didn’t expect Amelia Su’s attitude to be so tyrannical, and he didn’t put them in his eyes at all.

“Husband? You actually admit that this kind of trash is your husband? No one in the entire Basin City knows. You haven’t let him touch it in the past three years. It’s hard to be true. Now you have confessed your fate, and would rather let the entire Su family fall into trouble. The water is hot?” Jiang Fu said.

Regarding George Han and Amelia Su, Harry Su was rumored in Basin City. George Han’s reputation is very strong, and Harry Su has absolute credit, but all this is just before, and it is definitely not the case now.

Amelia Su has changed from hating to George Han, and then admitting his feelings for George Han. Until now, he has hinted several times about the relationship with

George Han. If George Han didn't know his mind, they should have long There is a real husband and wife.

“Jiang Fu, you are also an old man. Is it still so shameless to be a man? He can't lose in the competition. He has to give you a face. What he can't do. Is there any qualification to force him? Don't you listen Do you want to do what you don't want to do to others?” Amelia Su said.

The attitude of Jiang Fu and others is strong and superior, because they think they have successfully threatened George Han for the first time. This has given them a feeling that George Han can be ravaged at will, so they will continue now. It's an inch.

And when George Han was in the association, he easily won Ouyang Xiujie. How could he lose in the game? So in their opinion, George Han was not unable to win, but deliberately embarrassed them and deliberately went against them.

What is the right to do it right with them?

This is the idea of Jiang Fu and others, strong and unreasonable!

“What's the use of talking so much nonsense? We only have one request. Let George Han appear immediately, kneel down and apologize to us, otherwise your company will just wait for bankruptcy.” Jiang Fu said, without the slightest retreat.

When the relatives of the Su family heard about this incident, it happened because of George Han. Everyone was angry, and the company was finally able to catch a breath, and now it has caused such a big trouble because of George Han.

“Amelia, you have to think about the overall situation of the company. George Han offended Mr. Jiang and the others, and asked him to kneel down and apologize. That's right.”

“Yeah, you can’t waste it because of George Han. It hurts the company, you have to think clearly.”

“Although your current chairman, we do not have the right to speak, but in order to cover up this kind of waste and drag down the entire company, is it worth it?”

Several relatives of the Su family persuaded Amelia Su in a kind manner.

Amelia Su sneered coldly. Without George Han, Su’s company would have ceased to exist. These things are nothing more than George Han’s reluctance to mention. The gang of bone-attached maggots even hope that George Han can kneel down in exchange for the stability of the company.

She knew that these people didn’t really care about the company, they were just worried that they would lose their jobs after the company collapsed. It was not their loss for George Han to kneel down and apologize. They naturally felt that it was not a big deal.

“Since I have the final say on the company’s affairs, you are not qualified to give pointers to my decision and ask George Han to apologize. It is absolutely impossible.” Amelia Su said.

“you.....”

“Amelia, are you going to watch the company fail?”

“I thought you were wise before, but now it seems that I think too much, you are a fool. I don’t know what to do.

The Su family relatives said to Amelia Su angrily.

Although Su Yihan did not speak on the side, she was very happy to see this situation in her heart. The Su company collapsed and Amelia Su ceased to be the

chairman. She was not qualified to stand high in front of her, and she wished that the company would collapse sooner and let Amelia Su fall from the position of chairman.

“Amelia Su, we are all for the good of the company. You have to be obsessed and get right with Mr. Jiang. This is a dead end.” Su Yihan said.

Hearing this sentence, Jiang Fu said proudly: “It seems that these people under your hand are sensible. Knowing that Jiang Fu is a person who can’t afford to offend me, I will give you another opportunity to immediately let George Han come forward and kneel. I apologize to us, I can assume that today’s things did not happen.”

Ignoring Jiang Fu’s words, Amelia Su said to the company’s employees: “Starting today, we will take a week’s paid vacation. If you believe in the company, wait for my good news. If you think the company will be over, you can go to the next home in advance. Amelia Su will never have any opinions.”

As soon as these words came out, the whole audience exploded, and the company slowed down. There are still a lot of things to do. One week of paid vacation will undoubtedly cause huge losses for the company.

But on the other hand, Amelia Su’s courage is also compelling. She has shown strong confidence and feels that the company will survive even if it is targeted by Jiang Fu.

“Su Dong is really courageous, he took a week off with pay!”

“The company is still in a mess. Will it really survive a week’s leave?”

“Su Dong shouldn’t be joking about this kind of thing. She became the chairman of the board after acquiring the company. Maybe there is a funder behind it, and the funder chain should be very strong.”

“Cloud City is very lively this time, I don’t know who can have the last laugh.”

When the employees were whispering, Jiang Fu’s gang looked hard to see the extreme, and Amelia Su’s attitude was not giving way, which they had never expected.

Of course, if they really want to target the Su company, it will be a piece of cake for them.

“Amelia Su, you have such courage at a young age, which made me admire me with admiration, but you are still too young for business affairs. There is no regret medicine in this world. I hope you can bear the cost of this incident.” Jiang Fu said coldly. Said.

“Jiang Fu, I hope you don’t regret it.” Amelia Su called her by name, no longer respecting Jiang Fu as a senior.

Jiang Fu took a deep breath and said: “Ten days, the Su family does not boast, I changed my name to Jiang Fu, and everyone can testify.”
