

Chapter 261

Jiang Fu's remarks, like a military order, shocked everyone present.

He was able to say this, indicating that he would never let Amelia Su go.

From the comparison of the strength of the two sides, Amelia Su has absolutely no chance of winning.

The Su family is only a second-rate company, but the Jangho Group is just under the heavens, not to mention there are several other people with high status. They are working together to change the business structure of Basin City, except that the heavens cannot be shaken. , Who can bear it?

In the eyes of many people. The company has been unable to recover. How could it survive the suppression of Jiang Fu and others?

Some people even think that Amelia Su is not worth it. It is simply foolish to take advantage of the future of the entire company for the sake of a waste of money.

Especially those relatives of the Su family were so angry that they finally managed to keep an iron job. Because of Amelia Su's unwise decision, the company was once again caught in the heat, and they faced the crisis of unemployment.

Unfortunately. Now the company is Amelia Su alone who has the final say. They are just employees, and they have no choice but to face this situation.

"It's so lively, haven't I missed any good scenes?" After a familiar voice sounded in the crowd. Harry Su walked out.

"Harry Su, what are you doing?" Amelia Su looked at Harry Su coldly. If this guy hadn't kidnapped her, how could George Han lose the game!

Harry Su smiled, this was a joy from the heart, because after having the money Shen Weng gave him, he could start his own company and return to his status as Master Su.

“Let me see how you killed the company, can’t it?” Harry Su said with a smile.

“Of course you can. You can keep your eyes open to see clearly how the company is gaining a foothold in Cloud City and growing.” Amelia Su said.

Harry Su seemed to have heard the joke and burst into laughter. She had such a strong confidence just because of the abandoned son of one family. She really didn’t know anything about herself.

“Amelia Su, you are really confident. I hope you can say this when the company goes bankrupt.” Harry Su said.

“There is no business with you here, nothing in the company has anything to do with you, you’d better get out of here.” Amelia Su said coldly.

Harry Su’s face turned cold, let him go? Is Amelia Su eligible? He now holds the capital chain and can create a company of the same size as the Su family at any time. Why does Amelia Su talk to him like this?

“Amelia Su. You don’t think about the consequences of these relatives, but I can’t let them endure hardships with you, so I am here today and I have good news to tell them.” After Harry Su finished speaking, he looked at the relatives of the Su family and continued: “I am preparing to start a company, and I have already received one billion in funds. If you are willing to follow me, I will give you the same company status.”

The Su family’s relatives immediately became restless when they heard this.

Harry Su actually got 1 billion in funds and had to start a company. This is a good thing for them, because the Su family's company has shown that it is no longer saved. If they can follow Harry Su again, they are naturally willing.

“Harry, are you kidding, are you really going to start a company?”

“How can you suddenly have a billion? This is no joke.”

“If you really start a company, we will definitely support you.”

The rebellion of the Su family's relatives was faster than the face change in Sichuan Opera, and they looked at Harry Su one by one expectantly.

“Of course I'm not kidding. Someone has taken a fancy to my talents, so they're willing to invest one billion for me to develop in Cloud City. I think that everyone is relative. That's why I am willing to give you a chance if you don't believe me. , Then forget it.” Harry Su said lightly.

“Believe, of course believe, I will follow you.”

“I'm following you, this broken company, I don't want to stay anymore.”

“Amelia Su has no leadership ability at all. The company is in her hands, and sooner or later it will be destroyed. Now that we have such a good opportunity in front of us, why would we not be willing?”

Listening to the people's words, Harry Su smiled on his face and said triumphantly to Amelia Su: “It seems that you are not very popular. They all want to follow me.”

“You have to take away these worms. I can't thank you enough.” Amelia Su smiled and said. She didn't care about the betrayal of Su's relatives, because they themselves are a group of people who know nothing, except for the company. Ways to make money. No contribution.

“Amelia Su, what do you mean!”

“The company deserves to be ruined in your hands, you who don’t know good or bad, what qualifications do you have to be chairman?”

“You are a junior, we are the elders. I don’t want to care about you, you can do it for yourself. Offending Elder Jiang will be the last thing you regret in your life.”

A group of people accused Amelia Su, and Harry Su’s smile grew thicker when he saw this situation.

“Hey, Amelia Su, you take George Han too much. He can’t do everything. Just wait to regret it. See what this uselessness can help you,” Harry Su shook his head with a face Said with a sigh.

If George Han is from the Han family, then this is something to be afraid of. Harry Su will never dare to go against George Han, but he has long been abandoned by the Han family, even if he made some money from the Han family. It should be almost used now.

Mountainside Villa and the acquisition of Su’s company. In Harry Su’s view, George Han had almost spent the money he took away from the Han’s family. Without the money, how can George Han help Amelia Su?

Moreover, he now has Shin Weng as his backing. This billion is only an initial investment. He can figure out how to continue to take money in Shin Weng’s hands. With such a backer, it is not a matter of time before George Han is stepped under his feet. ?

“Harry Su, you just tasted some sweetness, don’t get too proud of it too soon, you should know that you are a puppet.” Amelia Su said with disdain.

The two words puppet hurt Harry Su's heart. He can stand high in front of people, but he is just a dog in front of Shen Weng, but he knows this kind of thing himself, and does not need others to remind him.

“Amelia Su, even if I am a puppet, I am better than you, a person who is about to go bankrupt. Does it make sense to speak hard in front of me?” Harry Su said.

“The facts will let you know who is the final winner.” Amelia Su said lightly.

“Winner?” Harry Su smiled coldly and said: “Today I will show you what a winner is.”

Finished. Harry Su looked at the other employees of the company and continued: “Whoever wants to work in our company, I can not only give you better treatment, but also give you a more stable working environment. Now you can see the situation in the Su company. I've offended Mr. Jiang. It's just a matter of time before Su's company is finished. You have to think about it for yourself. If you have a chance before you now, if you miss it, it's too late to regret.”

Harry Su's remarks touched many people, because most of the people present did not think that Amelia Su could survive this crisis. Once the company went bankrupt, they would face unemployment, and now. Harry Su is willing to take the initiative to solicit, this is a rare opportunity.

Seeing this situation, Zhong Qiu was anxious, and the company was in trouble. If these people left, it would undoubtedly make the company worse.

“How Su Dong treats you, you should be very clear. Now the company is in trouble, everyone should overcome the difficulties together.” Zhong Qiu said.

“How to get over? Apart from letting the wimps come forward to apologize, how can Su Dong fight against Jiang Lao.”

“Yes, unless Su Dong is willing to let George Han kneel down and apologize, otherwise, we can only go, who wants to take advantage of our own future.”

“We also have to live, not for the company, not even our own future.”

Rebuttal voices continued to sound, and more and more people expressed their positions and were willing to work for Harry Su’s company. For a while, the outbreak of internal conflicts made Su’s company truly in crisis.

Amelia Su didn’t expect things to go to such a point. There is no loss to the company if the relatives of the Su family leave, but among these employees, there are many company backbones. Once they leave, the company will really be in danger.

“Who wants to leave, I will never force to stay.” Amelia Su took a deep breath, even if the entire company was gone, she would never let George Han come forward to apologize.

Chapter 262

“Su Dong, I’m sorry, we also want to live.”

“Hey, it’s really not worth paying for the entire company for a waste.”

“It’s better to leave early, otherwise, you will lose your job sooner or later.”

Amelia Su stood on the cusp of the storm, watching her old subordinates, all of them invested in Harry Su’s new company, but Zhong Qiu was still standing next to her.

“Su Dong, I believe you, I will share the difficulties with the company.” Zhong Qiu said to Amelia Su with a firm expression. Although she also felt that the difficulties this time was very big for the company, Amelia Su was very good to her and she absolutely Will not be ungrateful at this time.

Amelia Su smiled with satisfaction. Said: “Don’t worry, I won’t let you down.”

“Su Yihan. This matter has nothing to do with you. The company has fallen, shouldn’t you be very happy?” Amelia Su said.

“Of course.” Su Yihan nodded without hesitation, and said: “I’m really happy now, but I’m very surprised, what kind of ecstasy soup was poured into you by that waste, making you willing to pay so much for him.”

“I love him.” Amelia Su said.

“Puff...” Su Yihan couldn’t help laughing. He looked at Amelia Su with a big smile, and said: “It’s ridiculous, it’s ridiculous, there is something worthy of love in a rubbish, Amelia Su, your taste is really weird, wait. When you slept with him under the overpass, I hope you can say this.”

“No matter what the environment does, my feelings for him will not change. This is something that a gold worshiper like you cannot understand.” Amelia Su said coldly.

Hearing the three words worshiping the golden girl, Su Yihan was not angry, but raised her head proudly and said: “What about I am a golden worship girl? Is there anything wrong with me in order to get a better life for myself? Do you want to be like you? , Do you keep a trash and leave your life away? If you offend Mr. Jiang and lose your company, you will soon become beggars. Even if this kind of love is kneeling in front of me, I will dismiss it.”

Talking about feelings with someone like Su Yihan is completely insulting the word feeling, so Amelia Su didn't want to say anything to her, and turned to look at Jiang Fu.

“Elder Jiang, don't hesitate to use any tricks. Amelia Su will stay with him to the end. If there is nothing else, I will leave first.” Amelia Su said.

Jiang Fu faintly admired Amelia Su's arrogance. In this case, she still did not choose to compromise. In order to protect her own man, the entire company took risks.

But admire it and admire it, Jiang Fu will not hesitate to target.

This matter has become such a big deal, if he doesn't play Su's company thoroughly, wouldn't it be a laughingstock.

“Amelia Su, I hope you will have a chance to talk to me like this in the future, but in my opinion, I probably won't communicate with beggars in the future. Let's just wait and see.” Jiang Fu finished coldly, leading a group of old men away angrily.

The employees of Su's company are also gone. Those relatives looked at Amelia Su mockingly, as if in their eyes, the so-called love was like a joke, and it was even more unworthy to do it for a waste of money.

“Amelia Su. Do it yourself.”

“You are really confused to fall in love with someone who eats soft rice.”

“If you can't even eat in the future, I will leave some leftovers for you, thinking about the relatives' feelings.”

After the elders finished speaking, they stood behind Harry Su.

“Harry, let's go, too, there is nothing to say with this kind of person who is about to die.” Su Yihan looked at Amelia Su with disdain, and said to Harry Su.

Harry Su nodded proudly and said: “There is really nothing to say, let's go, only me, Harry Su, can make you live a good life, this woman will only harm you.”

After everyone had left, Amelia Su's tense nerves relaxed a little, and he let out a bad breath.

“Su Dong. Now that everyone in the company is gone, what should we do?” Zhong Qiu asked Amelia Su. Harry Su's words overturned all the employees of the company, and the huge Su family company instantly became empty. nest.

“Don't worry, I can think of a solution. You should go home to rest and take a paid vacation these days.” Amelia Su said.

Zhong Qiu looked worried, the company's operating foundation needs employees to complete. Now that the old employees are gone, even if Amelia Su can find a way to recruit new employees, these people are not familiar with the company's internal operations and need time to familiarize themselves. This time is again

targeted by Jiang Fu. This makes Zhong Qiu totally unable to see the hope of the company overcoming difficulties.

Of course, she was not worried about her unemployment, but worried about Amelia Su.

“Su Dong, I’m not afraid of losing my job, I just don’t want the company to be destroyed by those villains.” Zhong Qiu said.

Amelia Su knows Zhong Qiu’s personality. If she was afraid that she would lose her job, she could just follow those people to Harry Su’s company, how could she continue to stay with her.

“I know your mood. Take a break these days. Just take an annual vacation. The company will definitely be fine. Trust me.” Amelia Su said.

Zhong Qiu looked at Amelia Su sincerely and found that Amelia Su didn’t seem to be joking, so he was relieved.

“Su Dong, I believe you, you are much better than Harry Su’s super powers. Even if someone invests in starting a company, he will sooner or later be bankrupted by him.” Zhong Qiu said.

Amelia Su smiled and glanced at the company building about this matter. She didn’t know her heart. If she only relied on her own ability, there was no way to change it. So all of her hopes were actually pinned on George Han, but at this stage, George Han was injured and she had to wait for George Han’s body. After he was done, he told George Han about the matter again, which was why he had to take a week off.

Back at the hospital, Amelia Su looked like nothing happened. Even if George Han asked, she took it lightly.

“By the way, how long will the company have to be busy?” George Han asked. They had agreed to take another wedding photo. For this, George Han couldn’t wait long ago.

“It should be soon. But if you want, we can shoot now.” Amelia Su smiled.

“Now?” George Han touched his head unconsciously. With this look, he couldn’t laugh the photographer to death, and it was such an important matter. Of course it must appear in the best condition.

“No, I am like this now. If the son in the future sees him, he will not laugh at me.” George Han resolutely refused.

Amelia Su’s heart throbbed inexplicably when she heard the words son. Although she has not considered this aspect of things, this kind of thing will happen sooner or later. For mothers, she is a little scared in her heart, but more, still looking forward to it.

“Who is going to have a son with you, shameless.” Amelia Su said, avoiding George Han’s gaze.

George Han smiled red, Amelia Su’s refusal was irritating, indicating that she did not reject this matter in her heart, which made George Han see the light, and it seemed that the internal revolution was about to succeed.

When the two showed signs of flirting, the door of the ward was pushed open again, and George Han had a black line. How could this doctor always show up at critical times!

But seeing people coming in. George Han’s complaints disappeared.

It was not the doctor, but Lily Jiang and Wilson Su, who didn’t expect them to come to see themselves.

“Dad, Mom.” George Han shouted.

“Are you okay?” Lily Jiang asked, carrying a basket of fruits, walking to the hospital bed.

“It’s okay, it’s just a bit of a broken skin.” George Han said.

“It’s all right, it’s all right.” Lily Jiang finished speaking and turned to Amelia Su and said: “Amelia, come out, I have something to tell you.”

After Lily Jiang and Amelia Su left the ward, George Han frowned. Obviously, the main reason for Lily Jiang’s visit to the hospital was not to see him, but to come to Amelia Su.

“Dad, what happened?” George Han asked Wilson Su.

“No, no, nothing, you just have to rest.” Wilson Su’s expression was panic that could not be concealed.

George Han’s face was as deep as water, so it seemed that something must have happened, but Amelia Su didn’t want to tell him.

Chapter 263

Outside the ward, Lily Jiang took Amelia Su and walked directly to the end of the corridor.

“Mom, what are you doing, is there anything you can’t say in the ward?” Amelia Su asked Lily Jiang in confusion.

Lily Jiang glanced at the ward, and was convinced that George Han could not hear them. Then he said: “A big thing has happened, now the whole city knows, what are you going to do?”

Amelia Su didn’t expect the news to spread so quickly, even Lily Jiang knew it, it should be Jiang Fu who deliberately spread the news and wanted to beat those who cooperated with Su’s company. Let them retreat in the face of difficulties and take the initiative to terminate cooperation with the company.

This is undoubtedly a disaster for Sujia Company.

Seeing Amelia Su not speaking, Lily Jiang said eagerly: “What else do you think. It’s hard to become the chairman of the company. You can’t just watch the company collapse. Let George Han come forward to solve this matter.”

“Mom, George Han is still in hospital. I just want him to heal his injuries.” Amelia Su said.

“Whether it hurts or not, it’s a small injury. Now the company is a major issue, and he won’t die.” Lily Jiang said disdainfully. She was in a panic when she heard the news. For Lily Jiang The good days have just begun, and Amelia Su can save her face when she becomes the chairman. Let her have bragging capital in that group of sisters, but now, the company is targeted by Jiang Fu, all this is like a bubble that is about to shatter, how can Lily Jiang not be in a hurry.

“Mom, what are you talking about, is it important for the company to have three thousand?” Amelia Su stared at Lily Jiang and said.

“Why is it not as important as him? Is he going to die now? It’s not a serious injury, can’t you tell the priority of the matter?” Lily Jiang said.

“In my heart, he is important. No matter what, wait until he gets better.” Amelia Su said firmly.

“You girl.” Lily Jiang was anxious like an ant on a hot pot. If time delays for a day, the company’s crisis will increase by one point. She doesn’t want to see Amelia Su Luoren become an ordinary wage earner, so she will be laughed at by the sisters.

“If you don’t say it, I will do it myself.” Lily Jiang said.

“Mom.” Amelia Su said solemnly: “I warn you, no one is allowed to mention this before George is discharged from the hospital. If you dare to tell him, I will turn your face on you.”

“Turn your face? Amelia Su, you still don’t take me as your mother. I’m doing this for your own good. He is alive and well. What’s to worry about.” Lily Jiang said angrily.

Amelia Su knows how selfish Lily Jiang is. She has changed her attitude towards George Han because of what happened in the Villa and she was afraid of George Han.

But when her own interests will be affected. Lily Jiang would never consider George Han’s feelings.

“For my good, or to brag in front of your sisters, you are afraid that the company will collapse, and those people will laugh at you.” Amelia Su said.

Lily Jiang's expression became a little unnatural, but she wouldn't admit it, and said: "Girl, how can you think of me like this, am I such a person? I'm just worried about your future, and it's hard to work hard. Are you willing to be in this position?"

"Hard work? If you don't have three thousand, how can I become the chairman of the company, you are brand-name clothes. If you don't have George Han, what qualifications do you have to buy? You have to be selfish, and you have to take care of three. Qian's feelings." Amelia Su said.

"You..." Lily Jiang was trembling with anger. She didn't expect Amelia Su to speak to her accusingly.

"Don't say anything, I won't agree." Amelia Su finished speaking and walked towards the ward.

Lily Jiang was breathing heavily, so angry that all his hairs stood up.

Since Amelia Su and George Han's relationship changed. She talked less and less, and often turned her elbow outward to help George Han speak, which made Lily Jiang more and more angry.

If it weren't for George Han. Amelia Su was still the good girl who listened to her in the past, but now, not only has she learned to talk back, she even blames her!

"George Han. Don't think you can control our family with a few money. One day with my Lily Jiang, you will always be a son-in-law." Lily Jiang gritted his teeth.

Amelia Su, who returned to the ward, drove Wilson Su out. Wilson Su saw the angry Lily Jiang and walked to the side and asked, "How is it?"

“Your daughter, who is getting smaller and smaller, dare to say that I did not do the right thing. I don’t know what ecstasy soup was poured by George Han.” Lily Jiang said angrily.

Wilson Su quickly patted Lily Jiang on the back and said, “Come down and calm down, what are you doing so angry, George Han is not so annoying now, don’t you forget. Did he even force his grandma to die?”

Lily Jiang was indeed a little scared of this. After all, Nangong Qianqiu was hanging in front of her, but she had no fear. As long as George Han had feelings for Amelia Su and wanted to be with Amelia Su, then George Han would never dare to do anything to her. kind.

“Is there anything to be afraid of? He likes us to welcome the summer, would he dare to kill me?” Lily Jiang disdainfully said.

Wilson Su nodded. This is a bit reasonable. George Han did so much, isn’t it just for Amelia Su? How could he have the guts to attack Amelia Su’s biological parents?

“But don’t go too far, and destroy their relationship. It is not a good thing for us.” Wilson Su reminded.

“Don’t worry, I have a sense of measure, as long as I let him know this family, I am the master.” Lily Jiang said.

In the ward. George Han didn’t ask Wilson Su about anything, Amelia Su refused to say it now, making him very helpless.

“If you refuse to tell me, I will know what happened by just making a call.” George Han said.

Amelia Su knew. Even Mo Yang is a friend of George Han. He wants to know that these things are very simple, and now it seems that he can't hide it.

“It's nothing big, the company has just a little trouble, you can heal your wounds, I can solve it, don't you believe me?” Amelia Su said with a smile.

George Han believes in Amelia Su's abilities, but the matter is also divided into seriousness. If it exceeds Amelia Su's ability, how can she solve it?

And this incident shocked even Lily Jiang, obviously the influence was not small, George Han didn't want Amelia Su to bear the pressure alone.

“Are they the people from the Go Association?” George Han asked. At this stage, apart from those old things, George Han couldn't think of anyone else who would trouble Amelia Su.

After Amelia Su hesitated for a while, she nodded and said, “It's Jiang Fu. He wants you to kneel and apologize to him, but I didn't agree.”

A coldness flashed across George Han's face, and he knelt down to apologize. This old thing really requested a lot.

The Jiang family in Basin City did have some power, but in the eyes of George Han, it was just a clown.

“This is the simplest solution.” George Han said to Amelia Su.

“How is it possible.” Amelia Su reacted fiercely when he heard George Han's words, and said: “Even if you don't want the company, I can't let you kneel down for him.”

These words made George Han feel happy, Amelia Su can think of him so much, isn't this the happiest thing?

“It seems that I am more important than the company.” George Han said.

“Of course.” Amelia Su said without hesitation, without any consideration.

George Han waved to Amelia Su and motioned her to sit by the bed.

Amelia Su walked to the bedside and sat down without knowing it, and asked, “What’s wrong?”

“The company now has a lot of cooperation in its hands, and there should be no problem for a while. Since you want me to recover from my injury in the hospital, I will go to meet these old things for a while after the injury is cured.” George Han said.

This is the situation that Amelia Su most wants to see. Unfortunately, the current situation is not as optimistic as George Han thought, because Harry Su’s involvement has led to Su’s company now being an empty shell. Apart from Zhong Qiu, Not a single employee.

“Actually... Actually there is one more thing.” Amelia Su said vaguely.

“What else is there?”

“It’s Harry Su. He has received a billion investment and wants to start a new company, which will remove all the employees of our company.” Amelia Su said.

Chapter 264

Billions.

Shen Weng really can look down on Harry Su, one shot is one billion, but Harry Su's waste, even if he has one billion, can he make waves in Basin City?

“One billion will soon be overtaken by Harry Su. He has nothing to worry about. As for the company's employees, I will recruit a group of talents.” George Han said.

“Do you know someone from a headhunting company?” Amelia Su asked in confusion. George Han's contacts seem to be in all walks of life, so there is no friend he doesn't know, an almighty husband?

“There are a few friends in this area, but you have to promise me that after this matter is over, we have to make up the wedding photos, otherwise the walls of the house will become empty.” George Han said with a smile.

Amelia Su did not reject George Han's intentional use of this matter. Because she wanted to do this a long time ago, but she never spared any free time.

“Okay, but these days, you have to rest in the hospital, since you are so good. It's not a problem to delay for a few more days?” Amelia Su said.

George Han smiled and said, “Of course there is no problem. Let these clowns be proud of them for a few days.”

Tianjia Villa area.

Thomas Tian was making tea, and Wang Mao was facing anxiously. One of them was calm and the other was anxious with a wry smile, forming a sharp contrast.

“God, is there anything wrong with your intelligence? In case George Han is not what you think, this time the Su family will be dead. You said too early, how can you ignore this matter? If it weren’t for your words, Jiang Fu wouldn’t have been so messy.” Wang Mao said, the Su company’s affairs have been spread all over, Jiang Fu personally sent the news. Whoever cooperates with the Su family company is to be right with him. As soon as this kind of remarks come out, those companies have turned to Jiang Fu. In Wang Mao’s view, the Su family is doomed.

“Seeing you are so anxious, even if the Su Family Company is bankrupt, it has nothing to do with you. Why do you care about George Han so much?” Thomas Tian asked with a smile.

“George Han is the most talented young man I have ever seen. If he is willing to work hard in this aspect, he will definitely be a world-class master in the future. Of course I can’t just watch this kind of talent be ruined by Jiang Fu.” Wang Mao Explained.

“I advise you to dispel this idea. For George Han, Go is just an entertainment to pass the time. He doesn’t treat Go as a profession.” Thomas Tian said. How could the son of the dignified Han Family abandon the business? His talent is indeed surprising, but in George Han’s view, it is probably just boring to play.

“Why? If he becomes famous, he will be able to get rid of his wimpy reputation. Isn’t he willing to have such a good opportunity?” Wang Mao said.

“Useless?” Thomas Tian shook his head and said: “These three words are used on him. They are the biggest joke in the world.”

“You are to clarify my doubts and satisfy my curiosity. Who is he and why do you have such a high evaluation of him?” Wang Mao sat beside Thomas Tian anxiously, his curiosity was like a cat Itching is uncomfortable like scratching.

George Han's identity is too powerful, even Thomas Tian dare not talk nonsense, but seeing Wang Mao's impatient appearance, Thomas Tian also has some desire to say it.

"God, we have known each other for so many years, don't you believe me? What kind of lax person am I?" Wang Mao continued.

Thomas Tian stood up. He took a deep breath, flexed his muscles and bones, and said, "It's not bad to tell you, but you must remember that this matter cannot be known to others. If you have the habit of talking in sleep, it is best to seal your mouth with tape before going to bed at night. Get up, otherwise, I can't guarantee what the consequences will be."

"Just blow it, and see if you can blow it up to the sky, can it be so serious?" Wang Mao said disdainfully.

Thomas Tian smiled and said, "Don't believe it, it's so serious. How else could I be afraid?"

"Everything, everything is up to you. Seal up your mouth and sleep, let's go." Although Wang Mao said so, his expression obviously didn't believe this matter. In his opinion, George Han even has a hidden identity, but it can't be as high as this outrageous level. It's very likely that Thomas Tian has made a mystery.

"Listen well, then." Even though Thomas Tian was in his own home, he looked around and waited. After confirming that no one was there, he said in Wang Mao's ear: "He is from the Han Family."

"Han Family?" Wang Mao muttered these four words to himself. His expression changed from doubt to surprise, until he was stunned in shock.

Suddenly, Wang Mao stood up and said in disbelief: "You mean. He is..."

Thomas Tian held Wang Mao's mouth in a panic, and gritted his teeth and said, "Old thing, what are you doing so loudly, for fear that others won't hear it?"

Wang Mao felt that his heart and liver were trembling, and Han Family was for most people. Almost a supreme existence. Although it was said that the position was turbulent due to Han Cheng's death some time ago, the Han family has deep roots and the influence is almost negligible.

How could such a shameless person who was scolded by Basin City belong to the Han family?

This huge contrast made Wang Mao unable to believe it, and he couldn't believe it.

It is an extremely incredible thing that people who were born into such a wealthy family have been insulted and endured for three full years.

"He... why did he do this? To put it awkwardly, with his status, let the heavenly family be his subordinate, you will be willing to do it." Wang Mao said.

Thomas Tian glared at Wang Mao in dissatisfaction, but did not refute his words, because this was the truth, and the Heavenly Family was the pinnacle in Basin City. But this also means that the Heavenly Family has no further possibility, but if it can be used by the Han Family, although there will be some constraints, the benefits that can be brought to the Heavenly Family are even more unimaginable.

"If I know, I don't need to be so careful. It is precisely because I don't know what he wants to do, that I dare not disclose his identity casually." Thomas Tian said. In his opinion, Amelia Su is just one of his goals. George Han should It is impossible to make such a big sacrifice just for a woman.

How can there be a lack of women around for the wealthy son?

Although Amelia Su is beautiful, it is by no means the one who is the most beautiful in the world. As long as George Han is willing, he can get many more beautiful women than Amelia Su.

“This time, aren’t Jiang Fu and the others over?” Wang Mao sighed.

Thomas Tian smiled contemptuously. He said: “You know the answer, so why bother to ask me? I’ve long been displeased with these old things. I really thought I didn’t know that they were conspiring against the heavens? This time I sent it to my door to die. , It can be regarded as helping Tianjia solve a trouble.”

“You old thing. I had already thought about using George Han to deal with them, so I said that regardless of George Han’s affairs, he is really an old fox.” Wang Mao suddenly realized, looking at Thomas Tian with disdain.

“Don’t talk nonsense, how dare I take advantage of him. It’s just pushing the boat along the river, Jiang Fu is looking for death by himself.” Thomas Tian said triumphantly.

These calculations are nothing in the market. Thomas Tian did not do anything to use George Han, and he did not have the guts.

“Now those old people are still proud. Let them know the identity of George Han. I don’t know if they can cry.” Wang Mao shook his head. Although he didn’t sympathize with Jiang Fu, he guessed what they would be like. After the end, it is inevitable to have some emotion.

Jiang Fu and his gang are indeed very proud now. Within one day, all the external cooperation of Su’s company collapsed, and this was only because of Jiang Fu’s words. In their opinion, the Su family had no chance to stand up, and Amelia Su also paid a painful price for protecting George Han’s behavior.

“A woman is a woman, with long hair and short knowledge. I don’t know what is the use of covering up this kind of wastefulness. Now even the company is gone, George Han will not find a place to eat soft food in the future.”

In a private clubhouse, Jiang Fu and his group changed their cups.

“Lao Jiang, you are still young. After retiring for so long, those people still want to give you face.”

“Of course, my Jiang Fu hit the world, but I was notoriously cruel, how could they offend me for a small Su family, but this matter is not over yet, the Su family company has to fall, George Han still has to do it Kneeling and apologizing, this rubbish is embarrassing us. This matter cannot be left easily. I want him to know what the real cruelty of society is.” Jiang Fu said with a cold face.

Chapter 265

“By the way, did you watch the video of the game?” someone asked everyone.

As soon as this topic came out, the discussion became very intense. After George Han lost the game, they had already seen the video through various channels, but no one wanted to mention this humiliating matter.

“It’s strange to say that George Han has such a big advantage in his hand. After going to the bathroom, he suddenly changed himself.”

“I have also gone through the game again, the mid-term situation. Even if it is handed over to me, I can win, he will lose.”

“Could there be any shameful things that happened while he was in the bathroom?”

“You mean, Shangguan secretly made small moves in black and white?”

When everyone was discussing, Jiang Fu tapped his hand on the table impatiently and said: “Even if there is something unseen, it’s too useless. You can lose the game by just being scared. He doesn’t have anything at all. Considered our face problem.”

In Jiang Fu’s view. Since George Han was forced to participate in the competition by them, the first consideration for everything should be their face. No matter what happened, he should get back the championship. Let the members of the Cloud City Go Association have a long face.

“Yes, even if he died there, he would have to bring us back the championship. Even if the Shangguan threatened him, he should not compromise.”

“Hey, we shouldn’t believe that this waste can happen. In the past three years in Basin City, although I haven’t seen this waste thing, I have heard a lot of topics about him. His frustration is in the bones.”

“It’s better not to think about the game. The more you think about it, the more angry you are. Now you can only express your malice by venting your resentment on him.

Everyone had extremely strong dissatisfaction on their faces. It seemed that George Han wanted to treat them as uncles, and everything had to care about their feelings.

“By the way, when Thomas Tian was at the birthday banquet, he let George Han sit next to him. This time, how can he ignore George Han’s affairs?” Someone asked suspiciously, which is also a lot of people’s curiosity. one thing.

At the first birthday banquet, everyone thought that George Han would be the person to be trained by Thomas Tian, but now that George Han is in crisis, Thomas Tian has let go of it, which is incomprehensible.

“Humph.” Jiang Fu snorted coldly, and said: “Thomas Tian is a personality. How could he be nice to others for no reason? In my opinion, George Han must have some use value to him before, so he was just I deliberately improved George Han’s status, but now, the use value of this useless waste is estimated to have been drained, and it is understandable that Thomas Tian has abandoned him.”

Hearing Jiang Fu’s words, everyone nodded suddenly. Since Thomas Tian handed over the company to his son, he hadn’t asked about shopping malls for many years. He was guarding his boxing gym to pass the time and suddenly supported George Han, Su My son-in-law, if it weren’t for his usefulness, how could it be possible.

“This wimp is really pitiful, after being used by Thomas Tian, he was kicked away again.”

“I think Amelia Su relied on George Han to be valued by Thomas Tian, so he dared to protect him, but how did this poor woman know that George Han is now useless to Thomas Tian.”

“Maybe she is expecting George Han to come forward to solve this matter. After she knows the facts, she doesn’t know what she will feel.”

The people laughed and teased, as if they had completely trampled the Su family to death.

Judging from the current situation, the Sujia Company does not have any possibility of turning over, because it is not only that all cooperation has been unilaterally broken. Even the employees in the company were all taken away by Harry Su. This kind of shell company could not be saved even if Daluo Jinxian appeared.

On the other hand, Harry Su can be said to be overwhelmed, recruiting relatives of the Su family as the core of the new company, he has once again become a treasure held in the hands of all relatives. This kind of attention has already made Harry Su ecstatic. In the near future, the three words Harry Su will replace Tianjia and become the supreme figure in Basin City.

“Harry, you are really amazing. You can find a billion investment.” Su Yihan finally didn’t have to work under Amelia Su’s hands. It was a great thing for her. All of this was given to her by Harry Su, she naturally To flatter Harry Su.

“My ability is a mere billion. He will invest more money for me in the future. The status of the Su family will surpass the heavenly family. It is just a matter of time.” Harry Su said inflated.

Su Yihan nodded without hesitation, believing this.

In fact, Su Yihan knew very well about Harry Su's abilities, unless he directly used money to raise Harry Su's position, I hope he can use the billions to develop. So it is impossible to surpass the heavenly family, but based on the disgust of Amelia Su, Su Yihan would rather believe in Harry Su.

“Of course, the Su family can go further only in your hands. If it weren't for that bastard's tricks, how could you have lost the position of chairman, but she has also learned a lesson now. The Su family company will immediately It will be over, and she will definitely become a bereavement dog. Then we can watch the jokes.” Su Yihan said with a cheerful smile. It is her greatest wish in this life to see Amelia Su fall, because Amelia Su is not only from her Taking away those dowry gifts from her hand, and her status in the company is higher than her, this is something she could not bear for a long time.

For so many years, although Su Yihan has not been high in the company, at least he has a higher status than Amelia Su, and can appear in front of her with a superior posture, but this time. Amelia Su's status was promoted too quickly, becoming the head of the Chengxi project, and even the chairman of the company again. Seeing Amelia Su stepping on her head, Su Yihan longed to ruin everything about Amelia Su.

“Su Yihan, I leave the location of the new company to you. I hope you don't let me down.” Harry Su said.

“Harry, really? You are willing to leave such an important thing to me.” Su Yihan said flatteredly.

Harry Su smiled. He liked this feeling very much, and he could be grateful to him by just a little bit of sweetness. This is the superiority brought to him by rights.

“Of course, the one I trust most is you. Who else can you give to you? I'm not like the blind man Amelia Su, who doesn't know how to use people at all.” Harry Su said.

“Harry, thank you, thank you for your willingness to trust me, rest assured. I will definitely handle this matter.” Su Yihan said.

A cold smile flashed in Harry Su’s eyes, and said: “The address of the company should be a place we are familiar with. I think the current Su family company. Just change the sign.”

Su Yihan looked puzzled. Although the Su family company was in danger, it did not fall. It is not easy to take down the Su family office building now. And Amelia Su will never compromise easily.

“Harry, what do you mean...” Su Yihan asked in confusion.

“Isn’t the company borrowing one billion? Since it can be sold once, it can naturally be sold a second time. You think of a way. Contact Du Hong.” Harry Su said.

As the president of Du Hong, if he put pressure on Amelia Su, Amelia Su would not last long, but how to get Du Hong to agree? Su Yihan had to figure it out.

As an adult, how could Su Yihan fail to understand Harry Su’s meaning.

Su Yihan gritted his teeth secretly and said: “Okay, I will do it now. As long as Amelia Su can finish playing quickly, I can do anything.”

Harry Su was very satisfied with this answer and said: “As long as the Su family grows stronger in the future, it doesn’t matter whether you can marry a rich family, because you are a rich family.”

Su Yihan laughed. If this is the case, she does not have to think about marrying into a wealthy family. She can even find a little fresh meat to raise her and become a queen herself.

Once the picture of dreams is formed in the mind, it can make a lot of illusions. Su Yihan feels that his status as a wealthy man is even within reach.

“As long as I live better than Amelia Su and let her know that she will never be better than me for the rest of my life, that’s fine.” Su Yihan smiled.

Chapter 266

In the hospital, George Han and Amelia Su, no matter how squally or rainy the outside world might be, they seemed to be in the eye of the wind, unaffected by the slightest influence, even though the outside world has now rumored that the Su family is about to go bankrupt.

It ruined the Su family's decades of foundations and devalued Amelia Su, and even said that George Han was a bad guy. Had it not been for George Han, the Su family would not have ended up like this.

For a time, George Han's name was pushed to the forefront again, because everyone knew that the crisis of Su's company was caused by George Han. It was Amelia Su who was trying to cover up this wastefulness, so it hurt the entire company. in danger.

“Amelia Su is probably crazy, she was actually a waste of money. To catch up with the entire company.”

“I don't know how this wimpy fascinated Amelia Su, and he actually helped him in this way.”

“It seems that eating soft rice also needs skills these years. George Han is capable. You can start a training class.”

“The days of eating soft rice are coming to an end. The Su family company is now targeted by Jiang Fu, how long can it last?”

Such remarks flourished in Basin City and were ridiculed by everyone. They reproduced the topical enthusiasm when George Han entered the Su family three years ago. After a meal, no one would not discuss things about the Su family.

Lily Jiang has not dared to go out these days, her sister's invitation was pushed again and again, because she knew that as long as she showed up, those people would definitely ask her about the company, she would be ridiculed and ridiculed after all. However, she was complacent and bragged a lot and said a lot of big talk. Now that the Su family is suffering from this disaster, her position as the chairman's mother is about to be lost.

“Wilson Su, you go to the hospital again and ask Amelia Su what exactly she wants to do, and if she is willing to cause our family to live on the street.” Lily Jiang said to Wilson Su with a hostile expression.

Wilson Su has not dared to go out for a drink these days. Those pig friends and dog friends were about to blow his phone up, and they wanted to ask what is the situation in their family now, why Amelia Su would forge such a big hatred with Jiang Fu for the sake of a wasteful situation.

“I think Amelia should have a solution. What are you worried about? What kind of personality is she? You don't know what she is. It is impossible for her to watch the company fail.” Wilson Su said.

“If I used to believe her, of course I would believe her, but now, she has been confused. For the sake of George Han, she didn't even know her surname. This stupid girl would really fall in love with George Han.” Lily Jiang could not understand this. In fact, George Han did give their family some sweetness, but isn't this something that should be right? George Han brought so much infamy, and he didn't accomplish anything in the Su family for three years. No matter how much benefit he brought to the family, it seemed to Lily Jiang that it should be, but if he wants to affect the Su family, this is absolutely impossible. of.

“Feelings. Who can tell you, you didn't marry me before.” Wilson Su said.

“I was blind. I knew your position in the Su family a long time ago. How could I marry you.” Lily Jiang said frankly without considering Wilson Su's mood.

Faced with these words, Wilson Su has no desire to refute at all. He has been oppressed all these years and his wife is strict. It is absolutely impossible for him to have the courage to argue with Lily Jiang without two bottles of liquor.

“Amelia is an adult, and she does things well, maybe she is already thinking of a way.” Wilson Su said.

“Standing at the hospital and doing nothing, is trying to find a way?” Lily Jiang said coldly.

Wilson Su sat next to Lily Jiang and said with a serious expression: “Don’t you think that every time there is trouble. Can she solve the problem no matter how big it is? Although Amelia is our daughter, you can imagine that she has this What can you do? Why did Weak Water Real Estate only cooperate with her. Why did she buy the Sujia Company?”

“Don’t play dumb puzzles with me, just say anything.” Lily Jiang looked at Wilson Su impatiently.

“I want to say, all of this is probably related to George Han, maybe he did it for Amelia Su.” Wilson Su said, this suspicion is not unfounded. Because Amelia Su has done too many things that Wilson Su finds incredible recently. Although he is a useless person, he also has a certain understanding of shopping malls.

The two things of weak water real estate and the acquisition of the company are full of strangeness. With Wilson Su’s knowledge of Amelia Su, she can’t do these things.

Lily Jiang’s expression of disdain is related to George Han? Subconsciously, she still believes that her daughter is capable. George Han just showed some value in buying a mountainside Villa.

But thinking about it carefully, Lily Jiang had to admit that Wilson Su's words were indeed very reasonable, and after Mary and Nangong Qianqiu appeared, Lily Jiang would not be so stupid to think that George Han just had some private money.

Although his identity is still unclear, he is definitely not a simple person.

“He is so patient, why didn't he solve this matter? Now even Amelia Su is so tired that he is cast aside by the whole city. He can bear this tone and keep saying that he loves Amelia Su. Is this love?” Lily Jiang said.

Wilson Su shook his head. He couldn't guess what George Han wanted to do. If it were him, if he had the ability to solve it, he would have come forward to settle the matter, so how could he stay in the hospital with peace of mind.

“I think we should leave this matter alone. Although you are not afraid to offend him by relying on George Han Amelia, you have to think about it. Our family may depend on him to live better in the future. Why should we offend him? That.” Wilson Su persuaded.

“What if I rely on him, I'm the f*ck, can't I even teach him?” Lily Jiang said proudly.

Wilson Su sighed, this is Lily Jiang's character. She can always find a reason to be superior, but doesn't she worry about what will happen when George Han is tired of all this?

Taking a step back can broaden the sky, but taking a step back is an abyss. Will George Han retreat again?

When George Han teared his face intolerably. At that time it was too late to regret.

“Don’t sigh in mourning in front of me, I’m not dead yet.” Lily Jiang stared at Wilson Su with cold eyes.

Wilson Su had a deep sense of powerlessness in the face of Lily Jiang’s unreasonable strength. Perhaps it was because she was too indulgent these years that allowed her to develop such a strong character.

“If you want to go to the hospital, go by yourself, I will never go.” Wilson Su finished speaking, got up and went back to the room.

Lily Jiang hesitated, but in the end she didn’t dare to go. Wilson Su had to admit that it made sense. She was not willing to offend George Han if she was not forced to.

Of course, if George Han couldn’t solve this matter, Lily Jiang would definitely scold him bloody.

“He Ting, wash some fruit for me, can’t you find something to do by yourself if you are idle day by day?”

He Ting who is cleaning is not idle, but she is used to Lily Jiang’s provocation.

Magic capital.

Basin City scolded George Han, and Mo Yang and others naturally heard a lot of gossip.

“This kind of grand occasion only happened when George Han got married.” Mo Yang said with a smile.

“The wedding three years ago caused a sensation in the entire Basin City. Because the news came too suddenly, many people couldn’t believe it. Moreover, after those people knew that Brother George was married, they felt that the Su family

was crazy, but they didn't. Don't scold three thousand brothers less." Lin Yong said.

"It's really interesting, the ants in the world don't know the giants' stalwarts." Mo Yang sighed.

Dao Twelve looked at Mo Yang incomprehensibly, and asked, "Brother George Han is doing this. It's been a few days. He still thinks nothing happened?"

Mo Yang is still a bit unaccustomed to the fact that Dao Twelve is called George Han. After all, in terms of age, Dao Twelve is much larger than George Han, but Dao Twelve is grateful to George Han, so Will be honored, this is understandable.

"A few days is nothing. He has been scolded for three full years. When did he refuse? This guy's tolerance is the strongest among the people I have ever met. He can tolerate things that the world cannot tolerate. He is absolutely capable of doing Arrived, but once such a person breaks out, it will be a change of color." Mo Yang said with a smile.

Chapter 267

Lin Yong had only a little understanding of George Han's details, but he knew exactly how terrifying George Han's dormancy was.

He was a big man who had a single hand to stir up the wind and rain in Basin City, but he was humiliated for three years in the family. In Lin Yong's view, this is something that no one can do. Therefore, he is different from Dao Twelve, which is reasonable. Things.

No matter how many people scolded him. He didn't care about it in his heart, or even disdain it, because people like George Han have the ability to change the situation instantly, as long as he wants to, he can do it.

Since it is a problem that can be solved in a single thought, how could he care?

This is to a certain extent, and he doesn't even bother to compete with the ants.

"I am holding the injustice for Brother George. Now that Jiang Fu's gang jumps up and down, I can't stand it anymore." Dao Twelve said.

"Twelve, you and George are similar people. Why don't you understand his feelings?" Mo Yang smiled and looked at Dao Twelve. At first, he and George Han simply thought that Dao Twelve was just a great skill. People who are willing to fight in the boxing field for Tang Qingwan to maintain their lives, but after the incident in the center of the earth, Mo Yang knew that the identity of the Twelve Dao was definitely not simple.

And a person with a not-so-simple identity is willing to fight for a living in the boxing arena.

Dao Twelve's expression was a little frozen, and then he waved his hand and said, "How can I compare to Brother George Han."

“You know, I suggested to George to investigate you. Do you want to know what he said?” Mo Yang said. This question was raised without George Han’s consent, but Mo Yang knew that George Han did not agree. Will blame him.

“How do you say?” Dao Twelve asked curiously.

“No doubt about employing people, he never thought about investigating you, and he won’t do so in the future.” Mo Yang said.

Dao Twelve had a serious expression, and said solemnly: “Don’t worry, I Dao Twelve will never betray him in this life. As long as he can help me take care of Tang Qingwan, I am willing to die.”

Mo Yang smiled openly and slapped the shoulder of the Twelve Swordsman and said: “It doesn’t need to be so serious. And we all believe in you, but since they are all brothers, if you have any unspeakable concealment or trouble, you can tell us, three A head cobbler can match Zhuge Liang, and maybe he can help you solve the problem.”

Dao Twelve nodded and didn’t speak. This kindness was accepted, but his troubles were definitely not something George Han had the patience to solve, and he didn’t want to harm George Han.

Mo Yang sighed when Sword Twelve didn’t speak. It seemed that his troubles should be no small thing, otherwise he wouldn’t be so taboo.

“I don’t know when he will be discharged from the hospital. The day he was discharged is when the dark clouds are over the city.” Mo Yang said expectantly.

In the hospital, George Han enjoyed the solitary time with Amelia Su. For three years, he had never been with Amelia Su like now. He didn’t need to do anything or think about anything. Quietly enjoying the feeling of being taken care of by Amelia Su, as if this is the happiest thing in the world.

In the face of this matter, what kind of country, what right status, has become worthless.

Amelia Su, who was buying food, returned to the ward. Although she tried to hide her expression, George Han still saw some problems.

“What’s the matter?” George Han asked.

Amelia Su opened the lunch box and said to George Han: “Jiang Fu called me again. You are limited to go to People’s Square and kneel down within two days.”

People’s Square is the central area of Basin City and the place with the largest traffic. Jiang Fu’s request is intended to make George Han’s kneeling be known to all the people in the city. In other words, he doesn’t just want Han The name George became useless, and he wanted all Basin City people to witness George Han’s side.

“This old thing is getting too much now. But the idea is very interesting and you can learn from it.” George Han said with a smile. He has no sense of crisis at all for this threat. It’s like a three-year-old kid flailing his teeth and claws in front of him. Not only will it not feel dangerous, but it will be ridiculous.

“What are you going to do?” Amelia Su asked.

“I can be discharged from the hospital today. Since he likes to kneel so much, of course I have to satisfy him.” George Han said vaguely while eating.

Facing George Han’s strong confidence, Amelia Su didn’t doubt that George Han could do it, but there was always a trace of worry in her heart. After all, the people Jiang Fu gathered in Basin City are all powerful figures, and now the Heavenly Family will not help George Han. With the power of George Han alone, can they really deal with so many families?

At this time, Amelia Su's phone rang.

“Amelia, have you heard that those people want George Han to kneel in People's Square. This matter has spread. I heard that many people have gone to People's Square to take a seat in order to watch the excitement up close.” Shen Lingyao said.

“I heard.” Amelia Su said with an ugly face, Jiang Fu deliberately released news about this incident, and he was just to let the people in the city know about it.

“I heard that I'm still so calm. Have you thought of a solution? Don't you really want George Han to kneel down and apologize? This is in front of the whole city.” Shen Lingyao asked.

Amelia Su glanced at the nonchalant George Han subconsciously. He didn't show the slightest worry, he should be able to resolve this matter with confidence.

“Don't worry, I have a way.” Amelia Su said.

“Really?” Shen Lingyao was skeptical about this, because this matter was too much trouble, and Jiang Fu attracted too many people to deal with George Han. Apart from kneeling, Shen Lingyao couldn't think of any solution.

“Don't worry about it.” Amelia Su said.

“Hey, I hope he's okay. If you really go to kneel and apologize. This...” Shen Lingyao stopped talking, but finally didn't say it. Although she knew it was impossible between herself and George Han, she didn't want to look at herself. Shame on the male god. It's a pity that she can only serve as an audience with this matter and can't help.

After George Han finished eating, Amelia Su took the lunch box to wash, and waited for Amelia Su to leave the ward. George Han took out the phone.

“Mo Yang, I am going to leave the hospital today. There will be a good show in People’s Square tomorrow, can you join in the fun?” George Han said to Mo Yang.

Mo Yang had been waiting for this day. Hearing George Han’s words, he became excited for a moment, and said, “Of course I want to go. How can this kind of excitement be without me, Mo Yang.”

“Go and visit these family members, otherwise it would be too boring.” George Han smiled.

Mo Yang patted his chest on the phone and promised: “Don’t worry, I will come forward, nothing can be done.”

“Tomorrow I will be waiting for good news in People’s Square.”

Hanging up the phone, George Han looked unusually calm and calm, because this matter was not a problem for him, and it was a trouble that could be solved by one sentence. Could it be trouble?

It’s just that those old things are suffering, and at a young age, you have to kneel down in People’s Square.

Amelia Su returned to the ward and asked George Han: “Do you want to help you with the discharge procedures?”

“If I can, I would rather live here for the rest of my life.” George Han smiled.

Amelia Su glared at George Han, and said in a reproach: “Shut your mouth if you can’t speak. The hospital is not a good place. What are you doing here for the rest of your life.”

George Han quickly shut his mouth and said, “Yes, yes, I can’t speak.”

It is not troublesome to go through the discharge procedures, but in the process, George Han was pointed out by many people, especially the staff inside the hospital because they all knew his identity, naturally they would know the person kneeling in the People's Square tomorrow. Who will it be.

Everyone thought that George Han would definitely appear in People's Square tomorrow, and would kneel to Jiang Fu, because this was the only way to solve the problem.

Walking out of the hospital, George Han took a deep breath, stretched his waist and said, "Although the life in the hospital is very comfortable, the air outside is better. This kind of place really needs to come less."

"Go home first." Amelia Su said.

"En." George Han nodded.

At the Peninsula Hotel, Qi Yiyun hung up the phone, pushed the frame, and said with a smile: "I'm finally discharged from the hospital. There are too many people waiting for this moment. Can you surprise them?"

Chapter 268

Jangho Group.

Just after an internal meeting was over, when Jiang Hai was about to leave, an executive of a company smiled and said to him: “Jiang Dong, Mr. Jiang has been in the limelight these days, he is really young.

Hearing this sentence, Jiang Hai smiled faintly, and said: “What a treasure or a sword, the old man may be boring lately, so he found something to do for himself.”

“The Su family was miserable enough by the old man this time. That Amelia Su was really ill-fated. After finally becoming the chairman of the Su family, he provokes the old man again. Isn’t this asking for a dead end?” said the senior.

“I heard that it was to cover up George Han’s trash. I don’t know what he thinks.” Another senior sneered, everyone in Basin City knew about this. The people of Jianghe Group have naturally heard about it a long time ago. The old man is really serious and wants to play the Su family. Now I don’t know how many people are waiting for a good show.

“George Han, but he did not shame us men less. Let my dad clean up, as long as his old man is happy, it doesn’t matter what he does.” Jiang Hai said indifferently. There is only a Su family, he didn’t. In my eyes, let alone George Han, Jiang Hai never even asked about it since he knew about it, because he was not worried about what would happen, Jiang Fufu had his own influence. Destroying the Su family is definitely not a problem, even if something happens, he still has a way to solve it.

“Yes, as long as the old man is happy.”

“Tomorrow is a good show in People’s Square. I don’t know how many people are waiting to see it. I am very curious whether George Han’s trash will appear.

Several people smiled, and Jiang Hai's assistant ran into the meeting room in a panic.

“Jiang...Jiang Dong.”

Jiang Hai glared at him and said, “Is the sky falling? What are you doing in such a panic.”

The assistant not only feels that the sky is falling, but also feels the earthquake, because a group of people in the company filled the lobby and prevented anyone from leaving. Now the employees of the company are panicked.

“Dong Jiang, a...a person named Mo Yang wants to see you.” The assistant said.

Hearing the name Mo Yang, Jiang Hai frowned in an instant. Basin City was the number one person in the gray area, but Jiang Hai and him had no intersection. How could he suddenly come to the company?

Jiang Hai and Mo Yang do not belong to the same path, but with Mo Yang's current status. Jiang Hai couldn't help giving face to this big man.

Now in the entire Basin City, anyone who dares to offend Mo Yang casually, even the heavenly family is not willing to commit evil with him.

An ominous premonition came to his mind, Jiang Hai said to the assistant: “Bring him to my office.”

The assistant nodded pale and left the meeting room.

“Jiang Dong, nothing will happen, right?”

“Will it be related to Jiang’s affairs?” The two senior executives asked Jiang Hai worriedly. Jiang’s attack on the Su family was originally a very simple matter, but if this matter involves Mo Yang, it will become very troublesome.

Jangho Group is very popular in Basin City, but it is not a good thing to provoke people like Moyang.

“How could the Su family please move this big man?” Jiang Hai’s expression was calm, but in his heart he felt that these two things must be connected, otherwise, how could Mo Yang come to him for no reason.

The two senior executives looked at Jiang Hai pretending to be calm, and began to worry. There was nothing wrong with dealing with the Su family. Jiang Fufu was able to play with her between applause, but Mo Yang’s presence would raise this matter to another level. If it really tears its face, I’m afraid the Jiang family won’t have good fruit.

Jiang Hai returned to the office and found Mo Yang sitting in his place. Faintly dissatisfied.

“Boss Mo, I didn’t expect us to meet in this way for the first time.” Jiang Hai said in a deep voice.

Mo Yang saw Jiang Hai and deliberately got up to tidy up his clothes, and said with a look of regret: “Jiang Dong, I’m really sorry, the first time I met, I didn’t even dress up.”

“Boss Mo, don’t say that. I, Jiang Hai, are just a small person. How can I make you pretend to attend.” Jiang Hai said.

“Since you know that you are a small person, do you still jump up and down looking for death?” Mo Yang disdainfully said.

Jiang Hai regarded himself as a small person, that was his humility, but he didn't expect Mo Yang to say that. He was completely ignored.

Jiang Hai gritted his teeth and said: "Boss Mo. What do you mean, I Jiang Hai is in Basin City, and I am also the number one person who is famous. If you deliberately stabbed me to trouble me, Jiang Hai would not be easy to provoke."

"I came to you today to convey a message to you, and to save your Jiang family, how loud you are, it has nothing to do with me." Mo Yang said.

"Huh." Jiang Hai snorted coldly, and said, "Save the Jiang family. The Jiang family is fine, why do you need your help?"

"Okay, of course it's good, it's good, your dad is dealing with the Su family. You don't know it," Mo Yang said.

"Of course I know, but it's just a Su family. Jiang Hai didn't take it seriously." Jiang Hai said with disdain.

"You don't have to put the Su family in your eyes, but you have to put my boss in your eyes." Mo Yang smiled.

Boss!

These two words surprised Jiang Hai's heart for a while, and everyone in Basin City didn't know after Mo Yang returned to the world. Putting down the chaos in Basin City and returning to the position of the year, he still has a boss!

"Boss Mo, stop joking with me, in the gray area of Cloud City, is there anyone who is better than you?" Jiang Hai said.

"Tomorrow, let your dad go to the People's Square to kneel. Otherwise, my brothers might greet you from the Jiang family. They have poor eyesight recently

and may not be able to distinguish the difference between adults and children. Anything that is irreversible, Jiang Dongke will have no successor. Think about it yourself.” After Mo Yang said this, he left the office.

The surface of the river was as sinking as water, and he felt clearly the threat in Mo Yang’s words. If he didn’t follow his words, Mo Yang would deal with the Jiang family.

but.....

Suddenly, Jiang Hai’s eyes shook!

Let Jiang Fu go to People’s Square and kneel down at this place. It was exactly where Jiang Fu asked George Han to go.

The boss in Mo Yang’s mouth...

impossible!

how is this possible.

How could Mo Yang’s boss be George Han?

He has been in Basin City for so many years and he is notorious, how could he become the boss of people like Mo Yang.

“George Han, you are really a bit capable. You can actually let Mo Yang come forward, but what about it? My Jiang Hai is not a soft persimmon that anyone can handle.” Jiang Hai gritted his teeth.

After leaving the company and returning home, Jiang Fu sat in the living room and studied the videos of top competitions. Although he was not good at chess, his love

for Go is still very high. In his free time, besides playing chess, he just watches Watch the game video of Go.

“Dad. How did the conflict between you and the Su family form?” Jiang Hai walked to Jiang Fu and asked.

Jiang Fu waved his hand and said: “Don’t worry, Dad can solve it by himself. You should worry about the company’s affairs. I really think Dad is old and can’t do anything?”

Jiang Hai took a deep breath. If this matter was only related to the Su family, he certainly wouldn’t worry about it, but now that Mo Yang came forward for this matter, he couldn’t continue to ignore it.

“Dad. I’m just curious, you can tell me something.” Jiang Hai said.

“Okay, to satisfy your curiosity. Actually, it’s not a big deal. It’s all because of the uselessness of George Han. This kid is very good at Go, so we forced him to go to Fuyang City to participate in the competition. The City Go Association has a long face. I didn’t expect this trash thing to lose the game, and it was deliberately lost. Not only was he embarrassed, but also the whole Go Association. This ill-tempered dad has been holding back in his heart. If he doesn’t kneel Come down and apologize to me, how can I be happy in my heart.” Jiang Fu said.

In the whole passage, Jiang Hai captured two important points, forcing and losing. This is completely arrogant and unreasonable. They forced George Han to participate in the game. After losing the game, they had to make George Han kneel. To come down to apologize is simply aggressive.

Of course, if Mo Yang did not come forward, Jiang Hai would still take it for granted, shouldn’t the weaker submit to the strong? Unfortunately, the situation is different now!

Chapter 269

“Dad, you have to kneel down before George Han is satisfied?” Jiang Hai asked.

“Of course.” Jiang Fuli said straightforwardly: “I don’t care about anything at my age. It’s a good face. You don’t know how those outsiders talk about the Go Association in Cloud City. Although I have withdrawn from the association now, I also received a lot of scolding.

Jiang Hai sighed. He is a relatively filial person and cares about Jiang Fu’s feelings very much. It’s just that this matter is far more troublesome than Jiang Fu imagined.

Jiang Hai was unwilling to offend Mo Yang, and even more unwilling to tear his face with Mo Yang. After all, he was a person in a gray area, if he really wanted to trouble the Jiang family. This can be a very headache.

“Can’t we have a little room for negotiation?” Jiang Hai said.

When Jiang Fu heard this sentence, he realized that something was wrong. Looking at Jiang Hai’s attitude, it seemed that he wanted him to make things smaller, which made Jiang Fu’s face show dissatisfaction.

“Jiang Hai, what do you mean, do I still need you to educate what I am doing now? I have no choice to deal with such a wasteful waste?” Jiang Fu said coldly.

“Dad. Mo Yang went to my company today and met me.” Jiang Hai said.

“Mo Yang? What does he want to do.” Jiang Fu asked with a frown. Nobody in the mall would like to contact Mo Yang. Did he come to the company to find a way to make money?

“He said, George Han is his boss, and he wants you to kneel at People’s Square tomorrow, otherwise, you will deal with the Jiang family.” Jiang Hai said.

These words made Jiang Fu stand up emotionally, go to People’s Square and kneel down for George Han? how is this possible!

“f*ck his mother and ask me to kneel down. This is impossible.” Jiang Fu said angrily.

“Of course I don’t want you to kneel, so I wonder if I can discuss with him and resolve this matter, as long as you don’t target George Han.” Jiang Hai said.

“The words are all spoken. Now the whole city knows that Jiang Fu is going to deal with George Han. If I let it go, wouldn’t I be reduced to a joke, and George Han, how could he be Mo Yang’s boss. “Jiang Fu said.

Jiang Hai didn’t believe it either, but since Mo Yang would say so, it shows that his position is firmly on George Han’s side and will help George Han.

“Dad, do you mean to tear your face with Mo Yang?” Jiang Hai asked.

“What about tearing my face? Is Jiang Fu still afraid of him? It’s just a zombie in a dark society, how capable is it.” Jiang Fu disdainfully said.

Seeing Jiang Fu’s tough attitude, Jiang Hai could only find another way. Unfortunately, the time was too short. Tomorrow is his appointment with George Han, one night. Jiang Hai wondered if he could think of a solution to this matter.

“Dad, let me give it a try. If George Han just invites Mo Yang with money, I will spend more money.” Jiang Hai said.

“Your money is all given by Lao Tzu. Don’t bear it. What I want loses face, and the entire Jiang family will not be able to lift their heads in Basin City from now on.” Jiang Fu reminded.

“I understand.” Jiang Hai left the house and headed towards the magic city.

In a short period of time, Mo Yang visited all the members of the People’s Association who were involved in this matter, using the same method as a warning.

“Boss Mo, it’s just a warning to those old guys. Is it useful?” There are only a few waiters who have not yet started the Modu cleaning. Lin Yong asked Mo Yang.

“These people can’t see the coffin without crying, how could it be useful?” Mo Yang smiled and said, if a few words can scare them to kneel in People’s Square, then these people are too soft. Egg out.

“Then...do you have any other way? Didn’t you promise George brother that this matter can be solved?” Lin Yong looked at Mo Yang puzzled.

“Do you think they dare to ignore my words?” Mo Yang asked.

Lin Yong shook his head decisively. With Mo Yang’s current status, even the Heavenly Clan did not dare to ignore it, let alone other people.

“Of course I dare not. These shoppers are still very afraid of us.” Lin Yong said.

“Since you know what you are still worried about, I won’t go to them, they must come to me to negotiate.” Mo Yang said.

Lin Yong suddenly realized. Mo Yang brought everyone’s words to him. Those people would definitely be uneasy, and would come to Mo Yang during this time and convince him not to help George Han.

“Boss Mo is still smart. When these guys come, they will be able to catch them all in one go.” Lin Yong said.

Mo Yang smiled and nodded, and said with a smile: “You can teach you, but unfortunately, your courage is still a little bit weak.”

This sentence can be said to have caught the pain in Lin Yong’s heart. If he hadn’t been decisive in the casino, maybe he was sitting in Mo Yang’s position now.

But things have passed for so long, Lin Yong is also relieved, there is not much difference between under one person and under two people, and it can also reduce a lot of troubles.

The bright moon hung high, and young men and women who came to the nightclub madly entered one after another. After a while, the venue was full of seats. As the most popular nightclub in Basin City, Modu has almost no opponents.

At this time, a few middle-aged people were standing at the gate of Magic City. One of them is Jiang Hai, and the others are the sons of other members of the association. They came here by chance.

“Mo Yang went to you too?” Jiang Hai asked several people.

“Yes. He asked my dad to kneel in People’s Square tomorrow.”

“Furthermore, he also said that George Han’s squandering was his boss. This was obviously collecting money and doing things. Unexpectedly, Amelia Su was willing to spend money to ask Moyang for help for George Han’s squatters despite the company’s crisis.”

“George Han’s soft rice is really unmatched, but it’s a pity that the Su family is so capable. How can we take it seriously if we join hands.”

Jiang Hai looked at the attitudes of several people, and they obviously wouldn't let his father kneel down. After all, they are all people with a face and face in Basin City, how could they accept this kind of thing.

This is good news. It is better for a few companies to pay for Moyang than one person.

“Let's go, let's see how much Mo Yang costs.” After Jiang Hai finished speaking, he walked into the field first.

This group of people are the top wealthy people in the cloud city business community, the real upper-class figures, and their usual pastimes are in private clubs. I am very uncomfortable with the mixed environment of the magic city, and the vulgar fans here are really not in their eyes.

“Boss Mo, this person is here.” Lin Yong stood on the second floor and called Mo Yang in the box.

“Bring people to the box, and let's have a meal before talking.” Mo Yang smiled.

Lin Yong grinned. Usually he was polite to meet these people, but today, it is a rare opportunity to teach these guys happily.

“I see.” After hanging up the phone, Lin Yong walked to the first floor with a few younger brothers.

“Lin Yong, where is Mo Yang, let him come out to see us.”

“I don't want to stay in this broken place for a minute, what kind of garbage.”

“Please, please, Mr. Mo is waiting for you in the box. The environment there is even quieter.” Lin Yong smiled coldly at the disdainful attitude of the few people.

A few people are proud of themselves and are very satisfied with Mo Yang's special arrangements. In their opinion, Mo Yang is also a little jealous. After all, they represent the absolute power of the Basin City business community. Although they are not as powerful as the Heavenly Family, they are The city is enough for anyone to dare not take lightly.

When they arrived in the box, they didn't see Mo Yang, and the expressions on the faces of several people became very unhappy.

"Lin Yong, what does Mo Yang mean, what about others?"

"He didn't put on airs on purpose."

"Several bosses don't worry, Boss Mo has prepared special services for you, so please enjoy yourself first." Lin Yong said with a smile.

Jiang Hai and others can look down on the vulgar fans here. Their usual pastimes are all models in private clubs.

"No, we look down on the women here."

"Do you really think of us as the low-ranking people outside? What good stuff can you bring out here?"

Lin Yong raised his right hand, and a group of men rushed up.

There was constant wailing in the box, Lin Yong smiled and walked out of the box to the next door.

"Boss Mo, what should I do next?" Lin Yong asked.

"Call them Lao Tzu, and go to the People's Square to kneel down honestly tomorrow, otherwise, prepare the coffin." Mo Yang said.

“Yes.” Lin Yong nodded and began to contact one by one.

Chapter 270

Mountainside Villa.

The dinner table seemed particularly peaceful, because tomorrow was the deadline given by Jiang Fu, and George Han had to go to the People's Square to kneel. Lily Jiang had already seen the grand occasion of People's Square through the circle of friends. Those people stayed up all night to take up a place to watch the excitement. She was too idle, but this also made Lily Jiang more worried.

With so many people gathered, if George Han couldn't think of a solution and went to kneel in People's Square, she would lose face. What's the face of going to the sisters' party in the future?

He Ting was also quite worried about George Han. After all, George Han gave her a job and helped Jiang Yingying solve a big problem. She didn't want George Han to be humiliated, but she was powerless to help. Not busy.

How can a little babysitter be able to help?

"George Han, have you figured out how to solve tomorrow's affairs? You are not alone now, but you represent our family, and not only you are ashamed." Lily Jiang said to George Han in a questioning tone.

She doesn't care whether George Han will lose face, as long as George Han doesn't shame her.

"Tomorrow I will go early to settle the matter early." George Han said.

Seeing George Han's unconsciousness, Lily Jiang felt even more angry. Said: "Do you have a solution? Still saying that you are going to kneel to Jiang Fu, it doesn't matter if you are embarrassed, but you can't make us lose face with you."

“Mom, can’t you say a few words? George said that he was going to kneel?”
Amelia Su interrupted Lily Jiang.

Lily Jiang glared at Amelia Su, this is the time. Amelia Su was still in the mood to help George Han speak. The humiliation three years ago was finally relieved for Lily Jiang. It was not like she was subjected to this humiliation again.

“Don’t you know the abilities of those Jiang Fu in Basin City? I can’t figure out why you want to offend this kind of person.” Although Lily Jiang tried to suppress his anger, her expression has changed. It got ugly.

“Ability, what ability does he have, in my eyes, it’s nothing.” George Han said lightly.

Lily Jiang’s Qiqiao produces smoke, nothing? Jiang Fu’s group of people are just under the heaven, but George Han actually said that they are nothing.

“George Han, let me remind you that I have already inquired that the Heavenly Family will not help you in this matter. Don’t expect the Heavenly Family to save you.” Lily Jiang said.

Speaking of Heaven, George Han sneered coldly. After tomorrow’s affairs are resolved, he still has to see Thomas Tian, the old fox’s wishful thinking. George Han could probably guess, but he didn’t understand why he did it.

He deliberately said what he didn’t help him, and understood that he wanted Jiang Fu to deal with him unscrupulously. If he said he had no purpose, George Han would definitely not believe it.

“What is the Heavenly Family?” George Han said.

Lily Jiang laughed angrily. She didn’t understand where George Han’s swelling came from. It was ridiculous that she didn’t even look at Tianjia.

“If you embarrass us tomorrow, don’t come back in the future.” Lily Jiang finished speaking, and went back to the room without even eating.

Wilson Su secretly glanced at George Han. He could feel the strong confidence in George Han. If he was not sure, he would definitely not say such a thing.

But Wilson Su couldn’t understand why George Han’s confidence came from. He has been in Zuosu’s house for so many years, and occasionally a few times when he is strong, it makes people palpitate, but after so long, he did not reveal the slightest details. .

“Three thousand, your mother is getting angry right now, and her tone is not very good, don’t get angry with her.” Wilson Su said.

Seeing Wilson Su cautiously, George Han smiled and said, “Don’t worry, I won’t.”

Had dinner. Back in the room, Amelia Su said to George Han with an apologetic expression: “Sorry, my mother is ill again.”

“You should think about where we are going for vacation. After tomorrow, we can go to make up the wedding dress.” George Han didn’t care about Lily Jiang’s attitude. This hasn’t been swearing like before, how could he be angry.

“Do you really have a solution?” Amelia Su didn’t want to doubt George Han, but she really couldn’t find a reason to believe it completely, because George Han didn’t do anything, no arrangements at all.

“I reassure you, you can rest assured that I can lie to heaven and earth, but I will never lie to my wife.” George Han smiled.

The words “wife” made Amelia Su’s face rosy, and for three years, they were just a couple in name. Never call each other in this way, suddenly saying this will inevitably make her feel shy.

It stands to reason that the three-year husband and wife are already old and old, but when Amelia Su was still shy, this undoubtedly made George Han more emotional.

The red face was like an apple, so George Han couldn't help but want to take a bite.

“I want to go to Bedrock Island. I want to live in a Villa with a view of the sea.” Amelia Su said with a look of expectation.

“No problem. Just go to Bedrock Island.”

After the two lay on the bed, the atmosphere became heavy for some reason, and only each other's breathing could be heard.

At the same time, Tianjia Villa area.

Tian Linger haunts Thomas Tian, she hopes Thomas Tian can help a bunch of George Han. After all, George Han was the male god in her mind. Although George Han had been hurt, she didn't want to see George Han ashamed.

“Grandpa, you can help him, now besides you. Who else can save him.” Tian Linger held Thomas Tian's hand and acted like a baby.

Thomas Tian had already been tortured to the utmost helplessness. Tian Linger had used all tricks, but not to mention that he had said before that he would not interfere. In essence, George Han didn't need his help at all.

“Didn't Grandpa say that, he can solve it by himself, so don't worry about it.” Thomas Tian said helplessly.

How could Tian Linger believe such words, before George Han had the Su family as backers. But now that the Su family is finished, how could George Han have a way to deal with people like Jiang Fu.

“Grandpa, although George Han is great, he can’t beat Jiang Fu and those people one by one. If you don’t help him, this matter will get worse and worse.” Tian Linger said.

“Hey.” Thomas Tian sighed heavily and said, “Linger, you still underestimate him. You don’t know what kind of person he is now, so why do you think he can’t solve it?”

“That’s Jiang Fu, besides our heavenly family, who else can compare Jiang Fu.” Tian Linger said.

Jiang Fu?

There was a touch of disdain at the corner of Thomas Tian’s mouth, let alone Jiang Fu. Even the Heavenly Family is nothing, but it’s a pity that he can’t say these things to Tian Linger, otherwise Tian Linger’s mouth will soon reveal George Han’s identity, and then George Han will blame Tian Family. , The consequences are serious.

“Grandpa promises you that he can solve it by himself, and you just wait for a good show.” Thomas Tian said.

Tian Linger suddenly stretched out his hand, grabbed Thomas Tian’s beard, and said, “Grandpa, if you refuse to help him, I will pull out your beard.”

Thomas Tian screamed in pain, but the little demon’s men were not merciful at all.

“Let it go, let me go first.” Thomas Tian said.

“No, you promise me first.” Tian Linger said with a pouting mouth.

“Linger, what are you doing. He is your grandfather, do you still have any respect for your elders.” At this time, Tian Honghui came to the living room and rebuked.

Tian Linger can bully Thomas Tian, but for this serious father. Still very jealous, quickly let go of his hand.

“Like what, do you still look like a junior?” Tian Honghui continued, staring.

Tian Linger looked aggrieved, sobbing.

Thomas Tian hurriedly guarded Tian Linger and said: “It’s none of your business. You go and stay.”

“Dad.” Tian Honghui smiled helplessly, and said: “I am such a big person, and I don’t understand the rules at all. If you are so used to her, what will you do if you leave the society in the future.”

“I’m dead, if you don’t protect my precious granddaughter, I will scold you when I crawl out of the coffin.” After that, Thomas Tian patted Tian Linger on the shoulder and said, “Good granddaughter, don’t be afraid. With me, he dare not do anything to you. As for George Han’s affairs, you really don’t have to worry. Grandpa won’t lie to you, he has the ability to solve it himself.”
