

Chapter 291

When Lu Xun received a call, his expression was stunned. There was no one in the hotel. How could there be no one? The address information he investigated was absolutely correct, how could no one be found.

The only reason is that George Han must have guessed that he would start with Amelia Su, so he arranged for Amelia Su to leave in advance.

“Unexpectedly, you trash is quite clever. You arranged her to hide early in the morning, but is it useful?” Lu Xun waved his hand. More than 20 burly men came to George Han together.

George Han can fight very well, but there is an old saying that two fists are hard to beat with four hands. Faced with so many opponents, the chance of George Han wanting to resist successfully is very small. This is also something he did not expect, Lu Xun So many people will be prepared.

Probably this was also revealed to Wenliang by Shen Weng. Wenliang reminded the Lu family that they would have this arrangement.

“You took the initiative to hand over your phone, or after being beaten up by my people. I’ll take it myself.” Lu Xun said with a smile. Now George Han is like an ant in his hand and can let him tease. This kind of revenge makes Lu Xun very happy.

“It’s useless, there is no information on my phone.” George Han said.

“You teased me as a three-year-old kid. He is your woman, how could you not save her phone number.” Lu Xun sneered.

George Han took out his cell phone and threw it to Lu Xun.

After Lu Xun turned on the phone, there was indeed no information on it. There was no contact list, and there was no record of the connection. This made Lu Xun angry.

“You even deleted all the numbers.” Lu Xun gritted his teeth. He was very eager to get Amelia Su. He even thought about how to play with Amelia Su in front of George Han, and how George Han kneeled. I begged him, but now, Amelia Su can’t be found, all his plans have failed.

“Your little trick, if I can’t guess it, wouldn’t it be as stupid as you.” George Han smiled.

“Stupid? What qualifications do you have to call me stupid? You are in my hands now. I can teach you whatever I want.” Lu Xun said with a gloomy face, and said to the thugs: “Hit me, when? Give out the phone number, when to stop, this woman, I am determined by Lu Xun.”

With more than 20 people, although George Han resisted vigorously, he could not withstand their attacks. Soon he was lying on the ground.

Lu Xun walked in front of George Han with an arrogant attitude, and sneered: “Look at what you look like now, how is it different from a dead dog, why not take out the arrogance at the auction.”

After Lu Xun finished speaking, he squatted down, grabbed George Han by the hair, and continued to laugh, “Do you still have arrogant capital?”

As soon as George Han opened his mouth, blood spilled from the corner of his mouth, and said, “If you play me, I won’t die, you will die miserably.”

After speaking, George Han actually laughed, shuddering.

Lu Xun slammed George Han's head against the floor with a bang, stood up, and stepped on George Han's head: "You f*cking think you are something. This is Bedrock Island. It's me. What if I kill you in Xun's territory."

"Lu Xun, I advise you to kill him, otherwise he will get revenge." Wen Liang persuaded that this was explained by the mysterious person on the phone. If it can be done with Lu Xun's hand, this is The best.

Lu Feng said before that he could help Lu Xun get revenge. But it must not cause human life. This is also his bottom line. From now on, the Lu family will have to rely on Lu Xun's inheritance. If human life is infected in his hand, it will be a time bomb after all. Maybe it can be concealed right now, but who can Guarantee that there will be no incident? In addition, George Han's financial strength shown in the auction must also have a powerful family behind him. He died here. Once the family behind him investigates this matter, this hot potato may harm the entire Lu family. .

"Wenliang, there is no place for you to speak here, you can get out as soon as possible, otherwise the end will be the same as this rubbish." Lu Feng said to Wenliang.

Wen Liang glanced at George Han, how could he be relieved if he didn't see George Han die, but Lu Feng's current attitude, he might really not be able to leave if he didn't leave.

"I also do it for your own good." After Wen Liang finished speaking, he turned and left the Villa.

Wait until Wenliang leaves. Lu Feng reminded Lu Xun: "Don't forget what Grandpa told you. You can make trouble anyway, but you must not kill anyone."

Lu Xun really wanted to kill George Han in his heart, but he wouldn't do it yet, at least until he found Amelia Su. He will follow this impulse.

“If you want to die, I won’t satisfy you. I want you to watch how that woman is played with me. Do you really think I can’t find it if you hide it? You underestimate my ability on Bedrock Island.” Lu Xun said.

George Han was thrown into the wine cellar of Lu’s Villa, and his injuries were serious. This incident taught him a profound lesson. Don’t trust someone you don’t know well.

“Wenliang, Wenliang, you really taught me a good lesson.”

After Wenliang left the Villa, he did not leave, but instead sat in the car and called Shen Weng.

When Shin Weng learned that George Han was beaten badly, there was no surprise. Because in his opinion, things should be like this.

“Is there anything strange about this trash being beaten? You don’t need to report this kind of thing for granted, you still think about how to make him die on Bedrock Island.” Shin Wong said.

“Lu Xun is a young man with impulsive personality, but Lu Feng is more sensible. It might not be easy for him to kill George Han.” Wen Liang said.

“Since it’s not easy, you have to find a way and start with Lu Xun. Whoever says murder must let Lu Feng know.” Shen Weng said.

“I understand, wait for my good news.” Wenliang finished speaking and hung up the phone. Shen Weng asked George Han to die, and he did the same. Because George Han did not die, he couldn’t settle down in his heart.

George Han did not return all night, Amelia Su stayed in a daze all night, woke up the next morning, she couldn’t help but want to call George Han, but George Han

told her before he left. Before he came back, don't contact him by phone, which made Amelia Su very distressed.

During breakfast, Amelia Su mentioned this to Yang Chen.

“Yang Chen, do you know what George Han went to do? He didn't come back all night. I am very worried about him now.” Amelia Su said.

Yang Chen didn't rest well last night, and was waiting for George Han to come back when he heard Amelia Su ask. Said: “He should have gone to the Lu family, and now it is very likely that he has fallen into Lu Xun's hands.”

Yang Chen didn't come back all night, besides this possibility, Yang Chen couldn't think of other reasons.

“In Lu Xun's hands!” Amelia Su said with a dull expression, “Then what should we do now.”

Yang Chen shook his head. Said: “Perhaps he had expected such a consequence a long time ago, so he let us leave the hotel, but I think he should have other solutions, otherwise. He will not go.”

“But... but it's been a whole night, if he has a way, he should come back, how can he still see no one now.” Amelia Su paled in anxiety, for fear that George Han might have an accident.

“Why don't I call to ask?” Yang Chen said.

“Yep.”

Yang Chen took out the phone and dialed George Han's number.

When the call was connected, it was not George Han's voice, but Lu Xun.

“Beauty, I knew you would be worried about him, and you would take the initiative to call. If you want to see him, come to my house.” Lu Xun said.

Yang Chen didn't reply, but hung up.

“How about, what did he say?” Amelia Su asked impatiently.

“Lu Xun answered the call.” Yang Chen said.

Amelia Su was lost in time, and George Han's mobile phone fell into Lu Xun's hands. This showed that George Han had an accident now, which made Amelia Su unable to calm down.

“I'm going to find three thousand, I'm going to find three thousand.” Amelia Su stood up and walked outside the hotel.

When Yang Chen saw this, he quickly grabbed Amelia Su and said: “It's useless for you to go now. Three thousand let you live here just to protect you. If you take the initiative to send it to the door, it might disrupt his plan. .”

Chapter 292

“Then what should I do now, shouldn’t I do nothing?” Amelia Su cried anxiously.

At this time, Yang Chen’s phone rang, and it was George Han’s number that called back. Yang Chen immediately made a silent action to Amelia Su.

After Amelia Su suppressed the cry, Yang Chen pressed the answer button and turned on the PA.

“Beauty, if you want to save your man, you’d better come to my house as soon as possible, otherwise. I can’t guarantee how you will treat him. He is lying in front of me now, like a dead dog. Do you want to hear his voice?”

After Lu Xun had said these words, he began to punch and kick George Han. The sound of the beating could be heard, but no bit of George Han’s painful wailing was heard.

“Grass mud horse, are you stubborn? Let me see how hard you are.” Lu Xun’s intention was to make George Han make a sound, making Amelia Su more worried. Then he took the initiative to show up, but he didn’t expect that with all his strength, George Han could actually gritted his teeth and persisted.

“Bring me a toothpick, I want to see how long this waste can endure.”

“Beauty. Do you want to know how I treat your man now? Let me describe it to you. Now the toothpick is between his nails and I have a hammer in my hand. Guess what I am doing now?” Lu Xun laughed Said.

Amelia Su covered her mouth, not daring to imagine what Lu Xun said, two lines of tears kept sliding down her cheeks.

With a numb scalp, Yang Chen hung up the phone and turned it off.

“Amelia, he just scared you, he didn’t dare to do this.” Yang Chen said to Amelia Su.

Amelia Su burst into tears and said: “I’m going to find him. Only I can save 3000.”

Yang Chen grabbed Amelia Su’s hand and did not dare to let go. Even if Amelia Su went, Lu Xun would not be able to save George Han, and it would put Amelia Su in danger.

When George Han left, he must take care of Amelia Su. If he left Amelia Su to go, the consequences would be disastrous.

“Calm down first. If you go, no one really can save him. Think about it, who can help us.” Yang Chen said.

who?

When Amelia Su heard these words, the word Mo Yang came to mind for the first time, but Mo Yang was still in Basin City, even if he was boarding immediately. It would be night, and Amelia Su was afraid that George Han would not be able to hold on for so long.

“Mo Yang, Mo Yang can help him, but is there time now?” Amelia Su said.

Yang Chen’s pupils were startled. Although he was just an inconspicuous little person in Basin City, he knew Mo Yang’s name, and George Han had something to do with Mo Yang. He was in Basin City, what exactly did he have? The ability!

“It’s useful, of course it’s useful, you should contact him as soon as possible.” Yang Chen said.

Upon hearing this, Amelia Su took out her mobile phone.

Mo Yang lives in the magic city, and this old Mo Dalian is reluctant to buy a suite for himself, so he rests only after the end every night. When Amelia Su called him, he was still sleeping.

“Sister, why don’t you take a lot of rest in this early morning.” Mo Yang answered the phone and said.

“Brother Yang, something happened to George, can you help him?” Amelia Su said.

Mo Yang sat up suddenly, and instantly came to his senses, and asked, “What’s the matter?”

“We are on Bedrock Island, you come first, and I will explain it to you when you come.” Amelia Su said.

“Okay, brother and sister. Don’t mess around, wait until I arrive.” Mo Yang said.

Afterwards, Mo Yang called Dao Twelve, and if he didn’t bring this guy who could call, the matter would not be so easy to solve.

Moyang Lin Yongdao twelve, the three met at the airport, just in time for the flight to Bedrock Island.

At this time, in the wine cellar of the Lu family Villa, Lu Xun, who could not make a phone call, George was so angry that he ordered all toothpicks, and the blood kept flowing.

“Trash, look at this woman, she doesn’t care about your life or death at all.” Lu Xun said to George Han.

George felt pain in his heart, cold sweat has wetted his clothes, he not only paid the price for believing in Wenliang, but also because he was too confident in himself. I

thought that even if Lu Xun made things difficult, he still had the capital to leave the Villa. I thought that Lu Xun had prepared so many people to deal with him.

“Don’t let me live, or you will be tempted to die.” George Han gritted his teeth.

Lu Xun slapped George Han on the face. Disdainfully said: “Look at how pitiful you are now, you still have the courage to threaten me, the fact is that I can make you want to die.”

“Call me.”

Leaving the wine cellar, Lu Xun sat in the living room, his mind full of Amelia Su’s appearance. The less he can get, the more he wants to get it. Otherwise, the turmoil in his heart can’t calm down at all, but now the people sent out to inquire about the news have not moved.

“Smelly lady, I don’t believe you can hide on Bedrock Island forever.” Lu Xun has already greeted him at the airport. As long as Amelia Su shows up, he will be detained, so he is not worried that Amelia Su will leave Bedrock Island.

At this time, Lu Xun’s cell phone rang.

“Wenliang, if you want to apologize to me. No need.” Lu Xun answered the phone and said.

“Do you have time? I want to meet you and have something to do with that woman.” Wenliang said.

Upon hearing this, Lu Xun became interested and said, “In addition to money, I have more time. Where do I meet?”

“Your clubhouse, I’m already here.” Wenliang said.

Lu Xun drove out. The car hadn't stopped, and the club manager was already waiting by the side.

“Master Lu, why are you here today.” The manager said respectfully.

“Is there any good products lately? Call me two quickly, I will go to see Wenliang before I feel good.” Lu Xun said.

“If there are any, we will arrange for you immediately.”

Wen Liang waited in the box for a long time before Lu Xun appeared in the pajamas of the clubhouse. It was obvious that he had just done something.

“Wen Liang, if you dare to play with me, don't even think about leaving here today.” Lu Xun said arrogantly. Lu Feng told him not to offend Wen Liang, but now Lu Feng and Wen Liang are torn apart. He has nothing to worry about. of.

“I know where she is.” Wenliang said.

Lu Xun raised his eyebrows and said, “Don't tell me directly, it's just a condition, let's talk, what do you want.”

“George Han died.” Wenliang said.

Lu Xun's expression suddenly became solemn. He could think of all kinds of tricks to torture George Han, but Lu Feng would never let him kill George Han, and Lu Xun himself did not dare to do this.

It is not worthwhile to share a murder case for a woman.

“Why do you have to die? Do you still have enemies?” Lu Xun asked curiously.

“You don’t need to know this, and I can tell you. If he does not die, you will be very dangerous in the future. If he takes revenge, it will cause you a lot of trouble.” Wenliang said.

“Frighten me? Do you think I will be afraid of him?” Lu Xun said disdainfully.

“He can bid for 300 million yuan for the eternal necklace. Do you think he can be a simple rich man?” Wenliang said.

This is indeed not simple. And Lu Feng also said that it was for this reason that he did not dare to kill George Han easily.

“He is not easy, if I kill him, wouldn’t it be more troublesome.” Lu Xun said.

“Have you forgotten where you live? You have your own yacht. There are sharks in the sea to help you deal with the corpse, the dignified young master of the Lu family, don’t you even have this courage?” Wen Liang deliberately said aggressively.

Killing and destroying the body, waiting for George Han’s corpse to become a shark’s belly lunch, it is impossible for anyone to investigate this matter. This is indeed a good way.

And this can also avoid George Han’s revenge, which can be said to be done once and for all.

Seeing that Lu Xun was still hesitating, Wen Liang continued: “Master Lu, have you forgotten how he embarrassed you at the auction? Now many people in Bedrock Island are laughing at you privately, saying you Lu The young and old is a soft guy now, and even a foreigner can’t deal with it. You won’t really be a soft guy.”

Lu Xun's face became cold, and he shot up and scolded: "Wen Liang, believe it or not, I tore your mouth, how could Lu Xun be a soft guy."

"If not, why don't you dare to kill him?" Wen Liang said with a smile.

"Who says I dare not, don't worry, I will want him to die."

Wen Liang stood up contentedly, threw down a business card, and said, "This is the address where she lives. Remember the reminder I gave you. If he doesn't die, you will have more trouble."

Chapter 293

Holding a business card, Lu Xun is like a treasure. His desire for Amelia Su has reached the point of madness, because he knows that only this woman can make George Han surrender in front of him.

“I found a homestay to hide. No wonder it’s so hard to find, but now. You can’t escape the palm of my hand.” Lu Xun’s expression with an obscene smile, his eyes full of pity, and he continued to mutter to himself Said: “George Han, do you dare to be tough now? I will bring this woman to you soon and let you watch me ravage her.”

Leaving the clubhouse, Lu Xun called a few of his men and drove towards the hotel.

Amelia Su was sitting in the living room of the hotel. With a dazed expression, she couldn’t calm down when she thought of the words Lu Xun said on the phone to torture George Han, but fortunately, she figured out the most important point. That is, it is of no use for her to go to the Lu’s house, but it will increase her own danger, so now she has no thoughts in this regard, but quietly waiting for Mo Yang and others to arrive in the living room.

“Amelia, you can drink some water.” Xu Tong said to Amelia Su. She didn’t eat breakfast or lunch. Xu Tong worried that she would not be able to stand it this way.

The pale Amelia Su shook her head and said: “I am not in the mood to drink water now, thank you, I know you are for my good, but I really can’t drink it.”

Xu Tong helplessly put the water on the coffee table and sat beside Amelia Su comfortingly: “Don’t worry, he will definitely be fine. When Mo Yang arrives, he will be able to save him.”

Amelia Su nodded and said with a firm expression: “Well, Brother Yang will definitely save him.”

Seeing that Amelia Su's face is not falsely worried, it shows that she cares about George Han very seriously. Although Xu Tong can also feel the innocent feelings between George Han and Amelia Su these days, she is very strange.

The entire Basin City knew that George Han had entered Zuosu's house. Moreover, this incident has become the laughing stock of the Su family. Some people even say that George Han is not treated by Amelia Su and has no status in the family. They have not been a husband and wife for more than three years.

Before meeting these two people, Xu Tong always thought that the two people who were forcibly put together must have no feelings at all, and even hate each other, but this time they looked like close lovers. The relationship is much deeper than the average couple, which makes her puzzled.

"Amelia, can I ask you something?" Xu Tong couldn't help but curiously asked.

"You want to ask, why didn't George Han and I be enemies like the outsiders said?" Amelia Su said.

"En." Xu Tong said bluntly: "In the past three years, I have heard a lot about you. I heard that you don't like George Han at all, but I think your feelings for him are very sincere. Pretending to show it."

Amelia Su thought about it three years ago. When George Han appeared in Su's house for the first time, and Amelia Su first knew that George Han was going to join their family, Amelia Su was in despair, because such a waste that fell from the sky would become her husband overnight. At that time, she didn't even know George Han's name, her heart was ashamed at that moment, but she couldn't refuse.

From the appearance of George Han to the date of marriage, Amelia Su's life trajectory changed completely in less than three days.

At that time, she really hated George Han, because if George Han hadn't appeared, she would have more choices in her life, and she might even marry a wealthy person to improve her family's situation.

Until Amelia Su first discovered that George Han would silently follow her not far away during the morning run to protect her, he was like a guardian angel. Never say anything sweetly, but take action to do everything well.

The same is true for her commuting to get off work, of course, at that time Amelia Su did not directly look at her feelings change. Instead, he found more reasons to hate George Han.

One of the things she remembered most was that she casually said something she loved to eat, and when she returned home that night, George Han made it by herself.

Amelia Su said a long time ago, even if a dog has been raised for three years, it will have feelings, let alone the other party is still a silent giver?

Over the past three years, George Han had never complained and was scolded by Lily Jiang. He would also greet him with a smile, willing to endure all the humiliation for Amelia Su, being humiliated and ridiculed by other people in the family, he still looks indifferent, when everyone treats him as trash, but his true identity is Above all others.

Amelia Su knew that George Han was not an ordinary person. And the reason why he endured so many grievances was because of her.

Why not love such a man?

When Amelia Su told Xu Tong about these things, Xu Tong's eyes sparkled, and the feelings between the two were extremely bumpy. George Han's silent dedication was even more tempting. Only in these plain words, Xu Tong was able

to Feeling the humiliation that George Han has suffered during his three years in the Su family, he can bear it all, but it is not something ordinary people can do.

But this also shows that George Han has a deep love for Amelia Su.

“The entire Basin City said he was a trash, but the reason why he stayed silently at Su’s house was actually to protect you.” Xu Tong said.

Amelia Su kept nodding her head and said: “So I am very sorry to him, if I can wake up early, he will not suffer so much wrongs.”

“It’s not too late to change at any time. You love him so much now. It means that his hard work has also been rewarded, and he will be very happy.” Xu Tong said, in today’s society where scumbags are everywhere, there can be someone who loves himself so much. people. Probably what many women dream of, Xu Tong’s inner envy can no longer be expressed in words.

“Have you heard of the little piano prince?” Amelia Su said suddenly.

Xu Tong looked at Amelia Su puzzled, not understanding why she mentioned this incident suddenly.

Although the little piano prince has only appeared once, his influence on the Internet is huge. Even now, there are still voices discussing him on the Internet, and even hope that he can appear again as a member of the fans. How could Xu Tong not know the little piano prince?

“Of course I have heard that I am also in his fan club, but unfortunately he only appeared once, and I don’t know if there will be a chance to see him again.” Xu Tong said with regret, the back image impressed her very deeply. It’s like carving in the mind, but if his appearance is not a hype of a certain company, it would be difficult to see him again.

“You have seen him more than once.” Amelia Su said, her face overflowing with happiness.

“Have you seen?” Xu Tong looked at Amelia Su in shock, and said, “When did I...”

At this point, Xu Tong was suddenly stunned, and his stunned expression became shocked. He exclaimed in an incredible way: “You...you mean, George Han, is he the little piano prince!”

“Yes.” Amelia Su said.

Xu Tong’s eyes widened, her hands covering her mouth, she couldn’t believe it.

The little piano prince turned out to be George Han!

Who could have imagined that the person who made violent storms on the Internet is actually the most famous wimp in Basin City!

“Do you remember the thing about Crystal Restaurant?” Amelia Su continued to ask.

Xu Tong had an unknown premonition, and said in a trembling voice: “Remember, that day was your wedding anniversary. Many people compared that proposal with your wedding and even laughed at you.”

“Actually, this is the surprise he prepared for me.” Amelia Su had tears in her eyes again. Thinking about it, George Han did a lot for her, but she did nothing for George Han, which made her The inner guilt is getting worse.

Xu Tong no longer knows how to describe his shocking mood. The little piano prince is the deity of George Han, and the crystal restaurant that made the entire

Basin City sensational and envied the entire Basin City women, the protagonist was also George Han.

Those people said that George Han ruined Amelia Su's happiness in his life after entering Zuosu's house, but who could know that Amelia Su had already become the happiest woman, and was envied by all Basin City women.

Those who watched the excitement that night, if they knew about this, what kind of mood it would be like.

Chapter 294

“After the news of the Crystal Restaurant came out, many people laughed at you and George Han, and said that the incident was deliberately aimed at you. Otherwise, how could it be chosen on your wedding anniversary. Unexpectedly, the protagonist was originally It’s you, those who read the jokes will be jealous if they know it.” Xu Tong said with a wry smile. She is also one of those people who watched jokes, and her current mood can represent most of the people who watched the excitement that night.

“He never cared about the eyes of outsiders, and so did I.” Amelia Su said.

“But you have such an excellent husband, don’t you want to let others know?” Xu Tong asked puzzledly. If she was replaced by her, she wished that George Han would go to the mall to play the piano every day, and she would be quiet Standing beside George Han. Just enjoy the envious eyes that those women cast on her.

Amelia Su shook her head. George Han’s true identity has not been told to her so far, so Amelia Su feels that he must have something to do, and these things must be done when he conceals his identity. How could Amelia Su publicize these things.

“I’m still afraid that someone will snatch him from me.” Amelia Su said.

Xu Tong nodded, which is quite reasonable, because there are still many wealthy ladies looking for George Han on the Internet, let them know that George Han is the little piano prince, I am afraid it will break the threshold of the Su family. Right.

At this time, Yang Chen suddenly rushed to the living room in a panic, and said to Amelia Su: “Amelia Su, go and hide in the room.”

Amelia Su hurriedly stood up and asked: “What’s the matter?”

“Lu Xun found it.” Yang Chen gritted his teeth and said. He didn’t expect that he could find such a remote place so quickly that Lu Xun could find it so quickly.

Amelia Su’s complexion changed, and she was about to leave, but she heard Lu Xun’s voice reach her ears: “I want to hide, is it useful?”

Yang Chen looked at Lu Xun vigilantly in front of Amelia Su, and said, “Lu Xun, what do you want to do, a big man, do you want to make things difficult for women?”

Lu Xun looked at Yang Chen disdainfully, and said, “What are you. You dare to take care of my affairs and don’t want to live anymore?”

Yang Chen has weakened his hands and feet. After all, he is an ordinary person. Facing the top rich second generation on Bedrock Island like Lu Xun, how is he qualified to be an opponent with him, and Lu Xun also brought a few subordinates. If personally shot, Yang Chen has no choice but to be beaten.

“I...I just.”

“It’s just what, look at your wimpy, scared legs are weak, don’t hurry to roll aside, otherwise my fists are not long-eyed.” Lu Xun sneered, this is a normal opponent. How could someone not be afraid to see him.

Yang Chen stood in front of Amelia Su and did not intend to leave. This was the task George Han had given him. This was also an opportunity for him to rise to the ground. Since he had already chosen to stand on the opposite side of Lu Xun, then this matter must be held to the end. .

“Unless...unless I get down. Otherwise you never want to hurt Amelia Su.” Yang Chen gritted his teeth and said.

Lu Xun laughed loudly when he heard this. Isn't it easy for this stupid guy to ask him to get down?

"You are going to die, I will fulfill you." Lu Xun finished speaking and raised his hand.

Several men around him eagerly walked towards Yang Chen.

Yang Chen turned pale with nervousness. He has never had a fight with him since he was out of society, and the fights during school were just small fights and would not really hurt people, but he knew that Lu Xun's thugs were Will never show mercy.

"You kind of trash, it's not worth taking all of your brothers, you pick one." After several people walked in front of Yang Chen, they laughed and said.

Looking at a few big guys, even if they picked them casually, Yang Chen didn't have the confidence to play.

"I...I want to call the police." Yang Chen said.

One of them punched Yang Chen in the face. Disdainfully said: "You're a f*cking idiot."

Yang Chen felt his face fierce and painful, and it became swollen in an instant. This kind of disparity in combat power made him lack the courage to act.

However, he insisted on standing in front of Amelia Su.

"Lu Xun. Don't go too far." Yang Chen said.

"I was born to specialize in excessive things, don't you know what kind of person I am? You guys don't f*cking play with me and beat me to death." Lu Xun said.

With Lu Xun's order, several thugs didn't dare to molest Yang Chen anymore, and they shot together, squeezing Yang Chen to the ground.

Yang Chen felt that he was experiencing hellish torture. He had never experienced such a beating in his life.

Amelia Su heard Yang Chen's painful cry, and said to Lu Xun: "Hurry up and tell your person to stop. What do you want to do?"

Lu Xun is a dude of the second generation, and he is used to being arrogant on Bedrock Island. He is accustomed to using force to treat opponents, and he doesn't care about begging for mercy.

"What's the hurry, this guy wants to be a hero, I have to satisfy him, let him know the nature of his waste." Lu Xun said triumphantly.

Seeing Yang Chen's cry getting weaker and weaker, Amelia Su wanted to push the thugs away. But her strength was weak, and no effect was seen.

When Yang Chen was dying, Lu Xun said, "It's almost done. If you hit this kind of garbage, you will die."

After a few thugs stopped, Lu Xun walked to Yang Chen and said with a mockery: "Next time you want to be a hero, weigh and weigh your own abilities. You are not even qualified to carry shoes for me like this garbage. Do it right with me."

Yang Chen has a blue nose and swollen face, countless bruises on his body, and his body has collapsed so much that he doesn't even have the strength to stand up.

"Lu Xun, you will regret it." Yang Chen said weakly.

Lu Xun kicked Yang Chen's head and spit on Yang Chen, cursing, "I regret it. You stand up and talk."

Yang Chen's eyes went dark and he fainted directly.

Lu Xun didn't even look at Yang Chen. He looked up and down at Amelia Su and said, "It's really good. Although you are a torn shoe, but in order to let your husband know the fate of offending me, I don't mind fighting you for 300 rounds in front of him."

Hearing these words, Amelia Su panicked. Said: "What do you want to do."

"What are you doing? Everyone is an adult. Isn't what I said is not clear enough? Your man provokes me. This is the price he must pay. I want him to watch how I play with you." Lu Xun said with a sneer.

Finished. Lu Xun took out the phone and continued: "Before this, I will surprise him first."

After the video call was made, George Han appeared in the screen. Amelia Su saw George Han who was covered in blood, and tears suddenly flowed.

"Three thousand."

George Han suddenly raised his head when he heard the familiar voice. When he saw Amelia Su in Lu Xun's mobile phone, he suddenly felt a heart-piercing feeling.

how is this possible!

How could Lu Xun find Amelia Su so quickly.

"George Han, your woman, right now in front of me, you pay attention to me, how should I play with her? Should I train here first, or in front of you, let you see how she struggles "Yes." Lu Xun said with a triumphant smile, now George Han and Amelia Su are the two ants in his hand, allowing him to play around at will.

“Lu Xun, if you dare to mess around, I will kill you.” George Han was furious and kind.

Lu Xun smiled and shook his head, and said, “Trash, look at your own virtues. Just like you, you killed me. What a joke.”

“What do you want to do, as long as you let her go, I will promise you anything.” George Han said urgently, as long as he can prevent Amelia Su from being harmed, he is willing to do anything.

“Or, you make her obedient, and you can save me a little energy if you follow me? Otherwise, I accidentally hurt her, how bad it is to destroy the flowers.” Lu Xun said.

With terrible anger and murderous intent shot into George Han’s eyes, he resisted the pain in his body, stood up, and knelt down in front of the phone with a bang.

“Lu Xun, I beg you, let her go.” George Han said with his head down.

Amelia Su saw this scene and kept shaking her head. He knelt, how could he let him kneel.

“Three thousand, you get up, why do you kneel for this kind of garbage!” Amelia Su kept crying, feeling that her breathing was painful.

Chapter 295

In People's Square, George Han faced Jiang Fu's strong pressure. He never compromised. Instead, he let the old guys kneel down together, shocking the entire Basin City. His knees were neither heaven nor earth. But now he knelt down to Lu Xun. For George Han, this kind of humiliation was almost impossible. But for Amelia Su, he can only do this, and he must do it.

“Hahahahahaha.” Lu Xun laughed happily. No torture made him compromise, but this woman was able to make him surrender, which made Lu Xun very happy and said: “George Han, you are not a hard-headed man. Why? Why don't you continue to be hard now? Knock me a few times before you say, I will consider whether to let him go.”

George Han hit the floor with his forehead without hesitation. Bang bang.

“Lu Xun, as long as you are willing to let her go, it doesn't matter if I smash my head. If you win, you will be the final winner. I give up.” George Han said.

Lu Xun deliberately handed the phone to Amelia Su and said, “Look at this trash man. He knelt down and apologized to me for this kind of trash. What are you doing with him? From me, I can show you the upper class. How about your life?”

Amelia Su was too painful to breathe. All of her attention was on George Han. She couldn't hear what Lu Xun was talking about. Ewha said with rain: “Get up, get up quickly, I don't want you to kneel down for him.”

Hearing Amelia Su's words, George Han clenched his fists, his expression was extremely painful, but he didn't stop kowtow.

Lu Xun suddenly grabbed Amelia Su's hair and gritted his teeth and said, “Smelly bitch, I want you to tell him in person that you are now mine.”

Amelia Su shook her head and said with tears on her face: “I am his wife, this life will be, and the next life will be too.”

“It’s true, I see how deep you are.” Lu Xun slapped Amelia Su savagely, and continued: “In this case, I will take you home. If you are in front of him, he has nothing to do with him. Look, what else can I do?”

After hanging up the video call, several of his men forced Amelia Su into the car, and a group of people drove away.

Xu Tong slumped on the ground feebly. She didn’t say a word during the incident, because she knew she couldn’t help. After Lu Xun left, she dared to walk to Yang Chen.

“Brother Chen, Brother Chen, wake up soon.” Xu Tong, who was flustered, didn’t know what to do, so she could only shake Yang Chen constantly.

After Yang Chen, who was in a coma, was sober, he asked in the first sentence: “Where is Amelia, where is she?”

“She was taken away by Lu Xun.” Xu Tong said.

Yang Chen looked desperate, after all, he still failed to protect Amelia Su, and failed to complete the task George Han had given him.

“Brother Chen, what shall we do now?” Xu Tong asked.

With Xu Tong’s support, Yang Chen sat up with difficulty, and said, “We can only wait for Mo Yang. Only when he arrives can we solve this matter. I hope it’s still too late. Don’t let Lu Xun succeed, otherwise...otherwise... ..”

Yang Chen hesitated to speak and stopped, not daring to imagine if something happened. What are the consequences.

Bedrock Island Airport.

The three hurried people walked out of the airport without any luggage and got into a taxi.

“Master, go to this address.” Mo Yang sat in the co-driver, took out his mobile phone and showed the taxi driver the location that Amelia Su had sent him.

“This is five hundred yuan. Don’t make a detour. We are in a hurry and send us there as soon as possible.” Mo Yang took out five bright red banknotes.

The driver originally planned to pit these three out-of-towners, but it was unnecessary to get 500 yuan. He smiled and said, “Don’t worry, I will take the nearest road and send you there in the fastest time.”

He was silent all the way. After arriving at the homestay, Mo Yang called Amelia Su, but the phone was blocked, which gave him an ominous premonition.

“What to do, Amelia Su’s phone call can’t get through.” Mo Yang said solemnly.

“Go in and take a look.” Dao Twelve finished speaking, and walked towards the hotel first.

Knife Twelve’s working methods are very simple, rude and direct, and even too lazy to knock at the door. Kick away.

Yang Chen and Xu Tong on the sofa in the living room trembled with fright. When Yang Chen saw the twelve swords, they shrank their necks for the first time. They thought it was Lu Xun’s men who came to trouble again, but they saw Mo Yang when. Yang Chen finally breathed a sigh of relief.

“Boss Mo, you are finally here.” Yang Chen said.

Mo Yang was too lazy to care who Yang Chen was, and asked, “Where is Amelia Su?”

“I was taken away by Lu Xun. Go to the Lu family soon, otherwise it will be too late.” Yang Chen said.

Mo Yang didn’t know the position of the Lu family on Bedrock Island, but no matter who it was, even if he smashed Bedrock Island into the sky, he still had to rescue George Han and Amelia Su.

“Lu Feng?” At this time, Dao Twelve said.

“Lu Xun is Lu Feng’s son.” Yang Chen explained.

Mo Yang looked at the twelve swords, since he could name Lu Feng. Then he and this Lu family might know each other and asked, “Who is Lu Feng?”

A sneer appeared on Dao Twelve’s face, and said: “You two go to the Lu’s first, I will look for this old thing.”

The chariots left in two ways.

Mo Yang and Lin Yong went to the Lu family, and Mo Yang went to the Lu family’s company.

“Brother Chen, did they really save Amelia Su?” Xu Tong asked worriedly.

Yang Chen shook his head. This is not Basin City. He doesn’t know how much Mo Yang can do. But now all the hope lies in Mo Yang, except for him, it is even more impossible for anyone else to do this.

“Hope, I don’t want them to be hurt either.” Yang Chen said.

“The two of them finally got together, Amelia Su is a must, don’t be Lu Xun...”

Lujia Company.

In the chairman’s office, Lu Feng was processing documents, and the tall secretary rushed into the office without knocking on the door.

“Don’t know how to knock on the door? You won’t use it for work tomorrow.” Lu Feng said coldly.

“Chairman, someone wants to see you, but now the security can’t stop it.” The secretary said anxiously.

Lu Feng looked upset when he heard the words, and said: “What kind of dog did you dare to make trouble at my Lu family company, call a few more people, beat him up before throwing it out.”

As soon as the voice fell, a man’s voice came from the door: “Lu Feng, I haven’t seen you in a few years. You are not too small now. You want to throw me out because of the waste in your company?”

Hearing this sound, Lu Feng’s whole body shook as if he was struck by lightning.

He raised his head in shock. When he saw the twelve swords clearly, his face was instantly pale as paper, and his hands trembled slightly and said to the secretary: “Go out first and close the door.”

The secretary felt Lu Feng’s emotional change and glanced at Dao Twelve in confusion. Who is this fierce big man, even the chairman of the board of directors has put away his anger.

“You... why are you here.” Lu Feng stood up, shaking uncontrollably, because he knew the identity of the person in front of him, five years ago. He should have died

in the hands of Twelve Swordsman, but Twelve Swords freed him. On that bloody night, there were corpses in a small town in the United States. This killer was merciful because he was a Chinese native.

Over the past five years, Lu Feng often had nightmares, dreaming of hell-like scenes. To him, the twelve knives were like demons, and his life was harvested like cutting grass.

“Your son arrested my boss, how could I not come, but I didn’t expect that I would still run into an acquaintance like you.” Dao Twelve said.

With a thud in Lu Feng’s mind, Lu Xun grabbed the boss of Twelve Swords, the boss of the murderous god!

“No, how is it possible? There must be some misunderstanding in this.” Lu Feng said quickly. He knew what would happen if he offended such a person. Although he didn’t know the identity of Dao Twelve, he killed countless people that night. It was a veritable murder. God, if this kind of thing happened, even if he wanted to kill everyone in the Lu family, Lu Feng would not doubt it.

“George Han.” Dao Twelve said.

“Han...George Han!” Lu Feng’s face was ashen, George Han turned out to be the boss of the twelve swords.

Lu Feng felt that his heart was about to stop beating, and the person he didn’t care about had such a terrifying identity.

Lu Xun called him just now, saying that he had arrested George Han’s woman, and George Han knelt and kowtow to him. Lu Feng was proud that this basin of ice water completely made him sober.

Chapter 296

Lujia Villa.

When Lu Xun brought Amelia Su to the wine cellar, Amelia Su collapsed completely. George Han, covered in blood, was lying on the ground. Although the blood on her ten fingers had solidified, the serious injuries visible to her eyes made her feel distressed and unable to breathe. After experiencing such a heartache, it was like someone holding a knife, making wounds one after another in her heart.

“George, how are you.” Amelia Su squatted beside George Han, crying bitterly.

George Han looked at Amelia Su. Try to pull out a smile and say: “Nothing, just a little injury.”

Amelia Su’s eyes were red. She knew that George Han said this to prevent her from worrying. Even at this time, George Han was still considering her mood.

“Sorry, I didn’t protect you well.” George Han said.

Amelia Su kept shaking her head and said: “It’s not your fault, it’s not your fault, I’m sorry for you. If I hadn’t chosen to come to Bedrock Island, this kind of thing wouldn’t happen.”

“Stupid you, how can you blame you, I just blame my ability is not strong enough, I said. I will protect you, not let you suffer any harm, now it seems that I have to break my promise.” George Han said.

“You have done well, you are very powerful, in my heart you are the strongest person, I don’t want you to bear so much pain for me.” Amelia Su said.

Lu Xun looked at the pair of distressed mandarin ducks and said with a mockery: “If you have anything you want to talk to each other, please say it quickly,

otherwise there will be no chance after a while, George Han, do you regret offending me now? Bedrock Island is my site for Lu Xun, do it right with me, don't you think about your ability?"

Amelia Su turned around, knelt down to Lu Xun, and said, "Please, let him go. As long as you are willing to let him go, I will promise you everything."

"Amelia, what are you talking about? This matter has nothing to do with you." George Han said eagerly.

Seeing Amelia Su's pitiful appearance, Lu Xun sighed: "I'm not the kind of person who can destroy flowers. If you really promise me everything, I can think about it."

"What do you want me to do?" Amelia Su said with a cold expression. In more than three years, George Han had paid enough for her. She should return to George Han now.

"Take off your clothes first, right here." Lu Xun said with a smile.

Amelia Su stiffened and raised her hand with difficulty.

George Han saw this scene and said in a panic: "No, no, Amelia, you can't do this."

Amelia Su turned her head and looked at George Han with a smile, and said: "You have done so much for me, now is the time I paid for you. As long as I can save you, I will pay any price."

George Han's eyes were full of panic, and said: "Even if you do this, he won't let me go, no, don't, I beg you, please don't."

For George Han, Amelia Su was the only important person in his life, and he would never be able to watch Amelia Su fall into Lu Xun's hands.

But in his current state, he didn't even have the strength to stand up, how could he stop Amelia Su?

"George Han, don't talk nonsense, it's so touching. He is willing to pay so much for you. You should be grateful. When I feel comfortable, maybe I will let you go as soon as I am happy." Lu Xun smiled Said.

"Lu Xun, I want to kill you." George Han roared with gritted teeth.

"Kill me?" Lu Xun's eyes were cold, he walked in front of George Han, kicked George Han on his waist, and said, "Look at what your dead dog looks like now. You can't move me by killing me. Waste."

George Han exhausted all his strength, struggling to stand up. The pain was numb to him, but how could the physical strength burst from willpower alone support him and Lu Xun's fight?

When George Han was kicked to the ground again, his expression became desperate because he couldn't do anything.

"Wasting Lao Tzu's time, then you will take a good look at how this broken shoe makes waves in front of you." After Lu Xun finished, he looked at Amelia Su and threatened: "What are you doing in a daze and want him to be beaten??"

Amelia Su closed her eyes crying and slowly unbuttoned her coat.

The fair skin gradually exposed, and Lu Xun licked his lips dryly.

“Unexpectedly, your broken shoes are quite attractive. It’s a pity that you were with this kind of trash. If you knew me earlier, it wouldn’t let him take advantage of this trash.” Lu Xun said.

“No, no. Amelia, I beg you, no, even if I die, I don’t want to see him insult you.” George Han who fell on the ground said desperately, with red tears in his eyes.

At this time, a subordinate suddenly came into the basement and said to Lu Xun, “Master Lu, two people broke into the house and said they wanted to see you.”

Disturbed at such a critical time. Lu Xun said impatiently, “No matter who it is, call me, don’t bother me.”

The subordinate glanced at Amelia Su and knew that Lu Xun was on his head, but the two outsiders looked at the momentum and their identity was not simple. Such an unclear attack would be troublesome if the other party’s background was not small.

“Master Lu, looking at their appearance, their identities are not simple, would you like to meet?” the subordinate asked.

Lu Xun cast a coveted look at Amelia Su. A duck that has reached its mouth cannot fly away.

“Give you another chance to talk and wait for me to come back.” After speaking, Lu Xun left the basement.

Amelia Su hurriedly walked to George Han’s side and said, “I called Mo Yang, it is very likely that he is here.”

George Han shook his head. If this is Basin City, Mo Yang can easily solve it, but this is Bedrock Island, Mo Yang has no influence, even if he comes, it is useless.

“How could Lu Xun find you, Yang Chen?” George Han asked.

“When I was taken away, Yang Chen was beaten into a coma.” Amelia Su said.

Yang Chen was beaten, which shows that it was not Yang Chen who betrayed him, but besides Yang Chen, who else would know where they lived?

“Amelia, I know you want to save me, but if you promise Lu Xun, it will be of no use to save me, don’t do such a stupid thing. Ask me to watch him do that to you... , It’s better to kill me directly.” George Han said.

Amelia Su didn’t speak, she knew the consequences of doing this, but as long as she could save George Han, it would be worthwhile for her.

In the living room. Lu Xun saw Mo Yang and Lin Yong’s completely unfamiliar faces. They really didn’t look like ordinary people, but they certainly weren’t strong locals in Bedrock Island. After all, they were big people on Bedrock Island. He knew each other.

“Who are you and why are you looking for me?” Lu Xun asked.

“Now that George Han is released, you still have a chance to survive.” Mo Yang said with a calm face.

Lu Xun smiled and looked at the two of them, and said, “You guys are here for his trash? But what’s the use, there are two extra trash. What’s the threat to me?”

“Do you know who he is?” Mo Yang said.

“I care who he is. As long as he is in my turf, I have to bow my head when he comes. He is a thing. If you two have nothing else to do, get out and don’t disturb my good deeds. Otherwise, even You fight together.” Lu Xun said disdainfully.

“Lu Xun, I would like to advise you. I cry again when I see the coffin, but it’s too late.” Lin Yong said.

“Two idiots, I’m too lazy to talk nonsense with you and fight me out.” Lu Xun’s impatient opponent said, Amelia Su is already willing to take the initiative to give him a hug, he has no intention of wasting time with two men.

Several subordinates walked towards Mo Yang and Lin Yong.

At this time, the door of the Villa was suddenly pushed open, and Lu Feng walked in panic, with Twelve Swords behind him.

“Dad, these two clowns who didn’t know where they came from actually asked me to release George Han. I’m about to let them go.” Lu Xun said to Lu Feng with a smile.

Lu Feng’s current state of mind is like standing on the edge of a cliff, and there is the possibility of falling to pieces at any time. He now regrets coming out to help Lu Xun solve this matter. If it were not for him, it would not have evolved to such a point. .

“Where is George Han?” Lu Feng walked to Lu Xun and asked.

“Dad, don’t worry, although he was beaten very badly, I still gave him a half-life promotion. He can’t die.”

Just after saying this, Lu Feng slapped Lu Xun in the face.

“Dad, what are you doing!”

Chapter 297

Lu Feng was trembling with fear. If George Han had only half his life left, he would probably not survive the lives of a few members of his Lu family.

Only he himself knew how much Lu Feng regretted at this moment.

He hoped in his heart that this was a dream, if it hadn't happened, it would be a pity that it could only be a fantasy.

“George Han will be released immediately.” At this moment, Dao Twelve said.

Heard this sentence. Lu Xun looked at Dao Twelve with disdain, and said coldly: “What are you, and you are qualified to order me?”

These words made Lu Feng tremble all over. Lu Xun used this attitude to talk to Dao Twelve, isn't he looking for death?

“Presumptuous, you shut up, go and bring George Han out immediately.” Lu Feng scolded.

“Dad, did you take the wrong medicine today?” Lu Xun asked puzzledly. Lu Feng seemed to have suddenly changed himself, leaving him puzzled.

Lu Feng took a deep breath and said in a low voice, “Do you remember that I told you about foreign affairs?”

Lu Xun knew about this, but he always felt that Lu Feng was bragging. How could there be such a powerful person who slaughtered corpses all over the floor, could this be something that humans can do?

“Dad, I never took the matter you said seriously. I know you deliberately frightened me.” Lu Xun said nonchalantly.

Seeing Lu Xun's recklessness, Lu Feng has only now been able to feel the lawlessness of this son. He is so arrogant that even if he doesn't die in the hands of Twelve Swords this time, he will die in the hands of others in the future.

Muxiuyu and the forest wind will destroy it. How can a person who is too arrogant not pay for it?

"You think I was joking with you, but now this person is standing in front of you. If you don't want to die, go and bring George Han out for me immediately." Lu Feng gritted his teeth.

"What!" Lu Xun looked at Lu Feng in shock, and then he thought about Dao Twelve again. Could it be him?

"Hurry up, take him out first, and I will figure out other things." Lu Feng urged.

Lu Xun was a little frightened. Seeing Lu Feng's appearance obviously didn't seem to be joking. If the murderer stood in front of him and came to save George Han, what would happen to him?

Uncontrollably swallowing his saliva, Lu Xun hurried to the wine cellar.

At this moment, Mo Yang frowned. Although he did not look directly at the Twelve Swordsman, Yu Guang was looking at the Twelve Swordsman.

He and Lin Yong were almost driven out, but after the twelve swords came, they reversed the matter almost instantly, and seeing Lu Feng's appearance, he was very afraid of twelve swords, and his body had been shaking since entering the Villa. This kind of fear was definitely not caused for a while, it should be that he had a huge shadow on the twelve swords.

Mo Yang thought that Dao Twelve was not easy before, but because of George Han's trust, he did not investigate the identity of Dao Twelve, but his influence has spread to Bedrock Island. This had to make Mo Yang Fang is mindful.

Back in the wine cellar, after seeing Lu Xun, George Han gritted his teeth and said, "Let her go. Something is coming at me."

Amelia Su stood in front of George Han and said, "Don't hurt him, I promise you."

Faced with the mutual protection of the two, Lu Xun lost the ridicule and ridicule before, and his expression was extremely solemn. He kept thinking of the story Lu Feng had told him. The bloody picture only made him express through language. I was on the scene, and Lu Feng said that if you provoke such a killer, there is only one result, and that is death.

Looking at George Han who was seriously injured, Lu Xun seemed to have seen what would happen to him. He did not allow this to happen.

"Take it away." Lu Xun said to his opponent.

George Han frowned and looked at Lu Feng's ease of attitude towards them. Could it be said that Mo Yang had found a relationship on Bedrock Island to suppress Lu Xun? If this is the case, it would be too unexpected. Because George Han felt that Mo Yang's presence was useless.

When George Han and Amelia Su came to the living room, Mo Yang and the three of them saw the miserable situation of George Han, immediately furious, but fortunately. Amelia Su was not injured. Mo Yang knew what this inverse scale meant to George Han. Amelia Su was fine, so his anger had a limit.

"Three thousand, how are you."

"Brother Three Thousand."

“Brother Three Thousand.”

Lu Feng’s face became paler when he heard Dao Twelve call out the three words, Brother George. It seemed that George Han was indeed the boss of Dao Twelve, who offended and abused the murderous boss. Lu Feng’s legs were so soft that he was about to lose his feet.

Mo Yang walked toward George Han for the first time, suffering such a serious injury, especially the ten-finger toothpick was shocking, he had to go to the hospital for treatment immediately.

At this time, Lu Xun reacted fiercely and roared: “Don’t come over, otherwise, I will kill him!”

Finished. Lu Xun’s dagger glowing with cold light hit George Han’s throat.

Lu Feng was shocked, his heart almost stopped, and said, “Lu Xun, you rebel, let him go!”

“Dad, is it still useful to let him go now?” Lu Feng gritted his teeth and said, “If I let him go, will he let me go? Do you naively think that he will be fine if you let go?”

Of course, Lu Feng didn’t think that releasing George Han would quell the matter, so he said to find a solution, but the method Lu Xun is using now is absolutely stupid. Using George Han as a threat will only make Dao Twelve is even more angry, and it will only force the Lu Family into a desperate situation.

“You let him go first, dad will find a way to solve this.” Lu Feng said.

Lu Xun shook his head and threatened Sword Twelve: “If you don’t want him to die, you’d better be honest, I know you are great. But if you don’t agree to my request, I will kill him immediately.”

Dao Twelve asked in a deep voice, “What do you want?”

“I want to leave here and wait until I am safe before letting him go.” Lu Xun said, this is the only way he can think of protecting himself. As long as you don’t die, it doesn’t matter if you leave Bedrock Island.

Dao Twelve’s face was cold, and things had already developed to this point, how could he let Lu Xun go.

“If you have the courage, kill him.” Finished. Dao Twelve walked towards Lu Xun.

Lu Xun’s hand holding the dagger couldn’t help shaking, and said in a panic: “Don’t come over, I tell you don’t come over, stop. Don’t force me, or I will really kill him!”

The twelve sides of the knife were sinking like water, and said: “Worthy, do you have the guts to kill? If you kill him, I will make you feel bad for life and die.”

As the Twelve Swords approached, Lu Xun’s expression became more and more ugly. He did not expect that even this method would not threaten Sword Twelve.

He said that killing George Han was just a threat. He never thought of daring to do so. Because George Han died, he would not have any chance to escape.

“Are you really afraid?” Lu Xun said.

Sword Twelve sneered and said, “Do you think I’m afraid?”

Walking in front of George Han, Knife Twelve One grasped on the blade of the dagger. The sharp blade instantly cut through the palm of Knife Twelve’s hand, but this small wound Knife Twelve didn’t even frown.

Taking the dagger abruptly, the twelve sword kicked Lu Xun with one kick. Lu Xun flew upside down like a broken kite, and then slammed heavily on the ground.

Mo Yang and Lin Yong rushed to George Han's side, helping each other.

“Mo Yang, take Amelia away first.” George Han said weakly.

Mo Yang nodded, and said to Amelia Su: “Brother sister, you can go with me first.”

Amelia Su knew that George Han would not let Lu Xun go, but she couldn't imagine how George Han would deal with him. George Han asked her to leave, probably because she didn't want her to see something.

“Three thousand, you have to go to the hospital, don't wait too long, okay?” Amelia Su said softly.

George Han nodded, supported by Lin Yong and sat on the sofa in the living room.

After Amelia Su left the Villa, Lu Feng knelt down in front of George Han with a thud, and said bitterly, “I'm sorry, I'm sorry, it's my Lu family who doesn't know Taishan, so I don't know that you are a big man, please. Forgive the Lu family this time, I promise you whatever you want.”

The pain in George Han's whole body was numb, unable to do anything, just raised his hand in front of Lin Yong.

“Brother George, I know what to do.” Lin Yong said.

Chapter 298

When Lin Yong walked towards Lu Xun, Lu Xun panicked and shouted at his opponents, asking them to stop Lin Yong, but with Twelve Swords in their hands, how could these men be able to stop him?

“Your methods are quite ruthless. The rich second generation can do your arrogance. It seems that your dad has spoiled you. Today I will let you know what it feels like to use ruthless methods on yourself.” Lin Yong said coldly. .

“You...what do you want to do.” Rotation asked in a panic.

“Since you can come up with this kind of torture, don’t you want to experience what it is like?” Lin Yong sneered.

“I was wrong, I was wrong. No, I don’t want it.” Lu Xun knelt down and begged for mercy, constantly kowtow.

“I don’t have a toothpick, so I can only use another method instead, but it feels like it should be the same.” Lin Yong grabbed Lu Xun’s hair and dragged him to the coffee table.

Pushing Lu Xun’s right hand tightly on the coffee table, Lin Yong picked up the ashtray, smashing his fingers one after another, making them bloody.

Lu Xun’s screams screamed from the Villa, making Lu Feng’s hair terrified. But at this scene, he had no other choice but to watch.

“Dad, save me, save me quickly.” Lu Xun shouted at Lu Feng. The whole finger of his right hand was completely gone, and the heart-piercing pain made Lu Xun feel that life is better than death.

“This is the price you should pay.” Lu Feng gritted his teeth. At this time, he could only let Lu Xun bear the result cruelly, or the Twelfth Sabre would take the shot himself, and the price would be even greater.

When his left hand was placed on the coffee table, Lu Xun was desperate, shaking his head in a panic, and said to George Han, “I know I was wrong, you let me go. No matter what you want me to do, I will promise you.”

George Han sat weakly and paralyzed on the sofa, and said weakly, “If you are wrong, you will have to pay the price.”

Seeing that George Han hadn't let go of his plan, Lu Xun shouted at Lu Feng again: “Why are you a father? Your son is about to be abandoned now. You are still indifferent. Lu Feng, Lao Tzu is the only one in the Lu family. Inheritor, the Lu family wants me to pass on from generation to generation, don't you do anything?”

Lu Feng's heart sank. He only has one son. It is for this reason that he will spoil Lu Xun indefinitely, no matter what he does or what mistakes he commits. Lu Feng would take care of the consequences, if he had known that there was such a day, he would never indulge Lu Xun so much.

“I developed your character, but you are also arrogant. This time I should teach you a lesson.” Lu Feng said.

As Lin Yong's ashtray fell, Lu Feng couldn't bear to turn his head and couldn't bear to look again. After all, this was his son, and being beaten like this would eventually become unbearable.

Ten fingers were bloody and bloody, and Lu Xun fainted with pain for a while, but was awakened by Lin Yong's cold water.

The father and son kneeled together in front of George Han, and all of those men had been driven out of the Villa.

Lu Feng was in a very complicated mood. He couldn't guess at what price George Han would forgive him.

“George Han, I can give you half of the assets of my Lu family on Bedrock Island. I just beg you to let us go.” Lu Feng said.

George Han didn't speak, but looked directly at Lu Xun. He couldn't move now. Otherwise, he would kill Lu Xun himself.

Those who have crooked thoughts about Amelia Su will only end up dead.

This inverse scale can't be touched even if the king of heaven comes.

Seeing George Han not speaking, Lu Feng continued: “I will give you two-thirds.”

“Do you think I care about money?” George Han said lightly.

“Hundreds of billions are in front of you. Are you not tempted?” Lu Feng said in disbelief. A small amount of money might not matter to George Han, but the Lu family's industry is amazing. Not to mention the market value, the actual value has exceeded 100. Billion, how could anyone not be tempted?

George Han smiled indifferently, let alone tens of billions, even if hundreds of billions were placed in front of him, he wouldn't look at it now.

“Lu Xun, do you want to live?” George Han asked Lu Xun.

Lu Xun nodded like a chicken pecking rice. He didn't want to die, let alone die in the hands of George Han. As long as he survived, he would have a chance for revenge in the future.

For Lu Xun, who is bound to take revenge, even now he still thinks that as long as he is given a chance, he will be able to take revenge.

So what is it that the twelve swords are powerful, spending a lot of money, can't you still invite a more powerful killer?

"Yes, I think." Lu Xun buried his head and said with fierce eyes. It is not too late for a gentleman to take revenge for ten years, as long as he can survive today.

"Kill him, I will give you a chance to survive." George Han said with Lu Feng.

Lu Feng trembled and said in horror: "What did you say, you let him kill me!"

"You heard that right. Killing you, do you think your son has such courage?" George Han smiled.

Lu Feng gritted his teeth and said, "How could he kill me, don't deceive others too much."

"Too much deception?" George Han looked at Lu Feng coldly and said: "My grievance with him is nothing but an eternal necklace, and I bid for it with fairness, but you feel embarrassed, so you caught me. Who is deceiving too much?"

"This matter. My Lu family did too much, but if you want Lu Xun to kill me, you underestimate the relationship between our father and son." Lu Feng said firmly.

Clang.

A dagger fell in front of Lu Xun, and when Lu Feng saw Lu Xun stretch out his bloody hand, his expression suddenly changed.

"Lu Xun, what are you going to do! I'm your father." Lu Feng scolded.

Lu Xun's expression was gloomy. If he could only survive by killing Lu Feng, he could only do this.

“Dad, don’t blame me, you are already old. There are not a few years to live, but I am different. I still have a lot of youth. I have to inherit the Lu family. Your old man is in the spirit of heaven. Bless me to get married soon. “As soon as he finished speaking, Lu Xun, who was holding a dagger, took Lu Feng in his arms and hugged him fiercely.

Lu Feng showed incredible eyes, and the pain in his chest told him that Lu Xun did not hesitate to act on him.

“you you.....”

Lu Xun pushed Lu Feng away, without looking at his father who was lying in a pool of blood. He lowered his head and said to George Han, “I have done what you said, now you can let me go.”

“I said that I can give you a chance. Now you can leave as long as you have a twelve blow.” George Han said lightly.

Lu Xun suddenly looked up at George Han. Sword Twelve was the murderer in Lu Feng’s mouth. How could he have beaten Sword Twelve.

“You play with me!” Lu Xun gritted his teeth.

“Yes, I was playing with you, from the moment you caught Amelia. You are doomed to die and no one can save you.” George Han said coldly.

Dao Twelve walked up to Lu Xun and said, “Do you want me to give you a chance to resist?”

Lu Xun felt the pressure brought by the huge body of Twelve Swords, kowtow to George Han with a desperate expression, and said, “Don’t kill me. If I die, it will not do you any good. On Bedrock Island, My Lu family is a famous family. If I

die, it will definitely cause great fluctuations. Are you not afraid to ask for trouble? As long as you don't kill me, I can help you cover up Lu Feng's death."

"Lu Feng's death? You killed him. What does it have to do with me? Why did you help me cover it up?" George Han sneered. Support the sofa with both hands.

Upon seeing this, Lin Yong hurriedly helped support George Han.

George Han continued: "In this world, no one can hurt Amelia Su, no one can do it!"

"Whoever it is must die."

With Lin Yong's support, George Han slowly walked towards the door of the Villa.

Panicked Lu Xun looked at his leaving back and kept begging for mercy, but he didn't get George Han's stay, because in George Han's heart, no salvation would allow Lu Xun to escape death.

"Big Brother Dao, you let me go, please let me go, I will give you all the property of the Lu family." Lu Xun could not call back George Han, so Lu Xun had to beg for mercy against Dao Twelve.

Dao Twelve looked at Lu Xun with cold eyes and said, "For someone like you, you cannot understand his feelings for Amelia Su. When you touch this bottom line, it is the countdown to your life. Anyone changes. No more."

After speaking, Sword Twelve grabbed Lu Xun's neck and lifted him in the air.

When Lu Xun was struggling in the air, the past scenes in his mind flashed like a marquee. If he were to find one thing he regretted most in his life, he would probably offend George Han.

Chapter 299

When George Han walked out of the Villa, a black car parked outside the Villa drove away for the first time. The car window on the car windows was deeply black, so it was impossible to see who was inside.

“George, there seems to be something wrong with this car, it was there when I came.” Mo Yang said to George Han.

George Han shook his head and said, “Just ignore it and go to the hospital.”

In the car that left, Wen Liang was sitting, when he watched George Han walk out of the Villa alive. The heart fell to the bottom in an instant. George Han’s immortality was a huge hidden danger for him. He never expected that he would be protected by Shinweng, because he knew that he was just a pawn that was used.

“Lu Xun, you trash, George Han has been in your hands for such a long time. You haven’t killed him yet. Isn’t that harming me?” Wen Liang gritted his teeth and muttered to himself, then said to the driver:” Go to the airport. I want to leave here immediately.”

On the way to the hospital, Amelia Su kept wiping tears secretly. She couldn’t bear to see George Han suffer such a serious injury, but even though she restrained herself from watching, she still couldn’t help it.

“I’m fine. Don’t worry.” George Han said to Amelia Su.

Mo Yang smiled and comforted Amelia Su: “Sister, don’t cry, if you keep crying, he will feel distressed to death. The physical pain is nothing, the heartache is the real pain.”

George Han touched his chest and said sincerely: “You have pity on me, don’t make me hurt.”

Amelia Su tried hard to wipe away her tears, but wiped more and more, like the flood of the Yellow River bursting its banks.

“I don’t cry, don’t cry.” Amelia Su said.

“You won’t be pretty if you cry again.” George Han smiled.

“En.” Amelia Su kept nodding her head, gritted her teeth and insisted, but in the end she burst into tears.

“I’m sorry, I’m useless, I want to endure not crying, I really want to endure, but... but I can’t bear it.” Amelia Su said with some collapse.

George Han took a deep breath and said with red eyes, “It’s okay, just cry if you want.”

Sitting in the front seat, Mo Yang sighed. What a great relationship between husband and wife, he had had before, but it was a pity that his choices were different, which led to a different final result.

Once upon a time, he naively thought that he just had to withdraw from the arena. He can live his life steadily, but the facts have taught him a bloody and irreparable lesson.

If Mo Yang were given another chance to choose, he would never wash his hands with a golden basin. He would make himself stronger and stronger just like George Han. Only powerful means are qualified to protect his own woman.

“Three thousand, twelve, it’s not easy. If it weren’t for him, I’m afraid this matter would not be solved so easily.” Mo Yang reminded George Han, Dao Twelve came forward to reverse the situation. It was his previous identity that played the role, but it was able to make Lu Feng so scared, Mo Yang really couldn’t think of what the sword was doing before twelve.

George Han could also see Lu Feng's fear of the Twelve Swordsman, but he had already said that since he chose to believe in the Twelve Swordsman, he wouldn't have any doubts about him.

"I still said that, trust him." George Han said.

Mo Yang nodded, no longer talking.

When he arrived at the hospital, George Han's injury was man-made, which was not an ordinary incident, so Mo Yang also spent some money to get through the relationship before the hospital could help conceal this matter.

Early the next morning. George Han watched the morning news. The news was announcing the explosion caused by the Lujia gas leak last night. Lu's father and son were buried in flames, leaving only two charred and unrecognizable corpses. The incident was defined as an accident. Many people in Bedrock Island sighed. After all, the Lu family was the most famous rich man on Bedrock Island. Unexpectedly, the father and son died in an accident.

When Amelia Su saw this news, she knew it was not an accident, but she didn't ask much, and she was not as fragile as George Han imagined. Lu Xun tortured George Han in this way, even from Amelia Su's point of view, he was dead.

"Eat an apple." Amelia Su cut an apple and handed it to George Han.

George Han helplessly raised his bandaged hands and said, "Or, go to the toilet first?"

Amelia Su blushed immediately and lowered her head. The two of them had the closest contact. Starting from last night when George Han wanted to go to the bathroom, Amelia Su personally helped, and he didn't miss every step. Although he had already experienced it once, this kind of thing is for Amelia Su. Still very shy and unacceptable.

“Be patient.” Amelia Su said.

George Han couldn't laugh or cry, and said, “If I can't bear it anymore, what should I do if I get sick?”

“Don't frighten me, such a small matter, how could I get sick.” Amelia Su said complaining, but she stood up, ready to help George Han to the toilet.

The knife mouth tofu heart is probably the embodiment of Amelia Su at this moment.

As soon as the two of them went to the toilet, Mo Yang arrived in the ward and saw that there was no one in the bed. There seemed to be some movement in the toilet, I couldn't help but lean forward two steps and overheard.

“Be careful, pee out.”

“Wife, watch it a little bit.”

These words of ruining the Three Views caused Mo Yang to withdraw from the ward silently. If Amelia Su knew that he had been here, wouldn't the shy younger brother and sister find a hole in it?

Standing at the door of the ward, after confirming that George Han had used the toilet, Mo Yang pretended to enter the ward. Asked: “How about it, depending on how you look, it should be better.”

“It's better.” The smile at the corner of George Han's mouth could not hide the slightest.

“You talk, I'll get some water.” Amelia Su left the ward with a hot water bottle.

“George Han, I didn’t expect you to be so brazen.” After Amelia Su left, Mo Yang said disdainfully.

George Han was confused and asked: “Why am I so brazen?”

“I’ve been here just now, I know what’s going on in the toilet.” Mo Yang smiled.

“She is my wife, is there anything wrong? How can it be shameless.” George Han said with an open air.

This made Mo Yang feel like a throat, and he didn’t know how to refute it. The two of them are husband and wife, and a little contact is normal. How can it be called shameless.

“Come on, you think carefully, don’t I understand? You take another day off, and tomorrow we will return to Basin City. After all, this place is a place of right and wrong, not our territory.” Mo Yang said.

George Han nodded, he knew what Mo Yang was worried about. Although the Lu family and his son are dead, there is no guarantee that Lu Feng will still have a trusted person. If he stays for one more day, the danger will increase by one point, and he can only return to Basin City. It was the safest place in his own territory. At that time, even Lu Feng’s cronies wanted revenge.

“Okay, listen to your arrangements.” George Han said.

Mo Yang’s expression suddenly became ambiguous, and he raised his eyebrows and asked George Han: “George, this trip. Is there any good thing that happened to my brother to share? Three years, has the revolution succeeded?”

George Han glared at Mo Yang, and said coldly: “It has nothing to do with you, nothing else, don’t disturb me to rest.”

Mo Yang sighed. He said: “Hey, it seems that some people are still young. It’s a pity that you haven’t grasped such a good opportunity. I think you have no hope of giving me a godson in your life.”

George Han couldn’t move, otherwise, he would have to get out of bed and fight with Mo Yang.

Mo Yang was about to leave, opened the door of the ward, and saw Amelia Su standing at the door. He was shocked. Amelia Su didn’t hear what he said just now, right?

“Brother sister, you...when did you come back?” Mo Yang asked vaguely.

“Just about to open the door, what’s the matter?” Amelia Su said without changing her face.

Mo Yang breathed a sigh of relief and said again and again, “It’s nothing, you take good care of him, we will return to Basin City tomorrow.”

Amelia Su nodded, although her face did not change, her ears were red.

She didn’t hear what Mo Yang said before, but the godson heard that very clearly.

She also thought about this, but it’s a pity that George Han hasn’t gotten around and didn’t understand her meaning.

Perhaps this elm bump, I am afraid that I will never understand it in my life.

But this kind of thing made Amelia Su take the initiative, and she didn’t know what to do. After all, the biggest dimension of her love in life was to hold hands with others.

Chapter 300

Cloud City.

Harry Su's company has been established, and the large-scale absorbing of Su's original members is equivalent to a company relocation. Except for the change of address, nothing else has changed.

But Harry Su's mood didn't get better. He thought that the square incident could completely destroy Amelia Su, but the result was that everyone was dumbfounded. Not only did she not lose face, but she also became a hot topic in Cloud City. In the past few days, Cloud City has experienced great turmoil. Everyone who appeared in the square, including Jiang Fu, declared bankruptcy. It was just a matter of days.

“Harry. Where did the people from the Su family's company come from? How come they suddenly landed in the air, just like a heavenly soldier.” Su Yihan sat in Harry Su's office and said puzzledly. The things in the square did not humiliate Amelia Su. Su Yihan still wanted to step on Amelia Su severely in the company's matter. But now, the Su family company has not fallen, and the development momentum is getting stronger and stronger, Jiang Fu and others The human industry chain is now almost entirely in the hands of Sujia Company.

Now, in the entire Cloud City, apart from the Heavenly Family, no one can compare with the Su Family Company, which makes Su Yihan very unconvinced.

Harry Su didn't know where those people came from, but he knew that it was George Han who arranged secretly, and only he, an abandoned son of the Han family, could do this.

“Even if it doesn't break down now, I will break it down sooner or later, what's to worry about.” Harry Su gritted his teeth.

Su Yihan believes in Harry Su, because Harry Su said that his backstage is very powerful, even if Tianjia can't match it, but she wants to see Amelia Su's fall faster, and doesn't want to give Amelia Su a chance to rise above it.

"Now that Su's company is developing so fiercely, have you thought of any good way to deal with Amelia Su?" Su Yihan asked.

If you want to defeat Amelia Su in the mall. Judging from the current situation, Harry Su hasn't had the slightest chance for the time being, because the billion he got in front of the current Su Family Company has no meaning at all, unless Shen Wengken secretly helps him.

But this old thing didn't know when he had left Basin City. Except for him actively contacting him, Harry Su couldn't contact him at all.

"No." Harry Su gritted his teeth and said.

"Then you don't have to think about a solution, are you willing to watch Amelia Su continue to be proud?" Su Yihan said.

"Of course I don't want to, but do you think it's simple? The Su Family Company is no longer the former Su Family Company. Grandma has always hoped that Su Family Company can become the first-class in Basin City. I did it in my hands." Harry Su said with a face full of dissatisfaction.

Su Yihan also hates the abnormality. Those dowry gifts are nothing to Amelia Su now, but for Su Yihan, it is the double loss of money and face. She was supposed to get the dowry gifts, but Amelia Su took advantage of them. This matter has always been brooding.

"I have a way to ease the relationship with Amelia Su on the surface, and find a way to deal with her in secret. What do you think?" Su Yihan suggested.

Harry Su sneered coldly and said: “Do you really treat her as a fool? With the current level of the breakdown of the relationship, how could she believe me.”

“Then start with the uselessness of George Han. If you can’t deal with Su’s company, just deal with George Han.” Su Yihan continued.

Useless?

In the past few years in Basin City, he was indeed a waste, but who knew that he was actually the son of the Han family? Although Shin Weng said that he was an abandoned son of the Han family, even if he was an abandoned son, he was not very comparable.

Harry Su didn’t want to admit it, but he had to admit that George Han was much higher than him in terms of fundamental status.

How does the Su family in Basin City compare with the Han Family?

“I will find a way, you just need to do your own thing.” Harry Su said solemnly.

“Well, what can I do for help. Just ask me.” Su Yihan said, as long as she can destroy Amelia Su, she is willing to do anything.

Since childhood, Su Yihan has had a better life than Amelia Su. She has everything that Amelia Su can only envy, but now that the status is transferred, how can Su Yihan endure such a change.

This is a habit, accustomed to living better than Amelia Su, so Su Yihan believes that this situation will naturally last a lifetime.

Don’t expect people around you to bless you for a good life. Most people will secretly express their stomachs with a jealous attitude, and even hope that you fall to pieces.

At this moment. Harry Su's phone rang suddenly, and a happy smile gradually appeared on his face.

"What's wrong?" After Harry Su hung up, Su Yihan asked curiously.

"They came back. It seems that George Han's trash was injured, and he was actually in a wheelchair. It's not bad. He started to enjoy wheelchair treatment at a young age." Harry Su said with a smile.

Su Yihan was also happy when she heard this. All the misfortunes of George Han and Amelia Su seemed to her to be celebrated.

"Would you like to go and see him? You have to pick some rotten fruits anyway." Su Yihan said.

"Of course it depends. As for the fruit, I don't need it. I have a better gift for him." Harry Su sneered.

After George Han arrived in Basin City, he was directly admitted to the hospital. This was arranged by Mo Yang in advance. It was much easier to do things on his own territory, and basically everything could be done in one sentence.

In the VIP's single ward, George Han was taken care of by Amelia Su. Mo Yang and the others didn't want to disturb their two-person world, so they were early on.

"Aren't you going back to the company?" George Han asked Amelia Su. Amelia Su had always been very worried about the company's situation in Bedrock Island and couldn't wait to come back. Now that he is back, Amelia Su doesn't seem to care much about this matter. Up.

"Is it important for the company to have you? After you are well, I will go to the company to have a look." Amelia Su said.

“I have nothing more to do. If you want to know the company’s situation, go and see. Otherwise, you won’t feel at ease.” George Han said.

Amelia Su is indeed curious about the company’s situation, but this is what happened before, after George Han was injured. She had long forgotten this matter. For her, it was not important to take care of George Han.

“If you don’t go, you can’t be by your side. I’m not at ease.” Amelia Su said.

George Han’s heart was warm. Although Amelia Su was strong and wanted to express himself, it was obvious that he had occupied the most important position in Amelia Su’s mind.

“Then make a call. Ask Shen Lingyao.” George Han said.

“This is okay.” Amelia Su said with a smile, then took out the phone.

This time, Shen Lingyao, in order not to let George Han look down upon him, often worked overtime in the company. In addition to integrating into the company environment, she also had to learn. Of course, she also witnessed something that can be called a miracle. When everyone was not optimistic, a strong counterattack and abruptly overthrew several buildings including Jianghe Group. All of this was done by Director Qin.

“Amelia, are you back?” Shen Lingyao looked very excited when she received Amelia Su’s call.

“Yes, just arrived today, where are you?” Amelia Su asked.

“Of course I am at work, Chairman, you are not here, right?” Shen Lingyao said.

To work?

Amelia Su glanced at George Han suspiciously, did the company really operate normally so soon?

“What’s going on in the company?” Amelia Su wondered.

“Very good, very good, don’t you know that Jangho Group has gone bankrupt, and now your company has taken over all the industrial chain and cooperation of Jangho Group, and there are also several other companies. I’m sitting on an equal footing with Tianjia.” Shen Lingyao said.

Amelia Su’s eyes widened with an incredible expression.

On an equal footing with Tianjia?

How could this be possible? How could the Su family’s ability be compared with the Tian family? What happened after only a few days of leaving!

“What’s wrong, why are you not talking anymore.” Shen Lingyao asked.

“No...nothing, what you said is true?” Amelia Su said in astonishment.

“Of course it’s true. Can I make fun of you about this kind of thing? If you don’t believe it, let’s see for yourself. If you, the chairman, have been absent from work for so long, you should come to the company to have a look.” Shen Lingyao said.
