

Chapter 281

Liu Zhang feels helpless for this kind of face-saving person. With a net worth of 20 million, he has to buy a lot at auction, which is enough to make him bleed. What is the use of such meaningless face earning?

“If you are sure, you have to pay a deposit of one million first. If you do not successfully bid. The deposit will not be refunded.” Liu Zhang reminded.

“Where is so much nonsense, do you despise me?” Ma Yan said dissatisfied.

Liu Zhang shook his head and said, “In this case, please come with me.”

At this moment, even the assistant couldn't help shaking his head secretly. If George Han didn't show up, she would at best see it as a joke, but after the comparison. The gap in this is ridiculous.

A person with a net worth of tens of billions is low-key and cultivated, but this person with a net worth of 20 million is still arrogant.

When George Han returned to the hotel, Amelia Su was already asleep. The snoring was thunderous, and it seemed to be really exhausted.

This is the hidden side of the goddess. Who would have thought that a beautiful woman like Amelia Su would still snorting while sleeping?

In another room, Yang Chen and the proprietress were lying on the bed to rest after being warm. This is the relationship between the two of them. They ask for each other, and they will not be involved after each is satisfied.

“Yang Chen, tell me what happened to Amelia Su.” The lady boss asked curiously.

“The Su family is a second-tier family in Basin City. In the past, Amelia Su was not reusable by the family, but recently I don’t know what happened to the Su family. She became the chairman of the board. A group of people targeted, and now the entire company has been hollowed out.” Yang Chen said, what he knew was only some leather things, as for the internal situation of the Su family, he, an outsider, didn’t know much.

“Where is George Han?” The lady boss continued to ask.

“He entered Zuo Su’s house three years ago, and the entire Basin City was laughing at him, saying he was a waste of money. As for who he is, I don’t know.” Yang Chen said.

“This kind of man is too thick-skinned. When Xiao Bailian is a shame in the city, he still has the face to stay in Su’s house.” The lady boss sat up, her graceful figure was visible, but in front of this old friend, she was a little bit shy, after all, she is an experienced woman, and she can never be as shy as a little girl.

“It’s really confusing, but a recent incident has made many people admire him.” Yang Chen said. He didn’t tell the lady boss about the square before. In fact, he wanted the lady boss to make things difficult for George Han. See if you can see George Han’s ability, but now that there is an auction, he feels it is necessary to remind the proprietress to prevent her from overdoing it. After all, he will come to Bedrock Island in the future and the proprietress will be there. At least there is a chance for tenderness.

“What’s the matter?” the lady boss asked extremely curiously.

“There is a man named Jiang Fu in Basin City who is very rich, and he united with a group of people of the same identity to deal with George Han, and asked George Han to kneel down in the most crowded square and apologize to him. Basin City was very dynamic. Tens of thousands of people gathered in and outside the square to watch the excitement. Guess what happened in the end?” Yang Chen deliberately sold off.

The lady boss sat close to her side, deliberately showing off her shyness, and said: “You big villain, you are still betraying me. If you have anything to say quickly, otherwise, you don’t want to get out of bed tomorrow.”

Yang Chen smiled and put his arms around the small waist of the boss’s wife, and said: “The big guys all knelt down in front of George Han. The people in the square were all dumbfounded.”

“Kneel to him?” The lady boss said with a look of astonishment, “How can those rich people kneel down for a little white face?”

“This is a weird place, someone in Basin City now says. In fact, George Han is not a little white face. He has been in Su’s house for so many years, but he has only hidden his identity. As for whether it is true or not, there is no definite news about this. “Yang Chen said.

The boss’s expression was serious, and she felt strange when she saw George Han wearing a suit. That kind of aura could never be something that a wasteful person could have. This must have a certain identity. A gas field that can only be achieved after years of edification.

Could it be that he is really a powerful character who conceals his identity.

But for such a powerful person, why should he join Zuosu’s house? Can the family behind him agree to such a shameful thing?

“This is interesting. I don’t know if he can surprise me at the auction the day after tomorrow. If he can buy the Eternal Necklace, it would be interesting.” The boss said with a look of expectation.

“The assets of the Su family. The funds that can be used are definitely not more than 500 million. If he can really buy the Eternal Necklace, the money must have

nothing to do with the Su family.” Yang Chen was also curious as to whether George Han could do this. Things.

“If I have a dewy joy with this kind of person, do I have to work hard to open a bridal shop?” The proprietress laughed.

Yang Chen did not treat her as his own woman. Yang Chen never cared about all her private life. However, Yang Chen had to remind her of this matter and said: “I advise you to dispel this idea, lest you be snubbed.”

“Isn’t the old lady, I’m not attractive enough?” The boss lady stood up and put on a seductive pose deliberately.

“If he is really a big man and he is willing to stay in the Su family and suffer humiliation, besides Amelia Su, is there anything in the Su family worth his attempt?” Yang Chen said with a smile.

“This is still a kind of love?” Upon hearing this, the lady boss was immediately discouraged, although she was confident of her appearance and figure. But compared with Amelia Su, it is still a big difference. If George Han is not the kind of person who likes to find pleasure in flowers, she would not have the slightest chance.

“I don’t know if it’s love. But I’m a beast now, do you want to see it?” Yang Chen pulled the proprietress into his arms, and the room was filled with rippling ambiguity again.

Amelia Su didn’t wake up until nearly ten o’clock in the evening, opened her eyes in a daze and said that she was hungry. George Han quickly called for room service.

“How long have I slept and when has this been?” Amelia Su asked George Han, rubbing her eyes.

“It’s not too late, it’s not dawn yet.” George Han said with a smile.

Hearing George Han teasing herself, Amelia Su said apologetically: “I’m sorry. I was going to accompany you out for shopping.”

“There is still a lot of time to go shopping after the wedding dress, so don’t worry.” George Han said.

Amelia Su was very worried about the company’s situation, so her plan was to return to Basin City after the filming, but hearing what George Han said, she seemed to have to stay on Bedrock Island to play, which made her feel very uneasy.

“Can I make a call back to Basin City?” Amelia Su said.

“Didn’t we say that we have left Basin City for the time being?” George Han said. He can meet Amelia Su’s other requirements, but this is not good, because he took his wedding photo on Jiyan Island as a supplement. Honeymoon, since it is the honeymoon period, how can it be disturbed by other things.

“Okay.” Amelia Su said no longer, drooping her head.

“Don’t worry, things in Basin City are going very smoothly. When you go back, you will be able to see a brand new company, and it will definitely develop very well.” George Han said, although he did not know about Basin City. The situation, but with Zhong Liang and Qin Lin there, there is no need to worry.

After the waiter brought them to eat, Amelia Su and George Han had dinner together and then took a rest.

The next day, the wedding shooting was carried out according to the original plan. Tomorrow was the auction, so one day would be delayed. In order to be able to return to Basin City as soon as possible, Amelia Su asked Yang Chen to speed up the wedding shooting. The next day’s shooting was undoubtedly Even more tiring,

Amelia Su was completely exhausted when she returned to the hotel, and George Han returned with her on her back.

George Han saw through Amelia Su's thoughts and didn't say anything, and let her go.

On the day of the auction, George Han was present in formal wear, and Amelia Su also changed into a foreign dress, and the two men with talents and women became a beautiful moving landscape.

At the entrance of the filming venue, Ma Yan and Pan Yunyun arrived very early on purpose, but did not enter the venue. They paid a deposit of 1 million to get the position in Area 4. If they cannot enter the venue with George Han, then It's a big loss, so I have to show off in front of George Han.

Chapter 282

“Here is the soft meal.” Not long after waiting, Pan Yunyun saw George Han and Amelia Su, and whispered to Ma Yan.

Ma Yan adjusted his neckline proudly. When he saw Amelia Su, he fell into envy and hatred for George Han again because of Amelia Su’s beauty. Why is this little white face able to hook up with big beauties, and he is rich? How gold, but found a plain-looking wife?

In front of Amelia Su. Pan Yunyun was too embarrassed to look up, because she not only lost her appearance to Amelia Su, but also her status and status. When the boss learned that Amelia Su turned out to be the chairman of the company, Pan Yunyun was gone and Amelia Su was eager to win. Her heart, but there is another thing she can compare with Amelia Su, that is her husband.

Although Ma Yan is not a top rich man, he is compared with George Han who eats soft rice. It is more than enough.

“It’s a coincidence, I didn’t expect you to also participate in the auction.” Ma Yan said to George Han with a smile.

“It’s so coincidental that you deliberately waited for me here. It’s really a coincidence. Didn’t you let you wait too long?” George Han said with a smile.

Ma Yan’s eyes were cold. Seeing through this matter made him somewhat embarrassed.

“I didn’t talk to you, you guys who eat soft rice shame us men, who would be willing to talk to you.” Ma Yan said coldly.

“Why do I hear an enviable sour taste? You don’t want to be like me and eat soft rice like Xiao Bailian?” George Han said.

Ma Yan showed a mocking expression. This guy is actually proud of the shame of eating soft rice. He is really invincible.

“I have a net worth of tens of millions, do I still need to eat soft rice? You don’t think that all men in the world are like you, it’s a joke.” Ma Yan laughed.

George Han shrugged helplessly and said, “The auction is about to begin. You have to keep blowing at the door. I have no objection, but please get out of the way and don’t block my way.”

Ma Yan smiled triumphantly and said: “You should also enter the venue, otherwise, the location of the 5th area will be occupied, but I am not worried that the location of the 4th area is not something ordinary people can do.”

George Han finally knew why he would deliberately wait at the door. It turns out that there is this kind of careful thinking, but Ma Yan’s behavior is really incomprehensible to George Han. Does he have no brains? Compared with a person who can buy more than two million wedding dresses, he is richer than the seat?

“That’s right.” George Han gave Ma Yan a thumbs up.

Ma Yan was even more proud of being recognized by George Han. He never thought about where George Han would sit. He regarded George Han as a white face, but he never thought about Amelia Su’s identity, even George Han. If you don’t compare his wealth to him, even Amelia Su, Ma Yan can’t compare, he is completely dazzled by Pan Yunyun’s desire to show off revenge.

After the four of them entered the arena together, George Han saw Yang Chen and the boss’s wife in Area 5, and Yang Chen was still waving at him.

Upon seeing this, Ma Yan felt a stronger sense of superiority in his heart, and reminded George Han: “Your friend is calling you, you are not going.”

At this time, a staff member in a white shirt walked up to George Han.

“Mr. Han, please here.” The staff said respectfully.

George Han nodded. Go with the staff.

“How can there be such a boring person?” Amelia Su said helplessly and puzzledly, holding George Han’s hand.

George Han smiled faintly. Although this kind of thing seems idiot, he has also seen more idiot things, especially those rich second generations who have been raised by the family since childhood. Their behavior is even more ridiculous. What they do , Like a three-year-old child who has not grown up.

“Ma Yan doesn’t know how much money it took to sit in the No. 4 area. He will definitely feel at a loss if he doesn’t show off in front of us.” George Han explained with a smile.

At this time, Amelia Su still didn’t know where she was going, and said, “Is there any difference where you sit? It’s really strange.”

“Of course it’s different, you remember the look in these people’s eyes now.” George Han said.

Eyes?

Many people who looked at them had doubts in their eyes, and some men also showed obvious coloring, but from Amelia Su’s point of view. It’s not surprising. The doubt is because they don’t know each other. As for s*x, Amelia Su has long been used to it. After all, she is known as the number one beauty in Basin City.

“Where are we going?” Amelia Su asked.

“You will know soon.”

Pan Yunyun, who looked at the backs of George Han and Amelia Su, couldn't help but ask: “Where are they going?”

Ma Yan frowned. He also wanted to know about this issue. No one from the VIPs in District 4 came to greet them, but someone greeted George Han and Amelia Su, indicating that the area they were sitting in was more advanced than in District 4!

“This little white face is really f*cking good luck, I'm a million dollars,” Ma Yan said through gritted teeth.

The eyes of Yang Chen and the proprietress who had already been seated in Area 5 followed George Han. They knew that these two people would not be seated in Area 5, and their position became a curious thing.

“Guess where they can sit?” the lady boss asked Yang Chen.

“If he really wants to photograph the eternal necklace, it shouldn't be a problem to sit in the top VIP.” Yang Chen took a deep breath and said.

If it is based on this inference, they can indeed sit in the top VIP seats, but the boss's wife has always been skeptical about George Han's taking the Eternal Necklace. After all, Yang Chen has already told her about Amelia Su Company. the value of. George Han wanted to use the woman's money to save himself, more than two million yuan, but hundreds of millions would not be something Amelia Su could bear.

“Who are these two people, I haven't seen them before, and they are actually capable of sitting in the top VIP position.”

“If you don't have a net worth of more than one billion yuan, you are not qualified to sit there. Is this young man still a top rich second-generation?”

“Being able to be so valued by the auctioneer, it seems that he intends to spend a huge amount of money to make a smile. Today’s finale is interesting. I heard that Lu Xun is also very interested in the eternal necklace.”

Lu Xun is a well-known rich second-generation in Bedrock Island. He is the richest person on this island. His family’s property on Bedrock Island occupies almost 30% of the entire Bedrock Island. His financial resources are amazing. He had spoken very early to take down the necklace of eternity, which was a reminder for others. Don’t fight with him Lu Xun.

“He...he actually sat in the position of the top VIP.” Ma Yan was so angry that his eyes were green when he saw George Han seated. The area 4, which took a million to complete, became extremely ridiculous in front of the top VIP. . The money has not been reaped yet, only God can understand how uncomfortable Ma Yan is.

“This woman, has the money reached this point?” Pan Yunyun said dissatisfied, and she just sat down on the one-billion-dollar gate. The status gap is not what she can imagine.

Ma Yan’s eyes focused more on George Han, because he knew that he was no better than Amelia Su, so he could only find psychological comfort in George Han’s little white face who was eating soft rice.

“This kind of man is just lucky, he was blinded by God.” Ma Yan said bitterly.

the other side. The expressions of the lady boss and Yang Chen were different, because Yang Chen had expected this result, but the last trace of luck the lady boss held was completely wiped out.

“It seems that your guess is about to win the prize. Amelia Su, the chairman, is the master.” The proprietress sighed.

“Is it the Lord? I’ll know when the auction starts.” Yang Chen said. Even so, he couldn’t be sure that his guess was correct, because sitting in that position would not cost money, unless George was able to photograph the eternal necklace.

After taking her seat, Amelia Su was a little puzzled, because there were many people in other areas, but here, only the two of them were there.

“Why is there no one else sitting here?” Amelia Su asked.

“Look at the eyes of those people now.” George Han answered the question.

Although Amelia Su didn’t understand what George Han meant, she still read it according to George Han’s words, which made her discover the doubts before and became shocked. At this time, some men’s sexual intentions also converged. , And the expression still has some fear.

“They...what’s wrong with them?” Amelia Su asked strangely.

Chapter 283

“This is the position of the top VIP. You must have a net worth of more than one billion to sit here. They will naturally be surprised if they haven’t seen us.” George Han explained with a smile.

Only a billionaire is qualified to sit here!

Amelia Su’s eyes became the same as other people, because her net worth was obviously not up to the standard, which meant that she could sit here, not because of her relationship. But George Han.

One billion, even for the Su family, is an unattainable number, but he...

Amelia Su took a deep breath to calm her emotions.

“Actually, I am very rich.” George Han said with a smile.

Amelia Su nodded. After George Han bought the Mountainside Villa, she guessed that George Han was rich, but she didn’t expect to have money to this point.

After the auction officially started, many lots have caused fierce bidding. However, George Han was not interested in these things. Since they came for the Eternal Necklace, he wouldn’t make the necklace if he did not appear on the stage.

At this time Ma Yan was very hard pressed. After paying a deposit of one million, he naturally didn’t want to lose one million abruptly. If he could get a lot, at least he wouldn’t lose too much, but for now, no lot is worth less than three. Millions, this gave Ma Yan no chance to shoot, but Ma Yan was anxious.

Although the lot has a certain value, the value is higher for those who like to collect such things. If Ma Yan, who only likes the flashy surface, buys these things, what is the difference from garbage, even if they are sold exclusively , That is also

a loss, after all, the moisture content of the auction is inherently high, no matter how it is considered to be a big loss.

Ma Yan had already regretted that his intestines were green, and he hated George Han even more. If it were not for George Han, he would not have to spend a million to fight for this face.

“Husband, are we going to lose one million abruptly?” Pan Yunyun said annoyedly, this million. How many bags and cosmetics are needed.

“What else? Do you see if there are cheap things for us to buy?” Ma Yan gritted his teeth and said, he also blamed Pan Yunyun in his heart. If Pan Yunyun hadn’t stimulated him the day before yesterday, how could he have paid a million? What about the margin.

“Inexpensive? There is nothing cheap in this auction. If you want to pick up the leak, you have gone to the wrong place.” When someone heard Ma Yan’s words, he said with disdain.

Ma Yan glanced at the man, the fat head and big ears wore gold and silver, and he was surrounded by a social man who looked like a little brother with a dragon and a tiger. He didn’t dare to provoke him. He could only treat this kind of ridicule as nothing. Hear.

Pieces of lots fell into the hands of the buyers. After a short period of time, the main event was finally about to appear. At this time, a young man arrived late. Seeing his age is in the range of twenty-five and sixty, he was accompanied by a An unusually s*xy woman.

“Lu Xun is here.”

“It looks like he has changed his female partner again. He changes his female partner more diligently than we change clothes.”

“Keyan Island now doesn’t know how many women are waiting in line for him. Can you not be diligent?”

Between these words, there is more or less envy, because Lu Xun’s life is what almost all men yearn for, there is no shortage of money, and there is no shortage of women around him.

“Lu Xun, are you planning to buy anything today?” The s*xy woman next to Lu Xun asked Lu Xun. She didn’t know about this trip before. She mistakenly thought it was Lu Xun’s surprise for her, and she was a little excited.

“Don’t you know that you are going to auction an eternal necklace today?” Lu Xun said.

The s*xy woman was so surprised that she couldn’t speak. As early as half a month ago, the auctioneer started to hype the topic of eternal necklaces. Now everyone in Bedrock Island knows about this, and it can be seen from the photos from the auction company. , The Eternal Necklace is very beautiful and is what all women want.

“You... such an expensive gift. Are you going to give it to me?” The s*xy woman stammered with excitement.

Lu Xun sneered disdainfully, and said: “Given it to you, you don’t weigh your own identity, it was bought for my future wife.”

The s*xy woman heard this. The expression became extremely embarrassing in an instant, but she also knew that it was enough to have a relationship with Lu Xun and get some money and vanity satisfaction. How could she dare to hope to marry into the Lu family.

“I don’t know what kind of woman can marry you. She is so happy.” When the s*xy woman said this, she took Lu Xun’s hand, even if she knew that Lu Xun would not feel true to her. She still stayed with Lu Xun willingly.

“That is natural, my woman must be the happiest in the world.” Lu Xun said triumphantly.

When the staff led the two to the top VIP position, Lu Xun did not expect that there were already two people sitting here, and they were still strange faces.

George Han directly chose to ignore him, focusing on Amelia Su. In terms of temperament and appearance, Amelia Su was better than the woman next to him. This made Lu Xun smile.

As long as on Bedrock Island, there is no woman he wants but cannot get, even if the other party already has a boyfriend, or even a husband.

Lu Xun shook off the s*xy beauty’s hand and walked to Amelia Su. He said with a gentleman’s smile: “Beauty, I haven’t seen you before. Did you go to Bedrock Island for vacation?”

Amelia Su noticed that Lu Xun’s eyes remained on her chest. The first thing she felt was very bad for him, and she said coldly: “I already have a husband.”

When Lu Xun heard this, he glanced at George Han reluctantly, and continued: “It doesn’t matter, I don’t care about the woman Lu Xun wants to get, even if I have a son. After all, I am not in love with you.”

This attitude of treating women as playthings makes Amelia Su very angry. What she hates most is a playboy like Lu Xun.

“I’m not interested.” Amelia Su said with disdain.

“Dude. I’m very interested in your wife. Let’s make a price. Although you can sit here, Bedrock Island is my place. Doing right with me will not end well.” Lu Xun said frankly. There are a lot of bad behaviors on Bedrock Island, and this is not the first time that this has happened, as long as Lu Xun takes it on the street. Even if the other party is still holding the baby in his arms, he also expresses his attitude in this way, which can be described as arrogant and lawless.

George Han looked at Lu Xun with a frosty expression as if he was watching a dead person, and said, “If you don’t want to die. Apologize to my wife.”

“Apologize?” Lu Xun seemed to have heard an international joke. On Bedrock Island, someone dared to make him apologize. He digs his ears and pretends that he hasn’t heard clearly. I didn’t catch it.”

“Apologize if you don’t want to die. Is it difficult to understand this sentence?” George Han continued.

Lu Xun’s expression suddenly became gloomy, and he said, “There is a kind of, who dare to talk to me Lu Xun like this, you are the first one, I took note, I hope you can leave Bedrock Island safely.”

The lady boss in District 5 saw this scene. Although she couldn’t hear the conversation between them, she was familiar with Lu Xun’s character and working style. Now George Han and him might have been in conflict with him because of Amelia Su.

“After the auction is over, you should let them leave Bedrock Island as soon as possible. Lu Xun is here, and his status is equal to that of the earth emperor. No one can afford it.” The proprietress reminded Yang Chen.

Yang Chen is familiar with Bedrock Island, so he also knows what kind of person Lu Xun is. In a sense, offending Lu Xun is equivalent to offending King Yan.

“I know, wait until the auction ends.” Yang Chen said.

The last piece of the lot, the Eternal Necklace was finally unveiled. The whole necklace is shining and inlaid with countless diamonds. The pendant is made of a pink diamond the size of a pigeon egg. Although the people present have seen the picture a long time ago, it is a real thing Even more shocking.

“I believe you have been looking forward to it for a long time, so I won’t say much. The reserve price of the Eternal Necklace is 30 million. You can start bidding.” As the auctioneer’s voice fell, sporadic bids began to sound, but they didn’t. Many, after all, the reserve price of 30 million is just to test the waters, and most of the people who bid on the spot are also setting off the atmosphere.

VIP seats with purchasing power have become the focus of attention.

Chapter 284

There are two pairs of four VIP seats. In other words, the most competitive one is between George Han and Lu Xun. However, most people have a deeper understanding of Lu Xun and a better understanding of Lu Xun's background. It seems that Lu Xun is 99% likely to bid for the Eternal Necklace.

“80 million.” At this time, Lu Xun lived up to the expected price, and directly increased the price to 80 million.

There was thunderous applause, affirming Lu Xun's bid.

“Sure enough, it's Master Lu, he's really generous.”

“It seems that no one can compete with Master Lu for this eternal necklace today.”

“I don't know what kind of woman, it is really enviable that Master Lu can wear this necklace for her personally.”

Those people in the shopping malls who were there, caught the opportunity to flatter Lu Xun, and couldn't wait to speak. If they want to make a good impression on Lu Xun, if they can have some business dealings with Lu Xun because of this, they would be considered a worthwhile trip.

Lu Xun glanced at George Han triumphantly, and said, “Sitting in this position. You have to show your own strength. It's up to you to bid, 80 million yuan. You won't be afraid?”

Amelia Su secretly pulled George Han's hand. In her opinion, only a madman would buy 80 million necklaces. She didn't want George Han to spend so much money.

“One hundred million.” George Han smiled and asked for the price, and then said to Amelia Su: “Our wedding does not even have a wedding ring. This necklace is barely worthy of you. Don’t stop me.”

Amelia Su looked at George Han with blurred eyes. At the wedding that year, there was no ring exchange ceremony, because they did not prepare for this. At that time, Amelia Su had no real intention to marry George Han. It was indeed a pity that the genius was driven off the shelves by ducks, but it seemed to Amelia Su that it was completely unnecessary to spend so much money to make up for this regret.

But the strong attitude shown by George Han made Amelia Su dare not stop it easily.

Lu Xun smiled faintly. Said: “Given to my own woman, as long as she is happy, even a pile of rubbish is priceless. I am a person who lacks everything, but I don’t lack money.”

After talking to George Han, Lu Xun bid again: “120 million.”

Immediately, Lu Xun looked at George Han provocatively, and said, “My buddy, do you dare to continue to increase it? I have never put money in my eyes.”

Lu Xun didn’t care about money. How did George Han care about this kind of thing? Moyang asked for 200 million, and George Han gave it without hesitation, because in George Han’s world, money is just a dispensable accessory. Product only.

“Two hundred million.” George Han said to the auctioneer.

The auctioneer’s face was already full of smiles. This auction is destined to make big news, and his reputation in the auction world can also increase with the tide.

“200 million, George Han bid 200 million, who else wants to continue to increase the price?” said the auctioneer.

In just two encounters, the price has risen to 200 million. Those who watched the excitement became nervous, and there were some people who were short of breath.

“Where is this sacred, 200 million is so easy to call out, is his net worth even more powerful than Lu Xun?”

“This is against Lu Xun, he is not afraid of leaving here without his life.”

“Not necessarily. Although Lu Xun is great on Bedrock Island, if this person’s background is not simple, Lu Xun would not dare to come unscrupulously. This good show was really lively. Fortunately, I came today, otherwise I missed the annual show.”

In Area 5, the boss’s wife tightly grasped Yang Chen’s hand, and her previous disdain for George Han turned all into worry at this moment. The 200 million bid is definitely not something Amelia Su can afford. This already clearly shows that George Han is not the little white face she imagined.

“Yang Chen, find a time, you help me invite him to dinner, I want to apologize to him face to face.” The boss said.

Yang Chen looked solemn. George Han indeed showed a unique financial strength. This matter let the people in Basin City know that he might completely get rid of his useless image.

But his current opponent is Lu Xun. If Lu Xun is embarrassed in the public, it will be a very dangerous thing for him and Amelia Su.

Lu Xun’s Juxian must be reported, and it is absolutely impossible to let George Han go.

“I hope he won’t fight with Lu Xun. I took this necklace. Even his life will be lost.” Yang Chen said.

On the other side, the dumbfounded Ma Yan and Pan Yunyun were already speechless. At the price of 200 million, Ma Yanhun was almost frightened.

“Is he really a little white face who eats soft rice?” Pan Yunyun said suspiciously, just a little white face, how could it be possible to spend so much money on bidding for necklaces, and Amelia Su’s obedient appearance, the priority is already obvious. She made it clear that she was listening to George Han.

Ma Yan gritted his teeth, he was only willing to admit George Han’s little white face, because this was his arrogant confidence in front of George Han, and said so much disdain to George Han, if he admits that George Han is great, Isn’t it hitting yourself in the face?

“Even if he can photograph the necklace, what if you don’t hear what these people are talking about, this man named Lu Xun, but the richest man in Bedrock Island, if this stupid George Han offends him, can A good end?” Ma Yan said.

Pan Yunyun nodded. As the saying goes, Jianglong can’t fight the earth-headed snake. Even if George Han is really a river-crossing dragon, he can only bow his head in front of Lu Xun, the earth-headed snake.

“Look at how much he is going to die, let’s wait for a good show.” Ma Yan continued. He now wants to see George Han die on Bedrock Island. Only in this way can he find comfort in his heart.

The price of 200 million yuan completely exceeded Lu Xun’s budget. Although he pretended not to care about money when provoking George Han before, he was a businessman after all and had no interest. Just spending so much for the face problem, even if he can bear the breath, the father and grandfather in the family

can't accept it. Let the two old people know about this. He would definitely scold him bloody.

But the face has already been lost, how can Lu Xun make himself ashamed in the public?

“My buddy, you won't be making random bids. In the end, if there is no money to pay, the auctioneer will not let you go.” Lu Xun gritted his teeth and said to George Han.

George Han smiled at Lu Xun and said, “This is something the auctioneer cares about. What are you worried about, or are you afraid?”

“I, Lu Xun, will be afraid? The financial resources of labor and management are beyond your imagination.” Lu Xun, who is above his energy and blood, can't care about being blamed when he goes home. He didn't hesitate to choose the former for face and money.

“Two hundred fifty million.” Lu Xun bid again.

The money was in their hands, even if it was running water, the people watching the excitement were shocked and shocked.

“Three hundred million.” George Han asked the price calmly without hesitation.

“You...” Lu Xun's face was like pig liver, looking at George Han who was bidding again.

“Money is the thing I don't care about the most, but certain things have their specific value, do you want to try again?” George Han said to Lu Xun with a smile.

In these words, there were words in the words, as if they were deliberately beating Lu Xun.

Specific value, what is the specific value of this necklace? Lu Xun could not guess, but through these words, he could feel that if he bid the price again, I am afraid that the necklace of high price would fall into his hands.

Over 300 million yuan, a full ten times higher than the reserve price. Holding it in his hand is a hot potato. He will definitely be scolded when he goes home. Maybe his bank card will be frozen at home.

“I want to verify his assets to see if he is eligible for bidding.” Lu Xun said to the staff. It must be impossible to bid. Lu Xun must be cautious of his family’s elders, so he can only use other methods to force George Han to retreat. thousand.

George Han smiled faintly, and he was relieved. If Lu Xun continues to bid, his loss will continue. Although the money is meaningless to him, as long as Amelia Su is happy, it is too expensive, and Amelia Su is in the mood. It wouldn’t be too good, and George Han was afraid that she would be reluctant to bring such an expensive thing. If she just bought it at home, it would not reflect the value of the necklace.

Chapter 285

When Lu Xun was skeptical about this, other people on the scene began to whisper.

“This guy didn’t just play around with words.”

“It’s very possible that he doesn’t look like a rich man. How could he bid for a necklace for 300 million.”

“Interestingly, this young man is not stupid, thinking that this is a place where he can swear casually?”

“Damn, if he is really incapable, I will be ashamed of him.”

A group of people had the mentality of watching a good show, and Ma Yan and Pan Yunyun were even more happy in their hearts. If George Han is really bragging, they will feel happy. In front of so many people, the bragging and being exposed, he will have the opportunity to laugh at George Han.

But this kind of opportunity is destined not to fall into Ma Yan’s hands.

George Han’s assets have been verified before, and it was verified by the person in charge Liu Zhang. How could this be false?

“Liu Zhang, let Liu Zhang come out to see me.” Lu Xun shouted.

Liu Zhang came out from the backstage, he was the entire Bedrock Island. The only person who is not afraid of Lu Xun, because the big boss behind him is no worse than the Lu family. Otherwise, it is impossible for the branch to be based on Bedrock Island for so many years.

“Master Lu, I personally verified Mr. Han’s assets the day before yesterday. There will be absolutely no problem, please rest assured.” Liu Zhang said.

“Are you sure, I advise you to verify it again to avoid problems. Can you afford the consequences?” Lu Xun threatened.

Liu Zhang smiled faintly and said: “Mr. Han’s strength is also recognized by my boss, and the boss is here today. If Master Lu is uneasy, you can go to the backstage to confirm with the boss.”

Hearing this, Liu Zhang was shocked. He didn’t expect that even the boss was with him today. His father, and even his grandfather had reminded him that he would do anything wrong on Bedrock Island, but never offend the auction company. People, even the Lu family dare not despise it because the boss behind the scenes.

Now that the boss was there, Lu Xun wanted to make trouble and had to give up.

“If Master Lu has no other questions, the auction can continue.” Liu Zhang said.

carry on?

How dare Lu Xun continue?

“You can do it right with me, Lu Xun, and I will make you regret it.” After saying this, Lu Xun left the scene angrily. This was the first time the Lu Family Master was so embarrassed. Everyone at the scene knew that he would definitely not let George Han go.

The Eternal Necklace fell into George Han’s hands without any accident. Of course, this was no accident for George Han, but for others, it was simply an accident.

From the moment Lu Xun debuted, everyone thought that this necklace was already in Lu Xun’s pocket. Who could have thought that the heaviest buyer was an unknown person?

“Mr. Han, our boss wants to see you. I don’t know if you have time.” After the auction was over, Liu Zhang walked to George Han and said.

“Alone?” George Han asked.

“Single.” Liu Zhang nodded.

George Han said, “Wait a minute.”

After bringing Amelia Su to Yang Chen and the proprietress, George Han said to Yang Chen: “You can take care of Amelia for me and take her back to the hotel.”

“George Han, Lu Xun is a must-see person, you should leave Bedrock Island as soon as possible, otherwise, he will definitely cause trouble for you.” The boss said to George Han impatiently.

Yang Chen also nodded, and said, “You may not know Lu Xun’s reputation on Bedrock Island. He is a very arrogant person. After he gets revenge with you, he will definitely find a way to deal with you.”

George Han smiled and said, “Don’t worry. I have a solution. If you are afraid of getting involved, you can leave first.”

Yang Chen frowned. He didn’t seem to worry about this at all. Could it be that he didn’t put Lu Xun in his eyes even on Bedrock Island?

What kind of status does this person have, and why is his low-key, but gives people a feeling of incomparable strength.

“Okay.” Yang Chen nodded and said, “I’ll take Amelia Su back to the hotel first. Be careful yourself.”

In the chairman's office, when Liu Zhang led George Han to the door, Liu Zhang took the initiative to help George Han open the door and said, "Mr. Han, the boss is waiting for you inside."

George Han nodded and walked straight in.

The office is very large, divided into an office area and a meeting area. At this time, a middle-aged man in a Chinese mountain suit is sitting on a sofa in the meeting area.

He is tall, with a clean head, and his white shirt bulges the muscles of his body. He is obviously a regular fitness person. This is different from ordinary big bosses.

Generally, after the rich live a comfortable life, they just focus on enjoyment. Few people can develop his figure.

"Brother Han, take the liberty to invite you, I hope you don't be offended. My name is Wenliang, and you can call me Brother Liang." Wenliang said.

"Wen Dong, are you looking for me, is there anything special?" George Han asked.

Wen Liang's complexion condensed slightly, but it converged very quickly and disappeared in a flash.

"You are a distinguished customer of our company, and I naturally want to guarantee your safety. After all, you offended, but from the Lu family on Bedrock Island." Wenliang said.

"Thank you Wen Dong for your kindness, but Lu Xun. I didn't take it seriously." George Han said.

George Han's strength, without the slightest flaw, Wen Liang was shocked, what was behind this young man that made him so unscrupulous on Bedrock Island, he

didn't know the Lu family's ability on Bedrock Island, but he was Are you too confident?

“Brother Han, you have a very good background. I believe that, but this is Bedrock Island after all. You are a foreigner, and there are many inconveniences in doing things. If it is useful to my Wenliang, just speak up.” Wenliang said .

“I am afraid I cannot afford such a big boss to help me.” George Han smiled.

Wenliang laughed. Although this kind of business talk is meaningless, it is a comforting remark after all.

“Brother Han, I'm very curious. I don't know if it will violate your taboo.” Wenliang said.

“I've heard of the name of Wendong Company in Hillwood City a long time ago.” George Han said.

Wen Liang raised his brows, and it seemed that he was still from Hillwood City.

Hillwood City's surname is Han!

Suddenly, Wenliang's pupils shook. There were many Hillwood City surnamed Han, but there was only one Han family who could take the stage, could it be...

But Han Jun was imprisoned in Qincheng, how could he belong to the Han family!

“Brother Han, the Han family of Hillwood City, although I haven't contacted them, I have heard a lot. But you...” Wen Liang deliberately stopped talking, trying to get the answer from George Han.

It was very difficult for George Han to solve Lu Xun's trouble with his own strength. After all, this is Bedrock Island, so when Liu Zhang came to him. George Han thought of a way.

Wenliang's influence on Bedrock Island can help him a lot. As for revealing the identity of the Han family, don't care about that. Wenliang's auction branch is located in many first-tier cities and can make such a friend. The benefits are numerous.

"Since you have been in contact with the Han family, you should know that the Han family has twins." George Han said.

Wen Liang's pupils widened, he knew about this, but Hillwood City rumored that the second son of the Han family died of illness when he was young. It's just that the Han family didn't specifically promote this matter.

Wen Liang couldn't help feeling a little complicated when he was standing in front of him at this moment who was thought to have been dead for many years.

If he is not dead, why would the Han family do this?

"You... are you the young master of the Han family who has died?" Wen Liang said with a trembling voice.

George Han nodded and said: "Everyone thinks I am dead, but in fact, I was only hidden by the Han family, because Nangong Qianqiu thinks I am not worthy of the Han family. In her eyes, only Han Jun is qualified to inherit. Han family."

Wen Liang took a deep breath and continued: "I heard that Nangong Qianqiu is dead. There has been a rumors about this matter in the upper class of Hillwood City, but so far there is no definite news."

“Hanged to death in front of me, she paid the price for looking down on me.”
George Han said calmly.

The cool breeze whizzed, Wen Liang couldn't help but shudder, Nangong Qianqiu died, Han Cheng also died, and Han Jun went to jail again. Then the Han family is now under his control!

Chapter 286

“Mr. Han, if you have any explanation, you can just ask.” Wenliang’s name for George Han changed from brother to husband. This is his respect.

Wenliang’s company has branches in all major first-tier cities in China, but in Hillwood City, he is still a certain distance from the real upper class, and the existence of the Han family is beyond his reach.

This is the first time for George Han to use the reputation of the Han family. After all, Mary was asked to help in Rongshi, but this time it was different. I was very awkward, but this time he would not be able to pretend to be a tiger. If he was alone on Bedrock Island, he could face the Lu family alone, but there was Amelia Su beside him, so he had to think of a more thoughtful one. Method.

“Lu Family, please help me beat, but don’t reveal my true identity. I don’t want too much trouble.” George Han said.

“Yes.” Wenliang said.

“For this matter, when I return to Hillwood City in the future, I will find a way to thank you.” George Han continued.

“Mr. Han. This is just a matter of effort, you don’t need to remember it.” Wenliang said.

George Han smiled. If he hadn’t asked for something, how could he take the initiative to help? This kind of businessman’s mind. George Han knows best, but Wenliang’s head office is in Hillwood City. He definitely hopes to be recognized by Hillwood City’s real upper class. There will be opportunities in the future to bring him into this circle. It’s not difficult, and this is George Han. Destined to do.

How is it called Chaoyue Han?

It's not just beyond financial strength, but also social status.

George Han will let Hillwood City people who think he is dead know how the young master of the Han family made a blockbuster and how to step on the foot of the Han family, who once looked down on him.

He had to let Han Jun know that it's not a real skill to speak smartly.

At this time, Lu Xun had already returned home, his face pale with anger. In the entire Bedrock Island, no one had ever dared to let him lose face. Who would not call Master Lu when he saw him, but today, an unknown guy made He was embarrassed and embarrassed. If this hatred is not reported, the two words Lu Xun will be a joke of Bedrock Island from now on.

“What's wrong with you, who can make you angry with Master Lu?” Lu Feng walked into the living room and saw that Lu Xun's expression was not very good, he laughed and teased.

“Grandpa, your grandson has lost his face today, and you are still in the mood to laugh.” Lu Xun said helplessly.

Heard this sentence. Lu Feng smiled even more happily. It was a strange thing to be able to see Lu Xun deflated. His fame on Bedrock Island still dared to provoke him.

“Of course you have to laugh. There are not many opportunities like this. Tell Grandpa what happened that could actually make you suffer.” Lu Feng asked curiously.

“Grandpa, I am going to the auction today, I am going to buy the eternal necklace, and give it to your future granddaughter-in-law. Who knows where I killed a wild boy, and he went against me. The bid reached 300 million, let me be in the auction. The boss is completely ashamed.” Lu Xun said.

“This little thing is worth your anger?” Lu Feng shook his head helplessly, and said: “You are not young anymore, so how come you can’t learn to stay calm, and he also suffered a big loss when he spent 300 million to buy a necklace, you I should be happy.”

Lu Xun doesn’t care how much the necklace is worth, he wants face.

“Grandpa, I’m ashamed, but the Lu family is ashamed. Now I don’t know how many people are waiting to see Lu’s jokes.” Lu Xun said.

“Don’t give the Lu family a hat. How can this kind of thing have something to do with the Lu family.” Lu Feng knew the reason why Lu Xun said this deliberately was that he wanted him to get revenge, but bidding for this kind of thing, the higher price , As it should be.

“It doesn’t matter. I am the future successor of the Lu family. I am embarrassed. Who will put me in the eyes in the future, and Liu Zhang obviously favored the wild boy today and used his boss to press me down. I think That guy Wenliang wants to crush our Lu family on Bedrock Island.” Lu Xun said.

Lu Feng frowned, Wen Liang also went to Bedrock Island? If he still showed up on this matter, the nature would be different.

Although Lu Feng warned Lu Xun not to provoke people from the auction company, it does not mean that Lu Fengsheng is afraid of Wenliang, and that the Lu family’s status on Bedrock Island cannot be violated by anyone. If Wenliang really favors others, this is Without giving the Lu family face, the meaning of things will become different.

“Wenliang is also on Bedrock Island?” Lu Feng asked.

“I heard what Liu Zhang said, it should be true. Grandpa, why are you afraid of Wenliang?” Lu Xun asked puzzled.

“Afraid?” Lu Feng smiled disdainfully, and said: “How could I be afraid of him, it’s just that I don’t violate the river water with him, on Bedrock Island. There is no one worthy of my Lu family’s fear.”

“Grandpa, you are not afraid to give him too much face, doesn’t he put you in his eyes?” Lu Xun instigated.

Lu Feng gritted his teeth, his original intention was that he didn’t intend to take care of this matter, so that Lu Xun would suffer a bit, and learn a lesson, so that he would be able to do things more calmly in the future, but now that Wen Liang is involved in this matter, he cannot ignore it.

Bedrock Island belongs to the Lu family, not Wenliang. If he wants to continue to develop on Bedrock Island, it depends on the Lu Family’s expression, rather than daring to do it right.

“Leave this to Grandpa. If Wenliang really doesn’t put my Lu family in his eyes, I will let his auction company disappear on Bedrock Island.” Lu Feng said coldly.

A smile appeared on Lu Xun’s face when he heard this. It would be much easier if Grandpa came forward.

“Grandpa, you must teach Wenliang a big lesson, let him know who is the master of Bedrock Island. Who is the second, lest this guy gets older and more arrogant in the future.” Lu Xun said.

“Okay, grandpa knows.”

After George Han returned to the hotel, Amelia Su finally breathed a sigh of relief. On the way back, the proprietress told her what kind of person Lu Xun was. After learning about Lu Xun’s various bad behaviors, Amelia Su was very worried, after all, at the auction. , George Han can be regarded as provoking this unscrupulous boy, with his character, he will definitely find a way to avenge him.

“George, should we go back to Basin City?” Amelia Su said to George Han.

“We haven’t finished taking the wedding photos, so what are you doing in such a hurry?” George Han said with a smile.

“How can you not be in a hurry? You don’t know who Lu Xun is. I’ve heard the boss’s wife say that he is a very unscrupulous second-generation rich man. He has done a lot of detrimental things. If you grab a necklace with him, he will definitely think Ways to retaliate against you.” Amelia Su said worriedly.

George Han took Amelia Su’s hand. Holding hands at this level of intimacy is already commonplace for the two. In George Han’s view, it is a huge improvement in the relationship between the two, but it is not known when they will be able to develop into a husband and wife.

“Don’t worry. With me, everything can be solved, don’t you believe me?” George Han said.

“Of course I believe, but...”

“Listen to me, and leave after taking the wedding photos. Lu Xun can’t make any waves.” George Han interrupted Amelia Su.

Seeing that George Han was full of confidence, Amelia Su seemed to be really sure that this matter could be resolved, so she didn’t say anything more. In this world, the only person who can give Amelia Su a sense of security is George Han. And she also believed in George Han 100%.

In the other room, the lady boss after the shower was wearing wet hair, and Yingrun almost brought undried drops of water to look even more attractive. She wrapped a bath towel and walked to Yang Chen’s side.

“If George Han really doesn’t leave, what will you do?” The lady boss asked Yang Chen, wiping her hair with a towel.

Yang Chen didn’t decide on this issue for a long time, because if he didn’t leave, he might be caught in the fish pond, but if he left, he might miss the good show.

“Do you think George Han can have the last laugh?” Yang Chen asked.

The lady boss couldn’t help but chuckled and said, “At the end of the laugh, you mean, can George Han compare to Lu Xun on Bedrock Island?”

Such words are indeed a bit funny, and no one will believe it. After all, the Lu family has been rooted in Bedrock Island for many years and has a profound background. How could an outsider be able to deal with it?

“Is there no chance?” Yang Chen asked without giving up.

“If he can really deal with the Lu family, I would be willing to ask me to be a slave to him, but this is impossible. For so many years, anyone who thinks about the development of Bedrock Island will lose everything if they don’t say hello to the Lu family in advance. From this we can see the influence of the Lu family on Bedrock Island.” said the boss.

Chapter 287

The boss's words made Yang Chen take a serious breath. His familiarity with Bedrock Island is definitely not as good as the native boss's wife. She said so, and George Han's chances of being able to cope with the Lu family are probably really great. Slim.

But Yang Chen's instinct told him that he should stay, or he might miss a great opportunity.

"Do you also think I should go?" Yang Chen asked.

"Nonsense. Is there anything else to hesitate?" The boss lady said decisively, then looked at Yang Chen curiously, and asked: "Why are you not willing to leave? Do you still want to benefit from him?"

Yang Chen shook his head. He hadn't thought about the benefits, but he felt that this was his own opportunity. Maybe he could use this opportunity to build a good relationship with George Han, and if he could become George Han's subordinates in the future. Help him with things, maybe this kind of life that can be seen at a glance can be drastically changed.

"Do you think I really like photography? It's just forced by life. If there is a better choice. Why not?" Yang Chen said.

"Then your choice is too stupid, bet on someone who is destined to lose." The boss said, shaking her head.

Destined to lose?

The reason why Yang Chen had a glimmer of hope for George Han was because of the Basin City People's Square. At that time, people in the city thought that George Han would kneel to Jiang Fu. Is this a destiny? But the final result was that

everyone was dumbfounded. Who would have thought that it was not George Han who was kneeling, but Jiang Fu?

It was precisely because of the existence of such a counterattack that Yang Chen would hesitate, otherwise he would have left Bedrock Island long ago.

“The people in Basin City thought so too, but the result was beyond everyone’s expectations.” Yang Chen said.

Seeing that Yang Chen was so stubborn, the lady boss thought of a way for him and said: “If George Han is really so good, the Jiang Fu in your mouth will not end well, or call Basin City back. Ask, what’s the situation in Cloud City now?”

This sentence gave Yang Chendi an initiation, which was indeed a way to verify George Han’s greatness. Although Basin City and Bedrock Island could not talk together, they at least deliberately proved how capable George Han was.

Yang Chen took out the phone and dialed a friend’s number.

“Old Xi, is there anything special about Basin City now?” Yang Chen asked after the call was connected.

In a short while, Yang Chen’s expression became extremely shocked, and he sat on the bed with a feeling of despair.

Seeing this, the lady boss stopped wiping her hair.

“No, what you said is true?”

“There was such a big noise!”

“Okay, I see, thank you.”

After hanging up the phone, Yang Chen had a strong disbelief in his eyes.

Seeing that he hadn't spoken for a while, the lady boss asked impatiently: "What's the matter, you just tell me, what's the situation in Basin City now?"

Yang Chen raised a sigh of relief and said: "The companies of Jiang Fu's group have all gone bankrupt, and the business structure of Basin City has turned upside down. Now the Su family company has become the largest company under the cloud."

Although the proprietress did not know the situation in Basin City, she had learned from Yang Chen that Jiang Fu's influence in Basin City, these people were all bankrupt!

"Is this... could George Han do it?" The lady boss stared beautifully and felt her heart and liver trembling. She had never come into contact with such a powerful person. This kind of thing, even if the Lu family is on Bedrock Island, It is not easy to do.

"Who else can it be besides him?" Yang Chen smiled bitterly. Jiang Fu offended George Han, and his company went bankrupt in less than three days. If there is no connection between these two things, who believes ?

The proprietress took a sigh of relief and said dumbly, "My God. Who is this handsome boy? He came to Bedrock Island only a few days ago, and he broke Jiang Fu so quickly!"

"Yeah, it's only a few days. He can do this. Do you still think he is not Lu Family's opponent?" Yang Chen said with a smile.

This soul torture left the boss lady speechless. She did think so before, and decided that George Han would not have the slightest chance, but now, maybe she really underestimated George Han.

“But this is Bedrock Island after all.” said the proprietress.

“Perhaps for a person like him, there is no such thing as crossing the river. What if this snake. Is it the whole China’s earth snake?” Yang Chen said.

When the lady boss heard the words “Hua Xia”, she rolled her eyes helplessly. She admitted that George Han was very powerful, but she was not so powerful as to be so exaggerated.

“You, I really want to fly Huang Tengda want to be crazy, if he is really a big man of this level, how can he be known so easily by you.” The boss said.

“Regardless of whether he is or not, I have decided to stay. At least this is an opportunity. I don’t want to live a life where I can see the future with my eyes open every day.” Yang Chen said.

Yang Chen’s mentality is a common phenomenon in society, and it is also the life of most people. Looking through the future at a glance, life is calm, without ups and downs, and is not comfortable, but it is too boring.

“You want to stay, I won’t stop you, so I can stay with you for a while.” The lady boss smiled and wrapped Yang Chen’s neck.

This room was fascinating, but in another room, it seemed a little silent.

George Han and Amelia Su lay on the bed, as if they were separated from the Han boundary by the Chu River. They did not infringe on each other. The couple got along. To George Han, it seemed to be separated by a mountain, but to Amelia Su, it was only separated by a layer of yarn.

Whenever night falls. Amelia Su would be inexplicably irritable and angry. She didn’t understand why a big man couldn’t do something that a normal man should do.

Now Amelia Su has regarded George Han as her real husband, as a person who entrusted her to her life, so she felt inside. In fact, they are looking forward to that event, because what they have is just a ceremony, and they have not really had a husband and wife relationship. It's a pity that George Han has not taken this step. As a girl, it is impossible for her to take the initiative to do such shy things.

In George Han's opinion, this matter is very simple. He doesn't want to do anything that makes Amelia Su feel uncomfortable. Moreover, in his opinion, Amelia Su is not ready yet, so even if he is sometimes too eager, he can only force it. The suppression came down.

Because he cares too much, he will appear extra cautious.

"Are you asleep?" Amelia Su couldn't help but asked George Han.

"No." George Han said.

Amelia Su only knew that George Han was guarding her during the morning run and commuting, but she didn't know that George Han wouldn't sleep until she snorted. For the past three years, every night.

"Then I will sleep."

"Go to sleep."

The extremely embarrassing conversation made Amelia Su wish to kick George Han out of bed. How could there be such a stupid man in this world.

"I still can't sleep." Amelia Su continued.

"Uh... do you want me to chat with you?" George Han asked unclearly.

"....."

Early the next morning, the auction company ushered in the most important person on Bedrock Island, Lu Feng.

When Liu Zhang informed Wen Liang of this incident, Wen Liang, who was sleeping in the hotel, had to get up to wash, but he did not take this matter too seriously. He didn't dare to tear his face with Lu Feng before, but now, he has such confidence.

After waiting for almost two hours, Lu Feng saw Wenliang in the company, which made him very angry.

“Wen Liang, your present shelf is really not small. I have waited for a full two hours.” Lu Feng said dissatisfiedly.

“You came too suddenly, and you didn't notify me in advance, so that I could prepare earlier, I'm really sorry.” Wenliang said.

From Wen Liang's tone, Lu Feng could not feel the slightest apology, but a kind of contempt.

“Wenliang, you seem to have forgotten how you asked me for help when you opened a branch in Bedrock Island.” Lu Feng said coldly.

“For so many years, I haven't forgotten to thank you. I give you a big gift every year. Is there anything I did not do right?” Wen Liang asked rhetorically.

Lu Feng snorted coldly, and said, “My grandson is embarrassed at the auction. You have to give me an account of this.”

Chapter 288

“Master Lu, he did not succeed in the bidding. You come to me to explain. This is a bit too bullying. The rules of the auction house, don’t you still know the rules of the auction house. Whoever bids higher can get it? What do you want to explain about the matter?” Wen Liang said unhappily.

“If it weren’t for you to help that unknown kid. Wouldn’t my grandson bid for it?” Lu Feng said coldly.

Wen Liang shook his head helplessly and said, “He paid for 300 million real money, how can I help him? Do you think I paid the money myself? I bought the things I auctioned myself for 300 million. , Father Lu, does this kind of thing make sense to me?”

“Wenliang, don’t think I don’t know what you want to do. Now the wings are hard. You want to compete with my Lu family, don’t you? Your company is supported by my Lu family. My Lu Feng wants you to collapse. What do you have? The way?” Lu Feng said.

“Lu Feng, after listening to my kind words, this matter has passed. It is a good thing for the Lu family. If you have to be true, it will be too late to regret later.” Wen Liang said.

These words made Lu Feng tremble with anger. No one had ever dared to speak to him like this in Bedrock Island, let alone threaten him.

“Wenliang, wait and see, if Lu Feng doesn’t ruin you, my surname is not Lu.” Lu Feng gritted his teeth and left the company.

Wenliang stood up, walked to the window and watched Lu Feng’s car leave. Then he said to himself: “The Lu family has ruled and ruled on Bedrock Island for too long, so it’s time to converge a little bit, young master Han family. It’s not that offensive.”

Wen Liang valued George Han because he sensed a terrifying strength in George Han, especially when he said that Nangong Qianqiu died in front of him, the chill made Wen Liang's heart frightened.

Over the years, Hillwood City almost forgot about George Han, but he fell asleep like a tiger. Only God knows how terrible the tiger will wake up.

At this time, Wenliang's phone rang, and it was an unfamiliar number, which made Wenliang feel a little confused. He kept personal information very confidential. There are almost no sales advertisements, so this kind of unfamiliar number will generally not appear in his mobile phone.

"Who are you?" Wen Liang asked after answering the phone.

"Don't interfere with George Han's affairs, I can give you what you want." said the voice on the other end of the phone.

Wenliang frowned and asked, "Who are you?"

"You don't need to know who I am, you just need to know that my power in Hillwood City can defeat your auction company overnight."

Wen Liang's heart suddenly sank to the bottom, and his company was destroyed overnight. If this person is not joking, then his energy in Hillwood City must be amazing.

"Why should I believe you?" Wenliang said.

"If you want to try it, you still want me to prove it to you. If you are not afraid, I can let you taste it." The voice on the other end of the phone said disdainfully.

test?

The origin of the other party is unknown. How could Wen Liang dare to try easily? He didn't want to destroy his hard work for more than ten years.

“What do you want me to do?” Wen Liang asked.

“It's best to let George Han leave Bedrock Island without his life.”

Wenliang gritted his teeth and let George Han leave Bedrock Island without his life. This is the right thing to do with George Han. That is the young master of the Han family. With his current ability, once he does something that makes George Han hate, Han Wen Liang couldn't imagine the consequences of 3000's revenge.

“If you are worried about his identity, you don't have to. He is just an abandoned son of the Han family, there is nothing to be afraid of.” The phone continued.

Wenliang doesn't know exactly what happened to the Han family, but George Han has been almost forgotten in Hillwood City for so many years. This has actually explained his status in the Han family. It's just that such a big change has occurred in the Han family now. After all, it was the blood of the Han family, who had to take on the responsibility of revitalizing the Han family. That's why Wen Liang chose to help him, but Wen Liang never expected that there were still people targeting George Han in secret.

“What can I get?” Wenliang asked.

“Han Jun's appreciation is that he is more qualified to inherit the Han family than George Han's waste. The future Patriarch of the Han family will definitely be Han Jun, not this waste.”

Han Jun is imprisoned, but his status in the Han family is indeed higher than that of George Han, which makes Wenliang fall into a dilemma of choice. This kind of standing in line, once he is slightly careless. But it's just gone.

“If you don’t want to, in the next two days, I will let you know my abilities. This is what George Han can’t save you.” The other end of the phone threatened.

“Okay.” After thinking for a long time, Wenliang agreed. For him, George Han is equivalent to an investment. The benefits can only be seen when George Han is shocked by Hillwood City. But now, the person who called is capable of dealing with his company immediately. No, what’s the use of investment? So Wenliang had to agree to him.

“You are a smart person, and in the future you will know how wise your choice is.” The phone said with a smile.

After hanging up the phone, Wen Liang took a few deep breaths. He didn’t expect things like this to happen suddenly. The person who called is obviously Han Jun’s helper. He helped Han Jun deal with George Han, which is to help Han Jun become the future head of the Han family more firmly.

“I hope my choice is correct this time.” Wen Liang exclaimed.

Then he took out the phone again and dialed Lu Feng’s number.

“Master Lu, I can arrange for him to meet with you. As for what you want to do after the meeting, you can do it,” Wen Liang said.

Lu Feng was still angry, but he laughed when he heard Wen Liang’s words, and said, “Wen Liang. I thought you really dare to do it right with me. It seems that you are also a bitch.”

Facing Lu Feng’s ridicule, Wen conscientiously said, “Master Lu, how could I be right with you? If it weren’t for you back then, I wouldn’t have the right to stand on Bedrock Island.”

“Hahahaha.” Lu Feng laughed triumphantly, and said: “If you know you, I don’t care about this matter, but I will see him tonight. You can arrange it soon.”

After speaking, Lu Feng hung up before Wen Liang could answer.

When he returned home, Lu Feng saw Lu Xun who was still worried, and said, “I’m not happy yet. Grandpa personally comes out to help you with things. Don’t you still suspect that I can’t do it?”

“Grandpa, what did Wen Liang say.” Lu Xun didn’t go out all day, because the shame of the auction had spread throughout the entire Jiyan Island, if he didn’t find a chance to get his face back. He doesn’t have the face to go out to meet people.

“Do you doubt Grandpa’s abilities? I came forward. Does Wen Liang have the courage to not compromise?” Lu Feng said disdainfully.

“How the hell is solved, you can tell me quickly.” Lu Xun said impatiently.

“Tonight, that kid will come to our house, then you can deal with him whatever you want.” Lu Feng said.

Heard this. Lu Xun became excited. With the support of his grandfather, he could retaliate unscrupulously, and everyone on Keiyan Island had to know what would end up offending him.

“Grandpa, do you want to read headlines? For example, a naked man was tied to Wangfushi.” Lu Xun said with a smile on his face.

The so-called Husband Rock is a famous scenic spot on Bedrock Island. There is a natural image of a large stone on the shore, like a lifelike woman looking towards the sea, so it is named Husband Rock. This is a place where every tourist will take pictures.

“You can play whatever you want, as long as you don’t cause death.” This is Lu Feng’s bottom line, undead, follow Lu Xun whatever he wants. After all, this is his only grandson. He is embarrassed, how can he not find Back to face.

Lu Xun smiled gloomily. Not only George Han, but also Amelia Su, a big beauty, will also fall into his hands. For him, women who can’t manage money should use force, anyway. A grandfather wiped his ass.

George Han and Amelia Su are still taking wedding photos today. Amelia Su in the wedding dress seems to have become a tourist attraction. People who come and go, especially men, will involuntarily put their eyes on Amelia Su. Maybe they also hope to have one. Such a bride.

Chapter 289

“Mr. Han, I have made an appointment with the Lu family for you. Are you free tonight? I will take you to meet with Lu Xun.”

When George Han was still taking wedding photos, he received a phone call from Wenliang. He also agreed to Wenliang’s proposal, because he wanted to spend a comfortable vacation on Keeyan Island. solve.

Wen Liang was relieved when George Han agreed, but after hanging up the phone. But his hands couldn’t stop shaking. For him, this was the first step to betray George Han. After this step, he couldn’t predict what would happen after he went out, so he faced the unknown. Wenliang felt some fear in his heart.

The abandoned son of the family can kill Nangong Qianqiu. His methods are absolutely very human, and the fact that the mysterious person called him a waste of money is obviously also unclear about George Han. But when faced with threats to his company, Wenliang had to do so.

“Don’t blame me, I don’t have a choice.” Wen Liang said with a sigh on his face.

After taking the last set of photos, even if the wedding reshoot is complete, Amelia Su returned to Basin City earlier than before. Because she was worried about the company’s situation, but when she found out that George Han wanted to play for a few more days and took this trip as a make up for her honeymoon, Amelia Su did not mention the matter of returning to Basin City, and she also had something to pay not done.

“Where are we going to play tomorrow?” After Amelia Su changed her wedding dress, George Han felt very awkward in her cool dress.

George Han is happy to look at other people’s wives like this, but it’s a big loss for his wife to be seen by other men.

“Amelia, do you want to change clothes?” George Han said.

“Why?” Amelia Su looked at herself puzzledly. In her opinion, there is nothing wrong with her. It looks pretty. Is it because George Han has a different aesthetic?

“There is too much exposure, and it is seen by other men. I suffer a lot.” George Han said.

After Amelia Su froze for a while, she laughed forward and backward, and then said: “I won’t, I will make you jealous.”

George Han wanted to put an army overcoat on Amelia Su. In fact, Amelia Su’s clothes were just normally worn in the summer, and there was no special exposure. However, when George Han noticed that many men’s eyes rested on Amelia Su, this They couldn’t stand it anymore, their eyes were even more stark, as if they were about to eat Amelia Su.

“Three thousand. When do you plan to return to Basin City?” Yang Chen walked to the side and asked. After these days of contact, the relationship between them is also good, so the title has become closer.

“Play for two more days. I didn’t have a honeymoon when I got married before. This time I should make it up.” George Han said. Of course, there is another reason. Even if he wants to leave now, it is not so easy. Lu Xun’s ability on Bedrock Island can detain him in the airport with just a few words.

Yang Chen nodded and said, “I’ll go with you.”

“Aren’t you afraid?” George Han asked with a smile. He knew that staying on Bedrock Island would be dangerous, but he didn’t choose to leave first. This made George Han chew a different taste.

Yang Chen smiled and said: “Come together, just go together, there is nothing to be afraid of.”

“You go to find a homestay, it’s best to be a little far away from the city center, don’t tell anyone about this.” George Han said.

Yang Chen looked at George Han puzzled.

“Just do what I said.” George Han continued before Yang Chen asked.

“Okay, I’ll find it right away.” Yang Chen said.

Amelia Su looked at George Han suspiciously, and asked, “Didn’t we stay in the hotel well. Why go to the guest house?”

“Because the homestay feels more at home.” George Han smiled and said, for other reasons, he didn’t explain to Amelia Su to avoid his worry.

To see Lu Xun tonight, George Han is not sure what the situation is, but he has to go, so he must arrange for Amelia Su to change the place to live in a more remote homestay. Even if there is an accident, Lu Xun wanted to find Amelia Su and he couldn’t do it in a short while.

After listening to George Han’s words, Amelia Su was deeply moved and said: “You have treated me as a family for a long time, but I have always ignored you. You won’t blame me.”

“Of course not.” George Han shook his head without hesitation, and said: “My enthusiasm has brought you so much pain. You haven’t said a word that made me go away. I am very grateful.”

Although that is the case. Amelia Su still feels very sorry for George Han, especially Lily Jiang’s attitude towards George Han in the past was completely a

wicked mother-in-law, the kind of humiliation, even Amelia Su herself sometimes can't stand it.

“The pain of the two of us. No one is less than anyone. It is really not easy to get to this point.” Amelia Su sighed.

George Han nodded in agreement. It has been more than three years, and it is indeed not easy. It is a pity that it is not yet the time when the hardships are truly exhausted. If there is no Han Tianyang, George Han may be able to replace the Han family. Enjoy life with Amelia Su, but now. Obviously, his life cannot be so simple.

Whether grandpa is still alive or not, George Han must try his best to confirm, even if he goes deep into the inner prison of the earth, he has to find out.

The sea breeze, the waves, the two people walked barefoot on the moist beach, waves hit from time to time, the water covered the back of the insteps, and then the tide went off again. This kind of comfort made George Han feel particularly comfortable. But to keep this comfort forever, he must be strong enough, especially since the Han family may have enemies in the dark, he can't relax his vigilance and grow for a moment.

“Can you carry me?” Amelia Su asked George Han.

George Han immediately squatted down in front of Amelia Su and said, “Of course it can.”

Amelia Su jumped onto George Han's back with a smile on her face, her hands were tightly wrapped around George Han's neck, and she was resting on her shoulders with happiness.

“We will get old in the future, should we find a place with such a beautiful environment for the elderly?” Amelia Su asked.

“As long as you are happy, of course there is no problem. I can build a paradise for you at all costs.” George Han said.

Amelia Su’s smile was filled with happiness. Although the future is still far away, she knows that George Han’s promise to her will be fulfilled because he is never a person who can break his promise.

“We...we will definitely have many grandchildren in the future.” Amelia Su’s face was flushed and dripping water. If George Han didn’t understand these words, she would really have nothing to do.

“Hiss.” George Han suddenly became painful, raised his foot, and a long cut was made in his heel by a shell. The blood flow does not stop.

“What’s wrong?” Amelia Su asked inexplicably, unable to see the situation of George.

“It seems that the foot is scratched by stepping on something.” George Han said.

Amelia Su said nervously: “Hurry up and let me down, let me take a look.”

Squatting in front of George Han, Amelia Su looked at the blood that kept flowing, almost crying. Said: “Let’s go to the hospital.”

This pain was nothing to George Han. After he felt Amelia Su’s concern, he still enjoyed the feeling a little bit. It seemed to be a worthwhile thing to exchange blood for Amelia Su’s concern.

“It’s nothing. It’s just a small hole, and it’s not a wound. Don’t go to the hospital.” George Han said.

“No, what should I do in case of infection, I will go as soon as I say.” Amelia Su assisted George Han. Said firmly.

It is rare that when Amelia Su was so strong, George Han certainly wanted to save face. The two left the beach, called a car, and rushed to the hospital.

I queued up to see the doctor. After several steps, the wound had stopped bleeding. The doctor only did some simple disinfection treatment. The wound was not deep. It is estimated that it will heal later.

When leaving the hospital, Yang Chen called and said that the location of the homestay had been found, and sent George Han the location, and then the two took a taxi and headed towards the homestay.

“I have something tonight. I might go home later. You and Yang Chen Xu Tong will eat early for dinner, so you don’t have to wait for me.” George Han said to Amelia Su on the way back to the hotel.

Chapter 290

Amelia Su never asks much about George Han. She knows that George Han is not doing nothing as on the surface. The entire Basin City thinks that he is a waste of cooking and laundry at home, but Amelia Su knows Moyang through George Han. People can guess that he actually did a lot of unknown things. Otherwise, how could those big people have such a good relationship with George Han.

Came to the homestay. It is far away from the city center, the environment is beautiful, and there are fewer people coming and going, it is a good place.

Regarding George Han's arrangement, Yang Chen probably had some guesses in his mind. He should be worried about something unexpected, so he asked Amelia Su to live in a safe place.

“Come with me.” George Han said to Yang Chen.

After the two walked out of the Xiaoyang Mansion, Yang Chen asked, “You let us live here. Are you worried that Lu Xun will threaten Amelia Su?”

George Han nodded, and it didn't matter if Yang Chen knew about this, and said, “I'm going to see Lu Xun tonight. Will there be an accident? I don't know.”

Yang Chen wanted to watch a good show to see if George Han was able to deal with Lu Xun, but at this time, he cared more about George Han's safety. Whether he could deal with Lu Xun on Bedrock Island was actually not. Important, the matter of Basin City has explained everything, and he has a good relationship with George Han now, and he will have the opportunity to be promoted by George Han in the future.

“Why don't you just leave?” Yang Chen asked puzzledly.

“You also know Lu Xun’s ability on Bedrock Island. Do you think I can board the plane?” George Han said.

This sentence made Yang Chen’s expression extremely solemn. He only considered why George Han didn’t leave, but he didn’t even think about whether he could go.

Lu Xun was embarrassed by the public. For him, the Lu family master, if he didn’t find face, then this matter would become a joke with him throughout his life, how could he easily let George Han leave.

“With Lu Xun’s ability, it is really not difficult to detain you at the airport.” Yang Chen said.

“Help me take care of Amelia. Since you choose to stay here, I guess what you are thinking. After returning to Cloud City, I will give you a better room for development.” George Han said.

Yang Chen was waiting for the opportunity, but he never expected that George Han would take the initiative to mention this matter, and said excitedly: “Don’t worry, I will take care of her.”

“If you can cook, you’d better go to the kitchen yourself. Don’t let Amelia cook, otherwise it will be a big disaster.” George Han kindly reminded that this is not a bad thing about Amelia Su, just State the facts, after all, he had seen Amelia Su set off a world war in the kitchen.

After leaving the homestay, George Han took a taxi back to the hotel, and then called Wenliang to determine the time to see Lu Xun.

In the evening, Wen Liang’s car stopped at the entrance of the hotel. When George Han got in the car, he could clearly notice Wen Liang’s tight body, which gradually made his eyes full of murderous intent.

“Wenliang, you arranged this matter.” George Han asked.

Wen Liang felt a little in his heart. Said: “It’s me.”

“That’s good, I believe you, since you arranged it, there will be no problems.”
George Han said.

Wen Liang just breathed a sigh of relief and heard George Han continue to say:
“Forgiving people is not a simple thing. I haven’t learned it yet. Do you have any tricks?”

His heart tensed up suddenly, Wen Liang’s expression also became extremely ugly, he had to do this as a last resort, so facing George Han would be very guilty.

“I don’t know this too well.” Wenliang said.

George Han smiled and stopped talking.

When the car stopped in front of a luxurious Villa, George Han got out of the car first.

Looking at George Han, Wen Liang felt that he seemed to know something, but why did he know and still come. Is it not afraid at all?

Knowing that there are tigers in the mountains and walking towards the mountains is a kind of pride, but it is also an idiot.

“If I eat this Hongmen banquet, do you know the consequences?” George Han said.

Not waiting for Wenliang to speak. George Han had already walked towards the Villa, not hiding, but simply unable to hide.

Wen Liang wiped the cold sweat from his forehead. He had never come into contact with such a fearful young man. His aura was extremely powerful, and a single sentence could bring tremendous pressure to people.

Even if he fell into Lu Xun's hands, Wen Liang felt that if he did not die, he would be the Lu family. Including him, sooner or later it will be over.

"I hope this is an illusion." Wen Liang comforted himself, and then followed George Han's pace.

This is the Villa of the Lu family. At the moment, in the Villa, Lu Feng and Lu Xun are sitting in the living room. In addition, there are more than 20 burly men who look like thugs.

When the doorbell rang, Lu Xun raised his eyebrows and said, "Here's here."

After the servant opened the door, George Han and Wenliang walked into the Villa.

Lu Xun stood up and looked at George Han grimly.

"I'm here alone, do I need such a big show?" George Han said lightly. Looking at his attitude, he obviously expected it long ago.

"The horrible pen stuff, even pretending to be like me, if you are afraid, you can show it, I won't laugh at you." Lu Xun sneered.

"Afraid? How could I come if I am afraid." George Han sat on the sofa frankly.

Lu Feng frowned. This young man knew that this was a trap, but he dared to come. This courage was not easy.

"You guessed that we are going to deal with you?" Lu Feng asked.

George Han glanced at Wenliang and said, “Yes, but I’m very curious. What kind of conditions did you offer, it is worth his betrayal.”

“Huh, terms? You underestimate our Lu family. Wenliang’s company wants to develop on Bedrock Island. Without my Lu family’s consent, he can’t make any progress. Under such circumstances, how dare he help you.” “Lu Feng laughed. Even if Wenliang is by his side, his verbal expression does not give Wenliang any face, because in his opinion, Wenliang had to compromise because of the deterrence of the Lu family. How did he know the call Wen Liang received?”

“You think too highly of yourself, Wenliang, or you should talk about it yourself, anyway, the matter has reached this point, is there any need to hide it?” George Han said to Wenliang.

Wenliang didn’t dare to look directly at George Han’s cold eyes. He looked at Lu Feng and said, “I received a call from Hillwood City, but I don’t know who he is.”

Yenching?

Could it be that the old thing Shinweng reached out to Bedrock Island, which made George Han unexpected, but besides him, no one could threaten Wenliang to betray him.

“So, don’t you give me the face of the Lu family?” Lu Feng said coldly.

Facing Lu Feng, Wen Liang didn’t have the slightest fear. The market of Bedrock Island is dispensable to him today, and it doesn’t make any sense to fear Lu Feng.

“Yes, I am not afraid of the Lu family, because he is more worthy of fear. In his eyes, the Lu family is probably just a clown.” Wen Liang said.

These words made Lu Feng stand up angrily and dared to treat the Lu Family as a beaming clown. Such wild remarks were an insult to him.

“Wenliang, be careful when you speak, otherwise I want you to be inseparable from the Lu Family Villa today.” Lu Feng threatened.

Wen Liang smiled indifferently and said, “I think you should be very clear about how capable people like Hillwood City are. If you don’t believe it, you can try.”

Lu Feng’s expression became more and more ferocious, but the two words Hillwood City made him angry. In case the other party’s backing was really big, it was not impossible that the ground snake of the Lu family was hit by seven inches.

“Grandpa, today is to avenge me, why did you mention other things?” Lu Xun said at this time.

Lu Feng snorted coldly and stopped talking.

Lu Xun walked up to George Han and said with a mockery: “Trash stuff, you are now in my hands, do you want to know what will happen to you?”

“What do you want?” George Han asked.

“The good show hasn’t started yet. When your woman arrives, I will let you know what I want to do.” Lu Xun said with a smile.

At this time, a group of people were already heading towards the hotel and was ordered to arrest Amelia Su to the Lu Family Villa, but George Han had already arranged for this, so they were doomed to return without success.
