

Chapter 301

Amelia Su answered a few words, did not say when to go to the company, she is not in a hurry, George Han is still in hospital, she has to take care of it, and given the current situation of the company, she doesn't need to Go in a hurry.

After hanging up the phone, Amelia Su looked at George Han with a dull expression. How long has it taken to go to Bedrock Island, George Han has actually done everything in Basin City, not only has he developed the company, but even the big companies of Jianghe Group have gone bankrupt. Their bankruptcy was not an accident, but Amelia Su couldn't imagine how George Han did this.

“You...how did you do it?” Amelia Su asked George Han incredulously.

George Han smiled and said: “I found a very good friend for help, he did it, and it has nothing to do with me.”

Amelia Su is an adult. How could she believe that this incident has nothing to do with George Han, and all the things that happened to her recently were done by George Han!

“Are you my hero?” Amelia Su said.

George Han was a little dazed by Amelia Su's sudden inexplicable words, but he still nodded. If he is really a hero, it is only Amelia Su's hero alone.

“Then you should give the hero a hug? I helped you a lot.” George Han smiled.

Just as Amelia Su was walking towards George Han, the door of the ward was suddenly pushed open by gravity and hit the wall with a bang.

Harry Su walked in with a clock in his hand and looked around and said, “Where should I hang it? Yihan, you can choose a location for me.”

Su Yihan smiled and said, “Hang it anywhere, the place is so spacious. You can see it everywhere at first glance.”

When Harry Su went to the watch shop, Su Yihan smiled so much. This kind of gift was really wonderful. She had never thought of this kind of operation.

Sending the bell, isn't this the end?

“Harry Su, what are you doing?” Amelia Su said coldly.

Harry Su looked like a hippie smile, and said: “I'll take a look at George Han, and bring some gifts by the way. Don't be polite, just a little bit of heart.” A

bit of heart, this kind of heart is really not small. How can anyone give gifts to watches? , He was clearly looking for trouble.

“Harry Su. I advise you to take this broken thing and leave as soon as possible, otherwise I will be rude to you.” Amelia Su gritted her teeth.

Now that George Han is still lying on the hospital bed, Amelia Su can't do anything to him, so Harry Su is not threatened, and said, “You're welcome? What's your kind, Amelia Su, I'm kind, don't bite Lu Dongbin.” Harry Su said.

“Yeah, isn't Harry afraid that you don't have a place to check the time in the hospital, so I carefully selected this gift. Don't know what is good or bad.” Su Yihan said.

Amelia Su's face has become like pig liver color. The two people sang together, deliberately showing that they don't know what it means to send the bell, but their true thoughts are cursing George Han. How could Amelia Su fail to see it? .

“We don't need this gift, you can take it.” Amelia Su said.

Harry Su frowned, with a disdainful face, and said to George Han: “Trash, I kindly came to give you a gift, do you have to be good or bad, wife?”

George Han was lying on the bed. Without the slightest anger, every time Harry Su jumped up and down in front of him, he was like a clown jumping up and down, and his methods became more and more retarded. He didn’t seem to know at all, and he was complacent about it.

“Harry Su, I can’t beat you now, but after I am discharged from the hospital, have you ever thought about what will happen?” George Han said lightly.

Harry Su only dared to ask for trouble because of George Han’s injury. If he recovers and is discharged from the hospital, Harry Su can’t afford it.

But everyone came, just left so sullenly, so much shame?

“George Han, is your trash useful to threaten me? Do you think I will be afraid of you?” Harry Su said disdainfully.

“Are you afraid of me. It’s not your mouth that has the final say, do you want to try the fist?” George Han smiled.

“If your fist is hard enough, how could you be beaten like this? You are a waste of money. You don’t have a long eye to offend a powerful person.” Su Yihan said with disdain.

“I was beaten, and it’s not that you, a woman, are qualified to make irresponsible remarks. You want to beat a dog in the water on me, you don’t have the qualification.” George Han said.

Su Yihan was cold. She was not qualified. She used to have a much higher status in the Su family than Amelia Su. How could she not be qualified.

“It’s useless to eat soft rice. It’s a joke to even dare to qualify me. You don’t look at yourself.” Su Yihan laughed.

Whenever he hears the three words eating soft rice, George Han would like to laugh, and it is from the heart. After all, eating soft rice is also a skill. Eating Amelia Su’s soft rice is not something ordinary people can do. Arrived.

George Han touched his stomach. Said: “My stomach is not very good, I am destined to eat soft rice in this life, this is God gave it, there is no way.”

Seeing George Han proud of the look, Su Yihan is disgusting to the extreme, what in this world There would be such a man, who would be complacent even if he eats soft rice, and he has no way of being a man.

“Incompetent men, what else can you do besides eating soft rice, you are really a shame to men.” Su Yihan said.

Harry Su was by the side. If he had been taunting George Han with Su Yihan before, but now he knows the identity of George Han, this man is not a soft food at all. Those things in the company before are probably all He helped Amelia Su handle it. How can such a person eat soft rice?

“You go, you are not welcome here.” Amelia Su said.

“It’s a smoky place, do you think I want to stay here?” Su Yihan finished. After looking at George Han disdainfully, he walked out of the ward.

Harry Su left the clock and said: “I wish you an early reincarnation.” After that, he also left.

Amelia Su’s scalp numb with anger. Picking up the clock, it smashed to pieces on the ground.

“What is there to be angry with this kind of person?” George Han smiled and comforted.

Amelia Su glared at George Han, his current appearance was the same as before. He was scolded, humiliated and greeted with a smile, but he obviously had the strength to fight back.

“Why did you want Su Yihan to scold you for eating soft rice.” Amelia Su said puzzledly.

“It’s also a skill to eat soft rice, isn’t it?” George Han said, not refuting it, it is meaningless. Su Yihan, this woman, George Han didn’t pay attention to her from beginning to end, and was more honest with her. , Treating her as an opponent, but will lower her grade.

Since the age of twelve, George Han has learned to forbear, if Su Yihan provoked anger with a few words, then his dormancy for more than ten years would not seem too ridiculous.

“It is because you behave indifferently, that people like Su Yihan feel full of superiority and feel that they have the capital of pride in front of you.” Amelia Su said helplessly.

“If I didn’t even give her this chance, her life would be too miserable, because she would be desperate.” George Han smiled and let Su Yihan know who he is and for whom the betrothal gift was for. In the coming years, Su Yihan’s life will probably never have a chance to push up again.

Su Yihan, who left the hospital, was aggrieved, especially when he thought of George Han’s triumphant expression on his stomach and intestines, it made him feel nauseous.

“How can there be such a shameless man in this world? Does he have to rely on a woman to raise him all his life? Too shameless and not like a man.” Su Yihan said.

Harry Su remained silent.

Su Yihan glanced at Harry Su weirdly. If he had trampled on Han three thousand words before, how could he not speak today?

” Harry, what’s the matter with you, don’t you think George Han is embarrassing your men? Such people deserve to die. Living in the world is a waste of food. “Su Yihan said.

Harry Su laughed inwardly. Su Yihan used to show up with the Han family. This person was always in front of her, she didn’t know it, and she felt that she was superior.

“Nothing, go back to the company, George Han will die sooner or later.” Harry Su said coldly.

Chapter 302

On the second day in the hospital, a new guest was ushered in the ward. For her, George Han was wary of her. A woman who seemed to be gentle, once broke into the men's bathroom. How could George Han break into the men's room? Treat her as a normal woman.

But Amelia Su was not even wary of her, and she was very enthusiastic.

“Evian, how did you know we were in the hospital?” Amelia Su enthusiastically took Qi Yiyun's hand and treated this girlfriend. There is no need to question her sincerity.

“Didn't you go to make up the wedding dress, what happened?” Qi Yiyun did not answer Amelia Su's question. She has been paying attention to George Han, and probably understands what happened on Jiyan Island, but she can't let Amelia Su know.

Hearing this question, Amelia Su seemed very speechless. The reason why the Lu family was looking for trouble was because he was unwilling to bid for more money with George Han. This kind of unreasonable dominance made people helpless, but fortunately, nothing major happened in the end. . George Han's injury was just a skin injury.

“It's nothing, it's just a small accident.” Amelia Su said. The death of the Lu family and his son was judged to be an accident, but it was actually George Han who did it. This secret, even Amelia Su, the closest person, would not tell.

“This accident is not small.” Qi Yiyun smiled. The fire burned the Lu family and his son to death. Even if Qi Yiyun didn't know the truth of the matter, she knew that the fire was by no means a simple accident.

“Amelia, I am thirsty and want to drink a drink. Can you buy a bottle for me?” George Han said to Amelia Su.

Amelia Su glared at George Han, and said, “I’m all injured. What kind of drink is there, and there is warm water.”

“I’ll just take a sip. If you are too greedy, please satisfy me.” George Han said with an aggrieved expression.

Amelia Su wanted to ruthlessly reject George Han, but George Han was now sick after all, and seeing his aggrieved expression, she couldn’t bear to refuse.

“Wait.” After Amelia Su finished speaking, she turned her head and said to Qi Yiyun: “Sit down for a while, and I’ll be back soon.”

Qi Yiyun nodded.

After Amelia Su left the ward, George Han asked Qi Yiyun: “What is your purpose? You might as well tell me directly.”

“I like you.” Qi Yiyun said.

George Han smiled faintly. How could he believe that this kind of nonsense, from the performance of Qi Yiyun last time, she must have some purpose.

“There are many people who like me, but in my eyes, only Amelia Su.” George Han said.

Qi Yiyun took off his T-shirt directly. Showing a good figure, said: “Am I not attracted to you enough?”

“f*ck, what are you doing? Hurry up and put on your clothes.” George Han said in a panic. If Amelia Su came back to see this scene, he wouldn’t be able to explain it clearly.

“What are you afraid of? Isn’t this your man’s favorite?” Qi Yiyun took off her eyes and showed her majestic side. In ancient times, this is definitely a beauty at the level of beauty.

“Qi Yiyun, I have investigated you. Your life experience is very clean. You think there will be no clues in this way, but it is because of the excessive cleanliness that makes me doubt you. Let’s talk about who you are.” Han With three thousand eyes, nose and heart, he is absolutely loyal to Amelia Su, but he is also a man, and the temptation of beauty is right in front of him. How could he not be tempted.

In this world, there are only men who restrain desire, but there is no man who can be indifferent to beauty.

“Are you afraid of looking at me because you can’t stand it?” Qi Yiyun said with a smile.

George Han gritted his teeth, feeling like walking on thin ice, he was really afraid that Amelia Su would come back suddenly. This thing is over.

“You are very beautiful and have a good body. The restraint of an average man is useless to you, but you underestimate me. I will never do anything to sorry Amelia Su.” George Han said.

Qi Yiyun clenched her pink fist with a face full of unwillingness. She had already achieved this step, but George Han was still not tempted. Is it true that she really wants to take the initiative to have a relationship with George Han?

“You want to know who I am, it’s very simple, as long as you become my man, I don’t mind your second marriage status.” Qi Yiyun said.

Hearing this, George Han laughed and said: “Qi Yiyun, you seem to be unable to distinguish the priority. Although I don’t know what you want from me, you should

be asking for me. Since you are asking me, It shouldn't be this attitude. What right do you have to mind me?"

Facing George Han's direct question on the soul, Qi Yiyun was stunned. She really did not have the right to mind George Han, and her current position was not to order George Han to do something.

"I can give you more power. Amelia Su can't give you this." Qi Yiyun said.

"I am not interested in your dish, and power is not at all attractive to me." George Han said.

"I can give you whatever you want, including myself." Qi Yiyun gritted his teeth.

"I only need Amelia Su." George Han resolutely said, this point will not change even if the sea is dry.

Qi Yiyun took a deep breath and said, "What if you can't protect Amelia Su?"

George Han suddenly raised his head, looked at Qi Yiyun with a torch, and said coldly: "I warn you. If you dare to hurt her, no matter what status you have, I will make you regret it."

Seeing George Han's murderous eyes, Qi Yiyun felt extremely distressed. Why is such a man not hers!

She is obviously better and more beautiful than Amelia Su, why can't she get George Han's attention?

"George Han, I will let you surrender under my pomegranate skirt, and you will remember it for me." Qi Yiyun finished. Putting on the T-shirt, he left the ward without hesitation.

George Han smiled helplessly, such a superb beauty would be very happy if he entangled any man, but it is a pity that he has no blessings in his life, and he has no such thoughts.

Amelia Su returned from buying a drink, but didn't see Qi Yiyun, and asked suspiciously, "Where is Evian?"

"There was something temporarily, so I left in a hurry." George Han said casually.

Amelia Su didn't think much, and sighed and said: "Qi Yiyun is actually very good, but his personality is too cowardly. I really don't know what it will be like to be bullied when I find a husband in the future."

This is something that Amelia Su has always worried about, because Qi Yiyun was bullied by many classmates during school. Usually, in the face of this situation, Qi Yiyun endured it, not knowing how much grievance he had eaten.

Hearing Amelia Su's sigh, George Han smiled bitterly, cowardly? How could Qi Yiyun be a cowardly person. Her forbearance even made George Han feel more terrible than herself.

When this woman took off her eyes and became strong, she might be able to get rid of Amelia Su's ten streets.

"Everyone has their own life, you don't have to worry about her." George Han said.

"How can we not worry, she is my best sister, the three of us. We have bowed before." Amelia Su said.

The more Amelia Su showed his deep affection for Qi Yiyun, the more worried George Han became, because he felt that sooner or later the two of them would tear their faces apart. By then, Amelia Su would definitely be very sad.

It seems. To find a way to prevent this from happening, George Han would never want to see Amelia Su's sad side.

After Qi Yiyun left the hospital, he went straight to the mall and came to a luxury store. The cheapest piece of clothing in it was close to five figures. It's not that ordinary people are qualified to visit.

Qi Yiyun with glasses looks mediocre, mediocre, and doesn't look like a rich person, so when she enters the store, no shopping guide is willing to greet her.

Also in the shop, there is a lady who looks like a nouveau riche with a middle-aged man with a gold watch and gold necklace.

"Everyone dared to come in. They wouldn't treat this place as a roadside stall. Do you know how much the clothes cost?" The lady said to herself strangely, but what she said was obviously said to Qi Yiyun.

Qi Yiyun smiled and pushed the frame, and walked to a small limited edition dress. It was a new item in the store. The high price of a full six figures discouraged countless people who liked it, even the lady just now. He just took a look with joy and didn't dare to buy it.

"Can I try this dress?" Qi Yiyun asked.

Chapter 303

“Miss, you can’t try on this kind of expensive clothes. Didn’t you look at the signboard at the door before you walked in? We are not an ordinary store.” The shopping guide walked to Qi Yiyun and said disdainfully, this kind of insight The girls don’t know where they came from. Can you try on items from luxury stores?

The lady couldn’t help laughing when she heard Qi Yiyun’s words. He teased on the side: “Glasses girl, you have gone to the wrong place, so go out quickly, this kind of shop is not suitable for people like you to visit.”

Qi Yiyun turned around, looked up and down the lady, and said: “Is this place only suitable for you lads to visit?”

The lady’s expression suddenly became cold, and she pointed to Qi Yiyun and said: “Little lady, who do you say is a sl*t? It’s better to keep your mouth clean.”

“It’s you, don’t you agree?” Qi Yiyun said calmly.

“Little lady. If you want to die, I will fulfill you today.” The lady gritted her teeth and walked towards Qi Yiyun.

When the shopping guide saw this, he quickly stopped in the middle, and said to the lady: “Sister, why do you have to be familiar with this kind of person. Look at her, you have never seen the world, you care about her, don’t you let yourself? Drop in price.”

The lady suddenly realized that she put away her temper that was about to explode, and said disdainfully: “Yes, I care about people like you, and have lowered my identity. Go away, I will let you go.”

“I’m here to buy clothes, the boss is not qualified to let me go, what qualifications do you have?” Qi Yiyun said.

The lady sneered and said: “You can buy clothes here as well as your poor clothes. I advise you to go to the roadside stalls. This is a luxury store. Do you have money?”

“Miss, if you make trouble again, I’ll call the security guard, please go out.” The shopping guide said to Qi Yiyun. She can’t offend the lady because of Qi Yiyun. She can tell who has the purchasing power between the two. very clear.

“What about the manager, do the staff here treat the guests with this attitude?” Qi Yiyun raised the volume so that the whole store could hear her voice.

A temperament middle-aged woman came over. Looking at the work card on her chest, it is no doubt the manager.

“Miss, do you have any needs?” the manager asked Qi Yiyun. In her eyes, Qi Yiyun still can’t be compared with the noble lady. In luxury shopping guide, the most important thing is eyesight and can tell who has the real purchasing power. The customer, and the gap between Qi Yiyun and the lady is like cloud mud.

“I want to try this dress, do I have to pay by credit card first?” Qi Yiyun asked.

“You can’t try this dress. If you want it, you can only buy it.” said the manager.

Qi Yiyun took out a bank card and said, “I bought it.”

When the lady and the shopping guide heard these words, they were surprised at the same time, how could this kind of people afford luxury goods.

“Miss, are you sure?” The manager was also very surprised. This set of new products has been on the shelves for almost two months. There are countless people who have watched them, but not many people really dare to buy them.

“Afraid I have no money?” Qi Yiyun said with a smile.

The manager shook his head quickly and said: “Of course not, I didn’t mean that, please wait a moment.”

After receiving the bank card, the manager whose name was changed to honorific name walked towards the cashier. Since she wants to buy it, she has to see if Kari can pay the money.

“Glasses girl, if you can’t pay for this card, you will be ashamed.” The lady does not believe that Qi Yiyun is so rich, she can’t afford clothes, how can this girl in glasses can afford it?

Qi Yiyun did not speak. After a while, the manager took the receipt and asked Qi Yiyun to sign it. His attitude became obviously more respectful.

“It didn’t turn out to be a good show, I feel very disappointed.” Qi Yiyun said to the lady with a smile.

The lady’s face was livid, and she didn’t expect that she actually bought it. This face was very embarrassing.

“Is it interesting to use the money I have saved for many years to challenge my pocket money? Starting today, you are going to go home to Ken Mantou.” The lady said disdainfully. In her opinion, Qi Yiyun bought this dress. It must have taken out all the pocket money.

“Pocket money? This little money is not even pocket money to me.” After Qi Yiyun finished speaking, he turned to the manager and asked, “Can I try on clothes?”

“Yes, of course. The fitting room is here.” The manager said quickly. She doesn’t care if Qi Yiyun’s money has been saved for many years. As long as she can pay for clothes, this is a distinguished guest. Although the lady looks rich . But I didn’t buy anything after shopping for a long time.

Qi Yiyun took the clothes and walked into the fitting room.

“This kind of woman with no temperament, even if she buys expensive clothes, she can’t hold it up. She wears her on her body. It’s a pity for the designer’s work.” The lady laughed.

After this dress arrived in the store, no one had ever tried it on, so no one knew how the upper body effect was. At this time, almost all shopping guides cast their eyes on the door of the fitting room.

Even as the lady said, she couldn’t afford the temperament of this matter. But at least you can see how the upper body effect is.

After waiting for a while, the door of the fitting room was pushed open. The moment Qi Yiyun walked out, the air in the store seemed to freeze.

Who says her temperament can’t support this suit? It is simply the Yanguan audience, the beauty is suffocating, everyone at this moment, at the same time, there is a feeling of embarrassment, it seems that in front of Qi Yiyun, they don’t even have the courage to raise their heads.

The middle-aged man with the gold necklace was dumbfounded, and he was considered the number one rich man in Basin City. Even the models have played a lot, but compared with Qi Yiyun’s temperament and figure, those models have been dumped hundreds of blocks, and she can’t even compare with a single hair.

“Miss, this suit suits you too well.” It was the manager who took the lead to recover and quickly walked to Qi Yiyun’s side and said.

Looking at herself in the mirror, Qi Yiyun smiled confidently. This is the real her. After taking off her eyes, the light is dazzling, and no one can compare with it.

“I still lack a pair of high heels.” Qi Yiyun said.

“Miss, please here.” The manager led the way and came to the shoe area.

Qi Yiyun chose a pair of jade-white crystal high heels. After she put it on, her temperament was upgraded several levels again, and her figure looked more moving. The perfect curve of her legs could hardly find any flaws.

“Miss, I have worked here for many years, and I have never seen a person with such outstanding temperament like you.” The manager sighed repeatedly, she felt very noble. It’s like a lady who was born in a wealthy family, not only is she inextricably beautiful, her temperament is also outstanding.

“I bought these shoes, too.” Qi Yiyun said, then handed the glasses to the manager, and said: “Take the glasses away for me, please. Starting today, I don’t need them anymore.”

“Miss, you are two different people without glasses and glasses. You should have thrown them away.” The manager said after taking the glasses.

At this moment. The lady’s iron-green face had begun to turn pale. She never dreamed that the ugly duckling just changed a set of clothes and turned into a white swan alive, just like a big change.

Seeing Qi Yiyun approaching him aggressively. The lady lowered her head unconsciously, she couldn’t face Qi Yiyun’s aura directly.

“Am I beautiful?” Qi Yiyun asked the lady with a smile.

The lady gritted her teeth and clenched her fists. Just now, she said that Qi Yiyun couldn’t support this suit at all, but reality gave her a loud slap in the face. Besides her, who else can embody this dress so perfect? ?

Snapped!

A loud slap on the face of the lady, Qi Yiyun said in a cold voice: “This is not a place where upstarts like you can go shopping, get out.”

cowardly?

At this moment, Qi Yiyun has nothing to do with these two words, and it is so strong that it makes the heart chill, this is her real face.

Miss Qi’s grandeur showed the tip of the iceberg.

The lady didn’t expect that she would dare to hit herself. She raised her head and wanted to be angry, but when she saw Qi Yiyun’s frosty face, she suppressed her anger.

The person in front of him is definitely not born in an ordinary family, and if he provokes someone who can’t be offended, the consequences can be serious.

“You...you wait for me.” The lady finished speaking, dragged the middle-aged man and ran away quickly.

Seeing this scene, the shopping guides all took a sigh of relief and dared not to look down upon Qi Yiyun any more.

Chapter 304

When Qi Yiyun left the luxury store and walked in the mall, it became a beautiful landscape by itself. The 100% eye-catching rate made everyone stop and watch, women admired and men obsessed.

Not far away, a silent figure followed her, wishing to kill all the men who were staring at Qi Yiyun.

For Dong Hao, even one more glance at Qi Yiyun would be a blasphemy against her. It's a pity that killing can't cover up Qi Yiyun's light. When she removes all pretense, she is destined to be extraordinary.

"Miss, a rubbish, why is it worth it for you to do this?" Dong Hao gritted his teeth and said, he knew that Qi Yiyun had such a change because of George Han, but George Han was such a waste, so why is Qi Yiyun worth it? do!

Dong Hao wanted to kill George Han more than once. But he knew that if he really did this, he would never be close to Qi Yiyun in his life.

His heart was painful and he didn't want other men to see Qi Yiyun's beauty, but he was helpless about this matter.

Get out of the mall. Qi Yiyun caused several car accidents just by standing on the side of the road. Those drivers were all caused by rear-end collisions because they were too focused on Qi Yiyun, and the traffic was blocked for a while.

Qi Yiyun smiled and Qingcheng, leaving an indelible impression on the men in his life, got into his car and drove away.

"Dad, I have found someone who can help Qi's family. Give me a little more time." In the car, Qi Yiyun dialed his father's number and said.

An old and feeble voice came from the other end of the phone, saying: “Evian, you can stay in the country, and never come back, or I’m afraid you will be hurt.”

“Dad, how could I leave you behind? Don’t worry, I can solve this matter.” Qi Yiyun said firmly. Although George Han loves Amelia Su very much, and she has hit a wall twice in succession, Qi Yiyun did not admit defeat. , She always believed that she could make George Han change her mind.

“Hey, Dad can hold on for more than half a year, let’s talk about it later.” He sighed on the phone, probably because he knew Qi Yiyun’s stubborn temper, so he didn’t say much.

“You and your mom should be careful and take care of your body. Please contact me as soon as possible if you have anything to do.” Qi Yiyun said.

“Okay, don’t worry about me and your mother. We are fine. You should be careful and don’t work too hard. Even if Dad loses this time, his family will be enough for you to live in China for a lifetime.”

“Dad, I don’t wear glasses anymore.” Qi Yiyun said.

There was a long silence on the other end of the phone, and Qi Yiyun put on his glasses at his instigation, because Qi Yiyun who took off his glasses was too dazzling, and he never wanted Qi Yiyun to get too much attention.

“Is it because of him in your mouth?”

“Dad, he deserves me to do this.”

The other end of the phone sighed and said: “You are an adult and have your own ideas. No matter what you do, Dad will support you, but if he dares to hurt you, Dad will never let him go.”

“It’s okay, you’d better care about mom, hang up, and then contact me if you have anything.” After finishing speaking, Qi Yiyun hung up the phone without waiting for the other party to reply.

A manor in the United States, Qi Donglin sighed again and again. He didn’t know what happened in China, but he knew that Qi Yiyun’s life might not be peaceful, which made him very worried.

“Why start to sigh again.” Ouyang Fei walked to Qi Donglin with the freshly washed fruit. A woman with lingering charm, it is not difficult to see that she was outstanding in her youth. Qi Yiyun also inherited her fine genes. so beautiful.

“Daughter called me just now.” Qi Donglin said.

“Did you tell her not to come back?” Ouyang Fei said.

Qi Donglin nodded and said, “I have said it, but it’s useless. She said that she has found someone who can help. You also know her temper and the decision. Ten cows can’t be brought back.”

“Don’t you believe your daughter’s vision? She said yes, then it must be OK.” Ouyang Fei smiled.

“But she took off the glasses for this man.” Qi Donglin said.

Ouyang Fei was stunned when he heard the words. The old couple knew it well. Qi Yiyun once said that unless she meets a real son who is not married to him, she will not really take off her glasses in this life.

“Daughter, do you have a man you like?” Ouyang Fei asked.

“It looks like it is, but in my heart. I have a not very good feeling, or else, go to find out who this person is?” Qi Donglin said.

Ouyang Fei hurriedly shook her head and said, “Interfering with her, you want to be scolded again. I won’t help you then.”

Qi Donglin smiled bitterly, and he sighed because he was taboo.

Qi Yiyun is very strong in his bones, doing his own things by himself, and never let the two of them help anymore since childhood, which also caused Qi Yiyun to resist this matter very much.

“Daughter is also old, she has a sense of measure, trust her.” Ouyang Fei said.

Qi Donglin nodded and said, “That’s the only way I can do, I hope this stinky boy won’t let me down. If I dare to make Evian sad, I must kill him.”

George Han, who was baffled and made enemies, was still enjoying the apple that Amelia Su had cut for him.

“Amelia, when can I be discharged?” Although I can enjoy Amelia Su’s meticulous care in the hospital, this is not a good place after all, and George Han doesn’t want to stay too long.

“I have already asked, it depends on your recovery. If it’s good, it will probably be a week.” Amelia Su said.

George Han looked sad and said, “It will take a week to be good, will it be too long?”

“Do you want to leave the hospital now?” Amelia Su glared at George Han.

“I feel okay.” George looked at Amelia Su seriously.

Amelia Su raised her fist at George Han in awe. Said: “I warn you, stay honestly, don’t think about it, don’t want to leave the hospital without my promise.”

George Han bowed his head helplessly, suddenly thought of something, and said, “Where are Yang Chen and Xu Tong?”

“Yang Chen was injured and was staying in Jiyan Island Hospital, but there was no major danger, Xu Tong took care of it.” Amelia Su said.

“Give me your cell phone and I will call Yang Chen.”

After Amelia Su dialed Yang Chen’s number, she held her mobile phone to George Han’s ear without letting him do it himself.

After the phone connected, George Han said, “Yang Chen, are you okay?”

Although Yang Chen was beaten up badly, it was just some skin trauma. Rest and rest will be fine. He said: “It’s nothing, the doctor said it would be fine to rest for two days.”

“Why could Lu Xun find the homestay?” George Han asked.

Yang Chen knew that this was the purpose of George Han calling. Quickly said: “I know you doubt me, but I can guarantee my life, it is by no means that I betray you.”

It wasn’t Yang Chen, but he was looking for the place of bed and breakfast. And it’s done in secret, besides him, who else would know?

Wenliang?

This name flashed in George Han’s mind, and Wen Liang had betrayed him, to say that this matter also has something to do with him. It’s not impossible, but how does he know where the homestay is?

Could it be that Wen Liang had arranged for someone to follow Yang Chen?

“I believe in you. After a good rest, hurry back to Basin City. Amelia and I have to choose a photo.” George Han said.

“Okay, I will sort it out after I go back, and call you as soon as possible.” Yang Chen breathed a sigh of relief. If George Han didn’t believe him, it would be difficult to explain the matter clearly.

Hanging up the phone, George Han tried his best to maintain a calm expression to avoid affecting Amelia Su, but he was already murderous in his heart.

Wen Liang not only betrayed him, but also almost killed Amelia Su. This person must die.

Ten days later, George Han was finally discharged from the hospital. After leaving the environment of the medicine and disinfectant, he felt energetic.

Back at the mountainside Villa, Lily Jiang greeted George Han warmly. She was a very realistic person. She had no good face to George Han because of the square incident because she was worried that it would affect her face among the sisters, but now The Su’s company has grown, and Jiang Fu’s people have gone bankrupt. She didn’t use these things to brag in front of her sisters, and she also earned a lot of face.

“Three thousand, during this time you will have a good rest at home, let He Ting cook some supplements for you, don’t work too hard.” Lily Jiang said.

Chapter 305

In the face of Lily Jiang's concern, George Han knew the reason. She would definitely brag outside with certain things to save face for herself, but some words were too much. Lily Jiang's character will sooner or later, so George Han had to remind her.

"Mom, I know you love face, but there are some things you can't say nonsense. Otherwise it will cause trouble." George Han said.

After hearing this sentence, Lily Jiang, with a smile on his face, instantly froze, and even flashed a stern expression. From her standpoint, how can she be accused by George Han of her words and actions?

"George Han, don't think you can point me to something if you do something. Don't worry, I didn't say anything. Even if I did, it was my daughter. It has nothing to do with you." Lily Jiang said with a cold face.

This is what George Han was worried about. He also knew that Lily Jiang couldn't take him out to brag. After all, his reputation in Basin City was a waste of money. No one would believe him how good he was.

"I know. That's why I want you to keep a low profile and the trees to attract the wind. Now Basin City doesn't know how many people want Amelia to fall. The more you brag about Amelia, the more those people are eager to see Amelia suffer." George Han Said.

Lily Jiang is now proud of this daughter. The only capital she brags about in front of her sisters is Amelia Su. She enjoys the envy of those people's eyes on her, and enjoys the admiration of others. This sense of superiority is Jiang. Lily has never experienced it before, so she is now addicted. How can this be possible if she doesn't brag.

“George Han, I don’t have your turn to teach you, what should I do, I have a sense of measure.” Lily Jiang said, and went out dissatisfied.

George Han smiled helplessly, Amelia Su didn’t know what to do, she knew Lily Jiang’s character, if she didn’t let her brag, it would be more uncomfortable than killing her.

“George, my mother is like this, don’t go to your heart.” Amelia Su comforted George Han.

George Han said:” I’m just afraid that what she says will cause some people’s dissatisfaction and will be against you. “

Amelia Su could feel that George Han’s starting point was for her own good. And this is a question he has always considered first. For more than three years, how could Amelia Su fail to feel that George Han put himself first.

“I will tell her about this, so you can rest assured.” Amelia Su said.

“I have almost recovered. I still need to rest. It’s you. I have to go back to the company tomorrow to be busy.” The leisure time will make people nostalgic, but George Han knows that this state cannot be maintained forever, Amelia Su after all To manage the company, he also has things to do.

“En.” Amelia Su nodded. During this period of time, her relationship with George Han has become much closer. She also enjoys herself very much. She suddenly has to go to work and she feels a little bit reluctant. There is no escape.

The next day, after Amelia Su went to the company, George Han went to a family in Basin City called Love Home, where there lived some people who were born with defects and were abandoned since childhood, ranging from a few to more than ten years old. Relying on the assistance of the society, since George Han knew

about this place, he would occasionally check it out and give some strength and money to help.

These children are very introverted because they know that they are different from ordinary people. So I am particularly afraid of contacting strangers, but George Han is an exception. When George Han comes here, the children will be particularly excited, because Brother George in their mouths will not look at them with colored glasses like others. And no matter what game they will play with them.

“Brother George, where have you been, why haven’t you been here for so long.”

“Brother George, we miss you so much and thought you forgot about us.”

“Brother George, play games with us.”

George Appeared, he immediately became the king of children, and all the children were surrounded by excitement.

“Brother George didn’t come, are you obedient?” George Han said with a smile.

“Observe.”

“Don’t you know, they talk about you every day, your status in their hearts is about to surpass me.” Peng Fang said with a smile, she is the founder of Love Home, in her forties. He looks very old, after all, it is a laborious task to manage these children every day.

“Sister Peng, how can I be better than you.” George Han said with a smile, he found that there seemed to be a trace of sadness between Peng Fang’s eyebrows. Something should have happened, but now the children are there, so George Han did not ask.

“By the way, Dong Shan also called me today, saying that he will be coming soon. You two have not seen each other for a long time.” Peng Fang said.

“It’s such a coincidence, does she still come often now?” Dong Shan is a very caring woman, with a sweet and lovely appearance, and often comes to Love Home to help. She is very familiar with George Han. But speaking carefully, they actually met no more than ten times in two or three years.

“He has talked about a boyfriend now, and occasionally brings him, but there is less time.” Peng Fang said.

Playing with the children, in less than an hour, Dong Shan came with a big bag of snacks, and the children around George Han saw it, and immediately flocked to Dong Shan.

“You real guys, be careful I won’t see you next time.” George Han smiled helplessly.

“George, you are here too. We haven’t seen each other for a long time.” Dong Shan said to George Han with surprise.

The man standing next to her is the boyfriend Peng Fang said, Song Ji.

At this moment, Song Ji looked at George Han with a vigilant look, because Dong Shan’s excessive enthusiasm for George Han made him feel a sense of crisis.

“Yes, I am busy during this time, so I rarely come here,” George Han said.

Dong Shan sighed and said:” Me too. I haven’t been here for almost two months. By the way, let me introduce you. This is my boyfriend, Song Ji.

” “My name is George Han, hello.” “George Han introduced himself.

George Han's name is as loud as those first-line stars in Basin City, but Song Ji did not regard him as a celebrity deity, but mistakenly thought that he was just a person of the same name.

Seeing George Han's hand stretched in the air, Song Ji was indifferent, but said indifferently, "Hello."

George Han didn't feel embarrassed, and retracted his hand casually.

After Dong Shan distributed the snacks, the children went to play by themselves. George Han said to Dong Shan: "Sister Peng seems to have something on her mind, why don't we ask?"

"It may be related to assistance." Dong Shan said.

The operation of the Home of Love depends entirely on charitable donations from people in society. If this goes wrong, it will be very stressful for Peng Fang.

Came to Peng Fang's room. She is resting, and only at this time can she have a chance to steal some free time.

"Sister Peng, has something happened to Love Home?" George Han asked Peng Fang.

Peng Fang sighed and said, "Sit down, sit down first and then speak."

Song Ji sat down first. And also deliberately put the mobile phone and car key on the table, the car key also exposed the brand logo, it is a Mercedes-Benz.

George Han's expression was not unusual, and he was even more calm about Song Ji's deliberate display.

Song Ji was still waiting to see George Han's surprised expression. He didn't expect him to react at all.

He deliberately moved the key, so that everyone's attention was focused on his actions. It's a pity that his display was destined to be useless. The Lamborghini he took photos outside just now to commemorate is George Han, George Han. How could Qian see a Mercedes-Benz in his eyes?

"Sister Peng, what's the matter?" Dong Shan asked.

"You all know what happened in Basin City recently," Peng Fang said.

"Sister Peng, you are not talking about the companies of Jangho Group, if this matter, I have a lot of inside information." Song Ji said triumphantly.

Peng Fang nodded and continued: "These big companies, in order to maintain a good image in the local area, do a lot of charity every year. Caring Home will also help every year, but these companies suddenly collapsed. Now Caring Home is facing Due to the lack of operating funds, just three meals a day are about to last."

Chapter 306

These words made George Han a little embarrassed, because this incident could be said to be caused by him indirectly. When he was targeting Jianghe Group, he did not expect such a chemical reaction to occur, but as long as money can solve the problem, it is not a problem for George Han.

At this time, George Han noticed that Song Ji had secretly put away the Mercedes-Benz keys. This action made him laugh in his heart. This guy was happy when he showed off. But when it comes to the question of money, he immediately persuaded him, as if he was afraid of asking him to take the money.

“Sister Peng, how much is the monthly expenditure of Love Home?” George Han asked.

“Just counting meals, not counting any other expenses, they have to be close to 10,000 yuan. After all, these children are still in the stage of growing up, and the food cannot be too bad.” Peng Fang said.

“Since it is a special period, it doesn’t matter if they almost eat. They all have problems anyway. What’s the use of a good body.” Song Ji said lightly.

This sentence made Peng Fang very dissatisfied. Aixinjiayuan would not accept anyone with tinted glasses, but he was Dong Shan’s boyfriend, and Peng Fang could not directly blame him.

“Song Ji, what nonsense are you talking about. Shut up if you can’t speak.” Dong Shan said upset.

Song Ji felt like he was being scolded by a woman and was a bit shameful in front of George Han. In order to shake the family, he said with a serious face: “What I said is the truth. These children will never be able to work in society in the future. Give them food. What’s the use of the delicacies of the mountains and the sea? It’s not a waste. Three meals of green vegetable porridge a day are enough to be full.

“Love Home has hired special teachers. As long as they can learn a certain amount of knowledge, even if they can’t integrate into the society, it’s okay to find a food and clothing job for themselves when they grow up,” said Peng Fang. The children here have congenitals. Sexual defects do not mean that they cannot live a normal life. Peng Fang has been working hard for this.

Song Ji smiled disdainfully and shook his head, and said: “Sister Peng, it was not me who hit you. I can’t even eat any food. What do you take to ask the teacher? Is anyone obligated to donate to Love Home?”

This sentence is hard to hear, but it is also a stark fact. If you can’t find a company that is willing to help the caring home, it will be very difficult to survive.

“Sister Peng, the money issue. Don’t worry, I can help.” George Han said.

Song Ji didn’t expect George Han to say such a thing, but he showed off Mercedes-Benz, and subconsciously thought that he was better than George Han, he couldn’t help things, how could George Han do it.

“Do you have any money? You only need to pay 10,000 yuan a month for food, and then invite a teacher, occasionally get sick or something, how much money do you get a month, is your salary enough for a month?” Song Ji said disdainfully.

“I have no job, so I have no salary.” George Han said.

Song Ji laughed loudly. He had no job and no salary. He even dared to praise Haikou for his help. Couldn’t it be a mentally retarded person?

“If Dong Shan hadn’t mentioned you several times, I thought you grew up in a loving home.” Song Ji laughed.

The secret meaning of these words, George Han heard clearly, didn’t he just say that his brain is sick?

“For Dong Shan’s sake, I don’t care about you.” George Han said.

Song Ji wanted to say something, but was stopped by Dong Shan. The ridicule in his words was clearly understood by Dong Shan, but Dong Shan also knew that George Han wanted to love his homeland. As for his ability, it was his. Regarding the matter, Song Ji is not qualified to speak coldly.

“Sister Peng. Don’t worry too much about this. There must be a way to the mountain. There must be a way to solve it.” Dong Shan comforted Peng Fang. She didn’t say that she could help. After all, this is a big hole. There is no way to fill it up.

Peng Fang nodded and said: “Now I can only hope that a miracle will happen, otherwise, Love Home may not be able to persist.”

After saying this, Peng Fang blushed. She has devoted too much effort to Love Home, and the same is true for these children. If Love Home really can’t go on, these children don’t even have a place to shelter from wind and rain. Thinking of these things, Peng Fang would feel distressed.

After bidding farewell to the children, George Han and Dong Shan and Song Ji left their loving home together.

“Where are you going, I’ll drive you a ride.” After Song Ji unlocked the car proudly, he pointed to a Mercedes-Benz E and said to George Han.

“No, I won’t disturb your two-person world. Also, I have to think of a way to love my homeland.” George Han said.

“I haven’t blown enough, okay, I won’t reveal you, please come on how happy you are. Let’s go first.” Song Ji said with a smile.

After the two got in the car, they drove away.

Dong Shan said to Song Ji in the car: “You have no grudges with him, why do you want to make things difficult for him?”

“I just can’t get used to this kind of bragging guy. Look at him, a dick, and bragging that he can solve the problem of loving home. Does he have the ability?” Song Ji said disdainfully.

“Regardless of ability or not, it is good for him to at least have this heart.” Dong Shan said.

“You’re still too naive, what’s the use of having a heart? Isn’t he bragging in front of me just to satisfy his vanity? I didn’t expose him directly, it’s already considered a face to you.” Song Ji said.

Dong Shan sighed. In fact, she hoped that George Han could help. If he could not help, Aixin Jiayuan might really go bankrupt.

“Don’t sigh, a new western restaurant has been opened today, and it has been very hot recently. I have already decided on the location and will take you to try it.” Song Ji said.

George Han waited until Song Ji and Dong Shan left before sitting on Lamborghini. The love homeland had such a big trouble, and it was him. He will not ignore it, but donating the loving home in the name of a private person is too high-profile, so he has to find a way.

Su’s company will definitely not have a problem. Amelia Su is also a very caring person. She is definitely willing to donate, but this is not enough. If you want to help, you have to help more thoroughly. It’s best to repair the caring home. After all, the place is already old.

George Han took out the phone and dialed Tian Linger’s number.

“George Han, you are finally willing to call me.” Tian Linger was shaking with excitement after receiving the call.

“I remember I owe you a meal, are you free today?” George Han said.

“Of course I have time. I owe me so long. I must treat me to a big meal, otherwise I won’t let you go.” Tian Linger said.

“Yes, you choose, you can eat anything.” George Han said.

“There is a western restaurant that just opened today. I heard it is very good. I want to go.” Tian Linger said.

“You should prepare first, and I will pick you up.” After finishing speaking, George Han hung up and drove towards Tian’s Villa.

George Han’s Lamborghini was given by Tian Linger, so his car won’t be blocked from entering Tian’s house.

While waiting at the door of the Villa. Thomas Tian appeared in person.

George Han, who didn’t plan to get off the car, saw Thomas Tian, so he could only drive the door and get out of the car.

“Apprentice, I haven’t seen you for a long time. Seeing you, I feel a lot more energetic.” George Han said with a smile.

Since the last tea event. Thomas Tian’s attitude towards George Han was much more rigorous, and he did not dare to set himself up in a high position in front of George Han.

“Master, when did you come back?” Thomas Tian said with enthusiasm. The Basin City incident happened just under his nose. Although there was no surprise to him,

Thomas Tian still had lingering fears as he watched the Jiang family's high-rise buildings collapse, because he knew that not only Jianghe Group, even if the Tian family offended George Han, it would end in this way. And there will be no resistance.

“Not long after I came back, it was not because I owed Tian Linger a meal, so I hurried to make up for it.” George Han said.

Thomas Tian sighed in his heart. Every time he saw George Han, he would be distressed why such a person was already married, and his love for Amelia Su was so sincere and firm that Tian Linger had no chance at all.

“Master, come and sit at home more when you have time, and I will make tea for you.” Thomas Tian said.

George Han waved his hands and said, “Without this taste, tea is not suitable for me, and there is no way to quench my thirst.”

Thomas Tian couldn't make the invitation and smiled bitterly. Of course, he meant more than just letting George Han come to drink tea. George Han also understood it, so he refused very happily.

Chapter 307

After Tian Linger appeared, Thomas Tian had no chance to speak. He got in the car and asked George Han to leave, without even saying hello to Thomas Tian.

At this moment, Tian Linger only had George Han in his eyes, and Thomas Tian could only smile at this.

“Where have you been, there hasn’t been any news for so long.” On the car, Tian Linger asked George Han.

“I went to Bedrock Island. I had a wedding shoot with Amelia.” George Han said.

Hearing the words Amelia, Tian Linger’s expression became stiffer. If he had known that he was going to Bedrock Island with Amelia Su, he shouldn’t ask this question.

“Do you know where the place is?” Tian Linger quickly changed the subject.

“I just came back, how would I know, but the place where you can call your eldest heavenly family, should be very good.” George Han said.

“I don’t know how good it is, but the recent advertisement is very powerful. Almost the whole city knows it. I will give you an address and you can follow the route above.” Tian Linger took out the phone and deliberately opened it in front of George Han .

The screensaver is a photo of George Han. Tian Linger quickly opened the navigation, she believed that George Han had seen what she wanted to show to George Han.

George Han did see it too, but it made him very helpless. When he came into contact with Tian Linger, he had no idea about men and women. At most, he

treated Tian Linger as a younger sister, so this kind of thing. , He can only pretend that he doesn't know, maybe there is a chance in the future, and he can tell Tian Linger clearly.

When I came to the restaurant, there were flower baskets in front of the restaurant. It seemed that there was a lot of support here. Of course, it was also possible that the boss paid for it himself, creating a very hot situation.

“Do you want to locate online or offline? If it's offline, please show your ID card. If it's online, please show your QR code.” The receptionist at the door said to George Han.

“We have no positioning.” Tian Linger said.

The receptionist smiled and said, “If there is no location. I can only say sorry to the two of you. Our seats are already fully booked. Why don't you come back next week.”

“I have a meal, and I have to wait for the next week?” Tian Linger frowned unhappy.

The smile on the receptionist's face was very proud and said: “Because the seats have been reserved for the whole week, I am really sorry.”

“Tell your boss, Tianjia Tian Linger is coming to eat, you can ask him if he has a place.” Tian Linger said.

Seeing Tian Linger's eldest pie, George Han couldn't help but laugh. This is the savage waywardness that the wealthy eldest should have. She is usually too well-behaved, and she has no manners at all.

When the receptionist heard the word “Tianjia”, his proud expression instantly converged, and his attitude became a lot more respectful. He quickly said: “Please wait a moment.”

“Miss Tianjia, you are really amazing. It seems that the boss has no position today, so he has to move you out.” George Han smiled.

Tian Linger looked at George Han triumphantly, and said, “You don’t understand this. Popular restaurants like this generally reserve one or two places that are not normally open, just to avoid being like me. People appeared suddenly, and he couldn’t entertain him well.”

This is the ingenuity that many restaurant owners will have, especially the more popular places, the more there will be such a design. Reserve one or two boxes, even if they can only be used once a year, as long as the other party is a big man, then it can Reflect the value of the box.

For example, for people like Tian Linger, the boss sells personal affection, which is more meaningful than making a table of money.

Soon, the reception led the boss to the door. When the boss saw Tian Linger, the smiles on his face were colorful.

He was still suspicious before, but he saw Tian Linger deity. You can be sure that this is indeed Miss Tianjia.

“Miss Tian, I didn’t expect that you really came. I had the honor to meet you once in the boxing gym of Father Tian, I don’t know if you remember.” The boss said with a smile.

“I don’t remember. Do you still have a place here?” Tian Linger said very directly.

Seeing the boss's embarrassment, George Han's mouth twitched, Linger is too shameless this day, anyway, take care of the boss' emotions.

"Yes, yes, of course. Miss Tian, please follow me." The boss said quickly, not caring about Tian Linger's attitude. After all, this is the eldest lady of the Tianjia family, and being able to come to eat has already given him face.

Walking into the restaurant, George Han was looking at the crowds of friends inside. He didn't expect to see an acquaintance, and the other party also saw him.

"George Han, why is this guy here too." Song Ji said with a wary look.

"It happens that you can come, and of course he can come." Dong Shan didn't think there was any problem. What else can be but a coincidence when you have a meal?

"There can be such a coincidental thing, I don't think he is deliberately following us, I have said that he is unruly towards you, you still don't care." Song Ji said.

Dong Shan shook her head helplessly. George Han and her are at best ordinary friends, and George Han has never shown her attitude in that respect. How could it be wrong to her.

"You really think too much, the girl next to him is several times more beautiful than me." Dong Shan said.

When Dong Shan said this, Song Ji realized that Tian Linger next to George Han was full of youthful vigor, and she was indeed more beautiful than Dong Shan, and her ponytail was even more sunny.

"This kind of dick can actually know such a beautiful girl. It seems that this little girl is not too old, he could not be fooled." Song Ji said disdainfully.

“It doesn’t matter to us, eat your own.” Dong Shan said.

Song Ji was not convinced, so he drove a Mercedes. Can only catch up with a woman of Dong Shan’s level, but how can George Han, such a bragging poor dick, be able to soak in such a beautiful woman?

“This kind of scumbag. He will only play tricks on the little girl, and I will break him down later.” Song Ji said.

“Song Ji, don’t mess around.” Dong Shan reminded.

“Don’t worry, why am I messing up? I just drew my sword to help when the road is unfair.” Song Ji sneered, seeming to see how embarrassing George Han was being taken apart by himself.

The boss led George Han and Tian Linger to the only box in the entire restaurant, saving even the waiter, he personally went into battle to serve the two.

“Miss Tian, this is the menu.” The boss handed the menu to Tian Linger in a very respectful tone.

“Previous for everything. Anyway, if someone treats him today, what can I do to prevent him from bleeding.” Tian Linger didn’t even look at it. George Han owed this meal so long, how could he easily escape.

The boss looked astonished, and he took a portion of everything. Is this edible?

Looking at George Han, the boss asked with a look of embarrassment: “Sir, do you really want to get all of them?”

“Ms. Tianjia, do you have any questions? Are you afraid we can’t afford to pay?” George Han said.

“No, no, I didn’t mean that, I will arrange the kitchen preparation immediately.” The boss said, it was not George Han who was bleeding. As the host, he would definitely not be able to let them pay for this meal, but the boss was absolutely nothing. Thinking that Tian Linger had such a big appetite.

But if you can spend this little money to please Tian Linger, it is not a disadvantage. Thinking about it this way, the boss’s mood will not be so depressed.

“I am looking for you today, there is another thing I want you to help.” George Han said.

“As expected, would you be so kind to invite me to dinner?” Tian Linger looked at George Han disdainfully.

“Do you know that Basin City has a loving home?” George Han asked.

Tian Linger shook her head. As Miss Tian’s family, she had very little contact with the things at the bottom of Cloud City, and she had never survived the love homeland.

George Han took out his mobile phone and searched for some information about Love Home to show Tian Linger.

“Is there any place like this in Basin City?” Tian Linger said with a surprised expression after reading the information.

“For Miss Tianjia, it is normal to have never heard of this kind of place, but it does exist. This group of children have congenital defects, so they are abandoned by their families, and now they can only live in a loving home.” George Han said.

“But... I’m not a doctor, so what can I help them?” Tian Linger asked in confusion.

“The operation of Caring Home requires money to support it. There used to be...”

Before George Han had time to explain clearly, the box door was suddenly pushed open.

Song Ji walked in carelessly, and said to George Han disdainfully: “I didn’t expect you to cheat even a little girl, George Han, are you too human?”

Chapter 308

Song Ji's behavior in breaking into the box made Tian Linger very dissatisfied. He finally waited until he had a chance to have a meal with George Han, even Thomas Tian did not dare to disturb him, Song Ji's appearance was undoubtedly provoking Tian Linger's bottom line.

"Get out." Tian Linger said in a deep voice without even looking at Song Ji.

Song Ji looked indifferent and looked good for Tian Linger, and said, "Little girl, do you know who this is? He is trying to lie to you. You are still foolishly fooled. If I hadn't been righteous, you might have done so. Being cheated of money and s*x."

Tian Linger wanted to be deceived, but it was a pity that she knew that George Han had no interest in her.

"I will warn you again and get out." Tian Linger said.

Song Ji was not happy at this time. He did it for the good of the little girl, but she was not polite at all, and looked ignorant of good people.

"Little girl, it's wrong for you to say that. I'm helping you, but you let me go. Don't you want to know what kind of person this guy is?" Song Ji said.

Tian Linger glanced at Song Ji and said, "What are you, do I need help from someone like you?"

George Han smiled and watched the good show. Song Ji obviously didn't know who Tian Linger was, but it was not surprising. Tian Linger is famous in Basin City, but there are not many people who have actually met the eldest lady of Tianjia. How could someone like Song Ji be qualified to come into contact with the first family in Basin City?

“Little girl, speak politely, otherwise I will be angry.” Song Ji said coldly, his heart was also very upset because of Tian Linger’s words, what? Although he is not a powerful person, he is also a person with a few small money. It is more than enough to show superiority in front of people like George Han.

“Angry?” Tian Linger smiled coldly and said: “What about you being angry? Can you do anything to me?”

“I said you, this little girl, is really a dog biting Lu Dongbin. I did it for your own good. Do you think I’m harming you?” Song Ji wanted to expose George Han and also wanted to establish a good image in front of Tian Linger , But he did not expect that Tian Linger not only didn’t appreciate him, but also showed a very disgusting look at him.

“Do you say I am a dog?” Tian Linger sneered.

Song Ji smiled arrogantly and said: “You are so ignorant, what is it if you are not a dog, I was only going to help you reveal the true face of this person, but you are not grateful to me at all, I am a good person doing good deeds.”

“It’s the first time someone scolded me when I grew up.” Tian Linger’s face was frosty. He was obviously really angry.

“What bullshit, who has never been scolded since childhood.” Song Ji said with a smile, obviously not believing what Tian Linger said.

George Han looked at Song Ji, who was reluctant to live and die, and couldn’t help but laugh. Life is long. It is true that everyone will be scolded more or less, but Tian Ling’er is definitely an exception, based on the protection of her It is reasonable for Tian Linger not to be scolded since he was a child. Just imagine the entire Basin City. Who is qualified to scold Miss Tianjia? Even if there is, it is private jealousy, and it will never reach Tian Linger.

“What are you laughing at, you liar, wherever you go, Dong Shan still treats you as a friend, and I will tear you down today.” Song Ji glared at George Han and said.

George Han shrugged helplessly, and said, “Dong Shan and I are just ordinary friends. Why do you have such a hostility towards me?”

Song Ji’s hostility towards George Han did come from Dong Shan, but it was not so strong at the beginning. He didn’t start to hate George Han until he thought that George Han had started bragging, after all. In other words, the word face, George Han brags, directly affected his face problem, so he wanted to expose this matter.

“I just can’t understand you, a liar like you. A dick goes everywhere to eat and drink, and lose our man’s face.” Song Ji said coldly.

With such a big banner of justice, George Han feels helpless for Song Ji’s self-righteous slogan. There are always people who think that they are heroic existences, but in fact they are extremely stupid.

“Are you so sure that I’m a liar?” George Han asked with a smile. Apart from helplessness, he didn’t feel angry, because Song Ji such a small zombie is not worth mentioning in his eyes. How could he be Because this kind of person is angry.

“Yes, and very sure.” Song Ji said arrogantly, but he didn’t actually have any basis at all, he just simply felt that it was the case.

“Hey, you better go, I don’t care about you.” George Han sighed. Although it is easy to squeeze an ant to death, there is no sense of accomplishment, so why waste your energy?

Song Ji sneered and said, “Are you afraid that I will tear you down? Don’t worry, I will definitely tear you down before leaving.”

“I’m giving you a chance. Let you leave safely. Since you are here very much, stay here. I hope you can bear the consequences.” George Han said.

Song Ji looked at George Han calmly and still threatened him with even more disdain in his heart. How could he just leave in front of this kind of rubbish?

At this time, Tian Linger was already extremely angry. It can be said that she had never been so angry because she was born in a greenhouse. No one has ever provoke her so severely.

At this time, the boss came to serve the food in person. When he saw Song Ji, he noticed that the atmosphere in the box seemed a bit wrong. He was frightened for a while, but don’t cause any trouble. Happy, he just opened this, I am afraid he will have to face the crisis of closing.

“Miss Tian, what...what is going on?” the boss asked cautiously.

“This short-eyed thing broke into my box. It completely affected my mood for eating.” Tian Linger said coldly.

The boss trembled in his heart, clearly aware that Tian Linger was very angry at the moment, turned his head to look at Song Ji, and asked: “Who are you, dare to disturb Miss Tian eating.”

Song Ji didn’t understand what was going on, and said, “Who are you, a waiter, do you have the qualifications to speak?”

The boss stomped his feet with anger. Where did this dog thing not look long.

“I’m the boss here, am I qualified to talk to you?” In front of Tian Linger, the boss bowed his knees, but in front of Song Ji, the boss wouldn’t have this kind of inferior posture.

Song Ji brows, this...Is this the boss?

After he and Dong Shan entered the store, all their thoughts were on Dong Shan. With Dong Shan for so long, Song Ji just held her hand and was planning to take this opportunity today. After drinking with Dong Shan and getting the business done, I didn't even notice that the boss was actually very active in the store.

“Are you really the boss?” Song Ji asked cautiously.

“Of course it is true, you get out of me.” the boss said.

“Boss, I'm also a guest. Why do you let me get out, aren't you afraid that I will give your store a bad review?” Song Ji said that customers are God, and said nonchalantly.

The boss sneered. People who come here can be collectively called guests. But there are also differences between guests. For example, Song Ji and Tian Linger, can they be compared?

“Boy, you offend Miss Tian without looking too long, so get out quickly. Find a temple to pray and pray for yourself.” The boss said.

Miss Tian?

Song Ji tilted his head and glanced at Tian Linger. The young lady seemed to be very powerful this day. Even the boss gave her such a face, but she is so young, can she be so powerful?

day.....

Miss Tian.

A consciousness gradually formed in Song Ji's mind, guessing Tian Linger's identity.

In Basin City, is the person who can be called Miss Tian belong to the heaven?

Tian Linger!

Song Ji shook his head subconsciously, how could it be possible, how could Tian Linger come to eat in such a place, this is the eldest lady of the first-line family in Basin City.

But, Miss Tian, who even has such a face to her boss, besides Tian Linger, who else can there be?

Song Ji began to be frightened, his legs felt weak and his face pale.

Seeing the change in Song Ji's expression, George Han knew that he had guessed the identity of Tian Linger, and didn't know what this guy's mood is now. He should regret coming to trouble, right?

Chapter 309

Song Ji looked at Tian Linger, and then at George Han. How could this kind of dick know the eldest lady of the Heavenly Family? He still has a chance to survive, hoping that his guess is wrong, no The person offended Miss Tianjia, and his days in Basin City will be sad.

“What’s your name?” Tian Linger suddenly asked.

Song Ji felt like an electric current rushed through his body, instantly making his scalp numb, is Tian Linger going to check his details?

“God... Miss Tian. I’m sorry, I’m sorry, I didn’t know it was you who ate here.” Song Ji said grimly, his mind was blank, and he didn’t dare to think about the consequences of this incident.

“Am I just a dog in your mouth?” Tian Linger said lightly.

Puff!

Song Ji knelt directly in front of Tian Linger. He didn’t know Tian Linger’s identity just now, so he dared to say this, but now that he knew who the person in front of him was, he knelt down and apologized. Can’t think of other solutions.

“Miss Tian, it’s because I have eyes but no beads, I am blind, please forgive me.” Song Ji lowered his head and said.

“Since your dog eyes can’t see anything, what’s the use?” Tian Linger said coldly.

Song Ji trembled in his heart. He didn’t want to be blind, but he knew that if Tian Linger really wanted to do this, no one in Basin City would be able to stop it.

Bang, bang, bang!

Song Ji squatted his head and said: “Miss Tian, I was wrong, it was me who was damned, I was watching people through the door, please forgive me.”

Tian Linger glanced at George Han, and finally waited for the chance to have dinner with George Han. The atmosphere was destroyed by this inexplicable guy, but there was a remedy now. She didn't want to waste all time on Song Ji.

“Help me throw him out, and wait until I have eaten to settle this matter.” Tian Linger said to the boss.

The boss quickly responded and took Song Ji out.

Song Ji's mind was blank, as if his life had come to an end. Offending Tian Linger in Basin City was equivalent to offending Hades. He would never have the chance to live until the fifth watch.

At the entrance of the restaurant, the boss said: “If you want to run, you can, but you'd better be able to hide. I believe you should be very clear about Miss Tian's ability in Cloud City.”

After speaking, the boss returned to the restaurant, and he had to continue serving Tian Linger.

Where Song Ji dared to run, giving him a hundred bear-hearted leopards would not have the courage, and he knew very well that unless he left Basin City, he would never come back for the rest of his life, otherwise Tian Linger would find him sooner or later.

But everything about him is in Basin City, and if he leaves, he will have nothing.

Song Ji couldn't think of any other way to let Tian Linger let him go, so he could only kneel at the entrance of the restaurant.

He went to find trouble, taking advantage of Dong Shan's time to go to the bathroom. At this time, Dong Shan returned to her position and didn't see Song Ji, so he called Song Ji.

Knowing that Song Ji was at the door of the restaurant, Dong Shan found that he was actually kneeling when he walked to the door, which made Dong Shan very baffled.

"Song Ji, what's wrong with you, what are you doing here?" Dong Shan asked puzzledly.

Song Ji suddenly grabbed Dong Shan's hand and said, "Dong Shan, you help me and let George Han intercede for me."

Dong Shan was confused, Song Ji looked down on George Han very much. How could George Han intercede for him? And what is the matter of pleading?

Song Ji really looked down on George Han and regarded George Han as a dick. But now, he has no other way. Since George Han is a friend of Tian Linger, if he intercedes with him, it may be Can escape this disaster.

"What's wrong?" Dong Shan asked.

Song Ji told Dong Shan about the offense against Tian Linger. Dong Shan was shocked when she heard it, but her shock was based on George Han's knowledge of people like Tian Linger.

In Dong Shan's impression, George Han is a very low-key person. Dong Shan has asked countless times whether George Han has the same name or is the person in the legend, but it is because of George Han. Qian said few words, so she had been holding back without asking. This time George Han exposed things related to his identity in front of Dong Shan for the first time.

Tianjia, a first-line family that is out of reach for ordinary people, George Han is actually Tian Linger's friend!

"Go and say something nice for me, or I'll be over." Song Ji put all his hopes on Dong Shan. Because only George Han could change this matter.

Dong Shan took a deep breath. Such a big figure has been silently by her side all the time. This feeling is like meeting an emperor who visits Weifu privately. And he was so low-key that he never talked about these things, unlike Song Ji, who was just a Mercedes, he would show off the keys wherever he went.

From this point of view, George Han is much better than Song Ji, but Dong Shan knows that her boyfriend is Song Ji, not George Han, so even if George Han is excellent, it has nothing to do with her.

"You get up first, I'll help you to talk about it." Dong Shan said.

"Thank you. Thank you, Dong Shan, I can give you any gift you want." Song Ji said gratefully.

"You are my boyfriend. If I can help, how can I not help you." Dong Shan sighed.

Outside the box, the boss learned to be smart this time, instead of going to the back kitchen by himself, he waited until the waiter brought the dishes to the door before letting him in. Avoid people with short eyes rushing into the box to disturb Tian Linger eating.

This kind of thing happened once is enough. If it happens again, the boss is afraid that Tian Linger's anger will affect the fish pond and harm him.

"What are you doing?" Seeing Dong Shan, the boss directly blocked the door of the box.

“My friend is inside, I want to go in and say a few words to him.” Dong Shan said.

“Miss Tian is dining inside. If you are her friend, you can call her first.” The boss said.

Dong Shan smiled bitterly. How could she be qualified to be Tian Linger’s friend? If it weren’t for George Han, she would have never had the chance to come into contact with this kind of superior eldest lady.

“No, my friend is George Han.” Dong Shan said.

“Then I’m sorry, no one can go in without Miss Tian’s consent. If you don’t mind, you can wait at the door and wait until they finish eating.” The boss said firmly.

“Then... well, I’ll go to the door and wait.”

In the box. Tian Linger’s mood eased a bit, and the two chatted about loving home.

Tian Linger gradually realized George Han’s intentions, and said dissatisfied: “You are looking for me to eat today, maybe you just want Tianjia to donate your loving home.”

“Yes.” George Han said directly, playing tricks with Tian Linger was boring. And he is not such a person.

Tian Linger gritted his teeth and looked at George Han angrily, and said, “Can’t you sincerely invite me to dinner? It must have other purposes.”

“I’m very sincere about eating. This matter is just a casual mention. If you are willing to help, it is naturally good. If you don’t want to, I won’t force it.” George Han said.

“No help, the Su family is so great now. You go home and ask your wife for money.” Tian Linger said through gritted teeth.

George Han looked embarrassed and said: “I am eating soft rice now, if I still ask for money, it’s not very good.”

“What’s wrong, if you are willing to eat my soft rice, I can give you all the money.” Tian Linger looked directly at George Han’s eyes, these words can be said to express all her heart. It is equivalent to an alternative confession.

“I treat you as a very good sister.” George Han said, and sooner or later this matter must be made clear to Tian Linger. Since it is now an opportunity, there is no need to procrastinate, and this matter was in Yunding Mountain. George Han also said, but Tian Linger hasn’t given up yet.

Hearing these words, Tian Linger’s pupils were instantly covered with a layer of mist. This was the second time he was nakedly rejected. For a person who has never been in love, the shock can be imagined.

Miss Tianjia, people who pursue her are like crucian carp in the river, as long as she wants, she can find a good boyfriend at will, but she likes George Han, and she also confessed to George Han, but in the end, It is so.

Chapter 310

Tian Linger lowered her head, not wanting to be seen by George Han tearful of herself, her shoulders trembling slightly, her first voluntary confession was ruthlessly rejected, Miss Tian Jia's mood now is extremely bad.

George Han sighed. Tian Linger is a very good girl, and she doesn't have a princess stinky temper at all, which is very rare for her birth. It's a pity that this love is not something he can endure. No matter any woman, it is impossible to replace Amelia Su's position in George Han's mind, and he will never do anything to betray Amelia Su.

There was silence in the box for a long time, and Tian Linger with his red eyes wiped away tears and raised his head, and said, "Give me some time, I will treat you like a brother."

This is a necessary process, so George Han won't feel distressed, and indecision will only make Tian Linger sink deeper.

"Even as a brother. I can protect you. If anyone dares to bully you in the future, tell me, I will help you." George Han said.

Tian Linger breathed out a bad breath and said: "I have a question that I don't understand."

"Why am I willing to stay at Su's house? Why do I suffer all the insults. Still like Amelia Su?" George Han said.

"En." Tian Linger nodded. This is something she has always been very curious about. As a man and such an excellent man, how could George Han be willing to stay in Su's house and suffer humiliation? With his ability, even if he left the Su family, he would definitely be able to achieve success. It was perhaps only a matter of time before he could get rid of the three words of uselessness.

“The only thing outsiders can see is that I was looked down upon at the Su’s house and was scolded as a waste, but you didn’t know that because of my admission, Amelia Su also received a lot of insults and blindfolded. For more than three years, I endured it. Infamous, isn’t she?” George Han said, and all the original jokes appeared in his mind. Everyone was watching Amelia Su’s jokes. Everyone regarded the wedding as a topic of ridicule. Amelia Su was under pressure. , More and bigger than him.

Since Amelia Su can bear it, why can’t he?

“Does Amelia Su like you too?” Tian Linger continued to ask.

This question made George Han smile unconsciously on his face. He was not sure to answer this question before, but now. He has absolute self-confidence, Amelia Su not only likes him, but also loves him.

“No need to answer, look at your proud expression, you can’t even cover up.” Tian Linger said disdainfully.

George Han smiled and said: “My relationship with her is getting better and better, and the success of the revolution is just around the corner.”

Tian Linger is like a deflated balloon. She knows that she will definitely not have any hope, because she can feel George Han’s love for Amelia Su, and now Amelia Su is also in love with George Han, the two people who are in love, and How could it be separated because of her.

“It seems that I can only be your sister.” Tian Linger said.

“It’s okay to be a sister.” George Han smiled.

“You said that you want to protect me. I will remember these words for a lifetime.” Tian Linger looked at George Han sincerely.

George Han also responded with a sincere expression, saying: “What I have said, I will definitely do it. If anyone bullies you, I will definitely help you out. Even if it is Da Luo Jinxian, I can break his gold. body.”

“You can blow it hard, if there is a big Luo Jinxian, slap you to death.” Tian Linger glared at George Han and said, his mood eased, but his feelings for George Han. It will probably take some time to digest the changes. After all, she has been in unrequited love for so long, and it is impossible to change immediately.

“This... the matter of loving home, do you want to think about it?” George Han said with a smile.

“Does your family have no money? Why do you have to pull me up.” Tian Linger glared at George Han. With the current financial resources of the Su family’s company, what is a caring home?

“This matter is not just about money. I want to let more people pay attention to this matter through the influence of the Heavenly Family in Cloud City. After all, those children in the Love Homeland will face a new social life in the future. The family pays attention to them, and the society of Basin City is also easier to accept them.” George Han said, this is the reason why he is looking for Tian Linger, money is such a small trouble, why bother to do so, after all, he is not short of money. the Lord.

“Unexpectedly, you have already begun to plan ahead, are you true love or fake love?” Tian Linger questioned.

“Regardless of whether it is true or not. I just want to do what I can to help them.” George Han said sincerely.

Tian Linger sighed again in his heart, such a kind and excellent man can only be her brother.

“Alright, I will go back and tell my grandpa and dad. Tianjia will do charity every year to enhance the brand effect in Basin City. This matter can also gain a good reputation for Tianjia. They should not object.” Tian Linger said.

“My good sister, brother toasts you a cup.” George Han said, raising his teacup.

Tian Linger pouted, unwillingly picked up the tea cup and touched George Han.

After they ate and drank enough, they walked to the door of the restaurant and saw Dong Shan and Song Ji who had been waiting for a long time.

Song Ji lowered his head, his face was ugly, he didn't have the arrogance that he had before. He figured it out clearly. The words of George Han in Aixinjiayuan may not be bragging. If he were an ordinary person, how could he have known a big person like Tian Linger?

Dong Shan felt that George Han suddenly had a strange feeling. This was the first time she felt that George Han was different.

“George Han, Song Ji has already told me what happened just now, and I want to help him plead.” Dong Shan said directly without circumstance.

George Han glanced at Song Ji. Although he didn't like this guy, he didn't have to play him to death, but Song Ji didn't offend him, but Tian Linger.

“Dong Shan, I can't do this. The person he offended is not me.” George Han said.

Dong Shan looked ugly and lowered her head. If George Han didn't help, she would have nothing to do.

“Tian Linger, or else, don't you care about this kind of little person. How do you say it's also Miss Tian Jia, wasting energy with such a little character, doesn't it

mean that your identity as Miss Tian Jia is lowered?” George Han Said to Tian Linger with a smile.

“Don’t you say that you want to protect me when you are my brother? I was scolded as a dog, and you didn’t help me?” Tian Linger raised his head and said dissatisfied.

George Han was stunned. This little Nizi was quick to use it. It seems that he, the older brother, really can’t do nothing.

Walking to Song Ji, George Han said lightly: “A mistake was made. It’s natural to pay a price?”

Song Ji nodded repeatedly, just about to speak, when suddenly he felt a huge force coming from his lower abdomen, and his whole body flew backwards, losing his center of gravity. He fell heavily to the ground, his face full of pain.

“From now on, keep your eyes open and stop messing with my sister, or I will play you to death.” George Han threatened.

Song Ji burst into cold sweat from the pain, and said, “Yes. I...I know.”

George Han clapped his hands, turned his head and said to Tian Linger: “How about it, are you satisfied?”

Tian Linger said disgustingly: “It’s okay, as the brother, send my sister home. Do you have any opinions?”

“Of course not.” George Han smiled bitterly. Last time she threw Tian Linger on the side of the road, this little Nizi still remembered her grudge.

Seeing George Han walking onto Lamborghini, Song Ji cried and laughed. He went to take photos when he was in Love Homeland. He didn’t expect this car to

be George Han's. Now recall the picture of himself showing off his Mercedes-Benz keys. Song Ji couldn't help blushing.

People who drive Lamborghini are so low-key, and he is a broken Mercedes, and he can't wait to hold the key in his hand at any time for everyone to see. This is the gap.

"Are you all right." Dong Shan walked to Song Ji's side and asked with her arm.

Song Ji shook his head, looked at the direction Lamborghini was leaving, and said, "Who is this George Han? Could it be possible that besides the useless person in Basin City, there is such a powerful character named George Han?"

Dong Shan's face was confused, she felt that this was the same person, but the image gap was too big, which made her a little bit unbelievable.

One is a wasteful person who is burdened by the infamy of the whole city, and the other is to meet Miss Tianjia and drive a Lamborghini. Is it possible that the two are the same?
