

Chapter 271

People's Square.

At eight o'clock in the morning, there was already a crowd of people, but there was a road that was vacant. Everyone consciously did not occupy the road, because they were watching the excitement today. If there is no way for the protagonist, George Han, where would it be Can you watch the excitement?

“Will George Han come? Don't wait for a day and night to see nothing, then you will lose a lot.”

“Should come, Jiang Fu has spoken. He dare not show up like a wasteful waste.”

“I have always heard of this name, and I have never seen the true face of Mount Lu. I can finally see this wimpy deity today. I am curious and don't know what it looks like. I can fascinate Amelia Su to this degree.

The protagonist has not yet appeared on the scene, and people watching the excitement can't help but start talking in private.

This situation has been happening since yesterday. The discussion on the topic of George Han is unprecedentedly high. After all, the three words George Han have been loud in Basin City for three full years. The joke after the meal is A must for everyone in Basin City, but for most people. They have never really seen George Han, so they not only want to see the excitement of kneeling, but also want to see what George Han looks like.

One hour later, the weather gradually warmed up. The waiting crowd began to feel a little impatient, after all, the hot weather would affect people's mood.

“He's the uncle, George Han won't stop coming.”

“Since he is useless, it is reasonable not to show up, or how to call it useless.”

“It made me wait so long, this guy had better be killed by Jiang Fu, otherwise, I can’t swallow it.”

When many people began to swear, an Audi A6 stopped on the street, George Han and Amelia Su got out of the car, seeing such a big battle, George Han couldn’t help laughing.

“I didn’t expect so many people to care about me. My popularity in Basin City seems to be very good.” George Han said with a smile.

Amelia Su wasn’t in the mood to make a joke. These people came to witness George Han’s shame. What kind of popularity is this.

“Three thousand, are you okay?” Amelia Su asked.

“How about. Are you waiting for me in the car?” George Han said.

Amelia Su shook her head without hesitation, even if she was really embarrassed today, she would choose to be ashamed with George Han.

Husband and wife should share joys and sorrows together, and Amelia Su will never leave George Han alone.

“How can I leave you behind?” Amelia Su said.

George Han directly took Amelia Su’s hand and said, “I won’t leave you behind, unless I die.”

“Are you two disgusting, when are you still in your mood?” An untimely voice sounded, and Shen Lingyao touched her hands full of goose bumps and walked towards them.

“Are you here to join in the fun?” George Han smiled.

Shen Lingyao took Amelia Su’s hand, pulled to her side, and said, “I’ll protect my woman, and I can’t let her lose face with you.”

Amelia Su broke away from Shen Lingyao’s hand and said, “Yaoyao, stop making trouble, 3000 can solve this matter.”

Shen Lingyao has admiration for George Han, so she can blindly believe in George Han, but she really can’t do this. After all, that is Jiang Fu, which is not something ordinary people can handle.

“Amelia, you won’t want to go with him.” Shen Lingyao said.

Amelia Su nodded firmly.

Shen Lingyao rolled her eyes. Said: “This is not a good thing, what are you trying to do with you?”

Amelia Su didn’t speak, but showed her attitude with practical actions, and tightly held George Han’s hand.

Shen Lingyao saw that Amelia Su was determined. I could only sigh, and said: “Your husband and wife are really more enviable than Jin Jian, George Han, if you are a man, don’t let Amelia Su humiliate with you.”

George Han looked at Amelia Su with a gentle smile, and said, “I can be ashamed, but she definitely can’t.”

In the crowd, Harry Su and Su Yihan also followed to watch the excitement. This kind of good thing, for the two people who hate George Han, is a rare opportunity, how can they miss it.

“Harry, do you think George Han can come?” Su Yihan asked.

“He? It doesn’t matter whether he comes or not. If he comes to kneel and shame, he will be ashamed if he doesn’t come. What is the difference.” Harry Su smiled.

Su Yihan laughed happily when he heard this, and said: “I really want to experience what Amelia Su is feeling now, marrying this kind of uselessness. I was ashamed for three years, and finally broke the company. It is interesting to think about it. “

“Come!” Harry Su Yu Guang suddenly saw two people walking on the vacant trail, it was George Han and Amelia Su.

“Unexpectedly, Amelia Su would also come. This bitch is really thick-skinned, and is embarrassed with George Han. Is this going to stage a scene of a husband and wife concentric?” Su Yihan said disdainfully.

The crowd was restless, and the news of George Han’s appearance spread quickly. Countless people stood on their toes and craned their necks to see what this legendary character was like.

George Han and Amelia Su holding hands are like walking on the red carpet. If this scene is transformed into a church, it will definitely be a wedding atmosphere.

It’s a pity that they both bear it now. It’s not the stare in charge, but all kinds of disdain.

“Is this George Han?”

“It must be. Holding hands with Amelia Su, who else could it be if he wasn’t.”

“Don’t tell me, she looks good, no wonder Amelia Su is willing to ignore the safety of the company for him.”

“What’s the use of being handsome, it’s just a waste of money, just a pair of skins is also a waste, now it is a society where money comes first.”

When many men expressed disdain for George Han, a wealthy woman glared her eyes and said to the sisters around her: “This little white face is really good. If he can’t get along, I would rather raise him, as long as he is strong in combat. It doesn’t matter if I give him 100,000 a month.”

Walking to the reserved place in the center of the square, now George Han and Amelia Su are two people who have attracted much attention.

Faced with all kinds of disdain and contempt in the eyes, George Han raised his head frankly.

Amelia Su held George Han’s hand tightly, her palms were already sweating, she was very nervous, but also very scared.

“Don’t be afraid, with me, I won’t be able to hurt you even if I am here,” George Han said softly.

Hearing George Han’s words, Amelia Su’s mood relaxed a lot, enveloped by a strong sense of security.

“George Han. What are you doing in a daze? Kneel down, we have been waiting for a day and a night.”

“Worthy, you can be ashamed. You even brought your wife with you. Are you stupid to eat soft food?”

“Amelia Su is really blind. If you marry a man like you, you shame the man.”

“Such a beautiful wife suffers with you. She is not a man.”

The voices of scolding came and went one after another like a wave, and Harry Su fanned the fire in the dark, exaggerating the atmosphere of the scene and tempting more scolding.

“Trash, don’t delay our time, hurry up and kneel down.” Harry Su exclaimed in excitement. The shame of the last Tianchang birthday feast can finally be returned to George Han today. He can’t wait.

Su Yihan hates George Han. But she hated Amelia Su even more, took away the offer, and once stood high in front of her, so that Su Yihan has always been hated.

“Amelia Su, you are really a shameless bitch. Do you like this silly time spent on the bed, and it hurts the entire Su family for him.” Su Yihan yelled in the crowd, not afraid that Amelia Su would hear it.

The current situation is probably the perfect embodiment of the idiom Qianfu refers to. No matter whether it is related to this matter or not, people are scolding George Han. They are like defenders, accusing George Han with a condescending attitude. .

Most of these people have an attitude of dissatisfaction. They think that George Han is not as good as himself, but marrying a beautiful wife like Amelia Su, they will naturally be dissatisfied, and they want to trample on George Han’s dignity in the ground. Only then can they show their superiority.

At this time, members of the Go Association appeared one after another. The expressions on everyone’s faces were not very clear, but the people watching the excitement did not realize this. They only knew that these were big people, and when they appeared, George Han Kneeling will definitely be staged.

Chapter 272

Amelia Su became more and more tense, her body almost tense, because these people were standing behind them, which brought great pressure to her.

When George Han felt Amelia Su's abnormal condition, he squeezed Amelia Su's hand to signal her to relax, but in this case, how could Amelia Su relax?

A few minutes passed. It seems that no one stepped up and instructed George Han to kneel down. Those who watched the excitement couldn't stand it anymore. They just waited for the most exciting scene to be staged. The sun is getting bigger and bigger. Who wants to wait for the exposure here? .

“What's the matter, no one made George Han kneel down yet?”

“Weird, really weird, why those people's expressions look wrong.”

“There will be no reversal.”

“Can there be any reversal? Jiang Fu made such a big noise, besides George Han, who kneels down, is there any other solution?”

“Kneel...kneel!”

“f*ck me, kneel. How could this be!”

Countless people in the crowd exclaimed, looking at the members of the Go Association in shock, one by one kneeling down behind George Han, which made everyone stunned.

“How could this happen? Shouldn't the person kneeling be George Han!”

“These are our big figures in Basin City, they... are they kneeling for George Han?”

“Impossible, impossible, I must be dazzled.”

Harry Su took a deep breath and looked at the scene in disbelief. It was not George Han who knelt down, but the old guys. This script completely subverted his imagination.

“Harry, how could this happen!” Su Yihan asked Harry Su with a trembling voice, her eyes widening.

Harry Su didn't understand, but he knew that it was George Han who became a joke of the whole city today, but now it seems that this is obviously not the case.

Countless people gasped, thinking about what was going on in their minds. These people were obviously kneeling for George Han. Why would they do this!

When Amelia Su's Yu Guang saw the people behind him kneeling down, his heart was overwhelmed, and he looked at George Han with a confused look. Is this the reason for his calmness? He has solved this matter long ago, and he made these people kneel down!

“Three thousand, did you do this?” Amelia Su asked, looking a little sluggish.

“These old things bullied you twice, how can I easily let them go? Since they like kneeling, I will satisfy them and let them kneel here.” George Han said lightly.

Shen Lingyao was already stunned. She didn't want Amelia Su to follow George Han before, fearing that George Han would lose face to Amelia Su, but now it seems that George Han will not lose face, and Amelia Su has also become the audience's attention. It seems that as long as she stands beside George Han, no matter how big the storm is, she will not be affected in the slightest.

“Do you want to close your mouth, the current image is not good.” Qi Yiyun walked to Shen Lingyao, habitually pushed the frame of the frame, and said to Shen Lingyao.

Shen Lingyao turned to look at Qi Yiyun. Shocked and said: “Evian, have you seen it, these people are actually kneeling to George Han!”

“Of course I saw it. I’m not blind.” Qi Yiyun’s surface is very calm, but her heart is still beyond shock. She knows that George Han must be able to solve this matter, but in her opinion, the solution is to resolve this. One thing that prevented the things in People’s Square from happening. When George Han appeared, she even thought that maybe George Han would really kneel for Amelia Su, maybe he really didn’t have the ability to solve it, but the current situation is not even She didn’t even think about it.

kneel!

And it was for these celebrities in Cloud City to kneel for him.

Qi Yiyun could not imagine how he did this.

of course. This also made Qi Yiyun more confident in George Han. Perhaps he was the person he had been looking for, and only he could save Qi’s family from fire and water.

“You saw it. Don’t you feel surprised? These people are big shots in Basin City, but...but now they all kneel to George Han!” Shen Lingyao said puzzled.

Qi Yiyun sighed heavily and said, “Big man? Perhaps in George Han’s eyes, they are not even ants.”

“Yiyun, what are you talking about?” Shen Lingyao did not hear Qi Yiyun’s words clearly, took a step closer, and asked Qi Yiyun.

Qi Yiyun shook his head and said: "It's nothing. Jiang Fu hasn't appeared yet. He is the leader of this matter. What the final result will be is still unknown."

Shen Lingyao nodded. Although she has no great abilities, she likes to pay attention to high-class things. Although these people who came to the square are not low in status, they can't compare with Jiang Fu. And the whole thing was provoked by Jiang Fu, he didn't show up, this matter is not settled.

People's Square, where tens of thousands of people gathered, was surprisingly quiet at this moment. Only rapid breathing was heard at the scene, because everyone was so surprised that they didn't know what to say.

They felt vaguely in their hearts that George Han seemed to subvert the image of uselessness today. As for how he did this, no one can guess.

"There is Jiang Fu, and Jiang Fu hasn't come. Jiang Fu is George Han's true opponent. When Jiang Fu comes, George Han will definitely show his true shape."

"Yes, I don't believe that this wastefulness is better than Jiang Fu. Jianghe Group is the only company in Basin City than Tianjia. He has no chance for this little white face."

"Jiang Fu, come on. Don't let George Han's wretched pretence succeed. We are still waiting to see his jokes."

Countless people have longed for Jiang Fu to appear soon. Although they have no grievances with George Han, everyone is qualified to fight. They had already regarded George Han as a street mouse, and no one wanted to see George Han's counterattack succeed.

"Grandpa, how did he do it? He could actually make these people kneel." At a building near People's Square, Linger used a binoculars to see the development of things that day. Unknown why he asked Thomas Tian.

Yesterday Thomas Tian said that George Han could solve this matter by himself, Tian Linger didn't believe it at all, but today, the dumbfounding thing is right in front of him.

Thomas Tian was not surprised by this result. Because this matter involved Amelia Su, how could George Han compromise with these old guys.

Long You Ni Lin couldn't touch it. The Ni Lin of George Han was Amelia Su. Whoever dares to offend has only one dead end.

"Grandpa doesn't know, but he just thinks he can solve it." Thomas Tian said. He has heard about specific things, but it's better not to tell Tian Linger about such dark things.

Of course, George Han had more open and honest means to solve it, but he didn't bother to use it. After all, dealing with Jiang Fu and these fleas didn't need his true identity.

"Do you believe in him like that?" Tian Linger's mouth narrowed. Thomas Tian's blind confidence made Tian Linger a little disdainful. George Han was so good, grandpa wouldn't just believe a person casually.

"Facts have proved that my guess is correct." Thomas Tian smiled.

Tian Linger picked up the telescope and looked at it again, and said, "Jiang Fu hasn't appeared yet. When Jiang Fu comes, things may change."

Thomas Tian shook his head, what about Jiang Fu's appearance, even if he appeared now, he couldn't change the result of things. I am afraid that the old thing is silently regretting it now.

"Linger, aren't you going to help George Han? Why now it seems that Jiang Fu can step on George Han." Thomas Tian said.

This is the woman's weird mind. Her worries turned into an inexplicable hostility at this time, because Amelia Su was standing beside George Han at this time, and also holding George Han's hand, which made her very dissatisfied. .

If the positions of her and Amelia Su were to be reversed, she could not wait for George Han to shake his head and let those old things kowtow to George Han.

"Grandpa, a car parked on the side of the road, it seems that Jiang Fu is here." Tian Linger said suddenly.

"It's time to come too, how could he have escaped this matter." Thomas Tian said lightly.

On the side of the square, Jiang Fu got out of the car with a gloomy expression. His appearance made the square agitated again.

Chapter 273

“Here comes, Jiang Fu is finally here.”

“It makes people wait, George Han can't be arrogant now.”

“Damn, he wants to turn over because he is useless, to see what capital he has now.”

Jiang Fu walked straight to George Han along the vacated road.

He gritted his teeth with hatred when he saw that the group of people in the association was already kneeling behind George Han. He didn't expect that George Han would use such despicable and shameless means. Now that Jiang Hai is in Mo Yang's hands, his life or death is uncertain. He doesn't want the white-haired person to send the black-haired person, but he wants to kneel down for George Han in the public. This kind of embarrassing thing is not something Jiang Fu can do. .

“George Han, do you think you can really control the situation? You can threaten me now, but are you able to withstand my future revenge?” Jiang Fu gritted his teeth and said to George Han.

“In the future? Jiang Fu, you are too naive. You don't think that Jianghe Group has a future.” George Han said lightly.

Jiang Fu laughed angrily. This rubbish, even trying to defeat Jianghe Group in Basin City, is simply a dream. Even the Basin City Heavenly Clan didn't dare to say such a thing, what qualifications does it have to be a wasteful person.

“George Han, I will give you two minutes to let Jiang Hai go.” Jiang Fu said.

“I will give you one minute to kneel down, otherwise, I can give you a good coffin.” George said lightly.

Jiang Fu clenched his fists with hatred. He was a famous figure. How could he kneel down for George Han's uselessness, but George Han's strong attitude showed no room for negotiation.

“George Han, if you don't think about yourself, you also have to think about the people around you. How long can you protect Amelia Su without fear of Amelia Su falling into my hands?” Jiang Fu said.

When George Han heard this, a cold smile appeared on his face, and said: “Jiang Fu, you reminded me, don't worry, I will never give you a chance.”

“What kind of capital gives you the courage to do it right with me? Is the Heavenly Family behind you to help you?” Jiang Fu asked. This was the only backstage he could imagine. How could George Han have such a hard bone if he hadn't had Heaven's help.

“Thirty seconds.” George Han reminded.

Jiang Fu was shocked, his eyes burning with anger and said: “George Han, I warn you, don't mess around, Jiang Fu is not yours.”

“Twenty seconds.” George Han looked at Jiang Fu directly, with an aura like a rainbow, not joking at all.

This momentum made Jiang Fu feel a strong pressure, and even made him feel that breathing became difficult.

How could he have such a powerful aura for a useless person? He is like a big figure who has been in a high position for a long time, and he can shock all directions with just one look.

“What's wrong, Jiang Fu hasn't let George Han kneel down yet.”

“No, isn’t it possible that even Jiang Fu can’t deal with this waste.”

“What’s the situation? This is the news from Jiang Fu that he wants George Han to kneel in the People’s Square. Looking at the current situation, the signs are wrong. He seems to be suppressed by this uselessness.”

A cloud of incomprehensible doubt enveloped the sky above People’s Square. Everyone is quietly waiting for the outcome of the matter.

“Ten seconds.” George Han continued.

At this moment, even Amelia Su felt an extremely powerful aura spreading over George Han. This kind of deterrence made her feel like she didn’t know George Han.

Jiang Fu’s expression was painful. He was very clear about Mo Yang’s methods in Basin City recently. Although Jiang Hai is a celebrity, his death can cause a lot of movement, but people are dead. What use is the movement?

The Jiang family still needs inheritance, and Jiang Hai’s inheritance is needed. He can’t just watch Jiang Hai die in Mo Yang’s hands.

“3.”

“2.”

When George Han started the countdown, Jiang Fu banged and knelt down in front of George Han.

This time the restlessness of the onlookers came a bit late, because they couldn’t believe what they saw with their own eyes. They couldn’t believe that even Jiang Fu knelt down in front of George Han, which completely subverted their cognition.

A wimp. How could someone like Jiang Fu kneel down?

Even if they saw it with their own eyes, they couldn't believe it.

“Who is this George Han, Jiang Fu actually knelt down.”

“He's not a waste of money at all. Does he have a monstrous background?”

“Could it be that the Su family deliberately hid his identity in the past three years?”

At this time, everyone looked at George Han's eyes differently. They were no longer disdainful, but very solemn. Even if they didn't want to admit it in their hearts, Jiang Fu's kneeling was right in front of them. This fact is impossible to get rid of. of.

Amelia Su swallowed dry mouth, never expected that Jiang Fu would actually kneel down!

This is Jiang Fu. But the big man second only to the heavenly family!

Harry Su and Su Yihan were angry at this time. They thought they could reverse the situation after Jiang Fu came, but they didn't expect the ending to be what they wanted to see. They pushed George Han and Amelia Su to the forefront, but let the two of them take over. All the limelight!

“Harry, what's the situation? Jiang Fu, the old bone, actually knelt for George Han.” Su Yihan said.

Harry Su frowned. Could it be that George Han used the power of the Han family? But he was just an abandoned son of the Han family, how could it be possible?

Still speaking, George Han is a waste, holding the reputation of the Han family.

Harry Su couldn't wait to tear down George Han's mask, but Shinweng said that this matter should not be exposed. Once it is said from his mouth, it is likely to cause Shinweng's dissatisfaction.

Now Harry Su didn't dare to offend this golden master, without him, there would be no chance for Harry Su to stand up.

"I didn't expect to let this wretched good luck." Harry Su gritted his teeth and said.

Su Yihan was dissatisfied. He didn't see George Han and Amelia Su ashamed. How could he feel happy in his heart and said, "Harry, can you think of a solution?"

"What can I think of, there are some things that I can't just intervene casually now." Harry Su said.

Su Yihan looked at Amelia Su with sinister eyes. It was a pity that she had this great opportunity. Failed to make Amelia Su lose face.

But it didn't matter, the Su family company was going to be finished soon, how could Jiang Fu let the two of them be spared by such insults. As long as the company goes bankrupt, Amelia Su will still be a bereaved dog.

"A few days to make you proud, I see how long you can hold on." Su Yihan gritted his teeth.

Above People's Square, it was supposed to be the scene of George Han kneeling. But at this time, he was proud of his posture. The members of the association kneeling back and forth were all figures of Basin City's famous name, and no one thought he was useless.

When George Han took Amelia Su away. The attention of thousands of people, those rich women who are trying to support George Han are even more

heart-stricken at this moment, this is what a man should be, mighty and domineering, making people surrender.

Shen Lingyao looked at George Han with peach blossoms, and did not hide his love for George Han at this moment.

“Amelia is so happy, I don’t know if I can find such a prince charming in my life.” Shen Lingyao couldn’t help but said.

Qi Yiyun looked at Shen Lingyao. She didn’t expect that she would have such a strong affection for George Han, but Qi Yiyun was not worried. In her opinion, Shen Lingyao didn’t even have the qualifications to become her opponent.

“Of course you can find it, but it is destined to not have the excellence of George Han.” Qi Yiyun said with hot eyes, this kind of excellent man can only belong to her, even Amelia Su can’t.

Qi Yiyun repeatedly emphasized in her heart that she needed to see George Han’s ability, and George Han needed to prove his greatness, and she could help Qi’s family to put George Han in her eyes, but now even this has not been obtained. It proved that the goodwill spread in her heart had risen to an ambiguous stage.

Sisterhood?

In the face of family justice, to Qi Yiyun, it is worthless.

As long as George Han can get George Han, even if he breaks with Amelia Su, he will not hesitate.

“Yes, how can we compare with Amelia Su.” Shen Lingyao said with his head drooping and dejected.

Qi Yiyun smiled faintly, and said: “It’s just you, don’t compare me.”

Shen Lingyao stared at Qi Yiyun's leaving back, with an ominous premonition in her heart.

Chapter 274

Sitting in the car back to the Villa on the mountainside, Amelia Su had not yet escaped from the emotions just now, as if Jiang Fu was still kneeling before her eyes. This incredible and incredible situation made her feel as if she was dreaming. He didn't even dare to pinch his thigh for fear of waking up.

“What's the matter?” Seeing Amelia Su's expression dull, George Han asked with a smile.

“Three thousand. Am I dreaming?” Amelia Su asked in a dull voice.

George Han smiled and said, “Of course not. After returning home, I will buy a ticket to Bedrock Island. Let's take the wedding photos first.”

“But, what about the company? Does the company matter?” Amelia Su asked. Although the square has come to an end, Su's company is still facing a huge crisis. How can Amelia Su feel at ease when going to Bedrock Island at this time.

“I have asked a friend for help. In two days he will bring a group of people to Basin City to take over the company's affairs. His subordinates are all elites. Just leave it to him with ease.” George Han said.

Hearing what George Han said, Amelia Su suddenly buried her head in depression.

“What's wrong?” George Han asked in confusion.

“Three thousand, am I very useless? You have to arrange everything and ask you for help. Without you, I would have done nothing at all.” Amelia Su said.

These words made George Han not know how to pick up the situation. Amelia Su has the current status. It is indeed that he is secretly urging him. Starting from the

weak water real estate, he is step by step to make Amelia Su the position it is today. If only by Amelia Su's own ability, she can never do it.

"I am your husband, shouldn't it?" George Han said.

Amelia Su turned red and red in an instant, and secretly pinched George Han's leg and said, "But I want to prove myself."

"But these troubles were caused by me, and it is only natural for me to come forward to solve them." George Han said.

With that said, Amelia Su's mood suddenly became clear. He raised his head and said: "Okay, book the plane ticket when you go home, but when your friends will come, I will let Zhong Qiu come to receive them."

"After we leave, he will come." George Han said. He still didn't want Amelia Su to participate in the bloody business battle.

Although George Han knew that overprotection of Amelia Su was not a good thing, he had to do it because he was a man and Amelia Su's husband.

Back at the mountainside Villa, Lily Jiang had already heard about the People's Square, and was so excited to drink a drink at home and wait for George Han.

Those sisters made more than a dozen calls to her in succession, and almost everyone was in a flattering tone. This made Lily Jiang enjoy the feeling of being held in the palm of his hand. This kind of superior superiority is exactly what Lily Jiang is obsessed with. .

"Three thousand, welcoming summer, you can be regarded as coming back. If you don't come back, the red wine will have the best tasting time." Lily Jiang greeted the two enthusiastically.

Amelia Su looked at George Han helplessly. Yesterday Lily Jiang still had a very bad attitude, but today it was cloudy and fine. I have to say that she took the three words snobbery to the extreme.

“Mom, don’t worry now.” Amelia Su said.

“Don’t worry, of course, don’t worry, when I have been worried, I know that 3000 will definitely solve it.” Lily Jiang said with a smile.

George Han had no choice but to convince George Han to open her eyes to tell lies. She was barely turning her face with George Han, and now she can brazenly say that she has never worried.

“I won’t drink the wine anymore, and I will go out.” George Han said.

“Where are you going?” Amelia Su looked at George Han worriedly.

“It’s nothing big, you book your flight tickets quickly, it’s best to leave tomorrow.” George Han said.

After George Han left, Lily Jiang couldn’t help but curiously asked Amelia Su:
“Where are you going?”

“I have discussed with George. I plan to take the wedding photos. So I want to go to Keyan Island.” Amelia Su said. In the previous wedding photos, Amelia Su looked reluctant. She didn’t want such a beautiful thing to become a pity. .

“That’s a good idea, and you really are. The previous wedding photos were reluctant and didn’t even have a smiling face.” Lily Jiang complained to Amelia Su.

Regarding Lily Jiang’s attitude, Amelia Su couldn’t laugh or cry. Back then, she was the one who rejected George Han’s marriage. If her grandfather was not

forcing her to take wedding photos, Lily Jiang would not agree with it at all. Now it's better, instead she blames her.

“Mom. Now you are not forcing me to divorce George?” Amelia Su said.

Lily Jiang waved his hands again and again and said: “What are you talking about? How can you get a divorce? You didn't see how powerful George Han is now. Even Jiang Fu is going to kneel down for him. How can I get a divorce? It depends on George Han.”

“What if, in the future, George Han suddenly runs out of money? Would you still think that way?” Amelia Su asked sincerely.

Lily Jiang's face condensed. She is a realist. If George Han had no money or power, she would certainly not take it seriously. How could she think so?

“I don't answer hypothetical questions.” Lily Jiang said.

Amelia Su sighed. Lily Jiang still did not recognize George Han's identity. It was only because of George Han's current performance that she changed her view of George Han, but Amelia Su knew that if one day in the future, George Han would be defeated. , Lily Jiang will regain her harshness to George Han without hesitation.

As a servant of the family, He Ting has no say, but she can't help sighing when she feels Lily Jiang's attitude. A good person like George Han should be respected whether he has money or not. But what Lily Jiang cares about is only the surface.

After leaving the Villa, George Han drove to the weak water real estate, Zhong Liang waited at the door for a long time. And beside him, there was a middle-aged man, Qin Lin!

Zhong Liang is very familiar with Qin Lin, and the two have been close friends for many years. But Zhong Liang didn't expect that Qin Lin's ability to make a fortune and take today's step was actually the secret layout of the young master of the Han family.

In Hillwood City, he is also a famous figure, just a pawn of the young master. This makes people feel incredible.

I think that when Zhong Liang first learned of this, he was shocked for several days and couldn't recover.

“Little Master.”

“Mr. Han.”

Zhong Liang and Qin Lin shouted to George Han.

George Han walked towards the company without saying a word.

In Zhong Liang's office, George Han turned his back to the two of them and asked, “How long will it take you to get the company of the Basin City Jiangfu group.”

“Mr. Han, if it's in my name, it won't take three days.” Qin Lin said.

George Han turned his head and looked at Qin Lin coldly, and said, “In your name, isn't it equivalent to exposing my identity?”

Qin Lin hurriedly lowered his head and said hesitantly: “Mr. Han, only in the name of the Su family, I am afraid that it will not achieve the efficiency you want, after all...”

“I will be away for a week.” George Han interrupted Qin Lin.

Qin Lin understood this and said, “Mr. Han, don’t worry, Qin Lin will give you a satisfactory explanation for one week.”

“Zhong Liang, you cooperate with Qin Lin. Since you are old friends, you don’t need me to remind you. Just remember that my identity in Cloud City cannot be exposed.” George Han reminded.

“Yes.”

“Yes.”

After a brief explanation, George Han left.

Zhong Liang and Qin Lin were relieved. Even though George Han was much younger than them, they could be the elders of George Han at their age, but when faced with George Han, they would still feel tremendous pressure.

“Old Qin, I didn’t expect us to have the opportunity to work together now.” Zhong Liang said with a smile.

“This is a rare opportunity, but once we fail to do a good job, we can’t imagine the consequences.” Qin Lin said with a sigh.

Zhong Liang has always been very curious about how George Han came into contact with Qin Lin, and how he made Qin Lin a puppet, step by step, he became one of the famous Hillwood City celebrities.

“Old Qin, can you tell me what happened back then?” Zhong Youyou wondered.

“Back then?” Qin Lin’s expression gradually became serious. The hero didn’t mention the bravery back then. What’s more, Qin Lin was not a hero at the time, but a man who fell into the street and sleeps on the street.

“Can you imagine that a teenager helped me kill those debt collectors?” Qin Lin took a deep breath and said with a heavy tone.

Chapter 275

A simple sentence made Zhong Liang's unbelievable pupils widened!

“That night, it rained heavily. I owed money in the casino. I was chased and beaten. I was almost beaten to death. He showed up and saved me. He told me if I wanted to be a human being, I had nowhere to go. So even though he is only a child, I still choose to believe him.” Qin Lin continued.

Zhong Liang frowned. According to his understanding, Qin Lin was also a businessman before. Although his business was not big, he was still very impressive. This passage of Qin Lin's experience was something he had never heard of.

“Didn't you have a small company before?” Zhong Liang asked.

“Everyone has ambitions. How am I willing to be just the boss of a small company? At that time, in order to expand my circle of friends, I met many people of all kinds. Until I walked into the casino, my life became gloomy and depressed.” Qin Lin said.

“I still don't understand why Young Master chose you.” Zhong Liang asked puzzledly, since Qin Lin is just a small boss. Why does George Han value his chess piece?

“I don't understand why he opened the casino door for me.” Qin Lin smiled bitterly.

Zhong Liang's mouth grew in astonishment again. George Han opened the casino door for Qin Lin. In other words, the reason why Qin Lin was down was that George Han deliberately did it, and he appeared to save Qin Lin, which means there was an arrangement. The drama.

how is this possible!

The young master of the year was just a child, how could there be such a terrible heart of the city!

“You know how terrible he is now, so even if I know the truth of the matter, for so many years, I dare not have the slightest idea of revenge.” Qin Lin said.

Zhong Liang took a deep breath, and felt that it was a stupid thing for the Han family to exclude George Han. How could Han Jun’s ability be better than George Han. He was just a playboy who could accomplish nothing except drinking and picking up girls. George Han used up the city and created his own power.

Thinking about Nangong Qianqiu’s attitude towards George Han, Zhong Liang felt that if Nangong Qianqiu knew about these things, even if she was dead, she would probably feel incredible.

“Nangong Qianqiu really did a stupid thing, and even the entire Hillwood City would be shocked by the young master.” Zhong Liang said.

“Mr. Han is a dead person in Hillwood City, but one day. Mr. Han will shake Hillwood City. The sleeping tiger is not terrible, but once he wakes up, the world trembles.” Qin Lin said.

Zhong Liang nodded his head without any doubt. They felt the horror of George Han, and all of this was just the tip of the iceberg. Who knew how many chess pieces he had secretly left?

Perhaps only when his sharp edge is revealed, the world will know how terrifying the son of the Han family is.

“I have never mentioned these things to anyone. I hope you can help me keep secrets.” Qin Lin reminded Zhong Liang.

Zhong Liang nodded and said: “Don’t worry, we have been friends for more than two years, I will not betray you, and now we are helping the young master together, which can be regarded as an ally. Hello, I can be good.”

“It’s ridiculous that these stupid guys in Basin City dare to offend George Han.” Qin Lin sighed.

Zhong Liang couldn’t help but laughed. It was indeed very ridiculous. Jiang Fu called himself a big figure in Basin City, but what was a big figure like him in the eyes of the young master?

After leaving the weak water real estate, George Han drove to the Tianjia Villa area, when Linger knew about it that day. Naturally, he was dancing with excitement, but Thomas Tian’s mood was not high.

Things just ended in People’s Square. How could George Han suddenly come to Heaven?

“Master, why are you here?” Thomas Tian asked George Han with a smile.

Tian Linger glared at Thomas Tian and said, “Master hasn’t made tea yet, so why do you ask so much?”

Thomas Tian was very helpless when Tian Linger’s elbow was turned outwards. This little girl was thinking about George Han. He, as a grandfather, no longer had any status.

“Tian Linger, I have something to tell your grandfather, do you want to go back to the room and dress up? I will invite you to dinner later,” George Han said.

Tian Linger was instantly excited and said: “Okay, okay, talk slowly, don’t worry, I have to make up and choose clothes.”

Thomas Tian watched Tian Linger leave with a heavy heart. George Han deliberately opened Tian Linger, obviously there was something important.

“Master, drink tea first.” Thomas Tian tried his best to control his expression. Said to George Han with a smile.

When Thomas Tian was about to pour tea for George Han that day, George Han took the lead in picking up the teapot.

“Master, let me do this little thing.” Thomas Tian said quickly.

George Han ignored it, and instead poured tea directly to Thomas Tian, but the cup was full. When the tea overflowed, George Han still did not stop.

Seeing this, Thomas Tian quickly said: “It’s full, it’s full.”

George Han poured all the water in the teapot, and then said: “It’s empty, there is nothing left. I want to get too much, but in the end I lose my capital. Am I too greedy?”

How could Thomas Tian not understand the beating of these words. With a heavy face, he said: “In the past few years, Jiang Fu has been secretly contacting people in other shopping malls. I know that he has long been reluctant to live under the heaven and wants to overthrow the heaven, but the structure of Cloud City, even if it is The Heavenly Family does not dare to move. Once certain balances are broken, it is unknown whether the Heavenly Family can laugh until the end. Even if it is the last laugh, it will be hit hard.”

“Is that why you used me?” George Han said coldly.

“No.” Thomas Tian shook his head again and again. Said: “I didn’t use your meaning.”

“It’s not interesting, but actually did it, Thomas Tian, what you said is not enough to convince me.” George Han picked up a cup of tea that Thomas Tian had poured, and the hot tea poured into his throat, watching. Thomas Tian’s eyelids throbbed, and he was terrified!

“Three thousand, I really didn’t intend to use you, just as a bystander to watch a good show.” Thomas Tian said bitterly.

“I drank this cup of tea, but next time, you have to weigh whether you can drink it.” George Han said.

Cold sweat broke out on Thomas Tian’s forehead, and he couldn’t drink the hot tea, but Thomas Tian understood what George Han meant.

How can it be easy to treat a person as ruthless as oneself and treat the enemy?

“Thank you.” Thomas Tian said.

“Help me tell Tian Linger that there is a sudden emergency today and I owe her a meal.” George Han stood up and left.

Thomas Tian was limp on the sofa, his spirits languished, he was a big man anyway, but when facing George Han, he felt invincible.

Such a young person. What has gone through to cultivate such fierceness.

Looking at the teacup and imagining the hot tea, Thomas Tian took a deep breath and sighed again.

“Finding skin with the tiger. This time I really took a dangerous move and almost harmed the heavens.” Thomas Tian sighed.

After a while, Tian Linger, who was well-dressed, walked to the living room. When she saw that George Han was not in the living room, she was immediately discouraged.

“Linger. George Han is suddenly in a hurry, saying that he owes you a meal and will invite you next time.” Thomas Tian said.

Tian Linger comforted herself in her heart. George Han had to leave because of something urgent, not letting her pigeons go. This way, she felt better.

That night, after Tian Honghui returned home, he couldn't wait to find Thomas Tian.

“Dad, now Jiang Fu's gang is in serious trouble. It's really good for you to use a knife to kill people.” Tian Honghui said with admiration.

The complacency before Thomas Tian has disappeared after George Han came to Tian's house, Jiang Fu will definitely be finished, but his image in George Han's heart has also changed, and barriers have also arisen.

“Don't interfere with this matter. The Heavenly Family will never eat this piece of cake, even the residue.” Thomas Tian said.

“Why?” Tian Honghui looked at Thomas Tian puzzledly. After Jiang Fu's companies were over, the Basin City market would inevitably be blank. If this piece of fat Tianjia took advantage of the situation to eat a bite, it would undoubtedly make Tianjia Control Cloud City more firmly.

“He came to see me today, and...”

Chapter 276

After Thomas Tian told Tian Honghui of what had just happened, Tian Honghui paled and sat on the sofa, especially the incident that George Han drank hot tea, which made Tian Honghui feel a tingling scalp. .

If in the past, Tian Honghui's panic attitude, Thomas Tian would definitely have to teach a few words, the first thing to do is to do nothing, but today. Thomas Tian really didn't have the right to say such a thing, because even he was overwhelmed by the aura of George Han.

“Dad, is there any way to make up for it?” Tian Honghui asked. He was very aware of the gap between the Tian family and the Han family. The title of the first family of Cloud City did not make Tian Honghui lose himself, but he was able to recognize him more. Clear the situation and recognize the fate after offending George Han.

Thomas Tian sighed. George Han is not a very human being. For him, any remedy is useless, and this crack cannot be repaired anyway. Only in the future dealings, try to avoid taboos to provoke George Han.

“It's useless. With his character, any compensation is of no avail. Next, we can only let our fate. As long as the heavens don't interfere with these things in Basin City, there should be no major problems.” Thomas Tian said, George Han He doesn't have the heart of a villain. Since he has expressed that this matter is over, then he will no longer use this matter to provoke the heavens.

Tian Honghui nodded. Since Thomas Tian said so, he doesn't need to superfluous. As for Basin City, this piece of fat that is about to be exposed, the heavenly family is like no one can touch it, even if it is a bit of oil. It is best not to get it on.

When George Han returned home, Amelia Su had already packed her luggage in the room. It was obvious that she was very excited and looking forward to the trip to Bedrock Island, of course. George Han's mood is similar.

In the more than three years of marriage, George Han and Amelia Su have never traveled, and such things as honeymoon have never even thought about it before.

“Does this dress look good?”

“What about this one?”

“And this one, this one...”

Amelia Su kept soliciting George Han’s opinions, George Han only nodded, because to him, Amelia Su wears good-looking clothes, and there is nothing to be criticized about.

“You don’t give me any advice.” After asking a few times, Amelia Su found that George Han had said everything, and suddenly complained.

George Han smiled bitterly, and said, “I think they all look good, do you still have to say ugly with your conscience?”

“Am I so good in your heart? Whatever you wear?” Amelia Su asked.

George Han nodded without hesitation, and said, “Of course, it looks good even without wearing it.”

Amelia Su glared at George Han when she heard the words “don’t wear”, and said coldly, “Can you have a normal idea?”

George Han wanted to say that this kind of thinking is not normal, but looking at Amelia Su’s expression, he will probably be hammered when he speaks, so he can only bear it in his heart.

“By the way, do we need to contact the photographer? Or find it locally.” George Han asked. This matter is very important for this trip. Only a good photographer

can present good works. At this stage, making up the wedding photos is the most important thing for George Han.

“When you think about it, the sun is about to go down. I have already contacted the studio. He is very famous in Basin City. Many of the rich children get married with him.” Amelia Su said.

George Han looked embarrassed. He didn't expect Amelia Su to think of this earlier than him, and she was still more careful.

The next day, George Han and Amelia Su went to see the photographer Yang Chen together. He also brought a small assistant named Xu Tong. This time, he had to pay the fixed amount of photography money as well as a small assistant named Xu Tong. Round trip air tickets and full board and lodging. However, the money was nothing to George Han.

Although Yang Chen had never met George Han, he knew George Han very well because he was also a native of Basin City and was in Basin City. Even a three-year-old child has heard of George Han's glorious deeds. Of course, his previous thoughts have changed drastically after experiencing the events in People's Square.

The fact that Jiang Fu knelt down was already known to everyone, so after seeing George Han, Yang Chen looked a little cautious and didn't dare to take it lightly.

Whether he is useless or not, whether he has a little white face, whether he eats soft rice or not is unsure. But what is certain is that his ability can make Jiang Fu kneel down, which is enough to show that he is not simple.

Xu Tong has also heard of George Han's reputation a long time ago, so she has some expectations for seeing George Han today, or it can be said to be curious. She wants to see what kind of person it is that can endure three years in the Su family humiliation.

When I first saw George Han. Xu Tong was a little surprised, because this did not fit the imagination of George Han in her mind.

Although Xiao Bai Lian must have the handsome factor, George Han's handsome face is much stronger than the average Xiao Bai Lian, even the small fresh meat on the screen is not as good as George Han in Xu Tong's eyes.

"Miss Su, we are ready and can set off at any time." Yang Chen said to Amelia Su.

"It's fine if you call me Amelia, you don't need to call Miss Su, it looks like you're good." Amelia Su said.

This sentence made Yang Chen quite fond of Amelia Su. He has undertaken many jobs in this area, and his clients are very rich people, but many of those rich people have arrogant attitudes and regard him as Treated like subordinates, approachable customers like Amelia Su are relatively rare.

"Okay, then I'm not welcome. I have had several photo shoot experiences in Bedrock Island. So I am familiar with the bridal shops over there. You can rest assured when you choose a wedding dress." .

"It seems that I have nothing to worry about, the plane this afternoon. You should prepare first, and then come to pick you up." Amelia Su said.

"no problem."

After George Han and Amelia Su left, Xu Tong said to Yang Chen: "Brother Chen, this George Han is different from the legendary one."

"What is it like in the legend?" Yang Chen asked with a smile.

Xu Tong pouted his mouth and said, "Isn't it that way, what a waste, a waste. You have a white face, haven't you heard of it?"

Yang Chen smiled, and said: "Hearing is fictitious and seeing is believing, and the troubles in People's Square are so big, if you want to say that he is useless, do you believe it?"

"Is he the kind of hidden identities he played on TV?" Xu Tong said curiously.

Yang Chen shook his head. What exactly is George Han's identity? He can guess, but one thing is certain. The rumors about him from the outside world are all false. For so many years, he has only done one. One thing was Jiang Fu kneeling on People's Square, but this incident alone proved that he was not simple.

"They are just customers, do what they should do, and don't worry about other things." Yang Chen said.

Xu Tong nodded, but the curiosity in his heart could not be restrained at all.

George Han and Amelia Su are now ready to go, and there is nothing to prepare. Shen Lingyao and Qi Yiyun are called out for lunch at noon.

When Shen Lingyao knew that the two of them were going to Bed Rock Island to make up their wedding photos, she was envious, but she was also very happy for Amelia Su, because this trip was the best time to break through the relationship between the two, as long as George Han was no longer there. Then the fool should be able to succeed.

Qi Yiyun showed blessings on the surface, but was very unhappy in her heart. The sweetness between George Han and Amelia Su was like poison to her. She wanted to snatch George Han away from Amelia Su, and George It is to show the state of loving Amelia Su, the smaller her chance, this is something she cannot accept.

The current crisis of the Qi family must have someone who can carry the backbone. For now, George Han is the best candidate, and she must find a way to grab George Han anyway.

“I’ll go to the bathroom.” George Han stood up and said during the meal.

In less than 30 seconds, Qi Yiyun also stood up: “I also go to the bathroom, you two don’t eat too fast, save me some.”

Amelia Su and Shen Lingyao smiled without thinking.

George Han was laying comfortably, and Qi Yiyun suddenly walked into the bathroom, making him tremble.

Chapter 277

“What are you doing? This is the men’s room.” George Han leaned sideways, watching Qi Yiyun who broke into the men’s room warily.

Qi Yiyun had already placed a suspend-use sign at the door, so he was not afraid that someone would suddenly come in, take off his glasses, and walk to George Han.

“You and Amelia Su have been together for so long, have you ever been a husband and wife?” Qi Yiyun exhaled in George Han’s ear.

This kind of intimacy beyond friends gave George Han Meiyu a solemn look. Amelia Su regards Qi Yiyun as a good sister, but what she is doing now is a bit of suspicion of destroying their husband and wife relationship.

“This is a matter between us, does it have anything to do with you?” George Han said.

Qi Yiyun suddenly reached out and touched George Han’s chest. She winked and asked, “Don’t you have any desire for this?”

“Qi Yiyun, I’m your girlfriend’s husband.” George Han said coldly.

“Do you think I would care about this? For me, as long as I can benefit myself, I never care about other things.” Qi Yiyun puts her arms around George Han’s neck, she is very charming at this moment with her glasses off. In particular, even George Han’s blurred eyes flickered.

George Han pushed Qi Yiyun away and said, “I am not interested in you.”

After speaking, George Han left the bathroom, leaving Qi Yiyun full of hatred.

She had already lost her dignity when she took this step, because Qi Yiyun felt that she could not wait any longer. She couldn't watch George Han and Amelia Su's relationship getting better and better, but she didn't expect it. Even though he took the initiative to deliver it to the door, he was rejected by George Han.

“George Han, you will regret it.”

“After Amelia Su has evaporated, can you still be so affectionate?”

“You are mine, no one can stop it.”

George Han returned to the dinner table, pretending that nothing happened. He didn't plan to tell Amelia Su about this. After all, Amelia Su regarded Qi Yiyun as a sister. If she knew about this kind of thing, she would definitely be very sad.

“George Han, I warn you, if you don't take good care of Amelia Su, I will kill you when you come back.” Shen Lingyao said to George Han threateningly.

Although Shen Lingyao was reckless and bluffing, George Han could feel that she was genuinely good to Amelia Su, and she also regarded Amelia Su as a real best friend, completely different from Qi Yiyun.

“Do you still need to say it? You should think about your own affairs. I heard that you are unemployed again.” George Han said disdainfully.

This sentence directly hurt Shen Lingyao's heart. She has changed several jobs recently, and her life is terrible. Either she is dissatisfied with the company or the company is dissatisfied with her. In exchange, she has almost become a vagrant.

“George Han, you deliberately retaliated against me, and deliberately brought up my sadness.” Shen Lingyao pointed at George Han and said with an angry face.

George Han shook his head helplessly. If Shen Lingyao hadn't been kind to Amelia Su, he wouldn't bother to care about these things.

"I will report to the company tomorrow. Anyway, the company is short of people, and it is not bad for you to have a meal." George Han said.

Shen Lingyao stood up awkwardly, and George Han thought of her as a casual meal. How could Shen Lingyao bear it?

But now she does need a job, and the Su family is a good opportunity for her. She could not refuse.

"George Han, I will let you look at me with admiration. If Amelia is not here, I will help her look at the company well." Shen Lingyao said.

"Don't make trouble, thank God." George Han deliberately stimulated.

Shen Lingyao was short of breath, Amelia Su saw it, and quickly smiled and comforted: "Yaoyao, he looks down on you so much, you have to work hard to make him drop his jaw and let him know the consequences of looking down on you."

Shen Lingyao snorted coldly, and said, "Amelia, don't worry, some people will definitely regret it. I will point to the nose and tell him that Shen Lingyao is also a capable person."

Qi Yiyun returned to the dining table and couldn't see anything unusual. He still chatted with Amelia Su enthusiastically. For this kind of person, George Han was a little helpless. If she was not Amelia Su's best friend, George Han could find a way to make her disappear. Within Amelia Su's sight, but Amelia Su had a deep feeling for her and hurt her. Amelia Su was definitely not happy, and George Han could only let her go.

But if Qi Yiyun dared to hurt Amelia Su, George Han would never let her go.

After dinner, George Han and Amelia Su went home to take their luggage, took their luggage, and received Yang Chen Xu Tong, and rushed to the airport.

Bedrock Island is a very popular tourist attraction. And there is no need to go abroad, so it has become the first choice for Chinese people to vacation, which can be seen from the full flight.

Sitting in the first class, Amelia Su and Yang Chen discussed the details of the wedding photos and the effect she wanted to show.

As a professional photographer, Yang Chen also gave Amelia Su a lot of opinions. George Han did not participate in these matters. After all, he is a layman, he only needs to follow the arrangements.

It was already night when I arrived at Bedrock Island. Although it is not the peak tourist season, the major hotels are already overcrowded. It was hard for Han to find a hotel with vacancies to rest.

“Tomorrow we will go to choose the wedding dress first. There are five places worth framing. It will take about three days for shooting. Do you think it is too much?” Amelia Su asked George Han in the room.

“Not much, as long as you are willing, it is not a problem to shoot for a month.” George Han said, he doesn’t care about the shooting time, as long as Amelia Su is happy, everything can be satisfied.

Amelia Su was still very happy in her heart that George Han followed her in everything, but she still had to take care of George Han’s feelings. After all, the relationship between husband and wife was not the request and satisfaction of one party. It is to take care of the feelings of both parties. Only such feelings can last for a long time.

Amelia Su would never be arrogant in front of George Han. If you don't know how to cherish your hard-won feelings, you will only start to regret it when you lose it.

Sleeping at night, Amelia Su has been in a dazed state, because she is about to put on her wedding dress again. This feeling is extremely exciting to her. She was very reluctant to put on her wedding dress three years ago, but now, she is not only willing, but also impatient.

Early the next morning, they got up at six o'clock as usual for a run. After running, the two ate breakfast in the hotel. After meeting with Yang Chen and Xu Tong, they went to the bridal shop that Yang Chen was familiar with.

This is the most advanced bridal shop in the entire Bedrock Island, providing services for renting and selling wedding dresses. There is a treasure of the town shop. Handmade wedding dresses are worth more than two million yuan. Yang Chen has come several times a year for so many years, but the treasure of the town shop has always stayed in the store, indicating that no one knows it. Buy something that has no value for money.

For many people, a wedding dress will only be worn once in a lifetime, so most people will choose to rent a wedding dress, even if it is bought, it will not be so expensive. The real wealthy people, even if they have a high demand for wedding dresses, will ask masters to customize them by hand. Will not go to the store to buy.

Yang Chen and the owner of the bridal shop are very familiar with each other. A middle-aged woman in her forties is not old at all because of proper maintenance. Her charm still exists. Compared with ordinary women, her charm is more appealing to men.

“Yang Chen, you haven't been here for several months, and I thought you forgot about me.” The lady boss greeted Yang Chen enthusiastically.

“Business is bleak, it’s been a long time since I received an order from Bedrock Island, I am afraid you will forget me.” Yang Chen smiled.

The two of them were eyeing, obviously there was a story.

“Is it rent or buy?” the lady boss asked.

Yang Chen looked at Amelia Su and said, “This is the guest, you have to ask her.”

Amelia Su was already fascinated by the wedding dress in the window at this time. In the whole shop, the wedding dress in front of her was the most attractive, and Amelia Su couldn’t bear to look away.

“Little beauty, you really have a vision. This wedding dress is the treasure of the shop in the shop. Are you interested?” The lady boss walked to Amelia Su and asked. Almost all the customers who came to the shop would be attracted by its beauty, but The result without exception, after hearing its price. Will be scared off.

“It’s beautiful.” Amelia Su sighed.

“This wedding dress is custom-made by a master and designed by himself. There is only one set in the world. It took a whole year to sew one stitch by stitch, but the price is a bit expensive. If you like this style, I I can introduce you to several styles with similar styles.” The lady boss did not deliberately look down upon people, but she has experienced too many such things. Once the price is stated, the customer will automatically give up, so she is too lazy to treat this wedding dress. Do too much introduction.

“How much does it cost to rent?” Amelia Su asked.

The lady boss smiled and shook her head. Said: “Sorry, this wedding dress is only sold but not rented, because the price is too expensive, if it is damaged, I can’t afford such a loss.”

“How much is it?” George Han asked from the side.

The lady boss glanced at George Han, who was very handsome. But it doesn't look like a wealthy person depending on what you wear. If you talk about the price, you might give up, right?

“Two million six hundred and fifty thousand.” The lady boss said.

Amelia Su grew her mouth in shock, and a wedding dress cost more than two million! Moreover, it is impossible to wear this kind of clothes when you buy them home.

Regarding Amelia Su's expression, the boss's wife is already quite familiar. Everyone will have this expression after hearing the price.

“Just this set.” George Han said.

Now it was the boss's turn to be astonished. She looked at George Han in disbelief. This young man looked very simple, but he was going to buy more than two million things without even blinking his eyes?

The proprietress looked at Yang Chen, and wanted to ask what kind of person he brought with him and how strong his money was, but Yang Chen was also very shocked at this time.

Su's company is now in danger, and George Han bought this wedding dress for the sake of face. It was not worth it.

“Are you sure you want to buy?” the lady boss asked George Han.

Amelia Su pulled George's hand and said, “Such an expensive thing can only be worn once, not so expensive.”

“But besides this wedding dress barely worthy of you, is there any other choice?”
George Han smiled.

The proprietress couldn't help rolling her eyes. The two million-plus wedding dresses were barely worthy of them. What kind of rich man must this be? Wouldn't it be a joke?

“Why don't you two discuss it carefully.” After speaking, the lady boss walked to Yang Chen and took Yang Chen to the outside of the store.

“Yang Chen, what's the situation with these two people? I don't see that this man is the rich man.” The boss lady asked Yang Chen.

Yang Chen didn't know how to describe this incident to the boss. Although George Han's image changed after the Plaza Incident, there should be no argument about his eating soft rice. After all, George Han had been in Su after three years. The family didn't do anything. This is something everyone knows. But now, he spends so much money on Amelia Su's wedding dress. Even Yang Chen is not sure whether George Han has such financial strength.

Or, is he taking Amelia Su's money to save himself?

“The woman is a company boss, the man, it's hard to say, I don't know too much.”
Yang Chen said.

Hearing this, the lady boss narrowed her mouth and said, “It turns out that she is a soft-meal eater who takes a woman's money to give herself face. This kind of man is too brazen.”

Chapter 278

In the shop, Amelia Su herself was reluctant to buy such an expensive wedding dress, because in her opinion such an expensive thing was unnecessary, and it would cost more than two million just to take a photo as a souvenir, which is not a worthwhile thing.

“Three thousand, let’s take a look at others, this set is too expensive.” Amelia Su said to George Han.

“It’s not easy to wait until the wedding dress is retaken. How can I let you wear someone who is worn by other people. In my opinion, more than two million is already very cheap. This matter is up to me, how about?” George Han said.

The question was gentle, but Amelia Su felt an irresistible strength. Amelia Su knew that this little money was for George Han. Maybe it’s really nothing.

“but.....”

“It’s nothing, it’s so decided.” George Han made a decisive decision and no longer gave Amelia Su any opportunity to refute.

Amelia Su could only nod her head, although a little distressed. But I was very happy inside.

Xu Tong looked at Amelia Su with envy. Three years ago, when George Han entered the family, the whole Basin City said that Amelia Su was blind, how could she let a squatter into the family, but now Xu Tong feels that she is the best in the world. The happy woman, the man next to her, is not as rumored, but has a kind of domineering president.

At this time, the lady boss and Yang Chen returned to the store and asked George Han: “Have you discussed it? Are you sure?”

“Yes, pay first before trying on?” George Han said.

Although the proprietress is very happy to make money, she despises George Han to the bottom of her heart. A man who uses a woman’s money to put gold on his face can’t please her.

“Of course.” said the boss.

Swipe the card to pay, and then Amelia Su tried on clothes. Because of the inconvenience of wearing the wedding dress, Xu Tong also went to the dressing room to help.

“I heard that your wife started a company at home, what do you do?” The lady boss chatted with George Han while Amelia Su was changing clothes, but the utter disdain in her tone made no secret.

George Han smiled faintly. Said: “What am I doing? Haven’t you asked Yang Chen, you still need to ask again?”

Yang Chen was a little embarrassed, he didn’t expect George Han to guess what they were doing just now.

“I’m just wondering why the chairman of a company is willing to marry someone like you.” The proprietress said lightly. Although she admits that George Han is handsome, Amelia Su is also very beautiful, and as the chairman, she is excellent. There is no need for words to describe it. It is very simple for a person like her to find a good man, but she has such a little white face who eats soft rice, which makes the boss lady puzzled.

“A person like me, who am I?” George Han turned his head to look at the lady boss with a smile on his face.

Yang Chen's heart was shocked. What the lady boss knew was only superficial things, but he knew that George Han made Jiang Fu's big figures kneel down in Basin City, and the whole Basin City was rumored that George Han might have a hidden thing. Because of the ability of the Su family. It is absolutely impossible for Jiang Fu to kneel. If it is true as the rumors say, if these harsh words of the boss wife provoke him, she doesn't know what will happen to him.

But Yang Chen didn't remind the proprietress too much that his relationship with the proprietress was ambiguous, but it was limited to dew. If he could verify the identity of George Han through the proprietress, he would still be happy to see it.

Everyone has curiosity. Yang Chen is naturally willing to satisfy his curiosity without hurting himself.

"How do I know, am I not asking you?" the lady boss said lightly.

"If you ask me, do I have to tell you?" George Han said with a smile.

"Don't talk about being pulled down, I don't have to know." The lady boss looked lacking in interest.

After a while, Amelia Su walked out of the locker room, Shengxue in white. At this moment, Amelia Su was like a fairy from the fairyland, not only George Han was dumbfounded, but also Yang Chen and the lady boss.

As the owner of the bridal shop, the proprietress has seen countless women watching wedding dresses. But she had never seen Amelia Su so exciting, which made her even more puzzled, why such a beautiful woman would marry such a useless man.

George Han couldn't help but walked to Amelia Su, his eyes were dull and said, "You must have fallen into the trap."

“What trap?” Amelia Su looked at George Han in confusion.

“Otherwise, how could it fall from the sky to the earth.” George Han said.

Amelia Su heard George Han’s spitting love words, couldn’t help but laughed, and said, “The love words you’ve learned before are so earthy.”

“This is not a love story. It is my true feeling in my heart.” George Han said.

The proprietress on the side rolled her eyes, George Han’s love story is too low-end, how did this kind of mouth coax Amelia Su?

“This is the most incompetent man I have ever seen. He doesn’t even speak love.” The lady boss said softly beside Yang Chen.

Yang Chen was also shocked by Amelia Su’s beauty. Rumor has it that Amelia Su is the number one beauty in Basin City. This is true, even if it is a bit exaggerated. I’m afraid there are very few people who can find better than Amelia Su in Basin City.

Next, George Han also chose a suit. When he was wearing his upper body, George Han’s temperament was also reflected. Although he was not valued by the family since he was a child, he was born into a wealthy man after all, with a temperament superior to others It’s absolutely comparable.

The lady boss swallowed. Before George Han looked very handsome, after changing into a suit, he had to say that he was even more charming. Perhaps, it was on this basis that he was able to conquer a chairman like Amelia Su.

“If the clothes are decided, let’s go to the first shooting location first.” Yang Chen walked to George Han and said.

“I have no problem.” George Han finished speaking and turned to look at Amelia Su.

“I have no problem, more than two million wedding dresses. What can be faulty.” Amelia Su said.

“Let’s go.” George Han said to Yang Chen.

When he was about to leave the bridal shop, the proprietress suddenly said to George Han: “You love your wife so much, you should want to give her the best things in the world.”

“Of course.” George Han said.

“There will be an auction in Bedrock Island in two days. There is a necklace called Eternity. Would you like to try if you can shoot it?” said the proprietress.

“With this name, it is worth my visit.” George Han said.

The lady boss looked at the back of George Han leaving, showing strong disdain. There will be many high-ranking officials participating in this auction. And the popularity of this necklace has been very heated by the auctioneer, and it must be a fierce bidding fight by then. The reason why she brought up this matter was to make George Han show his true appearance at the auction.

A set of more than two million wedding dresses is nothing. This eternity is the plaything of the real rich.

“If you dare to bid once, even if you have the courage.” The lady boss laughed to herself.

When we arrived at the first filming spot, a couple of newcomers had taken the lead in occupying the best position, so George Han and others had to wait aside.

The couple also made a special trip to Keyan Island to take their wedding photos. When the woman saw Amelia Su's wedding dress, her face suddenly showed envy. She went to the same bridal shop, so she knew Amelia Su's body. The value of this wedding dress, I did not expect that the treasure of the town shop was actually bought.

Everyone has the heart to compare, especially when a jealous woman sees that she is inferior to others, her jealousy will be more intense.

“Look at her. She is wearing that two million-dollar wedding dress. Look at me again.” The original harmonious shooting was changed because of jealousy. The woman looked at her man with dissatisfaction.

The man Yu Guang had been secretly looking at Amelia Su early, because Amelia Su's beauty was really impossible to ignore, but in front of his wife, he still had to pretend not to care.

“Do you really think there is a fool who spends more than two million to buy a set of clothes that is worn only once? She must be a copy, a fake.” The man said disdainfully.

When the woman heard this, she suddenly felt it was very possible, and her expression on Amelia Su was immediately full of ridicule.

Chapter 279

When the two of them finished shooting and passed by George Han and others, the woman said in a weird tone: “If you don’t have money, you have to wear a swollen face to fill a fat man, and you are not afraid of being laughed at.”

“Dude, how much did you spend on this copy? Where did you make it? The craftsmanship is not very good. It’s so rough and it looks fake.” The man laughed and said to George Han.

“Since you know this wedding dress, it belonged to your wife. It should be rented in the same bridal shop. You will know if you can check it out when you return the wedding dress later.” George Han said with a smile.

“Of course I want to see it, but the wedding dress on my wife’s body is not rented, but bought for more than 100,000 yuan. It should be much more expensive than yours.” The man said with a proud smile.

George Han shook his head helplessly, too lazy to talk nonsense with this kind of person, jumping on the clown, George Han had no desire to deal with him.

During the filming, the two are like a pair of sweet lovers, and the cooperation of various poses is full of sweet atmosphere. Xu Tong, who is also a woman, was envious. She had never thought of getting married, but seeing George Han and Amelia Su, she had the idea of wanting to get married. She also wanted to wear a beautiful wedding dress. Finish this sweet thing with your own Prince Charming.

At this time, Amelia Su suddenly said to George Han: “Or, you kneel down, let’s take a special one?”

George Han didn’t know what Amelia Su wanted to do, so naturally he tried to cooperate as much as possible. After knelt down on both knees, he asked, “What else is there to do?”

Amelia Su said helplessly: “Who wants you to kneel down, it’s not a mistake. When you make a mistake in the future, I will let you kneel on the washboard.”

George Han smiled awkwardly, raised one leg and turned into a kneeling motion.

Amelia Su stretched out her right hand, and George Han took her hand without reminding it.

At this time, Amelia Su’s eyelashes trembled slightly, and crystal tears suddenly appeared in her eyes.

When George Han saw this, his heart suddenly became anxious. Why did he cry for no reason? Could it be that he did something wrong?

“I.....”

“I am willing.” Amelia Su rushed.

George Han was struck by lightning. He finally understood what Amelia Su was going to do. He knelt down on one knee, only missing a ring, but George Han could feel the form of marriage proposal.

George Han never thought of these three words from Amelia Su’s mouth.

And now, it really happened, for George Han. Everything in the world is incomparable.

At this moment, Amelia Su expressed his willingness to marry George Han.

In the past three years, although their relationship has improved, they have not reached a real couple after all. Now, George Han knows that the life trajectories of him and Amelia Su have completely integrated.

From this moment on, they are real couples.

“I, I forgot to bring the ring.” George Han said excitedly.

Amelia Su wiped tears from the corners of her eyes and shook her head and said: “I don’t want a ring. As long as I have you, I don’t need anything.”

The corners of George Han’s eyebrows trembled, and the fluorescence in his eyes gleamed.

“Three years, all my hard work in the past three years has finally paid off, my God, George Han will never let Amelia Su suffer any more in this life.” George Han roared to the sky, the humiliation of the past three years at this moment The smoke disappeared.

For three whole years, who could understand what George Han’s forbearance meant, he didn’t care about any humiliation, and being ridden on his head was greeted with a smile. All this was for Amelia Su. And now, he finally got what he wanted.

There are hundreds of flowers blooming in the world, so you can’t help but smile.

The two laughed and shed tears, and all the estrangements in the past three years have vanished.

Xu Tong secretly wiped the tears from the corner of her eyes. Although she could not understand the feelings of George Han and Amelia Su, the atmosphere moved her very much.

“Brother Chen, she is actually happy.” Xu Tong said.

Yang Chen nodded. Outsiders said that Amelia Su was aggrieved because of a waste man's adultery, but no one could know that, in fact, most people would not appreciate her happiness.

"Perhaps, the entire Basin City's view of George Han is wrong. This time, we may have a chance to see what kind of person George Han is." Yang Chen said, and the boss deliberately mentioned the auction. Yang Chen knew that this was because the boss deliberately wanted to embarrass George Han.

If he is not a waste, then this auction will probably be able to witness George Han's ability.

At this moment. Just now the man and the woman had arrived at the bridal shop, and seeing the wedding dress in the window was gone, the woman's mood instantly fell to the bottom.

The facts told her that the wedding dress she saw just now was indeed true. To say it is a fake is just self-comfort.

"Boss, the wedding dress was really bought?" The man asked the boss unwillingly.

"Yeah, have you seen it?" said the boss.

In front of the facts, the man had to bow his head. Now thinking about his mockery of George Han, it was like slapped his face in the face.

"I don't know how that woman fell in love with him. I heard that the woman is a chairman, and that man is just a white face." The boss said with disdain.

"Little white face?" Hearing these words, the man regained his confidence. Although the wedding dress he bought is not expensive, it is his own money. If George Han is really a little white face, how can he compare with him?

“Boss, are you saying that the money for the wedding dress is given by the woman?”

“Although he swiped the card, the money should belong to the woman,” the boss said.

“Wife, I’m right, that guy is a dick at first sight, how could he be a rich man, but I didn’t expect it. He is so low-level that he looks like a white face.” The man said with a smile.

“By the way, he may also participate in the auction I told you before, and he also brags to me that he wants to shoot eternity. If you want to watch a good show then, you can go and see it.” The proprietress knows this is a woman’s jealousy It’s troublesome, that’s why they made a special trip to inquire about this matter, so they mentioned the auction. It is not a bad thing for a few more people to watch Xiao Bailian’s excitement.

“He’s going, and of course I’m going too. This little white face embarrass the man, I want to see what he can take.” The man said.

After the whole day of shooting, George Han and Amelia Su returned to the hotel, very tired. Amelia Su didn’t want to move after lying in bed. George Han could only order a meal to be delivered to the room.

“Unexpectedly, taking wedding photos is actually a hard work. Why didn’t I feel it before.” Amelia Su slumped on the bed in a big font, unwilling to move her fingers.

George Han is in good condition, although he is a little tired. But it will not be exhausted into Amelia Su.

“Three years ago, you probably wanted to kill me.” George Han said.

There is no grievance between Amelia Su and George Han, so when it comes to this matter, there is nothing to evade, and she bluntly said: “I didn’t even know your name at the time, and suddenly broke into my life. How can I accept it? .”

George Han nodded in understanding, and he couldn’t accept this kind of thing instead of him, which is why he would let Amelia Su everywhere.

“By the way, why does Grandpa insist that I marry you. Do you know Grandpa?” Amelia Su asked curiously.

The relationship between George Han and the Su family father is not deep. In George Han’s opinion, the original enthusiasm is actually a coincidence. He said: “I only met him after I arrived in Basin City. He took the initiative to mention it. Arrived.”

Amelia Su no longer asks more, because the next question may involve something that George Han does not want to say. Amelia Su will not force George Han to tell her. She knows that when the time is right, she will naturally know what she wants. Know things.

“I’m tired, let’s rest for a while.” Amelia Su said.

“Let’s rest, I’ll go out.” George Han said.

After leaving the hotel, George Han went to the auction company. Since he wanted to participate in the auction, he had to understand first, and this kind of auction should require admission tickets, which must be prepared in advance.

Although the necklace called Eternity has never been seen, the name he said is worth buying, it is definitely not a joke.

Chapter 280

Hangyang Auction Company has a huge influence in China. It can be said to be the largest auction company. It has branches and auction houses in many big cities. The annual sales volume is as high as 10 billion. There are even many cultural relics and antiques from Hangyang. The auction company has an extraordinary position in the auction world, and not only that, but also has a significant international influence. Legend has it that the owner of the Hangyang Auction Company once bought a small country because of his amazing financial resources. Of course, such rumors have not been confirmed.

“I’m looking for the person in charge of your company.” George Han said to the security guard standing at the door of the company.

The company’s security guards have been strictly trained and treat everyone with courtesy. There is never a situation where a dog’s eyes are low, because the purpose of the Hangyang Auction Company is that everyone is a potential customer and cannot be offended. The richer, the more low-key, they are unwilling to take the risk to offend any rich person.

“Sir, do you have an appointment?” the security guard asked George Han.

“No.” George Han said.

“If there is no appointment. I am afraid it will be difficult to see the person in charge, but I can inform you.” The security said.

George Han was a little surprised about the security’s attitude. He opened his mouth to see the person in charge. The security was very polite to him. The background of big companies is really different. They train ordinary employees very strictly, unlike some small companies that think they are superior.

“Thank you.” George Han also responded politely.

Not long after the security had left, a middle-aged man followed him back.

“Hello, I am the person in charge of the Keyandao branch, Liu Zhang, may I have anything to do with you?” Liu Zhang asked.

“I am very interested in your eternal necklace here, but I have never participated in an auction, so I don’t know the process. I probably need to verify the assets, right?” George Han asked.

“Sir, please come with me.” Liu Zhang said with a smile. Those who dare to be interested in eternity must have good strength. Such distinguished guests will naturally be brought to the VIP room to receive.

When he arrived at the VIP room, Liu Zhang explained to George Han: “As for asset verification, it can actually be done on-site, but since you are here in person, I can tell you about the rules of the auction.”

“You speak.” George Han said.

“The seats of the auction venue are divided into five areas. Among them, the top VIP seats must have assets of over 1 billion, and...”

Liu Zhanghua hasn’t spoken yet. George Han interrupted him, took out a bank card and said: “I should be eligible to sit in the top VIP position.”

After Liu Zhang took the bank card, he handed it to the beautiful assistant beside him, and said with a smile: “Sir, if you are interested in the Eternal Necklace, after verification, I can take you to see it in advance. You have a chance to estimate. This is a privilege only available to top VIPs.”

“No, I like the word eternity very much. As for what things are like, I don’t care.” George Han said.

Liu Zhang has met all kinds of rich people, and people of all kinds of personalities have come into contact with him, but he has never heard of George Han's statement. With just two words, he is willing to spend a lot of money? This had to make Liu Zhang think he was joking.

The assistant quickly returned to the VIP room, and he was obviously more cautious about George Han's attitude.

"Eleven digits." The assistant said to Liu Zhang.

Hearing these four words, Liu Zhang's eyes widened. This is an overweight VIP. I didn't expect such a rich person to come to him!

"Sir, I apologize to you for my rudeness just now." Liu Zhang did not show disdain, but thought that George Han was joking. But even so, he still apologized to George Han. This was Hangyang's attitude towards distinguished guests.

George Han smiled, took the bank card, and said, "Your company is the most unassuming I have ever seen. Otherwise, the security would have chased me away. You can see the company of the person in charge in one sentence. many."

Liu Zhang was embarrassed. He thought that the company's regulations would be very troublesome. But now it seems that the boss has set up such a system. It is not unreasonable. A distinguished customer like this one offends one, and the loss is unimaginable.

"Our company is committed to serving every customer well. This is what we should do. If you have any other needs, you can ask them now and I will try my best to satisfy them." Liu Zhang said.

"No, I have already got the top VIP position. What's not satisfied?" George Han smiled.

“It should be, it should be.” Liu Zhang said again and again. He still admires people like George Han who are rich and without the slightest arrogance, unlike some upstarts. There is not much money, but he still looks like he is dragged to the sky.

“I go first.”

Liu Zhang and his assistants took George Han to the door of the company and watched George Han leave.

“Mr. Liu, this young man walks on the street, and he doesn’t seem to be a rich man at all.” The assistant said to Liu Zhang.

“The richer the person, the more low-key, but he is too rich, and so young, I don’t know which family’s young master.” Liu Zhang said.

The assistant sighed and said, “It’s a pity, look at him. There should already be a woman I like.”

Liu Zhang looked at the assistant and said with a smile: “It’s not that I look down on you. It’s not bad that you can find a man with ten million assets. Don’t even think about it like this kind of person.”

At this time, the company came again with a man and a woman. They were the couple who met with George Han at the wedding attraction.

“I want to see your person in charge.” Ma Yan said to Liu Zhang with an air of arrogance.

Liu Zhang was taken aback, and said, “I am, what do you want to do with me?”

“I am going to participate in the auction in a few days. You can arrange a better position for me.” Ma Yan said.

There is a low-key George Han before. After Zhang Yang Ma Yan, the sharp contrast between the two made Liu Zhang somewhat helpless.

At first glance, people like Ma Yan are half-filled, with little money, but still look arrogant and domineering.

“No problem, but first verify your assets.” Liu Zhang said.

“There are more than 20 million in this card. If you don’t believe it, just use it for verification.” Ma Yan said.

More than 20 million is an astronomical figure for ordinary people, but for people like Liu Zhang who deal with rich people all day, it is really nothing.

And more than 20 million is just an entry point, and the seats that can be obtained are also the lowest.

“You don’t need to verify, you can sit in the fifth area.” Liu Zhang said.

“No. 5 area? Is it high-level?” Ma Yan asked.

“People with assets under 50 million can only be in District 5.” Liu Zhang explained.

“Isn’t this the lowest position?” Ma Yan said dissatisfied.

“I’m really sorry, the company’s rules are like this.” Liu Zhang said apologetically.

Ma Yan didn’t come today to take the lowest level position, he had to sit in a place where the cards were supported. He participated in the auction to watch George Han’s jokes, so how could he not show his superiority in his position?

“You help me arrange a better position, and I will give you some benefits, how about it?” Ma Yan said.

“If you want to sit in Area 4, it’s not impossible. But you must ensure that you get a lot, regardless of the value of the lot.” Liu Zhang said.

District 5 is actually a lively place for people to watch. Most people will not bid. The existence of these people is meant to disclose the situation of the auction site to the outside world. Because the real rich and liveable people will not promote these things. In order to reveal the inside story of the auction and increase the company’s influence, there must be such people who join in the fun. Therefore, the only way Ma Yan can improve his seat level is to bid.

Of course, this kind of rule is set for people with insufficient assets like Ma Yan, and those who are rich, regardless of whether they bid or not, they have the potential power to sit at a higher level.

This sentence made Ma Yan hesitate because there is no upper limit for auctions. Even if you choose unpopular lots, you may not be able to win at a low price. This is a big risk.

“Why are you still hesitating, don’t you have to fight for this little face?” Pan Yunyun looked at Ma Yan dissatisfiedly. She had lost once in the wedding dress before, and she didn’t want to lose again at the auction.

“Okay, I agree, isn’t it just buying something, can’t I still afford it?” Ma Yan immediately agreed when Pan Yunyun was dissatisfied.
